INFORMATION AND INSTRUCTIONS FOR THE INTERNATIONAL STUDENT APPLICANT

| | |
|--|--|
| <i>FALL TERM APPLICATION DEADLINE: JULY 1</i> | <i>SPRING TERM APPLICATION DEADLINE: NOVEMBER 1</i> |
|--|--|

The application packet contains information regarding the application process. The required forms for admission to Pensacola State College are included in this packet. Please review this information and all documents in this packet before submitting your application.

Pensacola State College is a state college approved to admit international students pursuing the associate degree. Pensacola State offers programs leading to the Associate in Arts degree and the Associate in Science degree. The College Catalog, available on the web site, should be reviewed for information regarding specific programs of study.

Pensacola State College does not offer an intensive English language program, and international students seeking admission must be proficient in the English language prior to admission. Language proficiency is documented by the Test of English as a Foreign Language (TOEFL). See TOEFL information on Page 3.

Application for Admission

The forms to be used for admission are included in this packet.

Application Fee

The application fee is \$30 and must be paid in US dollars by money order or cashier's check. The application fee is non-refundable.

Confidential Financial Statement

The financial statement is enclosed and includes a requirement for financial verification (see next). Do not submit the application without this required information.

Financial Verification

The applicant must submit documentation that verifies the availability of the funds indicated on the Confidential Financial Statement. Acceptable documentation includes the following:

- A statement from a financial institution with whom the applicant or the applicant's sponsor has deposited funds or maintained accounts
- Evidence in the form of bank statements, etc., showing that adequate funds are available
- Other documentation that the applicant feels will substantiate financial capability during enrollment at Pensacola State College.

School Records

- High school (secondary) records: The official school record must be sent directly from the educational institution (school) to the Office of Admissions and Records at Pensacola State College. Copies received from applicants will not be considered official. If the transcript is not in English, a professional translator must translate the school record into English.
- College/university records (from abroad): If you have earned college or university credit in your home country or any country outside of the United States, you may be able to apply this credit to your enrollment record at Pensacola State College. The College does not evaluate credit earned abroad but will accept the recommendations of a professional credentials evaluation service. See listing of services included in this packet.
- College/university records (in the United States): If you have earned college or university credit at a regionally accredited institution in the United States, the official transcript will be required and must be sent directly to the Office of Admissions and Records from the issuing institution.

Transfer

If you are currently an F-1 Student Visa holder and authorized for enrollment at another college or university in the United States, you must complete the application to Pensacola State College. Additionally, your previous school must verify your status during enrollment and release you for studies at Pensacola State College. The required Transfer Form is included in this packet and must be completed by the Designated School Official (or international student advisor) at your current school. Acceptance as a transfer student at Pensacola State College will not be finalized without this required document. **Pensacola State College will not admit a student whose SEVIS record has been terminated at another college/university.**

Test of English as a Foreign Language (TOEFL)

The Test of English as a Foreign Language (TOEFL) is required of all international student applicants whose native language is not English. A score of 500 on the handwritten exam, a score of 173 on the computer-based exam, or a score of 61 on the internet-based exam is required. Non-English speakers who have not taken the TOEFL should not apply. Exceptions to the minimum requirement are not made.

To have an official TOEFL Score Report sent to Pensacola State College, please use the Institution Code Number of 5535 when taking the examination or when requesting an official TOEFL Score Report. Photocopies of score reports or the score report sent to the applicant will not be accepted.

Information regarding TOEFL testing procedures, costs, testing dates, and locations may be obtained directly from the Educational Testing Service (ETS). Please consult the ETS web site (URL provided below). Pensacola State College does not administer the TOEFL.

www.ets.org/toefl/ibt/register/centers_dates

Pensacola State College does not offer an intensive language program for TOEFL preparation.

Other Language Proficiency Measures

Applicants who have attended an ELS Center and completed an intensive language program through Level 109 may be considered without the TOEFL. An official transcript indicating this level of completion must be sent directly from the ELS Center.

Applicants who have satisfactorily completed high school or college/university studies in the United States with English as the language of instruction may be considered without the TOEFL. An official transcript indicating coursework in English with satisfactory grades must be sent directly from the institution.

Fees and Expenses

Pensacola State College **estimates** the minimum annual expenses of the international student as follows:

| | |
|-----------------------|--------------|
| Tuition and fees | \$ 11,000 |
| Living expenses | 12,000 |
| Books, supplies, etc. | <u>2,000</u> |
| TOTAL annual estimate | \$ 25,000 |

Enrollment Requirements

International students are required to enroll as full-time students (at least 12 credit hours) during the fall and spring semesters. Summer enrollment is optional. The College is required to report international students who do not comply with this requirement. Additionally, international students who do not maintain full-time enrollment may be denied enrollment in subsequent semesters.

Health Insurance

International students are required to have a health/hospitalization insurance policy that is valid in the United States. For the international student who does not have a policy in the home country that provides coverage in the United States, obtaining a health insurance policy in the United States will be required. Insurance may be obtained after arrival in the United States. However, no registration will be permitted until verification of health insurance coverage is provided. Pensacola State College does not offer a student insurance program.

Financial Assistance

In all instances, federal financial assistance is not available to international students. In most cases, other forms of financial assistance are not available to international students. Applicants should not plan to attend Pensacola State College unless sufficient funds are available for tuition and living expenses.

Employment

International students may be employed as student assistants and work on campus for no more than 20 hours per week. However, because the availability of these jobs is limited, the international student should not plan on obtaining an on-campus job. Off-campus employment is rarely permitted and requires Immigration approval.

The Immigration Form I-20

Once an applicant has submitted all the required documents for admission and a determination of eligibility has been made, Pensacola State College will issue the Immigration Form I-20. The Form I-20 is used to obtain the F-1 Student Visa. The Immigration Form I-20 will not and cannot be issued until all admissions requirements are met. Once the applicant has received the Immigration Form I-20, he or she is responsible for scheduling an appointment with the Embassy in his or her home country for the purposes of obtaining the F-1 Student Visa.

The F-1 Student Visa

Applicants should not travel to the United States unless the Form I-20 has been issued by Pensacola State College, and the F-1 Student Visa has been obtained. An individual who is currently in the United States with a tourist/visitor visa may have difficulty changing status from tourist to student and may be required to return to his or her home country to process the change. The College will assist the student in filing for a change of status, but registration will not be permitted until the status change has been approved. An individual in the country on a tourist visa will not be permitted to register for classes.

International Student Reporting

Pensacola State College is required to maintain records of all international students attending classes on our campuses. Failure to comply with the regulations established by Homeland Security will be reported immediately.

Note: Financial verification must be submitted with this form. See next page for detailed information regarding this requirement.

FINANCIAL VERIFICATION

The applicant must submit the Confidential Financial Statement (preceding page) and an independent certification from a financial institution with which the applicant or the applicant's sponsor has deposited funds or maintained accounts.

On letterhead stationery, the financial institution should provide an indication of the available funds for the support of the international student applicant. Comments regarding the ability of the applicant or the applicant's sponsor to provide the necessary funding for living expenses and educational costs will be appreciated.

All monetary amounts referring to available funds and average balances in accounts must be indicated in US dollars.

The official and written verification is to be attached to the application.

If the applicant will be attending Pensacola State College on a scholarship or by an educational loan in the applicant's home country, the sponsoring agency must provide a letter of authorization or commitment. The letter must include (1) all amounts in US dollars, (2) an indication of the duration of the scholarship or loan, (3) the conditions for maintaining the scholarship or loan, and (4) the method of payment to Pensacola State College.

If a friend or relative residing in the Pensacola area will provide the student housing, a statement from the individual providing the housing must be submitted. This will reduce the amount of funds that must be documented for living expenses.

RELEASE OF INFORMATION

If the person providing financial support for your studies at Pensacola State College will be requesting information from the College regarding your progress, your permission to release the information is required. Please provide the RELEASE OF INFORMATION form to your parents or sponsors so they understand the requirements for the release of your enrollment information.

CREDENTIALS EVALUATION SERVICES

Students who wish to receive credit for college-level courses completed at institutions outside of the United States must purchase the services of a credentials evaluation service for recommendations of the courses completed. The report to be requested is the course-by-course evaluation. International students are not required to follow this process, but the process must be followed if credit is requested. The College is not involved in the request for these services or the payment required by the service. Below is a listing of those services we will accept, and the services of the two in bold font have provided excellent reports for our students. Contact Susan Desbrow at (850) 484-1605 or sdesbrow@pensacolastate.edu if you have any questions regarding this process.
