## WELCOME MESSAGE

Welcome to Pensacola State College. Whether you have already decided on a program or are still considering the options, you will find that our college offers award-winning faculty and staff who are concerned with promoting students' academic and career success. Research tells us that Pensacola State College transfer students do as well as, or better than, students who begin at a university and that career program graduates find success in their fields.

Our faculty and staff put student service and satisfaction first. Student success is the priority on all campuses and in all departments from Student Services to Financial Aid to the Pensacola State College Foundation Universal Scholarship fund, which awards more than \$300,000 annually to students needing help with tuition and books. Tutors are available in most subjects; and students with documented disabilities may arrange for support services.

Smaller class sizes offer faculty a level of personalized instruction that cannot be found at larger institutions. Reasonable tuition rates ensure an affordable education for members of our community. At Pensacola State, we keep our tuition low and our value high, because we believe financial need should never keep someone from receiving a quality education and the promise of a bright future.

While Pensacola State College is no longer by name a community college, we are a college of the community. Our college is continuously building a stronger Pensacola region by recognizing and reacting to the needs of the people and places we serve. Consider our corporate and professional training, adult and secondary education programs, technical and career programs, university transfer associate degrees, our own bachelor degree programs and community outreach as examples of our commitment to offering award-winning comprehensive programs and services to the community we serve.

We offer educational experiences that will set the groundwork for your future. Making the decision to attend college is a big step for students of any age, but it's a great step in the right direction. We invite you to visit one of our campuses or explore your opportunities on our website. Our faculty and staff look forward to helping you achieve your educational goals at Pensacola State College.

Sincerely,

A handwritten signature in black ink, which appears to read "Edward Meadows". The signature is stylized and cursive.

Edward Meadows  
President

## **NOTICE REGARDING CHANGES TO POLICIES**

The provisions of this publication are not to be construed as a contract between the student and Pensacola State College. The College reserves the right to change any provision or requirement when such action becomes necessary. Students are advised to work closely with the counselors/advisors to verify the appropriateness of the courses for which they register.

Students are expected to familiarize themselves with all rules and regulations of the College, including official announcements listed in the Class Schedule Booklet. Students will be held responsible for the observance of all rules and regulations.

---

## **EQUAL ACCESS/EQUAL OPPORTUNITY**

Without regard to race, color, sex, creed, age, religion, marital status, national origin, or disability, Pensacola State College commits to the following:

1. Pensacola State College is an equal access/equal opportunity employer and shall recruit, employ, evaluate, assign, promote, or dismiss employees in compliance with all federal and state legislation pertaining to non-discrimination.
2. The College shall provide equal educational opportunities to prospective and enrolled students to include recruitment, admission, programs and activities, facilities, counseling and testing, financial assistance, evaluation, dismissal, graduation, and placement.
3. The equal opportunity principle applies to students, applicants for admission, applicants for employment, employees, veterans, and otherwise qualified disabled persons with regard to employment, the delivery of educational programs and services, and all other appropriate areas in which the College is involved.
4. The College prohibits racial, ethnic, religious, physical, and sexual harassment of its employees and students. Furthermore, the College prohibits discrimination and retaliation of any kind, including discrimination based on sexual orientation or genetic information, and discrimination based upon religion and assures reasonable accommodation of religious observances, practices, and beliefs of individual students and employees in regard to admission, class attendance, scheduling of examinations, and work assignments.

Pensacola State College is in compliance with the Americans with Disabilities Act of 1990, Title VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination in Employment Act of 1967, and the Genetic Nondiscrimination Information Act (GINA) of 2008.

Inquiries or complaints may be addressed to Dr. Gael Frazer, Associate Vice President, Institutional Diversity, at (850) 484-1759, Pensacola campus, Administration Building 7, room 705.

# THE COLLEGE

## MISSION STATEMENT

Pensacola State College, under the governance of a local Board of Trustees, is one of 28 public colleges in the Florida College System committed to affordable, open access to educational opportunities. The college offers associate and baccalaureate degrees, career oriented certificates, college prep, adult education, GED prep, and standard high school diplomas. In addition, the college provides specialized business and industry training, recreation and leisure courses, and community outreach and services. Pensacola State College is dedicated to maximizing educational opportunities, through a variety of delivery methods that develop the academic, career, personal, and aesthetic capabilities of individuals for the benefit of themselves and the global community.

## VISION STATEMENT

The vision of Pensacola State College is to be the premier state college in the region. Transitioning to state college status in the Florida College System is essential to responding effectively to local, regional, state, national, and global educational and employment opportunities and demands. We will strategically contribute to the region's long-term intellectual and economic potential through innovative and affordable means to maximize student success and workforce productivity.

As a state college, we will further enhance our reputation and image as an institution of higher education that promotes and develops all students intellectually, socially and culturally, propelling them to succeed within the global community.

## COLLEGE INSTITUTIONAL PRIORITIES

1. Enhance internal and external partnerships to further develop capabilities to better serve students and the community.
2. Invest in people by:
  - a. Improving evaluation processes and professional development opportunities
  - b. Improving reward and recognition systems
  - c. Formally celebrate achievement and productivity
3. Enhance the quality of instructional programs and services by:
  - a. Improving student learning;
  - b. Improving student retention;
  - c. Improving student completion of educational career goals; and
  - d. Improving satisfaction in all aspects of the student experience at Pensacola State College.
4. Develop systems and processes for continuous improvement and quality enhancement.
5. Assure that existing and developing technologies are fully and effectively applied to the advancement of the instructional, student support, and administrative functions of the college.
6. Seek new financial resources for the college and college foundations to maximize financial assistance for students and also assure the long-term health of Pensacola State College.
7. Ensure that existing resources are effectively utilized through improved efficiencies.
8. Redesign existing facilities and acquire resources to construct new facilities to better support learning and to better meet the changing demographics of the college service area.
9. Seek increased diversity and promote a campus climate where the principles of affirmative action, equal opportunity, and multiculturalism are truly valued.
10. Enhance and develop continuing Workforce Education (CWE) programs, continuing education, and other non-credit programs.
11. Increase student and client satisfaction by focusing on customer service, campus safety, campus beautification, use of technology, program evaluation, program development, and institutional effectiveness processes.
12. Market the college and programs of the college through current and emerging media conduits.
13. Increase access of services and programs to residents of the college service area.
14. Improve communication and information sharing between faculty, staff, students, and the general public.
15. Continue and enhance the college's commitment of creating opportunity for success in an atmosphere of concern, respect, integrity, and responsibility for students, clients, and employees.

## PENSACOLA STATE COLLEGE DISTRICT

Pensacola State College serves Escambia and Santa Rosa counties in Florida and surrounding Alabama communities. Population of the two-county area is nearly 450,000. The area is best known for its sugar white beaches, historical significance, and military installations which host the world famous Blue Angels flight demonstration team and the National Museum of Naval Aviation.

## FACULTY

Pensacola State College is proud of its highly qualified faculty. Typical preparation of the academic teacher consists of graduate work beyond the master's degree. Many faculty members hold doctorates. Vocational teachers are trained specialists whose thorough knowledge of the occupation comes from both formal study and career experience.

Recognizing that Pensacola State College students come primarily from the local community, the faculty is drawn from across the nation and from more than 100 colleges and universities to broaden the scope of instruction.

Pensacola State College faculty members hold positions on boards and commissions, and belong to professional or scholarly organizations. Many are engaged in research and have authored articles, monographs and textbooks.

In 1986, Pensacola State College established the Academy of Teaching Excellence to recognize outstanding faculty. Each year, five full-time teachers and one adjunct are inducted into the Academy and one outstanding new faculty member is honored.

Pensacola State College faculty also benefit from a growing number of endowed teaching chairs that are supported by private contributions to provide travel and research opportunities beyond that which the college can fund.

## PENSACOLA STATE COLLEGE FOUNDATION, INC.

The Pensacola State College Foundation, Inc. is a private, non-profit corporation that has been established to encourage, solicit, receive and administer gifts and bequests of property and funds for benefit of the college and college activities. The Pensacola State College Foundation is administered by a board of governors made up of members of the community who have an interest in the college.

The Pensacola State College Foundation promotes the annual giving program of the college and solicits funds for various projects which the college cannot otherwise fund. In addition, donations are sought for scholarships and other worthwhile projects which assist the college and its students.

As a tax-assisted institution, Pensacola State College cannot meet all needs with state and student support. The Pensacola State College Foundation assists in obtaining private support to supplement college budgets. The Pensacola State College Foundation is a 501(c)3 tax deductible non-profit corporation and a direct support organization chartered by the state of Florida to provide private support to the college.

The Board of Governors of the Pensacola State College Foundation meets quarterly and holds an annual meeting to elect new governors.

## HISTORY

### 1948 – 1954, Director James L. McCord

Pensacola State College began as Pensacola Junior College, Florida's first public junior college to be established under the Minimum Foundation Program law, in 1947. This law recommended that junior colleges become part of local school systems supported by government funding.

In this history narrative, the college will be referred to as Pensacola Junior College from 1948 to 2010 and thereafter as Pensacola State College.

With pioneer spirit, Pensacola High School Principal James L. McCord, Dean Jesse Barfield, and teacher Margaret Andrus completed the documents for a new junior college and wrote PJC's first college catalog.

James H. Allen, president of Florida Pulp and Paper Company, contributed two years' rent for a boarding house at the southeast corner of Palafox and Cervantes streets. Pensacola Junior College held its first class there on Sept. 13, 1948 with an enrollment of 136 students and James L. McCord as the first director.

Louis A. Ross, social science instructor, headed PJC's first basketball team in 1949 and the first baseball team in 1951. During 1949-50, the first student newspaper, *The Beachcomber*, and the first yearbook, *The Tide*, were introduced.

Due to increasing enrollment, the college moved one block south on Palafox Street to the former Pensacola High School facility in June 1953.

### 1954 – 1963, President Henry L. Ashmore

Henry L. Ashmore, became Pensacola Junior College's first president in 1954. A well-known consultant in the field of teacher training, Ashmore held a doctorate from the University of Florida and served as the regional director for the National Association of Student Teaching.

In January 1955, the PJC Alumni Association was chartered and Joe Frosio, a 1950 graduate, was the first president.

On May 13, 1955, Florida Governor LeRoy Collins signed a bill appropriating \$1,243,000 to the college for building improvement.

The Pensacola Kiwanis Club had supported the bill and recommended a new campus location — the 80-acre Camp Franklin property on 9th Avenue, owned by the City of Pensacola and the Baars Estate.

Enrollment for 1955-56 totaled 1,147 students. The college faculty had expanded accordingly and the weekly employee newsletter, *Green & White*, was initiated in 1955 to facilitate internal communication. The name of the student newspaper changed from *The Beachcomber* to *The Corsair*.

Accreditation was granted by the Southern Association of Colleges and Secondary Schools in December 1956.

Students attended classes on the new 9th Avenue campus for the first time in September 1957.

In 1958, PJC began its second decade by introducing a two-year nursing program — the first of its kind in the Southeast. The nursing program began as a joint venture with Baptist Hospital.

Lyceum, PJC's cultural enrichment program, also began in 1958. Created by John T. Venettozzi, Fine Arts and Humanities chair, Lyceum brings nationally known speakers, musicians and artists to the college.

The Student Union for Good Government and Greek organizations emerged during the early 1960s. In 1960, Delta Chi Omega became PJC's first sorority and in 1961, Delta Kappa Alpha became the first fraternity. Instructional television came to PJC in 1961. Closed-circuit broadcasting to PJC classrooms and selected public schools began in 1962.

PJC became one of three colleges in the state to establish a dental hygiene program in 1962.

In 1963, President Ashmore accepted the presidency at Armstrong State College in Savannah, Ga.

### 1964 – 1980, President T. Felton Harrison

On July 1, 1964, T. Felton Harrison assumed the presidency. He had served as dean of instruction at PJC since 1957.

In 1964, the new Center for Adult Studies became home to Adult High School and PJC's vocational and technical education programs.

The area's first planetarium open to the public and a dental health clinic were included in an addition to the Mary Ellison Baars Science Building in 1965.

Expansion continued in 1965 with the opening of a new Educational Television Building. Lauded as the finest facility of its kind in the South, the new ETV Building housed two large television studios for closed-circuit television and a television station.

In September 1967, WSRE-TV Channel 23 went on the air open-circuit, beaming enrichment and college credit programs to the community.

The PJC Foundation was incorporated on Nov. 1, 1965 with Crawford Rainwater as the first president.

President Harrison spearheaded the merger of PJC with Booker T. Washington Junior College in 1965. WJC was the first black junior college built in Florida and had served the black community since 1949.

WJC President Garrett T. Wiggins joined the PJC administration as director of research. The merger brought approximately 200 black students to the PJC campus.

The Triple G Club was founded in 1968. It was later renamed the Black Student Union.

The Florida legislature passed a bill in 1968 changing authority over community colleges from local boards of advisors who reported to county school boards to local boards of trustees who reported to the State Board of Education.

PJC's former advisory committee became the District Board of Trustees, the governing body of the college. The district was defined as including Escambia and Santa Rosa counties.

Pensacola Junior College's first District Board of Trustees included James Lay, chairman, and members: Leonard Wolf, O.M. Carter, H.T. Woodruff, Mrs. E.J. Moore, Shelby Walter, Warren Briggs, Dr. S.W. Boyd and Earle Bowden.

In 1971, PJC's Milton Center was created to better serve Santa Rosa County. Classes were held in the former Canal Street School in Downtown Milton with William H. Massey as the Milton Center's first director.

WSRE began broadcasting in color in 1971.

In 1973, PJC celebrated its silver anniversary and dedicated a new \$1 million Career Development Center that provided free services to more than 22,000 people each year.

Women were welcomed to varsity sports in 1974 and Joy DeSensi was hired part-time to coach the Lady Pirates basketball team.

In 1975, a \$1 million Learning Resources Center with state-of-the-art technology opened on the Pensacola campus.

A new campus in Warrington opened for classes on Aug. 22, 1977. The \$8 million facility was built on 164.7 acres donated by the U.S. Government. Gaspare Tamburello, the college's Veterans Affairs director and a retired U.S. Navy captain, was instrumental in acquiring this land.

John T. Venettozzi spearheaded the construction of the Warrington campus and became its first provost.

In February 1980, President Harrison announced plans for retirement.

### 1980 – 1997, President Horace "Ed" Hartsell

Following a national search, Horace "Ed" Hartsell became Pensacola Junior College's third president in May 1980. Hartsell had been president of East Arkansas Community College in Forrest City.

Doug Worley, dean of Personnel Affairs, was selected as director of the Milton Center in 1980 and named provost later that year.

In 1981, PJC began an academic honors program featuring small classes and challenging material.

In December 1981, PJC opened a center at Naval Air Station Pensacola, offering daytime and evening classes to both military and civilian personnel. David Sutton served as NAS Center director from its inception through 2005.

A pristine 80-acre site along Highway 90 was purchased for the new Milton Center in 1982. Designed to preserve its natural environment, the Milton Center opened for classes in January 1985 and offered new programs in horticulture and wildlife ecology. Phase II was completed in 1986.

In 1984, J.C. Thedford became the first provost of the Pensacola campus. The following year, Thedford became provost of community programs and Richard Bedics became provost of the Pensacola campus.

In 1985, the Lady Pirates won the FCCAA State Basketball Championship and Coach Vicki Carson was named FCCAA Coach of the Year. Carson had been selected as the first full-time coach for women's basketball in 1980.

The Academy of Teaching Excellence was established in 1986 by Charles Atwell, executive vice president. Each year the Academy recognizes outstanding faculty who have exhibited excellence in teaching for a number of years.

In 1988, Coach Mary Bailey led the Lady Pirates slow-pitch softball team to the NJCAA Division I National Championship. Bailey had been softball coach since the Lady Pirates team formed in 1981.

In 1989, PJC opened a Downtown Center in the Blount Building, offering courses geared for working adults and the local business community. Continued growth prompted the move to a permanent, 4-story facility on West Garden Street in 1996.

PJC honored its first president by naming the extensively renovated Building 8 as the Henry L. Ashmore Fine Arts Center in May 1990. The 314-seat auditorium and adjoining classrooms were originally constructed during Ashmore's tenure.

The Baroco Center for Science and Advanced Technology was dedicated in October 1990. The 125,000-square-foot center provided the latest in science, math, computer science and advanced technology programs and houses a high-tech planetarium.

1993 was a banner year for Pirate sports with two national championships. The Pirates basketball team, under Coach Bob Marlin, became the first Florida team to win the NJCAA Division I National Championship in basketball.

The Pirates golf team, under Coach Jim Donovan, won the NJCAA Division II National Championship that same year.

The Kugelman Center for Telecommunications opened in 1994 to house WSRE-TV. The \$7 million, 43,000-square-foot facility is home to the area's first digital television station.

The \$5 million LIFE Center sports complex at the Milton Center was dedicated in 1995.

President Hartsell and the District Board of Trustees began a program in 1995 to acquire land adjacent to the Pensacola campus for college expansion and growth.

PJC's Milton Center became the site for the University of Florida's West Florida Research and Education Center in 1996. Students earn bachelor's degrees in Natural Resource Conservation or Environmental Horticulture, taking all upper level courses locally.

In 1997, President Hartsell and the District Board of Trustees announced plans for an 80-foot bell tower on the Pensacola campus as part of PJC's 50th anniversary celebration. The carillon was named for M.J. Menge, a 1956 PJC graduate and the college's general counsel for 31 years.

1997 also marked the beginning of PJC's fourth presidential search as President Hartsell began plans for retirement in 1998.

#### 1998–2002, President Charles A. Atwell

Following a national search, Charles A. Atwell became Pensacola Junior College's fourth president. His inauguration coincided with PJC's 50th anniversary on Sept. 8, 1998. Atwell had served as the college's executive vice president since 1986.

Women's volleyball began in fall 1998 with Kim Hollon coaching. The next year, PJC alum Pete Pena took over as volleyball coach.

In December 1998, the PJC Foundation launched the college's first capital campaign. The lead gift of \$1 million from the Switzer and Reilly families established the Anna Lamar Switzer Center for Visual Arts. The campaign exceeded its goal, reaching more than \$5 million. Nearly 750 individuals, organizations and businesses participated in the fund drive, including more than 300 PJC faculty and staff.

PJC's first Endowed Teaching Chair, named in honor of Margaret Moore Nickelsen, was awarded to Lou Fazio, dental health professor, in 1999.

During 1999-2000, PJC served 30,742 students in both college credit and non-credit courses including those offered through dual

enrollment at area high schools.

The Sandra and Grover Robinson III Honors Program began in August 2000 with 42 Robinson Scholars.

In fall 2000, a student ambassador program was initiated to help increase student recruitment and retention.

Construction for the Warrington campus Health Sciences Complex and the Anna Lamar Switzer Center for Visual Arts began in January 2001. The first Anna Lamar Switzer Endowed Teaching Chair was awarded to photography professor Warren Thompson.

In celebration of Community College Month 2001, PJC began a "Legends" program honoring employees who had served 25 years or more.

On July 3, 2001, WSRE became the second public broadcaster in Florida, to air a digital signal. The station initiated a capital campaign in 2002 with a goal of \$2 million to complete the digital conversion.

Former First Lady Barbara Bush visited PJC in February 2002 to help the Foundation launch the Universal Scholarship and Adult Literacy Fund.

The 2002 Pirates baseball team enjoyed renovated facilities and placed third in the State Baseball Tournament, setting a team record of 39 wins.

2001-02 was a banner year for Lady Pirates. The volleyball team won the Panhandle Conference championship, the softball team was voted Academic Team of the Year in the Panhandle Conference, and Coach Vicki Carson earned her 400th win in women's basketball.

In 2002, the Anna Lamar Switzer Center for Visual Arts held a grand opening, and the Charles A. Atwell Health Sciences Complex was dedicated.

For the first time, the Foundation presented Governor Emeritus awards to Wayne Peacock and Jim Stolhanske in 2002.

President Atwell announced plans for retirement in 2002.

#### 2002 – 2008, President G. Thomas Delaino

Following a national search, G. Thomas Delaino became Pensacola Junior College's fifth president on Sept. 18, 2002. Delaino had served as senior vice president and vice president for planning and administration at the college since 1993.

In 2003, Gael Frazer became the first associate vice president for Institutional Diversity.

The Pirate baseball team won the State Championship and Coach Bill Hamilton was named Coach of the Year in May 2004. This was the first state title for Pirates baseball since it began in 1951.

Category 3 Hurricane Ivan devastated the area in September 2004 leaving more than \$10 million in damage to the college's three campuses, Downtown Center and NAS Center.

U.S. President George W. Bush held a town hall meeting at the college in March 2005.

Lady Pirates' basketball coach Vicki Carson won her 500th game in January 2005. At the end of the season, Carson retired from 25 years of coaching with 515 wins, the most wins in FCCAA history. Chanda Rigby was named new head coach for women's basketball.

In February 2005, the Garrett T. Wiggins Student Affairs Complex was dedicated in honor of Wiggins, who was president of Booker T. Washington Junior College when it merged with PJC in 1965.

In March 2005, the 16,257 square-foot Jean and Paul Amos Performance Studio was dedicated with several Public Broadcasting celebrities attending the weekend event at WSRE.

A new student literary magazine, Issue, debuted in June 2005 with Marzia Accardo as the first editor.

Green & White, the official internal weekly newsletter established in 1955, went to solely electronic publications with the July 18, 2005 issue.

Beginning August 2005, PJC's academic calendar changed to three full semesters — fall, spring and summer — with each offering four sessions with different starting and/or ending dates.

PJC participated in the first nation-wide observation of Constitution Day on Sept. 22, 2005 with speakers and free copies of the U.S. Constitution.

The Foundation celebrated its 40th Anniversary in 2005 by honoring the six visionary businessmen who launched it in 1965 — Crawford Rainwater Sr., E.W. Hopkins, M.J. Menge, Warren Briggs Sr., Howard Rein, and Gaspare Tamburello.

Partnering with Habitat for Humanity, the college began a carpentry program in May 2006 giving students experience by building local Habitat homes.

The 2006 FCCAA Hall of Fame inducted Ken McAferty, the college's brain bowl coach for 23 years, and Vicki Carson, women's basketball coach for 25 years.

The 2007 FCCAA Basketball Coaches Hall of Fame inducted Vicki Carson; Bob Marlin, former men's basketball coach; and Mike Gilbert, long-time scorekeeper.

All-College Day was launched Feb. 2, 2007, with all faculty and staff participating in professional development workshops.

Retired President Ed Hartsell was honored with the dedication of the newly renovated Hartsell Basketball Arena Feb. 21, 2007.

The Corsair student newspaper won the national Pacemaker Award for the first time for its online version, eCorsair, in 2007.

Harvard University medical faculty conducted a three-day seminar at PJC's Mary Ekdahl Smart Center for Patient Simulation Training and Research on the Warrington campus in May 2007.

President Tom Delaino was honored for outstanding leadership in the community with the PACE Pioneer Award in February 2008.

Milton Center sponsored its 20th Forestry Conclave and Lumberjack Festival in February 2008.

President Delaino retired in May 2008.

## 2008 – Present,

### President C. Edward Meadows

Following a national search, C. Edward "Ed" Meadows was selected as Pensacola Junior College's sixth president and began leading the college in June 2008. Meadows previously had been president of Lurleen B. Wallace Community College in Alabama.

NASA astronaut and PJC alum Alan Poindexter took a specially minted, gold PJC medallion with him on a 5.3 million-mile Atlantis space shuttle mission in February 2008. In June, he presented the medallion to President Meadows and college officials at a Pensacola campus ceremony open to the public.

Sept. 8, 2008 marked the 60th anniversary of Pensacola Junior College. Celebratory events included cake cutting ceremonies on each campus and an outdoor, evening concert directed by Don Snowden, longtime music and theatre department head.

In October 2008, The Corsair captured the General Excellence Award for Florida community college papers for the 15th time in 18 years.

PJC's nursing program received full accreditation from the National League for Nursing and Accrediting Commission in 2008.

The practical nursing program ranked No. 1 out of all 1,036 programs across the nation, for the period of April through September 2008.

In 2008, PJC partnered with the Pensacola Area Chamber of commerce to open the Center for Innovation and Entrepreneurship at the Downtown Center. This incubator program provides a supportive environment to new business startup for high technology and virtual entrepreneurs.

The SkillsUSA student organization was chartered and began hosting the regional secondary and post secondary skills competitions in 2008.

In November 2008, the College Board of Trustees unanimously voted to pursue the offering of baccalaureate degrees.

PJC's nationally recognized Smart Simulation Center was designated as a Center of Educational Excellence by Laerdal Medical Corp in December 2008. PJC is only the second community college in the country to receive this distinction.

In 2008, the District Board of Trustees revised the official college colors of green and white to green, white and blue. The PJC mascot logo also was revised to a pirate profile designed by PJC alum Brett Swanson, son of Paul Swanson, longtime men's basketball coach.

In April 2009, the Milton Center entry road was renamed Worley Boulevard in honor of Douglas Worley, the Center's first provost.

Lady Pirate softball players christened their new field on the Pensacola campus with double header wins, April 22, 2009. From its beginning in 1981, the softball team had played all home games at the Milton Center.

In August 2009, the Edward M. Chadbourne Library was dedicated after a \$9 million renovation and expansion. The spacious facility was named in honor of Chadbourne, a PJC alum, who through the Chadbourne Foundation gifted more than \$1.2 million for student scholarships.

During the September 2009 investiture ceremony for President Ed Meadows, the District Board of Trustees named all previous Pensacola Junior College presidents as Presidents Emeriti: Henry L. Ashmore, T. Felton Harrison, Horace "Ed" Hartsell, Charles A. Atwell, and G. Thomas Delaino.

G.I. Jobs magazine and website named PJC as a Military Friendly College in 2009 for its benefits to veterans and active duty military.

In December 2009, the Hobbs Center for Teaching Excellence was dedicated on the Pensacola campus. During the ceremony, Pensacola Junior College President Ed Meadows and University of West Florida President Judy Bense signed a partnership allowing UWF students to join PJC students in benefiting from the high-tech facility. The Hobbs Center, created through a \$1 million gift in October 2007, benefits Adult High School and Secondary Education students as well as students taking college-credit classes to become teachers.

In January 2010, the District Board of Trustees approved the renaming of Adult High School to Collegiate High School to better reflect its purpose.

In Spring 2010, PJC was named to the President's Higher Education Community Service Honor Roll. It was one of only four Florida community colleges honored with this national recognition.

WSRE, PBS for the Gulf Coast, won a Bronze Telly Award and a People's Telly Award in 2010 for its original documentary, "Gulf Islands National Seashore: The Treasure of the Gulf Coast," narrated by renowned documentarian Ken Burns.

Athletic Director and Head Baseball Coach Bill Hamilton was inducted into the NJCAA Hall of Fame in May 2010. In 23 seasons, with 20 at PJC, Hamilton amassed 702 career wins, the most wins in the college's history.

Astronomy professor Wayne Wooten received the National Astronomical League Award, the highest award in amateur astronomy in June 2010.

In 2010, the college received approval from the Florida State Board of Education and from the Southern Association of Colleges and Schools/Commission on Colleges to offer baccalaureate degree programs: Bachelor of Science in Nursing and Bachelor of Applied Science in Administration and Supervision. Classes began for both programs in January 2011.

On July 1, 2010 the college name officially changed from Pensacola Junior College to Pensacola State College to reflect its expanded mission.

The college broke ground in July 2010 for its \$9.4 million South Santa Rosa Center, becoming the first college building to be constructed as a certified Leadership in Energy and Environmental Design (LEED) building.

In 2010, the Milton Center was elevated to Milton Campus status by the State Board of Education.

In March 2011, the Lady Pirates basketball team, coached by Chanda Rigby, ended a 35-1 season with 34 straight wins. Lady Pirates won the FCCAA State Championship for the first time since 1985, the Panhandle Conference Championship for the first time since 1994, and returned from the National Junior College Athletic Association finals, ranked No. 3 in the nation. Coach Rigby was named Panhandle Conference and FCCAA Coach of the Year.

In 2011, President Meadows initiated the first President's Leadership Institute, a rigorous, year-long professional development program open to college employees.

From its modest beginnings in 1948, Pensacola State College has grown into a premier, student-friendly college that competes with the best.

# ACADEMIC AND STUDENT SERVICES

## ACADEMIC ADVISING

Pensacola State College offers academic advising, career advising, and educational planning for students. Advisors are available on all three campuses:

Pensacola Campus Advising Center  
Building 2, Room 232  
(850) 484-1630

Pensacola Campus New Student Information Center  
Building 2  
(850) 484-1547

Warrington Campus Student Services Office  
Building 3600, Room 3615L  
(850) 484-2270

Milton Campus Student Services Office  
Building 4200, Room 4202  
(850) 484-4410

Advisors will help students with program planning, course selection, and graduation or transfer requirements.

All new students should schedule an orientation session or complete the online orientation at [www.pensacolastate.edu](http://www.pensacolastate.edu). Specialized academic advising is available in the various academic departments at Pensacola State College. Students who are pursuing an associate in science, associate in applied science, or a certificate program may receive advising through the appropriate department head or program director.

Students may obtain degree audits through their Spyglass records on the website at [www.pensacolastate.edu](http://www.pensacolastate.edu). Students may also access degree audits via the statewide computerized advising system at [www.FACTS.org](http://www.FACTS.org), which helps students understand program requirements at all Florida public colleges and universities, course options, and other important advising information.

## CAREER CONNECTION

Career planning services are designed to enhance a person's ability to make an informed career decision. Information is available in the Career Connection on all campuses:

Pensacola Campus  
Building 5, Room 508  
(850) 484-1768

Milton Campus  
Building 4200, Room 4204  
(850) 484-4410

Warrington Campus  
Building 3600, Room 3624  
(850) 484-2342

The services provided include career interest inventories, career reference information, financial aid resources, and personality assessments.

## INTERNATIONAL STUDENTS (F-1 Visa Holders)

Citizens of other countries interested in obtaining the F-1 Student Visa to attend Pensacola State College should contact the Registrar's Office. The International Student Application is also available on the Pensacola State College website. The College Registrar serves as the Designated School Office for Immigration issues related to the admissions and enrollment of international students. A member of the Pensacola Campus Advising Center as the advisor for F-1 visa holders and has the responsibility of advising international students regarding their academic goals and assisting with special needs.

Students whose native language is not English, both international students and others, have the benefit of enrolling in several reading and writing courses to assist the student speaking and composing skills. These courses are available through college preparatory instruction as well as non-credit instruction. The international student advisor will assist students in appropriate course placement.

## STUDENT JOB SERVICES

### Job Placement

Employment assistance is provided to all students and graduates. Full-time and part-time jobs are listed on the website at [www.pensacolastate.edu/sjs](http://www.pensacolastate.edu/sjs). Pensacola State Works Online allows students and graduates the ability to search online for jobs and post resumes; the service also allows employers to contact applicants. Assistance is available to students in developing employability and work effectiveness skills. Resume writing assistance and job interview counseling also are available. Students should update their online student profile each term and immediately preceding graduation. Students may contact Student Job Services located in Building 5, Room 508, on the Pensacola Campus. The contact telephone number is (850) 484-1654.

### Cooperative Education

The Cooperative Education program is a planned, paid work experience in which students are employed in jobs directly related to their fields of study. The program offers both alternating and parallel work schedules. In the alternating schedule, the student works full-time one term and is enrolled in classes full-time the following term. In the parallel schedule, the student is enrolled in classes and works part-time each term.

The program offers academic or vocational credits for each term worked. Students must maintain a 2.5 GPA throughout their cooperative education experience. Each student must complete certain requirements before being sent on job interviews and must also complete specific objectives related to his/her program each term of employment. These requirements will ensure that students participate in real life occupational experiences, which will enhance their education through individualized, on-the-job situations.

The cooperative education program unites the College, the student and the employer to provide each student with a well-rounded education and offers experience for the job market. Students should contact the Cooperative Education Office, Building 5, Room 508, Pensacola Campus, or telephone (850) 484-1654 for more information.

Complete details on job placement and cooperative education services may be found on the website at [www.pensacolastate.edu/sjs](http://www.pensacolastate.edu/sjs).

## LIBRARY

The mission of the Pensacola State College Libraries is to promote the curriculum, goals, and initiatives of the College by providing access to traditional and digital information resources, reference assistance, instruction, library services and state-of-the-art technology for students, faculty, staff, and community patrons.

The library on each campus houses books, media, magazines and computers. Each library provides a comprehensive program of web-based learning resources and services including the online book catalog, e-books, and full text magazine articles on the library website: [www.library.pensacolastate.edu](http://www.library.pensacolastate.edu). The Pensacola State College photo ID and ID number is required to access some of the web-based resources.

Each library provides reference assistance, workshops, interlibrary loan, and access to photocopy machines and computers. The libraries offer two college credit courses: CGS1050 Electronic Access to Information; LIS 1004 Introduction to Internet Research (a distance learning course). All three libraries house materials for Pensacola State College distance learning courses. The Pensacola Campus Chadbourne Library maintains a collection of descriptive videos for the hearing impaired. The computers are equipped for visually impaired students. The library website is ADA compliant.

**FALL AND SPRING TERM HOURS**

Monday	7:30 a.m.-8:30 p.m.
Tuesday	7:30 a.m.-8:30 p.m.
Wednesday	7:30 a.m.-8:30 p.m. (Pensacola Campus) 7:30 a.m.-4 p.m. (Warrington Campus and Milton Campus)
Thursday	7:30 a.m.-8:30 p.m.
Friday	7:30 a.m.-4 p.m.
Saturday	CLOSED
Sunday	1 p.m.-5 p.m. (Pensacola Campus)

**SUMMER TERM HOURS**

Monday	7 a.m.-8:30 p.m.
Tuesday	7 a.m.-8:30 p.m.
Wednesday	7 a.m.-8:30 p.m. (Pensacola Campus) 7 a.m.-5 p.m. (Warrington Campus and Milton Campus)
Thursday	7 a.m.-8:30 p.m.
Friday	CLOSED
Saturday	CLOSED
Sunday	1 p.m.-5 p.m. (Pensacola Campus)

When classes are not in session, the libraries close at 4 p.m. on weekdays and are closed on weekends.

Contact the Chadbourne Library (850) 484-2002 for available hours on holidays and between terms.

**TESTING**

The Testing and Assessment Center administers a wide range of campus, state and national examinations utilized in student counseling, course placement, research, certification, licensing, and awarding of college credits. The Testing and Assessment Center is located in the Student Services Building (Building 6), on the Pensacola campus. Testing services are also available in the Student Services offices on the Milton and Warrington campuses.

The college Testing and Assessment Center administers the American College Test (ACT) and the Scholastic Aptitude Test (SAT) on nationally scheduled test dates. Information may be obtained from the Testing and Assessment Center, Building 6, Pensacola campus, or from Student Services offices on district campus sites. Prospective students may obtain application packets from area school guidance offices.

Prospective students are encouraged to take the ACT or SAT examination and have the scores forwarded to Pensacola State College. ACT and SAT scores may be used as a placement test.

**Placement Testing and College Prep Instruction**

All degree seeking students applying for college for the first time must complete placement testing prior to registration. A college admissions application must be on file with the Admissions Office prior to taking the Florida Postsecondary Education Readiness Test (PERT).

All students wishing to enroll in college credit English or mathematics courses must satisfy placement requirements. Transfer students may satisfy placement testing requirements through prior coursework. Special students and non-degree seeking students are subject to placement testing requirements if enrolling in writing emphasis courses or mathematics courses.

The Postsecondary Education Readiness Test (PERT) is given throughout the year on each campus. An examination schedule may be obtained in Student Services or Testing and Assessment offices. Additional testing may be required after the PERT.

Placement test scores are required before students are permitted to attend orientation/educational advising sessions, obtain course schedule approval, or register for courses. Questions regarding testing procedures may be directed to the Testing and Assessment Center, Advising Center, or Student Services offices. A valid picture identification is required to obtain test score information and to take any examination.

Students whose placement scores indicate a need for skill review are required to enroll in college preparatory courses in the first term of enrollment. Students required to take two or more college preparatory disciplines must enroll in the SLS1101 College Success course.

Students who test into college preparatory instruction must enroll in college preparatory courses by the time they have attempted 12 credit hours. The student must maintain continuous enrollment in at least one college preparatory course each semester until the requirements are completed. Other credit courses may be taken along with the preparatory course as long as completion of a preparatory course is not required for the credit course. For additional information about this state requirement, contact an advisor.

**Test of Adult Basic Education**

Students enrolling in certificate programs may be required to undergo a skill assessment process utilizing the Test of Adult Basic Education (TABE). The TABE assessment is conducted before enrollment or in the first six weeks of enrollment at district campus sites. Students must meet required skill levels in mathematics and/or communications before completion of the vocational program in which they are enrolled.

Students who have earned an associate or higher level degrees are exempt from TABE requirements for the certificate programs. Students should contact the program director or department head for additional information about the requirements.

**General Educational Development (GED) Test**

Pensacola State College administers the General Educational Development examination. The GED examination is scheduled throughout the year. Applicants must meet specific eligibility requirements. Registration and fee payment are required before an appointment will be scheduled. Registration for GED may be completed at the Pensacola campus Testing and Assessment Center. All students must attend an orientation session. Upon successful completion of the GED examination, a high school diploma is issued by the State Department of Education.

**College Level Examination Program (CLEP)**

The College Level Examination Program (CLEP) is a nationally developed program for credit-by-examination. Credit may be granted for scores meeting the established criterion score on approved tests. Examination fees are established by the College Board. CLEP application information is available in the college Testing and Assessment Center on the Pensacola campus. Students should consult with a counselor regarding their education plan prior to taking a CLEP examination.

**Florida Comprehensive Assessment Test (FCAT)**

The Florida Comprehensive Assessment Test (FCAT) is a required examination for students to earn a high school diploma from the state of Florida. The FCAT is administered four times a year on dates established by the state. Pensacola State College Collegiate High School students must register for the examination in the Counseling office at the Collegiate High School.

**College Level Academic Skills Test (CLAST)**

The Florida Legislature repealed the requirement for the College Level Academic Skills Test (CLAST) effective June 30, 2009. Exit requirements for the associate in arts degree remain in place, and students who anticipate receiving the AA degree must demonstrate College Level Academic Skills (CLAS) with minimum test scores (ACT, SAT, CPT) or combined GPA in certain courses. See Exit Requirements for the AA degree in the Graduation section of this catalog.

AA students should discuss exit requirements with an academic advisor during the first year of studies.

Students with documented specific learning disabilities or other extenuating circumstances may request a waiver of the exit requirements. The need for the waiver must be discussed with an academic advisor prior to submitting the official request to the CLAS (College Level Academic Skills) Waiver Committee. See Exit Requirements for the AA Degree in the Graduation section of the catalog for more information.

## TUTORING

### Math Lab

The Math Labs are located at the Pensacola, Milton and Warrington campuses and offer free math tutoring to all Pensacola State College students currently enrolled in college preparatory or college level courses. No appointment is necessary. Services include tutoring all math and math-related courses, instruction for using graphing and scientific calculators, study tips and test-taking strategies, textbooks and solution manuals for most Pensacola State College math courses, and computers with math tutorials software. The following are the locations and telephone numbers for each Math Lab: Pensacola campus, Building 1, Room 102, 484-2003; Milton campus, Building 4200, Room 4213, 484-4425 or 484-4420; Warrington campus, Building 3100, Room 3142D, 484-2378.

### Reading/Writing Lab

The Reading and Writing Labs are located on the Pensacola, Milton and Warrington campuses and offer free tutoring for all Pensacola State College students currently enrolled in college preparatory or college level courses. No appointment is necessary. Services include assistance with writing assignments for any Pensacola State College course, grammar review, instructional support for prep reading courses, vocabulary development, and computers for word processing. The following are the locations and telephone numbers for each reading and writing lab: Pensacola campus, Building 1, Room 106/107, 484-1451; Milton campus, Building 4400, Room 4403, 484-4403; Warrington campus, Building 3100, Room 3142B, 484-2351.

## STUDENT RESOURCE CENTER FOR ADA SERVICES

The Student Resource Center for ADA Services is located on the Pensacola Campus in Building 6, Room 603, and can be reached by telephoning (850) 484-1637. Students with documented disabilities are enrolled in classes for inclusion in the educational experiences common to all students. A variety of services are provided:

- Orientation to campus facilities
- Personal and vocational counseling
- Special classroom arrangements
- Information and assistance to faculty
- Coordination with local community services
- Referral to community agencies
- Braille and taped materials
- Adaptive computer software programs for reading materials
- Special testing accommodations
- Note taking assistance
- Interpreters for the deaf
- Textbooks on tape

When necessary, course substitutions can be made pursuant to Florida Statute 240.153 and State Board of Education Rule 6A-10.041. Accommodations for the GED and other standardized tests are also available.

## DIVISION OF VOCATIONAL REHABILITATION

To serve students with disabilities attending the College under the auspices of the Division of Vocational Rehabilitation, the Department of Education has located branch offices on two of our campuses:

Pensacola Campus	Building 6, Room 659	(850) 484-1660
Milton Campus	Building 4100	(850) 983-5340

## VETERAN SERVICES

Since 1948 Pensacola State has served veterans and their families. The Veteran Services Office (VSO) is staffed by full-time Pensacola State employees and VA Peer Advisors (Work Study) to aid students with Department of Veteran Affairs (DVA) and college Veteran Services Office (VSO) procedures. The District office is located on the Pensacola Campus in the Office of Financial Aid/Veteran Services.

Students using DVA education benefits should keep in mind that two processes are involved. One process is academic — Pensacola State's policies and procedures for obtaining a degree or certificate. The other process is DVA policies and procedures, which determines if DVA will pay education benefits to the student and the amount of benefits to be paid. Both the college and the student must abide by DVA regulations. The VSO assists students to understand and comply with DVA regulations so they receive the full value of their DVA benefits. The college's VSO is a service of Pensacola State and not an affiliate of the United States Department of Veteran Affairs (DVA). The VSO assists students with their DVA education claims and is responsible for meeting all institutional reporting requirements mandated by DVA regulations.

**IMPORTANT!** It is a student's responsibility to email veterans@pensacolastate.edu of all changes in their school attendance; i.e., changes in degree program, number of credit hours enrolled, courses taken, etc. include student's name and Pensacola State Student ID number.

Information for students receiving DVA benefits is found in this catalog and on the website: <http://www.pensacolastate.edu/FAVA/va.asp>. Resources are also available in the VSO. Pensacola State's VSO is committed to providing resources online for students, limited by concerns for privacy and security. Students should frequently consult the DVA website <http://www.gibill.va.gov> for updates. Click on GI Bill Links and then on "Ask Us a GI Bill Question". Implementation of the Post 9/11 GI Bill, CH 33, has produced a significant increase in the numbers of students using DVA education benefits. These increases and the procedures involved in CH 33 have caused extended processing times both by DVA and Pensacola State. Students should complete their registration and the necessary steps for certification at the earliest possible time.

**Advance Payment:** Newly enrolling Chapter 30, 35, and 1606 students and those Chapter 30, 35, and 1606 students who did not receive VA education benefits for school within 30 days of the start of the term from Pensacola State or any other school may apply for an advance payment of the education allowance payable to them from the first day of class through the end of the following month. For the DVA to consider awarding advance pay, the properly completed application and certified documentation must be received by the DVA Regional Office in Atlanta, no earlier than 120 days prior to the first day of class and no later than 30 days before the first day of class. There is no guarantee the DVA will be able to process the advance pay request although they receive it in a timely manner. Deadlines for submitting advance payment request to VA for processing are available on the college's VSO web page. If advance pay is not requested or processed, students should allow an average of eight to ten weeks after the college submits their certification for receipt of their first direct deposit of DVA education benefits. Currently, direct deposit is not available for CH 35. For more information see [www.pensacolastate.edu/students/services/vetAffairs.aspx](http://www.pensacolastate.edu/students/services/vetAffairs.aspx).

**Application:** Students wishing to use their DVA benefits at Pensacola State should submit their applications for DVA education benefits using the VONAPP (Veterans-ON-line-APPLICATION) website: <http://vabenefits.vba.va.gov/vonapp/instructions.asp> Using VONAPP will significantly reduce DVA's processing time for the application (see Certificate of Eligibility below). Pensacola State's VSO Certification Request form is also required, which is available from the VSO website. Application for DVA benefits should be made at the earliest possible time. Most DVA forms are available online at <http://gibill.va.gov/resources/student-handouts/>. All students who have previously attended training or education after high school (including military education/training) are required by the DVA to have their training evaluated for applicable credit to programs of study. The evaluation is processed by the District Office of Admissions and Registration for credit that may be applied toward their degree program at Pensacola State. Regardless of whether or not DVA assistance was received for the prior training or education, evaluation of prior training is required. A copy of all DD214s and official college transcripts must be submitted to the Admissions/Registrar's office for military/educational training evaluation. This must be completed and reported to DVA by Pensacola State within two terms of enrollment or as DVA mandates.

**Attendance Requirements:** VA students may be withdrawn by their instructors when their absences are excessive as defined under the Attendance Policy described in this catalog. For further information see <http://www.PensacolaState.edu/students/services/vetAffairs.asp>. Verification of attendance is required of CH 30, 1606 and 1607 and should be done on the last day of the month to initiate the release of the monthly benefits check. The Web Automated Verification of Enrollment (WAVE) at <https://www.gibill.va.gov/wave> or the toll free Interactive Voice Response (IVR) telephone line at 1-877-823-2378 can be used to verify enrollment.

**Calculation Of Pay Rate:** DVA's Pay rate classifications for CH 30, 31, 35, 1606, and 1607 are FULL, THREE-QUARTER, HALF and LESS-THAN-HALF-TIME; based on the combination of credits enrolled and the length of the session of instruction. Pensacola State has three terms — fall, spring, and summer. Each term has four sessions, A, B, C, and D. The sessions are of different lengths. It is very important to remember that "term" and "session" are not interchangeable and have different meanings. A student enrolled in 12 credits for fall term, all in the "A" session would be FULL TIME. Enrollment in two or more sessions during the term could result in changes in rate of pay over the term. Students should go to <http://www.gibill.va.gov> for pay rates.

**Certificate of Eligibility:** After processing the application for DVA benefits, if eligible DVA will issue to the student a Certificate of Eligibility. The student MUST furnish the VSO with a copy before they can be certified beyond their first term of enrollment.

**Certification:** The VSO can certify a student to the DVA for a maximum of an academic year as long as the student is enrolled at least half-time, is not on academic probation or suspension, and prior credits have been reported. All enrolled VA students should submit to the VSO each June a VA Certification Request form if they wish to claim DVA benefits for the upcoming academic year at Pensacola State. Certification requests should be submitted at least thirty (30) business days prior to the term the student wishes to be certified.

**Communications:** Official communications between Pensacola State and students is through PirateMail. It is each student's responsibility to regularly monitor their PirateMail. Students should submit inquires to the VSO using [veterans@pensacolastate.edu](mailto:veterans@pensacolastate.edu). The student's name and Pensacola State Student ID number should always be included.

**Cooperative (CO-OP) Training:** Co-op training is approved for DVA benefits if the course is required in the student's program and meets DVA regulations for certification purposes. If the co-op course is verifiable and the student would like to receive DVA benefits, the "Statement of Election" form must be completed before the co-op course can be certified to the DVA. Contact the VSO to ensure the course is certifiable and to obtain the necessary paperwork.

**Courses for which the VA will not pay:** Any course that cannot be applied toward fulfilling graduation requirements in the student's DVA approved degree program at Pensacola State cannot be certified to the DVA for benefit payments. The following list reflects other types of "non-pay" courses, but is not all-inclusive:

1. Repeated courses which have been successfully completed with a grade of "D" or better, unless the course is being repeated in accordance with the Gordon Rule or Pensacola State graduation requirements. This includes courses transferred in whether DVA benefits were received or not.
2. Attempting a remedial course for the fourth time.
3. Courses not listed under the student's DVA approved degree program unless the course is a pre-requisite/co-requisite listed under the course descriptions of the current Pensacola State catalog or a course substitution is processed and approved before the term begins. The student should follow the Pensacola State program outline listed in the college catalog under which the student plans to graduate.
4. Courses offered as open entry/open exit.
5. Courses considered excessive electives. This includes credit received for prior training that will count toward an elective requirement whether DVA benefits were received or not.
6. Remedial courses which are not required by placement test scores.
7. Courses taken to fulfill requirements at another institution unless an approved transient authorization is received.
8. Courses taken as audit, non-credit, CLEP, or exemption.
9. Any course in which the student's final permanent grade is "non-punitive" in nature, i.e. a "W" grade, unless DVA finds the student received the grade due to mitigating circumstances. See Grades Table elsewhere in the catalog.
10. Courses offered as independent study in a certificate program.

**Deferment:** Florida law provides for one deferment of tuition and fees (does not include books) per academic year for students receiving DVA benefits. The deferment is an agreement between Pensacola State and the student; therefore, the student is responsible for making full payment by the due date. The student's obligation to pay is not contingent on the student first receiving his or her DVA payment. The deferment, a legal promissory note must be notarized. Consult with VSO staff for complete eligibility requirements and proper ID documents. Students receiving CH 33 benefits see the Post 9/11 section for additional information.

**Dual Degree:** DVA allows a student to request to pursue two degree programs concurrently. The student must first receive approval from Pensacola State's Registrar. Then the student must request approval through Pensacola State's VSO. The Dual Degree request should be submitted thirty (30) business days prior to the start of the term dual enrollment is desired. After a dual degree is approved for DVA benefits, if the student changes one of the dual degree programs the dual approval is voided. If the student submits a certification request with other than one of the approved dual programs, that certification will not be processed. Careful review of the dual request form should be done prior to submitting the request [http://www.pensacolastate.edu/students/services/vetAffairs\\_Forms.asp](http://www.pensacolastate.edu/students/services/vetAffairs_Forms.asp)

**DVA Resources:** DVA's website <http://www.gibill.va.gov> is an excellent resource. Students should consult it periodically for updates regarding their benefits. Specific questions regarding a student's education benefits and payments should be addressed directly to DVA using the website's "Ask a Question" feature. Pensacola State's VSO does NOT have access to a student's DVA pay information.

**DVA Vocational Rehabilitation:** Students approved for DVA Vocational Rehabilitation (Chapter 31) are eligible to charge tuition, fees, books and supplies as approved by their DVA case manager and as allowed by DVA regulations. The college's VSO must receive an authorized DVA Form 28-1905 from the DVA case manager before charges can be made. Allow at least five (5) business days after submitting to VSO before charges can be made. For additional information, email [veterans@pensacolastate.edu](mailto:veterans@pensacolastate.edu).

**Educational Objective:** One of the criteria to receive DVA Educational Assistance is that the student must be pursuing an approved bachelor of applied science, bachelor of science in nursing, associate in arts, associate in science, associate in applied science, or certificate at Pensacola State. The student must follow the catalog in effect for the academic year the student began the program unless the student takes longer than five years to complete the program. Please see Effective Catalog Policy for complete details. Transient students must contact the VSO staff for additional requirements.

**NOTE:** DVA will not pay educational benefits for pursuit of a second A.A. degree if the student has already earned an A.A. or a bachelor's degree issued by the state of Florida. Pursuit of a B.A.S., B.S.N., A.S., A.A.S., or a certificate could be selected.

**Graduating Term:** A VA student under Chapters 30, 33, 35, 1606, or 1607 may register in courses not part of their degree program to achieve up to full-time enrollment only during their graduation term. This exception is once per program, for exceptions, email [veterans@pensacolastate.edu](mailto:veterans@pensacolastate.edu). Any college credit course can be used for the VA student's schedule.

**Name/Address/Program Changes:** Students are to notify VSO and the Admissions/Registrar's office of change of name, address, or degree program. These changes can affect your receipt of DVA education benefits.

**Non-College Degree (NCD) Programs:** DVA sets specific standards for NCD programs. Based on the instruction/lab mix of the course DVA designates the number of contact hours needed to qualify for full time training rate. Students enrolled in Adult Basic Education (ABE) and adult high school (AHS) programs are required by DVA to provide monthly Attendance Sheets for EACH course in which they are enrolled. Attendance Sheets for the previous month must be received by Pensacola State's VSO by the fifth business day of the next month. If the Attendance Sheets are not received by the deadline the student will not be certified for payment until after the end of the term and all completed Attendance Sheets are received. Additional information will be provided each student in an NCD program. Students in ABE and AHS may have their benefits terminated for excessive absences.

**Post 9/11 GI Bill-CH 33:** Effective August 2009 this is the most significant change in education benefits since the original GI Bill. Both the increased numbers of students using education benefits and the more involved procedures for CH 33 have contributed to the significantly greater time needed to process DVA education benefits; both by DVA and by Pensacola State. Due to the specific certification requirements of CH 33 the following procedures apply:

Students using CH 33 will be allowed to request a VA Deferment each term with the following stipulations. If the student has a VA Deferment from a prior term and the student has less than 100% eligibility, the student must have paid their portion of the deferment and have no other financial obligations to the college. Since exact tuition and fees must be submitted to DVA for payment each term Pensacola State's VSO will establish a deadline date prior to each term for students to register and email veterans@pensacolastate.edu of their registration. Students who either register or email after that deadline will not have their certifications of enrollment processed until the term's audit period which begins thirty (30) days after the start of the term. At least twenty (20) business days should be allowed for processing after the start of the audit. An additional eight (8) to twelve (12) weeks should be allowed for DVA to process Pensacola State's certification for payment. A change of tuition or fees after the VSO has been notified of the student's enrollment will be processed during the term's audit period. Students are urged to consult the DVA website <http://www.gibill.va.gov> frequently for updates.

**Processing Time:** New applicants, program changes, and certification requests should allow a minimum of twenty (20) or more business days for the VSO to audit and submit to DVA. This timeframe will be lengthened during periods of registration. Certifications are processed in date received sequence. Completed files (all documents and information required) are placed in queue; those completed first are processed first.

**Reinstatements:** Pensacola State must report to DVA all changes in a student's enrollment that affect payment of benefits. Should a student have two or more withdrawals in a course during the term, the following will occur. Upon the student's second withdrawal from the course (either by the student or instructor) Pensacola State will report to DVA a reduction in pay if that withdrawal changes the student's pay rate. Should the student be reinstated in that course subsequent to the second withdrawal, Pensacola State will not report that enrollment change until the end of the term.

**Repeating Courses:** A student may repeat a course in which an "F" or a non-passing grade is received. Unless the student is repeating a "D" grade in accordance with the Gordon Rule or Pensacola State graduation requirements, the DVA will not pay for successfully completed courses.

**Reporting Requirements:** It is the responsibility of VA students to keep the VSO informed of all changes in their enrollment status by the following:

1. After registering for classes students should go to <http://www.pensacolastate.edu> and under "Student Records" click on "My Degree Audit." Any course indicated as "The following credits are not used in this program" may not count toward enrollment for benefits calculation.
2. After dropping or adding a course, email veterans@pensacolastate.edu with specific course information, student's name and Pensacola State Student ID number.
3. Students under Chapters 30, 1606 and 1607 pursuing all degree programs and students under Chapter 35 who are pursuing a certificate program, Adult Basic Education or adult high school must certify their enrollment each month. Verification of attendance should be done on the last day of the month to initiate the release of the monthly benefits check. CH 30, 1606, and 1607 should use the Web Automated Verification of Enrollment (WAVE) at <https://www.gibill.va.gov/wave> or the toll free Interactive Voice Response (IVR) telephone line at 1-877-823-2378 can be used to verify enrollment. CH 35 students must call 1-888-442-4551.
4. Email veterans@pensacolastate.edu with student's name and Pensacola State Student ID number to report any changes in school enrollment or attendance.

**Tutorial Assistance:** A veteran under Chapters 30, 32, 33, a dependent under Chapter 35, or a reservist under Chapter 1606 or 1607, who is enrolled at least half-time in a post-secondary program has potential entitlement to DVA tutorial assistance. Contact VSO for additional information and proper forms. Veterans under Chapter 31 should contact their DVA vocational rehabilitation counselor.

**Unsatisfactory Progress:** When a student fails to meet Pensacola State's standards of academic progress, the VSO is required to advise the DVA. The student must obtain a Pensacola State Veteran Services Office Unsatisfactory Academic Progress Form and make an appointment with a Pensacola State academic advisor to have the form completed. When completed the form will state the reason for the unsatisfactory academic progress and steps the student must take to have the unsatisfactory academic progress removed. The completed form must be returned to the VSO in order to be certified for DVA benefits. A student who is on academic probation or suspension will be certified term-by-term only until the student has been removed from academic probation or suspension. If the student is on academic probation or suspension for two consecutive terms their DVA benefits can be suspended for unsatisfactory academic progress. See STANDARDS OF ACADEMIC PROGRESS in this catalog.

**Work-Study:** Students enrolled a minimum of three-quarter time under Chapters 30, 31, 32, 33, 35, 1606, or 1607 may apply for the DVA Work-Study Program. The qualified and selected student is paid the minimum wage (Florida or federal, whichever is higher) by the Department of Veteran Affairs. Work-Study pay is tax exempt and students may work a maximum of 425 hours over a fall or spring term and 325 hours over the summer term. For additional information please contact veterans@pensacolastate.edu.

### Trio Federal Programs

The TRIO programs are federally funded and designed to encourage enrollment in post secondary or high school educational programs. The purposes of the programs include the following:

1. Assisting students in the college enrollment process regardless of the college the student plans to attend.
2. Providing instructions in the completion of the PELL grant application as well as a search for other types of financial assistance to ensure college enrollment.
3. Supporting the students in their pursuit of career information.
4. Encouraging the students to use available tutoring services.
5. Seeking veterans who are in need of each of the above services.

In order to be eligible for the services through the TRIO programs, candidates must meet these criteria:

1. Be a first generation college student (parents do not have bachelor's degrees), and/or
2. Meet income levels established by the grant, or
3. Be a veteran for the veteran assistance program.

The TRIO programs are:

1. **Educational Talent Search** for middle school and high school students; ETS can be reached by telephone at (850) 484-2533.
2. **Educational Opportunity Center** for students seeking college or high school enrollment; EOC can be reached by telephone at (850) 484-1961.
3. **Student Support Services** for college students in need of tutoring; SSS can be reached by telephone at (850) 484-1817.
4. **Veteran's Upward Bound** for eligible veterans; VUB can be reached by telephone at (850) 484-1438.

## LYCEUM

Music performances, drama, dance, art exhibitions, and distinguished speakers are available at no charge to all Pensacola State College students through the Lyceum series. Faculty, staff, and the general public are invited to attend for a nominal fee. For information regarding Lyceum events, telephone the Music and Theatre Department at (850) 484-1847 or visit the Lyceum website at [www.pensacolastate.edu/lyceum](http://www.pensacolastate.edu/lyceum).

## ART GALLERY

The Visual Arts Gallery, located in the Anna Lamar Switzer Center for Visual Arts, is located on the Pensacola Campus and is open to the general public with a series of changing exhibitions of contemporary art throughout the academic year. The exhibitions are free of charge. Gallery tours for groups are available by appointment for each exhibition. For more information, call the Visual Arts Department at (850) 484-2563 or the Gallery Director at (850) 484-2048.

## ATHLETICS

Pensacola State College is a member of the National State College Athletic Association, Region VIII, and a member of the Florida State College Activities Association made up of state colleges. Varsity participation on a team representing the College is open to evening and day students from any campus but is limited to two years of participation. Students are eligible provided they carry a class load of at least 12 hours of college work or are full-time students in a vocational program and meet the eligibility requirements of both the NJCAA and the FSCAA.

**Athletic Scholarships:** Athletic scholarships covering tuition and general fees are available to students maintaining a satisfactory grade point average under present regulations. Interested students should contact the team coach.

**Gymnastics Club:** The College has an organized club in gymnastics that competes with other clubs. The club is open to all area youth. Participants in the club register through the Continuing Education Office. Registration for club participation is available on the website.

**Intercollegiate Sports:** On the intercollegiate level, the College participates in basketball for men and women, men's baseball, women's softball, and women's volleyball. The College's dance team and cheerleaders perform at many college and community events.

**Intramural Sports:** The intramural program is under the direction of the Athletic Department and includes tournaments, leagues, and clubs in approximately 40 sports activities. The program is open to all students attending Pensacola State College.

## WSRE

WSRE, a PBS affiliate for the Gulf Coast, began operations in 1967 under a license granted to Pensacola State College by the Federal Communications Commission. Since that time, WSRE has transitioned from airing black and white, to color, to stereo and now digital and high definition. WSRE is more than just a television station. It goes beyond the norm into the lives and interests of those wanting to make their community a better place. WSRE offers many services to the community through educational and outreach services, such as PBS Ready to Learn workshops. WSRE conducts 20-30 annual workshops to train adults to help children prepare to start school. This is just one of many ways WSRE influences and makes a difference in the community. The mission of WSRE is to enhance individual potential by producing and broadcasting programs and providing educational outreach services that educate, inform and entertain by opening doors to a much bigger world. WSRE has been helping the community be more connected for over 40 years by encouraging our viewers to engage more deeply in the world around them. Through quality programming and educational outreach services, WSRE can help you "Be More!" For more information, visit [www.wsre.org](http://www.wsre.org) or telephone (850) 484-1200.

## COLLEGE PUBLICATIONS

The College sponsors several publications devoted to campus information or literary works by students, faculty and staff.

**The Corsair** is Pensacola State College's student newspaper, available in both print and online formats. The print edition is generally published about every two weeks during fall and spring terms. The online edition may be accessed at [www.eCorsair.com](http://www.eCorsair.com) and includes additional multimedia, blogs, and photo galleries. The paper's editorial authority is vested in its student editors who are selected twice a year by the Student Publications Committee. For more information, telephone (850) 484-1458.

**Issue** is an annual student literary magazine published by The Literary Roundtable, a creative writing organization advised by a faculty member in the Department of English and Communications. To join the group, submit work for consideration, or for additional information telephone (850) 484-1452.

**The Hurricane Review** is a nationally recognized literary journal published annually by the English and Communications Department. This journal is edited and formatted by Pensacola State College students under the direction of a faculty advisor. Submissions of short fiction and poetry are welcome.

**Green and White** is a college newsletter with an interactive, live news website. The link can be found at: [www.gwpensacolastate.wordpress.com](http://www.gwpensacolastate.wordpress.com) and it prepared by the Marketing Department.

## PENSACOLA STATE COLLEGE WEBSITE – [www.pensacolastate.edu](http://www.pensacolastate.edu)

The Pensacola State College website serves as a gateway to student services, student activities, courses and workshops, degree and certificate programs, college news, and special events. Designed for interactivity, the Pensacola State College website supports traditional instruction, research and distance learning. Remote students can access academic programs and support services easily through the Pensacola State College website.

## PIRATE MAIL

Pensacola State College provides all credit students an email account through the Pirate Mail system. Pirate Mail is the primary method of communication to Pensacola State College credit students, and students are required to activate their Pirate Mail accounts after admission. Pirate Mail accounts become available to credit students one business day after the application or re-application has been processed. The credit student is responsible for activating the Pirate Mail account and accessing emails from the College. The expectation is that credit students will access their Pirate Mail accounts at least once per week, more often during a registration period. Failure to access Pirate Mail account and read communications from the College will not be grounds for an appeal of any action taken by the College or any requirement established by an instructor, which has been communicated to a student by Pirate Mail. The Pirate Mail account will remain active throughout a student's enrollment and for three semesters after the last term of attendance.

## PIRATE MOBILE

Pensacola State College has implemented a cell phone text messaging service for students called Pirate Mobile. This service is available to all students and will help to keep the campus community informed of urgent matters such as school closing, weather, etc. To enroll, text "Pirate" to 82672 or sign up at <http://www.PensacolaState.edu/students/services/piratemobile.asp>. Standard text messaging rates apply. This service is optional; however, students are strongly encouraged to take advantage of this opportunity since text messaging is the fastest and most effective way of disseminating important messages. Students will not automatically be unsubscribed from this service upon departure from Pensacola State College. Users can cancel SMS alerts at any time by replying to any alert with the word "stop," or by texting "stop" to 82672.

## ACADEMIC HONORS

The College recognizes student achievement in several ways indicated below.

### SEMESTER HONORS LISTS

Two academic honors lists are published on our website at the end of the fall and spring terms of each academic year. These lists recognize students who have achieved outstanding grade point averages for the term. To be eligible for the lists, students must be in good academic standing at Pensacola State College according to the Standards of Academic Progress outlined in this catalog.

- **The President's List:** Full time students (12 credit hours or more per term) who earn an overall GPA of 4.0 for the term will qualify for the President's List.
- **Dean's List:** Full-time students who have earned 12 or more credit hours of college or vocational courses, in residence at Pensacola State College, with a GPA of 3.5-3.9 will be eligible for the Dean's List.

The names of students qualifying for these semester honors will be posted to the website at <http://www.pensacolastate.edu/students/services/studRecHonorsList.asp>.

### GRADUATION

Students graduating with honors based on the cumulative grade point average will be designated as follows:

- **Summa Cum Laude** will be awarded to students to students with a cumulative grade point average of 4.0.
- **Magna Cum Laude** will be awarded to students with a cumulative GPA between 3.75-3.99.
- **Cum Laude** will be awarded to students with a cumulative GPA between 3.50-3.74.

The determination of the three honors categories (Summa Cum Laude, Magna Cum Laude, and Cum Laude) for the commencement ceremony is based on the cumulative grade point average at the end of the student's last term of enrollment prior to the term of graduation. Students who have met the criteria for honors prior to their term of graduation will be eligible for the honors cords at the graduation ceremony.

The transcript is the final and official record of a student's standing at the time of graduation. Students meeting the honors criteria at the time of graduation and after the official analysis of graduation eligibility is determined will have the appropriate notation affixed to the official transcript and on the diploma, degree, or certificate awarded.

**Honors Ceremony:** At the annual Honors Ceremony students are recognized for Departmental/Program Scholars Scholastic Achievement, Leadership, and Service.

Departmental/Program Scholar recipients are selected by the individual academic departments in recognition of outstanding performance in the classroom and high test scores on competitive departmental examinations.

- The Scholastic Achievement award recipients are selected by grade point averages. Recipients of this award must have maintained a 3.9 GPA or better while completing at least 80% of the requirements for the degree they are seeking.
- The Leadership award is based upon participation in service clubs.
- The Service award recipients are selected by the faculty and department heads. This award is based on the outstanding services rendered in their respective departments, schools, and campuses.

## PENSACOLA STATE COLLEGE DEPARTMENT OF PUBLIC SAFETY

The Pensacola State Department of Public Safety is committed to the safety of students, employees and visitors at all Pensacola State College campuses and centers. The Department of Public Safety takes a proactive stance in response to crime on campus and strives to identify problems and address issues before a crisis occurs. Students are encouraged to assist the Department of Public Safety by contacting them when any of the following occur:

- You are a victim of crime occurring on campus
- You are (may be) a victim of domestic violence
- You are a victim of rape (or acquaintance rape)
- Someone is stalking you
- You know of crimes occurring on campus
- You have been a victim of crime, off or on campus, and need information, counseling, or referral for further help
- You have questions about Florida laws or law-related issues;
- You need help and do not know where to go or who to ask for information

### Pensacola State College Safety and Security Hours and Information

The Pensacola State College Police Department officers are commissioned Florida law enforcement officers. To assure 24-hour-a-day assistance, the department operates from 7 a.m. to 11 p.m. Monday-Friday; contract security guards patrol the campus on weekends, holidays and from 11 p.m. to 7 a.m. weekdays. Uniformed police officers patrol the campus by marked vehicle, foot patrol, buggy, and bicycle. Police officers carry firearms and have authority to make arrests. Additionally, uniformed public safety officers assist in situations that do not call for specific police maction. Student assistants, identified by safety vests, also assist with non-enforcement duties. Contract security guards patrol the campus from 11 p.m. until 7 a.m. on weekends and on holidays.

Pensacola State College Police central dispatch telephone numbers and locations are as follows:

Pensacola Campus Police, Bldg 5	(850) 484-2500
Warrington Campus Police, Bldg 3300	(850) 484-2283
Milton Campus Police, Bldg 4100	(850) 484-4481
Downtown Center	(850) 484-2500

Call public safety officers, contract security/student assistants on weekends, holidays and between 11 p.m. and 7 a.m. weekdays:

Pensacola Campus	(850) 484-2500
Warrington Campus	(850) 484-2283
Milton Campus	(850) 484-4481
Downtown Center	(850) 484-2500

**In case of an extreme emergency, dial 9-11 on campus telephones.** This will connect you to a law enforcement operator of the jurisdiction where you are located. That agency will dispatch emergency help. It is important to stay on the line and tell them your location.

Contact local law enforcement agencies for help at Pensacola State College classes held off-campus:

Pensacola Police	(850) 435-1845
Escambia County Sheriff	(850) 436-9620
Gulf Breeze Police	(850) 934-4050
Milton Police	(850) 983-5240
Santa Rosa County Sheriff	(850) 983-1161

## Crime Statistics

In an attempt to inform Pensacola State College's campus community of the frequency of crime on all of our campuses, the following crime statistics reflect the crimes that were reported to the Pensacola State College Police Department.

Offense:	2007	2008	2009
Murder	0	0	0
Alcohol violations	0	0	0
Robbery	1	1	2
Aggravated assault	2	0	1
Burglary	4	26	8
Larceny/Theft	51	56	42
Motor vehicle theft	2	0	0
Forcible sex offenses	1	0	1
Non-forcible sex offenses	0	0	0
Weapons violations	0	2	1
Narcotics Arrests	0	2	6
Alcohol Arrests	0	0	0
<b>Disciplinary Action Referrals:</b>		<b>2008</b>	<b>2009</b>
Liquor Law Violations		0	0
Drug Law Violations		3	2
Illegal Weapons Violations		0	1

None of the crimes of aggravated assault manifested evidence of prejudice based on race, religion, sexual orientation, or ethnicity, as described by the Hate Crimes Statistics Act.

## Trespassing

Pensacola State College adheres to Florida law addressing the crime of trespassing. Although, as a community college, we are open to the general public, specific situations may constitute the crime of trespassing. In those cases, any law enforcement officer may arrest, either on or off the premises, and without warrant, any person whom the law enforcement officer has probable cause to believe has committed any of the specific offenses addressed in the following Florida laws:

ES.S. 810.08 Trespass in Structure or Conveyance

ES.S. 810.09 Trespass on Property Other than Structure or Conveyance

ES.S. 810.095 Trespass on School Property with a Firearm or Other Weapon Prohibited

ES.S. 810.097 Trespass Upon the Grounds of a School Facility

Florida State Statutes are accessible through the following website: [www.flsenate.gov/Statutes/index.cfm](http://www.flsenate.gov/Statutes/index.cfm). Additionally, an individual may be removed from campus for violation of any applicable Board Policy and Procedure.

## Student Motor Vehicle Regulations Registration

1. All students and employees operating motor vehicles on any Pensacola State College campus must register their vehicles at the time of class registration, or upon employment. Register in the Pensacola State College Police Department on any Pensacola State College campus.
2. Registered vehicles will be issued a Pensacola State College parking decal. To obtain a decal, the student must present a current student identification card (or receipt for fees paid) and a current vehicle registration. Employees must present a Pensacola State College ID or a copy of their contract, as well as their vehicle registration. There is no charge for parking decals. Vehicle registration procedures apply to part-time as well as full-time students and employees.
3. The decal shall be permanently affixed to the rear window (right side) or rear bumper (right side) so that permit is clearly visible from behind. Motorcycles and similar vehicles shall display the permit on the rear of the vehicle so that it is clearly visible from behind.
4. If a decal is lost, becomes illegible, or invalid due to expiration, it is the student's and employee's responsibility to immediately register the vehicle.
5. Decals are non-transferable.
6. The person who registered a vehicle, and was issued a decal for it, is at all times responsible for that vehicle, regardless of who is driving the vehicle. If the vehicle is sold, the decal should be removed.
7. Parking decals are subject to revocation by the Administration in the event of repeated violations of campus parking and traffic regulations.
8. Handicapped parking will be by decal issued by the state of Florida only. Contact the Pensacola State College Police Department for additional information.

## Parking Regulations

1. Backing into or pulling through campus parking spaces is prohibited. The vehicle decal displayed on the rear of the vehicle must be visible from parking lot thoroughways at all times.
2. Student parking decals allow parking in all unmarked parking spaces and in areas with a white curb. Other curb colors are reserved as follows: Green Curb — employee parking; Red Curb — visitor parking; Blue Curb — handicapped parking.
3. Reserved spaces are restricted Monday through Friday, 7 a.m. to 5 p.m. Handicapped parking spaces are reserved at all times.
4. If it is necessary to drive an unregistered vehicle on campus, contact the office where you received the decal. They will issue a temporary parking decal.
5. Visitor spaces are reserved for non-student, non-employee visitors.
6. If overnight parking is necessary, please notify the Pensacola State College Police Department.

## Traffic Regulations

1. No person shall willfully fail or refuse to comply with any lawful order or direction of any Police Department employee with authority to direct, control, or regulate traffic.
2. Police Department employees shall place traffic control devices (signs, signals, markings), in compliance with state laws and city ordinances, as is deemed necessary for the safe regulations of traffic. No one will willfully fail or refuse to comply with such a traffic control device. No one will alter, deface, injure, knock down, or remove traffic control devices.
3. All drivers shall operate their vehicles in accordance with the traffic laws of the state of Florida while on Pensacola State College campuses.
4. No person shall drive a vehicle at a speed greater than is reasonable and prudent under the actual and potential hazards then existing, regardless of the posted speed limit. The speed limit on College Boulevard, Underwood Drive, and Airport and 12th Avenues is as posted. Congested areas and bad weather may require slower speeds. The speed limit in all campus parking lots and on all service or access roads is 10 MPH or as otherwise posted.
5. The driver of any vehicle involved in an accident resulting in injury or death of any person, or damage to the property of another, shall immediately stop the vehicle at the scene of the accident and remain there until the requirements below have been fulfilled:
  - The driver shall render any aid possible to any person injured, including arranging for transportation of injured person to a hospital.
  - The driver shall give his or her name and address, and the identification number of his or her vehicle, and shall, upon request, exhibit his or her driver's license to an officer of the Pensacola State College Police Department and/or to the person struck.
  - The driver shall immediately notify the Pensacola State College Police Department and shall remain at the scene of the accident until an investigation is complete.
  - If the accident involves a collision with an unattended vehicle, the driver shall immediately stop and notify the Pensacola State College Police Department.

## Other Regulations and Provisions

1. The parking and traffic regulations apply to motorcycles, Motor scooters, and mopeds just as they apply to other vehicles.
2. Motorized vehicles operated by Pensacola State College employees are permitted to operate on campus sidewalks, as are vehicles for disabled persons. The pedestrians will always have the right of way.
3. Every operator and passenger of a motorcycle or motor scooter shall wear an approved safety helmet, as required by law, while the vehicle is in motion.
4. College vehicles on emergency business are exempt from the rules in this section.
5. Skateboarding, skating, rollerblading and riding scooters is prohibited in any Pensacola State College campus area.
6. The college assumes no responsibility for any damage to motor vehicles, or for any other loss, while the car is driven or parked on campus.
7. During special events, certain parking and/or driving areas may be restricted.
8. Bicycles will not be brought inside Pensacola State College buildings at any time when made by an organized student group recognized by the college.

## OTHER SUPPORT SERVICES

### Snack Bar/Vending

The college contracts for various food and vending services for the convenience of students, faculty, and college staff. Self-service vending is widely available, with beverage and snack vending machines available on each campus. Snack bar operations are available on the Pensacola Campus during the hours posted in appropriate areas. Student scholarship funds are routinely enhanced through vending commissions, made possible through use of the college vending operations.

### College Bookstores

The College has bookstores on all three campuses to provide textbooks and supplies for sale to students, faculty, staff, and the community. Commissions from the bookstore operations fund scholarships for many Pensacola State College students. Books and supplies required for each course are kept in the college bookstores. Textbooks may also be purchased via the website at [www.efollett.com](http://www.efollett.com). In addition to new and used textbooks, the stores also carry Pensacola State College imprinted notebooks, imprinted clothes, a large selection of college outline, preparation and reference books, and other assorted supplies.

Refunds on textbooks are allowed within 7 days from the first day of class. A sales receipt is required. A full refund is given if books are returned in the same condition as when purchased.

The college bookstores provide students the opportunity to sell their textbooks throughout the year. Highest used market value is paid for editions which will be used in the upcoming term, and national wholesale value is offered for all other titles. A picture ID is required.

Books and supplies may be purchased by cash, check, Visa, MasterCard, Discover, American Express, or by authorization from the Financial Aid Office or other certifying office. Students may write checks for the amount of purchase or up to \$5 over the purchase amount. Checks must include an address and a phone number. A driver's license or state identification card is required.

### Health Clinic

A health clinic, located on the Pensacola Campus and under the supervision of a registered nurse, is available to assist students, faculty, and staff in the event of an accident or illness. If the nurse is needed at the scene of an accident or emergency illness, the Public Safety Office should be contacted at (850) 484-2000. The Health Clinic is located in the Lou Ross Health/ Sports Center. Services are provided free of charge. Hours of operation are 7:30 a.m. to 4 p.m. daily during fall and spring semester and 7 a.m. to 5 p.m. during summer semester.

### Housing

The College does not provide housing facilities. A local apartment and condominium guide is available free of charge from the Student Leadership and Activities Office on each campus.

## Alcohol/Drug Education and Prevention Information

Recognizing that the use and abuse of mind-altering substances represents a serious threat to the College's mission, the College has devoted significant effort to the prevention of these problems. These efforts include: educational programming, media presentations curriculum resources, and referral services. For more information, contact the office of the director of Student Life, (850) 484-1689.

### AIDS Policy

The Pensacola State College AIDS policy is on file in each college department and is available to all students.

## ACTIVITIES AND SPECIAL PROGRAMS

### Student Leadership Activities Office

The Student Leadership and Activities Office provides a common point of contact and coordination between students and student organizations. A variety of services exists on each campus. For a complete listing, contact the Student Leadership and Activities Office, located in Room 510 of the Pensacola Campus Student Center.

### Posting Student Notices

All notices placed on the various bulletin boards in college buildings must be approved through the appropriate campus Student Leadership and Activities office prior to posting. No notices are to be posted in locations other than these bulletin boards. A housing bulletin board is available on the Pensacola Campus in the Student Center to advertise rooms for rent, search for roommates, etc.

### Student Organizations

All organizations, except honor societies, are open to all students with a GPA of 2.0 or above, regardless of race, creed, color, gender, age, marital status, national origin, or disability. Membership in an honor society is by invitation only. Students interested in joining a Pensacola State College club or organization should inquire at the Student Leadership and Activities office for information on procedures and people to contact. Student Organization Guidelines are listed later in this section.

 Jared Sparks Historical Society  
 Muse League  
 Music Society  
 Outdoor Recreation  
 Senior Citizens Club  
 Student Government Association  
 Surf Club

**Student Honor Organizations****STUDENT AMBASSADOR PROGRAM**

The Student Ambassador Program was created to increase recruitment and retention at Pensacola State College. The Ambassadors are a group of 12 Pensacola State College students who are chosen through an interview process to represent Pensacola State College in many different capacities. Ambassadors receive a stipend each semester for their hours worked during the semester. In order to be eligible for the program a student must have completed 12 semester hours, maintained a 2.5 GPA cumulatively and each semester. Student Ambassadors are chosen in the spring semester for the following year. Interested students should contact the Enrollment Services Office at (850) 484-2076.

**PHI THETA KAPPA**

Phi Theta Kappa is recognized by the American Association of Community and State Colleges as the official honor society of two-year colleges. The hallmarks of Phi Theta Kappa are Leadership, Scholarship, Fellowship and Service. Eligible students must be enrolled in an A.A., A.S or A.A.S. program at Pensacola State College, have completed 12 semester hours of college credit at Pensacola State College, and attained a cumulative GPA of 3.5. All students who meet the minimum requirements are eligible for membership and are encouraged to attend the chapter's new members' orientation meeting in the beginning of the fall and spring terms. Payment of dues and other important information will be introduced at this time. Pensacola State College has three chapters of Phi Theta Kappa:

- Theta Chi, Pensacola Campus
- Beta Alpha Psi, Warrington Campus
- Beta Beta Gamma, Milton Campus

Phi Theta Kappa allows for many different levels of involvement. The personal rewards and satisfaction derived from membership far outweigh the time contributed to the chapter's success. Pensacola State College honors Phi Theta Kappa members in the graduation program and at the Annual Commencement Ceremony where members proudly wear the distinctive gold Phi Theta Kappa stoles and tassels. Phi Theta Kappa membership is displayed prominently on each member's official transcript. Opportunities are available as well for members to apply for Phi Theta Kappa scholarships at various colleges and universities.

Provisional membership is available for Pensacola State College students with a 3.5 documented high school GPA but less than 12 credits at Pensacola State College. These students are eligible for membership when meeting the above requirements.

**Specific Discipline Honor Organizations**

Outstanding academic performance by students in various disciplines is recognized by honor organizations for students in the respective disciplines. These honor organizations are open to Pensacola State College students with high academic performance, and they also afford a variety of activities and opportunities for recognition and service.

**Student Organization Guidelines**

Pensacola State College recognizes student organizations that exist to promote the social, moral and educational well being of their members. Recognition of an on-campus organization by the college is granted and maintained, provided the organization demonstrates continued acceptable social behavior and sound fiscal management. The College delegates to the Student Leadership and Activities Office the authority to approve, censure, or deny privileges to campus organizations. Such authority, however, is subject to review by the College President. Organizations seeking affiliation with other organizations not under the jurisdiction of Pensacola State College must first have the approval of the College President. The Student Leadership and Activities Office are available to organizations for counsel and assistance on all campuses. Final responsibility for the good name and standing of an organization rests solely on its members. All student organizations' regulations, and the provisions of student organizations' constitutions, must be consistent with national, state and county laws, and the policies of the District Board of Trustees.

**Student Membership**

Membership is open to any student who meets one of the following:

1. A current cumulative GPA of 2.0 or higher at Pensacola State College.
2. A cumulative GPA of 2.0 or higher from their previous college/university (if new transfer student).
3. A cumulative GPA of 2.5 or higher from high school (if a new student).

Grades earned from Developmental Studies classes may be used if they are the only classes that the student has taken and may not be used to determine membership eligibility once the student begins college credit classes.

**Obtaining Campus Charters**

To obtain a campus charter, representatives of a student organization must first consult with the appropriate SGA advisor. They must also provide the advisor with the following:

1. Statement of purpose.
2. The proposed constitution.
3. Bylaws incorporating the College's anti-hazing policy (see anti-hazing policy in this catalog/handbook).
4. Name of faculty advisor(s) approved by the campus dean.
5. List of prospective members who must be Pensacola State College students.

The advisor will then present the charter request to the Student Government Association (SGA). The SGA's recommendation for charter and the proposed constitution will then be forwarded to the College President for review and signature.

**Common Responsibilities**

1. Secure one or more approved advisors who either attend meetings or approve the meeting's agenda in advance. An advisor should be present at all meetings held after 5 p.m. An advisor may be any individual employed at Pensacola State College as an instructor, administrator or career service employee. Student Leadership and Activities Manuals are available for all advisors in the Student Leadership and Activities office.
2. Accept all responsibility for organizational financial matters of the individual organization. No action on the part of any organization, collectively, or by individual members shall incur any indebtedness to Pensacola State College.
3. Furnish to the Student Leadership and Activities office a complete list of officers and members. Also, within two weeks of the beginning of the spring and fall terms, furnish the times and places of meetings as well as the name(s) of the advisor(s). Any changes in the organization's constitution or purpose must be placed on file in the Student Leadership and Activities office.

4. Limit membership to current Pensacola State College students maintaining a minimum 2.0 semester grade point average. Students joining a club or organization directly from high school or without any college credits must have a minimum 2.5 cumulative GPA from high school.
5. Drop any member who fails to maintain the required 2.0 semester GPA. College Prep grades may be utilized to determine club eligibility only until college credit classes are started.
6. Furnish a report of the names, addresses, and telephone numbers of officers for the coming year along with a list of major activities engaged in during the previous year. This report is to be filed in the Student Leadership and Activities office three weeks prior to the end of the spring term.
7. Refrain from any type of hazing. See Anti-Hazing Policy.
8. Any SGA-chartered club or organization that sponsors an activity or event on or off the campus must submit a detailed outline of the activity to the appropriate campus Student Leadership and Activities coordinator no later than two weeks in advance of the event or activity. Each activity is to be approved by the Student Leadership and Activities coordinator, the club sponsor, and the department head with oversight of the facility being used (if held on campus). The Student Leadership and Activities coordinator will meet with the sponsoring organization to discuss the proposed plans and assist with ideas/suggestions to help insure the success of the activity. Activity forms are available in the Student Leadership and Activities office.
9. Complete and return a re-chartering request to the Student Leadership Activities Office each term.
10. All funded clubs must present one campus-wide event each fall and spring term and meet all other obligations set forth by the Student Leadership and Activities office.
11. In order for clubs to receive funding, all club members in each club must receive annual training the Rape Risk Reduction Office. Failure to do so will result in the cancellation of funding for the following year.

### Penalties

Organizations failing to fulfill the above responsibilities are subject to the following penalties:

1. Forfeiture of social privileges.
2. Forfeiture of representation in student publications.
3. Forfeiture of representation in intramural or other competitive campus activities.
4. Forfeiture of campus charter.
5. Suspension of campus charter.
6. Suspension of members' rights to participate in other campus activities or organization.s
7. Trial of officers or members suspected of violating the Pensacola State College Honor Code.
8. Any penalty as set forth in the College statement on student rights and responsibilities. Penalties may be prescribed for organizations by the SGA for infractions of a minor nature in accordance with procedures outlined in the College statement on student rights and responsibilities.

### Organization Activities

#### TIME

Evening activities may be held on campus on Fridays, Saturdays, Sundays or evenings preceding holidays. Registered social functions may be held on the campus or at a place approved in advance by the Student Leadership and Activities office. Requests for approval of location should be submitted one week prior to the planned date of the activity.

#### REGISTERED ACTIVITIES

Approved social activities of student organizations must be registered in the Student Leadership and Activities office. Registration of the activity is completed by filling out an activity form available in the office. If a club or organization enters into a contractual agreement with any group that will be using Pensacola State College facilities, a copy of the contract must be filed in the Student Leadership and Activities office and reviewed before approval will be given to the activity.

#### SPEAKERS

Guest speakers on campus must also be approved by the College. Completed applications for approval must be submitted to the Student Leadership Activities Office at least 10 calendar days prior to the date of the proposed speaking engagement.

### CHAPERONES

All registered social functions, either on or off campus, are required to have chaperones in attendance. The chaperones may be an advisor and spouse or any couple, one of whom is employed by the College as an instructor, an administrator, or a member of the professional staff. Only employees of the College may receive student activity per diem expenses. Chaperones shall exact appropriate conduct from attending students and shall affect proper regard for college regulations at social functions. Instructions for chaperones, outlining their responsibilities, are available in the Student Leadership and Activities offices.

### STUDENT GOVERNMENT ASSOCIATION

The College provides an opportunity for experience in self-government on each campus. A student may hold any office in the Student Government Association (SGA), other college organization, or represent the College in any manner if he/she satisfies the requirements stated by the organization's constitution. Students are the constituents of the academic community of Pensacola State College. As such, they are entitled to express their opinions on subjects involving their intellectual, social, physical and moral development and to participate in the formulation of institutional policy which affects their general interest and welfare. The SGA is the primary vehicle for student expression and participation in the democratic process.

The SGA should serve to promote a climate encouraging responsible participation and leadership in the college community; to further understanding and a positive relationship between the student body and the faculty and administration; and to lead actions beneficial to the college community as a whole. Current copies of the SGA's Constitution are on file in the Student Leadership and Activities Office.

#### Scope of Authority

The Pensacola State College SGA is recognized as the official student body government and shall serve to express the will of the general college body. The College shall work with the SGA in seeking the opinions and assistance of the general student body on matters of their proper concern.

The SGA is responsible for establishing and enforcing its own rules of procedure. Such rules must not be in conflict with the policies of the College or laws of the state and national government.

The Student Government Association is responsible for the following:

1. Budgeting student leadership and activities funds.
2. Chartering prospective student organizations.
3. Informing the organizations of the necessity of compliance with all organizational regulations.
4. Recommending changes necessary for the successful and proper functioning of organizations.
5. Taking action against organizations when violations of regulations occur.
6. Encouraging various student publications to publish such notices as it deems necessary for the information of the student body.
7. Informing students of its role, of the students' roles, and of the necessity of student participation in maintaining effective student government and the democratic process.
8. Promoting, endorsing, and continually striving to improve the honor system described in Article IV of the Constitution.
9. Expressing choices and making recommendations for speakers and entertainers for the Pensacola State College Lyceum series.
10. Participating in the formulation of policies regulating student conduct through representation on committees charged with drawing up codes of conduct.
11. Requesting appropriate changes in college policy not directly under the control of the SGA, such as changes in curriculum, to the appropriate faculty committee or administrative official.
12. Receiving petitions from students who wish to express their opinions or suggest changes to college policy.
13. Establishing special committees to study particular problems.

Actions of the SGA shall be subject to review by officials authorized to do so by the Constitution or by the College President. The President or designated representative has the responsibility of improving communications between faculty and students.

# STUDENT RESPONSIBILITIES

## OFFICE OF STUDENT LIFE

The Office of Student Life, located on the Pensacola campus, assists students by conducting AIDS Education workshops, acting as a mediator in non-academic grievances that have not been resolved by the department, making available current information on students' rights, listening to complaints or criticisms with an open mind and following up quickly, providing a fair and impartial hearing for any student accused of violating the Pensacola State College Code of Conduct and/or state law, and providing drug education information and referral.

## BASIC STUDENT RESPONSIBILITIES

The statement which follows was prepared by a student-faculty committee after an extensive and intensive review and study of the college's rules and regulations governing students and student organizations. The purpose of this statement is to clarify for students and to assist students in understanding the position of the college on matters of student rights and responsibilities. This statement endorses a concept of community responsibility wherein students will be provided the opportunity to develop an independent capacity to search for truth and formulate educational goals.

### Introduction

A student is first a citizen of his or her country, and as such is entitled to its freedoms and benefits as well as being responsible for compliance with its laws and regulations — local, state and national. Similarly, when a person enrolls at Pensacola State College, he or she becomes a member of the academic community of which membership brings to the student certain responsibilities. In this sense, the relationship between the student and the college is a voluntary agreement, or contract, which involves rights and responsibilities designed to accomplish with maximum order and effectiveness the goals of the college.

Enrollment at this institution is not compulsory. The Federal Constitution protects the equality of opportunity for all qualified persons to enroll at Pensacola State College. Enrollment is voluntary. Since enrollment is voluntary, the student voluntarily assumes the obligations of performance and behavior reasonably imposed by the institution relevant to its lawful mission, processes and functions. The institution assumes the obligation of establishing guidelines and taking necessary steps to assure compliance with this obligation. The rights of the students to learn and of the faculty to teach are obligations the institution is charged to uphold. The institution will, therefore, take the necessary steps to protect those rights.

No member of the academic community may, without liability to lawful discipline, intentionally act to impair or prevent the accomplishment of any lawful mission, process, or function of the institution.

### Student Responsibilities

1. The student is responsible for compliance with regulations contained in the college Catalog/Student Handbook, and in any bulletins, letters or memoranda issued by the president or his or her designated representatives.
2. The student should strive to become an active learner and engage in free discussion, inquiry, and expression where appropriate.
3. The student should make every effort to be present for class sessions throughout the term so that sufficient basis is established for grading.
4. The student is responsible for learning the content of any course as required by the instructor.
5. The student should be punctual and prepared for class.
6. The student is responsible for his or her own and his or her classmate's honesty in the classroom, according to the Student Honor Code.
7. The student is responsible for his or her actions on campus and in the classroom.
8. The student is responsible for reviewing his/her Pirate Mail account on a frequent and regular basis.

## College Authority Regarding Students

1. Under the authority of the State Board of Education (Regulation No. 6A-14.56), the District Board of Trustees of Pensacola State College is required to establish policies and procedures governing the behavior and discipline of students.
2. The delegated authority of the college to impose penalties will be asserted when the Code of Conduct as described on page 19 is violated.
3. When the activities of students results in violation of federal, state or local laws, those students who violate such laws will be penalized as prescribed by civil and institutional authorities.
4. Student organizations are also responsible for compliance with the policies set forth in this section.
5. Activities sponsored by the college, including student groups participating off campus in college-sponsored or related activities, shall be subject to supervision by the college.

## Policy Information

A student who wishes to suggest changes in the academic policy of the college (policy concerning curriculum, attendance, grading, etc.) should submit a written recommendation to the Student Government Association for evaluation. The SGA may approve or disapprove the suggestion. If approved, the proposal will be submitted by the SGA through administrative channels to the president of the college for action.

## Classroom Activity

1. The professor, in the classroom and in conference, should encourage free discussion, inquiry and expression. Student performance should be evaluated solely on an academic basis, not on opinions or conduct in matters unrelated to academic standards.
2. Students should be free to take reasoned exception to the data or views offered in any course of study, and to reserve judgment about matters of opinion. They are responsible, however, for learning the content of any course of study for which they are enrolled.
3. Students should be evaluated through orderly procedures. At the same time, they are responsible for maintaining standards of academic performance established for each course in which they are enrolled.

## Class Attendance

Regulations governing punctual and regular class attendance are outlined under the Academic Regulations and Policies section.

## Dress and Appearance

Students are expected to dress and maintain their personal appearance in a manner which will not endanger their health, welfare or safety. This will be in accordance with state and local laws and the college's Code of Conduct.

## Student Honor Pledge

All students enrolled at Pensacola State College are expected to fulfill the Honor Pledge, which is as follows:

"I pledge myself to uphold the highest standards of truth, honor and integrity. I refuse to tolerate violations of these standards on the part of any other student."

### THE FOLLOWING SHALL BE CONSIDERED INFRACTIONS OF THE HONOR PLEDGE:

1. Lying is a deliberate falsification of facts. It includes a deliberate act of deception or the telling of an untruth during direct questioning before members of authority, either fellow students or faculty members.
2. Cheating is giving or receiving aid, whether written, oral or otherwise, in order that a student may receive undeserved credit.

## STUDENT CODE OF CONDUCT

When students enroll at Pensacola State College, they are responsible for compliance with regulations in the college Catalog/ Student Handbook, and any bulletin, letters or memoranda issued by the president or his/her delegated representatives. No member of the academic community may, without liability to lawful discipline, intentionally act to impair or prevent the accomplishment of any lawful mission, process, or function of the institution.

Recognizing that the college has the responsibility of providing an atmosphere within which its students can pursue their respective academic goals and realize the opportunities afforded them by the college, a Code of Conduct was established to govern students enrolled at Pensacola State College.

Expulsion, suspension, or any lesser penalty may be imposed upon any student enrolled at Pensacola State College who participates in any of the following offenses:

1. Furnishing false information (written or oral) to the college with intent to deceive;
2. Forgery, alteration or misuse of college documents, records, or identification cards;
3. Assault and battery;
4. Malicious destruction, damage, or misuse of public property, including library materials, or private property on campus;
5. Attempted or actual theft, larceny, embezzlement, or the temporary taking of the property of another;
6. Issuing bad checks;
7. Gambling;
8. Vandalism;
9. Disorderly conduct or unlawful assembly;
10. Participation in hazing (see anti-hazing policy);
11. Obscene conduct or public profanity;
12. Illegal manufacture, sale, possession, or use of narcotics, marijuana, hypnotic, sedatives, tranquilizers, stimulants, hallucinogens, and other similar known harmful or habit-forming drugs and/or chemicals;
13. Possession or use of alcoholic beverages on campus, on field trips or at other instructional sessions off campus;
14. Drunkenness or intoxication;
15. Possession on person or in vehicle, display or discharge of a firearm, pellet gun, air rifle, or other such weapon. Law enforcement officers attending class on campus may carry a weapon if required to do so by the policies of the law enforcement agency by which such officers are employed;
16. Possession on person or in vehicle, display or use of any dangerous instrument, including, but not limited to, knives, fireworks, explosive chemicals, box cutters and razor blades (with the exception of a common pocket knife, plastic knife, or blunt-bladed table knife);
17. Exhibitionism in the form of nudity or indecent exposure of the person;
18. Interference with the freedom of movement of any member or guest of the college;
19. Deliberately impeding or interfering with the rights of others to enter, use or leave any college facility, service, or scheduled activity, or to carry out their normal functions or duties;
20. Deliberate interference with academic freedom and freedom of speech of any member or guest of the college;
21. Deliberate disruption of any class (in any format), meeting, or college function;
22. Occupation of any college facility, when unauthorized, through participation in "sit-in," "lie-in," or similar activities;
23. Failure to comply with directions of college officials or campus Police in performance of their duties and/or failure to identify oneself to one of these persons when requested to do so;
24. The active threat of violence against any member or guest of the college;
25. Participation in any activity which disrupts or interferes with the orderly process of operation of the college;
26. Failure to respond to an administrative summons;
27. Extortion;
28. Sexual harassment, sexual assault;
29. Use of college computers and/or technology resources to send, receive or view obscene or sexually explicit messages/pictures;

30. Violations of federal and state law, respective county and city ordinances and all college and District Board of Trustees rules and regulations;
31. Electronic Devices, such as cell phones, cell phone cameras, IPODS, pagers, etc. are to be turned to the "off position" while attending a class or lyceum program.

## PLAGIARISM AND ACADEMIC CHEATING

Plagiarism and academic cheating are serious offenses. An instructor may take action against any student who is suspected of plagiarism or academic cheating. The action taken may be the awarding of a failing grade on the assignment in question or withdrawal from the course with the assignment of an Early "F". A student who disputes the allegation of plagiarism or academic cheating may discuss the situation with the instructor. If the student does not reach resolution after discussion with the instructor, the student may discuss the situation with appropriate academic officers beginning with the department head and campus provost.

Plagiarism involves presenting the work, words or ideas of another student or writer without proper citation, even if unintentionally. Presenting someone else's work as your own, even if in your own words, is plagiarism. It is plagiarism if the work you present is derived from the work of any other person, including among others, any other student or college faculty member. It is plagiarism if the work you present is derived from any work, including among other things, any work of a literary, musical, dramatic, pictorial, graphic, sculptural, motion picture, sound recording, audiovisual or architectural nature, and regardless of the medium in which it is fixed, whether written, stored electronically, or in any other form by which it can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. Presenting plagiarized work as your own may also constitute infringement under Federal copyright laws (Title 17 U.S.C.).

## ANTI-HAZING POLICY

No student or other person associated with Pensacola State College shall engage in any "hazing" activities as that term is described herein below.

As used herein, "hazing" means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of Pensacola State College. Such term shall include: beating, branding, forced calisthenics, or exposure to the elements; forced consumption of any food, liquor, drug or other substance; or any other forced physical activity which could adversely affect the physical health or safety of the individual; and any other forced activity which could adversely affect the mental health or dignity of the individual. Any activity as described above upon which the initiation or admission into or affiliation with a Pensacola State College organization is directly or indirectly conditioned shall be presumed to be a "forced" activity, the willingness of an individual to participate in such activity notwithstanding.

Any student or other person associated with a Pensacola State College organization who engages in any hazing activity, on or off campus, may be subject to the following penalties:

1. Fine up to \$100;
2. Withholding of diploma or transcript pending payment of any fine imposed;
3. Probation.

If the hazing activities are willful and flagrant violations of this policy and/or if the hazing consists of brutality of a physical nature, the student or other person associated with a Pensacola State College organization who engages in such hazing activities may be suspended or dismissed.

Any Pensacola State College organization which authorizes hazing in blatant disregard of this policy may be subject to the following penalties:

1. Suspension or forfeiture of social privileges;
2. Suspension or forfeiture of representation in student publications;
3. Suspension or forfeiture of representation in intramural or other competitive campus activities;
4. Suspension of individual members' rights to participate in other campus activities or organizations.

The penalty to be imposed on a Pensacola State College organization which authorizes hazing in blatant disregard of this policy will depend upon the facts of each incident. Repeated violation of this policy may result in the suspension or forfeiture of the organization's campus charter.

Any penalties for violation of the college's Anti-Hazing Policy shall be in addition to those penalties imposed for violation of any of the criminal laws of the state of Florida or for violation of any other rule promulgated by this college to which the violator may be subject.

Any student or other person associated with a Pensacola State College organization charged with the violation of the college's Anti-Hazing Policy shall be entitled to a hearing and to the same procedural rights as any student accused of violating the college's Code of Conduct.

To communicate and implement the college's Anti-Hazing Policy, the following actions shall be taken.

1. Each college organization advisor shall be given a copy of the college's Anti-Hazing Policy and shall be charged with the responsibility of informing the organization of the adoption of this policy.
2. Each college organization shall be required to incorporate the college's Anti-Hazing Policy in its bylaws and to submit a copy of its revised bylaws to the Student Leadership and Activities office.
3. A copy of the Anti-Hazing Policy, rules and penalties is available to each student.
4. The college's Anti-Hazing Policy shall be printed in the college Catalog.
5. A representative of the college will meet with each student organization at the beginning of each school year to review, discuss and answer all questions relating to the college's Anti-Hazing Policy.

Any amendment to the college's Anti-Hazing Policy, rules or penalties shall be submitted to the State Board of Education for its approval within ten (10) days after the adoption of such amendment.

## CHILDREN ON CAMPUS

1. Individuals who are not registered may not attend classes or labs unless expressly authorized to do so by the appropriate administrator.
2. Individuals who bring children to campus are responsible for their supervision at all times. College officials are to contact a parent or other party responsible for children left unattended on campus and inform them that children must be properly supervised while on campus.
3. Administrators and faculty members have the authority to enforce these guidelines.
4. Individuals who bring children to campus and refuse to abide by these guidelines are to be referred to the chief Student Affairs officer on the appropriate campus.
5. No children are permitted in labs, shops, clinical areas, or any area where potential hazards exist, with the exception of children directly involved in the instructional process (e.g., as patients in the Dental Clinic or observed children in the Child Care Lab).

## TRESPASSING

Pensacola State College adheres to Florida law addressing the crime of trespassing. Although, as a community college, we are open to the general public, specific situations may constitute the crime of trespassing. In those cases, any law enforcement officer may arrest, either on or off the premises, and without warrant, any person whom the law enforcement officer has probable cause to believe has committed any of the specific offenses addressed in the following Florida laws:

FS.S. 810.08	Trespass in Structure or Conveyance
FS.S. 810.09	Trespass on Property Other than Structure or Conveyance
FS.S. 810.095	Trespass on School Property with a Firearm or Other Weapon Prohibited
FS.S. 810.097	Trespass Upon the Grounds of a School Facility

Florida State Statutes are accessible through the following website: [www.flsenate.gov/Statutes/index.cfm](http://www.flsenate.gov/Statutes/index.cfm). Additionally, an individual may be removed from campus for violation of any applicable Board Policy and Procedure.

## STUDENT MOTOR VEHICLE REGULATIONS

### Registration

1. All students and employees operating motor vehicles on any Pensacola State College campus must register their vehicles at the time of class registration, or upon employment. Register in the Pensacola State College Police Department on any Pensacola State College campus.
2. Registered vehicles will be issued a Pensacola State College parking decal. To obtain a decal, the student must present a current student identification card (or receipt for fees paid) and a current vehicle registration. Employees must present a Pensacola State College ID or a copy of their contract, as well as their vehicle registration. There is no charge for parking decals. Vehicle registration procedures apply to part-time as well as full-time students and employees.
3. The decal shall be permanently affixed to the rear window (right side) or rear bumper (right side) so that permit is clearly visible from behind. Motorcycles and similar vehicles shall display the permit on the rear of the vehicle so that it is clearly visible from behind.
4. If a decal is lost, becomes illegible, or invalid due to expiration, it is the student's and employee's responsibility to immediately register the vehicle.
5. Decals are non-transferable.
6. The person who registered a vehicle, and was issued a decal for it, is at all times responsible for that vehicle, regardless of who is driving the vehicle. If the vehicle is sold, the decal should be removed.
7. Parking decals are subject to revocation by the Administration in the event of repeated violations of campus parking and traffic regulations.
8. Handicapped parking will be by decal issued by the state of Florida only. Contact the Pensacola State College Police Department for additional information.

### Parking Regulations

1. Backing into or pulling through campus parking spaces is prohibited. The vehicle decal displayed on the rear of the vehicle must be visible from parking lot throughways at all times.
2. Student parking decals allow parking in all unmarked parking spaces and in areas with a white curb. Other curb colors are reserved as follows: Green Curb — employee parking; Red Curb — visitor parking; Blue Curb — handicapped parking.
3. Reserved spaces are restricted Monday through Friday, 7 a.m. to 5 p.m. Handicapped parking spaces are reserved at all times.
4. If it is necessary to drive an unregistered vehicle on campus, contact the office where you received the decal. They will issue a temporary parking decal.
5. Visitor spaces are reserved for non-student, non-employee visitors.
6. If overnight parking is necessary, please notify the Pensacola State College Police Department.

## Traffic Regulations

1. No person shall willfully fail or refuse to comply with any lawful order or direction of any Police Department employee with authority to direct, control, or regulate traffic.
2. Police Department employees shall place traffic control devices (signs, signals, markings), in compliance with state laws and city ordinances, as is deemed necessary for the safe regulations of traffic. No one will willfully fail or refuse to comply with such a traffic control device. No one will alter, deface, injure, knock down, or remove traffic control devices.
3. All drivers shall operate their vehicles in accordance with the traffic laws of the state of Florida while on Pensacola State College campuses.
4. No person shall drive a vehicle at a speed greater than is reasonable and prudent under the actual and potential hazards then existing, regardless of the posted speed limit. The speed limit on College Boulevard, Underwood Drive, and Airport and 12th Avenues is as posted. Congested areas and bad weather may require slower speeds. The speed limit in all campus parking lots and on all service or access roads is 10 MPH or as otherwise posted.
5. The driver of any vehicle involved in an accident resulting in injury or death of any person, or damage to the property of another, shall immediately stop the vehicle at the scene of the accident and remain there until the requirements below have been fulfilled:
  - The driver shall render any aid possible to any person injured, including arranging for transportation of injured person to a hospital.
  - The driver shall give his or her name and address, and the identification number of his or her vehicle, and shall, upon request, exhibit his or her driver's license to an officer of the Pensacola State College Police Department and/or to the person struck.
  - The driver shall immediately notify the Pensacola State College Police Department and shall remain at the scene of the accident until an investigation is complete.
  - If the accident involves a collision with an unattended vehicle, the driver shall immediately stop and notify the Pensacola State College Police Department.

## Other Regulations And Provisions

1. The parking and traffic regulations apply to motorcycles, motorscooters, and mopeds just as they apply to other vehicles.
2. Motorized vehicles operated by Pensacola State College employees are permitted to operate on campus sidewalks, as are vehicles for disabled persons. The pedestrians will always have the right of way.
3. Every operator and passenger of a motorcycle or motorscooter shall wear an approved safety helmet, as required by law, while the vehicle is in motion.
4. College vehicles on emergency business are exempt from the rules in this section.
5. Skateboarding, skating, rollerblading and riding scooters is prohibited in any Pensacola State College campus area.
6. The college assumes no responsibility for any damage to motor vehicles, or for any other loss, while the car is driven or parked on campus.
7. During special events, certain parking and/or driving areas may be restricted.
8. Bicycles will not be brought inside Pensacola State College buildings at any time.

## FUNDRAISING ACTIVITIES

Only college-recognized organizations may conduct fundraising projects. Such organizations may sell on campus consumable goods, if prepared in accordance with health department regulations, as well as nonconsumable goods or services in order to raise funds for the support of activities, provided that this provision shall not be construed to allow the raising of funds for the support of activities or causes unrelated to the local college community, unless expressly authorized by the president or his/her designated representative. In the event that any controversy arises over whether a particular project is designed to raise funds for activities or causes unrelated to the local college community, or whether any item is improper for sale, the president or his/her designated representative shall resolve the controversy.

Any organization desiring to conduct a fundraising project on campus shall submit a written request describing the project to the appropriate Student Leadership and Activities office on the form available from that office at least two (2) weeks prior to the time that the organization desires to conduct the project. The completed form shall contain the signature of the organization's president and advisor, if applicable, when submitted to the appropriate Student Leadership and Activities office for consideration. The activity may commence only after approval by the provost or the provost's designated representative.

Solicitation of donations, directly or indirectly, for support of any cause shall not be permitted on campus unless written permission from the president or his/her designated representative is first obtained.

This provision shall not be construed to allow the sale of printed matter as a fund raising project. The sale of printed matter on campus is not permitted except within the operation of the college bookstores.

Fundraising projects must not conflict with other scheduled projects or programs and must be in accordance with local, state and federal laws.

## SPEECH AND PUBLICATION GUIDELINES

### Guest Speakers

The freedom of speech and assembly guaranteed by the First and Fourteenth amendments of the United States Constitution shall be enjoyed by the students of Pensacola State College including the opportunity to hear off-campus or outside speakers on the college campus. Free discussions of subjects of controversial nature shall not be curtailed.

Students at Pensacola State College are expected to accept fully the responsibilities that accompany the freedoms of speech and assembly which they enjoy. When inviting an outside speaker, a student organization is charged with the responsibility of making a choice that reflects the students' genuine concern for the best interest and welfare not only of their own organization but of the college and the community as well.

Policies concerning the issuance of invitations to outside speakers shall be limited to the following:

1. A request to invite an outside speaker will be considered only when made by an organized student group recognized by the college.
2. Invitations by an organized group shall not be issued to an outside speaker without prior written concurrence by the president of the college, or such person or committee as may be designated by the president (such person or committee thereafter referred to as his/her authorized designee), for scheduling of speaker dates and assignments of campus facilities.

3. Any speaker request shall be made in writing by an officer of the student organization desiring to sponsor the proposed speaker not later than 10 calendar days prior to the date of the proposed speaking engagement. This request shall contain the name of the sponsoring organization; the proposed date, time and location of the meeting; the expected size of the audience; and topic of the speech. Any request not acted upon by the president, or his/her authorized designee, within four days after submission shall be deemed granted. A request made by a recognized organization may be denied only if the president or his/her authorized designee determines, after proper inquiry, that the proposed speech will constitute a clear and present danger to the institution's orderly operation by the speaker's advocacy of such actions as:
  - a. The violent overthrow of the government of the United States, the state of Florida, or any political subdivision thereof; or
  - b. The willful damage or destruction, or seizure and subversion of the institution's buildings or other property; or
  - c. The forcible disruption or impairment of, or interference with, the institution's buildings or other property; or
  - d. The physical harm, coercion, intimidation or other invasion of lawful rights of the institution's officials, faculty members or students; or
  - e. Other campus disorders of a violent nature.

In determining the existence of a clear and present danger, the president or his/her authorized designee may consider all relevant factors, including whether such speaker has, within the past five years, incited violence resulting in the destruction of property at any state educational institution or willfully caused the forcible disruption of regularly scheduled classes or other educational functions at any such institution.

4. Where the request for an outside speaker is denied, any sponsoring organization thereby aggrieved shall, upon application to the president or his/her authorized designee, obtain a hearing within two (2) days following the filing of its appeal before the Student/ Faculty Relations Panel for a de novo consideration of the request. The matter may be referred to the District Board of Trustees of Pensacola State College if the Student/Faculty Relations Panel believes that the request was improperly denied by the president. Any sponsoring organization aggrieved by the action of the Student/Faculty Judiciary or the District Board of Trustees in denying the request may obtain judicial review upon application at any court of competent jurisdiction, state or federal, by presenting its verified petition setting forth the grounds of complaint and giving adequate notice of such filing to the president. Upon a hearing to be conducted as soon as practicable, and at such time and place as the court may prescribe, the court shall either reverse or affirm the decision of the president as may be proper under the law and facts.
5. When the request for an outside speaker is granted and the speaker accepts the invitation, the sponsoring organization shall inform the president or his/her authorized designee in writing immediately. The president or his/her authorized designee may, at his or her discretion, require that the meeting be chaired by a member of the administration or faculty and may further require a statement to be made at the meeting that the views presented are not necessarily those of the institution or of the sponsoring group. In accepting the invitation to speak, the speaker assumes full responsibility for any violation of law committed by him while he is on campus.

### Public Address Area

1. Students, faculty, administration, staff or non-students may use the address area for free speech, advocacy and recruiting any time the college is officially in session. The area used for this purpose on the Pensacola campus is defined as the triangle directly in front of the Student Center and bounded by the sidewalks. This area is identified on the campus map and does not include the sidewalks, which are used as boundaries. The address area on the Warrington campus is on the grass at the south side of the west entrance to Building 3600. On the Milton Campus, it is just to the North of the entry to the covered walkway to building 4200.

2. Although no prior request for use of the area need be made for extemporaneous expression, individuals reserving the use of the area have priority.
3. When reservations are made for use of the area, they will be made on a first-come, first-served basis by the appropriate Student Leadership and Activities Office.
4. Individuals using the speaker's area during extemporaneous discussion must, as a matter of courtesy, yield the platform after a reasonable amount of time when others desire to speak.
5. Speech within the address area is subject to the regulations of the college and all local, state and federal laws. Individuals who use speech which defames another, which is obscene, or which constitutes a clear and present danger to the institution's orderly operation may be enjoined by the college and such speech may provide grounds for action under the Code of Conduct. The provisions of the Code of Conduct apply to the address area as well as other areas of the campus.

### Posting, Distributing, Exhibiting Printed or Filmed Material

Students may distribute free non-commercial literature within the public address areas set aside by the college. Tables and easels may be set in designated areas. In these areas, signs may be used in conjunction with the tables. Tables should be supervised at all times. In the event of congestion or unreasonable interference with the flow of students passing through the area, the provost or his/her designee may reasonably regulate such activity.

Non-commercial notices may be posted by students and registered student groups on all bulletin boards. All postings must be cleared through the appropriate office to avoid congestion and to obtain optimum use of facilities available.

Students are expected to use mature judgment and a sense of discretion in the publication, posting and distribution of any material on campus and to realize that they and their group or organization must accept responsibility for the consequences of their behavior.

The president or his/her authorized designee may prohibit the distribution on campus of any material or publication or the showing on campus of any films containing obscene or defamatory matter, or containing matter which the president or his/her authorized designee reasonably believes would incite others to take action which would substantially disrupt or materially interfere with school activities. Should the president prohibit the distribution of any film on campus, the student or recognized student group thereby aggrieved shall, upon written application to the president or his/her authorized designee, obtain a hearing within two days following the filing of the appeal before the Student Relations Panel. The appeal procedure shall be the same as provided in the case where the president denies a student organization's request to invite an outside speaker to appear on campus.

Responsibility for editorial or other content of publications distributed on campus shall lie with the sponsoring agency, group, or organization. All publications distributed on campus should appropriately indicate that the opinions expressed therein are not necessarily those of the college or of the student body. The use of the college name, seal, or other official insignia in printed matter shall not imply that the college approves, supports, or endorses the contents.

1. All posting must be approved by the Student Leadership and Activities Office (Pensacola)/Student Services Office (Milton and Warrington).
2. Posting includes: posters, small banners, sheet banners hung between trees, stake signs, changeable signs, table tents, flyers, rolling signs, easel signs, and commercial advertisements.
3. Posting may be done two (2) weeks prior to any club/ organization or Pensacola State College sponsored event including athletics, intramurals, homecoming, mid-term, organization week, and various elections.
4. Posting outlined in (2) above may be done on all campus bulletin boards, in the gymnasium, and on the carpeted wall in the Warrington Student Services area.
5. No posting will be allowed on doors or glass or on building walls other than the gymnasium interior walls.
6. Any posting should be removed within one (1) school day after the event has taken place. It is the responsibility of those putting up the posting to take it down.

# STUDENT RIGHTS

## BASIC STUDENT PROCEDURAL DUE PROCESS RIGHTS

Pensacola State College will observe the fundamentals of due process to reach a fair, equitable, and consistent resolution for students with complaints and grievances. Due process will be observed in the adjudication of alleged student violations of College policies and procedures. A student pursuing either a non-academic or academic complaint/grievance may utilize Pensacola State College's Student Advocate/Student Ombudsman at no cost or obligation. The use of the services of the Student Advocate/Student Ombudsman is to be determined by the student.

### Appeals Available To Students

#### NON-ACADEMIC APPEALS

- 1. Student Motor Vehicle Regulations.** Students who wish to dispute an alleged violation of the Student Motor Vehicle Regulations may submit an appeal to the Traffic Appeals Court through the Student Leadership and Activities Office on the appropriate campus.
- 2. Discrimination and Harassment Outside of the Classroom Setting.** A student with a complaint regarding issues of discrimination or harassment, including Title IX and Section 504, that occur on campus (but not as part of the classroom setting) should bring the issue to the immediate attention of the Associate Vice President for Institutional Diversity.
- 3. Code of Conduct Violations.** A student accused of violating a section or sections of the Pensacola State College Code of Conduct shall be entitled to certain procedural rights. See the Code of Student Conduct Violations in the Non-Academic Appeals Procedure section of the College Catalog.

#### ACADEMIC APPEALS

- 1. Grievances of Classroom and Instructor Issues.** A student with a complaint regarding specific issues related to a member of the Pensacola State College faculty, including Title IX and Section 504, may seek resolution through this process.
- 2. Discrimination and Harassment within an Academic Setting.** A student with a complaint regarding issues of discrimination or harassment, including Title IX and Section 504, that occur on or off campus within an academic setting, should bring the issue to the immediate attention of the Associate Vice President for Institutional Diversity.
- 3. Grade Grievance Procedure.** A student who disputes a grade assigned by a faculty member has 10 working days from the time of grade assignment to initiate a grievance. After the 10 day period, the student loses the right to file a grievance (see p. 25) and no other administrative remedy or campus option is available.
- 4. Graduation Policy Exception.** Students who wish an exception to an existing graduation policy may appeal to the Student Academic Appeals Committee.
- 5. Reinstatement in Class.** A student who has been withdrawn for excessive absences may request consideration for reinstatement by discussion with the instructor. If the instructor does not permit continued enrollment, the student may appeal to the Student Academic Appeals Committee.
- 6. Late Withdrawal.** A student who wishes to withdraw from a class after the established withdrawal deadline may petition the Student Academic Appeals Committee.
- 7. Academic Suspension or Academic Dismissal.** A student who has been placed on academic suspension or who has been dismissed for academic reasons may petition for continued enrollment.

## NON-ACADEMIC APPEALS PROCEDURES

- 1. Student Motor Vehicle and Parking Violations.** Students may appeal motor vehicle and parking ticket violations through the Student Leadership and Activities Office on the appropriate campus. The student must appeal the ticket violations within ten (10) class days after receiving the ticket. Appeals received after this time will not be considered. There must be justifiable reasons for the appeal process to be initiated. The Student Government Association Traffic/Parking Appeals Committee will review the appeals. The SGA TPA Committee will either uphold the issuance of the ticket or recommend that the ticket be rescinded. The Director for Student Life will review the SGA TPA Committee's recommendation. The decision of the Director for Student Life is final.
- 2. Non-Academic Discrimination and Harassment.** Students claiming they have been discriminated upon or harassed in a non-academic environment at Pensacola State College should immediately notify the Associate Vice President for Institutional Diversity of their claim. The office is located in Building 7 on the Pensacola campus. Pensacola State College does not permit discrimination upon the basis of race, gender, religion, marital status, national origin, age, disability, or sexual orientation.
- 3. Code of Student Conduct.** The Pensacola State College Code of Student Conduct is published in the College Catalog. A student accused of violating the Pensacola State College Code of Student Conduct shall be entitled to certain procedural rights outlined below. Students attending Pensacola State College are expected to abide by the Pensacola State College Code of Student Conduct. In some instances student conduct off campus can also be reviewed by Pensacola State College. The primary goal of the review process is to "educate" the student of the value to adhering to the established Pensacola State College Code of Student Conduct. In the event the Director for Student Life and/or the Vice President for Student Affairs determines that the continued presence of a student on the campuses of Pensacola State College poses an imminent threat to the student and/or the campus community, the Director for Student Life and/or the Vice President for Student Affairs of Pensacola State College shall have the authority to immediately remove the student from the campuses without the immediate entitlement of due process for the student. The student may request the initiation of due process only when the Director for Student Life and/or the Vice President for Student Affairs determine that the student no longer poses a threat to him/herself or others in the college community.

#### A. Informal Process:

The Director for Student Life or his/her designee shall attempt to informally resolve the alleged violation of the Pensacola State College Code of Student Conduct with the student. This process may include the implementation of a disciplinary sanction that is agreed upon by the Director for Student Life or his/her designee and the student involved. The mutually agreed-upon resolution associated with this process is final and cannot be appealed. In the event resolution to the alleged violation of the Pensacola State College Code of Student Conduct cannot be reached during the informal process, the matter will be referred to the formal process for resolution.

## **B. Formal Process:**

1. The student shall receive written notification of the alleged violation of the Pensacola State College Code of Student Conduct. The written notification will be provided to the student within five (5) class days by the Office of the Vice President for Student Affairs or his/her designee. The written notification shall be delivered to the student by certified mail with return receipt;
2. The student will be required to schedule a hearing with the Student Judicial Review Board to review the alleged violation of the Pensacola State College Code of Student Conduct. Optimally, the meeting will be scheduled within five (5) class days of receipt of the written notice;
3. The Office of the Vice President for Student Affairs shall convene the hearing of the Student Judicial Review Board. The Student Judicial Review Board shall consist of two (2) members of the faculty; two (2) members of the Career Service organization; and two (2) members of the student body;
4. The Director for Student Life or his/her designee shall present the evidence associated with the alleged violation of the Pensacola State College Code of Student Conduct;
5. The student shall be entitled to appear in person and to present his/her defense to the Student Judicial Review Board and may call witnesses on his/her behalf. If the student does not appear, and has not provided satisfactory justification to the Director for Student Life for non-appearance, the hearing shall be held in the student's absence;
6. A recording of the hearing shall be made and retained by the Office of the Vice President for Student Affairs;
7. Following the hearing, the Student Judicial Review Board will convene and recommend to the Office of the Vice President for Student Affairs a disciplinary sanction, if applicable. The Office of the Vice President for Student Affairs can either accept the recommendation, reject the recommendation, request the Student Judicial Review Board reconvene to further review the evidence in the case, or modify the recommendation of the Student Judicial Review Board;
8. The Office of the Vice President for Student Affairs will officially notify the student of the determination of guilt or innocence and the nature of sanctions. The decision of the Vice President for Student Affairs is final and cannot be appealed. The decision will be presented to the student, in writing, by certified mail with return receipt required.

### **4. Student Non-Academic Grievance and Appeals Process.**

A student may file a non-academic grievance against another member of the student body, or a member of the Pensacola State College staff, administration and/or faculty. To file a non-academic grievance, the student must submit, in writing, the nature of the non-academic grievance to the Office of the Director for Student Life. If the non-academic grievance is filed against the Director for Student Life, the submission of the non-academic grievance shall be made to the Office of the Vice President for Student Affairs.

A student may withdraw a non-academic grievance anytime during the review process.

## **A. Informal Process:**

The non-academic grievance shall first be reviewed in an informal hearing, conducted by the Director for Student Life or his/her designee. In the event the non-academic grievance is filed against the Director for Student Life, the Vice President for Student Affairs shall designate an individual to review the grievance in an informal hearing. All parties associated with the non-academic grievance will attempt to resolve the grievance in an informal manner. Should a resolution to the non-academic grievance be reached during the informal process, the non-academic grievance shall be discontinued and it cannot be further appealed.

## **B. Formal Process:**

Should resolution of the non-academic grievance be not attained, the student has the option of pursuing the grievance in the formal process.

1. The student shall submit the non-academic grievance to the Office of the Vice President for Student Affairs;
2. In the event the non-academic grievance is filed against the Vice President for Student Affairs, the grievance will be submitted to the Office of the Vice President for Academic Affairs;
3. The Office of the Vice President for Student Affairs shall convene a meeting of the Student Non-Academic Grievance Appeals Board to review the non-academic grievance within five (5) class days;
4. The Student Non-Academic Grievance Appeals Board will consist of two (2) members of the faculty; two (2) members of the Career Services organization; and two (2) members of the student body;
5. The student will have the opportunity to present witnesses in support of the filed non-academic grievance;
6. The accused student, staff, faculty or administrator shall also be present during the grievance hearing, and have the right to question the grievant and witnesses;
7. A recording of the non-academic grievance hearing shall be made and retained by the office of the vice president for student affairs;
8. Following the hearing, the Student Non-Academic Grievance Appeals Board will convene and recommend to the Office of the vice president for student affairs whether the non-academic grievance should be upheld or not;
9. The vice president for student affairs shall review the recommendation and either accept the recommendation, reject the recommendation, request the Student Non-Academic Grievance Appeals Board reconvene to further review the recommendation, or modify the recommendation;
10. The office of the vice president for student affairs will officially notify the student and the accused student, staff, faculty or administrator of the outcome of the grievance procedure. The decision of the vice president for student affairs is final and cannot be appealed. The decision will be presented to the student and the accused, in writing, by certified mail with return receipt requested.

## **Records Retention**

The non-academic records of any student charged with an alleged violation of the Pensacola State College Code for Student Conduct and applicable appeals, shall be maintained in the office of the vice president for student affairs. The records will be maintained and purged in accordance with state-approved records retention schedules.

## **Non-Academic Judicial Review Bodies**

1. SGA traffic/parking appeals committee
2. Office of the director for student life
3. Student judicial review board
4. Student non-academic grievance appeals board
5. Office of the vice president for student affairs.

## STUDENT ACADEMIC GRIEVANCE PROCEDURE

The purpose of the grievance procedure is to provide, at the lowest possible level, a means to mediate a fair and equitable solution to any complaint other than grade disputes (including Title IX and Section 504) that a student may have with a faculty member. A student with a complaint regarding issues of discrimination or harassment that occur on or off campus within an academic setting, should bring the issue to the immediate attention of the Associate Vice President for Institutional Diversity. This procedure will not involve itself in any dispute in which the student is accused of a violation of the honor pledge or infraction of any rule or regulation governing the conduct of students, as set down by the institution.

The time limit indicated throughout this procedure should be considered as maximum, and every effort should be made to expedite the process. However, the time limits may be extended by mutual consent of the parties concerned.

Any student who has a grievance with a member of the faculty that has not been resolved to his or her satisfaction may take the following steps to resolve the issue:

### Informal Procedure

1. Within 60 days or less of the incident, the student should discuss the grievance with the department head to attempt to resolve the problem.
2. After the initial discussion with the appropriate department head, if the grievance is still not resolved, the student may discuss the grievance with the campus provost or designee.

### Formal Procedure

1. If, as a result of informal discussion, the grievance is still unresolved, the student may file a Formal Grievance Petition by outlining the grievance in writing on a prescribed form available from the Provost's Office.
2. Within one calendar week of filing of the formal grievance, the provost shall transmit the completed Formal Grievance Petition form and documentation to the vice president for academic affairs office.
3. The vice president of instructional affairs will appoint a provost to chair the Student-Faculty Relations Panel.
4. The Student-Faculty Relations Panel will schedule a hearing within two calendar weeks of the petition filing. The student will receive notification at least five days in advance of the grievance hearing, and should appear at the hearing to present information and to call witnesses. Information and testimony in the hearing are limited to the scope of the complaint and the information provided during the informal process in steps III above.
5. It is agreed that each party of a grievance shall furnish the other with any information in his or her possession which may be legally released and is necessary for the processing of grievances or complaints.
6. The Student-Faculty Relations Panel will recommend a solution to the complaint to the Vice President for Instructional Affairs, in writing, within one calendar week after the hearing.
7. The vice president for instructional affairs or his or her designee will provide a written decision to the student within two calendar weeks of the receipt of the panel's recommendation.
8. No reprisals of any kind shall be taken against any student for participation in any grievance.
9. Nothing in this procedure shall be construed to deny to any student any rights or benefits guaranteed by law.
10. A grievance may be withdrawn at any level by the student filing the grievance.
11. All documents, forms, communications, and records dealing with a grievance shall be filed separately from the permanent record files of the participants. A copy of the formal grievance and its final disposition will be filed in the office of the vice president for instructional affairs.
12. The student shall be entitled to be accompanied and advised by counsel or other representative, but he/she may not participate in the hearing.
13. All hearings are closed.

## Grade Disputes

The student has 10 working days from when the student's grades are posted on the Pensacola State College website to initiate a grade grievance. After the 10 day period, the student loses the right to file a grievance and no other administrative remedy or campus option is available.

## Academic Appeals

See Academic Regulations and Policies for appropriate procedures in petitioning for reinstatement in a class, appealing an academic suspension or dismissal, and appealing any college policy (graduation, late withdrawal, etc.)

## OFFICIAL STUDENT GRADE GRIEVANCE PROCEDURE

In order to institute this grade grievance procedure, the student will be prepared to show that course or grade requirements were not clearly explained in the course syllabus, requirements were not uniformly applied, requirements were changed without sufficient notice or for capricious reasons, the instructor's data was not accurate, the final course grade could not be reasonably derived from data given, and/or prejudice affected assignment of the grade.

The outcome of the process may be that the assigned grade will stand, assignment of the grade will be postponed until some agreed upon work has been completed, another grade will be substituted for the one originally assigned, or a compromise fitting the specific situation is reached.

In the event that the faculty member who assigned the grade is no longer employed by the college (due to resignation, retirement, or death), a faculty member from the same program/discipline will serve in the stead of the original faculty member. This substitute faculty member will be selected by a vote of the faculty members and the department head in the affected department/discipline.

In the event that the faculty member who assigned the grade will be returning to his or her position at the college but is temporarily away for longer than 10 days, the faculty member will be notified by his or her department head of the impending action. Unless the faculty member agrees to be available to meet earlier, or has an alternate solution, the time lines below shall be amended so that the initial 10 days specified in Step One will not begin until the faculty member returns from the temporary absence. If however, the Step Two deadline would be delayed longer than 30 calendar days, another full-time faculty member or administrator shall be designated to substitute. If the faculty member is unable to identify a substitute who is willing and able to fill this role, the department head shall serve as the substitute. For extenuating circumstances where the student cannot meet the 10 day deadline, the student should contact the appropriate academic department head or provost for an extension of time. The student should be prepared to present appropriate documentation to explain the need for the extension.

### Informal Student Grievance Process

1. Within ten (10) working days of when the student's grades are posted on the Pensacola State College website, the student shall meet with the faculty member and present data to support his or her assertion.
2. Within ten (10) working days, the faculty member must give fair hearing to the student's claim and consider the data in an attempt to resolve the issue. In the event that the resolution is not satisfactory to the student, the student may proceed to Step Three.
3. The student may meet with the department head and present data to support his or her assertion in the dispute. The department head must then meet and discuss the dispute with the faculty member. The department head must then attempt to resolve the dispute within ten (10) working days. In the event that the resolution is not satisfactory to the student, the student may proceed to Step Four.
4. The student may meet with the dean/provost and present data to support his or her assertion in the dispute. The dean must then meet and discuss the dispute with the faculty member. The dean/provost must then attempt to resolve the dispute within ten (10) working days. In the event that the resolution is not satisfactory to the student, the student may proceed to the Formal Student Grievance Process.

## Formal Student Grievance Process

Within ten (10) working days of when the student is notified of the dean/provost's response, the student may begin the formal grievance process by outlining the grievance in writing and presenting the petition to the campus provost. A provost will chair a one-time panel also including three students and three faculty members, none of whom shall have any direct connection with the parties involved. At least one of the student members and at least one of the faculty members must be from a related discipline in which the grade is being disputed. In the event that there is no related discipline, at least one student member and at least one faculty member shall possess demonstrated knowledge of or experience with the discipline area involved in the grade dispute. A chair for the panel will be selected by the Vice President for Academic Affairs.

## STUDENT ADVOCATE/STUDENT OMBUDSMAN

Reflecting Florida Statute 1006.51, K-20 Education Code, Pensacola State College has created the office of student advocate/student ombudsman, which is accountable to the president of the college.

A student pursuing either a non-academic or academic complaint/grievance may utilize Pensacola State College's Student Advocate/Student Ombudsman at no cost or obligation. The use of the services of the Student Advocate/Student Ombudsman is to be determined by the student.

The Coordinator of Student Activities and Leadership Development on each Pensacola State College campus shall serve as the Student Advocate/Student Ombudsman for his/her respective campus. Students are encouraged to consult with the Student Advocate/Student Ombudsman regarding:

1. Guidance and advice regarding the informal and formal processes associated with complaints and grievances;
2. Assistance in seeking a mutually agreeable resolution of the complaint;
3. Counsel the student throughout the informal and formal processes associated with complaints and grievances; and
4. Assist the student with comprehension of existing policies and procedures of the college.

If a student's issue is related to academic standards of progress, graduation requirements, access to courses, or other academic policies, the Student Advocate/Student Ombudsman will advise and guide the student regarding the existing informal and formal academic grievance procedures. The Student Advocate/Student Ombudsman will initially endeavor to seek a mutually agreeable resolution of the student complaint, as stipulated by the existing informal academic grievance process. If the informal resolution process fails to reach a mutually agreeable resolution, the Student Advocate/Student Ombudsman will refer the student to the Student Academic Appeals Committee. If requested by the student, the Student Advocate/Student Ombudsman will assist the student in completing the appropriate Academic Appeals Form. The Student Academic Appeals Committee shall conduct a formal hearing and review of the documentation associated with the academic grievance. If requested by the student, the Student Advocate/Student Ombudsman may serve as an advisor to the student during the proceedings of the Student Academic Appeals Committee. The Student Advocate/Student Ombudsman may not speak on behalf of the student, but simply advise and guide the student during the hearings. The Student Academic Appeals Committee shall make a recommendation to the Vice President for Instructional Affairs or his/her designee. The Vice President for Instructional Affairs or his/her designee shall review the student's petition and interview the student if necessary. If requested by the student, the Student Advocate/Student Ombudsman may serve as an advisor to the student during the interview process.

The Student Advocate/Student Ombudsman may not speak on behalf of the student, but simply advise and guide the student during the interview. The Vice President for Academic Affairs or his/her designee shall either uphold, deny, or modify the recommendation(s) of the Student Academic Appeals Committee.

If the Academic complaint relates to alleged discrimination and harassment issues, the Student Advocate/Student Ombudsman shall immediately and automatically refer the student to the Associate Vice President for Institutional Diversity for guidance and assistance.

If the student issue is related to a non-academic complaint, the Student Advocate/Student Ombudsman will advise and guide the student regarding the existing informal and formal non-academic grievance procedures. The Student Advocate/Student Ombudsman will initially endeavor to seek a mutually agreeable resolution of the student complaint, as stipulated by the existing informal non-academic grievance process. If the informal resolution process fails to reach a mutually agreeable resolution, the Student Advocate/Student Ombudsman will refer the student to the Director for Student Life who will convene an official hearing before the Student Judicial Review Board. If requested by the student, the Student Advocate/Student Ombudsman will assist the student in completing the appropriate Student Judicial Review Board Appeals Form. The Student Judicial Review Board shall conduct a formal hearing and review of the documentation associated with the non-academic grievance. If requested by the student, the Student Advocate/Student Ombudsman may serve as an advisor to the student during the proceedings of the Student Judicial Review Board. The Student Advocate/Student Ombudsman may not speak on behalf of the student, but simply advise and guide the student during the hearings. The Student Judicial Review Board shall make a recommendation to the Vice President for Student Affairs or his/her designee. The Vice President for Student Affairs or his/her designee shall review the student's petition and interview the student if necessary. If requested by the student, the Student Advocate/Student Ombudsman may serve as an advisor to the student during the interview process. The Student Advocate/Student Ombudsman may not speak on behalf of the student, but simply advise and guide the student during the interview. The Vice President for Student Affairs or his/her designee shall either uphold, deny, or modify the recommendation(s) of the Student Judicial Review Board.

If the Non-Academic complaint relates to alleged discrimination and harassment issues, the Student Advocate/Student Ombudsman shall immediately and automatically refer the student to the Associate Vice President for Institutional Diversity for guidance and assistance.

# ADMISSIONS

## GENERAL CONDITIONS OF ADMISSIONS

Any high school graduate or adult who can profit from additional educational experiences may be admitted to Pensacola State College provided he/she meets the requirements for enrollment in the particular program and for continued attendance as set forth in this catalog.

Any applicant may be denied admission or be admitted with restrictions if evidence indicates that he/she has participated in activities that violate standards established in the Pensacola State College Code of Conduct. See Student Code of Conduct.

Falsification or failure to furnish correct information on admissions documents may result in denial of admission or dismissal.

## GENERAL ADMISSION PROCEDURE

The procedure for freshman or transfer students seeking admission to Pensacola State College is as follows:

1. Submit the Application for Admission, available in an admissions office on any campus or online at [www.pensacolastate.edu](http://www.pensacolastate.edu).
2. Pay the \$30 application by check, money order, or credit card (American Express, MasterCard or Visa).
3. Consult the Academic Calendar in this catalog or online at [www.pensacolastate.edu](http://www.pensacolastate.edu) for important admission and registration dates.
4. Submit test scores from any of the state-approved placement examinations. The test must have been taken less than two years prior to enrollment. See Entry-Level Testing for additional information.
5. Attend An orientation session scheduled through the New Student Information Center (Pensacola Campus) or the student services offices on the Milton and Warrington Campus.

International students must contact the Registrar's Office regarding the admission process for individuals on a student visa. See International Students.

## ENTRY-LEVEL TESTING

All associate degree students are required to satisfy college placement test requirements.

Placement tests do not determine admission; they are used to determine the appropriate placement in college-level English and mathematics courses. Students may provide scores from either the Scholastic Aptitude Test (SAT) or the American College Test (ACT) if the test was completed no more than two years prior to enrollment. No student, including non-degree seeking students, will be permitted to enroll in any college credit English, mathematics, writing-emphasis course, or any course having an English, mathematics, or reading prerequisite, without meeting the state mandated minimum scores on the placement test.

Students who have not completed either the SAT or the ACT with an appropriate score are required to take the college placement test offered at Pensacola State College. The test must be taken prior to registration and is administered at convenient times for students.

**Transfer students** with grades of "C" or better in courses determined to be equivalent to ENC1101 English Composition I will not be required to take the reading/writing portions of the placement test. Transfer students with grades of "C" or better in courses determined to be equivalent to MAT1033 Intermediate Algebra (or a Pensacola State College higher level mathematics course) will not be required to take the mathematics/algebra portions of the placement test.

**Baccalaureate students** will be required to meet associate in arts general education requirements. Any baccalaureate student who has not completed college-level English composition courses or college-level mathematics courses will be required to submit placement test scores. If the baccalaureate applicant is required to enroll in a college preparatory course as a result of the scores on the placement test, admission into the baccalaureate program will be delayed. Students in the baccalaureate programs cannot be enrolled in preparatory courses.

**Mathematics remediation**, determined by placement test scores, will be required of students following a curriculum leading to the associate in science or associate in applied science degree even if mathematics is not required. The associate degree will not be awarded unless the student has demonstrated readiness for a college-level mathematics course.

**Certificate program students** must document skill assessment via the Test of Adult Basic Education (TABE). Some certificate programs are exempt from this requirement, and students are expected to consult with the program manager regarding the need for the TABE. Certificate students who have earned an associate or higher degree will not be required to take the TABE. The test, if required, must be taken within the first few weeks of the student's first term in the program, and testing will be coordinated by the program director.

## SOCIAL SECURITY NUMBER COLLECTION AND USAGE NOTIFICATION

In compliance with Section 119.071(5), Florida Statutes, Pensacola State College issues this notification regarding the purpose for the collection and use of an applicant's or a student's social security number (SSN). The SSN is collected and used only to perform the College's duties and responsibilities. To protect the identity of our students, Pensacola State will maintain the privacy of the student's SSN and never release it to unauthorized parties in compliance with federal and state laws. The College assigns each student a unique student identification number, which is used for associated educational purposes at Pensacola State College including the access of your college records.

### Pensacola State College may collect and/or use a student's SSN for the following purposes

- Federal legislation relating to the Hope Tax Credit requires that all postsecondary institutions report student SSNs to the Internal Revenue Service (IRS). This IRS requirement makes it necessary for Pensacola State College to collect the SSN of every student. A student may refuse to disclose his/her SSN for this purpose, but he/she may be subject to IRS penalties.
- The Florida public school system (K-12) uses the SSN as a student identifier. It is beneficial to have access to the same information for purposes of tracking and assisting students in the transition from one educational level to the next, linking all levels of the state education system. The intent is to establish a comprehensive management database of information which will co-reside with the Division of Public Schools Information Database and the State University System Database to provide integrated information at the state level for educational decision making.
- SSNs appear on official transcripts and are used for business purposes in accordance with parameters outlined by the United States Department of Education.

### Federal and State Regulations

- Tracking uses are authorized by SBE Rule 6A-10955(3)(c); 1008.386, FS and the General Education Provisions Act (20 USC 1221(c-1))
- Hope/Lifetime Tax Credit uses are authorized by 26 USC 6050S and Federal Register, June 16, 2000/IRC Section 25A
- Registration uses are authorized by 119.071(5), FS
- Issuance of Form 1098T for tuition payment reports are authorized by 26 UWSC 3402, 6051
- The College Reach-Out Program (CROP) uses are authorized by 1007.34.FS

## ASSOCIATE DEGREE ADMISSION

### First Time in College (Freshman)

An applicant to an associate in arts concentration, an associate in science program, or an associate in applied science program must be a high school graduate and may be admitted with one of the following:

#### 1. Florida High School Diploma

Florida high school graduates must have earned the standard high school diploma. The International Baccalaureate (IB) diploma is considered a standard high school diploma for the purposes of admission. The Florida Certificate of Completion and the Florida Special Diploma are not considered standard high school diplomas unless the Certificate of Completion was awarded as a CPT-Eligible Certificate. The CPT-Eligible designation will be indicated on the student's transcript.

#### 2. Other High School Diploma

Students graduating from schools in states other than Florida, individuals who have earned a high school diploma from a non-regionally accredited high school, or those who have been issued a diploma at the completion of a high school correspondence or distance learning program are eligible for admission. An official transcript showing courses taken, grades earned, and a date of high school graduation is required. Individuals who receive a diploma based on a high school's assessment examination, other than the American Council on Education's GED examinations, will not be considered graduates for admissions purposes.

The secondary school record documents of an applicant who has completed his/her secondary education in a foreign country are evaluated in accordance with the general regulations governing admission of freshman students as well as guidelines established by the American Association of Collegiate Registrars (AACRAO) and the National Association of Foreign Student Advisors (NAFSA). If the guidelines indicate that the level of education completed in the foreign country is equivalent to graduation from a high school in the United States, the applicant will be considered a freshman student.

#### 3. High School Equivalency Diploma (GED)

Students who have earned the GED diploma are eligible for admission. An official GED Score Report is required.

#### 4. Home Education Graduate

Students who have completed a home education program (home school) are eligible for admission as high school graduates. A home-schooled student must provide an affidavit signed by a parent or legal guardian attesting to the fact that the student has completed a home education program pursuant to the requirements in Florida Statute 232.02(4). The affidavit for this purpose is available in any admissions office.

#### 5. Non-Graduates

Students who have not graduated from high school or do not have a high school diploma may request admission as a Special Student. See Admission of Non-Graduate Students.

### Readmission of Former Students

Former Pensacola State College students who have not attended credit courses within the preceding 12 months must complete a readmission form. Any additional information that may be required to meet current enrollment requirements will be identified at that time.

### Transfer Students

Students are admitted as transfer students if they have previously attended a college or university accredited by one of the six regional accrediting associations.

The transfer student must request an official high school transcript, an official GED score report, or submit the Home Education Completion Affidavit, whichever is appropriate, in addition to transcripts from previously attended colleges and universities. In some instances, the requirement for the high school transcript will be waived based on college-level transfer work.

Official transcripts from each institution attended must be sent directly to the Registrar's Office. Transcripts marked "issued to student" will not be accepted. All credits attempted at the freshman and sophomore level at regionally accredited institutions will be recorded as transfer credits. Baccalaureate level courses (junior and senior) will not be accepted in the transfer process unless the applicant/student is seeking admission into the baccalaureate programs offered at Pensacola State College. See Baccalaureate Admission.

An accepted transfer course satisfies general education requirements for the associate degrees only if the course is essentially the same as a corresponding Pensacola State College course satisfying those requirements. Final determination of transfer credits and course equivalency is made by the College Registrar. The evaluation process is normally completed within six weeks of transcript receipt, and the student will be notified by PirateMail when the evaluation is complete.

Transfer students with grades of "C" or better in courses determined to be equivalent to ENC1101 English Composition I will not be required to take the reading/writing portions of the placement test. Transfer students with grades of "C" or better in courses determined to be equivalent to MAT1033 Intermediate Algebra (or a Pensacola State College higher level mathematics course) will not be required to take the mathematics/algebra portions of the placement test. All transcripts must be received and evaluated prior to the student's registration for a second term of enrollment or placement testing will be required.

Remedial coursework from non-Florida colleges or universities will not be accepted in lieu of placement test scores.

Grades of "D" and "F" will be accepted for transfer under the terms of the State Articulation Agreement and State Board of Education Rules.

Credits earned more than 20 years prior to enrollment at Pensacola State College may be subject to review as equivalent courses for transfer purposes.

Financial aid recipients and students receiving veteran benefits must have official transcripts from all previously attended institutions sent to the Registrar's Office. The transcripts must be on file in the Registrar's Office prior to certification of eligibility. In most cases, the transcripts from regionally accredited institutions must be evaluated for transfer credit prior to the certification of eligibility.

### Course Work from Non-Regionally Accredited Institutions

Students who have completed coursework at a college or university that is not regionally accredited may request a review of course work for possible acceptance. Credit may be awarded for courses provided the course is equivalent to a course offered at Pensacola State College and meets the criteria established by Pensacola State's regional accrediting agency with regard to faculty credentialing, course competencies, textbook utilization, course length, etc. Students who wish to pursue the acceptance of transfer credit from a non-regionally-accredited institution should consult with the Registrar's Office regarding the procedure in place for seeking transferability of courses.

Transcripts from non-regionally-accredited institutions will not be required for admissions purposes. Financial aid recipients may be required to have transcripts from non-regionally-accredited institutions sent to the College for determination of financial aid eligibility.

### Transient Students from Other Institutions

Students in good standing at other colleges or universities may be admitted as transient students to take Pensacola State College courses and transfer the credits back to their home institutions. A transient form or some other written authorization is required indicating the specific course(s) to be taken and the parent institution's willingness to accept the credits earned. The transient form or other written authorization is required prior to registration for classes. Testing requirements may be in place for the transient student. See Non-degree Student Admission.

### Transfer Credit from Institutions in Other Countries

Students who have completed college-level courses in other countries will not be required to submit transcripts. However, if the student wishes to have transfer credit considered, the student will be responsible for securing the evaluation services of a credentials evaluation agency sanctioned by the National Association of Credential Evaluation Services, Inc. (NACES). Information regarding this process may be obtained in any admissions office. Pensacola State College will not be involved in the fees charged by the credentials evaluation agency.

The recommendations made by the credentials evaluation agency will be considered, and coursework may be accepted provided the courses are at the freshman and sophomore levels and equivalent to courses offered at Pensacola State College.

College credits for English composition courses earned abroad will be considered provided the courses were not offered in the English as a Second Language format and the student's placement test scores indicate readiness for ENC1101 English Composition I.

## BACCALAUREATE PROGRAM ADMISSION

Pensacola State College offers a Bachelor of Applied Science (BAS) program in Administration and Supervision. The BAS program has four areas of concentration: Organizational Administration, Graphic Design Management, Health Care Management, and Public Safety/Public Service. The College also offers a Bachelor of Science in Nursing (BSN) program.

The BAS and BSN degrees are the designated degrees for flexible baccalaureate programs that are designed to accommodate the unique demands for entry and advancement within specific workforce sectors. These programs provide degree completion opportunities for students from a variety of educational backgrounds but primarily those with associate in science degrees or the equivalent. The programs conform to all articulation conventions, including common course prerequisites, common course numbering, and faculty credentialing, in accordance with the standards established by our accrediting agency, the Southern Association of Colleges and Schools (SACS).

An applicant for admission to the BAS program will be admitted with the following:

- Completion of the Pensacola State College baccalaureate admission form and residence statement.
- Payment of the \$30 baccalaureate application fee. The fee is non-refundable and required regardless of previous enrollment at Pensacola State College.
- An official transcript from a regionally accredited college or university documenting the earning of an associate degree
- Completion of entry-level placement testing unless the applicant documents earning grades of "C" or better in general education English or mathematics. Applicants whose test scores indicate the need for remediation (college preparatory placement) will not be admitted into the baccalaureate program or baccalaureate courses until the required preparatory courses are satisfactorily completed.

An applicant for admission to the BSN program will be admitted with the following:

- Completion of the Pensacola State College baccalaureate admission form and residence statement
- Payment of the \$30 baccalaureate application fee. The fee is non-refundable and required regardless of previous enrollment at Pensacola State College.
- An official transcript from a regionally accredited college or university documenting the earning of an associate degree in registered nursing or a nursing diploma issued through an accredited nursing program
- Possession of a current and unrestricted registered nursing license
- Completion of entry-level placement testing unless the applicant documents earning grades of "C" or better in general education English or mathematics. Applicants whose test scores indicate the need for remediation (college preparatory placement) will not be admitted into the baccalaureate program or baccalaureate courses until the required preparatory courses are satisfactorily completed.

**Foreign Language Requirement:** Baccalaureate students are subject to the foreign language requirement established for upper-division admission. Students who have not completed two years of the same foreign language in high school or who have not completed eight college credit hours of the same foreign language may be admitted. However, completion of eight college credit hours of foreign language must be earned before completing the program.

**CLAS Requirement:** If, at the time of admission, the student has not met College Level Academic Skills (CLAS) requirements, the student will need to meet this criterion by the completion of 36 upper-division credit hours at Pensacola State College. If CLAS is not met by the completion of 36 upper-division credit hours, enrollment in further baccalaureate level courses may be denied.

## ADMISSION OF NON-GRADUATE STUDENTS

Applicants who graduate from a Florida public school with the Certificate of Completion or the Special Diploma will not be considered graduates for admission purposes and will not be eligible for classification as an associate degree student. See Non-degree Student Admission.

Individuals who have not graduated from high school (or who have graduated with the Special Diploma or the Certificate of Completion) must contact the Registrar's Office for enrollment information. Special Student admission may be permitted. The Special Student will be permitted to earn 15 credit hours while classified as a Special Student. Enrollment beyond the 15th credit is dependent upon earning the GED high school equivalency diploma. See Non-degree Student Admission.

Applicants who have not graduated from high school (or who graduated with the Special Diploma or the Certificate of Completion) but who have earned 12 college credits at a regionally accredited postsecondary institution other than Pensacola State College are eligible for freshman admission.

Non-graduate applicants may be eligible for vocational credit programs that do not require high school graduation for admission. See Vocational Credit Admission.

## VOCATIONAL CREDIT ADMISSION

1. Individuals who have graduated from high school are eligible for certificate programs.
2. Individuals who have not graduated from high school but are at least 16 years of age and legally withdrawn from a regular school system may be admitted into certificate programs provided the specific program does not require high school graduation.
3. Unless required by the particular program, transcripts are not required.

## LIMITED-ACCESS PROGRAM ADMISSION

In order to meet certification and professional accreditation standards, certain Pensacola State College programs carry additional admissions requirements. Student should contact the appropriate departments for details. These programs include, but are not limited to, the following: Registered Nursing, Dental Hygiene, Diagnostic Medical Sonography, Health Information Management, Physical Therapy Assistant, Radiography, Health Unit Coordinator, Massage Therapy, Medical Assisting, Practical Nursing, Surgical Technology, General Sonography Specialist, Medical Information Coder/Biller, Paramedic, Emergency Medical Technology, Medical Coder/Biller, Veterinary Technology.

## NON-DEGREE STUDENT ADMISSIONS

Non-degree seeking students take courses for job improvement or personal enrichment but do not seek a degree, diploma, or certificate. Enrollment in courses is allowed provided the student meets the testing and prerequisite requirements for the course.

Other limitations or exceptions with respect to financial aid, veteran benefits and advisement may pertain to this classification. Enrollment in courses that are part of a selective program usually is not approved. Students enrolling in baccalaureate courses must be admitted into a baccalaureate program. Classification of non-degree students include the following:

### College Graduates

Individuals who have earned a bachelor's or higher degree are eligible for enrollment in courses unless the course has restricted admission. Enrollment in baccalaureate level courses is limited to those who have been admitted into a baccalaureate program. Transcripts are not required unless the student is pursuing a specific program of study at Pensacola State College.

Placement testing for non-degree seekers will be required for enrollment in any mathematics, English, or designated writing-emphasis course unless the student is able to present evidence that eligibility has been met by pre-requisite courses completed at Pensacola State College or a previously attended college or university.

## Transient Students

Students pursuing degrees at other colleges or universities may be admitted as transient students to take courses back to their home institutions. A transient form from the home institution or some other written authorization is required indicating the specific course(s) to be taken and the parent institution's willingness to accept the credits earned. The transient form or other written authorization is required prior to registration for classes. Testing requirements may be in place for the transient student.

## Special Student Admission

The Special Student admissions classification is designed for those students enrolling in credit classes without the high school diploma or its equivalent. The Special Student must be at least 18 years of age and not currently enrolled in a high school program. The Special Student is permitted to earn 15 credit hours in this status. The non-graduate Special Student is encouraged to earn the GED diploma during the first term of enrollment in credit courses and will be required to have the GED diploma to continue enrollment beyond 15 credit hours. After earning the GED diploma, the Special Student may request a change to degree-seeking status or continue as a non-degree seeking student.

## Audit Students

Students who plan to take a course as audit must meet Pensacola State College admission and course placement requirements. Audit students must declare the audit status prior to the end of the schedule adjustment period by completing an "audit request" form at any registration office. Students auditing classes will be assessed the same fees as a grade-seeking student.

## Senior Citizens

The senior citizen, age 60 or over, is eligible for enrollment in any course unless that course has restricted admission. Transcripts and placement testing are required only if the senior citizen is pursuing an associate degree.

## DUAL ENROLLMENT

The purpose of the Dual Enrollment Program is to provide college-level instruction to qualified high school students through the effective utilization of state college programs and resources. The Dual Enrollment Program is administered in accordance with State Board of Education Rule 6A-10.0241 (Articulation Plans for College Level Instruction for High School Students). The courses to be offered under Articulation Agreements with Escambia County and Santa Rosa County school districts include courses for which credit is applied to the associate degrees and vocational certificates at Pensacola State College and for which the student may apply credit toward high school graduation.

Student success in a dual enrollment course is dependent upon both academic readiness and social maturity. Students who achieve appropriate placement scores on a state-approved placement examination, who have attained junior-year status or higher in high school, and who meet the minimum GPA requirement stipulated in the Inter-Institutional Articulation Agreements are eligible for admission into Pensacola State College's Dual Enrollment Program. In the case of some course sequences (foreign language and mathematics) and other occasional exceptions, the College may admit high school sophomores.

Dual Enrollment students are exempt from tuition, matriculation, and laboratory fees. Public school students may have books provided by the school district. Private and home-schooled students must provide their own college textbooks. Eligibility criteria and enrollment procedures comply with Florida Law and State Board of Education Regulations as well as the Inter-Institutional Articulation Agreement between the district and the College.

Prior to registration in any course, the dual enrollment student must submit the following documents to the Registrar's Office:

1. Dual Enrollment Application
2. Dual Enrollment Approval form signed by the principal or designee
3. Placement test scores, no older than two years, for eligibility determination as well as course placement

A Dual Enrollment Approval form completed by the high school principal will be required each term of enrollment.

Additional information may be obtained from the Dual Enrollment Coordinator, located on the Pensacola Campus, or from student services offices on the Milton Campus or the Warrington Campus.

## INTERNATIONAL AND NON-CITIZEN STUDENTS

Individuals who have been granted legal permanent resident status will be required to submit the same admissions documents as a United States citizen to include the establishment of residence for tuition purposes.

Individuals who plan to attend Pensacola State College while in the United States on a visa other than the F-1 Student Visa should contact the Registrar's Office to determine eligibility. Several visa categories will permit enrollment in college courses during the temporary stay in the United States.

Undocumented aliens will be permitted to enroll at Pensacola State College but will not be able to declare a status as resident for tuition purposes. The undocumented alien will not be eligible for any financial assistance.

Individuals who will require the F-1 Student Visa, including those who are transferring the F-1 Visa from another institution to Pensacola State College, must present the documentation listed below. Official copies of all documentation are required. International mail delays, transcript verifications, Bureau of Citizenship and Immigration Services (BCIS) regulations governing the issuance of the Immigration Form I-20, consular appointments, etc., must be anticipated. The College encourages non-citizen students seeking the F-1 Student Visa to begin the application process at least four months in advance of anticipated enrollment. Required application papers and credentials include the following:

### A. International Student Application For Admission

The International Student Application is available in any admissions office or on the web site at [www.pensacolastate.edu](http://www.pensacolastate.edu).

### B. Secondary School Records

Official transcripts of secondary school records are required. Transcripts in languages other than English must be translated with certified translations provided. The secondary school record documents of an applicant who has completed his/her secondary education in a foreign country are evaluated in accordance with the general regulations governing admission of freshman students as well as guidelines established by the American Association of Collegiate Registrars (AACRAO) and the National Association of Foreign Student Advisors (NAFSA).

### C. College Transcripts

International students who have attended colleges in the United States must have official transcripts sent to Pensacola State College. Students who have completed college-level work at institutions outside of the United States and wish to receive transfer credit will be required to seek the services of recognized credentials analyst. See Transfer Students from Other Countries.

### D. Financial Support Documentation

An official statement from the applicant's (or sponsor's) bank or other financial institution is required and must verify the availability of sufficient funds for tuition, matriculation, books, and living expenses. All monetary amounts must be indicated in United States dollars. If the international student will be provided funding through his/her country's government or some other agency, documentation verifying the availability of sufficient funds for tuition, matriculation, books, and living expenses, etc., must be submitted.

### E. Language Proficiency

For those international applicants whose native language is not English, the Test of English as a Foreign Language (TOEFL) will be required. The minimum score acceptable for admission is 500 (on the paper-based exam), 173 (on the computer-based exam), and 61 (on the internet-based exam). An official TOEFL score report must be sent directly to the Registrar's Office; Pensacola State College's school code for this purpose is 5535.

Student copies of the TOEFL score report will not be accepted. Students who have not taken the TOEFL but have completed an English Language School (ELS) through Level 109 will be considered. An official ELS transcript must be sent directly to the Registrar's Office from the testing agency or the institution offering the ELS program. **No exceptions will be made to these requirements for language proficiency.**

## F. Medical/Health Insurance

Health insurance with hospitalization coverage is required. Evidence of a health insurance policy valid in the United States and covering the period of enrollment must be documented prior to registration.

When all required documents and credentials are received, Pensacola State College will issue the Immigration Form I-20 recorded through the Student and Exchange Visitor Information System (SEVIS) of the United States Department of Immigration and Customs Enforcement. The admitted international student will be responsible for establishing an appointment with the appropriate Embassy and paying any fees associated with the process to receive the F-1 Student Visa.

## APPLICATION FORMS AND ACADEMIC CREDENTIALS

All application forms and academic credentials should be on file well in advance of registration. Students with incomplete admissions files will be granted provisional admission for the initial term of enrollment. Registration beyond the first term is dependent upon receipt of all required documents. Pensacola State College transcripts or other certifying information will not be released for those students with incomplete admissions files.

### A. Application

New students must submit the completed application form. A former student who has not attended in the previous 12 months must submit a readmission form to update his/her permanent record.

### B. Application Fee

New students will be assessed a \$30 non-refundable application fee. Returning students will not be assessed the application fee. Baccalaureate students will be assessed a \$30 baccalaureate application fee regardless of prior enrollment at Pensacola State College.

### C. Residence Statement

An applicant claiming Florida residence for tuition purposes must file a written statement that he/she is entitled to classification as a Florida resident for tuition purposes. Applicants who do not meet the criteria for residence established by Florida law and those who are legal residents of another state must complete the Residence Statement. See Florida Residency Classification.

### D. Educational Records (Transcripts)

**Freshman students** must have official transcripts showing high school graduation sent to the Registrar's Office. Freshman students who have earned the GED diploma must have an official score report sent to the Registrar's Office. The parent or legal guardian of a freshman student who has completed a home education program must submit an affidavit verifying completion of a home education program meeting State of Florida requirements for the standard diploma.

**Transfer students** must have official transcripts as indicated above as well as official transcripts from each college or university attended.

**Baccalaureate students** must have official transcripts as indicated above (high school and college). Admission into the baccalaureate program will not be granted until all transcripts are on file and evaluated for transfer credit.

**Limited access program applicants** are expected to have all educational records on file well in advance of any application deadline for the program of choice.

**Non-degree seeking students** will be admitted without the requirement for transcripts. Enrollment in courses with placement testing requirements or pre-requisites may require a transcript to document eligibility.

**Transient students** may not be required to have official transcripts sent to the College. However, a Transient Student Authorization Form or some other written verification of enrollment approval is required each term of registration.

## FLORIDA RESIDENCY CLASSIFICATION

Pensacola State College students will be classified as Florida residents, Alabama residents, or non-Florida residents for tuition assessment purposes. The criteria for determining residency status are detailed in the Florida Statutes and the administrative rules of the State Board of Education. Detailed information for residence classification is available in the Registrar's Office and on [www.FACTS.org](http://www.FACTS.org). The Residence Statement, included in the Application for Admission, is required of all new students and all returning students with an absence of 12 months or more.

A Florida resident for tuition purposes is a person (or the parent or legal guardian of a person) who has established and maintained legal residence in Florida for the 12 months immediately preceding the first day of classes of the term for which residence classification is requested. Residence in Florida must be for the purpose of establishing a permanent home and not merely incidental to enrollment at an institution of higher education.

To qualify as a Florida resident for tuition purposes, the independent student or the parent/legal guardian of a dependent student must be a United States citizen, lawful permanent resident, or certain non-citizens granted indefinite stay by the United States Citizenship and Immigration Service. Living in or attending school in Florida does not, in and of itself, establish legal residence. Students who depend on out-of-state parents for support are presumed to be legal residents of the same state as their parents unless one parent has established legal residence in Florida for more than 12 months. Documents supporting the establishment of legal residence must be dated, issued, or filed 12 months before the first day of classes of the term for which Florida residence status is sought. Students cannot hold out-of-state driver's license, vehicle registrations, etc., and be eligible for Florida residency.

Providing false residency information is a violation of Florida Law and could result in disciplinary action being initiated. The College will correct the fees assessed of those students who misrepresent their places of legal residence. An invoice will be issued for the increase in tuition.

### Dependent/Independent

A dependent student is any person under the age of 24 who is eligible to be claimed by his/her parent or legal guardian as a dependent under the federal income tax code and who receives at least 51 percent of his/her cost of living expenses from his/her parent or legal guardian. Students classified as dependent students will be required to have their parents or legal guardians complete the Residence Statement. A copy of the student's or parent's most recent tax return or other documentation may be required to establish dependent or independent status. Some students under the age of 24 may be classified as independent students if certain criteria as indicated below are met and documentation for the exception is attached to the Residence Statement:

- The student is married
- The student has a child who receives more than half of his/her support from the student
- The student has other dependents who live with and receive more than half of their support from the student
- The student is currently serving on active duty in the United States armed forces for purposes other than training or is a veteran of the United States armed forces.
- Both of the student's parents are deceased or the student is/was a ward/dependent of the court system until the age of 18.

### Exceptions/Qualifications

Other persons not meeting the 12 month legal residence requirement may be classified as Florida residents for tuition purposes only if they fall within one of the limited special categories authorized by the Florida Legislature as provided in FS 1009.21 (11). These exceptions are listed below:

1. A student who intends to make Florida his/her permanent home and is married to someone who meets the requirements for classification as a resident for tuition purposes
2. Active duty service members of the United States armed forces stationed in or residing in Florida (spouse and dependent children included)
3. Active duty service members of the United States armed forces not stationed in Florida but whose legal state of residence certificate, the DD2058, is Florida (spouse and dependent children included)

4. Full-time instructional and administrative personnel employed by the State public school system, college system, or university system (spouse and dependent children included)
5. A dependent child who has lived with an adult relative, who is not a parent or legal guardian, for at least the four years preceding the first day of class for the term of enrollment
6. Persons who were enrolled as Florida residents at a state institution of higher learning but who abandon Florida residency for less than one year
7. Latin American/Caribbean Scholars
8. United States citizens living on the Isthmus of Panama who have completed 12 consecutive months of college-level course work at the Florida State University Panama Canal Branch (spouse and dependent children included)
9. Full-time employees of state agencies or political subdivisions of the State when the student fees are paid by the agency or subdivision or the purposes of job-related law enforcement or corrections training.
10. Qualified beneficiaries under the Florida Pre-Paid Postsecondary Expense Program as provided in Florida Statute.
11. A dependent child whose parents are divorced, separated, or otherwise living apart, will be considered a resident for tuition purposes if either parent is a legal resident of Florida, regardless of which parent claims the minor for tax purposes.

The law allows non-citizens such as lawful permanent residents, temporary permanent residents, asylees, parolees, and refugees who have applied for and been approved for such status and who otherwise meet the 12-month legal residence requirements, to be eligible to establish Florida residency for tuition purposes. For a list of these non-immigrant categories (visa categories and INS classifications) eligible to establish Florida residence for tuition purposes, contact the Registrar's Office or visit [www.facts.org](http://www.facts.org), Residency Guidelines under Admissions.

### Documents Required for Classification as a Resident for Tuition Purposes

Listed below are the documents established by the state as items required for classification as a resident for tuition purposes. A student, or the dependent student's parent or legal guardian, must be able to present two of these documents, and one of the documents must be a Tier One document. All documents submitted must be dated, issued, or filed at least 12 months prior to the first day of classes for the term of enrollment.

**Tier One Documents** (at least one of the two documents submitted must be from this list)

- A Florida driver's license
- A State of Florida ID card
- A Florida voter's registration card
- A Florida vehicle registration
- Proof of a permanent home in Florida which is occupied as a primary residence by the applicant or by the applicant's parent if the applicant is a dependent
- Proof of homestead exemption in Florida
- Transcripts from a Florida high school for three or more years provided the Florida high school diploma or GED diploma was earned within the last 12 months
- Proof of permanent full-time employment in Florida for at least 30 hours per week for a consecutive 12-month period

**Tier Two Documents** (may be used in conjunction with one document from Tier One; if the student or the dependent student's parent provides two Tier One documents, no Tier Two document is required)

- A Declaration of Domicile filed in Florida (at least 12 months prior to the first day of classes for the term)
- A Florida professional or occupational license
- Florida incorporation
- A document evidencing family ties in Florida
- Proof of membership in a Florida-based charitable or professional organization
- Any other document that supports the student's request for resident status, including, but not limited to, utility bills (in the student's name or the dependent student's parent's name) along with proof of 12 consecutive months of payments; a lease agreement (in the student's name or the dependent student's parents name) along with proof of 12 consecutive months of payments; or an official state, federal or court document evidencing legal ties to Florida

### Reclassification of Residence

Students classified as non-residents for tuition purposes may request reclassification as residents at such time as they have met the criteria for requirements for residence classification. Reclassification will be granted to those students who present clear and convincing evidence that living in Florida is for the purpose of establishing a legal residence, maintaining Florida as their permanent home, and that attendance in school is not the primary purpose for living in the State of Florida. The clear and convincing evidence must include three documents from the listing above, two of which must be Tier One documents.

Students who become eligible for residence classification during a term will be eligible for classification with the next term of enrollment. At no time will a student be permitted to be classified as a non-resident for one session within a term and a resident for another session within the same term.

### Appeals

In cases where the applicant expresses a desire to appeal the residency classification determined by the College, the matter will be referred to the Residency Appeals Committee in accordance with the College's official appeals process. The student must submit a request for review and include clear and convincing evidence that he/she is entitled to classification or reclassification as a Florida resident for tuition purposes. The Residency Appeals Committee will provide the final residency determination and the reasons for the determination in writing.

### ALABAMA TUITION DIFFERENTIAL

The Florida Legislature allows state colleges to assess Alabama residents a tuition differential that results in an assessment of tuition that is less than the out-of-state tuition. Pensacola State College provides Alabama residents, meeting the criteria of physical residence and establishment of two legal ties to the State of Alabama, a fee that is equivalent to the in-state tuition plus an additional \$1.00 (at the time of this catalog printing) per credit hour or credit hour equivalent.

To be eligible for the Alabama Tuition Differential, the Alabama resident must have maintained legal residence in the State of Alabama for the 12 months immediately preceding the first day of classes in the term for which the differential tuition assessment is requested.

The residence status of a dependent student is considered to be that of the parent or legal guardian of the student. A dependent student is any person who is eligible to be claimed by another person for Internal Revenue purposes. If the student requesting the Alabama Tuition Differential is under the age of 24, Pensacola State College will assume that the student is a dependent, and the parent/legal guardian must request the Alabama Tuition Differential for the dependent.

An Alabama resident who has not met the 12-month residence requirement but is married to an individual who has otherwise met the requirement may base his/her status on the eligible spouse.

Prospective students interested in the assessment of the Alabama Tuition Differential may submit the request for classification as an Alabama Resident in a registration office on any campus.

Listed below are the documents required for the Alabama Tuition Differential. An Alabama student, or the dependent student's parent or legal guardian, must be able to present two of these documents, and one of the documents must be a Tier One document. All documents must be dated, issued, or filed at least 12 months prior to the first day of classes for the term of enrollment.

**Tier One Documents** (at least one of the two documents submitted must be from this list)

- An Alabama driver's license
- A State of Alabama ID card
- An Alabama voter's registration card
- An Alabama vehicle registration
- Proof of a permanent home in Alabama which is occupied as a primary residence by the applicant or by the applicant's parent if the applicant is a dependent
- Proof of homestead exemption in Alabama
- Transcripts from an Alabama high school for three or more years provided the Alabama high school diploma or GED diploma was earned within the last 12 months
- Proof of permanent full-time employment in Alabama for at least 30 hours per week for a consecutive 12-month period

**Tier Two Documents** (may be used in conjunction with one document from Tier One; if the student or the dependent student's parent provides two Tier One documents, no Tier Two document is required)

- A Declaration of Domicile filed in Alabama (at least 12 months prior to the first day of classes for the term)
- An Alabama professional or occupational license
- Alabama incorporation
- A document evidencing family ties in Alabama
- Proof of membership in an Alabama-based charitable or professional organization
- Any other document that supports the student's request for resident status, including, but not limited to, utility bills (in the student's name or the dependent student's parent's name) along with proof of 12 consecutive months of payments; a lease agreement (in the student's name or the dependent student's parents name) along with proof of 12 consecutive months of payments; or an official state, federal or court document evidencing legal ties to Alabama.

## **COLLEGIATE HIGH SCHOOL (Formerly Adult High School)**

An individual may be admitted to the Collegiate High School program if he/she is at least 16 years of age or older and no longer enrolled in a K-12 program. No exception shall be made to this age requirement.

Students enrolling from the Escambia County (Florida) and Santa Rosa County school districts must present a "Letter of Good Standing" stating that the student is in good standing and would be, if not withdrawing, eligible to continue enrollment in the school district. Students who have been suspended or expelled from an Escambia County (Florida) or Santa Rosa County school may be denied admission to the Collegiate High School program.

The Collegiate High School applicant must be capable of profiting from the instruction as determined by standardized tests and/or other appropriate criteria. The Test of Adult Basic Education (TABE) may be required, and the test will be administered in the Pensacola Campus Test Center. The student will pay fees associated with this testing.

The Collegiate High School program is designed to provide adults an opportunity to earn the high school diploma. Residents of Florida will not be assessed fees for courses. Residents of Alabama will be entitled to the Alabama Tuition Differential. Residents of other states will be assessed the full cost of instruction for Collegiate High School courses. All students enrolled in the Collegiate High School program will be responsible for purchasing their own textbooks.

The Collegiate High School is housed in the Hobbs Center on the Pensacola Campus.

## **Application Forms and Academic Credentials for Collegiate High School Admission**

### **APPLICATION**

The application form is available at the Collegiate High School (Building 11, Pensacola Campus) or the Registrar's Office (Building 2, Pensacola Campus). The application process must be completed prior to any registration. Contact the Collegiate High School for dates, times, and other registration information.

### **STATEMENT OF RESIDENCE**

Verification that the applicant to the Collegiate High School is a resident of Florida (or eligible for the Alabama Tuition Differential) will be required. Non-residents will be required to pay the full cost of instruction for courses in the Collegiate High School.

### **PARENT AGREEMENT FORM**

Applicants under the age of 18 must have the agreement of a parent or legal guardian for enrollment in the Pensacola State College Collegiate High School program. This statement of agreement is included on the Application Form.

### **TRANSCRIPT**

The applicant should bring an official transcript from his/her previous high school (in a sealed envelope) for appropriate placement in courses. If the official transcript is submitted at the time of application, the document will be accepted for admission purposes. If not, the student must request an official transcript to be sent to the Registrar's Office, and the transcript must be on file by the time of the student's registration in a second term.

### **HOME EDUCATION CREDITS**

Students who have been enrolled in a home-education (home school) program will have work evaluated in accordance with rules established at the State level. Successful completion of Collegiate High School courses is required before home school courses will be accepted and posted to a student's permanent Pensacola State College record.

## **ADULT EDUCATION ADMISSION (formerly Adult Basic Education)**

The Adult Education Department offers classes for adults who want to improve their basic academic skills, prepare for the GED Examination, and/or improve English language skills. See the Adult Education section of the Catalog or contact the Adult Education Department at (850) 484-2128.

## **PENSACOLA STATE COLLEGE STUDENTS SEEKING TRANSIENT STATUS AT OTHER INSTITUTIONS**

Students wishing to take classes at other colleges or universities while pursuing a degree or certificate at Pensacola State College must secure the approval of the College Registrar prior to the enrollment at another institution. A Transient Student Authorization Form will be required, and the form is available in any admissions office or online at [www.facts.org](http://www.facts.org). Course transferability is guaranteed with the transient authorization.

Eligibility for the course to be taken at another institution will be based on eligibility to take the course at Pensacola State College. If placement testing is required or if a prerequisite course is required, the Pensacola State College student must have completed those courses before transient authorization will be granted. Transient authorization may not be granted for students enrolling in courses that are not applicable for the Pensacola State College program of study.

## **SERVICEMEMBERS OPPORTUNITY COLLEGE (SOC)**

Pensacola State College is a designated both a Military Friendly College and a SOC institution. Pensacola State, through the Servicemembers Opportunity College, extends to United States service members (and their dependents) an opportunity to contract with the College to earn degrees. Students who have earned a minimum of 25% of their credits towards their programs at Pensacola State College are allowed ten years to complete program requirements. The remaining credits can be earned through successful completion of regular college courses at regionally accredited institutions.

Information regarding Servicemembers Opportunity College may be obtained at [www.soc.aascu.org](http://www.soc.aascu.org). The point of contact at Pensacola State College is the Coordinator for Veterans Affairs located in the District Office of Financial Aid/Veterans Affairs.

## **RESERVE OFFICER TRAINING CORP (ROTC)**

Pensacola State College, in cooperation with the University of West Florida, offers the Army ROTC program. Army ROTC is a challenging series of college electives that teaches leadership and management skills. The program prepares both men and women for responsibilities as Second Lieutenants in the active Army, Army Reserve, or Army National Guard upon graduation. Students may pursue any course of study that leads to a baccalaureate or higher degree. Qualified students may compete for two-, three-, and four-year ROTC scholarships. A student does not have to be on scholarship to be in ROTC. Anyone attending college as a full-time student can take freshmen or sophomore ROTC classes with no commitment required. For further information please contact [rotc@pensacolastate.edu](mailto:rotc@pensacolastate.edu) or the ROTC office at the University of West Florida by telephoning (850) 474-2323. ROTC contains adventure activities such as paintball, helicopter rides, water survival and rappelling. Physical fitness activities are required and are incorporated into the grade structure.

## **CHANGE OF POLICY AND DENIAL OF ADMISSION**

The College reserves the right to deny admission to any applicant and to change any of the rules, courses, regulations, and charges without notice.

The admission of any student may be postponed or denied if the student has been convicted of, or is under investigation for, violation of local, state, or federal statute.

Falsification of information on any admission paper may result in denial of admission or immediate dismissal from the college.

# REGISTRATION AND CREDITS

## General Registration Information

Registration is required before a student can attend classes. Registration will be held several times during the year, and registration dates and times will be posted to the College's web site at [www.pensacolastate.edu](http://www.pensacolastate.edu). The schedule of courses will be posted to the College's web site several weeks in advance of a term.

All new degree-seeking students must complete placement testing requirements and attend an orientation session prior to registration. See the Entry-level Testing section of this Catalog. Orientation will be scheduled after testing or can be scheduled through an advising office on any campus. Orientation is also available online, and information regarding the online orientation process may be obtained in an advising office on any campus.

Students must be officially registered, including payment of fees, before attending any class.

### WEB REGISTRATION

Online registration through Spyglass at [www.pensacolastate.edu](http://www.pensacolastate.edu) is available to all students provided admission has been finalized and no obligations to the College exist.

### CAMPUS REGISTRATION

Students may register in person at any registration office or through an advisor or program manager. Registration dates and times will be posted on the College's web site at [www.pensacolastate.edu](http://www.pensacolastate.edu).

### LATE REGISTRATION

Late registration begins on the first day of classes, and students will be assessed a \$25 late registration fee.

## Withdrawal or Change To Non-Credit

A student may choose to withdraw from a course or request a change to non-credit through the 70th percent point of the course. The last date to withdraw from a class will be published in the academic calendar in this catalog and on the Pensacola State College website. For off-term classes, the last date to withdraw will be the 70th percent point of the course, and information regarding the last date to withdraw may be obtained from the instructor of the off-term class. Financial aid and veteran benefits eligibility may be affected by withdrawing from a course. Financial aid and veteran students should discuss their intended withdrawal with a member of the Office of Financial Aid/Veterans Affairs/Scholarships.

Students must process an official withdrawal from any class and should not expect the instructor to process a withdrawal for them. Students are encouraged to discuss any withdrawal with the instructor prior to withdrawing. Ceasing attendance does not guarantee a withdrawal. Students can be assured of receiving a grade of "W" only when the student processes an official withdrawal. A withdrawal cannot be processed through Spyglass; students must begin the official withdrawal process with an advisor on any campus.

After the 70th percent point of the course, a student may not withdraw from a class and an instructor cannot withdraw a student from a class. A grade of "F" (or "N" for college preparatory courses) will be assigned.

The College may withdraw students for excessive absences, failure to pay fees, failure to meet conditions of admission, or for violations of the Pensacola State College Code of Conduct. A student who has been withdrawn for excessive absences may request that the instructor reinstate him/her. A student who has been withdrawn for non-payment of fees may seek reinstatement after satisfying the financial obligation.

A student is permitted two attempts of any course. A student will not be permitted to withdraw from the third attempt of a course and will receive a grade for the course. If a student in a third attempt stops attending, the instructor must assign an "F"

## Early "F" Grade

A student will be assigned an Early "F" grade if he/she stops attending a class after the withdrawal deadline, stops attending a class in which the instructor does not process withdrawals, or stops attending a course being attempted for the third time.

## Audit and Non-Credit Status

The fees paid to audit a course or to take a course for no credit are the same as to take the course for a grade.

### AUDIT

A student may register in a course on an audit basis by completing the appropriate audit form in a registration office. A student may change to the audit status no later than the last day of the schedule adjustment period. A change from audit to credit is not permitted after the end of the schedule adjustment period. College preparatory classes cannot be audited.

Class examinations are not required for lecture-based courses; however, laboratory and clinical courses may require successful completion examinations. Regular class attendance is encouraged. Students auditing a class will not receive a letter grade ("A" through "F"). A mark of "X" will appear on the student's transcript indicating that the course was taken for audit. Audit courses will not affect the grade point average. Courses taken on an audit basis will not be counted when determining eligibility for veterans benefits, financial assistance, or certificate of enrollment to outside agencies.

### NON-CREDIT

Students may change to a non-credit status after the registration period but prior to the last date to withdraw (the 70th percent point of the course). A change from non-credit to credit is not permitted. Tests or examinations are not required for the non-credit student; however, regular attendance is encouraged. Courses taken for non-credit are not included in the calculation of the grade point average but are included in determination of academic progress. In determining academic standing, a course taken for non-credit is considered to be an attempted course that has not been completed.

## Pass/Fail Option

A student may choose to enroll in a course using the Pass/Fail Option. Students passing the course will receive a grade of "P" and will earn credit for the course with no effect on the grade point average. Students not passing the course will receive a grade of "F" and the "F" grade will be calculated for GPA purposes. In both cases, the grade and credits for courses taken by the Pass/Fail Option will be used in determining academic standing. See Standards of Progress.

The Pass/Fail option is not available for courses classified as general education courses even if the course is not being taken to meet general education requirements. Some program core courses cannot be taken using the Pass/Fail option. A transient student should consult an advisor at his/her primary institution before electing the Pass/Fail Option in a course to be transferred to that institution.

The Pass/Fail option is not available for students enrolling in baccalaureate courses.

Students wishing to take a course using the Pass/Fail Option must declare their intent before the end of the schedule adjustment period by completing the appropriate form at any registration office. Students may not change from the Pass/Fail Option to a grade-seeking status after the end of the schedule adjustment period. The normal rules for repeating courses will apply to courses completed by the Pass/Fail Option. For repeat purposes, a grade of "P" will be treated as if it were a "C" or better; that is, the course cannot be repeated for credit.

Students enrolled in associate degree or certificate programs may choose to take up to three elective credits by the Pass/Fail Option. These credits will be exclusive of any transfer credits or external credits. Students may choose to take additional courses using the Pass/Fail option, but any credits beyond the three credit maximum may not be used to meet graduation requirements.

# NON-TRADITIONAL CREDIT (EXTERNAL CREDIT)

Students may use credits earned through non-traditional learning experiences toward most degree programs offered by the College. The maximum number of non-traditional credits that may be counted toward graduation depends upon the particular program of study and the type of non-traditional credit. In all cases, no more than 15 credit hours earned through non-traditional means may be counted toward the general education requirements of the associate in arts degree.

In all cases, no more than nine credit hours earned through non-traditional means may be counted toward the general education requirements of the associate in science or associate in applied science degree. The College Registrar makes the final determination of credit.

Non-traditional credit earned will not appear on an official Pensacola State College transcript until a minimum of 15 credit hours of Pensacola State College course work has been earned.

A student receiving financial aid or veterans benefits should consult with a financial aid/veterans affairs representative regarding non-traditional credit as it pertains to eligibility.

Credits earned through non-traditional means will not be posted to the record with a letter grade. No quality points are attached to the course and the credits neither improve nor decrease the cumulative grade point average.

## Departmental Exemption Exams

A student may challenge the content of certain courses and earn credit upon the successful completion of a departmental proficiency examination. Procedures are as follows:

1. The student must obtain approval from the appropriate department head, the College Registrar or designee, and pay the predetermined exemption examination fee at any cashier's office. Registration in the course is not required. The exam fee is non-refundable.
2. If the student registers for the course, the student must obtain approval from the appropriate department head, the College Registrar, and pay the exam fee. The examination must be taken no later than the end of the third week of a class for a fall or spring term and no later than the second week of class for a summer term. If the student passes the examination, registration in the course will be cancelled, and the student will receive a refund of fees paid for the course. The exam fee is non-refundable.
3. The student must be currently enrolled in a credit course at the College other than the one being challenged or must have completed prior credit coursework at Pensacola State College.
4. The student must not have taken the exemption examination for the course at any previous time.
5. The student must not have earned a grade in the course through work at Pensacola State College or through transfer credit. A student may not use the exemption examination option to raise a grade of "D" or "F"

## Military Credit

Active duty military personnel should submit an official copy of military service school training to the Registrar's Office for possible credit. Information regarding points of contact are provided in the table below:

Branch of Military	Contact for Documentation
Navy	SMART at <a href="http://www.navycollege.navy.mil/transcript/htm">www.navycollege.navy.mil/transcript/htm</a>
Marine Corps	SMART at <a href="http://www.navycollege.navy.mil/transcript/htm">www.navycollege.navy.mil/transcript/htm</a>
Army	AARTS at <a href="http://aarts.army.mil">http://aarts.army.mil</a>
Air Force	Community College of the Air Force at <a href="http://www.au.af.mil/au/ccaf">www.au.af.mil/au/ccaf</a>
Reservists and National Guard	Contact the Military Education Officer for the DD295; the DD295 must be certified by an authorized commissioned officer and sent directly to the Pensacola State College Registrar's Office.
Retired Military	Copies of the DD214 will be accepted; credits for military experiences will be granted according to the recommendations of the American Council on Education (ACE) as published in the latest editions of <i>The Guide to the Evaluation of Education in the Armed Services</i>

## Advanced Placement (AP)

Credit is awarded to those students who have earned a score of 3 or higher on a high school AP exam after completion of an AP course. The State Department of Education determines credit awarded. Official score reports are to be sent to the Registrar's Office directly from College Board.

## College Level Examination Program (CLEP)

CLEP exams are administered to anyone who wishes to document knowledge in a specific subject area. Those who wish to register for CLEP exams should contact the Pensacola Campus Test Center for dates and costs. The State Department of Education determines credit awarded. Official score reports are to be sent to the Registrar's Office.

## International Baccalaureate (IB)

Credit is awarded to students who have completed courses in an International Baccalaureate (IB) program in high school. The State Department of Education determines credit. Official copies of the score report should be sent directly to the Registrar's Office from the high school at which the student completed or attended the IB program.

## Defense Activity for Non-Traditional Education Support (DANTES)

DANTES exams are administered to military personnel to document educational achievement. Test results must be sent directly to the College from DANTES. The State Department of Education determines credit awarded.

## Prior Learning Assessment (PLA)

Students may earn credit for knowledge and skills gained outside the traditional classroom. On-the-job training, travel experiences, self-study, apprenticeship, and other similar life experiences may be translated into equivalent college or vocational credit. Only training and experiences in areas corresponding directly to Pensacola State College coursework will qualify for PLA credit; credit will not be awarded for skills and experiences in areas not taught currently at the college. PLA credits awarded will be based on a portfolio review and will appear on the official Pensacola State College transcript in the same manner as other external credits.

In all cases, no more than 25 percent of the student's degree may be earned through PLA credits. Additional restrictions may apply to certain programs and courses. Questions and concerns regarding the Prior Learning Assessment process should be directed to Dr. June Linke, Dean of Curriculum and Assessment.

# FINANCIAL AID INFORMATION AND FEES

## BURSAR'S OFFICE

The Bursar's Office is responsible for all student accounting and collections. The Bursar's Office is located at each of the three campuses and provides the following services.

1. Collection of student registration fees.
2. Collection of special fees.
3. Billing and collection of accounts receivable.
4. Billing and collection of loans receivable.
5. Cashing of student checks, up to \$10. Students must present valid student ID and include student ID number on check.
6. Distribution of student payroll checks. Student must present valid student ID.
7. Distribution of student financial aid must be approved for release by the Financial Aid Office. Financial aid funds are disbursed through Higher One. No financial aid disbursements will be made which are less than \$1.

## PAYMENT OF FEES

Financial obligations for delinquent loans, veteran's deferments, FFEL deferments, returned checks, and student financial aid over awards must be repaid before students can register. The president or his designee has the authority to set aside the ruling. Permission, if granted, must be in writing.

All fees on a class schedule must be paid in full by the fee payment date or enrollment in every course on the schedule will be canceled. Payment may be made by cash, check, American Express, VISA, MasterCard, or approved financial aid. If a change in the student's enrollment status results in loss of anticipated financial aid, the obligation for payment of fees remains the student's responsibility.

## SPECIAL FEES

Returned check charge . . . . .	\$20.00
This will be assessed for each check returned to the college by the depository bank as being uncollectible.	
Application fee . . . . .	\$30.00
Service charge on Pensacola State College short-term student loans . . . . .	\$5.00
Testing . . . . .	as applicable
Departmental exemption exam . . . . .	\$40.00
Late registration fee . . . . .	\$25.00
This fee will be assessed to those students initiating registration for college preparatory, vocational preparatory, college credit, or vocational credit courses following the close of the regular registration period.	
Parking decal . . . . .	No student cost
Prior learning assessment . . . . .	\$40.00
Servicemembers Opportunity College . . . . .	No student cost
Lab fees . . . . .	as applicable

## REFUNDS

1. Refunds result from classes dropped by the student prior to the end of the published schedule adjustment period (drop and add period) and for classes which are canceled by the college. **A FULL REFUND OF FEES PAID WILL BE GIVEN IF PROPER PROCEDURES FOR DROPPING A CLASS ARE FOLLOWED.** Please refer to the current class schedule booklet for additional information on refund procedures.
2. A drop is different from a withdrawal. A drop will result in the elimination of the dropped class(es) from the student's permanent record (transcript). A dropped class does not affect the student's academic standing. A withdrawal will result in a letter grade of "W" in each class from which the student withdraws or is withdrawn. Withdrawals are included in the calculation of a student's academic standing.
3. The current Pensacola State College Course Schedule Booklet contains information regarding policies and procedures related to refunds for non-credit classes offered through the Division of Community Programs.
4. Refunds are processed to Higher One within two weeks after the end of the published schedule adjustment period each term. Refunds of \$5 or less will not be processed unless specifically requested by the student.
5. Exceptions to this refund policy may be authorized by the president or his designee when extenuating circumstances support an exception to the refund policy.

## DELINQUENT FINANCIAL OBLIGATIONS/RETURNED CHECKS

1. Grades, transcripts, and other student records will not be released to those students who owe parking fines or library fines. Payments on library fines are collected at the LRC. Payments on parking fines are collected at the Bursar's office.
2. Students with delinquent financial obligations, including loans, veteran's deferments, FFEL deferments, returned checks, and student financial aid over awards will not be allowed to register to obtain transcripts or other student records until all obligations have been satisfied. Any collection costs that are incurred by Pensacola State College may be charged to the student.
3. Students who have defaulted Federal student loans are not eligible for further federal or state financial aid nor may their college transcripts be released until such time as the student makes documented satisfactory repayment arrangements.
4. It is a violation of Florida law to give a worthless check or to stop payment on a check given to satisfy a valid obligation. It is not acceptable for students to stop payment on a check in order to "drop" classes. Students must follow proper procedures to drop classes for a refund. Students who do not pay for checks returned as uncollectible will be administratively withdrawn from all classes; withdrawal does not relieve the student of responsibility for payment of the obligation. Students may apply for reinstatement after the obligation has been satisfied. Students who give uncollectible checks are subject to prosecution by the college to the fullest extent provided by law.

## COST OF BOOKS AND SUPPLIES

Textbooks, workbooks, and necessary school supplies may be purchased at the college bookstores. Cost of these items varies with the program of the student. Some programs require the student to purchase additional materials. A large supply of used books is also available at a discount at the college bookstores located on all three campuses.

## FINANCIAL AID PROGRAMS

Students who need assistance in paying the costs associated with their attendance at Pensacola State College should complete the Free Application for Federal Student Aid (FAFSA). Filing a FAFSA will determine if a student qualifies for any of the aid programs. Pensacola State College's school code required on the FAFSA is 001513

### General Eligibility Requirements:

All financial aid is dependent upon the availability of federal, state, local and institutional resources. To be eligible for financial aid, you must:

1. Be accepted as a Pensacola State College degree-seeking student to an A.A., A.A.S., or A.S. Degree program, or
2. Be accepted as a Pensacola State College certificate-seeking student in an eligible Vocational Certificate program.
3. Be making satisfactory academic progress for financial aid purposes (FASAP).
4. Be a U.S. citizen, national or permanent resident alien.
5. Enroll at least half time (6 credit hours) for most aid programs.
6. Not be in default on a prior student loan.
7. Not owe a repayment or overpayment of a federal grant.
8. Not have an existing financial obligation to Pensacola State College.
9. Be registered for Selective Service, if required.
10. As a first-time college student, have a standard high school diploma or GED certificate or meet Federal Ability to Benefit (ATB) test score guidelines.

For students who do not have a standard high school diploma or GED, Pensacola State College has identified the College Placement Tests (CPT) as the only acceptable test for ATB purposes; to receive financial aid, the minimum CPT scores are: Reading 55, Sentence Skills 60, and Arithmetic 34.

11. As a college transfer student, have an official transcript from each previously-attended institution submitted to and evaluated by Pensacola State College.
12. Not have been convicted for sale or possession of illegal drugs during a term in which they received Title IV federal financial aid.

### Enrollment Requirements

Prior to registering for classes the student is responsible to go online to [www.pensacolastate.edu](http://www.pensacolastate.edu), under "Student Records," view "My Degree Audit." The student should register only in courses as indicated on the Degree Audit that count toward fulfilling the requirements for graduation in their declared program of study. Federal and state financial aid may be awarded to students who meet these enrollment requirements.

### Federal Pell Grant

PELL Grants are available to undergraduate students only. Students with a bachelor's degree are not eligible. Each year Congress establishes the maximum Pell Grant award for enrollment. The following chart shows how PELL Grant awards are adjusted based on enrollment:

Number of Credit Hours	Enrollment Level	Percentage of Award
6 to 8	Half-time	50%
9 to 11	Three-quarter-time	75%
12 or more	Full-time	100%

Some students may be eligible to receive a PELL grant for enrollments less than 6 credit hours. Effective summer 2010, the United States Department of Education has authorized the awarding of "Year Round Pell." Students may be eligible for up to an additional full time award when they meet the criterion of accelerating their progress toward program completion. Students who may be eligible will be notified via their PirateMail email account and will find an additional tentative award listed on their Financial Aid Summary screen available through their secure SpyGlass logon at [pensacolastate.edu](http://pensacolastate.edu). Students must register half time or more in order to receive the additional Pell award. Updated information will be made available on the Pensacola State College website under Financial Aid.

## Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG is a federal grant for undergraduates with exceptional financial need. Since these funds are limited, only Pensacola State College PELL Grant recipients with "0" EFC will be awarded FSEOG funds. The award amount will vary per academic year and federal funding levels. Awards are available during the Fall and Spring semesters only. A minimum enrollment of half-time each semester is required for a student to receive a partial award. Funds are limited.

### Academic Competitiveness Grant (ACG)

ACG will provide up to \$750 for the first year of undergraduate study and up to \$1,300 for the second year of undergraduate study to full-time students who are U.S. citizens, eligible for a Federal Pell Grant, and who have successfully completed a rigorous high school program as determined by the state or local education agency and recognized by the Secretary of Education.

Second year students must also have maintained a cumulative grade point average (GPA) of at least 3.0. The program was available for the first time in 2006-07 school year for first year students who graduated from high school after January 1, 2006 and for second year students who graduated from high school after January 1, 2005.

ACG is awarded in addition to the Pell Grant award.

### Federal Family Education Loan Program (FFEL)

Effective July 1, 2010, the FFEL program was replaced by the William D. Ford Federal Direct Loan Program.

Student loans are available through the Direct Loan program. Loans may be subsidized or unsubsidized. Enrollment of half-time each semester is required. Enrollment must be in courses required for the declared program of study at Pensacola State College.

Subsidized loans are need based. Borrowers must show financial need to be eligible. The federal government will pay the interest on these loans while the borrower remains enrolled in school at least half-time. Unsubsidized loans require the borrower to pay the interest as it accrues or to capitalize the interest. Capitalization increases the amount to be repaid.

The Department of Education and the college may set limits on the amount a student may be eligible to borrow for an award year as well as on a cumulative basis. The following indicates the maximum subsidized annual loan limit based on a student's grade level and classification.

Dependent Undergraduate Student	Independent Undergraduate Student
Freshman \$3500	Freshman \$3500
Sophomore \$4500	Sophomore \$4500

A freshman student is one who has completed less than 30 credit hours in their program of study and a sophomore is a student who has completed 30 or more credit hours in their program.

The amounts listed represent the maximum amounts from either type of loan or a combination of the two. Independent students may borrow additional unsubsidized loan amounts for documented out-of-state tuition, verified required childcare, and additional costs associated with a specific program. Computers, automobiles and credit card expenses are not valid costs associated with cost of attendance at Pensacola State College.

Students must have a completed financial aid file before the college loan request form will be processed. Additional requirements are associated with the loan programs and this information is included with the loan request form.

**Note: The school may refuse to certify a loan or certify a loan for an amount less than the student requests. Transfer students are required to have a cumulative grade point average of 2.0 in order to apply for a Direct Loan.**

### Parent Plus Direct Loans

This is a loan program which enables credit worthy parents to borrow money for their dependent children. The dependent must be enrolled at least half-time in courses required for their program of study. PLUS loans are credit worthy loans and are limited in amount to the cost of attendance minus any other financial aid received by the student. Pensacola State College requires the student to complete the FAFSA before the school will process a PLUS loan. Parents who are denied a Direct Loan after their credit has been checked by the USDOE, may appeal and/or may request to have credit worthy endorsers added to the loan.

A new USDOE web site is available for student and parent use. [www.studentloans.gov](http://www.studentloans.gov).

## Federal College Work Study (FWS)

FWS awards are made to eligible students who indicate on the FAFSA that they desire employment from this program. Eligible students are paid current Florida minimum wage rate. Students may work 15 to 20 hours per week based on the average award. Funds are limited and awards are made based on the date the financial aid file is completed. Priority is given to returning FCWS students if they remain eligible. Enrollment of half-time each semester is required.

## Florida Work Experience Program (FWEP)

The FWEP is a need-based program providing eligible Florida students work experiences to complement and reinforce their educational and career goals. Eligible students are paid current Florida minimum wage rate. Students may work 15-20 hours per week based on the average award. Students must file the Free Application for Federal Student Aid (FAFSA) though they do not have to be eligible for the Pell grant. Funds are limited. Awards are based on the date the financial aid file is completed. Student must enroll for a minimum of six credits required for their degree program and must maintain a 2.0 grade point average. Renewal eligibility is determined at the end of the second semester of each academic year. The State of Florida determines the limited allocation of FWEP funding for each college.

## Florida Student Assistance Grant (FSAG)

FSAG is a Florida State financial aid grant program awarded to full-time students who are working on their first undergraduate degree, have remaining need, and are enrolled in an A.A., A.A.S., or A.S. degree program and maintain satisfactory academic progress according to the guidelines established by the Office of Student Financial Assistance. Renewal requirements of students who received FSAG during the 2009-2010 academic year are to have completed at least 24 credit hours with a cumulative GPA of 2.00. A limited number of FSAG grants will be awarded to part-time students. There are other specific eligibility requirements and students should view this information at <http://www.firn.edu/doe/osfa/fsagfactsheet.htm>

## Florida Student Assistance Grant – Certificate Education (FSAG-CE)

FSAG-CE is a Florida State financial aid grant program awarded to students who are working on their first work-force certificate, enrolled in a minimum of six credits, have remaining need, and are maintaining satisfactory academic progress according to the guidelines established by the Florida Office of Student Financial Assistance. A limited number of FSAG-CE grants will be awarded. For the other specific eligibility requirements, contact the FA/VA office.

## Florida First Generation Grant (FGMG)

FGMG is a need-based grant for undergraduate students whose parents have not earned baccalaureate degrees are awarded automatically until the limited funds are depleted. The student must file a FAFSA, have remaining need, and meet other eligibility criterion determined by the State of Florida.

## Florida Bright Futures (FBF)

To access a Florida Bright Futures award, a student must submit a completed Florida Financial Aid Application after December 1st and prior to high school graduation or forfeit all future eligibility to the Florida Office of Student Financial Aid (OSFA).

This application is available on line at <http://www.floridastudentfinancialaid.org/ssfad/bf/>

Students should contact their high school guidance counselor for assistance and information.

Students who merit Bright Futures awards must access that aid within three (3) years of high school graduation and no sooner than the first fall term following high school graduation.

The Pensacola State College FA/VA office automatically awards this merit aid each semester to eligible students identified by OSFA.

Effective August 2009, the Bright Futures scholarship award will no longer cover 100 percent of tuition and related expenses at any college. The award amount per credit hour will be determined annually by the Florida Legislature.

Students who withdraw or are withdrawn from courses after the end of schedule adjustment will be billed by the college for those hours and will be unable to register for any future term until their debt to the college is paid.

Renewal details and changes are listed on the Bright Futures Web site <http://www.floridastudentfinancialaid.org/ssfad/bf/pdf/bffaq.pdf>. Pensacola State College Short Term Loans

In addition to the above Federal and State aid programs, Pensacola State College offers limited assistance from a Short-Term Loan Program to assist with registration fees. The student must be 18 years of age, have at least a 2.0 cumulative GPA, maintain satisfactory progress, have no financial obligations to the college, not owe a repayment on a federal grant nor have a defaulted FFEL. The maximum amount of loan available is \$700. This program does not require a completed FAFSA to be filed.

## FINANCIAL NEED

Financial need is the basis for awarding federal and state aid. Financial need is the difference between the Cost of Attendance (COA) and the Expected Family Contribution (EFC). The EFC is determined by the results of the processed Free Application for Federal Student Aid (FAFSA).

## Cost Of Attendance

The Cost of Attendance (COA) for nine months is an average budget calculated by FA/VA. The following direct and indirect expenses as permitted by federal regulations and are taken into consideration:

- Average tuition and fee charges for a full-time student are based on the educational objective (A.A./A.A.S./A.S. or Certificate)
- Average books and supply expenses
- Average room and board based on whether or not the student lives with parent(s)
- Average transportation expense to and from school
- Reasonable miscellaneous personal expenses

## FINANCIAL AID APPLICATION PROCESS

Students begin the financial aid process by applying for admission to Pensacola State College, declaring a major or program of study and making an appointment for placement testing, if necessary, orientation and academic advising. Students must have all official transcripts from high school and all prior colleges submitted to Pensacola State College Registrar/Admissions Office in sufficient time for review an evaluation by that department.

Transcript evaluation will assist students to determine all necessary courses needed to complete their program of study at Pensacola State College. Federal financial aid is used to earn the credits required to complete a degree or certificate.

Students must complete the Free Application for Federal Student Aid (FAFSA). The 2010-2011 FAFSA is available effective January 1st each year. We recommend that a student complete the FAFSA only after completing the 2009 Federal Income Tax Form. Remember, students must apply for aid each year. A student may apply in two ways: electronically with a 2-5 day processing time or a paper form with a 4-6 week processing time. Pensacola State College's school code: 001513.

1. Apply online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). This is the preferred method. Sign the application electronically with your PIN number. Apply for a PIN number at [www.pin.ed.gov](http://www.pin.ed.gov)
2. A limited number of paper FAFSAs are available from each campus Financial Aid Office and Educational Opportunity Center.

Either method of application will result in a paper Student Aid Report (SAR) mailed to the student address. If the student does not receive the SAR by mail, the student can go to [www.fafsa.ed.gov](http://www.fafsa.ed.gov) to access their SAR. Students should carefully check the SAR when received and if corrections are needed, contact the Financial Aid Office.

An electronic copy of the SAR will be sent to all schools listed on the FAFSA. The Financial Aid Office may request the student to furnish additional information. Examples of additional information requested include signed copies of the U.S. Income Tax Return of the student, spouse, and/or parents, social security card, benefit information, and Homeland Security Information.

## TITLE IV FEDERAL STUDENT AID REPAYMENT POLICY – EFFECTIVE FALL 2000

This policy affects ALL students who receive Title IV Student Aid including:

- Federal PELL Grants
- Federal Supplemental Educational Opportunity Grants (FSEOG)
- William D. Ford Direct Loans (DIRECT) (FFEL)
- Academic Competitiveness Grant (ACG)

Federal Law states that federal student aid is to be awarded under the assumption students will attend school for the entire term.

Students who withdraw from all courses prior to completing more than 60 percent of the term must have their aid eligibility recalculated based on the percent of the term completed. This recalculation could result in students having to repay the federal government a percentage of the federal aid received.

Pensacola State College is required to share in this repayment responsibility with the student. The student will have to repay Pensacola State College for the portion of debt Pensacola State College paid the federal government.

Students must pay the debt in full to re-enroll at Pensacola State College. Students will lose their federal aid eligibility until they either repay the portion owed to the federal government or make repayment arrangements with the U. S. Department of Education.

### IT'S THE LAW

#### THERE ARE NO APPEALS

If you have questions concerning this federal law, contact the Financial Aid Office.

Pensacola campus	484-1680
Milton campus	484-4410
Warrington campus	484-2349

## FEDERAL STUDENT AID SATISFACTORY ACADEMIC PROGRESS POLICY

In order to receive Federal (Title IV) or State of Florida financial assistance a student must be maintaining Financial Aid Satisfactory Progress (FASAP). All coursework, regardless of when attempted, at Pensacola State College will be counted in determining Financial Aid Satisfactory Progress as determined by federal regulations.

## MONITORING FINANCIAL AID SATISFACTORY ACADEMIC PROGRESS (FASAP)

### Financial Aid Satisfactory Academic Progress (FASAP)

A student will be considered maintaining Satisfactory Academic Progress if the student has completed at least 67% of all courses attempted and earned a cumulative GPA at or above the minimum as indicated in the Required Standards.

### Financial Aid Warning

When a student fails to meet FASAP, that student will be placed on Financial Aid Warning for the following semester. During the Financial Aid Warning semester the student will be eligible to receive financial aid.

If the student in the Financial Aid Warning status completes the warning term with grades of "C" or better in each course attempted, the student will be granted another semester in the Warning status. The Financial Aid Warning status will be continued until (1) the student meets the minimum FASAP requirements indicated above or (2) the student does not complete each course attempted with a grade of "C" or better. The student will be then placed on Financial Aid Suspension.

### Financial Aid Suspension

A student who is on Financial Aid Warning and fails to meet FASAP at the end of the warning term will be placed on Financial Aid Suspension and all federal and state aid will be terminated until the student meets the minimum FASAP requirements.

## Monitoring Financial Aid Progress

Each financial aid recipient will have progress monitored effective with the term in which the 12th credit hour has been attempted. If, at the end of that term, the student has not met the required standards, the student will be placed on Financial Aid Warning for one semester. (See Required Standards.) If the student does not achieve FASAP at the end of the Warning semester or does not earn grades of "C" or better in each course attempted during the Warning semester, eligibility for federal and state financial assistance will be suspended until the student returns to FASAP. (See FASAP definition.)

**Note: A transfer student's eligibility for FFEL is based on the cumulative grade point average and completion rate as listed on the Pensacola State College degree audit after all transfer credits have been evaluated.**

## REQUIRED STANDARDS

At the end of the semester in which the 12th hour is attempted, or at the end of a Warning semester, and each semester thereafter, the student must complete a minimum of 67% of all credits attempted. Completed grades for this policy are as follows: A, B+, B, C+, C, D+, D, and P. Incomplete grades for this policy are as follows: F, I, W, N, X, NC, SP, S, and U.

In addition to completion of 67% of all attempted credits, each financial aid recipient must have earned a minimum cumulative grade point average dependent upon the total number of hours attempted as indicated below:

Total Credit Hours Attempted	Required Minimum Cumulative GPA
12 to 24	1.50
25 to 48	1.75
49 or more	2.00

(See Grading Policy for information regarding cumulative grade point average calculation.)

**Note: A transfer student's eligibility for Direct Loans is based on their cumulative grade point average and completion rate as listed on their Pensacola State College Student Degree Audit after all transfer credits are evaluated and must be at minimum a 2.0 GPA. The REQUIRED STANDARDS determine the eligibility for all Pensacola State College students requesting federal student loans.**

## MAXIMUM TIME FRAME

### Associate Degree Students

Students otherwise eligible for federal or state financial aid and enrolled in an associate degree program who have attempted more than 150% of the number of credit hours required in that program are considered to be making unsatisfactory academic progress. Changes in program of study do not extend eligibility beyond the 150% credit hour maximum time frame.

### Certificate Program Students

Students otherwise eligible for federal or state financial aid and enrolled in an approved certificate program who have attempted more than 150% of the number of credit hours required in that program are considered to be making unsatisfactory academic progress. Changes in program of study do not extend a student's eligibility beyond the 150% credit hour maximum time frame.

## COLLEGE PREPARATORY (DEVELOPMENTAL/REMEDIAL) CLASSES

Required remedial coursework is counted in determining a student's enrollment for financial aid purposes. However, by federal guidelines, financial aid recipients are limited to a maximum of 30 semester hours of funded developmental (remedial) coursework.

## FINANCIAL AID APPEAL

Any student who fails to maintain Financial Aid Satisfactory Academic Progress (FASAP) will lose eligibility for further participation in any Title IV or state financial aid program. A student may request reinstatement of financial aid eligibility according to the established appeal procedure.

## APPEAL PROCEDURE

A Financial Aid Appeal Request Form is available in any financial aid office. Only unanticipated and unavoidable circumstances will be considered in the appeal review process. Such circumstances must be beyond the student's control and be directly responsible for the student's failure to meet the required standards.

The student must indicate clearly and in detail the circumstances of his/her failure to meet FASAP standards. Specific dates and events must be indicated and documentation to support the appeal must be attached to the form. Appeals submitted without specific dates, events, or documentation will be denied. The student must attach a copy of their degree audit, available at My Degree Audit on <http://pensacolastate.edu/>. If an appeal is submitted during a registration period, the process will take longer.

The following are examples of circumstances that may be considered:

1. Serious illness or injury to the student
2. Serious illness, injury, or death of a student's immediate family member (parent, sibling, spouse)
3. Special documented circumstance of a unique and substantial nature

The completed appeal form and documentation must be submitted to a Financial Aid office located on the Pensacola, Warrington, or Milton Campus. The Financial Aid Appeals Committee will consider the appeal. If the appeal is granted, additional conditions may be established which the student will be required to meet in order to continue financial aid eligibility. The student will be notified in writing of the decision.

Should the student receive a denial, the student may appeal the denial by submitting a written notice of disagreement to the director. Should the student receive a denial by the director, the student may request in writing to the director that their appeal be forwarded for further review by the Vice President for Student Affairs whose decision is final.

## Release of Student Financial Aid Information

The disclosure of student information is governed by the policies of the Pensacola State College Board of Trustees and the Florida Department of Education within the parameters established by state and federal laws, including the Family Educational Rights and Privacy Act of 1974 (FERPA).

The written consent of the financial aid recipient is required for any disclosure or publication of any financial aid information that is personally identifiable. Parents and legal guardians of dependent financial aid recipients may have access to financial aid information only with the written consent of their dependent student. Contact the Office of Financial Aid/Veterans Affairs for the appropriate consent form.

## Official Correspondence and Communication

Official communication between Pensacola State College and all college students is through Pirate Mail. A student email address is issued to each student one day after his or her application for admission to Pensacola State College is processed. The FA/VA office will communicate through Pirate Mail. It is a student responsibility to regularly monitor this official Pirate Mail email site. See <http://piratemail.students.pensacolastate.edu/> for details.

## SCHOLARSHIPS

The Pensacola State College Scholarship Program recognizes both academic performance and financial need when awarding scholarships. Many criteria are used to select scholarship recipients. Among these criteria are grade point average, leadership qualities, contributions to school or community, visual and performing arts achievement, athletic ability, and other academic activities. Additionally, the 2001 Florida Legislature requires all students receiving a Pensacola State College academic scholarship to have their financial need assessed by a national recognized system of need analysis. This is accomplished by requiring students to complete the Free Application for Federal Student Aid (FAFSA) process.

To apply for a scholarship based on financial need, an applicant must complete and process a Free Application for Federal Student Aid (FAFSA). The FAFSA is available from the Pensacola State College Financial Aid Office. (See the Financial Aid section of the catalog.)

## Academic Merit And Non-Academic Merit Scholarships

Eligibility consideration in awarding scholarships begins with three key steps:

1. Apply early.
2. Submit a properly completed Pensacola State College Application for Admission to the college's Admissions Office.
3. Submit a properly completed Pensacola State College Scholarship Application to the District Financial Aid Office (for all scholarships awarded by the Pensacola State College Scholarship Selection Committee) by the published deadlines.

## Eligibility Requirements (Academic Merit and Non-Academic Merit Scholarships)

1. An applicant must be a U.S. Citizen or Resident Alien. All scholarship applicants must have a completed Application for Admission to Pensacola State College on file with the Admissions office. Students who have been attending Pensacola State College under the dual enrollment program must file a new Admission Application upon graduation from high school.
2. Scholarship applicants who have completed an associate's or higher degree or have attempted a total of 65 college credits or more are not eligible.
3. Current high school seniors must submit an official copy of their high school transcript showing all work completed through the first semester of grade 12 to the Pensacola State College Financial Aid office.

**Upon graduation from high school, applicants must submit a final official copy of their high school transcript to the Financial Aid Office. Failure to provide this final copy of the high school transcript may result in the application not being considered for available scholarships.**

Some scholarships require the grade point average to be based on academic courses only. Although not required, ACT or SAT scores should be provided, as test scores may be used to determine eligibility for some scholarships.

4. All home educated students must provide official documentation of registration with the district for grades 11 and 12; and either a minimum score of 520 computation and 521 verbal on the SAT; or a minimum score of 19 English, 20 Math, and 22 Reading on the ACT; or a minimum score of 83 Reading, 83 English and 83 Math CPT test scores. This documentation must be submitted along with the Pensacola State College Scholarship Application.
5. A scholarship applicant who has completed fewer than 12 college or vocational semester credits at Pensacola State College, and has graduated from high school within the last 10 years must submit an official copy of his/her final high school transcript. For Pensacola State College scholarship purposes, selection consideration will be based on high school grade point average. Dual enrollment courses are considered in calculating the high school GPA until the student has completed at least 12 college credits beyond high school graduation.
6. A scholarship applicant who has completed fewer than 12 college or vocational semester credits at Pensacola State College, and graduated from high school more than 10 years ago, will not be considered until the applicant has completed a minimum of 12 college, college prep, or vocational credits at Pensacola State College.

7. A scholarship applicant who has completed 12 or more college, college prep, or vocational semester credits at Pensacola State College and/or has attended other colleges or universities may be considered for Pensacola State College scholarships provided he/she has furnished the Pensacola State College Admissions office with official transcript(s) from the previously attended institution(s).
8. A scholarship applicant who has scored 3,000 or higher on the General Education Development (GED) Exam may be eligible for a Pensacola State College scholarship. Applicants must have tested or re-tested for the GED exam with the Pensacola State College Test Center between November 1 and March 31.
9. Students who do not meet the Pensacola State College Standards of Academic Progress (on academic warning, probation, suspension, suspension waiver or have other restrictions) are not eligible for a Pensacola State College Scholarship.
10. An appeal for an exception to the scholarship policies may be submitted to the Pensacola State College District Financial Aid Office. The appeal must be in writing with a full explanation and documentation. The director of Financial Aid or Scholarship coordinator will either approve or deny the appeal. If the appeal is denied, it will be forwarded to the Pensacola State College Scholarship Policy Committee for consideration at their next scheduled committee meeting.

**Note: It is the scholarship applicant's responsibility to ensure all required documents are requested and received by the Pensacola State College Financial Aid Office by the published deadlines.**

### Scholarship Application Forms

To be eligible for consideration for the Pensacola State College Academic Merit and Non-Academic Merit scholarships, applicants need to complete only one Pensacola State College Scholarship Application form for the entire academic year. A scholarship application may be updated any time during that year by providing the appropriate information/ documentation to the district Financial Aid office.

The Pensacola State College Scholarship Application forms are available on all Pensacola State College campuses, sites, and the Financial Aid/Veterans Affairs website.

1. Student Services Office, Milton Campus, Building 4200
2. District Financial Aid Office, Pensacola Campus, Building 2
3. Financial Aid Office, Warrington Campus, Student Affairs, Building 3600
4. NAS Center, Naval Air Station, Pensacola, Building 634
5. Professional Development Center (Downtown Center), 418 W. Garden St.
6. [www.pensacolastate.edu/FAVA/scholarship.asp](http://www.pensacolastate.edu/FAVA/scholarship.asp)

Completed scholarship applications must be returned to any of the Pensacola State College Financial Aid office locations by the published deadline.

### Scholarship Deadline Dates

One general rule always applies. Complete the scholarship application process as soon as possible. Scholarship deadline dates are strictly enforced. Deadlines for consideration are as follows:

Fall Term	May 1
Spring Term	November 1
Summer Term	March 1

### Pensacola State College Foundation Scholarships

The Pensacola State College Foundation, Inc. is a private non-profit corporation established to encourage, solicit, receive and administer funds for the benefit of the college and college activities including the college's scholarship program. The Pensacola State College Foundation scholarships are divided into two categories:

1. Foundation Scholarships awarded by the Pensacola State College Scholarship Selection Committee using Foundation approved selection criteria.
2. Foundation Scholarships awarded by Foundation/College-appointed awarding administrators using selection criteria established by the donor.

For detailed information regarding eligibility, selection criteria and application procedures, refer to the Financial Aid/Scholarship application.

### Additional Information

For additional information about scholarship availability, specific eligibility requirements, or transfer scholarships, contact the district Financial Aid office located in the Registration Center (Building 2) on the Pensacola campus. The telephone number for scholarship information is (850) 484-1634 or review the information on the Financial Aid/Veterans Affairs website at [www.pensacolastate.edu/fava](http://www.pensacolastate.edu/fava).

These fees are subject to change by the Florida Legislature and the District Board of Trustees. Current fees are available from the Bursar's Office. Fee payment may be made by cash, check, American Express, VISA, MasterCard, or approved financial aid.

# GENERAL FEES PER CREDIT HOUR OR EQUIVALENT

Lab fees may be assessed in addition to general fees and other student fees. Information on the specific lab fees for courses appears in the Class Schedule Booklet.

- (1) Authorized by legislature to provide funds to award aid based upon financial need, academic merit, and other criteria.
- (2) Authorized by legislature to provide funds for student activities and services.
- (3) Includes both advanced and professional (university parallel/associate in arts) and postsecondary vocational (associate in science) courses.
- (4) Students without high school diplomas or who possess high school diplomas and demonstrate skills at or below the eighth grade level are not assessed fees for Vocational Preparatory instruction.
- (5) Fees for these non-credit courses shall be individually established.
- (6) Authorized by legislature to provide funds for capital improvements to facilities.
- (7) The full cost of instruction will be assessed for students enrolling in the same undergraduate College Credit or College Preparatory course more than two times. The number of attempts begins with the Fall Term 1997 for counting purposes.
- (8) Students without high school diplomas or who possess high school diplomas and demonstrate skills at or below the eighth grade level are not assessed fees for Adult Basic or Adult Secondary instruction. Students who possess high school diplomas and demonstrate skills above the eighth grade level are assessed fees per contact hour.
- (9) The Alabama Fee Differential applies to College Credit, College Preparatory, Vocational Credit and Vocational Preparatory, ABE, GED and Secondary Ed courses.
- (10) Authorized by legislature to provide funds for technology improvement.

*Fees are subject to change.*

# ACADEMIC REGULATIONS AND POLICIES

## STANDARDS OF ACADEMIC PROGRESS

### College Credit and Vocational Credit

The regulations regarding academic progress apply to all credit students regardless of the beginning date of attendance. In determining academic progress, all credits are combined: college, vocational, and preparatory. Transfer courses and courses taken for audit will not be included in the determination of academic standing. "Attempted" is defined as any course in which a student has processed an official registration and in which a student remains enrolled after the schedule adjustment period excluding any course for which a student receives a refund.

A student's academic standing is determined at the end of the term in which the 13th hour is attempted. At the end of that semester and every semester thereafter, a student must have earned credit in one-half of all hours attempted and have a cumulative grade point average dependent upon those attempted hours as follows:

Attempted Hours	Completion Requirements	Minimum GPA
13 to 35	One-half of total hours attempted	1.50
36 to 45	One-half of total hours attempted	1.75
46 or more	One-half of total hours attempted	2.00

See Grading Policy for an explanation of cumulative grade point average calculation. The academic standing classifications and the criteria for determining that classification are as follows:

#### GOOD STANDING

A student is in good standing when the above requirements (completion and minimum GPA) are met.

#### ACADEMIC WARNING

A student will be placed on academic warning at the end of a term if any one of the conditions in the above table is not met. A student is considered to be in good standing while in the warning status.

#### ACADEMIC PROBATION

A student will be placed on academic probation, after being on warning, at the end of a semester if any one of the conditions in the above table is not met.

#### ACADEMIC SUSPENSION

A student will be suspended, after being on academic probation, at the end of a semester if any one of the conditions in the above table is not met.

#### Suspension Waiver

A student may request approval to re-enroll after suspension by filing a formal appeal to the Student Academic Appeals Committee. Appeal procedures may be obtained in the District Office of Admissions and Registration. If approved, the student will be permitted to enroll in a status of Suspension Waiver and is expected to complete all classes attempted with grades of "C" or better. In some instances, the Committee will establish additional enrollment conditions. If disapproved, the student may be dismissed. See Academic Dismissal.

#### Academic Dismissal

If, after being permitted to re-enroll in the status of Suspension Waiver, a student does not meet the conditions established by the Student Academic Appeals Committee, the student may be dismissed for one major semester. A student may appeal a dismissal to the Student Academic Appeals Committee. If approved, the student will re-enroll in the status of Suspension Waiver (see above). If disapproved, the student will be required to sit out for one major semester. The disapproval may be appealed to the Vice President of Instructional Affairs.

#### Collegiate High School

The regulations regarding academic progress apply to all Collegiate High School students regardless of the beginning date of attendance. Only courses taken in the Collegiate High School will be used to determine academic standing. "Attempted" is defined as any course in which a student has processed an official registration and in which a student remains enrolled after the schedule adjustment period.

A Collegiate High School student's academic standing is determined at the end of the term in which the fifth credit is attempted. At the end of that semester and every semester thereafter, a student must have earned credit in one-half of all credits attempted and have a cumulative grade point average dependent upon those attempted hours as follows:

Attempted Credits	Completion Requirements	Minimum GPA
5 to 14	One-half of total credits attempted	1.00
15 to 18	One-half of total credits attempted	1.25
19 or more	One-half of total credits attempted	1.50

#### GOOD STANDING

A student is in good standing when the above requirements are met.

#### ACADEMIC WARNING

A student is considered to be in good standing while in the warning status.

#### ACADEMIC PROBATION

A student will be placed on academic probation, after being on warning, at the end of a term if any one of the conditions in the above table is not met.

#### ACADEMIC SUSPENSION

A student will be suspended, after being on probation, if any one of the conditions in the above table is not met.

#### SUSPENSION WAIVER

A student may request approval to re-enroll after suspension by filing a formal appeal to the Student Academic Appeals Committee. Appeal procedures may be obtained in any admissions office or in the Collegiate High School Counseling Office. If approved, the student will be permitted to enroll in a status of Suspension Waiver and is expected to complete all classes attempted with grades of "C" or better. If disapproved, the student may be dismissed. See Academic Dismissal.

#### ACADEMIC DISMISSAL

If the conditions of the Suspension Waiver are not met, the student may be dismissed for one major semester. A student may appeal a dismissal to the Student Academic Appeals Committee. If approved, the student will re-enroll in the status of Suspension Waiver. (See above.) If disapproved, the student will be required to sit out for one major semester. The disapproval may be appealed to the Vice President of Instructional Affairs.

## ACADEMIC GRADE AMNESTY

Credit students with previous coursework that is 10 years of age or older may seek Academic Grade Amnesty (AGA), which will remove the effect of those credits on the cumulative grade point average.

AGA may be granted only once in a student's academic career.

If granted, AGA applies to all credits and grades that are 10 or more years of age. Students may not select specific terms, specific courses, or specific grades. AGA will apply to all coursework that is ten years of age and older from the date AGA is granted.

If a student has already earned a degree or certificate, Academic Grade Amnesty will not be permitted if it results in the forgiveness of courses used for the previously earned degree or certificate.

All courses and grades affected by AGA will remain on the official Pensacola State College transcript even though the grades are not used in calculating the cumulative grade point average. A notation of the Academic Grade Amnesty will be posted to the student's record and will appear on the official transcript.

AGA granted at Pensacola State College may not be honored in the transfer process. Other institutions may consider the older credits and grades when evaluating a student's Pensacola State College transcript. Students seeking AGA are encouraged to discuss the matter with representatives of the institution to which transfer is planned.

AGA has no effect on federal and state student financial aid standards of academic progress.

Students requesting AGA are required to meet with an advisor before submitting the request for AGA.

## MAXIMUM ATTEMPTS FOR A COURSE

Students may attempt any college credit course or college preparatory credit course twice with regular fee assessment. A third attempt of the course will result in the assessment of the full cost of instruction. The full cost of instruction is three times the cost of the in-state tuition rate. Students enrolling in a third attempt of any course will not be permitted to withdraw from the class or change to non-credit. A final grade of “W,” “I,” “N,” or “NC” will not be permitted, and a letter grade will be assigned. A student may appeal the assessment of the full cost of instruction to the Vice President of Student Affairs or designee.

A request for enrollment in a course for a fourth attempt requires the approval of the Vice President of Student Affairs or designee.

Florida Law mandates the maximum number of times a student can attempt any course.

## REPEATING COURSES

Courses in which a grade of “D,” “D+,” or “F” was earned may be repeated for credit and only the most recent grade earned will be used to calculate the cumulative grade point average. This policy applies to any student who repeats a course in which a grade of “D” or “D+” was earned and earns a grade of “F” in the repeated course; the “F” grade will replace the “D” or “D+” for calculation of the cumulative grade point average.

Courses that are not indicated in the course description as repeatable courses should not be retaken if the initial grade was a “C” or better. If repeated, credit will not be given for the repeat and the grade earned in the repeat will not count for GPA calculation.

Students receiving financial aid should consult with a financial aid representative before repeating any course.

Other institutions to which the student transfers may use all course attempts in computing the transfer grade point average.

## ATTENDANCE POLICY

### Distance Learning Attendance

For those students enrolled in distance learning courses, participation in the course according to the schedule of events described by the instructor is considered “attendance”. Students who do not access the class website during the first week of class, do not take examinations by established due dates, or do not otherwise participate in the distance learning process are subject to withdrawal according to the attendance policies outlined below.

### No-Show Procedure For First Week Of Classes

Attendance during the first week of classes is required. Students who do not attend the first week of class will be withdrawn with a “W” grade reflected on the permanent record. Students who are withdrawn for not attending the first week of class may discuss reinstatement with the instructor. If the instructor does not support the reinstatement, the student may petition the Student Academic Appeals Committee for reinstatement.

Students who have registered for a distance learning course are required to access the web site for the course during the first week. Failure to do so will result in withdrawal.

### Attendance

Regular and punctual attendance is required. Students are responsible for knowing and adhering to the instructor’s attendance policy for each course taken. Specific attendance requirements for each course will be included in the course syllabus provided by the instructor.

### Tardy

A student not in the class at its beginning will be counted tardy. When so specified in departmental policies, program policies, or the instructor’s syllabus, habitual or excessive tardiness may be converted to absences. Some instructors will not permit late entrance into a class as this disturbs the educational experience; the section syllabus will indicate the instructor’s policy on late entry.

## Excessive Absences

A student may miss one class meeting beyond the number of times the class meets per week before being considered excessively absent. For example, if a student is enrolled in a class that meets three times per week, the student may miss four class meetings. If the student misses a fifth class meeting, the student may be considered excessively absent. This policy will be followed for 16-week classes in a fall or spring term and 12-week session classes in the summer. These allowable absences should provide for student illness as well as permit the student to take care of emergencies and personal business.

Absences during a six-week summer session or an eight-week session will be considered excessive if the student misses more than three day classes or more than two evening classes.

A student registering late in any course will be counted absent for those class meetings missed before the registration.

Students who do not attend during the first week of class will be withdrawn. (See the No-Show Procedure for the First Week of Classes.)

## Instructor Withdrawal

Instructors may withdraw a student who is excessively absent up to the 70th percent point of the semester. After the 70th percent point, neither instructor nor student can process a withdrawal, and a final grade will be assigned. Instructors will withdraw a student who has not attended a class meeting during the first week. Instructors may assign a grade of Early “F” to a student who is excessively absent. See Early “F” Grade Assignment.

## Early “F” Grade Assignment

Instructors will be permitted to assign an Early “F” to a student who meets any of the following criteria:

- A student who has stopped attending a class in which the instructor does not process withdrawals.
- A student who stops attending a class after the 70th percent point of the class.
- A student who stops attending a course being attempted for the third time.
- A student who has been determined to be cheating on any assignment or examination.
- A student who has plagiarized any written assignment.

Students who have been assigned the Early “F” for non-attendance will be provided an opportunity to adjust the “F” to a “W” (student withdrawal). The “F” must remain in third-attempt courses, in cases where the student does not request the adjustment prior to the established withdrawal deadline, and in cases where the “F” is assigned for cheating or plagiarism. If the adjustment is processed, the last date of attendance as reported by the instructor of record will remain. Students who have been assigned an “F” as a result of cheating or plagiarism do not have the option of requesting an adjustment to “W”.

Under extenuating circumstances, a student will have an opportunity to appeal for late withdrawal after the 70th percent point of the class. The Student Academic Appeals Committee will review these appeals. Information regarding the appeal process may be obtained in any registration office.

## Reinstatement

Students who are withdrawn for excessive absences or assigned the Early “F” may discuss the option for reinstatement with the instructor. Students who do not attend the first week of class and are withdrawn in accordance with the “No-Show” procedure may discuss the option for reinstatement with the instructor. If the instructor does not agree to the request for continued enrollment in the class, the student may petition the Student Academic Appeals Committee for reinstatement.

## Students Receiving Veterans Benefits

Students receiving benefits from the Veterans Administration are required to abide by the College’s Attendance Policy as stated in this catalog. If the student exceeds the number of absences permitted and does not have the instructor’s approval, certification will be terminated.

## College Trips

A student who is representing the College on official business, including field trips, will not be counted absent provided a prior notice is given to the instructor and any missed work is completed.

## Special Programs

In certain specialized programs, such as the health programs, licensure and certification requirements mandate fewer absences than the College normally permits. Students in these programs are advised of these externally imposed attendance requirements. If these requirements are exceeded, the student will not be withdrawn from academic courses but may be withdrawn from the specific program.

## ENROLLMENT STATUS

Pensacola State College considers full-time enrollment to be enrollment in 12 college, vocational, and/or college preparatory credit hours in any semester. Full-time enrollment in any of the health programs is also considered to be 12 credit hours. Collegiate High School students are considered full-time when enrolled in 20 contact hours per week in any fall or spring semester. Continuous enrollment is defined as being enrolled in credit courses in the fall and spring semesters. In certain circumstances, continuous enrollment may be defined differently.

## Certification of Attendance

The Registrar's Office will provide official statements certifying attendance status to outside agencies. Certification of veterans is processed through the Office of Financial Aid/Veterans Affairs/Scholarships. See Veterans Affairs.

## EXAMS

Final examinations are administered during the final examination week at the end of each term, at the dates and times published on the Pensacola State College web site. It is each student's responsibility to know when and where final examinations are scheduled and to be present and on time with all required materials. The administration of a final examination at any time other than the published final examination period is a violation of College procedure. However, changes to published examination dates and times may be made by the course instructor, with department head approval, during the scheduled examination week if an examination is scheduled on a non-class day or if simultaneous examinations are scheduled. Students may not attempt a final examination twice for a single class. Any examinations in distance learning courses must be scheduled in a way that will not hinder any student's participation in his/her traditionally delivered courses and/or examinations.

Exit examinations in college preparatory courses are administered in accordance with State Board of Education regulations. For specific information, consult the Department of Developmental Studies.

## Late Examinations

In the event of an individual student's absence for a final examination in any class due to illness, or other reason approved by the course instructor prior to the exam, a deferred examination may be given.

## CHANGE OF POLICY DISCLAIMER

The provisions of this publication are not considered a contract between the student and Pensacola State College. The College reserves the right to change any provision or requirement when the College deems such action necessary. Students are encouraged to consult with an advisor to verify the appropriateness of the courses selected before enrollment in those courses.

Students are expected to familiarize themselves with all rules and regulations of the College including official announcements that may be posted in student services areas, published in the Class Schedule Booklet, placed on the College web site, disseminated by mail, or provided through Pirate Mails (the institutional email accounts).

# GRADES

## GRADE REPORTS

Grade reports are not mailed. Final grades may be viewed through a student's Spyglass record on [www.pensacolastate.edu](http://www.pensacolastate.edu). Students may obtain midterm progress information from instructors. In some cases, instructors will post midterm grades, which may be viewed on Spyglass. In all cases, midterm grades do not display on academic transcript and do not become a part of a student's permanent record.

## GRADE INFORMATION

Grades are awarded in all college, vocational, college preparatory and vocational preparatory courses as well as in certain non-credit courses. Pensacola State College maintains permanent records for all students registering for courses. Students may obtain final grades for a course by accessing their Spyglass records online at [www.pensacolastate.edu](http://www.pensacolastate.edu). A cumulative record of the student's grades appears on the transcript. Letter grades are assigned, and a complete explanation of the letter grades appears in the Grades Table of this catalog.

## GRADE POINT AVERAGE

The student's permanent record also contains grade point average (GPA) calculations. The student's GPA is used in determining academic standing, graduation readiness, eligibility for the honors lists and graduation with honors, and in other academically-related decisions.

In general, the Grade Point Average is computed as follows:

$$\text{Quality Point} \div \text{Credit Hours (for GPA)} = \text{GPA}$$

When calculating cumulative GPA, use total quality points and total credit hours.

Quality points are awarded as follows:

Grade	Grade Quality Points
A	4
B+	3.5
B	3
C+	2.5
C	2
D+	1.5
D	1
F	0

To determine the total quality points for a grade in a particular course, the following formula is used:

$$\text{Credit Hours} \times \text{Grade Quality Points} = \text{Total Quality Points for Course}$$

For example, the total quality points for a grade of "C" in ENC1101 (a 3-credit hour course) are calculated by multiplying the credit hours by the grade quality points for a "C": 3 credit hours X 2 grade quality points = 6 total quality points for the course.

Credit hours are defined as those credits in which a letter grade (A through F) has been awarded. Grades of S, P, U, I, N, NC, W, and X do not carry grade quality points. In general, credits for these grades do not count in hours pursued. However, in certain other circumstances, such as determination of repeat enrollments and in computation of certain specialized GPAs, credits that carry these grades may be included in the GPA computation. Questions regarding grade calculations may be directed to any student services office.

## GRADES TABLE

Grade <sup>1</sup>	General Meaning	Grade Points Assigned Per Credit (Quality points)	Credit Count Toward Graduation?	Does Credit Transfer?	Can Be Repeated To Improve Graduation GPA?	Does It Affect Cumulative GPA?	Does It Count As "Attempted Credits" For Std's of Aca. Progress?
A	Excellent	4.0	Yes	Yes	No	Yes	Yes
B+	Very good	3.5	Yes	Yes	No	Yes	Yes
B	Good	3.0	Yes	Yes	No	Yes	Yes
C+	High average	2.5	Yes	Yes	No	Yes	Yes
C	Average	2.0	Yes	Yes	No	Yes	Yes
D+	Below average	1.5	Yes	Sometimes	Yes	Yes	Yes
D	Poor	1.0	Yes	Sometimes	Yes	Yes	Yes
F	Failure	0.0	No	No	Yes	Yes	Yes
I <sup>4</sup>	Incomplete	0.0	No	No	Yes	No	Yes
W <sup>5</sup>	Withdraw	0.0	No	No	Yes	No	Yes
P <sup>6,9</sup>	Passing	0.0	Yes	Yes	No	No	Yes
N <sup>5</sup>	No Credit	0.0	No	No	Yes	No	Yes
X <sup>5,7</sup>	Audit	0.0	No	No	Yes	No	No
NC <sup>5,7</sup>	Non-Credit	0.0	No	No	Yes	No	Yes
SP <sup>8</sup>	Showing Progress	0.0	No	No	No	No	No
S <sup>10</sup>	Satisfactory	0.0	No	No	No	No	No
U <sup>10</sup>	Unsatisfactory	0.0	No	No	No	No	No

<sup>1</sup> Final grades are based upon daily work, special reports, research papers, laboratory and field work, tests, and final examinations.

<sup>2</sup> Upon written request, transcripts will be furnished without charge.

<sup>3</sup> Courses with final marks of "P" or "C" or higher cannot be repeated for credit or to improve one's GPA.

<sup>4</sup> "I" (Incomplete) grades received at the end of any Term become "F" if not completed by the date assigned by the instructor or the maximum completion date of one academic year.

<sup>5</sup> A grade of "N" is used only in remedial courses. A grade of "N" may be assigned to students earning a "D" or "F" in such courses. VA-assisted students education benefits will not be affected by an "N" grade, but VA students should not expect to retain benefits for any courses assigned a "W," "NC," or "X."

<sup>6</sup> Credits earned by examinations such as advanced placement tests, College Examination Program (CLEP), and departmental examinations do not affect GPA. They count as credits toward graduation and are counted as meeting certain course requirements.

<sup>7</sup> Not to be assigned by instructor. Except in CEU courses, a student may elect to audit a course at registration or before drop/add ends, and the status cannot be changed later.

<sup>8</sup> For use in courses offered through the Adult Basic Education Department indicating that although coursework has not been satisfactorily completed, positive progress is being made.

<sup>9</sup> Credit earned through the Pass/Fail option will carry a grade of "P" or "F." A grade of "P" will not be included in the calculations of grade point average; a grade of "F" will be included in the calculations of grade point average.

<sup>10</sup> Assigned only in non-credit classes.

## INCOMPLETE GRADES

An "I" grade is assigned when the student and the instructor reach a mutual agreement that the student has a reasonable chance of successful completion of the coursework. If the student has ceased attending class, is not passing the class, or has missed more than 70% of the course, a grade arrangement other than an incomplete will be made.

The student and the instructor will enter into a written contract for the completion of the courses. A copy of the contract will be provided to the student and copies will be maintained by the instructor and the department head. The contract will identify the following information:

- The student's last date of attendance in the course
- The student's expected date of completion
- The student's remaining requirements for course completion

The last date to complete the course is determined at the instructor's discretion but cannot exceed one year from the last day of class.

An "I" grade in college, vocational, and high school courses will become a grade of "F" if not completed by the date indicated by the instructor. An "I" grade in a college preparatory course will become a grade of "N" if not completed by the date indicated by the instructor.

With extenuating and mitigating circumstances, a student may request an "F" grade be changed to "W" by filing a formal appeal for a late withdrawal to the Student Academic Appeals Committee.

## MINIMUM GRADES

Grades of "D" and "D+" are earned credits and may be used to meet program requirements unless otherwise specified and will be used in calculating academic progress.

Students seeking an associate in arts degree must earn a minimum grade of "C" or better in each mathematics course and each writing-emphasis course used to meet general education requirements. The minimum grade requirement is established by State Board of Education Rule 6A-10.030. See the General Education Requirements section of this catalog. Other specialized courses and programs identified in course descriptions, program requirements, as well as departmental and advising publications may carry minimum grade requirements. Students repeating a course in which a "D" or "D+" has been earned will receive the grade and credit of the repeated course. The student will not have the ability to use both grades and both course credits earned.

## STUDENT RECORDS AND TRANSCRIPTS

### Records

The Registrar's Office is a single office at Pensacola State College and is located on the Pensacola Campus. All permanent, official, and final records of students are housed in and released by this office. Student records are maintained in a fire protected vault and in electronic computer files. Information is released only upon the written request of the student in accordance with federal laws. Additional details on student records, the procedures for accessing records, appealing record contents, and receiving restricted records, and other rights of the Family Educational Rights and Privacy Act of 1974 are available from the College Registrar.

### Transcripts

A transcript of a student's academic record is kept in electronic files, filed in a permanent record folder or housed on an archival record medium in the Registrar's Office. Transcripts and other student record information will not be released if a student has an outstanding obligation to the College (incomplete admissions file or financial obligation). Under most circumstances, a student may obtain a copy of his/her transcript on the next business day after submitting the request. All transcripts issued to students will be stamped "issued to student." Transcripts sent to other educational institutions or to a third party at the request of the student will be considered official and may be requested on the web site at [www.pensacolatate.edu](http://www.pensacolatate.edu) or by submitting a written request to the Registrar's Office. A student or former student may request a personal copy of his/her Pensacola State College transcript or a copy for a third party other than an educational institution by completing the Transcript Request Form or submitting a written and signed request to the Registrar's Office. Requests submitted by mail or by FAX must be accompanied by a copy of the student's or former student's photo identification. Students submitting requests in person will be asked to present photo identification.

### Release of Student Information

The disclosure of student information is governed by the policies of the Pensacola State College Board of Trustees and the Florida Department of Education within the parameters established by state and federal laws, including the Family Educational Rights and Privacy Act of 1974 (FERPA).

The written consent of the student is required for the disclosure or publication of any information that is personally identifiable of the student and part of the educational record. Certain exceptions, both in types of information that can be disclosed and in access to that information, are allowed by FERPA.

Subject to statutory conditions and limitations, prior consent of the student is not required for disclosure of information in the educational record to or for the following:

Officials of the College with a legitimate educational interest  
State and Federal departments of education (DOE) as required for reporting and tracking of students  
Certain government agencies  
Accrediting organizations  
Certain financial aid matters  
Certain research circumstances  
Health and safety emergencies  
Pursuant to order or subpoena provided the student is notified in advance of the college's compliance with the order or subpoena  
Any situation required by law.

## Parents' Rights to Student Information

The Family Educational Rights and Privacy Act (FERPA) permits the release of information, other than Directory Information, to parents and legal guardians of dependent students. Pensacola State College will release information to an eligible parent or legal guardian in accordance with the specifications in FERPA and under the following circumstances:

1. The student is a dependent according to the Federal Internal Revenue Code.
2. The parent or legal guardian signs an affidavit, under penalty of perjury, indicating his/her status as the parent or legal guardian of a student who is eligible to be claimed as a dependent for IRS purposes. The affidavit may be obtained in any registration office and must be notarized.
3. The notarized statement described above will be filed in the student's permanent record, a copy will be provided to the parent, and the affidavit will remain effective for the tax year in which it was submitted.
4. In situations where the parent or legal guardian is asking for specific information known only by the instructor of a class in which the student is enrolled, the parent or legal guardian will complete the affidavit and will be provided a copy of the affidavit to present to the instructor for a scheduled conference. FERPA prohibits discussion by telephone or through email to anyone other than the student.
5. Pensacola State College may request documentation to substantiate the claim to eligibility for the confidential student information.

### Directory Information

Prior consent of the student is not required for disclosure of portions of the educational record defined by the College as Directory Information. Pensacola State College includes the following as Directory Information:

- Whether or not the student is currently enrolled
- Dates of registered attendance
- Degree(s) earned, date, major or field of concentration, and honors received
- Participation in officially recognized activities and sports
- Weight and height of members of athletic teams

The College has approved two exceptions to the release of Directory Information:

- When requested by appropriate law enforcement agencies, the college shall release student names, addresses, and telephone numbers.
- When requested by college-approved student health insurance companies, the college shall release student names, addresses, and telephone numbers.

Directory Information may be released by or published by the College without prior written consent of the student unless the student submits a formal request to withhold the release of Directory Information.

### Request to Prevent Publication of Directory Information

A student may request that no information, including Directory Information, be released except as required by law. The student must complete the Request for Confidential Status of Directory Information form available in any registration office. A student's request to prevent the release of any information will result in preventing the publication of all items including graduation, honors, and awards. Further, queries to the College by prospective employers regarding dates of enrollment and graduation information will not be answered. Students are encouraged to contact the Registrar's Office with any concerns about confidentiality of records and release of information.

The Request for Confidential Status of Directory Information will not prevent the release of information to an eligible parent or legal guardian, and subpoenas will be honored regardless of the request for confidential status.

# GRADUATION

## RESPONSIBILITY

Students are responsible for selecting courses that meet program requirements and for earning the required minimum grades in those courses. See Minimum Grades.

All students seeking the associate in arts degree are required to meet the statewide College Level Academic Skills (CLAS) with minimum test scores on a placement exam or combined GPA in certain courses. See CLAS Requirements.

Students may review their graduation progress with the program manager, an advisor, through Spyglass, or [www.FACTS.org](http://www.FACTS.org).

## EFFECTIVE CATALOG POLICY

A student must follow the requirements in effect at the time of initial enrollment in a program of study, and the student is expected to complete the program within five catalog years.

A student who does not complete the requirements within five catalog years will be analyzed for graduation using the catalog requirements in effect upon re-enrollment after the expiration of the initial effective catalog.

If a student's program of studies becomes inactive and the student has not been continuously enrolled, the ability to resume studies in the inactive program may not be offered to the student. Continuous enrollment for this purpose is considered enrollment in at least one course per major semester (fall, spring) during an academic year.

## APPLICATIONS AND PROCEDURES

### Application for Graduation

Each student must submit an Application for Graduation through Spyglass at [www.pensacolastate.edu](http://www.pensacolastate.edu) by the published deadline. Students who do not apply by the published deadline will be reviewed for graduation and, if eligible, may still march in the graduation ceremony; however, their names may not appear in the commencement program. Students are encouraged to apply for graduation one term in advance of anticipated program completion.

### Graduation Procedures

Upon receipt of the Application for Graduation, the student's permanent record at the College will be reviewed. If the graduation analyst in the Registrar's Office determines that a student will not meet graduation requirements, the student will be notified and advised to meet with an academic advisor or the program manager to find a resolution to the graduation discrepancy. All admissions conditions and financial obligations must be resolved prior to graduation.

### Commencement Ceremony

The College holds one commencement ceremony, and the ceremony is held at the end of the Spring Term. The Director of Student Life will mail information regarding graduation regalia (cap and gown rentals) and other information regarding the graduation ceremony. See Annual Commencement Ceremony.

### Diplomas

Diplomas will be mailed to graduated students within three weeks after graduation. Diplomas will not be mailed to students with outstanding financial obligations to the College or incomplete admissions records. Diplomas will be released upon request after satisfaction of the financial obligation or submission of the missing admissions document.

## TRANSFER OF CREDIT

### Articulation and Transfer of Credit

Pensacola State College offers a broad range of educational opportunities for the student whose goal is to transfer to a four-year institution. The resources listed below can assist students in making informed decisions when selecting courses, choosing transfer institutions, and developing their transfer plans.

### Advising Centers

Students planning to transfer Pensacola State College coursework to another college or university should contact a Pensacola State College Advising Center, Student Service Office, or Career Connection to take advantage of the resources designed specifically for transfer students. Some of the resources available include college and university catalogs, reference books and materials, transfer manuals, transfer admissions information, and information about general education requirements and electives most suitable for the planned transfer. Students are encouraged to take advantage of these resources the first semester they enroll at Pensacola State College, particularly if they are undecided on a major or have not selected a senior institution.

### Online Resources

Articulation and transfer information is available at [www.pensacolastate.edu](http://www.pensacolastate.edu) and [www.FACTS.org](http://www.FACTS.org) (Florida Academic Counseling, and Tracking for Students).

Students may access their Spyglass records and process degree audits to assist in the selection of courses that will meet graduation requirements. A variety of tools to assist students planning to transfer to other colleges or universities in Florida may be found at [www.facts.org](http://www.facts.org). Students will find information on the following:

- Career planning
- Online applications
- Transfer services
- College advising tools
- Advising manuals
- Financial aid information

### Transfer Courses

Transfer courses are those that are designed to transfer to other colleges and universities. The transferability of a course does not necessarily indicate that it will apply towards a specific major or degree at a four-year college or university. Therefore, it is important for students to consult with an advisor about the transferability and the applicability of a specific course for the student's intended major and transfer institution.

The Florida Board of Education is recommending that the maximum number of lower division credit hours accepted in transfer to Florida public universities and colleges is 50 semester credit hours. Some exceptions may be made based on the student's courses and individual university and program. Hours in excess of 60 may not apply toward a bachelor's degree. Remedial courses and non-transfer courses would be excluded from this limit.

To assist students in transferring from one college to another, most institutions of higher education in Florida are members of the Florida Common Course Numbering System. This system provides a shared, uniform set of course designations or equivalences to facilitate the transfer of credit on a statewide basis. Common Course Numbers information is found at [www.facts.org](http://www.facts.org), Advising Manuals.

## Articulation Agreements

Articulation is the formal process of developing and maintaining transfer options for students. Pensacola State College and several four-year institutions establish signed articulation agreements to provide students with access to, and linkages with, baccalaureate degree-granting institutions. Agreements often include the following: minimum GPA requirements for admission, minimum number of credit hours that will transfer, and transferable courses for specific degrees or majors. In addition, students should consider the following tips when making their transfer plans:

- Begin early and plan ahead
- Develop a transfer plan with the assistance of a Pensacola State College advisor.
- Make contact with an academic advisor and admissions representative at the institution to which transfer is planned
- Follow the transfer agreement established for each college or university program listed.

## Resolution of Transfer Disputes

Pensacola State College works closely with other colleges and universities to provide a smooth transfer experience for Pensacola State College students.

The Transfer Services link at [www.FACTS.org](http://www.FACTS.org) provides procedures for the resolution of admissions and transfer difficulties.

Students may contact Dr. June Linke, Dean of Curriculum and Assessment for resolution of credit or transfer difficulties.

## GRADUATION RATES

Information regarding graduation rates and placement information is available as required by the Student Right to Know Act (Public Law 101-542) in the Office of Placement and Follow-Up located on the Pensacola Campus.

## GRADUATION REQUIREMENTS

### All Programs

- Complete all course requirements as specified in the program of study published in the Effective Catalog (the catalog in effect at the time the student first enrolled in the program). See Effective Catalog Policy.
- Submit a Graduation Application even if participation in the Annual Commencement Ceremony is not planned; the Graduation Application prompts the analysis of the permanent record for graduation purposes.
- Resolve all admissions requirements and satisfy all financial obligations to the College including parking and library fines.

### Baccalaureate Degree

- Earn a minimum cumulative grade point average of 2.00 ("C") in all work completed at the College. If any work has been attempted at any other college or university, the grades earned at the other institution(s) combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00
- Complete a minimum of 25% of degree program requirements in residence at the College (Pensacola State College courses)
- Complete the general education requirements for the associate in arts degree including earning grades of "C" or better in all writing-emphasis courses and mathematics courses
- Demonstrate College Level Academic Skills (CLAS) with minimum test scores on a placement examination or by the combined GPA in certain courses. See CLAS Requirements.
- Meet the foreign language requirement with two years of the same language in high school or eight semester hours of the same language in college course work.

## Associate in Arts Degree

- Earn a minimum cumulative grade point average of 2.00 ("C") in all work completed at the college. If any work has been attempted at any other college or university, the grades earned at the other institution(s) combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00.
- Complete a minimum of 25% of program requirements in residence at the College (Pensacola State College courses).
- Demonstrate College Level Academic Skills (CLAS) with minimum test scores on a placement examination or by the combined GPA in certain courses. See CLAS Requirements.

## Associate in Science and Associate in Applied Science Degrees

- Earn a minimum cumulative grade point average of 2.00 ("C") in all work completed at the College. If any work has been attempted at any other college or university, the grades earned at the other institution(s) combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00.
- Earn a minimum cumulative GPA of 2.00 in all general education courses used for the degree.
- Complete a minimum of 25% of program requirements in residence at the College (Pensacola State College courses).

## Certificate Programs

- Earn a minimum cumulative grade point average of 2.00 ("C") or better in all work completed at the College. If any work has been attempted at any other college or university, the grades earned at the other institutions combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00.
- Have a cumulative grade point average of 2.00 or better in all courses applicable to the specific program of study.
- Achieve appropriate minimum skill levels on the Test of Adult Basic Education (TABE) if required for the particular program of study. Students pursuing a certificate may be exempt from the TABE requirement based on a previously earned associate or higher degree.

## Collegiate High School

- Earn a cumulative grade point average of 2.00 in all courses required for graduation.
- Earn at least three high school credits at the Pensacola State College Collegiate High School. One of these credits may be an approved dual enrollment course taken during enrollment in the Collegiate High School.
- Earn a minimum of 24 high school credits as specified by Florida Statute 228.0422 to include the mandated credits in required courses
- Pass the Florida Comprehensive Assessment Test (FCAT) or the High School Competency Test (HSCT), whichever is appropriate. The State Department of Education establishes minimum scores. The tests are given at no charge to the student and may be retaken if necessary. A student who does not pass the FCAT will not be awarded the high school diploma. However, the student's permanent record will contain the notation of earning the Certificate of Completion.

## ANNUAL COMMENCEMENT CEREMONY

Pensacola State College will hold one commencement ceremony per calendar year. The ceremony will be scheduled at the end of the spring term (May). Any student who has submitted the required Graduation Application prior to the Annual Commencement Ceremony in May with an anticipated summer or fall graduation will be eligible for participation in the Annual Commencement Ceremony. Students who submit the Application for Graduation for a summer or fall term after the Annual Commencement Ceremony has been held will be eligible to participate in the subsequent ceremony. A student is expected to submit the Graduation Application indicating the term of anticipated graduation not the term of participation in the Annual Commencement Ceremony. A Graduation Application must be submitted regardless of participation in the ceremony. The Graduation application is to be submitted through a student's Spyglass record at [www.pensacolastate.edu](http://www.pensacolastate.edu).

## GRADUATION EXCEPTIONS AND APPEALS

### Graduation Policy Exceptions

Students who wish to request an exception to a particular aspect of Pensacola State College graduation policies may petition the Student Academic Appeals Committee. The form for this petition is available in any student services office and in the Registrar's Office.

### Course Substitutions or Waivers

Students who wish to request the substitution of one course for a required course or request a waiver of a required course must discuss the request with the appropriate program director or an advisor. The request is to be submitted on a Course Substitution Request form, reviewed by the program manager or appropriate department head, and submitted to the Registrar. The final decision will be made by the College Registrar.

### Effective Catalog Policy Changes

Requests to change the effective catalog are to be submitted to the College Registrar. The change request process is to begin with the program manager or an advisor.

### Grade Grievance

No Pensacola State College administrator or standing committee is authorized to change the grade assigned by any instructor. See Grade Grievance Procedure.

**Exception:** A student may petition the Student Academic Appeals Committee for a late withdrawal in a class for which an instructor has assigned an "F" grade for non-attendance. Documentation of extenuating and mitigating circumstances must be submitted. The form for this purpose is available in student services office and the Registrar's Office.

### Minimum Hours in Residence

Pensacola State College will comply with the standards mandated by its accrediting authority (the Southern Association of Colleges and Schools) and shall award a degree or a certificate to students who complete no less than 25% of course requirements applicable to the degree or certificate with Pensacola State College coursework. No exception to this requirement will be granted.

### Notification of Decisions

In most cases, decisions regarding appeals and request for exceptions, substitutions, and waivers will be provided to the student through his/her PirateMail account. Students are expected to access their PirateMail accounts at least once per week, more often during a registration period. PirateMail is the primary means of communication with students.

## HONORS

All students are eligible for academic achievement recognition at the Annual Commencement Ceremony. Grade point averages are based on all credits attempted at Pensacola State College combined with transfer credits from other institutions attended.

Associate degree students and baccalaureate students will graduate with honors according to three honors categories:

**Cum Laude:** An honor awarded to students who achieve a cumulative GPA of 3.50 to 3.74

**Magna Cum Laude:** An honor awarded to students who achieve a cumulative GPA of 3.75 to 3.99

**Summa Cum Laude:** An honor awarded to students who achieve a cumulative GPA of 4.00

The program for the Annual Commencement Ceremony is printed prior to the recording of final grades for Spring Term graduates and prior to the final terms of enrollment for students participating in the ceremony with anticipated graduation at the end of the Summer Term or Fall Term. As a result, the commencement program as well as eligibility to obtain honors cords will be based on the cumulative grade point average achieved at the end of the term prior to the ceremony.

The official Pensacola State College transcript and diploma will be based on the cumulative grade point average of the student at the time of official graduation. An appropriate notation will be placed on the student's transcript and the diploma will be marked accordingly.

All courses attempted, including transfer courses, will be calculated in determining the cumulative grade point average for all purposes including the honors designation.

## ADDITIONAL DEGREES

The State of Florida authorizes the awarding of the associate in arts degree. Colleges are permitted to provide curricula or programs of study leading to the associate in arts degree to ease the transferability of state college students to the university. The ability to earn more than one associate in arts degree is not possible, because there is only ONE associate in arts degree with various concentrations.

A student should pursue only one degree at a time. A student may request permission to pursue two programs simultaneously by submitting a request, reviewed by an advisor or program manager, to the Registrar's Office.

An associate in science degree and an associate in applied science degree may not be earned in the same program of study.

The written degree plan for an additional associate in science or associate in applied science degree shall specify the prerequisite and core courses for the additional degree. In meeting those requirements, the student may use courses completed for a previous degree. However, the student must complete at least 15 additional credits after being awarded the preceding degree. The additional 15 credits may be core credits and/or general education credits but are usually technical courses that support the specific program of study. The degree plan including the additional courses must be approved in advance by the appropriate department head.

The degree plan for earning an associate in science or associate in applied science degree after earning the associate in arts degree shall specify the general education requirements to be met. In meeting those requirements, the student may use courses completed for the associate in arts degree. However, the student must complete at least 15 additional credits after being awarded the associate in arts degree. The additional credits may be elective credits and/or general education credits. All other requirements for graduation remain in effect for students pursuing additional degrees; i.e., grade point average requirements, residency requirements, etc.

# BACHELOR OF APPLIED SCIENCE AND BACHELOR OF SCIENCE IN NURSING

The Bachelor of Applied Science (BAS) and Bachelor of Science in Nursing (BSN) degrees are the designated degrees for flexible baccalaureate programs that are designed to accommodate the unique demands for entry and advancement within specific workforce sectors. These programs provide degree completion opportunities for students from a variety of educational backgrounds but primarily those with associate in science degrees or the equivalent. The programs conform to all articulation conventions, including common course prerequisites, common course numbering, and faculty credentialing, in accordance with the standards established by our accrediting agency, the Southern Association of Colleges and Schools (SACS).

The bachelor of applied science (BAS) degree is the designated degree for flexible baccalaureate programs designed to accommodate the unique demands for entry into, and advancement within, specific workforce sectors. Academic programs leading to the BAS provide degree completion opportunities for students from a variety of educational backgrounds but primarily those with associate in science degrees or the equivalent.

Pensacola State College is proud to offer a program leading to the BAS in Administration and Supervision. The program conforms to all articulation conventions, including common course prerequisites, common course numbering, and faculty credentialing, in accordance with the standards established by the College's regional accrediting agency, the Southern Association of Colleges and Schools (SACS).

The BAS in Administration and Supervision is designed with four concentrations: Health Care Management, Organizational Administration, Public Safety/Public Service, and Graphic Design Management. These concentrations were selected based on a needs assessment of student interest, employer demand for graduates, economic development trends, projected job growth, and an in-depth analysis of College resources such as qualified faculty, facilities, library services, and technology.

As the Panhandle area anticipates growth, the BAS program at Pensacola State will help to provide highly skilled employees for the knowledge-based jobs that are currently in our area and those being developed for the future. Anticipating our state economy to strengthen and continue the positive focus on diversification, Pensacola State wants to ensure that the residents of our service district have access to higher education that is affordable, accredited, and at home.

To ensure that programs are comprehensive and rigorous, program learning outcomes are established and regularly reviewed by teams involving faculty members, program advisory committees, employers and students. Program learning outcomes are sets of statements expressing the knowledge, skills, attitudes, and behaviors that degree earners are expected to actively and measurably demonstrate as a result of engaging in and completing a specific program of study. Each term, faculty members measure students' program performance directly through a variety of course-embedded assessments. Graduates' program performance is also measured indirectly through assessment tools such as licensure exams, employer surveys, and job satisfaction surveys. Learning outcomes for each baccalaureate program are delineated within categories as follows:

## BAS Learning Outcomes Categories

- Legal Environment, Ethics, and Values
- Organizational and Financial Management
- Human Relations and Communication
- Critical Application of Knowledge, Concepts, & Skills

## BSN Learning Outcomes Categories

- Legal Environment, Ethics, and Values
- Management and Leadership
- Discipline Specific Knowledge and Skills
- Interpersonal Relations and Community Systems.

Learning outcomes specific to the BSN and to each BAS emphasis area are displayed in course syllabi which are readily available through the College's web site. Students may also be provided with hard copies of course syllabi by their course instructors. Program-level learning outcomes along with assessment rubrics and curriculum maps are displayed on program web pages.

---

## Upper Division Requirements:

Admission requires an AAS, an AS, or an AA degree of at least 60 credits in a related discipline including at least fifteen (15) semester hours of transferable general education coursework.

For AS and AAS graduates, an additional 15-21 general education credits are required to complete the thirty-six (36) credit hour general education requirement of Pensacola State College.

Also, all students must complete eight college credit hours of the same foreign language or two consecutive years of the same foreign language in high school.

### Additional General Education Courses (15-21 credits) – Grade of “C” or higher required.

Communications	9
Humanities/Fine Arts	6
Mathematics	6
Natural and Physical Sciences	7
History, Behavioral/Social, and Human Sciences	6
Computer Competence Requirement	1
Oral Communication Requirement	1

**Required Core Courses (21) hrs: Grade of C or higher required.**

BUL 3130	Legal Environment of Business	3
GEB 3213	Communications in Business	3
MAN 3353	Management Theory and Practice	3
MAN 3303	Leadership and Management Practice	3
FIN 3400	Financial Management	3
MAN 4301	Human Resource Management	3
MAN 3240	Organizational Behavior	3

**Concentration in Organizational Administration**

The curriculum leading to the BAS in Administration and Supervision with a concentration in Organizational Administration provides access to students who already have skills in a technical area and wish to advance to higher level supervisory and management positions within business, industry, and governmental organizations. This upper-level coursework will broaden the student's knowledge in applied management practices and will prepare the student for supervisory and management opportunities within their chosen field.

**Emphasis Area: Organizational Administration (OADM-BAS)**

(Select 21 credits from the courses listed below)

ACG 3024	Accounting for Non-Financial Majors	3
MAN 4162	Customer Relations in Business	3
MAN 4113	Managing Diversity	3
MAN 3600	International Business	3
MAN 3063	Professional Ethics & Values	3
MAR 3802	Marketing For Managers	3
ISM 4013	Management Information Systems	3
MAN 3503	Managerial Risk Analysis & Decision Making	3
ENT 3003	Entrepreneurship/Small Business Management	3
ETI 4448	Project Management	3

**Note: Students with an AA degree must complete an additional 21 credits in courses at the lower division 1000 and 2000 level with a prefix of ACG, ACO, BUL, CGS, CTS, ECO, FIN, FSS, GEB HFT, MAN, MAR, MKA, MNA, MSL, OST or PLA in order to enroll in the Organizational Administration Emphasis.**

**Concentration in Public Safety/Public Service**

The mission for the BAS in Administration and Supervision with a concentration in Public Safety/Public Service is to provide current and future public safety professionals with the opportunity to attain a degree that will enhance their placement into entry-level positions and promotions to higher-level management and supervisory positions within the public safety community. This concentration will provide a curriculum that will broaden the student's knowledge in applied public safety management in order to facilitate professional advancement.

**Emphasis Area: Public Safety/Public Service (PS-BAS)**

(Select 21 credits from the courses listed below)

PAD 3003	Introduction to Public Administration	3
MAN 3350	Training and Development	3
PAD 4393	Emergency Management and Planning	3
MAN 4113	Managing Diversity	3
PAD 4874	Community Relations	3
MAN 3063	Professional Ethics and Values	3
MAN 4402	Employment Law and Regulations	3
ISM 4013	Management Information Systems	3
PAD 3311	Program Planning and Evaluation	3
PAD 4932	Contemporary Issues in Public Safety Mgt.	3

**Note: Students with an AA degree must complete an additional 21 credits in courses at the lower division 1000 and 2000 level with a prefix of CCJ, CJC, CJE, CJJ, CJL, EMS, HSC, HIM, CGS, or MSL in order to enroll in the Public Safety/Public Service Emphasis.**

**Concentration in Health Care Management**

The curriculum leading to the BAS in Administration and Supervision with a concentration in Health Care Management provides access to students who already have skills in a health care provider field and wish to advance to higher level supervisory and management positions in health care. The upper-level coursework in this concentration will broaden the student's knowledge in health care management practices and will prepare the student for supervisory and management opportunities within their chosen field.

**Emphasis Area: Healthcare Management (HCMG-BAS)**

(Select 21 credits from the courses listed below)

HSA 4191	Health Information Systems	3
MAN 3350	Training and Development	3
MAN 4113	Managing Diversity	3
HSC 3500	Epidemiology	3
MAN 3063	Professional Ethics and Values	3
MAN 4402	Employment Law and Regulations	3
HSA 3113	Healthcare Trends and Issues	3
HSA 4160	Healthcare Marketing	3
HSA 4502	Healthcare Risk Management	3
HSA 4383	Quality Management in Healthcare	3

**Note: Students with an AA degree must complete an additional 21 credits in courses at the lower division 1000 and 2000 level with a prefix of BSC, EMS, FIN, HIM, HSA, HSC, MSL, NSP, NUR, OST, RTE, or SON in order to enroll in the Health Care Management Emphasis.**

**Concentration in Graphic Design Management**

The curriculum leading to the BAS in Administration and Supervision with a concentration in Graphic Design Management provides access to students who already have skills in graphic design or some other studio art discipline and hope to advance to a higher level position within graphic design businesses. The upper-level coursework included in this concentration will broaden the student's knowledge in graphic design and management practices with the goal of preparing the BAS graduate for supervisory and management opportunities within graphic design professions.

**Emphasis Area: Graphic Design (GRPH-BAS)**

ART 3170C	Book Binding	3
GRA 3209C	Typography	3
GRA 3202C	Advanced Typography II	3
GRA 3546C	Graphic Design III	3
GRA 4189C	Portfolio Development	3
GRA 3194C	Senior Studio Graphic Design III	3
GRA 4514C	Environment Design	3

**Note: Students interested in pursuing the BAS degree with an emphasis in Graphics Design need to meet with Krist Lien, Department Head of Visual Arts, in order to develop a personalized degree plan. Krist Lien can be contacted by e-mail at [klien@pensacolastate.edu](mailto:klien@pensacolastate.edu) or by telephone at (850) 484-2554. Students with an AA degree must complete an additional 21 credits in courses at the lower division 1000 and 2000 level with a prefix of ART, CGS, GRA, PGY, ARH, RTV, DIG, MSL, MMC, or RTV in order to enroll in the Graphic Design Emphasis. Also, an AAS degree in Graphic Design is required.**

# BACHELOR OF SCIENCE IN NURSING

**Department Head:** Rhonda Cowan 484-2254  
rcowan@pensacolastate.edu  
**Program Contact:** Dusti Sluder 484-2341  
dsluder@pensacolastate.edu

We strongly encourage you to contact the Nursing Department for assistance in planning your program of study.

## NURSING

*Bachelor in Science*

(NUR-BSN)

The Bachelor of Science in Nursing (BSN) program is designed to prepare graduates of Associate Degree Nursing (ADN) programs, who already hold a Registered Nursing (RN) license, with additional skills in management, leadership, theory, and research to succeed and be promoted within the nursing profession. BSN graduates will be qualified for supervisory jobs such as nurse managers and patient unit coordinators. They will also be qualified to pursue a master's degree that would prepare them for career advancement. Courses are taught online to accommodate working students, with some hybrid courses that require additional time spent in lab or clinical settings. Students may progress at their own pace and may complete the required 120 college credit hours in three semesters or more, depending on transfer and articulation credits.

### Special Admission Requirements:

Students seeking admission to the program must complete application to the college and to the program. Admission to this program is limited by student/faculty ratios and availability of practicum clinical resources. Applicants must hold a valid, unencumbered RN license from the state in which they practice as well as a current certification in Basic Life Support (BLS) for the Healthcare Provider (American Heart Association). Admission is based on first qualified, first accepted. Students are required to pass a criminal background check and a urine drug screen prior to attending any clinical setting. Documentation of physical examination and immunization requirements must be submitted prior to attending any clinical setting.

### ELIGIBILITY FOR ADMISSION REQUIREMENTS:

- Minimum 2.0 cumulative grade point average
- Graduate of accredited RN program
- Possess valid, active RN license

### REQUIREMENTS FOR PROGRESSION:

Progression through the BSN program requires:

- "C" or higher in courses in the curriculum;
- "C" or higher in all co-requisites and prerequisites;
- Current CPR certification at the Health Care Provider level (American Heart Association)
- Satisfactory level of mental and physical health, including current immunizations, Hepatitis B vaccinations; yearly TB testing and ability to meet course requirements for practicum experiences. Students who do not meet progression requirements must withdraw from the BSN program and apply for readmission. NUR 3119 is the foundational course for the program and must be taken during the first semester of enrollment in the BSN program.

Students enrolled in the online BSN program will be admitted with varying levels of experience and education. Therefore, it is important that each student make an appointment with the BSN Program Coordinator or Director of Nursing to plan an individualized course of study. Depending upon the number of general education requirements completed at the time of admission, an entering BSN student could complete the nursing core courses in 3 or 4 semesters. Total number of credits required to obtain the BSN degree is 120 college credits with at least 25% of those credits completed at Pensacola State College.

### Core Courses

### Credits

NUR 3119	Professional Roles and Dimensions of Nursing Practice	3
NUR 3065C	Health Assessment and Physical Appraisal	4
NUR 3826	Legal and Ethical Issues in Nursing	3
NUR 4165	Evidence-Based Nursing Practice	3
NUR 4616	Nursing Across the Lifespan	3
NUR 4636	Nursing in Community Systems	3
NUR 4636L	Nursing in Community Systems Practicum	1
NUR 4889	Leadership and Management Theory	3
NUR 4889L	Leadership and Management Practicum	1
	Specialized Focus Electives	6

Students may choose 2 (two) courses from either the clinical focus track or the management focus track.

### CLINICAL FOCUS TRACK:

### Credits

NSP 3476	Infection Control in Healthcare Settings	3
NUR 3125	Pathophysiology	3
NUR 3145	Pharmacology in Nursing	3
NUR 4945L	Specialized Focus Practicum	3

### MANAGEMENT FOCUS TRACK:

MAN 3240	Organizational Behavior	3
NSP 3476	Infection Control in Healthcare Settings	3
NUR 4837	Healthcare Policy and Economics	3
NUR 4945L	Specialized Focus Practicum	3

See the Director of Nursing for course substitution requests.

Additional elective credits may be required to meet the credit requirements; consult Director of Nursing.

Student may demonstrate competency in course objectives for awarded credit.

Elective credits required may vary with each individual student.

Consult Nursing Director for electives.

General education at Pensacola State College reflects the institution's deep conviction that successful, satisfying lives require a wide range of skills and knowledge. Pensacola State College is dedicated to providing educational opportunities that develop the academic, career, personal, and aesthetic capabilities of individuals so they may achieve self-fulfillment and participate fully and positively in a democratic society. General education, in essence, augments and rounds out the specialized training students receive in their majors and cultivates a knowledgeable, informed, literate human being. Therefore, the following global learning outcomes have been established for Pensacola State College general education courses.

## GENERAL EDUCATION

General education at Pensacola State College reflects the institution's deep conviction that successful, satisfying lives require a wide range of skills and knowledge. Pensacola State College is dedicated to providing educational opportunities that develop the academic, career, personal, and aesthetic capabilities of individuals so they may achieve self-fulfillment and participate fully and positively in a democratic society. General education, in essence, augments and rounds out the specialized training students receive in their majors and cultivates a knowledgeable, informed, literate human being. Therefore, the following global learning outcomes have been established for Pensacola State College general education courses.

### GLOBAL LEARNING OUTCOMES

- I. **CRITICAL THINKING:** Students will evaluate the validity of their own and others' ideas through questioning, analyzing, and synthesizing results into the creative process.
- II. **COMMUNICATION:** Students will develop effective reading, writing, speaking and listening skills to communicate verbally and nonverbally on literal and figurative levels.
- III. **SCIENTIFIC AND MATHEMATICAL LITERACY:** Students will apply an understanding of mathematical, natural, and behavioral scientific principles and methods to solve abstract and practical problems.
- IV. **INFORMATION MANAGEMENT:** Students will use effective strategies to collect, verify, document, and manage information from a variety of sources.
- V. **CULTURAL LITERACY:** Students will develop an appreciation of human culture and its diversity and the role of the creative arts in society.
- VI. **SOCIAL SKILLS:** Students will develop and use skills and attitudes that integrate individuals into society.
- VII. **PERSONAL MANAGEMENT:** Students will develop habits of conduct that result in fulfilling personal and occupational accomplishments.

## TRANSFER PROGRAMS

The A.A. degree is designed to prepare students for entry into the junior year at four-year or upper-division colleges and universities. The A.A. degree is a university parallel, college transfer degree comprised of 36 general education credits and 24 college elective credits. Although upper-division schools vary the number and nature of courses which are required for their bachelor's degree programs, the Florida College System and universities have an articulation agreement which addresses the transfer of college courses and guarantees certain transfer rights for A.A. graduates of the Florida College System.

In addition to the graduation requirements students are also required to:

1. Earn at least a cumulative grade point average of 2.0 ("C") or better in all work completed at Pensacola State College. If any work has been attempted at any other institution of higher education, the grades earned at the other institution(s) combined with those grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.0; and,
2. Complete a minimum of 25% of the credit hours of the program in residence at Pensacola State College immediately prior to graduation.

Students who know the associate in arts area of study they plan to pursue at the upper-division may elect to customize their studies at Pensacola State College in accordance with the requirements of a particular college or university. Counselors and academic advisors are available to help the student who wishes to pursue this option. With the help of a counselor or an advisor, students may take the choice of electives which will be the most advantageous to the pursuit of a particular bachelor's degree. (See Option to Follow University General Education Requirements below).

### Areas Of Concentration:

The following are preplanned sets of electives for the areas of concentration to complete the requirements for an Associate in Arts Degree (A.A.):

Agricultural Science	Environmental Horticulture	Physics
Art	Environmental Science	Pre-Engineering
Biology	General Studies	Pre-Law/Pre-Legal Administration
Business	History—Public Service	Pre-Medical/Dental/Veterinary Studies
Chemistry/Biochemistry	Human Performance and Recreation	Pre-Clinical Laboratory Sciences
Computer Information Systems	Journalism	Pre-Nursing
Computer Science	Mathematics	Pre-Pharmacy
Criminal Justice	Music	Pre-Physical Therapy
Early Childhood Teacher: Pre-Primary	Music Teacher Education	Psychology
Education	Natural Resource Conservation/Pre-Forestry	Social Sciences
English	Philosophy	Theatre

### Option To Follow University General Education Requirements

A student who wishes to take a planned transfer program of studies not outlined in the Pensacola State College catalog may use such a program for graduation if he/she meets the following guidelines: (A) meets with a Pensacola State College counselor to review the proposed plan. The counselor will check course prerequisites and approve the plan in writing; (B) within the student's first 30 hours of credits his/her alternate plan must be

approved by a counselor and the Campus Dean of the campus; (C) the student must then complete at least 30 credits at Pensacola State College. Alternate plans will be for a specific institution and must include documentation. The student will, upon completion of the model institution's first two years' academic work (at least 60 credits), be graduated with an Associate in Arts degree. The student's transcript will not be stamped "General Education Requirements Met" unless the student has, in fact, completed the general education requirements at Pensacola State College.

# GENERAL EDUCATION REQUIREMENTS

The associate in arts degree is a single degree issued by the College. The College has designed several concentrations to assist the student in transferring to a university program. Those concentrations are listed in the Programs of Study section of this Catalog. The general education component of each concentration will meet the goals of the College General Education Program as well as standards for accreditation.

## College-Level Academic Skill Requirement (CLAS)

State Board of Education Rule 6A-10.0311 mandates that students must demonstrate college-level proficiency in communication and computation skills with grades in certain courses or scores on a placement test.

### Grades

Students may demonstrate CLAS through grades in two general education courses for the discipline. The combined grade point average of the two courses must be 2.50 (C+) or higher.

**Reading, Writing, Essay Development:** ENC1101 or ENC1102 and any general education writing-emphasis course

**Computation** Any two general education mathematics courses

### Test Scores

Students who have not achieved the required grade point average in the two courses (see above) may present placement test scores meeting the minimum scores indicated below:

Test	Math	Essay	English/Language	Reading
CPT*	91	105	105	93
SAT	500	500	500	500
ACT	21	21	21	22
CLAS**	295	6	295	295

\* At the time of this catalog printing, these college placement test scores pertain to Accu-Placer exams; the placement test will be changing with the Summer Term 2011 and scores for the new college placement test to meet CLAS requirements have not yet been determined.

\*\* College Level Academic Skills Test prior to July 1, 2009

If a student does not meet CLAS requirements through course grades and has not achieved minimum test scores after a recent (within previous two months) attempt, the student may apply for a waiver through the Registrar's Office. The request will be reviewed by the CLAS Waiver Committee provided the following conditions exist:

1. The student is not eligible for CLAS through grades in courses
2. The student has taken one of the above tests (in appropriate sections) within the previous two months and not achieved the minimum scores
3. The student has met all other requirements for the associate in arts degree

## Reading and Writing Competence Requirement

Enrollment in any course designated as a writing emphasis course will require appropriate scores on the Florida Postsecondary Education Readiness Test (PERT) or completion of the appropriate college preparatory coursework.

## Laboratory Science

Students seeking the A.A. degree must complete at least one Natural Sciences lecture course which has an accompanying laboratory. Lecture/laboratory sequences are available in Categories VI and VII presented on page 59. Laboratory courses are indicated by an "L" immediately following the course number.

## Minimum Grades

A.A. students must maintain an overall GPA of 2.00 or higher. However, students must achieve the testing or grade point requirements in communication and computation courses as described in the College-level Communication and Computation Skills Requirement.

## Non-Traditional Credits

A.A. students may not earn more than 15 credits hours of their general education course work through non-traditional credits. Non-traditional credits include the following: credits earned through CLEP, departmental exemption examination, or PLA, and all other credits described under "Non-Traditional Credits" in the Registration and Credits section of this catalog.

## Foreign Language Requirement

Based on Florida Statute 240.233, all undergraduate students who are admitted to a state university shall have earned two credits of sequential foreign language or American sign language at the secondary level or the equivalent of such instruction (eight to ten semester hours) at the postsecondary level.

An alternate method for students to demonstrate equivalent foreign language competence is by means of credit awarded on the basis of scores on the foreign language subject matter examinations in the College Level Examination Program (CLEP) as indicated in FAC Rule 6A-10.024(5)(b), which shall count toward the eight to ten semester hours. The examination, minimum scores for awarding credit, and maximum credit to be awarded are:

Examination	Minimum Score	Maximum Credit
French	50	12
	46	9
	42	6
German	55	12
	52	9
	43	6
Spanish	55	12
	48	9
	45	6

Likewise, students may demonstrate equivalent foreign language competence in Latin by means of a minimum score of 443 on the Latin examination, published under the title MAPS by The College Board, which represents the 1985 national, mean of college-bound seniors minus one standard deviation.

Students who received an Associate in Arts degree prior to September 1, 1989, or who enrolled in a program of studies leading to an Associate in Arts degree from a Florida community college prior to August 1, 1989, and have maintained continuous enrollment shall be exempt from this admissions requirement. Any lower division student admitted without meeting the foreign language requirement must earn such credits prior to admission to the upper division of a state university. Any A.A. degree graduate from a public community college admitted without meeting the foreign language requirement must earn such credits prior to graduation from a state university.

## Excess Hours Advisory Statement

Section 1009.086, Florida Statutes, establishes an "excess hour" surcharge for a student seeking a baccalaureate degree at a state university. It is critical that students, including those entering Florida colleges, are aware of the potential for additional course fees.

"Excess hours" are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 144 credit hours (120 x 120%).

All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or "transfer program" early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats, as well as enrollment in courses non-essential to the intended major, may contribute to a potential excess hours surcharge.

# GENERAL EDUCATION COURSE REQUIREMENTS FOR THE A.A. DEGREE

A.A. degree-seeking students must complete thirty-six (36) general education credit hours. The credit hours must be distributed among the course categories listed below.

## I. ENGLISH COMPOSITION 6 credits

- \* ENC 1101 English Composition I 3 cc
- \* ENC 1102 English Composition II 3 cc

## II. LITERATURE 3 credits

ENC 1101 and ENC 1102 are prerequisites for all Literature courses.

- \* AML 2010 American Literature to 1870 3 cc
- \* AML 2020 American Literature from 1870 3 cc
- \* AML 2600 Introduction to African American Literature 3 cc
- \* ENL 2012 English Literature to 1800 3 cc
- \* ENL 2022 English Literature from 1800 3 cc
- \* LIT 2090 Contemporary Literature 3 cc
- \* LIT 2110 World Literature to 1650 3 cc
- \* LIT 2120 World Literature from 1650 3 cc

## III. MATHEMATICS 6 credits

General Education credit is not given for both MAC1140 and MAC1147.

- MAC 1105 College Algebra 3 cc
- MAC 1114 Plane Trigonometry 3 cc
- MAC 1140 Precalculus Algebra 3 cc
- or
- MAC 1147 Precalculus Algebra/Trigonometry 4 cc
- MAC 2233 Calculus with Business Applications I 3 cc
- MAC 2234 Calculus with Business Applications II 3 cc
- MAC 2311 Analytic Geometry and Calculus I 4 cc
- MAC 2312 Analytic Geometry and Calculus II 4 cc
- MAC 2313 Analytic Geometry and Calculus III 4 cc
- MAP 2302 Differential Equations 3 cc
- MGF 1106 Mathematics for Liberal Arts I 3 cc
- MGF 1107 Mathematics for Liberal Arts II 3 cc
- STA 2023 Elementary Statistics 3 cc
- \_\_\_\_\_ Any 2000 Level Math Course 3 cc

## IV. HISTORY, BEHAVIORAL/SOCIAL, AND HUMAN SCIENCES 6 credits

One 3 credit course must have an AMH, ANT, DEP, EUH, PSY or SYG prefix.

- \* AMH 2010 American History to 1877 3 cc
- \* AMH 2020 American History from 1877 3 cc
- \* AMH 2091 African-American History and Culture 3 cc
- \* ANT 2000 Introduction to Anthropology 3 cc
- \* ANT 2410 Cultural Anthropology 3 cc
- CCJ 1020 Introduction to Criminal Justice 3 cc
- \* DEP 2004 Human Growth and Development 3 cc
- ECO 2013 Economics I 3 cc
- \* EUH 1000 European History to 1700 3 cc
- \* EUH 1001 European History from 1700 3 cc
- \* EUH 2010 A History of Greece and Rome 3 cc
- GEA 2000 World Regional Geography 3 cc
- HLP 1081 Concepts of Life Fitness 3 cc
- HSC 2100 Personal and Community Health 3 cc
- INR 2002 Introduction to International Relations 3 cc
- MMC 2000 Survey of Mass Communication 3 cc
- \* POS 2041 American National Government 3 cc
- \* PSY 2012 General Psychology 3 cc
- \* SLS 1101 College Success 3 cc
- \* SYG 2000 Introduction to Sociology 3 cc
- \* SYG 2010 Social Problems 3 cc

## V. HUMANITIES 6 credits

These 6 credits must include courses from at least 2 different course prefix areas.

- ARH 1002 Art for Non-Majors 3 cc
- ARH 1050 Art History I 3 cc
- ARH 1051 Art History II 3 cc
- ARH 2000 Humanities Art 3 cc
- \* CLT 1500 Classical Mythology 3 cc
- FRE 1121 Beginning French II 4 cc
- GER 1121 Beginning German II 4 cc
- \* HUM 2210 Humanities in the Ancient World 3 cc
- \* HUM 2230 Humanities in the Modern World 3 cc
- \* HUM 2454 African-American Humanities 3 cc
- \* HUM 2740 Humanities Travel 3 cc

- LAT 1121 Beginning Latin II 4 cc
- MUH 2011 Music Appreciation 3 cc
- \* MUH 2110 Introduction to Music History 3 cc
- \* PHI 2010 Introduction to Philosophy 3 cc
- \* PHI 2070 Introduction to Eastern Philosophy 3 cc
- \* PHI 2100 Logic 3 cc
- \* PHI 2600 Ethics 3 cc
- \* PHI 2701 Introduction to the Philosophy of World Religions 3 cc
- \* PHM 2122 Philosophy And Feminism 3 cc
- SPN 1121 Beginning Spanish II 4 cc
- \* THE 2000 Introduction to Theatre 3 cc

## NATURAL SCIENCES 7 credits

Students must complete a minimum of seven natural sciences credits, one course from category VI and one from category VII. In addition, students must complete one laboratory course.

## VI. BIOLOGICAL SCIENCES 3 or 4 credits

- BOT 1010 General Botany and BOT 1010L 4 cc
- BSC 1005 Biological Principles for Non-Majors 3 cc
- BSC 1005 Biological Principles for Non-Majors and BSC 1005L 4 cc
- BSC 2010 Integrated Principles of Biology and BSC 2010L 4 cc
- HUN 1201 Elements of Nutrition 3 cc
- HUN 1201 Elements of Nutrition and HUN 1201L 4 cc
- OCB 2000 Marine Biology and OCB 2000L 4 cc
- PCB 2030 Introduction to Environmental Science 3 cc
- ZOO 1010 General Zoology and ZOO 1010L 4 cc

## VII. PHYSICAL SCIENCES 3 or 4 credits

- AST 1002 Descriptive Astronomy 3 cc
- AST 1002 Descriptive Astronomy and AST 1002L 4 cc
- CHM 1025 Introduction to College Chemistry 3 cc
- CHM 1025 Introduction to College Chemistry and CHM 1025L 4 cc
- CHM 1045 General Chemistry I and CHM 1045L 4 cc
- CHM 1045C General Chemistry I 4 cc
- CHM 1046 General Chemistry II and CHM 1046L 4 cc
- ESC 1000 Earth Science 3 cc
- GLY 1010 Physical Geology and GLY 1010L 4 cc
- MET 1010 Introduction to Meteorology 3 cc
- OCE 1001 Oceanography 3 cc
- OCE 1001 Oceanography and OCE 1001L 4 cc
- PHY 1053 General Physics I and PHY 1053L 4 cc
- PHY 1054 General Physics II and PHY 1054L 4 cc
- PHY 2048 Physics I with Calculus and PHY 2048L 5 cc
- PHY 2049 Physics II with Calculus and PHY 2049L 5 cc
- PSC 1351 Physical Science Survey 3 cc

## VIII. COMPUTER COMPETENCE REQUIREMENT 1 credit

Students must demonstrate competence in the use of computer technology. Competence is defined as the ability to use computer technology to access data, transform that data into information, and communicate that information to others. Students may meet the requirement by departmental proficiency examination.

- \_\_\_\_\_ Any course with the prefix CGS, COP or CTS not designated as A.A.S. only
- EME 2040 Introduction to Educational Technology 3 cc
- LIS 1004 Introduction to Internet Research 1 cc
- MUS 1360 Music and Computers 3 cc
- SLS 1122 Computer Skills for Academic Success 1 cc

## IX. ORAL COMMUNICATIONS REQUIREMENT 1 credit

Students will demonstrate competence in the skill of oral communications. The requirement can be met by successful completion of one of the following courses.

- ORI 2000 Introduction to Oral Interpretation 3 cc
- SPC 1006C Basic Speaking and Listening Skills 1 cc
- SPC 1017 Fundamental Communication Concepts 3 cc
- SPC 1608 Public Speaking 3 cc
- SPC 2300 Interpersonal Communication 3 cc

\* A writing emphasis course.

# PROGRAMS OF STUDY

## AGRICULTURAL SCIENCE

*Associate in Arts*

(AGSCL-AA)

The Agricultural Science program provides the first two years of a four-year baccalaureate degree. Students finishing the program will be prepared to enter the Florida Agricultural and Mechanical University agricultural program in Agriculture Science.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department for assistance in planning your program of study.

**Department Head:** Frances Duncan 484-1168  
 fduncan@pensacolastate.edu  
**Program Contact:** Logan Fink 484-4464  
 lfink@pensacolastate.edu

First Year Recommended Sequence		Credits
ENC 1101	English Composition I (Category I)	.3
MAC 1105	College Algebra (Category III)	.3
PSY 2012	General Psychology	.3
SYG 2000	Introduction to Sociology (Category IV)	.3
_____	Humanities (Category V)	.3
CHM 1045	General Chemistry I (Category VII)	.3
CHM 1045L	General Chemistry I Laboratory	.4
BOT 1010	General Botany (Category VI)	.3
BOT 1010L	General Botany Laboratory	.4
ENC 1102	English Composition II (Category D)	.3
MAC 1114	Plane Trigonometry (Category III)	.3
CGS 1570	Computer Concepts and Applications (Category VIII)	.3
Total		29

### Second Year Recommended Sequence

BSC 2010	Integrated Principles of Biology	.3
BSC 2010L	Integrated Principles of Biology Laboratory	.3
ZOO 1010	General Zoology	.3
ZOO 1010L	General Zoology Laboratory	.4
CHM 1046	General Chemistry II	.3
CHM 1046L	General Chemistry Laboratory	.4
_____	Humanities (Category V)	.3
ECO 2013	Economics I (Category IV)	.3

\*\* Select from any course with an ART, PGY, or RTV prefix not designated as A.A.S. only.

## BIOLOGY

Associate in Arts

(BIO-AA)

The A.A. Biology curriculum provides the first two years of college education leading to a baccalaureate degree in one of the biological sciences and will insure articulation into the major at Florida SUS institutions.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department for assistance in planning your program of study.

**Department Head: Frances Duncan** 484-1168

	<b>Total</b>	<b>31</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.  
 \*\* Students may take MAC 2312 Analytic Geometry and Calculus II, in place of both STA 2023 and one credit of BSC 1931. Students may take BSC 2033 Ethical Issues in Biology, in place of both credits of BSC 1931.  
 \*\*\* Choice of Biology Electives with a Laboratory: BOT 1010 and BOT 1010L; MCB 2010 and MCB 2010L; OCB 2000 and OCB 2000L; ZOO 1010 and ZOO 1010L; ZOO 2303 and ZOO 2303L

## BUSINESS

Associate in Arts

(BUS-AA)

This program is designed to provide the first two years of a four-year university program leading to a baccalaureate degree in accounting, business administration, economics, finance, management, or marketing. However, the student who desires to postpone pursuit of a bachelor's degree will have acquired sufficient knowledge and skill upon completion of this two-year program to be ready for employment.

Students wishing to transfer to UWF, FSU, or UF should consult with a counselor to select appropriate electives.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Business Department for assistance in planning your program of study.

**Department Head: Linda Bloom** 484-2503  
**lbloom@pensacolastate.edu**

_____**	Elective	.4
	<b>Total</b>	<b>29</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.  
 \*\* Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution.  
 \*\*\* ACG 2021 may be substituted for the combination ACG 2001 and ACG 2011 at some Florida universities. Transfer students should consult a Pensacola State College advisor or contact the appropriate department at the university to which they intend to transfer.

## CHEMISTRY/BIOCHEMISTRY

Associate in Arts

(CHEM-AA)

This program provides the first two years of a four-year university program leading to a baccalaureate degree in chemistry or biochemistry. The Pensacola State College curriculum has the necessary SUS prerequisite courses for a completer to begin upper-division work as a university junior in the major.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Physical Sciences Department for assistance in planning your program of study.

**Department Head:** Ed Stout 484-1189  
 estout@pensacolastate.edu  
**Program Contact:** Bobby Roberson 484-1488  
 broberson@pensacolastate.edu

### First Year Recommended Sequence Credits

CHM 1045	General Chemistry I (Category VII)	3
CHM 1045L	General Chemistry I Laboratory	1
ENC 1101	English Composition I (Category D)	3
MAC 2311	Analytic Geometry and Calculus I (Category III) <sup>4</sup>	4

## COMPUTER INFORMATION SYSTEMS

Associate in Arts

(COMP-AA)

This Associate in Arts degree concentration leads to employment in technical computer-related jobs such as a programmer or systems analyst. The A.A. program meets prerequisites for transfer to the University of West Florida B.S. in Computer Science (Computer Information Systems option) program as well as similar programs at other universities.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Computer Science Department for assistance in planning your program of study.

**Department Head:** Sue Halfhill 484-2522  
 shalfhill@pensacolastate.edu  
**Program Contact:** Wayne Horn 484-2021  
 whorn@pensacolastate.edu

### First Year Recommended Sequence Credits

ACG 2021	Financial Accounting Principles	3
CGS 1570	Computer Concepts and Applications (Category VIII)	3
ENC 1101	English Composition I (Category D)	3
MAC 1105	College Algebra (Category III)	3
_____*	Biological Sciences (Category VI)	4
ACG 2071	Introduction to Managerial Accounting	3
COP 1510	Programming Concepts I	3
ECO 2013	Economics I (Category IV)	3
ENC 1102	English Composition II (Category D)	3
_____*	Physical Sciences (Category VII)	3
Total		31

### Second Year Recommended Sequence

COP 2511	Programming Concepts II	3
ECO 2023	Economics II	3
MAC 2233	Calculus with Business Applications I (Category III)	3
_____*	History, Behavioral/Social, and Human Sciences (Category IV)	3
_____*	(must be AMH, ANT, DEP, EUH, PSY, or SYG prefix)	
_____*	Humanities (Category V)	3
_____**	Programming Elective (Students transferring to UWF should elect COP 2800)	3
PHI 2600	Ethics (Category V)	3
STA 2023	Elementary Statistics	3
_____*	Literature (Category II)	3
_____*	Oral Communications Requirement (Category IX)	1
_____	Elective	1
Total		29

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

\*\* Students transferring to universities other than UWF should contact an advisor at that school to determine which language is preferred.

## COMPUTER SCIENCE

Associate in Arts

(CMPSC-AA)

This field leads to employment in technical computer-related jobs such as programmer or systems analyst. The A.A. program meets prerequisites for transfer to the University of West Florida B.S. in Computer Science (Computer Science option) program as well as similar programs at other universities.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Computer Science Department for assistance in planning your program of study.

**Program Contact: Wayne Horn** 484-2021  
whorn@pensacolastate.edu

### First Year Recommended Sequence Credits

CGS 1570	Computer Concepts and Applications (Category VIII) . . . . .	3
ENC 1101	English Composition I (Category I) . . . . .	3
MAC 1147**	Precalculus Algebra/Trigonometry (Category III) . . . . .	4
PSY 2012	General Psychology (Category IV) . . . . .	3
_____*	Biological Sciences (Category VI) (Do not choose course designated for Non-Majors.) . . . . .	3

_____*	Oral Communications Requirement Category IX) . . . . .	1
_____	Elective . . . . .	1
	<b>Total</b>	<b>28</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.  
\*\* Students may take MAC 1140 Precalculus Algebra and MAC 1114 Plane Trigonometry in place of MAC 1147.

## CRIMINAL JUSTICE

Associate in Arts

(LAWAA)

The purpose of this program is to prepare students for transfer to a four-year institution after completing two years at Pensacola State College. Because of the interdisciplinary nature of Criminal Justice, this program may be attractive for those planning to enter law, behavioral and social sciences. Students planning to enter this program should contact the Department for assistance in planning for their careers.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Business Department for assistance in planning your program of study.

**Department Head: Linda Bloom** 484-2504  
lbloom@pensacolastate.edu

### First Year Recommended Sequence Credits

CCJ 1020	Introduction to Criminal Justice (Category IV) . . . . .	3
CLJ 2062	Constitutional Law for Criminal Justice . . . . .	3
ENC 1101	English Composition I (Category I) . . . . .	3
_____*	Mathematics (Category III) . . . . .	3
CCJ 2010	Criminology . . . . .	3
ENC 1102	English Composition II (Category I) . . . . .	3
_____*	Computer Competence Requirement (Category VIII) . . . . .	1
_____*	Oral Communications Requirement (Category IX) . . . . .	1
_____*	Biological Sciences (Category VI) . . . . .	(3) 4
_____*	Mathematics (Category III) . . . . .	3
_____**	Elective (PLA 1104 Strongly Recommended) . . . . .	3
	<b>Total</b>	<b>(29) 30</b>

### Second Year Recommended Sequence

CJL 1100	Criminal Law . . . . .	3
CJJ _____	Juvenile Justice . . . . .	3
_____*	Humanities (Category V) (PHI 2600 strongly recommended) . . . . .	3
_____*	Literature (Category II) . . . . .	3
CJC 1000	Theory and Practice of Corrections . . . . .	3
CJE 1640	Introduction to Criminalistics . . . . .	3
_____*	History, Behavioral/Social, and Human Sciences (Category IV) . . . . .	3
	(must be AMH, ANT, DEP, EUH, PSY or SYG prefix course; SYG 2000 strongly recommended) . . . . .	3
_____*	Humanities (Category V) . . . . .	3
_____*	Physical Sciences (Category VII) . . . . .	(4) 3
_____**	Elective . . . . .	3
	<b>Total</b>	<b>(31) 30</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.  
\*\* Select from PLA 1104 or courses with a CCJ, CJC, CJE, CJL CJT, or POS prefix.  
\*\*\* With permission of the department head, students may be allowed to enroll upon completion of 50% (18 credit hours) of General Education requirements.

## EARLY CHILDHOOD TEACHER: PRE-PRIMARY

Associate in Arts

(CHD-AA)

This program is the first two years of a four-year university program in early childhood education or child development. Early childhood covers the ages from birth to eight years. Upon successful completion of a four-year degree at a university and appropriate teacher certification requirements, students qualify for a Florida certificate in early childhood education (pre-k-grade 3).

Students wishing to seek employment after completing the two year Early Childhood program would be able to do so in child care and pre-school program. Students could also seek a career as a teacher aide in elementary schools.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution.

**Department Head:** Holly Craven 484-2074  
hcraven@pensacolastate.edu

**Program Contact:** Betty Persons 484-2534  
bpersons@pensacolastate.edu

First Year Recommended Sequence		Credits
ENC 1101	English Composition I (Category I)	3
CHD 1104	Introduction to Early Childhood	3
	Oral Communications Requirement (Category IX)	1
DEP 2004	Human Growth and Development	3
	or	
PSY 2012	General Psychology (Category IV)	3
EME 2040	Introduction to Educational Technology (Category VIII)	3
ENC 1102	English Composition II (Category I)	3
	Humanities (Category V)	3
DEP 2001	Child Development	3
	Mathematics (Category III)	3
	Biological Sciences (Category VI)	3
	<b>Total</b>	<b>(29) 28</b>

Second Year Recommended Sequence		Credits
	Mathematics (Category III)	3
AMH 2010	American History to 1877	3
	or	
AMH 2020	American History from 1877 (Category IV)	3
CHD 1800	Management in Child Care	3
	Literature (Category II)	3
	Physical Sciences (Category VII)	3
CHD 2440C+	Early Childhood Practicum	3
	Humanities (Category V)	3
	Early Childhood Electives	9
	Elective	1
	<b>Total</b>	<b>(31) 32</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

\*\* Early Childhood electives (choose nine credits from the following courses):

CHD 1332 CHD 1931 CHD 1932

CHD 1933 CHD 2380 CHD 2120

EDF 1005 EDF 2085+ CHD 2620

+ Course includes field experience. See course description.

## EDUCATION

Associate in Arts

(TEACH-AA)

This program serves students seeking a baccalaureate degree in education who plan to teach in preprimary, early childhood, elementary, middle grades, special education or related settings. This program is the first two years of a four-year university program in teacher education. Students who want to teach/work in a high school setting (grades 9 through 12) should major in the appropriate content area.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution.

Two courses (EDF 1005 and EDF 2085) require service learning in a public school setting. Background checks may be required.

**Department Head:** Holly Craven 484-2074  
hcraven@pensacolastate.edu

First Year Recommended Sequence		Credits
EME 2040	Introduction to Educational Technology (Category VIII)	3
ENC 1101	English Composition I (Category I)	3
	History, Behavioral/Social and Human Sciences (Category IV)	3
	(AMH 2010 or AMH 2020 and DEP 2004 or PSY 2012 are strongly recommended)	
EDF 1005+	Introduction to the Teaching Profession	3
ENC 1102	English Composition II (Category I)	3
	Humanities (Category V)	3
	(strongly recommend PHI prefix course)	
	Mathematics (Category III)	3
	Biological Sciences (Category VI)	3
	Electives (see suggested)	6
	<b>Total</b>	<b>(31) 30</b>

Second Year Recommended Sequence		Credits
	History, Behavioral/Social and Human Sciences (Category IV)	3
	(AMH 2010 or AMH 2020 and DEP 2004 or PSY 2012 are strongly recommended)	
EDF 2085+	Introduction to Diversity for Educators	3
	Literature (Category II)	3
	Physical Sciences (Category VII)	3
	Mathematics (Category III)	3
SPC 1017	Fundamental Communications Concepts	3
	or	
SPC 1608	Public Speaking	3
	or	
SPC 2300	Interpersonal Communication (Category IX)	3
EEX 2010	Introduction to Exceptional Children	3
	Humanities (Category V)	3
	Electives (see suggested)	5
	<b>Total</b>	<b>(29) 30</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

\*\* When choosing biological science course, student should be aware that HUN1201/HUN1201L may not transfer to all universities as Biological Science.

+ Course includes service learning. See course description.

Suggested Electives:

Students are urged to take six credits from AMH2091, ANT2000,

\* ANT2410, EEX1600, EUH1000, EUH1001, \*GEA2000, \*POS2041, \*SYG2000 and \*SYG 2010 (\*meets UWF's Category IV requirement). Other suggested electives include Mathematics courses, Physical Sciences courses, Biological Sciences courses, SYG prefix courses, Foreign Language courses and HSC2402.

## ENGLISH

*Associate in Arts*

(ENGL-AA)

This program is designed for students who wish to pursue a degree in English at a university. Students who complete this program will be ready to enter their junior year with a rich background in American and English Literature complemented by related elective courses.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College English/Communications Department for assistance in planning your program of study.

**Department Head: Thom Botsford** 484-1447  
**tbotsford@pensacolastate.edu**

### First Year Recommended Sequence Credits

ENC 1101	English Composition I (Category I)	3
SPC 2300	Interpersonal Communication	
	or	
SPC 1608	Public Speaking (Category IX)	3

AML 2010	American Literature to 1870 (Category II)	3
_____*	Mathematics (Category III)	3
_____*	Physical Sciences (VII)	(4) 3
	<b>Total</b>	<b>31</b>

### Second Year Recommended Sequence

AML 2020	American Literature from 1870	3
ENL 2012	English Literature to 1800	3
EUH 1001	European History from 1700 (Category IV)	3
_____*	Computer Competence Requirement (Category VIII)	1
ENL 2022	English Literature from 1800	3
_____*	Humanities (Category V)	6
_____*	Electives	10
	<b>Total</b>	<b>29</b>

### Total Program Credits 60

\* Electives based on general education distribution requirements.  
 \*\* With permission of the department head, students may be allowed to enroll concurrently in ENC 1102 and a literature course.

## ENVIRONMENTAL SCIENCE

*Associate in Arts*

(EVS-AA)

This program provides the first two years of a four-year university program leading to a baccalaureate degree in the area of Environmental Science or Environmental Studies.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department or Physical Sciences Department for assistance in planning your program of study.

**Department Head: Frances Duncan** 484-1168  
**fduncan@pensacolastate.edu**

### First Year Recommended Sequence Credits

PCB 2030	Introduction to Environmental Science (Category VI)	3
CHM 1045	General Chemistry (Category VII)	3

GLY 1010	Physical Geology	3
GLY 1010L	Physical Geology Laboratory	1
PHY 1053	General Physics I	3
PHY 1053L	General Physics I Laboratory	1
	or	
PHY 2048	Physics I with Calculus	4
PHY 2048L	Physics I with Calculus Laboratory	1

## GENERAL STUDIES (LIBERAL ARTS)

Associate in Arts

(GEN-AA)

Students who do not yet know in what area they plan to major, or which upper-division school to which they plan to transfer, may pursue the A.A. degree through a program of general studies. This route to the A.A. degree provides an avenue for students to take any college credit electives except those courses designated A.A.S. only, in addition to the general education program requirements without following any one of the preplanned areas of concentration listed in this catalog. Students need to be aware that few universities or colleges offer a general degree. Upon application to a university, the student must commit to a degree. Students are advised to work closely with a counselor or departmental advisor to insure the courses taken at Pensacola State College will meet the student's major requirements.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Counseling Office on any campus; Milton, 484-4410; Pensacola, 484-1630; Warrington, 484-2270 for assistance in planning your program of study.

<b>First Year Recommended Sequence</b>		<b>Credits</b>

## HISTORY – PUBLIC SERVICE

Associate in Arts

(HISTAA)

The History–Public Service A.A. is designed to meet the academic needs of students who have a strong interest in history. This program provides students an opportunity to begin studies for upper division work in history, political science, law and education. These courses of study can lead the students to careers in federal, state and local government, museum work, teaching, law and other related fields.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College History/Languages/Social Sciences Department for assistance in planning your program of study.

**Department Head: Susan Morgan 484-2137**

# HORTICULTURAL SCIENCE/GOLF AND SPORTS TURF MANAGEMENT

Associate in Arts

(HORTAA)

The purpose of this program is to prepare students for transfer to a four-year institution after completion of two years at Pensacola State College. Landscape and Nursery Horticulture exposes students to the art and science of breeding, installing and maintaining plants that are used to enhance and improve the human environment. This interdisciplinary program combines the study of landscape and nursery horticultural sciences with the study of business, management and communications. Horticultural Science graduates look forward to careers as nursery managers/owners, landscape designers, garden magazine journalists, environmental restoration consultants, plant breeders/inspectors and municipal horticulturalists. Golf and Sports Turf Management combines the study of grasses, soils, water and pests affecting turf with the study of business and management. Career opportunities include work with golf courses, athletic fields, lawn care companies, parks, agrichemical industries, cemeteries, environmental consulting firms, sod farms and governmental agencies, as well as preparation for graduate school. Job opportunities are plentiful for individuals with targeted educational backgrounds and experience in nursery and landscape management.

This program was developed with agreement from the University of Florida, Milton Campus. Two plus two scholarships between Pensacola State College and the University of Florida are available each year to graduating seniors.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State Biological Sciences Department for assistance in planning your program of study. If you plan to transfer to the University of Florida, Milton Campus, please contact UF Academic Programs at (850) 484-4482 or (850) 983-5216 ext. 109 to make sure you meet UF preadmission requirements

\*\* Students are encouraged to take BSC 2033 Ethical Issues in Biology or BSC 1931 Special Topics in Biological Sciences.

+ Students must complete eight credit hours of high school or college level foreign language credits to fulfill UF prerequisites. If foreign language credits are completed at the high school level, an additional six credit hours of humanities courses are required to meet the international and diversity requirements of UF.

# HUMAN PERFORMANCE AND RECREATION – EXERCISE SCIENCE/ATHLETIC TRAINING

Associate in Arts

(HPREX-AA)

This program is the first two years of a four-year degree for students with a strong interest in assisting people to achieve and maintain appropriate levels of physical and mental well-being. Career settings include health and fitness centers, educational institutions, cardiac rehabilitation units and other clinical settings, and amateur and professional sports organizations.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College History/Languages/Social Sciences Department for assistance in planning your program of study.

**Note: The UWF Athletic Training program is a limited access program. It is specifically designed for students who want to become board certified as a National Athletic Trainers' Association Board of Certification (NATABOC) Certified Athletic Trainer (ATC). Students planning to apply for admission into the UWF HI&ES Athletic Training Specialization should also take PHY 1053/L General Physics with Lab for an additional 4 credits. Students working toward a B.S. degree in Exercise Science are not required to take PHY 1053/L General Physics with Lab.**

## HUMAN PERFORMANCE AND RECREATION – HEALTH EDUCATION

Associate in Arts (HPRHE-AA)

This program is the first two years of a four-year degree focused on disease prevention and community wellness. Career settings include public and private health units and non-profit agencies dealing with public health issues such as cancer, heart disease, birth defects, obesity, substance abuse, child abuse, and sexually transmitted diseases.

Students should consult with an advisor at the college or University they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College History/Languages/Social Sciences Department for assistance in planning your program of study.

## JOURNALISM

Associate in Arts

(JOURN-AA)

Designed to meet most of the requirements of nearby colleges, the Pensacola State College program stresses the basics of news and feature writing in a “real life” setting. Students gain practical experience as they produce the student newspaper, The Corsair, which now publishes an online edition. Internships with area publications may be available to students who excel. Required courses provide the liberal arts background that most universities and editors recommend.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College English/Communications Department for assistance in planning your program of study.

## MUSIC

Associate in Arts

(MUSIC-AA)

This program is designed to provide students with basic skills and concepts in the field of music and to prepare the student completely for transfer to an upper-level institution. Students may choose as their principal instrument—piano, voice, organ, all woodwind instruments, all brass instruments, percussion, guitar, and strings.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Music and Theatre Department for assistance in planning your program of study.

Department Head: **Don Snowden** 484-1802

Note: Students will be required to pass a piano proficiency examination during the final term, and are strongly urged to enroll in MVK 1111 and MVK 1112 to pass this proficiency examination.

## MUSIC TEACHER EDUCATION

Associate in Arts

(MUSED-AA)

This program is designed for persons who wish to enter the music teaching profession at the elementary or high school level. Students who know the college or university which they plan to transfer, should enroll in the specific courses recommended by the institution.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Music and Theatre Department for assistance in planning your program of study.

Although a school district may provide an appeals process to persons receiving a disapproval to enter K-12 classrooms as a result of the background check, students should be aware of Florida Statutes 435.04. Pursuant to Chapter 1012, Florida Statutes, any individual who has been found guilty of, regardless of adjudication, or entered plea of nolo contendere or guilty to, any offense enumerated in §435.04, Florida Statute, shall be ineligible for appointment to any instructional, non-instructional or voluntary position in daycare, school or other educational facility providing care or instruction to children 17 years of age or younger. To view §435.04, Florida Statutes, go to [www.flsenate.gov/statutes](http://www.flsenate.gov/statutes).

## NATURAL RESOURCE CONSERVATION/ PRE-FORESTRY

*Associate in Arts* (TREE-AA)

This program of study offers the first two years of a baccalaureate degree program in forestry, wildlife ecology or resource conservation. It is designed specifically to assist the student in transferring immediately into a professional school. Working in close cooperation with an academic advisor, Natural Resource Conservation students prepare programs of study according to their educational career goals, or they follow one of several specialized options. Natural Resource Conservation graduates find employment in government agencies, consulting firms and environmental education programs. This program was developed with agreement from several leading universities in forest studies including the University of Florida, Auburn University, University of Georgia and Mississippi State. Two plus two scholarships between Pensacola State College and the University of Florida are also available each year to graduating high school seniors.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department for assistance in planning your program of study. If you plan to transfer to the University of Florida at Milton, please contact UF Academic Programs at (850) 983-5216 ext. 109 to make sure you meet UF preadmission requirements.

## PHILOSOPHY

*Associate in Arts* (PHIL-AA)

This program is suggested for students who wish to pursue an A.A. degree with a concentration in philosophy. It will provide an excellent basis for anyone who plans to continue toward a higher degree in the liberal arts or the humanities. The student is encouraged to review the philosophy courses in the course description section of this catalog.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College History/Languages/Social Sciences Department for assistance in planning your program of study.

_____	Mathematics or Natural Sciences Elective . . . . .	3
	Total	29

**Total Program Credits** 60

\* Electives based on general education distribution requirements.

## PRE-ENGINEERING

*Associate in Arts* (ENGNR-AA)

This program provides the first two years of a four-year university program leading to a baccalaureate degree in engineering. The Pensacola State College curriculum has the necessary prerequisite courses for a completer to begin upper-division work as a university junior in the major.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Physical Sciences Department for assistance in planning your program of study.

**Department Head: Ed Stout** 484-1189  
estout@pensacolastate.edu

First Year Recommended Sequence		Credits
_____*	Biological Sciences (Category VI) . . . . .	3
ENC 1101	English Composition I (Category D) . . . . .	3
MAC 2311	Analytic Geometry and Calculus I (Category III) . . . . .	4
_____*	History, Behavioral/Social, and Human Sciences (Category IV) . . . . .	3
_____*	Computer Competence Requirement (Category VIII) . . . . .	1
CHM 1045	General Chemistry I (Category VII) . . . . .	3
CHM 1045L	General Chemistry I Laboratory . . . . .	1
MAC 2312	Analytic Geometry and Calculus II (Category III) . . . . .	4
ENC 1102	English Composition II (Category D) . . . . .	3
PHY 2048	Physics I with Calculus . . . . .	4
PHY 2048L	Physics I with Calculus Laboratory . . . . .	1
	Total	30

### Second Year Recommended Sequence

MAC 2313	Analytic Geometry and Calculus III . . . . .	4
PHY 2049	Physics II with Calculus . . . . .	4
PHY 2049L	Physics II with Calculus Laboratory . . . . .	1
_____*	Humanities (Category V) . . . . .	3
_____*	Literature (Category II) . . . . .	3
_____**	Engineering/Science/Math Electives . . . . .	5
MAP 2302	Differential Equations . . . . .	3
_____*	History, Behavioral/Social, and Human Sciences (Category IV) . . . . .	3
_____*	Humanities (Category V) . . . . .	3
_____*	Oral Communications Requirement (Category IX) . . . . .	1
	Total	30

**Total Program Credits** 60

\* Electives based on general education distribution requirements.

\*\* Engineering/Science/Math electives — Select from the following (a total of five credit hours is required):

CHM 1046	General Chemistry II . . . . .	3
CHM 1046L	General Chemistry II Laboratory . . . . .	1
EGS 2311	Engineering Statics . . . . .	3
EGS 2321	Engineering Dynamics . . . . .	3
MAC 1114	Plane Trigonometry (or higher math) . . . . .	3 or 4

The Associate in Arts degree may be awarded upon satisfactory completion of 60 credit hours. Students are advised to complete the above planned track in order to transfer into a similar program at senior institutions. Students should contact the department head or program coordinator regarding "the 48 hours" of common prerequisites for possible early transfer to the State University System.

## PRE-FORESTRY

Associate in Arts

(TREE-AA)

See NATURAL RESOURCE CONSERVATION.

## PRE-LAW/PRE-LEGAL ADMINISTRATION

Associate in Arts

(LEGAL-AA)

This program is designed to provide the first two years in a pre-law curriculum for students who expect to enter law school upon completion of a four-year baccalaureate degree program. It is aimed at a broad general education in the liberal arts and sciences. There is no standard, prescribed pre-law curriculum. However, students who intend to enter a phase of law in which the major emphasis will be business should follow the business transfer program.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Business Department for assistance in planning your program of study.

**Department Head:** Linda Bloom 484-2504

lbloom@pensacolastate.edu

**Program Contact:** Jimmy Hightower 484-1367

jhightower@pensacolastate.edu

### First Year Recommended Sequence Credits

CGS 1570	Computer Concepts and Applications (Category VIII) . . . . .	3
ENC 1101	English Composition I (Category I) . . . . .	3

SPC 1608	Public Speaking (Category IX) . . . . .	3
_____*	Mathematics (Category III) . . . . .	3
	<b>Total</b>	<b>(30) 31</b>

### Second Year Recommended Sequence

PLA 1104	Legal Research and Writing I or Torts . . . . .	3
_____*	Humanities (Category V) . . . . .	3
_____*	Literature (Category II) . . . . .	3
PLA 2880	Constitutional Law . . . . .	3
_____*	History, Behavioral/Social, and Human Sciences (Category IV) . . . . .	3
_____*	Humanities (Category V) . . . . .	3
_____*	Physical Sciences (Category VII) . . . . .	(4) 3
_____*	Electives . . . . .	8
	<b>Total</b>	<b>(30) 29</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

## PRE-MEDICAL/DENTAL/VETERINARY STUDIES

Associate in Arts

(MED-AA)

The curriculum provides the first two years of college education for science majors seeking a baccalaureate degree followed by postgraduate work in a professional school.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department for assistance in planning your program of study.

**Department Head:** Frances Duncan 484-1168

fduncan@pensacolastate.edu

### First Year Recommended Sequence

Credits

BSC 2010	Integrated Principles of Biology (Category VI) . . . . .	4

_____*	Literature (Category II) . . . . .	3
BSC 1931**	Special Topics in Biological Sciences . . . . .	1
CHM 2211	Organic Chemistry II . . . . .	3
CHM 2211L	Organic Chemistry II Laboratory . . . . .	1
SPC 1006C	Basic Speaking and Listening Skills (Category IX) . . . . .	1
_____*	Humanities (Category V) . . . . .	3
_____***	Biology Elective . . . . .	4
	<b>Total</b>	<b>28</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

\*\* Students may take MAC 2312 Analytic Geometry and Calculus II in place of both STA 2023 and one credit of BSC 1931. Students may take BSC 2033 Ethical Issues in Biology, in place of both credits of BSC 1931.

\*\*\* Recommended Courses: It is suggested that a student intending to major in any pre-professional area at a four-year college or university take one of the following additional courses while at Pensacola State College:

MCB 2010	General Microbiology and MCB 2010L . . . . .	4
ZOO 2303	Vertebrate Zoology and ZOO 2303L . . . . .	4

## PRE-CLINICAL LABORATORY SCIENCES

Associate in Arts

(MEDTC-AA)

The curriculum provides the first two years of college education leading to transfer to a Florida school offering a baccalaureate degree in Medical Technology.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department for assistance in planning your program of study.

**Department Head:** Frances Duncan 484-1168

	<b>Total</b>	<b>30</b>

**Total Program Credits 61**

\* Electives based on general education distribution requirements.

**PRE-NURSING**

*Associate in Arts (NURSE-AA)*

The program as outlined below is intended to give the student the first two years of a four-year program leading to a bachelor's degree in nursing and will satisfy the requirements of most baccalaureate nursing programs. In some instances, however, it is necessary for the student to take the entire program at the institution granting the nursing degree. Since requirements of colleges vary, students should obtain a catalog of the college to which they plan to transfer and consult with the dean of the intended nursing program in order to make the best choice of courses in junior college. In some cases, it may be desirable for the student to transfer at the end of the freshman year.

Following is a suggested sequence for taking courses in this program. The prescribed 60 hours are required for an Associate in Arts degree.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department for assistance in planning your program of study.

**Department Head: Frances Duncan 484-1168**  
**fduncan@pensacolastate.edu**

CHM 2211L	Organic Chemistry II Laboratory	1
SPC 1006C	Basic Speaking and Listening Skills (Category IX)	1
_____*	History, Behavioral/Social, and Human Sciences (Category IV)	3
_____*	Humanities (Category V)	3
_____*	Literature (Category II)	3
	<b>Total</b>	<b>30</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

\*\* Students may take BSC 2033 Ethical Issues in Biology, in place of BSC 1931.

**Note: Pharmacy schools generally require General Physics before admission to the school. A student who plans to apply to pharmacy school after the sophomore year should consider adding eight credit hours of Physics to the suggested curriculum.**

Transfer students will be fully accepted into the UF Pharm D Program without completing the Pre-Anatomy and Physiology and communication courses (assuming they meet all the other admissions requirements), but they will be advised to complete the Anatomy and Physiology courses at UF (if not already completed at the community college) in Summer A and B prior to starting the Pharm D Program in the fall.

## PRE-PHYSICAL THERAPY

Associate in Arts

(PFAA)

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Biological Sciences Department for assistance in planning your program of study.

**Department Head: Frances Duncan** 484-1168  
**fduncan@pensacolastate.edu**

### First Year Recommended Sequence Credits

BSC 2010	Integrated Principles of Biology (Category VI)	
BSC 2010L	Integrated Principles of Biology Laboratory	4
CGS 1050	Electronic Access to Information (Category VIII)	1
CHM 1045	General Chemistry I (Category VII)	3
CHM 1045L	General Chemistry I Laboratory	1

BSC 1094L	Anatomy and Physiology II Laboratory	1
DEP 2004	Human Growth and Development (Category IV)	3
PHY 1054	General Physics II	3
PHY 1054L	General Physics II Laboratory	1
_____*	Humanities (Category V)	3
_____*	Literature (Category II)	3
	<b>Total</b>	<b>31</b>

**Total Program Credits 60**

\* Elective based on general education distribution requirements. (Due to the competitive nature of the Physical Therapy programs, students are strongly advised to contact Frances Duncan, Biological Sciences Department on the Pensacola Campus, 484-1168, during the first semester of enrollment at the college.)

## PSYCHOLOGY

Associate in Arts

(PSYCH-AA)

This program is designed to provide the first two years of a baccalaureate degree in Psychology. Students pursuing an upper-level interdisciplinary degree in the social sciences can also obtain an excellent foundation in anthropology and sociology through the PSYCH-AA program.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College History/ Languages/Social Sciences Department for assistance in planning your program of study.

**Department Head: Susan Morgan** 484-2137  
**smorgan@pensacolastate.edu**

### First Year Recommended Sequence Credits

ENC 1101	English Composition I (Category D)	3
MAC 1105	College Algebra (Category III)	3
DEP 2004	Human Growth and Development or Personal and Community Health (Category IV)	3
HSC 2100	Personal and Community Health (Category IV)	3

STA 2023	Elementary Statistics (Category III)	3
_____*	Humanities (Category V, other than PHI prefix)	3
_____*	Physical Sciences (Category VII)	3
ISS 2930**	Special Topics Interdisciplinary Social Sciences	3
HUS 2400	Drugs and Behavior	3
_____*	Electives (SPC 2300 strongly recommended)	12
	<b>Total</b>	<b>30</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

\*\* Students should enroll upon completion of 50% (18 credit hours) of General Education requirements.

## SOCIAL SCIENCES

Associate in Arts

(SOCSC-AA)

This program is designed to provide the first two years of a baccalaureate degree in Social Work. Students pursuing an upper-level degree in the social sciences can also obtain an excellent interdisciplinary foundation through the SOCSC-AA program.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College History/Languages/Social Sciences Department for assistance in planning your program of study.

TPA 2200	Introduction to Technical Theatre	3
TPP 2190	Rehearsal and Performance	1
_____*	Humanities (Category V)	3
_____*	Physical Sciences (Category VII)	(3) 4
	<b>Total</b>	<b>28</b>

**Total Program Credits 60**

\* Electives based on general education distribution requirements.

\*\* Any three-credit hour course that satisfies the computer competence requirement for the A.A. degree.

## UNIVERSITY OF FLORIDA AT PENSACOLA STATE COLLEGE

The University of Florida offers three Bachelor of Science degree programs on the Pensacola State College Milton Campus. Interdisciplinary Science Degree programs are available in Natural Resource Conservation, Landscape and Nursery Horticulture, and Golf and Sports Turf Management.

**Natural Resource Conservation** is a degree program designed to provide graduates with expertise in the management and conservation of our natural heritage, from forests and wildlife to water and soil. Major geological, ecological, biological, management and economic aspects of natural resources are covered in this program. Natural Resource Conservation students meet with a UF advisor to develop personalized programs of study according to their areas of interest by utilizing elective choices in wildlife, forestry, biology, marine biology, ecotourism and environmental studies; some areas of specialization include: forestry, soils, coastal and wetland ecology, environmental law, and geographic information computer systems. Students may also choose to minor in Wildlife Ecology and Conservation or Environmental Horticulture. Natural Resource Conservation graduates find employment in government agencies, consulting firms, and environmental education programs and pursue careers as Ecologists, Marine Biologists, Environmental Educators, Fisheries Specialists, Environmental Consultants, GIS Specialists, Environmental Lawyers or Consultants, Research Technicians, and Restoration Specialists. See Page 71 for a complete description of the Pensacola State College Associate in Arts degree program designed to meet all of the admission requirements for the Natural Resource Conservation degree program at the University of Florida, Milton Campus.

**Landscape and Nursery Horticulture** is a sustainable field where working with plants allows you to be creative, work outdoors, and improve the urban environment. Students apply principals of biology, botany, business, chemistry, mathematics and education to growing and using plants in all areas of life. This degree provides the skills and training for employment in Florida's diverse environmental horticulture industry, including theme parks, nursery industries, and landscape management firms. Graduates look forward to careers as nursery managers/owners, landscape designers, garden magazine journalists, environmental restoration consultants, plant breeders/inspectors and municipal horticulturists. The Environmental Horticulture Degree program is administered by the University of Florida's College of Agricultural and Life Sciences. Students may also choose to minor in Wildlife Ecology. See Page 67 for a complete description of the Pensacola State College Associate in Arts degree program designed to meet all of the admission requirements for the Landscape and Nursery Horticulture degree program at the University of Florida, Milton Campus.

**Golf and Sports Turf Management** combines the study of grasses, soils, water and pests affecting turf with the study of business and management. Students select classes from the departments of Environmental Horticulture, Soil and Water Science, Entomology and Plant Pathology. Career opportunities include work with golf courses, athletic fields, lawn care companies, parks, agricultural industries, cemeteries, environmental consulting firms, sod farms and governmental agencies, as well as preparation for graduate school. See Page 67 (Environmental Horticulture) for a complete description of the Pensacola State College Associate in Arts degree program designed to meet all of the admission requirements for the Golf and Sports Turf Management degree program at the University of Florida, Milton Campus.

### Admission to University of Florida, Milton campus

Admission to the University of Florida programs requires an A.A. (Associate in Arts degree). Students first enroll in Pensacola State College, complete an A.A. degree that includes the prerequisites specific to their program of interest (Pages 67 or 71). Once the A.A. is completed, students are eligible to apply for admission to the University of Florida. The University of Florida faculty and staff reside in the local area and deliver this seamless four-year transfer degree program along with other state-wide faculty with expertise in a broad range of subjects. The UF programs, faculty and staff on the Milton Campus are all part of the West Florida Research and Education Center, The Institute of Food and Agricultural Sciences, and the College of Agriculture and Life Sciences; students admitted to UF programs on the Milton Campus are members of the University of Florida student body and their diploma is conferred by the University of Florida.

Students are encouraged to seek counseling and instruction from the University of Florida Academic Coordinator on the Milton Campus in order to facilitate a smooth transition from Pensacola State College to UF.

### Scholarships

Scholarship opportunities are available for Pensacola State College students enrolled in these programs while attending Pensacola State College via the 2+2 Scholarship for High School Students. For more information on this scholarship opportunity, please contact Dr. Anthea Amos (850) 484-4463.

Additional scholarships are available upon request. Please contact (850) 983-5216 for more information.

# CAREER AND TECHNICAL PROGRAMS

## ASSOCIATE IN APPLIED SCIENCE (AAS) AND ASSOCIATE IN SCIENCE (AS) PROGRAMS

Associate in Applied Science degree and Associate in Science degree programs are designed to prepare students for immediate entry or advancement into employment requiring specialized skills. The programs consist of at least sixty (60) credits in two basic areas. One area will be specialized courses in the career area and the second will be general education courses. General Education courses are designed to help you become a well-rounded individual capable of thinking and acting as a mature, educated and enlightened citizen. These courses will also enhance the employment potential since they will broaden your knowledge.

When you follow an Associate in Applied Science or Associate in Science degree you are not necessarily preparing yourself for transfer to a university. Earning one of the degrees should prepare you for a career that requires study beyond high school but does not require a four year degree. Should you decide to attend a university, you may be required to do additional work at the freshman or sophomore level. Two Associate in Science degrees presently have statewide articulation agreements which provide for the articulation of Associate in Science degrees to baccalaureate degrees. They are Business Administration and Hospitality and Tourism Management degrees. You are encouraged to discuss career plans and seek advising assistance from a program contact or department head identified for each program.

### AAS AND AS GRADUATION REQUIREMENTS:

1. Earn at least a cumulative grade point average of 2.0 ("C") or better in all work completed at Pensacola State College. If any work has been attempted at any other institution of higher education, the grades earned at the other institution(s) combined with those grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.0.
2. Earn a cumulative grade point average of 2.0 ("C") in general education courses used for the degree.
3. Complete a minimum of 25% of the credit hours of the program in residence at Pensacola State College immediately prior to graduation.

### ASSOCIATE IN APPLIED SCIENCE

Accounting Technology  
Building Construction Technology  
Business Administration  
Civil Engineering Technology  
Computer Information Technology  
Criminal Justice Technology  
Culinary Management  
Dental Hygiene  
Drafting and Design Technology

Electronics Engineering Technology  
Emergency Medical Services  
Graphic Design Technology  
Health Information Management  
Health Services Management  
Hospitality and Tourism Management  
Industrial Management Technology  
Internet Services Technology  
Landscape and Horticulture Management

Mechanical Design & Fabrication  
Medical Office Administration  
Multimedia/Digital Technology  
Office Administration  
Photographic Technology  
Physical Therapist Assistant  
Radiography  
Simulation and Game Design  
Sonography

### ASSOCIATE IN SCIENCE

Business Administration  
Computer Programming and Analysis  
Early Childhood Education

Hospitality and Tourism Management  
Information Technology Security  
Paralegal Studies (Legal Assisting)

Nursing (Associate Degree) R.N.  
Recreation Technology  
Veterinary Technology

## TECHNICAL OR COLLEGE CREDIT CERTIFICATE (CT) PROGRAMS

The Technical Credit Certificate programs prepare a student for immediate employment into a career in the workforce. College Credit Certificate programs require prescribed technical courses. For students who meet degree-seeking requirements college credit hours earned in a Technical Certificate program are applicable towards a related Associate in Applied Science or Associate in Science degree.

### TECHNICAL OR COLLEGE CREDIT CERTIFICATES

Accounting Technology Management  
AutoCAD Foundations  
Building Construction Specialist  
Cable Technician  
CNC Machinist  
Computer Programming  
Computerized Woodworking  
Crime Scene Technician  
Culinary Arts  
Drafting

Early Childhood Teacher (Pre-K)  
Early Childhood Intervention  
Electronics Aide  
Event Planning Management  
Florida Child Care Professional  
Credential (FCCPC)  
Food and Beverages Management  
Guest Services Specialist  
Infant/Toddler Specialization  
Landscape & Horticulture Technician

Landscape & Horticulture Professional  
Landscape & Horticulture Specialist  
Mechanical Designer & Programmer  
Medical Information Coder/Biller  
Network Communications (LAN)  
Office Management  
Paramedic  
Rooms Division Management  
Web Development Specialist  
Wireless Communications

## CAREER AND TECHNICAL OR TECHNICAL CREDIT CERTIFICATE (VC) PROGRAMS

The Career and Technical Vocational Credit Certificate programs prepare students for careers directly into the workforce. The programs require prescribed vocational credit courses, and students are required to demonstrate or achieve a specified level of competence in basic skills as evidenced by minimum scores on the Test of Adult Basic Skills (TABE) before graduation.

### CERTIFICATE/DIPLOMA GRADUATION REQUIREMENTS:

1. Have a cumulative grade point average of 2.0 or better in all courses applicable to the program of study from which the student wishes to graduate.
2. Achieve appropriate minimum skill levels on the Test of Adult Basic Education (TABE) for vocational certificates with 15 vocational credits or more and Applied Technical Diploma. Students pursuing a certificate may be exempted from the TABE requirement based on prior attainment of an associate in arts or higher degree.
3. Meet academic residence requirement of completing the last 25 percent of the program with classes at Pensacola State College.

### CAREER AND TECHNICAL OR TECHNICAL CREDIT (VC)

Advanced Esthetics  
Barbering  
Carpentry  
Cosmetology  
EKG Technology  
Electricity

Facials Specialty  
Health Unit Coordinator  
Heating, Ventilation and Air Conditioning  
Massage Therapy  
Medical Assisting  
Nails Specialty

Nursing Assistant  
Phlebotomy  
Plumbing Technology  
Practical Nursing  
Surgical Technology

### APPLIED TECHNICAL DIPLOMA (A.T.D.) PROGRAMS

The Applied Technical Diploma program prepares students for immediate entry into a career in the workforce. The program requires prescribed technical courses. For students who meet degree seeking requirements college credit hours earned in an Applied Technical Diploma program are applicable towards a related Associate in Applied Science Degree or an Associate in Science Degree. The Applied Technical Diploma does not contain a separate general education component, but students are required to demonstrate or achieve a specified level of competence in basic skills as evidenced by minimum scores on the Test of Adult Basic Skills (TABE) before graduation.

### APPLIED TECHNICAL DIPLOMAS

Emergency Medical Technician

Medical Records Transcribing

Pharmacy Technician Program

## GENERAL EDUCATION REQUIREMENTS

### MINIMUM GRADES

AAS and AS students must maintain an overall average GPA of 2.00 or higher in all general education courses required by that degree program. Some individual programs require a minimum "C" grade in specific general education courses as well. Grades in other courses cannot be used to offset a general education GPA of less than 2.00.

### NON-TRADITIONAL CREDITS

AAS and AS students may not earn more than 9 of their general education course credits through non-traditional means. Non-traditional credits include: credits earned through CLEP, departmental exemption exams, or PLA, and all other credits described under "Non-Traditional Credits" in the Academic Policies section of this catalog.

### COURSE REQUIREMENTS

AAS and AS students must complete a minimum of FIFTEEN (15) GENERAL EDUCATION CREDITS AND MEET ORAL COMMUNICATION AND COMPUTER COMPETENCY REQUIREMENTS. Each AAS and AS degree program identifies how oral communications and computer competencies are met in existing courses through the district syllabus or designated courses that are approved to meet these competencies. The general education credits for the AAS and AS degree must be distributed as listed below. Some programs require more than 15 general education credits.

- I. COMMUNICATIONS . . . . . 3 cc
- II. HUMANITIES/FINE ARTS . . . . . 3 cc
- III. SOCIAL/BEHAVIORAL SCIENCES . . . . . 3 cc
- IV. NATURAL SCIENCES/MATHEMATICS . . . . . 3 cc
- V. GENERAL (may be selected from any category  
or a course recommended by the department  
and approved by the curriculum committee). . . . . 3 cc

# GENERAL EDUCATION COURSE REQUIREMENTS

## I. COMMUNICATIONS

ENC 1101	English Composition I	3 cc
LIN 1670C	Traditional English Grammar and Composition (A.A.S. Only)	3 cc

## II. HUMANITIES/FINE ARTS

(ENC 1101 and ENC 1102 are prerequisites for all Literature Courses)

AML 2010	American Literature to 1870	3 cc
AML 2020	American Literature from 1870	3 cc
AML 2600	Introduction to African American Literature	3 cc
ARH 1050	Art History I	3 cc
ARH 1051	Art History II	3 cc
ARH 1002	Art for Non-Majors	3 cc
ARH 2000	Humanities Art	3 cc
CHI 1121	Beginning Chinese II	4 cc
CLT 1500	Classical Mythology	3 cc
ENL 2012	English Literature to 1800	3 cc
ENL 2022	English Literature from 1800	3 cc
FRE 1121	Beginning French II	4 cc
GER 1121	Beginning German II	4 cc
HUM 1510C	Arts Experiences	3 cc
HUM 2210	Humanities in the Ancient World	3 cc
HUM 2230	Humanities in the Modern World	3 cc
HUM 2454	African American Humanities	3 cc
HUM 2740	Humanities Travel	3 cc
LAT 1121	Beginning Latin II	4 cc
LIT 2090	Contemporary Literature	3 cc
LIT 2110	World Literature to 1650	3 cc
LIT 2120	World Literature from 1650	3 cc
MUH 2011	Music Appreciation	3 cc
MUH 2110	Introduction to Music History	3 cc
PHI 2010	Introduction to Philosophy	3 cc
PHI 2070	Introduction to Eastern Philosophy	3 cc
PHI 2100	Logic	3 cc
PHI 2600	Ethics	3 cc
PHI 2701	Introduction to the Philosophy of World Religions	3 cc
PHM 2122	Philosophy of Feminism	3 cc
SPN 1121	Beginning Spanish II	4 cc
THE 2000	Introduction to Theatre	3 cc

## III. SOCIAL/BEHAVIORAL SCIENCES

AMH 2010	American History to 1877	3 cc
AMH 2020	American History from 1877	3 cc
AMH 2091	African-American History and Culture	3 cc
ANT 2000	Introduction to Anthropology	3 cc
ANT 2410	Introduction to Cultural Anthropology	3 cc
CCJ 1020	Introduction to Criminal Justice	3 cc
DEP 2004	Human Growth and Development	3 cc
ECO 2013	Economics I	3 cc
EUH 1000	European History to 1700	3 cc
EUH 1001	European History from 1700	3 cc
EUH 2010	A History of Greece and Rome	3 cc
GEA 2000	World Regional Geography	3 cc
HLP 1081	Concepts of Life Fitness	3 cc
HSC 2100	Personal and Community Health	3 cc
MMC 2000	Survey of Mass Communication	3 cc
POS 2041	American National Government	3 cc
PSY 2012	General Psychology	3 cc
SLS 1101	College Success	3 cc
SYG 2000	Introduction to Sociology	3 cc
SYG 2010	Social Problems	3 cc

## IV. NATURAL SCIENCES/MATHEMATICS

AST 1002	Descriptive Astronomy	3 cc
AST 1002	Descriptive Astronomy and AST 1002L	4 cc
BOT 1010	General Botany and BOT 1010L	4 cc
BSC 1005	Biological Principles for Non-Majors	3 cc
BSC 1005	Biological Principles for Non-Majors and BSC 1005L	4 cc
BSC 2010	Integrated Principles of Biology and BSC 2010L	4 cc
CHM 1025	Introduction to College Chemistry	3 cc
CHM 1025	Introduction to College Chemistry and CHM 1025L	4 cc
CHM 1045	General Chemistry I and CHM 1045L	4 cc
CHM 1045C	General Chemistry I	3 cc
CHM 1046	General Chemistry II and CHM 1046L	4 cc
ESC 1000	Earth Science	3 cc
GLY 1010	Physical Geology and GLY 1010L	4 cc
HUN 1201	Elements of Nutrition	3 cc
HUN 1201	Elements of Nutrition and HUN 1201L	4 cc
MAC 1105	College Algebra	3 cc
MAC 1114	Plane Trigonometry	3 cc
MAC 1140	Precalculus Algebra	3 cc
MAC 1147	Precalculus Algebra/Trigonometry	4 cc
MAT 1033	Intermediate Algebra (A.A.S. only)	3 cc
MET 1010	Introduction to Meteorology	3 cc
MGF 1106	Mathematics for Liberal Arts I	3 cc
MGF 1107	Mathematics for Liberal Arts II	3 cc
MTB 1310	Applied Mathematics (A.A.S. only)	3 cc
OCB 2000	Marine Biology and OCB 2000L	4 cc
OCE 1001	Oceanography	3 cc
OCE 1001	Oceanography and OCE 1001L	4 cc
PCB 2030	Introduction to Environmental Science	3 cc
PHY 1053	General Physics I and PHY 1053L	4 cc
PHY 1054	General Physics II and PHY 1054L	4 cc
PHY 2048	Physics I with Calculus and PHY 2048L	5 cc
PHY 2049	Physics II with Calculus and PHY 2049L	5 cc
PSC 1351	Physical Science Survey	3 cc
ZOO 1010	General Zoology and ZOO 1010L	4 cc
— —	Any 2000 Level Math Course	3 cc

## V. GENERAL

SLS 1353	Generations at Work	3 cc
----------	---------------------	------

**OR** Selection may be from categories I-IV or a course recommended by the department and approved by the Curriculum Committee.

### Graduation Requirements of Oral Communications and Computer Skills.

Each AAS and AS degree program either has an identified course to meet oral communication and computer competency or may designate courses that are approved to meet these requirements. The courses that will satisfy this requirement are listed below:

#### Computer Competence Requirement

— —	Any course with the prefix of CGS, CIS, CTS, COP, CEN, CET, or CDA	
GRA 2151C	Computer Graphics I (A.A.S. only)	3 cc
EME 2040	Introduction to Educational Technology	3 cc
LIS 1004	Introduction to Internet Research	1 cc
MUS 1360	Music and Computers	3 cc
SLS 1122	Computer Skills for Academic Success	1 cc

#### Oral Communications Requirement

ORI 2000	Introduction to Oral Interpretation	3 cc
SLS 1353	Generations at Work	3 cc
SPC 1006C	Basic Speaking and Listening Skills	1 cc
SPC 2300	Interpersonal Communication	3 cc
SPC 1608	Public Speaking	3 cc
SPC 1017	Fundamental Communication Concept	3 cc

# PROGRAMS OF STUDY

## ACCOUNTING PROGRAMS

**Department Head:** Linda Bloom 484-2504  
lbloom@pensacolastate.edu  
**Program Contact:** Audrey Morrison 484-2507  
amorrison@pensacolastate.edu

We strongly encourage you to contact the Business Department for assistance in planning your program of study.

### ACCOUNTING TECHNOLOGY

*Associate in Applied Science (ACCT-AAS)*

This program is designed to provide the education and skill development to prepare the students for entry-level employment in accounting or bookkeeping or to provide supplemental training for persons previously or currently employed in these areas. The knowledge and training acquired in this program can also be applied to many other managerial or supervisory positions in business and government. Students should consult a business advisor when choosing electives.

Foundation Courses	Credits
ACG 2001 Accounting I . . . . .	.3
ACG 2011** Accounting II . . . . .	.3
CGS 1570† Computer Concepts and Applications (Category V) . . . . .	.3
GEB 1011 Introduction to Business . . . . .	.3
— —* Communications (Category I) . . . . .	.3
— —* Mathematics (Category IV) . . . . .	.3
— —* Humanities/Fine Arts (Category II) . . . . .	.3

CGS 2510** Spreadsheet . . . . .	.3
COM 2100**† Business Communications . . . . .	.3
ACO 1806** Payroll Accounting . . . . .	.3
OST 1146 Basic Keyboarding . . . . .	.1
ECO 2013 Economics I (Category III) . . . . .	.3
BUL 2241 Business Law . . . . .	.3
FIN 2100 Personal Finance and Money Management . . . . .	.3
MAN 2021 Principles of Management . . . . .	.3
GEB 2430 Business Ethics . . . . .	.3
MNA 1161 Customer Service . . . . .	.3

Advanced Courses	Credits
ACG 2071** Introduction to Managerial Accounting . . . . .	.3
ACG 2002** Computerized Accounting . . . . .	.3
APA 2147 Accounting Software Applications . . . . .	.3
TAX 2000** Income Tax Procedures . . . . .	.3
ACO 2943 Accounting Internship . . . . .	.3
or	
ACG 2949 Accounting Co-op . . . . .	.3
or	
GEB 2112 Entrepreneurship . . . . .	.3
<b>Total Program Credits</b>	<b>64</b>

\*\*\* "B" average required on all accounting courses.

### ACCOUNTING TECHNOLOGY MANAGEMENT

*Technical Certificate (ACCTG-CT)*

This program is designed to provide accounting coursework over a two-year span leading to a certificate in Accounting.

Foundation Courses	Credits
ACG 2001 Accounting I . . . . .	.3
ACG 2011** Accounting II . . . . .	.3
CGS 1570 Computer Concepts and Applications . . . . .	.3
Intermediate Courses	Credits
ACO 1806** Payroll Accounting . . . . .	.3
APA 2147 Accounting Software Applications . . . . .	.3
Advanced Courses	Credits
TAX 2000** Income Tax Procedures . . . . .	.3
— —+ Accounting Electives . . . . .	.9
<b>Total Program Credits</b>	<b>27</b>

+ Electives: any course with one of the following prefixes: ACG, ACO, FIN and TAX.

## BUILDING CONSTRUCTION PROGRAMS

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Tim Bone 484-2164  
tbone@pensacolastate.edu

We strongly encourage you to contact the Engineering Technology Department for assistance in planning your program of study.

### BUILDING CONSTRUCTION TECHNOLOGY

*Associate in Applied Science (BLDG-AAS)*

This program is designed to acquaint the student with terminology, methods, procedures, materials, sequences of operation, and types of building construction. Although not intended as a transfer program, many credits may transfer to upper level programs in Engineering Technology. Additional general education course work will be required for transferees.

Foundation Courses	Credits
— —* Communications (Category I) . . . . .	.3
— —* Humanities/Fine Arts (Category II) . . . . .	.3
— —* Social/Behavioral Sciences (Category III) . . . . .	.3
MAT 1033 Intermediate Algebra (Category IV) . . . . .	.3

## CARPENTRY

Career and Technical Certificate

(CARP-VC)

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Anthony Harris 484-1679  
aharris@pensacolastate.edu

This program will prepare you for a good career in the carpentry trade by focusing on broad, transferable skills that stress the understanding of the carpentry industry through hands-on training. You will learn to safely operate hand and power tools, prepare work sites and become skilled in foundation formwork, wall, floor and roof framing, as well as exterior trim. This program teaches essential carpentry skills and offers on-the-job training, which can help you build on your proficiency and future earnings potential and the opportunity to be your own boss.

Foundation Courses		Credits
BCV 0020C	Tools and Pre-Construction Skills	5
BCV 0103C	Wood Products, Lumber and Framing Components	5
BCV 0170C	Interior Trim	5
BCV 0173C	Exterior Trim and Hardware Finishes	5
BSV 0146C	Roof Framing I	5
Intermediate Courses		
BCV 0147C	Roof Framing II and Timber Construction	5
Advanced Courses		
BCV 0925	Building Co-op	
	or	
BCV 0935C	Special Topics Construction Trades	5
BCV 0139C	Foundation Wall and Floor Framing	5
<b>Total Program Credits</b>		<b>40</b>

## ELECTRICITY

Career and Technical Certificate

(ELECTVC)

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Anthony Harris 484-1679  
aharris@pensacolastate.edu

This program offers entry level electrical skills required by the construction industry. The courses in this 1200 hour program offer a combination of theory and hands-on training. Among the topics covered are: DC/AC theories; proper selection and use of power and hand tools used in the trade; use of blueprints; National Electrical Code (NEC); wiring techniques; and electrical maintenance procedures. Training experience will consist of "hands-on" situations in the lab and through actual construction projects with the emphasis placed on safety in the lab and on the project site.

Basic entry-level skills in math, reading, and language must be attained in order to complete this program. Students wishing to enter this program of study should be advised by the instructor or program manager prior to enrollment in these courses.

		Credits
BCV 0602C	DC and AC Theory	5
BCV 0629C	Residential Wiring I	5
BCV 0660C	Commercial Wiring I	5
BCV 0610C	NEC Review	5
BCV 0642C	Residential Wiring II	5
BCV 0661C	Commercial Wiring II	5
BCV 0662C	Electrical Maintenance	5
BCV 0949	Electrical Co-op	
	or	
BCV 0935C	Special Topics Construction Trades	5
<b>Total Program Credits</b>		<b>40</b>

## HEATING, VENTILATION AND AIR CONDITIONING

Career and Technical Certificate

(HVAC-VC)

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Anthony Harris 484-1679  
aharris@pensacolastate.edu

This program prepares students for employment or advanced training in the heating, air conditioning, refrigeration and ventilation industry by focusing on broad, transferable skills, and stressing the understanding of the industry. The program demonstrates elements such as planning, management, finance, technical and production skills, the underlying principles of technology, as well as, labor, health, safety, and environmental issues.

Basic entry-level skills in math, reading, and language must be attained in order to complete this program. Students wishing to enter this program of study should be advised by the instructor or program manager prior to enrollment in these courses.

Term I		Credits
ACR 0001C	Air Conditioning & Refrigeration I	5
ACR 0100C	Basic Electricity and Schematics I	5
ACR 0613C	Applied Heating I	5
Term II		
ACR 0002C	Air Conditioning & Refrigeration II	5
ACR 0102C	Basic Electricity and Schematics II	5
ACR 0614C	Applied Heating II	5
Term III		
ACR 0125C	Advanced Air Conditioning	6
ACR 0548C	Advanced Refrigeration	6
ACR 0074	Employability Skills	3
<b>Total Program Credits</b>		<b>45</b>

## PLUMBING TECHNOLOGY

Career and Technical Certificate

(PLUMB-VC)

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Anthony Harris 484-1679  
aharris@pensacolastate.edu

This program prepares students for employment or advanced training in a variety of pipe occupations by focusing on broad, transferable skills, and stressing the understanding of all aspects of the pipes trade industry. The program demonstrates elements such as planning, management, finance, technical and production skills, the underlying principles of technology, as well as, labor, health, safety, and environmental issues.

Basic entry-level skills in math, reading, and language must be attained in order to complete this program. Students wishing to enter this program of study should be advised by the instructor or program manager prior to enrollment in these courses.

Term I		Credits
BCV 0500C	Introduction to Plumbing	4
BCV 0510C	Introduction to Pipefitting	4
BCV 0504C	Plans, Blueprints and Isometric Drawing	4
Term II		
BCV 0523C	Fixtures, Valves and Faucets	4
BCV 0571C	Drain, Waste and Venting	4
BCV 0570C	Water Supply/Potable Water Systems	4
Term III		
BCV 0580C	Storm Drains, Interceptors	4
BCV 0450C	Plumbing Repairs	4
<b>Total Program Credits</b>		<b>32</b>

# BUSINESS PROGRAMS

**Department Head:** Linda Bloom 484-2504  
lbloom@pensacolastate.edu  
**Program Contact:** Scott Key 484-2514  
skey@pensacolastate.edu

We strongly encourage you to contact the Business Department for assistance in planning your program of study.

## BUSINESS ADMINISTRATION

*Associate in Science (BUS-AS)*

This program is designed to provide a foundation in business and to prepare students to seek employment in various business fields. The program has a statewide articulation from the associate in science to a baccalaureate degree in Business Administration and Management or Business: General. At the upper level the student will be required to complete 12 credit hours of general education and 48 credit hours as determined by the University. The articulation may be found in the Statewide Articulation Manual.

Foundation Courses		Credits
ACG 2001	Accounting I	3
ENC 1101	English Composition I (Category D)	3

# COMPUTER PROGRAMMING PROGRAMS

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Wayne Horn 484-2021  
whorn@pensacolastate.edu

We strongly encourage you to contact the Computer Science Department for assistance in planning your program of study.

## COMPUTER PROGRAMMING AND ANALYSIS

Associate in Science (CPROG-AS)

The Computer Programming and Analysis degree is available in two areas: Computer Programming and Simulation and Game Design. By special agreement with the University of West Florida, students with an AS/AAS Degree can continue their studies in a Bachelor of Arts Degree program. If a student plans to do so, electives should be chosen carefully with the help of the department head. UWF will also require certain additional general education course work for transferees holding the AS Degree.

The Computer Programming and Analysis program prepares students for entry-level positions in information technology such as programmer, software specialist and computer operator.

COP 2800**	Java Programming	.3
CAP 2050**	XBOX Game Programming	.3
CGS 2822**	Scripting for the Web	.3
GRA 2158C**	Multimedia 3D	.3
_____+	Technical Electives	.9
_____*	Elective	.3
<b>Total Program Credits</b>		<b>63</b>

++ Choose from SPC2300 (recommended), SPC1006C, SPC1017, SPC1608, SLS1353 or ORI2000  
+ Technical Electives: Choose any CGS, COP, CTS, CET, ART or GRA courses or ENCI210.

## COMPUTER PROGRAMMING

*Technical Certificate*

(COMP-CT)

This program prepares students for employment as computer programmer trainee, systems analyst trainee, microcomputer specialist and software application technicians. It also provides supplemental training for persons previously or currently employed in this area. All courses in this program apply to the Computer Programming and Analysis A.A.S. program, Computer Programming Emphasis.

Foundation Courses		Credits
CGS 1570	Computer Concepts and Applications	.3
MAC 1105	College Algebra	.3
Intermediate Courses		
CGS 1700**	Introduction to Operating Systems	.3
COP 1510**	Programming Concepts I	.3

_____	Elective	.3
<b>Total Program Credits</b>		<b>33</b>

+ Any CGS, COP or CTS course.

## COSMETOLOGY PROGRAMS

**Department Head:** Sue Halfhill 484-2522  
 shalfhill@pensacolastate.edu

**Program Contact:** Jacki Knudsen 484-1641  
 jknudsen@pensacolastate.edu

Contact the Professional Service Careers Department for assistance in planning your program of study.

## ADVANCED ESTHETICS

*Career and Technical Certificate*

(ESTHES-VC)

This program is targeted at those who are already working as a registered Facial Skin Care Specialist and is a continuation of the Facials/Skin Care Specialty program. It is designed for Facial Skin Care Specialist/Estheticians needing the advanced skills required for employment within the spa industry, medical offices including dermatologist and plastic surgeons, and the new medi-spa industry. Areas of study include Florida cosmetology law and rules; spa therapies; chemical peels; exfoliates, exfoliation techniques; microdermabrasion equipment; advanced esthetics; advanced European treatments; and esthetics chemistry.

Required Courses		Credits
CSP 0105C	Advanced Skin Care I	.5
CSP 0106C	Advanced Skin Care II	.5
CSP 0264C	Facial Treatments	.5
CSP 0931	Specialty Topics	.2
CSP 0505	Ethical Business Practices	.1
CSP 0940L	Internship	.2
<b>Total Program Credits</b>		<b>20</b>

## BARBERING

*Career and Technical Certificate*

(BARB-VC)

This program is designed to prepare students for licensure and employment as a barber to administer hair designs and hair care. For questions regarding entrance requirements and program application, contact the Professional Service Careers Department (jknudsen@pensacolastate.edu or 484-1641). Evening classes only (Monday–Thursday).

Term I		Credits
COS 0500C	Barber-Styling I	.6
COS 0510C	Barber-Styling II	.2
COS 0590	Professional Barber I	.1
Term II		
COS 0520C	Barber-Styling III	.6
COS 0530C	Barber-Styling IV	.2
COS 0591	Professional Barber II	.1
Term III		
COS 0540C	Barber-Styling V	
	or	
COS 0946	Barbering Co-op	.6
COS 0550C	Barber-Styling VI	.2
COS 0592	Professional Barber III	.1
Term IV		
COS 0551C	Barber-Styling VII	
	or	
COS 0946	Barbering Co-op	.6
COS 0552C	Barber-Styling VIII	.2
COS 0593	Professional Barber IV	.1
Term V		
COS 0594L	Professional Barber V	.4
<b>Total Program Credits</b>		<b>40</b>

++ Requires departmental approval.

## COSMETOLOGY

*Career and Technical Certificate*

(COSM-VC)

Cosmetology is a twelve-month, 1200 clock hour program of study designed to prepare the student for State licensure and employment in the areas of hair, nail and skin care. Classes begin in August, January, and May and are limited to spaces available. For questions regarding entrance requirements and program application, contact the Professional Service Careers Department. Part-time classes available at Milton Campus only.

Foundation Courses		Credits
COS 0001	Introduction to Cosmetology	.1
COS 0080L	Design Clinic I	.5
COS 0301	Haircutting	.1
COS 0401	Hairstyling I	.2
COS 0600	Permanent Waving/Chemical Relaxing	.2
CSP 0002	Specialty Services	.3
COS 0064	Trichology	.1
Intermediate Courses		
COS 0081L	Design Clinic II	.4
COS 0420	Advanced Hairstyling	.2
COS 0642L	Chemical Reformation Clinic II	.4
COS 0700	Haircoloring	.2
COS 0020	Consumer Relations/Salon Management	.1
Advanced Courses		
COS 0402	Hairstyling II	.1
COS 0082L	Design Clinic III	.4
COS 0643L	Chemical Reformation Clinic III	.4
COS 0963	State Board Preparation	.1
CSP 0007L	Specialty Services Clinic II	.2
<b>Total Program Credits</b>		<b>40</b>

## FACIALS SPECIALTY

Career and Technical Certificate

(FACE-VC)

Department Head: Vacant

Program Contact: Sonja McCall 484-1642  
smccall@pensacolastate.edu

Our Facials/Skin Care Specialist program is a one semester program of study designed to prepare skin-care students for licensure and a career in the esthetics profession.

In an age of specialization, the esthetician plays a crucial role in the cast of our Salons and Day Spas. As a Certified Facials/Skin Care Specialist, your skills as a make-up artist and skin-care technician will serve you well in a world where "pampering" is no longer a luxury enjoyed by the privileged few. Studies will emphasize the structure and function of the skin and will prepare students to crucially assess and meet the unique needs of each client. The program delivers a strong foundation in the applied and general sciences. Business and career development classes, along with training in Florida laws and regulations, are also offered. The program offers instruction in basic facials, color theory, makeup artistry, body treatments, lash application, brow tinting, and hair removal. Each of our comprehensive programs also covers sanitation procedures, bacteriology, chemistry, electricity such as 8 - 1 machines, and the use of microdermabrasion.

Admission is by application only. Please contact the program coordinator in Building 12 at 484-1642.

Required Courses	Credits
CSP 0005 Introduction to Facials . . . . .	1
CSP 0263 Specialty Services . . . . .	1

<b>Total Program Credits</b>	<b>10</b>

## NAILS SPECIALTY

Career and Technical Certificate

(NAILS-VC)

Department Head: Vacant

Program Contact: Jacki Knudsen 484-1641  
jknudsen@pensacolastate.edu

Nails Specialty is a one semester program of study designed to prepare the student for state licensure and employment in the areas of manicuring, pedicuring, and nail extension services. Students may register any time during the term as slots become available. Evening classes only (Monday-Thursday).

Required Courses	Credits
CSP 0015C Nail Technology . . . . .	8
<b>Total Program Credits</b>	<b>8</b>

## CRIMINAL JUSTICE PROGRAMS

Department Head: Linda Bloom 484-2504  
lbloom@pensacolastate.edu

We strongly encourage you to contact the Business Department for assistance in planning your program of study.

### CRIMINAL JUSTICE TECHNOLOGY

Associate in Applied Science

(LAWAAS)

The Criminal Justice Technology program is open to all students. The program provides an opportunity to prepare for a law enforcement or corrections career. Also currently employed practitioners can increase their knowledge and help develop their professional competence.

Students who have had prior Criminal Justice training may be eligible for articulation if they meet the following criteria:

#### CREDIT FOR APPROVED PRIOR TRAINING

Credit opportunities are available for individuals who have prior training approved by the Florida Criminal Justice Standards or Training Commission and offered by a Florida Certified Center located at a Community College or a Vocational Center. The maximum credit awarded is thirty credits. Courses from other training centers will be limited to those nationally recognized including the Southern Police Institute, FBI National Academy, and the Drug Enforcement Administration Drug School.

Foundation Courses	Credits	
CCJ 1020 Introduction to Criminal Justice . . . . .	3	
CJL 1100 Criminal Law . . . . .	3	
CJE 1640 Introduction to Criminalistics . . . . .	3	
_____*	Government Elective . . . . .	3
_____*	Communications (Category I) . . . . .	3
CCJ 1452 Criminal Justice Administration . . . . .	3	
HLP 1081 Concept of Life Fitness . . . . .	3	

#### Intermediate Courses

CJL 1130 Rules of Evidence . . . . .	3	
SYG 2000 Introduction to Sociology (Category V) . . . . .	3	
_____*	Natural Sciences/Mathematics (Category IV) . . . . .	3
CJL 2062 Constitutional Law for Criminal Justice . . . . .	3	
CJC 2162 Probation and Parole . . . . .	3	
_____†	Computer Competence Requirement . . . . .	3
CJC 1000 Theory and Practice of Corrections . . . . .	3	
CJE 1500 Police Operations . . . . .	3	
SPC 1006C†† Basic Speaking and Listening Skills . . . . .	1	

#### Advanced Courses

CJJ 2002 Juvenile Justice . . . . .	3	
CJE 1600 Criminal Investigation . . . . .	3	
PHI 2600* Ethics . . . . .	3	
CCJ 2010 Criminology . . . . .	3

CCJ 2949 Criminal Justice Co-op or Elective . . . . .	3	

**Total Program Credits** 64

\* See General Education Course Requirements page for options

\*\* The course has pre- or co-requisites, check Course Descriptions Section

† Meets Computer Competence Requirement

†† Meets Oral Communications Requirements

## CRIME SCENE TECHNICIAN

Technical Certificate

(CST-CT)

Students earning the Crime Scene Technician certificate are eligible to sit for the certification examination offered through the International Association of Identification (IAI). Persons earning IAI Certification can serve in positions including, but not limited to, Crime Scene Technician, Crime Scene Photographer, Fingerprint Classification Specialist, Crime Lab Assistant/Investigator, Latent Print Examiner, and Property and Evidence Staff. While the Crime Scene Technician certificate is a stand-alone program open to all students, this certificate also enhances employment opportunities for students earning the LAW-AA and/or LAW-AAS degree. Entities employing persons with IAI Certification include, but are not limited to, local, state, and federal law enforcement agencies, State Attorneys' Offices, Public Defenders' Offices, Medical Examiners' Offices, law firms and insurance firms.

Crime Scene Investigators are charged with collection, inventory, and documenting evidence found at a crime scene. It is their job to testify in court as to its probative value and link to the defendant or defendants. Anyone with a criminal record would not be hired by any agency based on their liability as a witness, so completing the program is not recommended for anyone with a criminal record:

This is a restricted entry program based upon special requirements needed to work for a Law Enforcement Agency.

- Citizen of United States.
- High school diploma or GED (transcript required).
- Not discharged from Armed Forces under dishonorable conditions.
- Good moral character and NOT have been convicted of a felony, or any misdemeanor involving lying or perjury.
- Submit to and pass background investigation to include a fingerprint check.

## CULINARY PROGRAMS

Department Head: Vacant

Program Contact: Travis Herr

484-2506

therr@pensacolastate.edu

Contact the Professional Service Careers Department for assistance in planning your program of study.

### CULINARY MANAGEMENT

Associate in Applied Science

(CHEF-AAS)

This program in Culinary Management is designed to prepare individuals for careers in the many widely varied areas of the culinary industry. The Culinary Management program provides the student with a unique combination of comprehensive theoretical knowledge and hands-on training. The program is carefully structured to meet the requirements of American Culinary Federation Education Foundation Accrediting Commission. Students will master the fundamentals of culinary production in an environment that builds teamwork while gaining practical individualized experience.

Students may receive dual credits toward Diploma and/or professional certificates with appropriate courses in the program.

Because of limited lab resources, enrollment for FSS 1220C and FSS 1063C is limited to Culinary students unless prior approval from the program coordinator is obtained. Preferences will be given to Culinary students who have completed or substantially completed general education courses followed by Culinary students who have completed all required developmental courses. Any remaining seats will be available to Culinary students who have not yet completed required developmental courses or who have received special permission from the program coordinator.

We strongly encourage you to contact the Professional Service Careers Department for assistance in planning your program of study.

Foundation Courses		Credits
HFT 2212	Food Service Sanitation and Safety . . . . .	2
FSS 1220C**	Culinary Techniques . . . . .	3
FSS 1063C**	Professional Baking . . . . .	3
HFT 1000††	Introduction to the Hospitality Industry . . . . .	3
FSS 2284C**	Catering, Banquet, and Event Management . . . . .	3
CGS 1570†	Computer Concepts and Applications (Category V) . . . . .	3
FSS 1308C**	Dining Room Management Banquet and Russian Service . . . . .	3
Intermediate Courses		
_____*	Social/Behavioral Sciences (Category III) . . . . .	3
HFT 2451	Cost Control and Purchasing . . . . .	3
FSS 1222L**	Culinary Production . . . . .	3
HFT 2841C**	Intermediate Dining Room Management . . . . .	3
HUN 1201	Elements of Nutrition (Category IV) . . . . .	3
HFT 1860	Bar and Beverage Management . . . . .	3
_____*	Communications (Category D) . . . . .	3
_____*	Humanities/Fine Arts (Category II) . . . . .	3

	or	
FSS 2947	Culinary Management Co-op . . . . .	1
Advanced Courses		
FSS 2248C**	Garde Manger . . . . .	3
FSS 2382L**	Culinary Management Practical Exam . . . . .	1
FSS 2224L**	Advanced Culinary Production . . . . .	3
HFT 2840C**	Dining Room Management French Service . . . . .	3
FSS 2247C**	Advanced Baking . . . . .	3
<b>Total Program Credits</b>		<b>64</b>

## CULINARY ARTS

Technical Certificate

(CHEF-CT)

The certificate program is designed for students and current culinary and restaurant managers which desire skill enhancement for this industry. Certification integrates Pastry and Culinary Skills with actual restaurant experience, for both front and back of the house.

Foundation Courses		Credits
HFT 2212	Sanitation and Safety	2
FSS 1220C**	Culinary Techniques	3
FSS 1063C**	Professional Baking	3
HFT 2840C**	Dining Room Management (French Service)	3

## DENTAL HYGIENE PROGRAM

**Department Head:** Sandra Hartley 484-2301  
 shartley@pensacolastate.edu  
**Program Director:** Linda Lambert, RDH 484-2242  
 (Dental Hygiene) llambert@pensacolastate.edu

We strongly encourage you to contact the Health Sciences Department for assistance in planning your program of study.

## DENTAL HYGIENE

Associate in Applied Science

(DETH-AAS)

A two-year curriculum designed to prepare students to master clinical competencies and theoretical concepts of current dental hygiene practice. Graduates receive an A.A.S. degree in dental hygiene and are eligible to sit for the state board examination in any state in which they desire to practice. Program graduates may be able to pursue the B.S. degree at a senior level institution. The dental hygiene program is fully accredited by the American Dental Association Commission of Accreditation.

### SPECIAL ADMISSION REQUIREMENTS

Admission to this program is limited by admission requirements and/or the availability of clinical space. Therefore students seeking program admission must complete application to both the college and the program. Students should not self advise. Courses are designed to be in sequence. Continued progress in the dental hygiene program depends upon successful completion of courses in this sequence. Application packets are available from the Health Admission Office or the Pensacola State Web website at www.pensacolastate.edu.

Admission requirements for eligibility to the program include satisfactory scores on the Health Occupation Basic Entrance Test (HOBET), a minimum GPA of 2.75 and 15 credits of specific course work.

When an applicant has completed all sections of the application process and meets the minimum criteria, they will move to candidate status and are assigned a ranking number by the date on which they completed the final requirement. Students are selected in that rank order. Therefore, the sooner an applicant completes the requirements, the sooner they move to candidate status and the higher their ranking on the list. Contact the Department of Health Sciences at (850) 484-2308 for further details. The program begins each May.

\* See General Education Course Requirements page for options

\*\* The course has pre- or co-requisites, check Course Descriptions Section

## SPECIAL PROGRAM REQUIREMENT

Students must complete all courses in the Dental Hygiene curriculum with a grade of "C" or higher.

The credits in **BOLD** must be completed prior to any core courses of the Dental Hygiene Program:

	Credits
<b>ENC 1101 English Composition I</b>	3
<b>BSC 1093** Anatomy and Physiology I</b>	3
<b>BSC 1093L** Anatomy and Physiology I Laboratory</b>	1
<b>MCB 1000** Applied Microbiology</b>	3
<b>MCB 1000L** Applied Microbiology Laboratory</b>	1
<b>CHM 1032 Survey of General Chemistry</b>	3
<b>CHM 1032L** Survey of General Chemistry Lab</b>	1

(S 00758 CPR must be completed prior to clinicals)

### Term I

BSC 1094**	Anatomy and Physiology II	3
BSC 1094L**	Anatomy and Physiology II Laboratory	1
DES 1000	Dental Anatomy	2
MAC 1105	College Algebra or higher	3
SPC 1006C	Basic Speaking & Listening Skills	1
DEP 2004	Human Growth and Development (Category III)	3

### Term II

DES 1010**	Head and Neck Anatomy	2
DEH 1130**	Oral Embryology and Histology	1
DEH 1002**	Fundamentals of Dental Hygiene	3
DEH 1002L**	Dental Hygiene Pre-Clinic	3
DES 1200C**	Dental Hygiene Radiology I	3
DEH 1720	Preventive Dentistry	1

### Term III

DES 1201C**	Dental Hygiene Radiology II	2
DEH 1800**	Dental Hygiene I	2
DEH 1800L**	Dental Hygiene Clinic I	5
DEH 1400**	Oral Pathology	2
DEH 2602**	Periodontics	2

### Term IV

DEH 1802**†	Dental Hygiene II	1
DEH 1802L**	Dental Hygiene Clinic II	3
DEH 2202	Nutrition and Dental Health	2
DES 1100C	Dental Materials	3
SYG 2000	Introduction to Sociology	3

### Term V

DEH 2300**	Pharmacology/Dental Office Emergencies	2
DEH 2804**	Dental Hygiene III	2
DEH 2804L**	Dental Hygiene Clinic III	5
DES 1051	Nitrous Oxide Monitoring	1
DEH 2702C	Dental Public Health	2

### Term VI

DEH 2812**	Dental Hygiene IV	2
DEH 2812L**	Dental Hygiene Clinic IV	5
_____*	Humanities/Fine Arts (Category II)	3

**Total Program Credits** **88**

† Meets Computer Competence Requirement

‡ Meets Oral Communications Requirements

## DRAFTING PROGRAMS

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Tim Bone 484-1950  
tbone@pensacolastate.edu

We strongly encourage you to contact the Engineering Technology Department for assistance in planning your program of study.

### DRAFTING AND DESIGN TECHNOLOGY

*Associate in Applied Science (DRFT-AAS)*

This program is designed to prepare individuals for employment in the drafting and computer drafting field. The program emphasizes the theoretical knowledge required for a variety of drafting positions in the building industry. It addresses drafting for the manufacturing industry and technology in a general sense.

Foundation Courses	Credits
___ ___* Communications (Category I) . . . . .	3
___ ___* Humanities/Fine Arts (Category II) . . . . .	3
___ ___* Social/Behavioral Sciences (Category III) . . . . .	3
___ ___* General (Category V) . . . . .	3
BCN 1001 Building Construction . . . . .	3
CGS 1570† Computer Concepts and Applications . . . . .	3
EGS 1111 Engineering Graphics . . . . .	3
Intermediate Courses	
ETC 1250 Properties of Materials . . . . .	3
ETD 2340 Computer Drafting . . . . .	3
MAT 1033 Intermediate Algebra (Category IV) . . . . .	3
___ ___ Elective . . . . .	3
CGS 2122 Engineering Technical Spreadsheets . . . . .	3
BCT 2706** Construction Documents . . . . .	3
ETD 2332** AutoCAD Customization . . . . .	2
GIS 2040C** Geographic Information Systems . . . . .	3
Advanced Courses	
BCT 2770** Construction Estimating . . . . .	3
ETD 1542** Structural Drafting . . . . .	3
ETD 2551** Civil Engineering Drafting . . . . .	3
BCN 2405**† Construction Mechanics . . . . .	3

ETD 2355** Advanced Computer Drafting . . . . .	3
<b>Total Program Credits</b>	<b>62</b>

### AUTOCAD FOUNDATIONS

*Technical Certificate (CAD-CT)*

The AutoCAD Foundations technical certificate provides students with the practical skills necessary to accept the challenges of a construction drafting career. The program is designed to prepare students for an entry level professional position in a technical area that requires computer-aided drafting skills. The program is composed of selected college credit courses offered within the Drafting and Design Technology AAS degree which prepares students to draw, dimension and print technical drawings by computer. Successful certificate holders may find employment as a drafts-person in an architect's, engineer's, or contractor's office, governmental agencies, corporate planning departments, or other private industries.

Students who have not had listed prerequisites for some of the courses should contact the Engineering Technology Department for assistance in registering for the courses. Because of prerequisites and scheduling, this program requires a minimum of four semesters to complete.

Foundation Course	Credits
EGS 1111 Engineering Graphics . . . . .	3
Intermediate Course	
ETD 2340** Computer Drafting . . . . .	3
Advanced Courses	
ETD 1399** Architectural Drafting . . . . .	3
ETD 1542** Structural Drafting . . . . .	3
ETD 2551 Civil Engineering Drafting . . . . .	3
or	
ETD 2355** Advanced Computer Drafting . . . . .	3
<b>Total Program Credits</b>	<b>15</b>

This certificate assumes the student has a basic knowledge of computer operating systems, hardware and software.

## DRAFTING

*Technical Certificate (DRAFT-CT)*

This certificate is designed to prepare individuals for entry-level positions working for architects, engineers, contractors, and construction industry employers. Students will gain knowledge of drafting and design practices and procedures. Students will also gain a general knowledge of the construction industry.

Foundation Courses	Credits
EGS 1111 Engineering Graphics . . . . .	3
BCN 1001 Building Construction . . . . .	3
CGS 1570 Computer Concepts and Applications . . . . .	3

## EDUCATION/EARLY CHILDHOOD PROGRAMS

**Department Head:** Holly Craven 484-2074  
hcraven@pensacolastate.edu  
**Program Contacts:** Betty Persons 484-2534  
bpersons@pensacolastate.edu  
Betsy Werre 484-1448  
bwerre@pensacolastate.edu

We strongly encourage you to contact the Education Department for assistance in planning your program of study.

Early Childhood Education is concerned with the education, guidance and daily care of young children. Early Childhood professionals plan and implement activities that stimulate children's intellectual, social, emotional and physical development.

Two courses (EDF1005 and EDG2085) require service learning in a public school setting. Background checks may be required. Although a school district may provide an appeals process to persons receiving a disapproval to enter K-12 classrooms as a result of the background check, students should be aware of the Florida statutes 435.04. Pursuant to Chapter 1012, Fla. Stat., any individual who has been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to, any offense enumerated in §435.04, Fla. Stat., shall be ineligible for appointment to any instructional, non-instructional or voluntary position in any daycare, school or other educational facility providing care or instruction to children 17 years of age or younger. To view 435.04, Florida Statutes, go to [www.flsenate.gov/statutes](http://www.flsenate.gov/statutes).

## EARLY CHILDHOOD EDUCATION ASSOCIATE DEGREE

Associate in Science

(CHILD-AS)

Completion of the program prepares an individual to direct and operate a child care center, a preschool center or a family day care program. Throughout the program, students prepare manuals, portfolios, and materials that will be vital to them in a child care workplace. Course components also focus on facility ownership aspects involved in child care programs. In addition, Early Childhood Education is designed for students preparing to teach in the Federal Head Start program, to work as a teacher assistant in the Escambia County school system, or to teach in a child care center (infants, preschool or school-age setting).

Program completion creates the option for students to transfer to a higher degree program at a later date. The Early Childhood Education Program meets State of Florida education requirements related to owning, directing, operating, or working in a child care center.

### Foundation Courses Credits

ENC 1101	English Composition I (Category D)	3
_____*	Humanities/Fine Arts (Category II)	3
_____*	Social/Behavioral Sciences (Category III)	3
_____*	Natural Sciences/Mathematics (Category IV)	3
_____*	General (Category V)	3
CHD 1104+	Introduction to Early Childhood	3

## FLORIDA CHILD CARE PROFESSIONAL CREDENTIAL (FCCPC) (CHILD CARE CENTER MANAGEMENT)

Technical Certificate

(CDA-CT)

The Florida Child Care Professional Credential College Technical Certificate is a 12 college-credit program designed to prepare students as entry level child care workers and teachers with the knowledge and skills necessary to provide quality childcare programs. The completion of these courses coupled with 480 hours work experience qualifies the student for their FCCPC or National CDA certificate. Additionally, the courses can be transferred into appropriate technical certificates programs within Early Childhood or can be used in either the AS/AA Early Childhood degree programs.

### Credits

DEP 2001	Child Development	3
CHD 1104	Introduction to Early Childhood	3
CHD 2440C	Early Childhood Practicum	3
CHD 1800	Management of Child Care	3

**Total Program Credits** 12

## EARLY CHILDHOOD TEACHER (PRESCHOOL)

Technical Certificate

(PREK-CT)

The Pre-K College Technical Certificate is a 12 college-credit program designed to provide students with the skills needed to design developmentally appropriate curriculum for young children and enable them to begin careers as early childhood education caregivers with a preschool specialization. Additionally, the courses can be transferred into appropriate technical certificates programs within Early Childhood or can be used in either the AS/AA Early Childhood degree programs.

### Credits

DEP 2001	Child Development	3
CHD 1104	Introduction to Early Childhood	3
CHD 2380	Teaching Young Children	3
CHD 1332	Creative Experiences	3

**Total Program Credits** 12

## EARLY CHILDHOOD INTERVENTION (CHILD DEVELOPMENT AND EARLY INTERVENTION)

Technical Certificate

(CHD-CT)

The CHD-CT Early Childhood Intervention Technical Certificate is a 36 college credit program designed to prepare students as entry level teachers in a child care or pre-school program. Upon completion of this program, students will have earned their FCCPC along with Pre-K and Infant/Toddler specialization certificates. This program is composed of selected college credit courses offered within the AS and/or AA Early Childhood degree programs and will count toward those degrees.

### Credits

DEP 2001	Child Development	3
CHD 1104	Introduction to Early Childhood	3
CHD 2440C	Early Childhood Practicum	3
CHD 1800	Management in Child Care	3
CHD 2380	Teaching Young Children	3
CHD 1332	Creative Experiences for Children	3
EEX 1600	Behavior Management	3
EEX 2010	Introduction to Exceptional Children	3
CHD 2120	Infants and Toddlers	3
CHD 2620	Home, School & Community Relations	3
_____*	Approved Elective	6

**Total Program Credits** 36

### \*Approved Elective List (choose one)

EDF 2085	EME 2040	EDF 1005
HSC 2400	HSC 2100	HSC 2402

## EARLY CHILDHOOD EDUCATION

Career and Technical Certificate

(CHD-VC)

This Early Childhood Professional Certificate (ECPC) is a 600 hour vocational Certificate which prepares students to work as entry level professionals in the child care profession. It is a 20 credit program which consists of 120 classroom hours in addition to 480 hours working in the field with Preschool age children. Prerequisites for this program are a high school diploma or GED and completion of the Department of Children and Families state required 40 hours training.

### Credits

HEV 0137	Learning Environment	2
HEV 0137L	Early Childhood Laboratory Practice	8
HEV 0152	Professionalism	2
HEV 0152L	Early Childhood Teaching Practicum	8

**Total Program Credits** 20

\* See General Education Course Requirements page for options

\*\* The course has pre- or co-requisites, check Course Descriptions Section

† Meets Computer Competence Requirement

†† Meets Oral Communications Requirements

## INFANT/TODDLER SPECIALIZATION

Technical Certificate

(BABY-CT)

The Baby-CT College Technical Certificate is a 12 college-credit program designed to provide students with the skills and information needed to design a developmentally appropriate environment and curriculum for infants and toddlers. This program is composed of selected college-credit courses offered within the AS and/or AA Early Childhood degree programs and will count toward those degrees.

### Credits

DEP 2001	Child Development	3
CHD 1104	Introduction to Early Childhood	3
CHD 2440C	Early Childhood Practicum	3
CHD 2120	Infants and Toddlers	3
<b>Total Program Credits</b>		<b>12</b>

## EKG TECHNICIAN PROGRAM

Career and Technical Certificate

(EKG-VC)

**Department Head:** Sandra Hartley 484-2301  
 shartley@pensacolastate.edu  
**Program Contact:** Wilma Duncans-Burnett 484-2216  
 wduncans-burnett@pensacolastate.edu

Contact the Health Services Department for assistance in planning your program of study.

This program is designed to prepare students for employment as electrocardiograph aides, electrocardiograph technicians, EKG technicians or other jobs requiring knowledge of how to perform a 12-lead EKG and recognize a cardiac emergency. Course content includes an understanding of normal cardiac function, relationship of EKG markings to normal function, preparing a patient mentally and physically, setting up equipment properly, recognizing cardiac emergencies, interpersonal skills, overview of cardiovascular anatomy and physiology, medical terminology, patient care techniques, medical instrumentation, cardiovascular drugs, interpretation of monitoring and testing results, medical ethics, cardiac wellness and rehabilitation, safe/efficient work practices, CPR and employability skills.

Required Courses		Credits
HSC 0005	Orientation to Health Sciences	1
MEA 0230	Medical Terminology with Anatomy and Physiology	3
MEA 0540	EKG Aide	3
MEA 0541	EKG Technician	10
<b>Total Program Credits</b>		<b>17</b>

## ELECTRONICS ENGINEERING PROGRAMS

**Department Head:** Sue Halfhill 484-2522  
 shalfhill@pensacolastate.edu  
**Program Contact:** Larry Ball 484-2577  
 lball@pensacolastate.edu

We strongly encourage that you contact the Engineering Technology Department for assistance in planning your program of study.

## ELECTRONICS ENGINEERING TECHNOLOGY

Associate in Applied Science

(ELEC-AAS)

The Electronics Engineering Technology Program is designed to provide students with the fundamentals of electronics that will prepare them as technicians in a variety of fields including computer technology, networking, instrumentation, telecommunications, and biomedical. Selected specialty courses are available to provide detailed instruction in these technical areas. The student must complete the general education courses specified and all the core courses for electronics. The additional twenty-three hours are to be selected from emphasis electives included in the program listing.

### General Education Courses Credits

(Students may take these courses at any time during their program of study.)

_____*	Communications (Category I)	3
_____*	Humanities/Fine Arts (Category II)	3
_____*	Social/Behavioral Sciences (Category III)	3
MAC 1105	College Algebra (Category IV)	3
_____*	General (Category V)	3

### Foundation Courses

CGS 1061C++	Introduction to Computers in Technology	3
EET 2084C	Introduction to Electronics	3
EET 1015C**	Direct Current Circuits	3
CET 1112C**	Digital Fundamentals	3
EET 1025C**	Alternating Current Circuits	3

### Intermediate Courses

EET 1141C**	Electronic Devices and Integrated Circuits I	3
_____**+	Programming Language	3

### Advanced Courses

EET 2142C**	Linear Circuits	3
CET 2113C**	Digital Circuits	3
_____++	Emphasis Courses	26

**Total Program Credits 68**

+ Programming Language: Choose any COP prefix course.

### ++EMPHASIS COURSES:

#### Cisco Certified Networking Associate (C.C.N.A.) Emphasis:

CET 1600C**	Network Fundamentals	3
CET 1610C**	Router Theory and Router Technologies	3
CET 2615C**	Advanced Routing and Switching	3
CET 2620C**	Advanced Network Design and Management Projects	3

#### Computer Technician Emphasis:

CET 1178C**	PC Hardware A+	3
CET 1179C**	PC Operating Systems A+	3
CET 2172C**	PC Maintenance, Upgrade and Support	3
CET 1634C	Telecommunications Distribution Systems	3
CET 1588C**	Network +	3
CTS 1155	Help Desk Technician	3
CTS 2106C	Linux+	3
CIS 1350	Principles of Information Security	3
CTS 2120C	Security+	4

#### General Emphasis:

EGS 1111	Engineering Graphics	3
ETD 2340**	Computer Drafting	3
ETI 2414**	Computer-Aided Manufacturing (MasterCam Mill & Lathe)	4
ETI 2416	Metal Working Processes (Welding and Fabrication)	4
ETD 2364	Computer Aided Design 3-D (Solid Works)	4

**Biomedical Emphasis:**

BSC 1080	Essentials of Anatomy and Physiology	3
BSC 1080L	Essentials of Anatomy and Physiology Laboratory	1
EST 2406**	Biomedical Equipment	4

**Cooperative Education**

EET 2947	Electronic Technology Co-op	1
EET 2948	Electronic Technology Co-op	2
EET 2949	Electronic Technology Co-op	3

**ELECTRONICS AIDE**

*Technical Certificate (ELEC-CT)*

The Credits in this certificate may be applied towards the Electronics Engineering Technology AAS degree program.

	<b>Credits</b>	
EET 1015C**	Direct Current Circuits	3
EET 1025C**	Alternating Current Circuits	3
EET 1141C**	Electronic Devices & Integrated Circuits I	3
CET 2113C**	Digital Circuits	3
<b>Total Program Credits</b>		<b>12</b>

This certificate assumes the student has a basic knowledge of digital principles. If not, the student may need to take CET 1112C prior to taking CET2113C.

**EMERGENCY MEDICAL PROGRAMS**

<b>Department Head:</b>	<b>Sandra Hartley</b>	<b>484-2301</b>
	<b>shartley@pensacolastate.edu</b>	
<b>Program Contact:</b>	<b>Don Lee</b>	<b>484-2225</b>
<b>(EMS-AAS and Paramedic)</b>	<b>dlee@pensacolastate.edu</b>	
<b>Program Contact:</b>	<b>Steve White</b>	<b>484-2217</b>
<b>(First Responder &amp; EMT)</b>	<b>swhite@pensacolastate.edu</b>	

We strongly encourage you to contact the Health Sciences Department for assistance in planning your program of study.

**EMERGENCY MEDICAL SERVICES**

*Associate in Applied Science (EMS-AAS)*

The 4 semester certificate program is designed to provide those responsible for pre-hospital emergency care the opportunity to become skilled in advanced life support measures. The Emergency Medical Services (EMS/AAS) degree and the Paramedical program are accredited by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

**SPECIAL ADMISSIONS REQUIREMENTS**

Admission to this program is limited by special accreditation requirements and/or the availability of clinical assignments; therefore, students seeking admission to the program must complete application to both the college and the program. Application packets are available from the Health Admissions Office on the Warrington campus or the Pensacola State College website at <http://pensacolastate.edu/healthprograms/>. All application requirements must be completed by the established deadlines before a student will be considered eligible for admission to this program.

Minimum requirements for eligibility to the program include high school diploma, or GED, satisfactory scores in reading and math on the TABE test, documentation of current Florida EMT Certification and a current American Heart or American Red Cross BLS for Health Care Card.

Admission to this program is based upon receipt date of completed application requirements. Once a particular class is full, the remaining qualified applicants are automatically listed as alternates for that class. If the applicant is not seated, he/she is offered admission in the next available class.

**EMERGENCY MEDICAL TECHNICIAN**

*Applied Technical Diploma*

*(EMT-ATD)*

The program is designed to provide an opportunity for persons interested in pre-hospital emergency care to become skilled in basic emergency care to save lives and reduce injury. The Florida Department of Health, Bureau of EMS, has approved Pensacola State College as a training center for EMT and paramedic. Graduates are eligible to take the State EMT Certification examination. Health Program applications are available from the Admissions Specialist, Health Programs Office on the Warrington Campus or on the Pensacola State College website at [www.pensacolastate.edu](http://www.pensacolastate.edu), click on Warrington Campus, then Emergency Medical Technician program for specific details.

All application requirements must be completed by the established deadlines before a student will be considered eligible for admission to this program. Background and drug screen must be completed by the established deadlines.

Minimum requirements for eligibility to the program include high school diploma or GED. All applicants to the EMT program must provide a current, valid CPR (basic Life Support for healthcare provider or professional rescuer) course completion card at the time of application. Acceptable cards include American Heart Association, American Red Cross, and American Safety and Health Institute. This completion card must remain current through the program, once the applicant has been accepted. For questions regarding this requirement, please email the program director.

Admission is competitive among eligible applicants. Applicants who have submitted the application packet and met the minimum criteria for entrance into the program will be placed in the class according to when the applicant's completed packet is received. Fall and Spring classes are limited to 32 students and Summer classes are limited to 24 students. Once the current class is filled, the applicants will be placed in the next available class. Final admission to the program is contingent upon submission of satisfactory physical examination/immunization forms.

## PARAMEDIC

Technical Certificate

(PARAM-CT)

The four semester certificate program is designed to provide those responsible for pre-hospital emergency care the opportunity to become skilled in advanced life support measures. The Emergency Medical Services (EMS/ASS) degree and the Paramedical program are accredited by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP).

### SPECIAL ADMISSION REQUIREMENTS

Admission to this program is limited by special accreditation requirements and/or the availability of clinical assignments; therefore, students seeking admission to the program must complete application to both the college and the program. Application packets are available from the Health Admissions Office on the Warrington campus or the Pensacola State College website at <http://pensacolastate.edu/healthprograms/>. All application requirements must be completed by the established deadlines before a student will be considered eligible for admission to this program.

Minimum requirements for eligibility to the program include high school diploma, or GED, satisfactory scores in reading and math on the TABE test, documentation of current Florida EMT Certification and a current American Heart or American Red Cross BLS for Health Care Card.

Admission to this program is based upon receipt date of completed application requirements. Once a particular class is full, the remaining qualified applicants are automatically listed as alternates for that class. If the applicant is not seated he/she is offered admission in the next available class.

## GRAPHIC DESIGN PROGRAM

**Department Head:** Krist Lien 484-2554  
 klien@pensacolastate.edu  
**Program Contact:** Mark Hopkins 484-1087  
 mhopkins@pensacolastate.edu

Contact the Visual Arts Department for assistance in planning your program of study.

### GRAPHIC DESIGN TECHNOLOGY (GRAPHICS TECHNOLOGY)

Associate in Applied Science

(GRPH-AAS)

A two-year program that prepares students for careers in graphic design upon graduation, or acts as a transfer degree for persons wishing to continue their education toward an advanced degree at a professional art school. Additional general education course work may be required for transfer to a four-year college. Contact the four-year school for information.

Courses cover practical and theoretical problems of visual communication from the inception of an idea to its final presentation to the printer or client. Concepts and execution are covered with strong emphasis on computer assistance, drawing skills and technical developments in the field. Some professional internships are available for advanced students.

Foundation Courses	Credits

# HEALTH INFORMATION PROGRAMS

**Department Head:** Christa Ruber 484-2321  
 cruber@pensacolastate.edu  
**Program Contact:** Donna Shumway 484-2213  
 dshumway@pensacolastate.edu

We strongly encourage you to contact the Allied Health Department for assistance in planning your program of study.

## HEALTH INFORMATION MANAGEMENT

*Associate in Applied Science (HIM-AAS)*

The two-year degree provides a student with the technical skills necessary to prepare, analyze, and maintain health information required by the patient, health facility and public. The program is accredited by the Commission on the Accreditation for Health Informatics and Information Management (CAHIIM). Graduates of the program are eligible to sit for the national qualifying examination offered through AHIMA for certification as Registered Health Information Technician (RHIT).

### SPECIAL REQUIREMENTS

Persons interested in the program should contact the Health Programs Admissions Office at the Warrington Campus. Applications must be returned to this office.

## MEDICAL INFORMATION CODER/BILLER

*Technical Certificate (HIM-CT)*

The Medical Information Coder/Biller program provides the student with the technical skills necessary to code medical diagnosis, procedures and services provided for reimbursement in a wide variety of settings including hospital outpatient, ambulatory surgery centers, clinics and physician offices. Upon completion of the program the student will be eligible to sit for the national credentialing examination for the Certified Coding Assistant (CCA) credential offered through the American Health Information Management Association (AHIMA). Upon completion of the program students will have the option to progress towards a two-year Associate in Applied Science (AAS) degree in Health Information Management to become a Registered Health Information Technician (RHIT).

Students enrolled in the Medical Information Coder/Biller Certificate program must provide documentation of a CPR Health Care Provider Card and/or certificate or letter stating attendance in an AIDS/OSHA/Domestic Violence Workshop or course to the HIM program director or Allied Health Department Head located at the Warrington Campus.

### SPECIAL REQUIREMENTS

Persons interested in the program should contact the Health Programs Admission office at the Warrington campus. Applications must be returned to this office.

## HOSPITALITY AND TOURISM MANAGEMENT

Associate in Science (HOTEL-AS)

The Hospitality and Tourism Management Program prepares graduates for careers in the many varied areas of the hospitality/ tourism industry. The program is designed for individuals wanting to enter or advance in a professional career in lodging, restaurants, tourism, travel, food service, catering, and beverage as well as many other management positions in the industry. Courses in the program prepare students to work in any area of the hospitality industry. The students completing the program will have gained in knowledge and competencies in three areas: first in the management of people and other business resources; second the administrative skills to operate a business in the hospitality/tourism industry; and third how to apply their administrative and management skills in any position in the industry.

Students may receive dual credit toward diploma and/or professional certificates with appropriate courses in the program. For information and assistance in selecting courses, please contact the hospitality and tourism management program coordinator.

Articulation agreements between this program and several Florida universities may be available for students desiring a bachelor's degree by earning a 64 credits hospitality and tourism management associates of science degree from Pensacola State College then transferring to a Florida university and completing 60 credits in hospitality management. Call or e-mail the program contact for details.

CET 1600C	Network Fundamentals	3
CET 1610C	Router Protocols & Concepts	3
CET 2615C	LAN Switches & Wireless	3
CET 2620C	Accessing the WAN	3
CTS 2120C	Security+	3
CET 2890C	Network Defenses and Countermeasures	3

Advanced		Credits
CTS 2125C	Hardening the Infrastructure	3
CET 2614C	Cisco CCNA Security	3
CTS 2318	Information Security Management	3
CET 2934	Professional Project	3

**Total Program Credits 63**

## COMPUTER INFORMATION TECHNOLOGY

Associate in Applied Science (CITFAAS)

The Computer Information Technology program prepares students by giving them a basic understanding of voice and data networks in their foundation courses. Typical job titles include computer repair technician, system administrator, network engineer, network security specialist and telecommunications specialist. By special agreement with the University of West Florida, students with an AAS Degree can continue their studies in a Bachelor of Arts Degree program. If a student plans to do so, electives should be chosen carefully with the help of the department head. UWF will also require certain additional general education course work for transferees holding the AAS Degree.

### General Education Courses (15 credits required) Credits

(Students may take these courses at any time during their program of study. However, only one general education course is recommended per semester.)		
_____*	Communications (Category I)	3
_____*	Humanities/Fine Arts (Category II)	3
_____*	Social/Behavioral Sciences (Category III)	3
_____*	Mathematics (Category IV)	3
_____*	General (Category V)	3

Core Courses		Credits
CGS 1061C**	Introduction to Computers in Technology	3
CIS 1350	Principles of Information Security	3
CTS 1155	Help Desk Technician	3
CTS 2149	Fundamentals of Project Management	3
CET 2934	CIT Professional Project	3
_____+	Emphasis Courses	33

**Total Program Credits 63**

### +Emphasis Courses: (Total of 33 Credits)

General:		Credits
_____**	Programming Language Course	3
CET 2854C**	Wireless LANs	3
CTS 2106C**	LINUX+	3
CET 1588C**	Network +	3

Computer Technician:		Credits
CET 1178C**	PC Hardware A+	3
CET 1179C**	PC Operating Systems A+	3
CET 2172C**	PC Maintenance, Upgrade and Support	3
CET 1634C	Telecommunications Distribution Systems	3
EET 2084C**	Introduction to Electronics	3

**Systems Administrator:**

**Microsoft Certified Systems Administrator (M.C.S.A.):**

CTS 1300**	Administering Microsoft Windows Workstation . . .	3
CTS 1334**	Administering Microsoft Windows Server . . . . .	3
CTS 2304**	Administering Network Infrastructure . . . . .	3
CTS 2310**	Microsoft Windows Security . . . . .	3

**Network Administrator:**

**Cisco Certified Network Associate (C.C.N.A.): Credits**

CET 1112C	Digital Fundamentals . . . . .	3
CET 1600C	Network Fundamentals . . . . .	3
CET 1610C**	Router Protocols and Concepts . . . . .	3
CET 2615C**	LAN Switching and Wireless . . . . .	3
CET 2620C**	Accessing the WAN . . . . .	3
CET 1634C	Telecommunications Distribution Systems . . . . .	3
EET 2084C**	Introduction to Electronics . . . . .	3

**Security Administrator**

CTS 2318**	Information Security Management . . . . .	3
CTS 2120C**	Security + . . . . .	3

**Telecommunications: NCTI/VoIP/Cabling**

CET 1071	Introduction to Telecommunications (VVD) . . . . .	3
CET 1634C	Telecommunications Distribution Systems . . . . .	3
EET 2084C**	Introductions to Electronics . . . . .	3

**NCTI Master Cable Technician (Closed Admission)**

CET 1630C	Network Cable Installation . . . . .	2
CET 1632C	Fiber Optic Installation and Activation . . . . .	2
EET 1033C	DC/AC Installer Technician . . . . .	2
EET 1324C	Communications Systems Technician . . . . .	2
EET 1325C	Communications Systems Advanced Technician . . . . .	2
EET 1330C	Transmission Lines Service Technician . . . . .	2
EET 1371C	Telecommunications Fiber Testing and Maintenance . . . . .	2

**++Cooperative Education:**

CET 2947**	Networking/Telecommunications Co-op . . . . .	1
CET 2948**	Networking/Telecommunications Co-op . . . . .	2
CET 2949**	Networking/Telecommunications Co-op . . . . .	3

**CABLE TECHNICIAN (VOICE AND DATA CABLING)**

*Technical Certificate (CABLE-CT)*

The Cable Installation technical certificate provides students with the practical skills necessary for employment as a cable installer, cable tester, cable technician, or to provide supplemental training to persons currently employed in the field. The program is composed of selected college credit courses offered within the Telecommunications Technology Associate in Applied Science degree. If desired, successfully completed coursework within the technical certificate can be transferred into an appropriate AAS program. The program prepares the student with a basic knowledge of voice and data cabling and prepares them for BICISI Level I Installer Certification.

This certificate assumes the student has a basic knowledge of computer operating systems, hardware and software.

These credits may be applied towards the Electronics Engineering Technology or Computer Information Technology AAS degree programs.

**Required Courses Credits**

CET 1071	Introduction to Telecommunications . . . . .	3
CET 1600C**	Networking Fundamentals . . . . .	3
	or	
CET 1588C**	Network + . . . . .	3
EET 2084C**	Electronics for Technology . . . . .	3
CET 1634C	Telecommunications Distribution Systems . . . . .	3

**Total Program Credits 12**

**NETWORKING COMMUNICATIONS (LAN)**

*Technical Certificate (LAN-CT)*

Network Communications (LAN) program is an 18 college credit hour certificate designed to provide students with a basic knowledge of local area networks (LAN) and prepare them for the Cisco Certified Network Associate (CCNA) certification. These credits may be applied towards the Electronics Engineering Technology, or Computer Information Technology A.A.S. degree programs.

**Required Courses Credits**

CET 1600C**	Network Fundamentals . . . . .	3
CET 1610C**	Router Protocols & Concepts . . . . .	3
CET 1634C	Telecommunications Distribution Systems . . . . .	3
EET 2084C**	Introduction to Electronics . . . . .	3
CET 2615C**	LAN Switching & Wireless . . . . .	3
CET 2620C**	Accessing the WAN . . . . .	3

**Total Program Credits 18**

This certificate assumes the student has a basic knowledge of computer operating systems, hardware and software.

**WIRELESS COMMUNICATIONS**

*Technical Certificate (WIFI-CT)*

This program is an 18 college credit hour certificate designed to provide students with a basic knowledge of wireless networking and to prepare students to work in this field. These Credits may be applied towards the Electronics Engineering Technology or Computer Information Technology A.A.S. degree programs.

**Foundation Courses Credits**

CET 1071	Introduction to Telecommunications . . . . .	3
CET 1600C**	Networking Fundamentals . . . . .	3

**Intermediate Courses**

CET 1634C	Telecommunications Distribution Systems . . . . .	3
EET 2084C**	Introduction to Electronics . . . . .	3
CET 2854C**	Wireless LANs . . . . .	3
EET _____	Technical Elective . . . . .	3

**Total Program Credits 18**

This certificate assumes the student has a basic knowledge of computer operating systems, hardware and software.

**INTERNET SERVICES PROGRAMS**

**Program Contact: Wayne Horn 484-2021**  
**whorn@pensacolastate.edu**

We strongly encourage you to contact the Computer Science Department for assistance in planning your program of study.

**INTERNET SERVICES TECHNOLOGY**

*Associate in Applied Science (INST-AAS)*

This program prepares students for entry-level positions in Internet/Intranet related jobs. Students will be prepared for jobs such as Web Technician, Web Developer, Web Author, Website Designer, Website Manager and Internet Programmer. The program includes foundation courses in Information Technology and Business as well as a series of technical courses in development of Web site content and Web site management.

**Foundation Courses Credits**

CGS 1570†	Computer Concepts and Applications . . . . .	3
GEB 1011	Introduction to Business . . . . .	3
MAC 1105	College Algebra (Category IV) . . . . .	3
GRA 2151C	Computer Graphics I . . . . .	3
ACG 2021	Financial Accounting Principles . . . . .	3
ECO 2013	Economics I (Category III) . . . . .	3
_____*	Communications (Category D) . . . . .	3
_____**	General (Category V) . . . . .	3
_____*	Humanities/Fine Arts (Category II) . . . . .	3

\* See General Education Course Requirements page for options

\*\* The course has pre- or co-requisites, check Course Descriptions Section

† Meets Computer Competence Requirement

‡ Meets Oral Communications Requirements

**Intermediate Courses**

COP 1510**	Programming Concepts I	3
CGS 2069**	Fundamentals of Electronic Commerce	3
CET 1588C**	Network +	3
CGS 2874**	Web Design with Adobe Software	3
CGS 1700**	Introduction to Operating Systems	3
CTS 2433**	Database Development and Management	3

**Advanced Courses**

COP 2800**	Java Programming	3
CGS 2822**	Scripting for the Web	3
CGS 2821**	Web Site Theory and Project	3
_____++	Technical Elective	6
_____+	Elective	3

**Total Program Credits** **63**

- + Choose SLS 1353 Generations at Work unless oral communication requirement is being satisfied by the elective.
- ++ Choose any course with CGS, COP, CET, GRA or CTS prefix or GEB2139

**WEB DEVELOPMENT SPECIALIST**

*Technical Certificate* *(WEB-CT)*

This program provides an opportunity to establish a basic foundation in the field of web design and programming for employment in business, industrial and governmental institutions. Graduates are prepared for entry level positions as web technician, web development specialist trainee and web developer trainee. All courses in this program apply to the Internet Services Technology AAS program except that the AAS program requires MAC 1105, College Algebra.

**Foundation Courses** **Credits**

CGS 1570	Computer Concepts and Applications	3
GEB 1011	Introduction to Business	3
MAT 1033	Intermediate Algebra or higher Math	3
GRA 2151C	Computer Graphics I	3

**Intermediate Courses**

COP 1510**	Programming Concepts I	3
CGS 2069**	Fundamentals of Electronic Commerce	3
CGS 2874**	Web Design with Adobe Software	3

**Advanced Courses**

CGS 2822**	Scripting for the Web	3
CGS 2821**	Web Site Theory and Project	3
_____+	Technical Electives	3
_____	Electives	5

**Total Program Credits** **35**

- + Choose any course with CGS, COP, CET, GRA or GEB 2139.

**LANDSCAPING AND HORTICULTURE PROGRAMS**

**Department Head:** Frances Duncan 484-1168  
 fduncan@pensacolastate.edu

**Program Contact:** Amy Horner 484-1162  
 acompton@pensacolastate.edu

We strongly encourage you to contact the Biological Sciences Department for assistance in planning your program of study.

**LANDSCAPE AND HORTICULTURE MANAGEMENT**

*Associate in Applied Science* *(LAWN-AAS)*

This program is designed to provide the basic skills needed by the Landscape Maintenance Industry. Students will learn plant identification, disease management, landscape installation, equipment operation, cultural practices, basic landscape design, equipment safety and management and economic skills. Periodic professional development courses will be offered to enhance the skill levels of individuals working in the industry.

**General Education Courses**

**Credits**

_____	_____	Communications (Category I)	3

SPC 1006C	Basic Speaking and Listening Skills	1

**Total Program Credits** **64**

**LANDSCAPE AND HORTICULTURE SPECIALIST**

*Technical Certificate* *(LSPEC-CT)*

This program is designed to provide an opportunity for persons interested in the landscape and horticulture industry (landscape maintenance, golf course maintenance, nursery and greenhouse production and garden center management) to become skilled in basic horticultural practices. The Landscape Horticulture Specialist College Credit Certificate Program is 12 college credits approximately 75 hours are practical exercise and 115 hours are classroom instruction. Topics include: plant physiology and growth, classification of plants, maintaining landscape plants and employability skills.

All courses and credits earned can be applied towards the Landscape and Horticulture Technology A.A.S. (LAWN-A.A.S.) degree.

For additional information call the Landscape Technology Program contact on the Pensacola Campus at 484-1162 or visit our website at www.pensacolastate.edu and search "Landscape and Horticulture Management".

ORH 2220L**	Turfgrass Management Laboratory	1

**Total Program Credits** **12**

## LANDSCAPE AND HORTICULTURE PROFESSIONAL

Technical Certificate

(LPROF-CT)

This program is designed to provide an opportunity for persons interested in the landscape and horticulture industry (landscape maintenance, golf course maintenance, nursery and greenhouse production and garden center management) to become skilled in basic horticultural practices. The Landscape and Horticulture Professional College Credit Certificate Program is 18 college credits, approximately 75 hours are practical exercises and 190 hours are classroom instruction. Topics include: plant physiology and growth, classification of plants, maintaining landscape plants, fertilizing plants, managing a pest control program, pruning and shaping plants and employability skills. All courses and credits earned can be applied towards the Landscape and Horticulture Technology A.A.S. (LAWN-A.A.S.) Degree.

For additional information call the Landscape Program contact on the Pensacola Campus at (850) 484-1162 or visit our website at [www.pensacolastate.edu](http://www.pensacolastate.edu) and search "Landscape and Horticulture Management".

Foundation Courses		Credits
IPM 1011**	Pest and Pest Control . . . . .	2

## LANDSCAPE AND HORTICULTURE TECHNICIAN

Technical Certificate

(LTECH-CT)

This program is designed to provide an opportunity for persons interested in the landscape and horticulture industry (landscape maintenance, golf course maintenance, nursery and greenhouse production and garden center management) to become skilled in basic horticultural practices. The Landscape and Horticulture Technician College Credit Certificate Program is 30 college credits, approximately 215 hours are practical exercise and 275 hours are classroom instruction. Topics include: plant physiology and growth, classification of plants, maintaining landscape plants, fertilizing plants, managing a pest control program, pruning and shaping plants, plan, install, and employability skills. Topics for the Landscape Specialization include: planning, installing and maintaining landscape irrigation systems, analyzing and organizing landscape projects and laying out and installing landscapes.

All courses and credits earned can be applied towards the Landscape and Horticulture Technology A.A.S. (LAWN-A.A.S.) degree. For additional information call the Landscape Technology Program Contact on the Pensacola Campus, (850) 484-1162 or visit our website at [www.pensacolastate.edu](http://www.pensacolastate.edu), and search "Landscape and Horticulture Management".

## MASSAGE THERAPY PROGRAM

Department Head: Vacant

Program Contact: Sonja McCall

484-1642

[smccall@pensacolastate.edu](mailto:smccall@pensacolastate.edu)

Contact the Professional Service Careers Department for assistance in planning your program of study.

## MASSAGE THERAPY

Career and Technical Certificate

(MTFVC)

The professional Massage Therapy Program teaches the art and science of massage therapy, while also teaching sound business practices, which prepare students for success in the marketplace. You learn more than massage techniques. You learn how to tap into your compassion so you can put those techniques into practice for the greater good. That's the highest education standard of all. This program has an eight-month day vocational certificate program and a twelve-month night vocational certificate program designed to prepare graduates to sit for the Florida Massage Therapy license examination. This program is designed to meet the need for qualified massage therapists in hospitals, clinics, nursing homes, chiropractic centers, cosmetology salons, sports medicine clinics, and rehabilitation/physical therapy providers. Program graduates will be able to practice independently or can work in other health-related settings.

In the professional Massage Therapy Program, students learn light-energy work as well as deep-tissue modalities, spa therapies, infant massage, Shiatsu, and how to treat specific pain and dysfunction such as carpal tunnel syndrome, low back pain, and headaches. Massage Therapists also provide services to special needs populations such as athletes, the elderly and pregnant women, as well as a holistic approach to health and healing.

This Therapeutic Massage Program combines the student's knowledge of massage with specific training in the treatment of sports injuries, pathology, medical terminology, and documentation as well as anatomy and physiology and massage interventions. It also highlights spa therapy training in spa treatments and spa operations. Students will learn body treatments which will include body exfoliations, body masks, hydrotherapy, and body wraps. Bodywork techniques will include stone massage, lymphatic drainage, Shiatsu, reflexology, and deep tissue. Upon completion of this program, graduates will be marketable to resort, destination, day, medical and cruise ship spas.

Admission to this program is based upon receipt date of completed application requirements. Once a particular class is full, the remaining qualified applicants are automatically listed as alternates for that class. If the applicant is not seated, he/she is offered admission in the next available class.

Foundation Courses		Credits
MSS 0001	Introduction to Massage Therapy . . . . .	2
MSS 0253C	Massage Therapy I . . . . .	3
MSS 0215	Legal and Ethical Compliance to Florida Law . . . . .	1
MSS 0602	Massage Therapy Entrepreneurship . . . . .	1

## MECHANICAL DESIGN AND FABRICATION PROGRAMS

**Department Head:** Sue Halfhill 484-2522  
shalfhill@pensacolastate.edu  
**Program Contact:** Mike Cannon 484-2524  
mcannon@pensacolastate.edu

We strongly encourage you to contact the Engineering Technology Department for assistance in planning your program of study.

### MECHANICAL DESIGN & FABRICATION (ENGINEERING TECHNOLOGY)

*Associate in Applied Science* (MECH-AAS)

The Mechanical Design & Fabrication degree prepares a student for a career in the computerized machining and fabrication industry. The core courses provide a basis for employment in a variety of manufacturing areas some of which include Computer Aided Design (CAD), Computer Aided Manufacturing (CAM), Computerized Machining, Production Welding, Metal Fabrication, computerized millwright in wood, plastics and composite materials. Specific software used in this technical program include AutoCAD, PlasmaCAM, MASTERCAM-X Mill, Lathe, Router and SolidWorks. In this high demand industry our objective is to teach students proficiency in the set-up and operation of state of the art CNC machining and turning centers. The students will use a Haas VF-2 CNC Mill, Haas TL-1 CNC Lathe, a CNC plasma cutter and a CNC gantry table router. The Mechanical Design & Fabrication program provides students with unique skills and opportunities for employment in local and regional industries. A student can also acquire practical working experience by participating in our Co-op opportunities with local manufacturers.

<b>General Education (15 credits)</b>		<b>Credits</b>

### CNC MACHINIST

*Technical Certificate* (CNC-CT)

This technical certificate utilizes four essential core courses used in the Mechanical Design & Fabrication A.A.S. degree. The CNC machinist certificate reflects the culmination of those learned skills and proficiencies that allow a student to set-up and operate CNC machinery and turning centers at the entry level. The core courses provide training on a Haas VF-2 Mill, a Haas TL-1 Lathe, and on a CNC plasma cutter. Complete the requirements for this certificate to get a head start in the field as a CNC Machinist. There are many employment opportunities in the local and regional area in this field of study. While working on your classes you may choose to co-op to gain valuable working experiences as you learn. In addition you are building a solid foundation for the companion two-year A.A.S. degree in Mechanical Design & Fabrication. In short, this technical certificate can be completed in one semester allowing you to start a new career within a short amount of time. All the courses used in the CNC Machinist Technical Certificate are also applicable to the Mechanical Design & Fabrication A.A.S. degree. Additional skills you will learn to enable you are aircraft sheet metal riveting; metal fabrication; manual machining and production; and MIG, TIG, and gas welding. The goal of this certificate program is to certify current technology entry level skills in the machining and fabrication industry.

		<b>Credits</b>
EGS 1111	Engineering Graphics	3
ETI 2416	Metal Working Processes (Welding & Fabrication)	4
ETI 2411**	Manufacturing Processes (CNC Machining/ MasterCam -Lathe)	4
ETI 1931	Special Topics in Mechanical Design	1
<b>Total Program Credits</b>		<b>12</b>

### COMPUTERIZED WOODWORKING

*Technical Certificate* (CNCW-CT)

This technical certificate encompasses four essential core courses in the Mechanical Design & Fabrication A.A.S. degree. The Computerized Woodworking Certificate reflects the culmination of those learned skills and proficiencies for a student to set-up and operate the CNC machinery used in non-metal fabrication at the entry level. The core courses provide training on various woodworking equipments and on a CNC gantry mill router. Completion of the requirements for this certificate provides a head start in this technical field as a CNC operator. There are many employment opportunities in the local and regional area in this field. While working on these core courses, an individual may also choose to co-op to gain valuable working experiences while learning. Additionally, a solid foundation for the companion two-year A.A.S. degree in Mechanical Design & Fabrication is being built. In short, this technical certificate can be completed in one semester allowing one to start a new career rapidly. The four courses that comprise the Computerized Woodworking Technical Certificate are all applicable to the Mechanical Design & Fabrication two year A.A.S. degree. Other skills learned in this certificate program are graphic arts as applied to sign making, MasterCam Art to generate 3-D designs for the CNC router and computer drafting with AutoCAD. The goal of this certificate program is to certify current technology entry level skills in the machining and fabrication industry in non-metal fabrications.

		<b>Credits</b>
EGS 1111	Engineering Graphics	3
ETI 2415	Computerized Woodworking Processes	4
ETI 2412**	Manufacturing Processes (Mastercam Router)	4
ETI 1931	Special Topics in Mechanical Design	1
<b>Total Program Credits</b>		<b>12</b>

## MECHANICAL DESIGNER/PROGRAMMER

*Technical Certificate*

(MECH-CT)

This technical certificate utilizes four essential core courses used in the Mechanical Design & Fabrication A.A.S. degree. The Mechanical designer / programmer certificate reflects the culmination of those learned skills and proficiencies that allow a student become proficient in Solidworks 3-D design & MasterCam programming. At completion students are prepared to take the solidworks certificate exam. The core courses provide training in MasterCam Mill 2-D, Mill 3-D and two classes in solidworks. Students will process their designs on various Haas machining centers, CNC router and the PlasmaCutter. Complete the requirements for this certificate to get a head start in the field as a Mechanical Designer. There are many employment opportunities in the local and regional area in this field of study. While working on your classes you may choose to co-op to gain valuable working experiences as you learn. This certificate can be completed in two semesters allowing you to start a new career as a Mechanical Designer/Programmer. All courses used in the certificate are also applicable to the Mechanical Design & Fabrication A.A.S. degree. Additional skills you will learn to apply toward your education is metal fabrication, CNC machining and Welding. This certificate program will prepare you for a career in industrial machining and fabrication.

We strongly encourage that you contact the Engineering Technology Department for assistance in your decision to take coursework and in the planning of your program of study.

## HEALTH SERVICES MANAGEMENT

*Associate in Applied Science*

(HSM-AAS)

Health Services Management graduates work in the administrative support areas of the health field. Positions include professional duties in hospitals, clinics, insurance companies, pharmaceutical firms and doctor's offices. Health Services Management professionals have little or no direct patient contact, but provide business and administrative services "behind the scenes" by managing insurance, payroll, patient admissions, billings, regulatory reports, marketing, auxiliary services and other similar administrative functions.

## MEDICAL OFFICE ADMINISTRATION

*Associate in Applied Science* (MDSC-AAS)

The medical office assistant works in the administrative support area of the healthcare field. Job responsibilities include greeting patients, scheduling appointments, managing medical records, transcribing dictation, preparing correspondence and assisting physicians with reports, speeches, articles and conference proceedings. They also record simple medical histories, arrange for patients to be hospitalized and order supplies. Most medical office assistants need to be familiar with insurance rules, billing practices and hospital or laboratory procedures.

### FIRST YEAR

The courses with identified categories meet general education requirements.

\* Electives based on general education distribution requirements.

\*\* The course has pre- or co-requisites, check Course Description Section

## MEDICAL RECORDS TRANSCRIBING

*Applied Technical Diploma* (MDTR-ATD)

This certificate, college-credit program is designed to prepare students for employment as medical transcriptionists. Positions include opportunities with hospitals, outpatient clinics, physician's offices, independent transcription services, as well as ancillary facilities such as nursing homes. Students wishing to continue their education may take additional courses to earn a two-year Associates in Applied Science (AAS) degree.

### SPECIAL REQUIREMENTS

Persons interested in the program should contact the Health Programs Admission office at the Warrington campus. Applications must be returned to this office.

We strongly encourage you to contact the Nursing Department for assistance in planning your program of study.

## NURSING (ASSOCIATE DEGREE) R.N.

*Associate in Science* (RN-AS)

The Nursing faculty believes that associate in science degree nursing graduates contribute necessary, unique and skilled competencies to the health care system. The Department of Nursing's mission is to provide quality educational opportunities for students seeking to enter the healthcare arena and to meet the healthcare needs of the community. Classes and clinical are offered day, evenings and/or weekends so graduates will be eligible to apply to the National Council Licensure Examination for Registered Nurses. The Associate Degree program is accredited by the National League for Nursing Accrediting Commission.

### SPECIAL ADMISSION REQUIREMENTS:

Students seeking admission to the program must complete application to the college and the program. Admission to this program is limited by student/faculty ratios and availability of clinical resources. All application requirements must be completed before a student will be considered for admission to the nursing program. Admission is based on first qualified, first accepted. Students are required to pass a criminal background check and a urine drug screen prior to clinical experiences. Applicants who have an arrest record (other than a minor traffic violation) should be aware that they may not be permitted to sit for the licensing examination NCLEX-RN after graduation. The Florida Board of Nursing determines eligibility for NCLEX after receiving an individual's application to take NCLEX. Refer to [http://www.doh.state.fl.us/mqa/nursing/nur\\_faq.html](http://www.doh.state.fl.us/mqa/nursing/nur_faq.html) for questions.

If BSC 1094 and BSC 1094L are not older than five years, the prerequisite requirements are met, even if BSC 1094 and BSC 1094L are more than five years old. Students may substitute BSC 1094 and BSC 1094L by completing BSC 1080 and BSC 1086 Essentials of Anatomy and Essentials of Anatomy Lab.

Progression to the clinical component of the program is contingent upon submission of satisfactory physical examination/immunization forms and current (American Heart Association only) CPR certification at the Health Care provider level.

### ELIGIBILITY FOR ADMISSION REQUIREMENTS:

- Minimum 2.5 cumulative grade point average
- Composite score of 75% on HESI A2 components: Reading, grammar, vocabulary, math, Anatomy and Physiology

### REQUIREMENTS FOR PROGRESSION:

- Progression through the ADN program requires:
- "C" or higher in courses in the curriculum;
  - "C" or higher in all corequisites and prerequisites;
  - Current CPR certification at the Health Care Provider level (American Heart Association) only
  - Minimum score of 90% on a dosage calculation examination semester 1 and 3 of nursing courses prior to clinical rotations.
  - Satisfactory level of mental and physical health, including current immunizations, Hepatitis B vaccinations; yearly TB testing and ability to meet Performance Standards

Students who do not meet progression requirements must withdraw from the ADN program and apply for readmission.

### REQUIREMENTS FOR READMISSION:

Students who interrupt the specified progression through the program of study must apply for readmission to the program. Contact Department Director for Specific instructions.

The following courses must be completed prior to enrolling in any core course of the Registered Nursing Program and completed with a grade requirement of a minimum of "C" in each course and a cumulative grade of 2.75 for the seven courses:

## CAREER MOBILITY OPTION

Associate in Science

(RNCM-AS)

and

## PARAMEDIC TO RN

Associate in Science

(RNP-AS)

The Career Mobility Option is designed to give the licensed practical nurse (LPN) and the certified paramedic the opportunity to complete the associate degree nursing program in four semesters of nursing.

### SPECIAL ADMISSION REQUIREMENTS

Admission to this program is limited by student/faculty ratios and availability of clinical resources; therefore, students seeking admission to this program option must complete application to both the college and the program. All application requirements must be completed before a student will be considered for admission to this program option. Admission is based on first qualified, first accepted. Students are required to pass a Florida Criminal Background check and a urine drug screen prior to clinical experiences.

Eligibility for admission requires:

- Minimum 2.5 cumulative grade point average
- Composite score of 75% on HESI A2 components: Reading, grammar, vocabulary, math, Anatomy and Physiology
- Current unencumbered Florida licensure as a Practical Nurse or current unencumbered Florida certification as a Paramedic
- Completion of all prerequisites with a "C" or higher

Progression to the clinical component of the program is contingent upon submission of satisfactory physical examination, immunization forms and current CPR certification at the Health Care Provider level (American Heart Association only).

(For information on the requirements for Progression, Readmission and Academic Eligibility, see Nursing (Associate Degree) RN program.)

The following courses must be completed prior to enrolling in any core course of the Registered Nursing Program and completed with a grade requirement of a minimum of "C" in each course and a cumulative grade of 2.75 for the required courses:

Students who are currently licensed as Practical Nurses in Florida or certified as Paramedics in Florida *and* actively employed in a direct healthcare provider role are exempt from meeting the five year requirement for BSC 1094, Anatomy and Physiology and BSC 1094L, Anatomy and Physiology Lab.

### Required Prerequisites: Credits

DEP 2004	Human Growth and Development	3
BSC 1093**	Anatomy and Physiology I	3
BSC 1093L**	Anatomy and Physiology I Laboratory	1
BSC 1094**	Anatomy & Physiology II	3
BSC 1094L**	Anatomy & Physiology I Laboratory	1
MAC 1105	College Algebra	
	or	
STA 2023	Elementary Statistics (Category IV)	3
	(STA 2023 is recommended for anyone who may be interested in pursuing a Bachelor of Science in Nursing)	
ENC 1101	English Composition (Category 1)	3

### Term I

NUR 2003C**	Career Mobility Nursing Concepts	4
NUR 1511**	Mental Health Nursing I	1
MCB 1000	Applied Microbiology	3
MCB 1000L	Applied Microbiology Laboratory	1
HUN 1201	Elements of Nutrition (Category V)	3

### Term II

NUR 2212C	Adult Health Nursing II	6
	Humanities/Fine Arts (Category II)	3
SYG 2000	Introduction to Sociology (Category III)	3

### Term III

NUR 2213C	Adult Health Nursing III	6
NUR 2440C**	Maternal-Child Health Nursing	6

### Term IV

NUR 2811L**	Transitional Practice/Preceptorship	4
NUR 2523C	Mental Health II	3

**Total Program Credits** **60**

+ Upon completion of the Career Mobility Option, an additional 12 semester hours are granted. Thus, the student graduating from the Mobility Option earns 72 semester credits for the Associate Science Degree.

- Must be taken within last five years.

## PERIOPERATIVE NURSING

Advanced Technical Certificate

(PERI-ATC)

This advanced certificate is designed for the registered nurse who has had no previous experience in the Operating Room. At the completion of this course, it is expected that the nurse will be able to practice independently at the beginning level in a perioperative position. Course content includes knowledge and skills required to provide care to patients having surgical intervention during the preoperative, intraoperative and postoperative period. Emphasis will be placed on performing those functions directly related to scrubbing and circulating for selected surgical procedures.

NSP 2290C Perioperative Nursing . . . . . 9

**Total Program Credits** **9**

## NURSING ASSISTANT

Career and Technical Certificate

(NA-VC)

The Nursing Assistant program consists of three courses taken in the same semester. This program provides technical skill proficiency, and includes competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, occupation-specific skills specific to patient care. Successful completion of this program prepares the student for certification for employment as a Certified Nursing Assistant in a nursing home, in accordance with 464.203, of the Florida Statutes. Courses are taught by a qualified Registered Nurse.

### SPECIAL ADMISSION REQUIREMENTS

Admission to this program is limited by special accreditation requirements and/or the availability of clinical resources. Therefore, students seeking admission to the program must complete application to both the college and the Nursing Assistant program. All application requirements must be completed before a student will be considered for admission to the Nursing Assistant program. Students must successfully complete the TABE at the 10th grade level (exclusion based on previous college courses or degrees may apply), have a high school diploma or GED equivalent, and an overall 2.0 grade point average.

### PROGRAM PROGRESSION

Students must earn a "C" or better in all classes to continue to progress to completion of the program. Background check, drug screen and health form, and appropriate immunizations, are required for all applicants. Students whose drug screening and criminal background checks are deemed unsatisfactory may be denied access to clinical experiences by the clinical agencies. Failure to qualify for and meet clinical requirements at clinical sites will prevent completion of the program. Withdrawal from the program may be necessary if students cannot be placed for clinical experiences, and withdrawal for these reasons after drop/add period will not include reimbursement of tuition and fees.

### Required Courses

### Credits

HSC 0005	Orientation to Health Sciences	1
HCP 0120C	Nursing Assistant	3
MEA 0230	Medical Terminology with A & P	3

**Total Program Credits** **7**

## PRACTICAL NURSING

Career and Technical Certificate

(LPN-VC)

This program prepares the student to perform safe nursing care as a practical nurse under the direction of a registered nurse or a licensed physician. Entry-level skills are acquired through classroom instruction and supervised experience in the laboratory and hospital. The program completers are eligible to take the National Council Licensure Examination for Practical Nurses. The Practical Nursing program is a candidate for accreditation by the National League for Nursing Accrediting Commission.

### SPECIAL ADMISSION REQUIREMENTS:

Admission to this program is limited by student/faculty ratios and availability of clinical resources; therefore, students seeking admission to the program must complete application to both the college and the program. All application requirements must be completed before a student will be considered for admission to the nursing program. Admission is based on first qualified, first accepted. Students are required to pass a Florida Criminal Background check and a urine drug screen prior to clinical experiences.

### ELIGIBILITY FOR ADMISSION REQUIRES:

- Minimum 2.0 cumulative grade point average;
- Minimum raw scores of 24 on Judgment and Comprehension (reading), 36 on Academic Aptitude and 42 on Natural Science on the Practical Nursing Entrance Exam and;
- Minimum score of 23 on the Health Related Math Exam.

Progression to the clinical component of the program is contingent upon submission of satisfactory physical examination/immunization forms and current CPR certification at the Health Care Provider level. (American Heart Association)

### REQUIREMENTS FOR PROGRESSION:

Progression through the Practical Nursing Program requires:

1. 2.0 cumulative GPA
2. minimum grade of "C" in all courses required in the curriculum
3. fulfillment of all course prerequisites and corequisites
4. satisfactory level of mental and physical health, including current immunizations, Hepatitis B vaccinations, yearly TB testing and ability to meet Technical Standards/Physical Abilities
5. current CPR certification at the Health Care Provider (American Heart Association)
6. satisfactory urine drug screen and criminal background check

Students who do not meet progression requirements must withdraw from the Practical Nursing Program and apply for readmission.

### REQUIREMENTS FOR READMISSION:

Students who interrupt the specific progression through the Program of study must apply for readmission to the Program. Readmission requires:

1. Letter addressed to program director requesting readmission. The letter should include reason for leaving the program, what the individual has done to maintain knowledge and skills, and an action plan for success of the readmission.
2. Space availability in the nursing program.
3. Academic eligibility:
  - a. A 2.0 cumulative grade point average
  - b. No more than one grade of "D", "F", or "W" in a nursing course. (For reentry purposes only, a "W" received when failing a course is considered a course failure.) If a student has been dismissed from clinical and/or the PN program for unethical, immoral, illegal, or unsafe clinical practice, readmission will be determined on an individual basis.
4. Completion of a reentry contract which will require:
  - a. Minimum score of 90% on the first attempt of a drug calculation exam; no second attempts
  - b. Minimum score of 75% on the first attempt of content mastery exam, testing knowledge of previously passed courses.
  - c. Successful demonstration of practicum skills from previously passed courses.
5. Ability to meet and comply with standards and policies in the current College Catalog and Nursing Student Handbook.
6. Completion of a urine drug screen and background check: the cost of both are the responsibility of the student.

### Term I – Summer

Credits

PRN 0065C	Practical Nursing Foundations I	4
HSC 0591	AIDS/OSHA for Health Professionals	1
PRN 0030	Pharmacology I/Medical Terminology	1

### Term II – Fall

BSC 0070	Structure and Function	2
PRN 0015	Interpersonal Relationships for Nurses	1
PRN 0066C	Practical Nursing Foundations II	7
PRN 0200C	Practical Nursing I	7

### Term III – Spring

PRN 0201C	Practical Nursing II	8
PRN 0202C	Practical Nursing III	8

### Term IV – Summer

PRN 0100C	Practical Nursing IV	5
PRN 0904	Practical Nursing Seminar	1

**Total Program Credits** **45**

## SURGICAL TECHNOLOGY

Career and Technical Certificate

(SURG-VC)

The Surgical Technology program prepares the student to perform as a member of the surgical team who works closely with surgeons, anesthesiologist, registered nurses and other surgical personnel in delivering patient care and assuming appropriate responsibilities before, during and after surgery.

The Surgical Technology program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).

### SPECIAL ADMISSION REQUIREMENTS:

Admission to this program is limited by special accreditation requirements, student/faculty ratios and availability of clinical resources; therefore, students seeking admission to the program must complete application to both the college and the program. All application requirements must be completed before a student will be considered for admission to the Surgical Technology program. Admission is based on first qualified, first accepted.

### ELIGIBILITY FOR ADMISSION REQUIRES:

- Acceptable score on the Nelson Denny Reading Test (composite score of 11.0 is required); and
- Completion of the Test of Adult Basic Education (TABE).
- 2.0 grade point average

Progression to the clinical component of the program is contingent upon submission of satisfactory physical examination/immunization forms and current CPR certification at the Health Care Provider (American Heart Association).

### REQUIREMENTS FOR PROGRESSION:

- Progression through the ST program requires:
- "C" or higher in all courses in the curriculum;
  - Satisfactory completion of all corequisites and prerequisites;
  - Current CPR certification at the Health Care Provider (American Heart Association).
  - Satisfactory level of mental and physical health, including current immunizations, Hepatitis B vaccinations, yearly TB testing, and ability to meet Performance Standards.

Students who do not meet progression requirements must withdraw from the ST program and apply for readmission.

### REQUIREMENTS FOR READMISSION

Students who interrupt the specified progression through the Program of study must apply for readmission to the program.

- Readmission requires:
- Receipt of completed "Request for Re-Entry to the ST program" form a minimum of three months prior to the expected date of reentry;
  - Space availability in the program;
  - Academic eligibility:
    - a minimum 2.0 cumulative grade point average;
    - if a student has withdrawn from or failed clinical and/or the ST program for unethical, immoral, illegal, or unsafe clinical practice, readmission will be determined on an individual basis.
    - no longer than 12 months elapse from initial admission term to date of graduation.

\* See General Education Course Requirements page for options

\*\* The course has pre- or co-requisites, check Course Descriptions Section

† Meets Computer Competence Requirement

‡ Meets Oral Communications Requirements

- Ability to meet and comply with standards and policies in the current College Catalog and Student Handbook.
- Satisfactory urine drug screen and criminal background check.  
\*The cost of both are the responsibility of the student.

## OFFICE MANAGEMENT

*Technical Certificate*

(CLERK-CT)

The purpose of this one-year certificate college credit program is to prepare students for employment in a clerical position. The content prepares individuals to use computers in a variety of activities including correspondence and compiling and keying reports, application forms and other data from clerical records. It includes instruction in filing, posting information to records, sorting and distributing mail, answering telephones and an introduction to computer concepts as an integral part of modern business.

### SPECIAL REQUIREMENTS

After completing college testing requirements, students should consult a business counselor or the Business Department head. (All students must be able to key at a speed of 35 wpm or successfully complete OST 1100 before taking OST 1110.)

<b>Foundation Courses</b>		<b>Credits</b>
CGS 1570	Computer Concepts and Applications	.3
ENC 1101	English Composition I	.3

## PARALEGAL/LEGAL PROGRAMS

**Department Head: Linda Bloom** 484-2504  
lbloom@pensacolastate.edu  
**Program Contact: James Hightower** 484-1367  
jhightower@pensacolastate.edu

We strongly encourage you to contact the Business Department for assistance in planning your program of study. (For information on Legal Office Administration see Office Programs.)

## PARALEGAL STUDIES (LEGAL ASSISTING)

*Associate in Science*

(LEGAL-AS)

The legal assistant—also referred to as a “paralegal”—has become, in less than two decades, an integral part of the legal profession. This program equips its graduates to function both as an attorney’s general assistant and as a highly competent specialist in a particular area of law.

In addition to 16 hours of general education courses, all students must complete 48 hours of core courses.

Courses are structured and scheduled so that a student should be able to enter the program on either a full or part-time basis in any day or night term.

<b>Foundation Courses</b>		<b>Credits</b>
ENC 1101	English Composition I (Category I)	.3

## PHARMACY TECHNICIAN PROGRAM

**Department Head:** Sandra Hartley 484-2301  
shartley@pensacolastate.edu

**Program Contact:** Jennifer Moore 484-2346  
jmoore@pensacolastate.edu

We strongly encourage you to contact the Health Sciences Department for assistance in planning your program of study.

### PHARMACY TECHNICIAN

*Advanced Technical Diploma (PHRM-ATD)*

Pharmacy Technicians are trained Health Care professionals who work in both institutional and community pharmacy settings under the supervision of a pharmacist. Pharmacy technicians assist pharmacists in dispensing medications and are accountable to the supervising pharmacist who is legally responsible through state licensure for the care and safety of patients served by the pharmacy.

Pharmacy technician job duties include providing medication and other health care products to patients and working with third party and doctors' offices in resolving adjudication of patients' insurance or state program. Pharmacy technicians often do the routine tasks associated with preparing prescribed medication and providing drugs to patients, but may also do compounding of medications, doctor calls, expense and medication orders, returns and expired credits, and non-licensed pharmacy management. State rules and regulations as well as job policies and procedures define the functions and responsibilities of pharmacy technicians.

### SPECIAL ADMISSION REQUIREMENTS

Student enrollment in the program is limited. The number of students in each class shall be determined by the availability of space, equipment, qualified faculty, and institutional and community clinical facilities necessary for a meaningful education. Only one class per year is accepted. Program acceptance is based on selection from all qualified applicants meeting the minimum criteria on a first-qualified/first-seated basis. All applicants who meet the established criteria will be accepted into the program. However, not all will be guaranteed seats in the class of their choice if the application is not completed in a timely fashion.

\* See General Education Course Requirements page for options

\*\* The course has pre- or co-requisites, check Course Descriptions Section

Minimum requirements for eligibility to the program include high school diploma or GED. Applications for both the college and program must be on file. Applicants must have a GPA of 2.0 or higher. Final admission to the program is contingent upon submission of satisfactory physical examination/immunization forms, a federal background check and a drug screen. Admissions information packets are available on the Pensacola State College website. Contact the Pharmacy Technician program director, Ms. Jennifer Moore, at (850) 484-2346 or the Admissions Office for details at (850) 484-2210.

The following courses must be completed with a minimum "C" or higher grade prior to any core courses of the Pharmacy Technician Program

### Required Prerequisites: Credits

BSC 1080	Essentials of Anatomy & Physiology	3
BSC 1094	Anatomy & Physiology II	3
ENC 1101	English Composition I	3
CGS 1570	Computer Concepts & Applications	3
HSC 1531	Medical Terminology	3

### Term I

PTN 1001	Introduction to Pharmacy	3
PTN 1017	Pharmacy Technician Math	3
PTN 1121	Therapeutic Agents I	3
MNA 1161	Customer Service	3

### Term II

PTN 1122C	Therapeutic Agents II	3
PTN 1131	Applied Pharmacy Practice	3
PTN 1131L	Applied Pharmacy Practice Lab	3
PTN 1930	Pharmacy Seminar	1
PTN 1940L	Pharmacy Practicum I	2

### Term III

PTN 1941L	Pharmacy Practicum II	3
PTN 1942L	Pharmacy Practicum III	3

**Total Program Credits** 42

Note: CPR for Health Care Providers must be taken prior to starting clinicals. All courses must be completed with a minimum "C" or higher grade. \*Additionally, you need College Placement Test (CPT) scores on file or equivalent course work for Math (MAT 0028 or higher). The CPT will soon be changing to the PERT (Postsecondary Education College Readiness Test). Please check with the Testing Center for more information.

## PHLEBOTOMY PROGRAM

**Department Head:** Sandra Hartley 484-2301  
shartley@pensacolastate.edu

**Program Contact:** Wilma Duncans-Burnett 484-2216  
wduncans-burnett@pensacolastate.edu

We strongly encourage you to contact the Health Sciences Department for assistance in planning your program of study.

### PHLEBOTOMY

*Career and Technical Certificate (PHLEB-VC)*

This Career and Technical Certificate program is designed to train participants in the basic and supporting skills of the phlebotomist. Skills will include: specimen collection by venipuncture and capillary puncture, basic anatomy and physiology, infection control, safety and patient relations.

### SPECIAL REQUIREMENTS:

Admission to this program is limited by clinical assignments. All program requirements must be met before a student is eligible for admission. Two classes per year are accepted. Seats are allotted to qualified students on a first qualified/first served basis. All qualified students will be accepted into the program, but their seats may not be available in the year of their choice.

† Meets Computer Competence Requirement

†† Meets Oral Communications Requirements

Details of the program requirements and all forms needed are available from the Health Programs Admission Office on the Warrington Campus or on the Pensacola State College website, [www.pensacolastate.edu](http://www.pensacolastate.edu). The minimum requirements include: applications to the college and program, high school diploma or GED, appropriate transcripts on file, a minimum composite college level GPA of 2.0 and a minimum age of 18. All students must satisfactorily pass a federal background check, drug screen, physical examination/immunization record, and a front/back copy of a current American Heart Association Basic Life Support card. There is a technical standard for the clinical portion of the program and other clinical restrictions may apply.

The program information packet is available on the college website for answers to frequently asked questions, program schedule and more specific details.

## PHYSICAL THERAPIST ASSISTANT PROGRAM

**Department Head:** Sandra Hartley 484-2301  
**shartley@pensacolastate.edu**

**Program Contact:** Cena Harmon 484-2303  
**charmon@pensacolastate.edu**

We strongly encourage you to contact the Health Sciences Department for assistance in planning your program of study.

### PHYSICAL THERAPIST ASSISTANT

*Associate in Applied Science (PTA-AAS)*

The physical therapist assistant is a skilled technical health care worker, who under the supervision of a registered physical therapist carries out a planned patient care program. Duties of the physical therapist assistant include: training patients in exercise and activities of daily living; conducting treatments utilizing special equipment; assisting in performing tests, evaluations and treatment procedures; and observing the patient's responses and reporting to the supervising physical therapist. This program is accredited by the Commission on Accreditation in Physical Therapy Education of the American Physical Therapy Association.

#### SPECIAL ADMISSIONS REQUIREMENTS

Student enrollment in the program is limited. The number of students in each class shall be determined by the availability of space, equipment, qualified faculty and hospital and clinical facilities necessary for a meaningful education. Only one class per year is accepted. Program acceptance is based on selection from all qualified applicants meeting the minimum criteria on a first-qualified/first served basis. After the allotted seats for each class are filled, the applicants meeting the minimum criteria will be guaranteed a seat in the next starting class. All applicants who meet the established criteria will be accepted into the program. However, not all will be guaranteed seats in the class of their choice if the application is not completed in a timely fashion. Minimum requirements for eligibility to the program include high school diploma or GED. Applications for both the college and program must be complete and the appropriate transcripts must be on file. Applicants must have a GPA of 2.5 or higher and have completed prerequisite course work with "C's" or better. Finally, applicants must provide documentation of 48 hours of observation of physical therapy in three different venues. Final admission to the program is contingent upon submission of satisfactory physical examination/immunization forms, a federal background check and a drug screen. Admissions information packets are available on the Pensacola State College website. Contact the PTA program director, Cena Harmon, at (850) 484-2303 or the Admissions Office for details at (850) 484-2210.

**Note: S00758 CPR for Health Care Providers must be taken prior to starting clinical.**

**All courses must be completed with a minimum "C" or higher grade.**

The following courses must be completed with a minimum "C" or higher grade prior to any core courses of the Physical Therapist Assistant Program:

Term I-Summer	Credits
BSC 1093 Anatomy & Physiology I . . . . .	3
BSC 1093L Anatomy & Physiology I Lab . . . . .	1
ENC 1101 English Composition I . . . . .	3

## RADIOGRAPHY PROGRAM

**Department Head:** Christa Ruber 484-2321  
cruber@pensacolastate.edu  
**Program Contact:** Marilyn Coseo 484-2305  
mcoseo@pensacolastate.edu

We strongly encourage you to contact the Allied Health Department for assistance in planning your program of study.

### RADIOGRAPHY

*Associate in Applied Science* (XRAY-AAS)

The 23 month full-time curriculum has been designed to assist students in developing and mastering basic clinical competencies and theoretical concepts of current radiography practice. Graduates receive an AAS Degree in Radiologic Technology and are eligible to sit for the national examination given by the American Registry of Radiologic Technologists. The American Registry of Radiologic Technologists certification is recognized throughout the country. The Radiography program is fully accredited by the Joint Review Committee on Education in Radiologic Technology, 20 N. Wacker Drive, Suite 2850, Chicago, IL 60606-3182.

#### SPECIAL ADMISSIONS REQUIREMENTS

Admission to this program is limited by special accreditation requirements and/or the availability of clinical assignments; therefore, students seeking admission to the program must complete application to both the college and the program. Application packets are available from the Health Programs Admissions Office (484-2210) on the Warrington Campus or the Pensacola State College website at [www.pensacolastate.edu/healthprograms](http://www.pensacolastate.edu/healthprograms). Next, scroll to the Radiography Information Packet.

All application requirements must be completed before a student will be considered eligible for admission to this program.

Minimum requirements for eligibility to the program include high school diploma or GED and satisfactory scores on diagnostic tests in reading and computation skills.

When a student completes all sections of the application process and meets minimum criteria, they will be provisionally accepted into the program and assigned a seat in the next available class.

Therefore, it is important to complete the application, testing and transcript acquisition process as soon as possible. The student will be notified of their provisional acceptance in a timely manner. Final admission into the program is contingent upon submission of satisfactory physical examination/immunization forms, drug screen and background check.

Core courses with an RTE prefix may not be taken on a Pass/Fail option.

Requirements for the Associate in Applied Science Degree for Hospital Based Radiographer graduates:

Pensacola State College provides a means for graduates of JRCERT accredited Hospital-based two-year programs who are currently registered Radiologic Technologist to pursue an Associate Degree. To qualify, the applicant must submit an application to the college and the Allied Health Department. The applicant must also submit an official transcript to the college and hold a current RT registration without restriction. Once the applicant has completed the required general education courses, he or she would receive 62 credits and would be awarded the Associate in Applied Science degree. Please contact the Allied Health Department for advising.

**Note: S 00758 CPR for Health Care Providers must be taken during first term of program prior to starting any clinical.**

**General Education Courses (all except math and communications, may be taken any term) Credits**

MAT 1033	Intermediate Algebra(or higher math) (Category IV)(should be taken during first summer term)	3

## RECREATION PROGRAM

Department Head: Susan Morgan 484-2137  
smorgan@pensacolastate.edu  
Program Contact: Doug Rogers 484-1317  
drogers@pensacolastate.edu

We strongly encourage you to contact the History/Languages/ Social Sciences Department for assistance in planning your program of study.

### RECREATION TECHNOLOGY

*Associate in Science* (REC-AS)

This degree prepares students for employment as recreation leaders, activity directors, group recreation workers, or recreation facility staff. The degree program would also be beneficial to persons who might desire to obtain a bachelor's degree in a human performance or a recreational major at a later date.

Foundation Courses		Credits
ENC 1101	English Composition I (Category D)	3
LEI 1141	Introduction to Recreation and Leisure Services	3
_____*	Natural Sciences/Mathematics (Category IV)	3
_____†	Computer Competence Requirement	1
PEO 1011	Team Sports	3

PEM1181	SLS 1101	HUS2400	MNA1161	

Note: In addition to the Recreation Technology Electives listed above, other courses may be approved as electives. Students should consult program contact regarding elective choices.

## SONOGRAPHY PROGRAM

Department Head: Christa Ruber 484-2321  
cruber@pensacolastate.edu  
Program Contact: Liesa Bromet 484-2251  
lbromet@pensacolastate.edu

We strongly encourage you to contact the Allied Health Department for assistance in planning your program of study.

### SONOGRAPHY (DIAGNOSTIC MEDICAL SONOGRAPHY)

*Associate in Applied Science* (SON-AAS)

The Diagnostic Medical Sonography A.A.S. two-year curriculum is designed to prepare graduates to exercise initiative and independent judgment in the performance of sonographic examinations.

Graduates are encouraged to pursue registry with the American Registry of Diagnostic Medical Sonography (ARDMS). Information regarding the registry can be found at [www.ardms.org](http://www.ardms.org). The program is actively seeking accreditation by the Commission on Accreditation of Allied Health Education Programs (CAAHEP). Instruction is consistent with Curriculum Frameworks as administered by the Florida Department of Education.

#### SPECIAL REQUIREMENTS

Admission to this program is limited by special accreditation requirements and/or the availability of clinical assignments. All program requirements must be met before a student is eligible for admission. One class per year is accepted. Seats are allotted to qualified students on a first qualified/first served basis. All qualified students will be accepted into the program, but their seats may not be available in the year of their choice.

Details of the program requirements and all forms needed are available from the Health Programs Admission Office on the Warrington Campus or on the Pensacola State College website, [www.pensacolastate.edu](http://www.pensacolastate.edu). The minimum requirements include: application to both the college and program, high school diploma or GED, appropriate transcripts on file, minimum score of 55 on both the reading and math segments of the Health Occupations Basic Entrance Test (HOBET), information sheet, completion of all pre-requisite courses with a minimum grade of "C", and a minimum composite college level GPA of 2.5.

Applicants who have completed a program in an allied health care field that is patient care related at an associates level or higher may qualify for special admission requirements. The information packet details this articulation agreement.

Immediately prior to the clinical portion of the program all students must satisfactorily pass a federal background check, drug screen, physical examination/immunization record, and hold a current American Heart Association CPR for health care provider card. There is a technical standard for the clinical portion of the program and other clinical restrictions may apply.

The program information packet is available on the college website for answers to frequently asked questions, program schedule and more specific details.

The following courses must be completed with a minimum "C" or higher grade prior to assignment of a seat in the Sonography Program:

Prerequisites	Credits	
BSC 1093** Anatomy and Physiology I	3	
BSC 1093L** Anatomy and Physiology I Laboratory	1	
MAC 1105 College Algebra (Category IV)	3	
PHY 1025** Intro to Fundamentals of Physics (Category V)	3	
ENC 1101 English Composition I (Category I)	3	
<b>Term I</b>		
BSC 1094** Anatomy and Physiology II	3	
BSC 1094L** Anatomy and Physiology II Laboratory	1	
HSC 1590 AIDS/OSHA for Health Professionals	1	
_____*	Humanities/Fine Arts (Category II)	3
_____*	Social/Behavioral Sciences (Category III)	3
SON 1004C** Basic Procedures	4

**Total Program Credits** 72

## VETERINARY TECHNOLOGY PROGRAM

**Department Head:** Frances Duncan 484-1168  
 fduncan@pensacolastate.edu  
**Program Director:** Brita Reynolds 484-1941  
 breynolds@pensacolastate.edu  
**Email Contact:** veterinarytech@pensacolastate.edu

We strongly encourage that you contact the program director or the biology department for assistance in planning your program of study. This information is subject to change.

### VETERINARY TECHNOLOGY PROGRAM

*Associated in Science (VET-AS)*

This two year, full-time program prepares students to perform entry-level skills as a Veterinary Technician. These skills are mastered through classroom instruction and supervised laboratory instruction. Each student will be assigned to a clinical work site throughout the program. The core courses of the program begin in August of each year. Prior to starting core courses students must have completed these general education courses ENC1101 (English Composition I), MAC1105 (College Algebra) and ZOO 1010 (General Zoology with ZOO 1010L ZOO lab.) Other required general education courses can be taken prior to graduation. Students must also complete 30 hours of veterinary clinical work or volunteer experience prior to acceptance into the program. The veterinary clinic observation form can be found in the application packet. Students are advised to contact the department at veterinarytech@pensacolastate.edu to assess progress. The complete information packet and application process can be found at [www.pensacolastate.edu/vettech/](http://www.pensacolastate.edu/vettech/) Please read the application procedures carefully and use the student checklist provided.

The following prerequisite courses must be completed prior to enrolling in any core courses of the Veterinary Technology Program and completed with a grade requirement of "C" or better in each course and a cumulative grade of 2.0 overall.

**General Education Course** **Credits**

MAC 1105	College Algebra (or higher math) and	3
ENC 1101	English Comp I (Category I)	3
ZOO 1010/L	General Zoo and General Zoo Lab (Category V)	4

It is advised that a student complete these courses prior to the core courses of the program and they must be completed with a grade requirement of "C" or better prior to graduation from the program.

PHI 2600	Ethics (Category II)	3
_____	Social/Behavioral Sciences (Category III)	3
	(HSC2100 or DEP2004 or PSY2012)	

**Term I**

ATE 1110	Animal Anatomy	3
ATE 1211	Animal Physiology	3
ATE 1110L	Animal A&P Lab	1
ATE 1650C	Introduction to Clinical Procedures	3
ATE 1311†	Veterinary Office Procedures and Terminology	3

**Term II**

ATE 1636	Large Animal Clinical Procedures	3
ATE 1636L	Large Animal Clinical Procedures Lab	1
ATE 2632	Small Animal Clinical Procedures 2	3
ATE 2632L	Small Animal Clinical Procedures 2 Lab	1
ATE 1612	Large Animal Medicine	3
ATE 1050††	Canine and Feline Behavior	2
ATE 1941L	Clinical Work Experience One	1

**Term III**

ATE 2722	Avian, Exotic, Small Mammals and Fish	2
ATE 2671	Laboratory Animal Medicine	2
ATE 2671L	Laboratory Animal Medicine Lab	1
ATE 1942L	Clinical Work Experience Two	1

**Term IV**

ATE 2634	Small Animal Clinical Procedures 3	3
ATE 2634L	Small Animal Clinical Procedures 3 Lab	1
ATE 2630	Pharmacology	4
ATE 2710	Veterinary Emergency Medicine	3
ATE 2943L	Clinical Work Experience Three	1

**Term V**

ATE 2020	Contemporary Clinical Issues	3
ATE 2635	Small Animal Clinical Procedures 4	3
ATE 2635L	Small Animal Clinical Procedures 4 Lab	1
ATE 2501	Professional Development Seminar	2
ATE 2511	The Human Animal Bond	2
ATE 2944L	Clinical Work Experience Four	1

**Total Program Credits** 73

**Note:** Clinical Work Experience will require that the student spend four hours per week at an approved clinical site each semester.

 \*\* The course has pre- or co-requisites, check Course Descriptions Section

† Meets Computer Competence Requirement  
 †† Meets Oral Communications Requirements

# ACADEMIC PROGRAM ENHANCEMENTS

## DISTANCE LEARNING (eLearning)

Pensacola State College recognizes that the population served by the College is changing. Students are older, have work and family responsibilities, and are finding it increasingly difficult to conform to the traditional time and place bound model of higher education. The College is also aware of the impact new technologies are having on the ways students learn, communicate, and go about their daily lives. The College is committed to providing all students with a consistent, comprehensive, and user friendly eLearning environment to maximize scheduling flexibility and reduce travel time.

The extent to which students may engage eLearning is described in the following course models:

- **Distance Learning Courses:** All course work can be completed at a distance. No campus visits are required. Please note that all distance learning courses carry a Distance Learning Fee charged in addition to tuition.
- **Hybrid Courses:** On-campus course work is reduced and substituted with online instruction. The number of on-campus visits versus off-campus instruction varies from course to course (Hybrid courses do not carry a distance learning course fee).
- **Traditional Courses:** The vast majority of college credit courses now incorporate some degree of eLearning methods and technology. Although traditional courses meet on campus, instructors often include supplemental course materials via the internet.

### NOTES REGARDING DISTANCE LEARNING COURSES

Pensacola State College distance learning courses may be suitable for you if:

- your schedule does not allow you to take traditional college classes.
- you have excellent time management skills.
- you are self-motivated.
- you have a working knowledge of computer technology and the internet.
- you have routine access to a computer off-campus with a reliable internet connection (broadband access recommended).

All Pensacola State College distance learning courses:

- are fully accredited college courses.
- offer the same credits as on-campus classes.
- are fully transferable.
- can be applied toward graduation requirements.
- are the same as courses taught on-campus in terms of academic rigor.
- are delivered completely online.

### THINGS TO DO PRIOR TO REGISTRATION:

- Visit the Pensacola State College eLearning website: <https://www.pensacolastate.edu/elearning>.
- Check the hardware and software requirements for each distance learning course you intend to take.
- For questions regarding eLearning at Pensacola State College call (850) 484-1238 or email, [elearning@pensacolastate.edu](mailto:elearning@pensacolastate.edu).

## DUAL ENROLLMENT/ EARLY COLLEGE

Dual Enrollment/Early College provides the opportunity for qualified high school students to enroll in Pensacola State College courses while concurrently enrolled in high school. Students can receive both high school and college credit for these courses. This program is open to students from public high schools, accredited private schools, or approved home education programs, who are in the eleventh grade, have an unweighted grade point average of 3.0 or above to enroll in college credit courses, or a 2.5 unweighted grade point average to enroll in career and technical certificate courses, and who meet the state-designated college placement test scores. Dual Enrollment/Early College students are allowed to complete a maximum of 60 credit hours that meet high school graduation requirements. After the completion of 60 hours, students wishing to remain at Pensacola State College must apply, register, and pay fees as a regular student.

**Concurrent Enrollment:** This is a special category designed for public, private, and home-educated students in Escambia and Santa Rosa counties who meet the eligibility requirements. Presently, two models of Concurrent Enrollment exists: 1) In-School Classes where classes are offered during the traditional high school day following the high school schedule; and, 2) Before-or After-School Classes where the courses meet either before-or after-high school hours, on a high school campus, following the Pensacola State College schedule. Fees for registration and books are not charged for Escambia or Santa Rosa public school students who are enrolled in this program. However, students enrolled in private schools and home-educated students who are approved to enroll in courses taken for high school credit will not be charged but will be held responsible for purchasing their books.

**On-Campus Dual Enrollment/Early College:** This category allows for high school students to enroll in college courses, at any Pensacola State College campus. Students wishing to participate in the On-campus Dual Enrollment/Early College category should check with their high school guidance counselor to determine whether coursework completed will meet high school graduation requirements or elective requirements. Fees for registration and labs are not charged for Escambia or Santa Rosa public school students, private school students, or home-educated students.

Additional information about the Dual Enrollment/Early College Program may be obtained from the Dual Enrollment Office by phone at (850) 484-1406 or by e-mail at [dualenrollment@pensacolastate.edu](mailto:dualenrollment@pensacolastate.edu).

## CAREER AND TECHNICAL EDUCATION (CTE) STUDENT RESOURCES

Career and Technical Education (CTE) Student Resources provides free services to students enrolled in CTE programs — AS, AAS, and Certificates. Services include use of student resource/study room, access to internet-based academic support.

Students who meet additional eligibility requirements may be considered for additional services which include use of required textbooks, scholarships, short-term child care, mentoring and support.

Interested students are encouraged to visit the website: [www.pensacolastate.edu/cte](http://www.pensacolastate.edu/cte), or contact the office at (850) 484-2163 or e-mail [askcte@pensacolastate.edu](mailto:askcte@pensacolastate.edu).

## EDUCATOR PREPARATION INSTITUTE (EPI)

The Educator Preparation Institute (EPI) is a competency based set of nine courses designed to prepare persons with bachelor's degrees for teacher certification. The twenty-one credit hours are taken over three semesters and are one of four components for the full professional teacher certification. The other three components are state certification exams in General Knowledge, Professional Education, and in a particular subject area. The student can complete all four of the requirements in a year.

The EPI model was adopted by the Florida Community Colleges and several universities as a means to train more K-12 teachers for Florida's 67 county school districts in a shorter period of time. The combination of the class size amendment, Florida's continuing population increase, No Child Left Behind requirements for highly qualified teachers, and the retirement of many Baby Boomer aged teachers has left Florida with more classroom teaching positions than teachers. The addition of 28 Community Colleges to help prepare teachers should increase the number of certificated teachers available in a year or less.

Pensacola State College has been preparing teachers through the EPI since August 2005. EPI trained teachers are now employed in Santa Rosa and Escambia district schools in a variety of subject areas.

The course work is focused and intense, but well within the capacity of a committed learner. The training schedule is designed for people who have to maintain their full-time employment while attending classes. Classes are two nights a week for 2.5 hours each and 3 hours on Saturdays.

## HONORS PROGRAM

The Pensacola Junior College Honors Program offers academically gifted students some flexibility in designing their honors program to meet individual needs. Through a generous gift from the Grover Robinson IV family, these students will be known as the Robinson Honors Scholars.

A major emphasis of the Honors Program is to teach students to think critically; thus, awakening them to a whole new world of opportunities for personal and intellectual growth.

This is accomplished via several different approaches. The first is by attending scheduled Lyceum events and other similar educational opportunities. After each event the honors students will meet and discuss the lecture, performance or exhibition. The students will also have a chance to travel to regional sites of historic and cultural importance. Lectures will be given to the students before and during these field trips.

The final and perhaps most unique among Florida colleges and universities is the Robinson Honors summer abroad programs of study. Each summer Pensacola State College Robinson Honors students will either study at Cambridge University in England or travel to Italy and Switzerland for studies at Naples, Rome, Florence, Venice and Lucerne. These study abroad opportunities are significantly funded by the program.

Students must be freshman status when applying to the program and meet the program requirements which are explained on the application form. An application form may be obtained by calling or emailing Dr. Charlie Schuler at (850) 484-2543 or [cschuler@pensacolastate.edu](mailto:cschuler@pensacolastate.edu) or Sherrill Halftown at (850) 484-1425 or [shalftown@pensacolastate.edu](mailto:shalftown@pensacolastate.edu).

## PENSACOLA STATE COLLEGE PLANETARIUM AND SPACE THEATRE

The Pensacola State College Planetarium and Space Theatre is a unique college resource used to support courses in astronomy and other subject areas. Located on the southwest corner of the Pensacola Campus (Building 21) the planetarium also provides educational opportunities for K-12 students across northwest Florida and Alabama. The facility is equipped with a Discovery Dome, High Definition, projection system that renders the nighttime sky and full-motion video in realistic detail. The viewable dome measures 40 feet in diameter and the facility has a seating capacity of 99. For more information please visit the website (<http://planetarium.pensacolastate.edu/>) or email [bjackson@pensacolastate.edu](mailto:bjackson@pensacolastate.edu).

# DEVELOPMENTAL STUDIES

The Developmental Studies Department provides college preparatory classes in English, reading, and math and college credit classes in English and college success. According to the Florida Administrative Code, all entering students must take Florida's Placement Test, the PERT (Post Secondary Education Readiness Test). Those students whose PERT scores in math, reading, and/or English fall below the minimum in these areas must take college preparatory classes. This department also provides individualized academic support for all Pensacola State College students in the tutoring labs on each campus: the Math labs and Reading and Writing Labs.

Students who test into college preparatory instruction and subsequently enroll in college preparatory instruction must successfully complete the required college preparatory studies by the time they have accumulated 12 hours of college credit coursework or they must maintain continuous enrollment in college preparatory coursework each semester until the requirements are completed while performing satisfactorily in the degree earning coursework. Students who are required to take two or more college preparatory courses must also complete the SLS 1101 College Success course.

College preparatory courses do not satisfy any requirements for graduation. Each college preparatory course is designated in the course descriptions to indicate the number of college preparatory (c.p.) credits awarded. For assistance in college credit course selection, or for additional information about this state requirement, contact a counselor or the department head for Developmental Studies.

In accordance with Florida law, students may use Adult Education, Adult Secondary Education, or private provider instruction as an alternative to traditional college preparatory instruction. For information on these options, contact the Developmental Studies Department on the Pensacola campus or the Student Affairs Office on either the Milton or Warrington campus.

**Department Head: Brenda Kelly** 484-1185  
bkelly@pensacolastate.edu

## COLLEGE PREPARATORY INSTRUCTION

College preparatory courses are provided for high school graduates who are identified as needing additional academic background or refresher work in computation and/or communications skills before pursuit of college credit courses. These courses provide instruction in the areas of reading, English/writing, and mathematics. College preparatory courses do not apply toward A.A., A.S., A.A.S., or certificate program requirements, but may meet prerequisites for continued pursuit of college credit courses.

### REQUIRED ENROLLMENT IN COLLEGE PREPARATORY COURSES

Students whose entry-level placement scores fall below the minimum levels specified for English/writing, math, and reading are required to enroll in the appropriate college preparatory courses before attempting college credit work in those areas.

Once the college preparatory requirement is satisfied, the student may progress to college credit courses in the subject area. Successful completion of the college preparatory requirement is defined as:

a) a grade of "C" or higher in each required college preparatory course and b) attainment of a passing score on each required college preparatory exit examination. A student may also progress to college credit work if he/she demonstrates a satisfactory placement exam score in the appropriate subject area.

### COLLEGE PREPARATORY EXIT EXAMINATION

Florida Statutes require that a student successfully complete a college preparatory exit examination at the close of each college preparatory course sequence in which he/she is required to enroll. Accordingly, an exit examination will be administered in each preparatory subject area in coordination with the final course in the college preparatory English, mathematics, and reading sequences (i.e., ENC 0025, MAT 0028, REA 0017). Since Florida Statutes require that a student pass both the course and the exit examination, a student who is not passing the course at the end of the semester will not be allowed to sit for the exit examination.

## ALTERNATIVES FOR TRADITIONAL COLLEGE PREPARATORY INSTRUCTION

Florida law requires that all students whose placement test scores indicate the need for remediation be given the opportunity to satisfy the remediation requirement through traditional college preparatory instruction or through alternate instructional options. Examples of alternate options include independent study, non-credit courses, and instruction through other colleges and/or private providers.

Students who elect to pursue one of the alternate options must meet first with a Pensacola State College counselor/advisor to discuss the impact of the choice on his/her degree progress. In addition, students should be aware of the following:

Pensacola State College can certify and recommend only those instructional options offered through Pensacola State College and does not endorse, recommend, evaluate, or rank any other providers or alternative.

Students who pursue options other than college preparatory classes must retake and score appropriately on the college placement test before advancing to college courses.

Students who are receiving financial aid, military tuition assistance, or VA benefits should consult with the financial aid office regarding the impact of alternate options on their benefit.

### REPEAT ENROLLMENTS/ATTEMPTS IN COLLEGE PREPARATORY COURSES

**According to Florida Statute, a student is eligible for no more than three attempts to successfully complete a given college preparatory course.** Florida Statutes also mandate that for the third attempt in a given college preparatory course, a student will be required to pay the full cost of instruction (approximately four times the usual matriculation in fees). **In documented cases of financial hardship, an exception to the full cost may be granted. A withdrawal from a college preparatory course is considered an attempt, unless the student withdraws prior to the close of drop/add period. If a student receives a grade of N, W, or I in a college preparatory course, he/she may repeat the course to improve the grade and meet preparatory requirements. On the third attempt, the student will be awarded the letter grade earned (A, B, C, and F) and will not be allowed to withdraw or to re enroll.**

For more information about college preparatory class offerings call the Department of Developmental Studies at (850) 484-1185/1186.

## COLLEGE PREPARATORY

College preparatory courses are designed to develop the student's communication and computation skills to enhance the opportunity for success in regular college courses. College preparatory courses may be required for students not achieving minimum scores on Pensacola State College placement tests. Students should contact the Developmental Studies Department for additional information.

### **ENC 0015 Developmental Writing I. 4 hours. 4 c.p.**

**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam. Designed for students whose basic language skills need improvement, this course includes a review of basic grammar rules, sentence structure, punctuation, and capitalization. The writing component of the course focuses on effective paragraph composition.

### **ENC 0025 Developmental Writing II. 4 hours. 4 c.p.**

**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or ENC 0015. Designed for students who need to improve their language skills, this course offers a review of grammar rules, language usage, sentence structure, punctuation, and composition of effective paragraphs and short essays. Students will pass both parts of the Florida Basic Skills Exit Test (a paragraph or short essay and an objective test) with a 70 or higher in order to pass the course.

### **MAT 0018 Developmental Mathematics I. 4 hours. 4 c.p.**

**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam. This course is designed for students who have little or no algebra background. The major topics in the course are operations with signed numbers, fractions, decimals, ratios and proportions, percents, and geometric figures. The prealgebra topics will include properties of signed numbers, simplifying polynomials, and equation solving. Students must earn a grade of "C" or higher in order to advance to the next higher mathematics course which is MAT0028.

### **MAT 0028 Developmental Mathematics.II. 4 hours. 4 c.p.**

**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or MAT 0018. This course is designed for students who have had some previous algebra instruction and it will provide the algebra skills needed for success in MAT1033. The major topics in the course are signed numbers, algebraic expressions, exponents, polynomials, factoring polynomials, linear and quadratic equations, rational and radical expressions, and an introduction to graphing. Students must earn a grade of "C" or higher and pass the Florida Basic Skills Exit Test in order to advance to the next higher mathematics course which is MAT1033.

### **REA 0007 Developmental Reading I. 4 hours. 4 c.p.**

**Prerequisite:** Appropriate score on Florida Entry-Level Exam. REA0007 is college preparatory reading course that builds basic skills in vocabulary and literal and critical comprehension. This course emphasizes student development of successful reading strategies.

### **REA 0017 Developmental Reading II. 4 hours. 4 c.p.**

**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or REA 0007. REA00017 is a college preparatory reading course that advances college-level skills in vocabulary and literal and critical comprehension. This course emphasizes students development of successful reading strategies. Students must pass the Florida Basic Skills Exit Test with a 70 or higher in order to pass this course.

## COLLEGE CREDIT

### **LIN 1670C Traditional English Grammar and Composition. 3 c.c.**

**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or ENC 0025. A comprehensive course including grammar, usage, and mechanics; basic sentence structure; and effective writing strategies. Course satisfies A.A.S. general education requirement for Category I. LIN 1670C is useful as a college elective.

### **SLS 1101 College Success. 3 c.c.**

**FA, SP, SU –** This course teaches the skills necessary for college and career success. Critical thinking, time and financial management, study and test-taking strategies, and effective interpersonal communication are emphasized. Students explore learning styles, career options, and motivation, among other relevant topics. **Meets A.A. general education Category IV.**

### **SLS 1122 Computer Skills for Academic Success 1 c.c.**

**FA, SP, SU –** This course teaches the skills necessary for using technology in a college environment. Students will navigate the online college environment, including college web pages, college email accounts, and online course environments; use online college resources to access registration-related information; conduct Internet research to locate and evaluate online information; avoid plagiarism when using online sources; and create and manage electronic documents. **Meets A.A. computer competence requirement.**

# ADULT EDUCATION

The Adult Education Department offers classes for adults who want to improve their basic academic skills, prepare for the GED Examinations, and/or learn English. The program offers:

- Non-credit classes for adults who are at least 18 years of age.
- Individuals who are 16 or 17 years old may be admitted with a letter of permission or an age waiver from the school district in the county in which they reside.
- Free classes to qualifying Florida residents.
- Convenient class locations throughout the community and on all Pensacola State College campuses.
- Open entry classes: enroll at any time!
- Morning, afternoon, evening classes and weekend classes, beginning Fall, 2011.

The Adult Education Department provides several options for students who need adult education programs:

1. **Adult Education** classes are provided for adults whose academic skills are below ninth grade level. The program covers basic reading, math and language skills. Pre-GED review, family literacy, workforce readiness and life coping skills may also be addressed.
2. **General Education Development (GED)** classes are offered for students who do not have a high school diploma and whose academic skills are at or above ninth grade level. Classes prepare students for all areas of the GED Examinations.
3. **English for Speakers of Other Languages (ESOL)** classes are available primarily for foreign born U.S. citizens or adults with resident alien status who wish to improve their English language skills. Everyday survival skills and a basic knowledge of the English language are covered.
4. **Adult Education for Adults with Disabilities** classes are provided for clients at Pollak Training Center and at United Cerebral Palsy of Northwest Florida. For information about Pollak Training Center, please call (850) 438-5577. For information about United Cerebral Palsy of Northwest Florida, please call (850) 432-1596.
5. **Workplace Employee Development** classes can be provided on-site or on campus. For information about starting a class at your business or industry, call the GED HOTLINE, (850) 484-2120.

The GED Examinations are offered monthly at the Test Center on the Pensacola Campus. Individuals wishing to take the tests must be 18 years of age or older. Sixteen and 17 year old students who are enrolled in Pensacola State College GED Preparation classes must meet attendance and academic requirements before they will be allowed to take the test. Advanced registration, a valid Florida driver's license or Florida state I.D. card and payment of a fee are required. For information about test dates and fees, call the Test Center at (850) 484-1656.

**Director:** Tom Leonard 484-2128  
tleonard@pensacolastate.edu

**Student Services Coordinator:** Cherie Poll 484-2584  
cpoll@pensacolastate.com

## ADULT EDUCATION

### A 099AC AE Comprehensive.

Comprehensive Adult Education is a non-credit course designed to develop literacy skills necessary to be a successful worker, citizen and family member. Comprehensive Adult Education prepares students to enroll in GED preparation courses. A student enrolled in the Comprehensive AE program may be receiving instruction in mathematics, language and/or reading.

### A 099RA AE Basic Reading.

### A 099RB AE Beginning Reading.

### A 099RC AE Intermediate Reading.

### A 099RD AE Functional Reading.

AE Basic, Beginning, Intermediate, and Functional Reading are non-credit courses designed to help adult students gain and improve basic reading skills. Word attack skills, reading comprehension, vocabulary building, and understanding a variety of literary forms are among the topics covered in the AE Reading continuum of classes.

### A 099MA AE Basic Mathematics.

### A 099MB AE Beginning Mathematics.

### A 099MC AE Intermediate Mathematics.

### A 099MD AE Functional Mathematics.

AE Basic, Beginning, Intermediate, and Functional Mathematics are non-credit courses designed to help adult students gain and improve basic mathematics skills. Addition, subtraction, multiplication and division of whole numbers, fractions, and decimals, percents, ratio and proportion, problem solving, measurement, and beginning algebra and geometry are among the topics covered in the AE Mathematics continuum of classes.

### A 099LA AE Basic Language.

### A 099LB AE Beginning Language.

### A 099LC AE Intermediate Language.

### A 099LD AE Functional Language.

AE Basic, Beginning, Intermediate, and Functional Language are non-credit courses designed to help adult students gain and improve basic language skills. Capitalization, punctuation, sentence identification, grammatical concepts, communication of ideas and information in both spoken and written forms, and organization of ideas are among the topics covered in the AE Language continuum of classes.

## GED

### A 099GC GED Comprehensive.

GED Comprehensive is a non-credit class designed to prepare adult learners for all aspects of the GED examinations.

## ESOL

### A 099CE ESOL Citizenship.

ESOL Citizenship is designed to help prepare students for success in the Naturalization process required for all who have United States Citizenship as a goal. The content includes preparation for the Citizenship Test by studying U.S. history, government, culture and symbols with specific emphasis on rights and responsibilities under the Constitution of the United States of America.

### A 099EA ESOL Foundation.

### A 099EB ESOL Low Beginner.

### A 099EC ESOL High Beginner.

ESOL Foundation, Low Beginner and High Beginner are non-credit courses designed to help students develop and build on vocabulary, pronunciation, spelling, and reading skills. In addition, students are exposed to communication and writing skills necessary for citizenship and job enhancement.

### A 099ED ESOL Low Intermediate.

### A 099EE ESOL High Intermediate.

### A 099EF ESOL Advanced.

ESOL Low Intermediate, High Intermediate and Advanced non-credit courses designed to fine tune student skills in grammar, contextual reading, and paragraph writing. Science, health, social studies, and consumer education help prepare the student for a high school or college diploma. Written and oral communication is strengthened to help the student achieve goals in the workplace and/or academic arena.

# COLLEGIATE HIGH SCHOOL

The Collegiate High School is located in the Raymond B. and Lelia Hobbs Center for Teaching Excellence.

The primary purpose of the Secondary Education Department is to provide individuals 16 years of age and older, the opportunity to continue their interrupted education and earn a traditional high school diploma. Courses offered in this program are the same as those offered in a regular high school program, but the emphasis is placed on the unique needs of the individual student. We believe that academic competency is a consequence of good learning skills, learning confidence, and self discipline. Our goal is to assist students in the development of life skills that will enhance their future success. There is no charge for those who qualify as Florida residents.

Not all courses are offered each term. Students should consult a current course schedule booklet for information, then make an appointment with the high school counseling staff for advising.

<b>Director:</b>	<b>Tom Leonard</b>	<b>484-2120</b>
	<b>Secondary and Adult Education</b>

<b>Director:</b>	<b>Joseph V. Kyle</b>	<b>484-2130</b>
	<b>Collegiate High</b>	
	<b>jkyle@pensacolastate.edu</b>	
<b>Coordinator, Evening</b>	<b>Sidney Kuhn</b>	<b>484-2130</b>
<b>Coordinator, Student Services:</b>	<b>Vacant</b>	
<b>Counselor:</b>	<b>Karen Harris</b>	<b>484-2177</b>

## HIGH SCHOOL PROGRAM

High school courses are made available to Florida resident adults who wish to continue their interrupted education. The courses offered in the program of study at the Pensacola State Collegiate High School are similar to those offered in a regular high school program, but the emphasis is placed on the special needs of the adult student. No fees are charged to Florida residents.

A full-time student can earn as much as two years of high school credit in nine months.

Upon satisfactory completion of the high school program, Pensacola State College awards the student a high school diploma.

Graduation Requirements for Collegiate High School are as follows:

### HIGH SCHOOL DIPLOMA REQUIREMENTS:

- Maintain a cumulative grade point average of 2.0 ("C") in all courses required for graduation.
- Earn at least three high school credits in residence at Pensacola State College Collegiate High School. One of the three required credits may be earned through dual enrollment.
- Earn a minimum of 24 high school credits as specified by Florida Statute 228.0422 including the following (see program requirements).
 

English	4 credits
Science	3 credits
Mathematics	4 credits
United States History	1 credit
World History	1 credit
United States Government	1/2 credit
Economics	1/2 credit
Performing/Practical Arts	1 credit
Physical Education/Health	1 credit
Electives	8 credits
- Pass the Florida Comprehensive Assessment Test (FCAT). The State Department of Education establishes minimum scores for passing. The tests are given at no charge to the student and may be retaken if necessary. Students who do not pass the test will not be issued a high school diploma; they will receive a Certificate of Completion.

**Note: Students are required to purchase textbooks used in the Collegiate High program. Students are required to wear Pensacola State College ID's in the Collegiate High School.**

## HIGH SCHOOL ART

**0104300 Advanced Placement Art-Drawing Portfolio. 1/2 credit.**  
**Prerequisite:** 0104340 or 0104370. The purpose of this course is to give advanced students the opportunity to develop quality, concentration, discipline, and breadth in drawing.

**0104340 Drawing I. 1/2 credit.**  
 This course includes the techniques of pictorial art. Most work will be done in charcoal, pencil, and pen and ink.

**0104350 Drawing II. 1/2 credit.**  
**Prerequisite:** 0104340. The purpose of this course is to provide an opportunity for students to expand their drawing abilities, use new media and challenging techniques, complete requirements for portfolios for higher education institutions, or simply to acquire new skills.

**0104370 Painting I. 1/2 credit.**  
 The fundamentals of art are now put to use in actual painting and design.

**0104380 Painting II. 1/2 credit.**  
**Prerequisite:** 0104370. The purpose of this course is to enable students to develop intermediate-level perceptual, observational, compositional skills necessary to communicate a range of subject matter, symbols, ideas, and concepts using knowledge of painting media, processes, and techniques.

**0111310 Sculpture I. 1 credit.**  
 The purpose of this course gives the student an understanding of expression in sculpture.

**111320 Sculpture II. 1 credit.**  
 This course gives the student an understanding of three dimensional expression in sculpture.

## HIGH SCHOOL COUNSELING

**1400300 Peer Counseling I. 1/2 credit.**  
 The purpose of this course is to provide students with an understanding of the elements of communications and group processes.

**1400310 Peer Counseling II. 1/2 credit.**  
 The purpose of this course is to provide an understanding of the components of personal development and to facilitate personal and group growth and fulfillment through individual and group processes.

**8300310 Workplace Essentials. 1/2 credit.**  
 The purpose of this course is to provide students with the essential abilities known as employability skills. The content of this program includes the following: how to obtain personal and occupational information necessary in choosing a career; how to prepare for the job hunt, get leads on jobs, make contact with employers; how to write resumes, fill out application forms, check payroll deductions; how to handle promotions, resignation, losses and career changes.

## HIGH SCHOOL ENGLISH

- 0400300 Introduction to Drama.** 1/2 credit.  
The purpose of this course is to provide a broad overview of the study and practice of dramatic arts.
- 1000400 Intensive Language Arts.** 1 credit.  
The purpose of this course is to enable students to develop language arts skills through remedial instruction and practice. This course may be repeated for elective credit. (counselor approval)
- 1000410 Intensive Reading.** 1 credit.  
The purpose of this course is to enable students to build comprehensive reading knowledge, develop independent reading endurance, and increase comprehension through intensive instruction and practice. This course may be repeated for elective credit. (counselor approval)
- 1000410A Intensive Reading.** 1/2 credit.  
This course is designed for certificate high school students who need to pass the FCAT for the high school diploma.
- 1001310 English I.** 1 credit.  
The purpose of this course is to provide instruction in English language skills including reading, writing, speaking, and listening in the content areas of literature and language.
- 1001340 English II.** 1 credit.  
**Prerequisite:** 1001310. This course will provide instruction in English language skills and in the study of world literature.
- 1001340A English II.** 1/2 credit.
- 1001370 English III.** 1 credit.  
**Prerequisite:** 1001340. An introduction to American literature and English language skills.
- 1001370A English III.** 1/2 credit.
- 1001400 English IV.** 1 credit.  
**Prerequisite:** 1001370. The purpose of this course is to provide instruction in English language skills and the study of British literature.
- 1001400A English IV.** 1/2 credit.  
**Prerequisite:** 1001370. The purpose of this course is to provide integrated educational experiences in the language arts strands of reading, writing, listening, viewing, speaking, language, and literature.
- 1001400B English IV.** 1/2 credit.
- 1007300 Speech I.** 1/2 credit.  
This course provides instruction in the fundamentals of formal and informal oral communication.
- 1007310 Speech II.** 1/2 credit.  
**Prerequisite:** 1007300. This course offers further instruction in intermediate skills of formal and informal oral communication.
- 1008300 Reading I.** 1 credit.  
Reading I helps students with serious reading problems develop reading skills. (counselor approval)
- 1008310 Reading II.** 1 credit.
- 1008320 Advanced Reading.** 1/2 credit.  
Develops advanced reading skills in students who plan to continue their formal education after high school.
- 1009300 Writing I.** 1/2 credit.  
The purpose of this course is to provide an organized study of the structure of sentences, paragraphs, and larger discursive patterns culminating in written assignments which are based upon personal experience, observations and literature.
- 1009320 Creative Writing I.** 1/2 credit.  
The purpose of this course is to develop writing and language skills needed for individual expression in literary forms.
- 1009310 Writing II.** 1/2 credit.  
This course will extend the writing skills introduced in Writing I by focusing on refining exposition and introducing analysis and persuasion. There will be a variety of reading samples that will serve as modules of effective writing styles.

## HIGH SCHOOL FOREIGN LANGUAGES

- 0701320 French I.** 1 credit.  
This course will introduce students to French and French culture and to develop communication skills and cross-cultural understanding.
- 0701330 French II.** 1 credit.  
**Prerequisite:** 0701320. French II reinforces previously acquired fundamental skills and will develop increased listening, speaking, reading, and writing skills, as well as cultural awareness.
- 0708340 Spanish I.** 1 credit.  
This course is an introduction to Spanish and Hispanic culture. Students will develop communication skills and cross-cultural understanding.
- 0708350 Spanish II.** 1 credit.  
**Prerequisite:** 0708340. The purpose of this course is to reinforce previously acquired fundamental skills. This course develops increased listening, speaking, reading, and writing skills, as well as cultural awareness.

## HIGH SCHOOL FAMILY AND CONSUMER SCIENCES

- 8500120 Personal and Family Finance.** 1/2 credit.  
The purpose of this course is to give students an overview of personal family finance concepts including the American economic system, personal and family management of resources including income, money management, bookkeeping, saving and investing, spending and credit, the role of financial institutions and the consumer, consumer information and taxation and financial planning.
- 8500300 Parenting Skills.** 1/2 credit.  
The purpose of this course is to prepare students for the multiple roles essential to becoming a model parent and to understand the dual roles of males and females as parents and wage earners. This course will also enhance their abilities to assist children to become effective citizens in a multi-cultural and technological society.
- 8500310 Child Development and Parenting.** 1/2 credit.  
This course will prepare students to understand the nature of child development from prenatal care through age six and the function and significance of the parenting experience.
- 8500345 Family Dynamics.** 1/2 credit.  
The purpose of this course is to prepare students for the roles, responsibilities, and relationships essential to functional families. To understand the nature, function, and significance of human relationships within the family/individual units.
- 8500355 Nutrition and Wellness.** 1/2 credit.  
The purpose of this course is to prepare students to understand the relationship between nutrition and wellness. The program also provides for selection, preparation, service, and storage of foods. It allows students to use technology to practice meal management techniques directed toward nutritional food choices based on the life cycle. This course will provide an awareness of consumer issues relating to health and wellness.
- 8500375 Blueprint for Professional Success.** 1 credit.  
This course is designed to prepare students for the workplace in the twenty-first century. Emphasis will include using current technology resources to investigate the broad range of occupations and careers in family and consumer sciences.
- 8502000 Life Management Skills.** 1/2 credit.  
The purpose of this course is to assist students with the development of essential life management skills to enhance the quality of personal and family life.

## HIGH SCHOOL HEALTH

### 0800300 Health I – Life Management Skills. 1/2 credit.

The purpose of this course is to develop and enhance critical life management skills necessary to make sound decisions and take positive actions for healthy and effective living.

### 0800310 Health II – Personal Health. 1/2 credit.

The purpose of this course is to provide students with knowledge and skills related to health topics, which will enhance their ability to make wise health decisions for themselves, their families, and communities.

### 0800320 First Aid and Safety. 1/2 credit.

The purpose of this course is to enable students to acquire skills in first aid, emergency care, and personal safety.

## HIGH SCHOOL MATHEMATICS

### 1200300 Pre-Algebra. 1 credit.

Students will develop the skills necessary for success in algebra.

### 1200310 Algebra I. 1 credit.

This course will provide the foundation for more advanced mathematics courses and to develop the skills needed to solve mathematical problems.

### 1200310A Algebra I. 1/2 credit.

### 1200330 Algebra II. 1 credit.

**Prerequisite:** 1200310 or 1200380. A continuation of the study of the structure of algebra and to provide the foundation for applying these skills to other mathematical and scientific fields.

### 1200330A Algebra II. 1/2 credit.

**Prerequisite:** 1200310 or 1200370 or 1200380. The purpose of this course is to continue the study of algebra and to provide the foundation for applying algebraic skills to other mathematical and scientific fields. This is a 0.5 credit course consisting of the first half of the full credit course.

### 1200370 Algebra IA. 1 credit.

The purpose of this course is to develop the algebraic concepts and processes that can be used to solve a variety of real world and mathematical problems. This is the first of a two-year sequence of courses, Algebra Ia and Algebra Ib. Together, the two courses have the same requirements as 1200310 Algebra I.

### 1200380 Algebra IB. 1 credit.

**Prerequisite:** 1200370. The purpose of this course is to develop the algebraic concepts and processes that can be used to solve a variety of real world and mathematical problems. This is the second of a two-year sequence of courses, Algebra Ia and Algebra Ib. Together, the two courses have the same requirements as 1200310 Algebra I.

### 1200400 Intensive Mathematics. 1 credit.

The purpose of this course is to provide remedial instruction and practice in mathematics skills and concepts. The content may be identified by diagnosis of each student's needs for remedial instruction and/or, designed to assist the student in passing the HSCT or FCAT. A student may repeat this course for multiple elective credits if, on subsequent offerings, the required level of student proficiency increases. This course may not be used to meet the graduation requirement for mathematics. (counselor approval)

### 1200400A Intensive Mathematics. 1/2 credit.

This course is designed to prepare certificate high school students for the FCAT which will allow them to receive a high school diploma.

### 1200700 Mathematics for College Readiness. 1 credit.

This course continues the study of mathematics including functions and relations, polynomials, rational expressions and equations, logarithmic and quadratic equations.

### 1202340 Pre-Calculus. 1 credit.

**Prerequisite:** 1200330. The purpose of this course is to enable students to develop concepts and skills in advanced algebra, analytic geometry, and trigonometry.

### 1206300 Informal Geometry. 1 credit.

**Prerequisite:** 1200310. This course emphasizes the use of basic geometric skills as tools in solving real-world problems. No formal proofs are required.

### 1206310 Geometry. 1 credit.

**Prerequisite:** 1200310. The purpose of this course is to develop the geometric relationship and deductive strategies that can be used to solve a variety of real world and mathematical problems. Formal proofs are required.

### 1208300 Liberal Arts Math. 1 credit.

**Prerequisite:** 1200310 or 1200380. The purpose of this course is to strengthen mathematical skills necessary for further study of advanced mathematics.

## HIGH SCHOOL OCCUPATIONAL

### 0200300 Introduction to Computers. 1/2 credit.

The purpose of this course is to provide opportunities that will allow students to understand the capabilities, applications, and social implications of computer terminology.

### 8200320 Practical Keyboarding Skills. 1/2 credit.

The purpose of this course is to teach students basic keyboarding skills and techniques of formatting to include information systems inputting.

### 8200330 Practical Computer Skills. 1/2 credit.

The purpose of this course is to teach practical computer skills and the effects of its application on society.

### 8207110 Web Design I. 1 credit.

**Prerequisite:** 8200330 or 8209020. The purpose of this course is designed to provide a basic overview of the Internet, Intranet, and World Wide Web. The student will be able to plan, develop, and publish well-designed web sites that combine effective navigation with appropriate use of graphics, text, color, and sound. The content includes operating systems; basic HTML commands; navigation of the Internet, Intranet, and Web; and Web page design.

### 8207120 Web Design II. 1 credit.

**Prerequisite:** 8207110. This course provides advanced concepts for Internet, Intranet, and Web design. The content includes Internet/Intranet tools, Web site promotion, advanced HTML commands, advanced page design, and multimedia applications.

### 8209010 Keyboarding and Document Processing. 1 credit.

**Prerequisite:** 8200320 or 8200330. This course is designed to provide a foundation for all business technology education programs and includes the following areas: keyboarding, math, communication and technology applications.

### 8209020 Business Systems and Technology. 1 credit.

**Prerequisite:** 8200320 or 8200330. This course is designed to provide a basic overview of current business and information systems and trends and to introduce students to the basics and foundations required for today's business environments. Emphasis is placed on applications, so that they may be used as communication tools for enhancing personal and work place proficiency in an information-based society. This also includes proficiency with computers using databases, spreadsheets, presentation applications, and the integration of these programs using software that meets industry standards.

### 8212010 Word Processing I. 1 credit.

**Prerequisite:** 8209010 or 8200320 and 8200330. This course is designed to provide instruction that will enable the student to perform the basic functions of input, edit, store and retrieval utilizing electronic equipment.

## HIGH SCHOOL RESEARCH AND CRITICAL THINKING

### 1700370 Critical Thinking/Study Skills. 1/2 credit.

The purpose of this course is to provide an opportunity for students to learn and adopt methods to be successful in school.

### 1700380 Career Research and Decision Making. 1/2 credit.

The purpose of this course is to teach decision-making and self-assessment skills, help students develop self-esteem, and enable students to make career choices.

## HIGH SCHOOL SCIENCE

- 2000310 Biology I.** **1 credit.**  
General exploratory experience and activities in the fundamental concepts of life will be covered in this course.
- 2001310 Earth/Space Science.** **1 credit.**  
The purpose of this course is to develop concepts basic to the earth, its materials, processes, history and environment in space.
- 2001340 Environmental Science.** **1 credit.**  
A study of man's interaction with the environment.
- 2002400 Integrated Science.** **1 credit.**  
The purpose of this course is to provide opportunities to investigate the theories and ideas associated with the biological, earth, and physical sciences.
- 2002500 Marine Science I.** **1 credit.**  
This course provides students with an overview of the marine environment. The content includes the origins of the ocean, the nature of the marine habitat including chemical, physical, and geological aspects, ecology of the sea zonation, marine communities, classification, taxonomy, characteristics of major phyla/divisions, and man's interrelationship with the oceans. State Code 2002500
- 2003310 Physical Science.** **1 credit.**  
This course is a quantitative investigative study of the introductory concepts of physics and chemistry.
- 2003340 Chemistry I.** **1 credit.**  
**Prerequisite:** 2003310 or instructor approval. Students will study the composition, properties, and changes associated with matter.

## HIGH SCHOOL SOCIAL STUDIES

- 2100310 United States History.** **1 credit.**  
The purpose of this course is to acquire an understanding of the chronological development of the American people by examining the political, economic, social, religious, military, scientific, and cultural events that have effected the rise and growth of our nation.
- 2100310A United States History.** **1/2 credit.**  
**Prerequisite:** 2109310. The purpose of this course is to enable students to understand the development of the United States within the context of history with a major focus on the post-Reconstruction period. Students will use knowledge pertaining to history, geography, economics, political processes, religion, ethics, diverse cultures, and humanities to solve problems in academic, civic, social, and employment settings.
- 2100310B United States History.** **1/2 credit.**
- 2100340 African-American History.** **1/2 credit.**  
The purpose of this course is to give students an understanding of the development of African-American heritage within the context of a broad historical focus. Students examine connections to the past to prepare for the future as participating members of a democratic society.
- 2102310 Economics.** **1/2 credit.**  
An understanding of the way in which society organizes its limited resources to satisfy unlimited wants. Students will be introduced to the major characteristics of the mixed market economic system in the United States and how the basic economic questions are answered. The intent is to provide the students with an understanding of the forces of the marketplace by examining the effect of their roles as producers, consumers, savers, investors, resource owners, voters, and taxpayers on the system.
- 2103300 World Geography.** **1 credit.**  
This course introduces students to an understanding of the inter-relationships between people and their environment.
- 2103300A World Geography.** **1/2 credit.**  
A course which provides students with an understanding of regional geography and its impact on political, social and economic issues.
- 2104320 Global Studies.** **1 credit.**  
A course to provide students with interdisciplinary knowledge, skills, and attitudes necessary to meet their responsibilities as citizens of their community, state, and nation in an increasingly interdependent and complex global society.
- 2106310 United States Government.** **1/2 credit.**  
An understanding of American government and political behavior.
- 2106350 Law Studies.** **1/2 credit.**  
The purpose of this course is to acquire an understanding of the American legal process.
- 2106370 Comprehensive Law Studies.** **1 credit.**  
This course provides students with an in-depth approach to examining the workings of our criminal and civil justice system. This is a full credit elective course.
- 2100340 African American History.** **1/2 credit.**  
This course provides students opportunities to acquire an understanding of African-American history.
- 2107300 Psychology I.** **1/2 credit.**  
This course provides students with opportunities to acquire an understanding of human behavior, behavioral interaction, and the progressive development of individuals.
- 2108300 Sociology.** **1/2 credit.**  
An understanding of group interaction and its impact on individuals.
- 2109310 World History.** **1 credit.**  
By examining the political, economic, social, religious, military dynastic, scientific, and cultural events that have affected humanity, students will acquire an understanding of the chronological development of civilization.
- 2109350 Contemporary History.** **1/2 credit.**  
Course designed to offer students to discuss, study contemporary issues facing the nation and the international community. This includes social, political and social issues of the day.
- 2109430 Holocaust.** **1/2 credit.**  
The purpose of this course is to examine the events of the Holocaust. A further purpose of this course is to enable students to understand their connection to the development of civilization by examining the past to prepare for their future as participating members of a global society.

## CONTINUING EDUCATION

The mission of Continuing Education is to be a strong link between the college and the community by offering courses and programs for lifelong learning, recreation and leisure, and cultural events at a reasonable price and convenient to students of all ages.

Individuals participate in continuing education courses/programs for a variety of reasons which may include, but not inclusive, to learn new skills; to broaden knowledge base for special topics of interest; to cultivate hobbies; and to enhance lifestyles through leisure time activities. Classes are offered at times that meet the scheduling demands of the students.

Classes are delivered in a variety of formats such as non-credit short courses, workshops, seminars, and conferences, and are located at numerous sites within the community, as well as provided via internet. Qualified instructors with interest and expertise in the subject matter are selected from the community at large to teach continuing education courses/programs.

A vast array of lifelong learning and recreation and leisure courses/programs are offered for the benefit of the community through continuing education. Subject matter is provided under the categories of creative arts, hobbies, home and garden, sports and fitness, work and life balance, and online courses. Courses include such topics of interest as painting and drawing, photography, acting, vocal and instrumental instruction, computer science, foreign languages, aerobic exercise, tennis, yoga, swimming, handcrafts, hobbies, home improvements, language arts, dog obedience and more.

A unique program provided by the college is Pensacola State Kids' College, which is a non-credit educational opportunity for young people ages 6-12, conducted during the summer months. Kids' College is designed to give students quality instruction that is fun, interesting, and challenging. Subject areas include the arts and sciences, languages, computers, music and theatre, career exploration, sports, crafts and hobbies among others.

A number of state-regulated/court-mandated courses/programs are coordinated through Continuing Education which includes TransParenting, Guardianship Education, Driver Improvement School, Motorcycle Safety Foundation Basic Rider, and Tobacco and Consequences for Teens. For additional information concerning these courses/programs and others, please contact Continuing Education at 484-1797.

## CENTER FOR CORPORATE AND PROFESSIONAL DEVELOPMENT TRAINING

Workforce and Economic Development serves several important functions within the college and the Pensacola Bay Area business community. The Pensacola State College Center for Corporate and Professional Development Training is an active education partner with many local organizations, delivering responsive and updated training at any location. Based out of its downtown Pensacola office, the Pensacola State College Center for Corporate and Professional Development provides education and training intent upon skill enhancement, certification and/or licensure. A wide range of courses deliver continuing professional education for those in the insurance, real estate, health, construction, and computer industries, as well as training in Leadership Development, Customer Service, Project Management. In addition, the Pensacola State College Center for Corporate and Professional Development can create training to meet any need.

Workforce and Economic Development is also responsible for creating economic development opportunities and partnerships in the Pensacola Bay area and throughout the state of Florida. This department targets the creation and growth of a quality jobs market for Pensacola State College students, the incubation of enterprise activities, and the development of a highly responsive and skilled workforce capable of meeting the demands of a rapid growth economy. Working in partnership with local organizations, Workforce and Economic Development is focused on creating the future.

Pensacola State College supports new business growth and development. In partnership with the Pensacola Area Chamber of Commerce and several other organizations, the downtown center now houses a community small business incubator.

# **COURSE DESCRIPTIONS**

**FLORIDA'S STATEWIDE  
COURSE NUMBERING SYSTEM ..... 126**

**COLLEGE AND VOCATIONAL  
CREDIT COURSES ..... 128**

# FLORIDA'S STATEWIDE COURSE NUMBERING SYSTEM

Courses in this catalog are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and 28 participating non-public institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online Statewide Course Numbering System to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at <http://scns.fdoe.org>.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the Statewide Course Numbering System (SCNS). The list of course prefixes and numbers, along with their generic titles, is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as "statewide course profiles."

## Example of Course Identifier

Prefix	Level Code (first digit)	Century Digit (second digit)	Decade Digit (third digit)	Unit Digit (fourth digit)	Lab Code
ENC	1	1	0	1	
English Composition	Lower (Freshman) Level at this institution	Freshman Composition	Freshman Composition Skills	Freshman Composition Skills I	No laboratory component in this course

## General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions. (Exceptions are listed below.)

For example, a freshman composition skills course is offered by 56 different postsecondary institutions. Each institution uses "ENC\_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a course, having the same prefix and course number without a lab indicator, which meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at the community college is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent. NOTE: Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on semester term systems. For example, 4.0 quarter hours often transfers as 2.67 semester hours.

## The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or sub-category of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

## Authority for Acceptance of Equivalent Courses

Section 1007.24(7), Florida Statutes, states:

Any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

## Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include varying topics courses that must be evaluated individually, or applied courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer. Transferability is at the discretion of the receiving institution.

- A. Courses not offered by the receiving institution.
- B. For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question.
- C. Courses in the \_900-999 series are not automatically transferable, and must be evaluated individually. These include such courses as Special Topics, Internships, Apprenticeships, Practica, Study Abroad, Thesis and Dissertations.
- D. College preparatory and vocational preparatory courses.
- E. Graduate courses.
- F. Internships, apprenticeships, practica, clinical experiences and study abroad courses with numbers other than those ranging from 900-999.
- G. Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (i.e., portfolio, audition, interview, etc.).

## Courses at Nonregionally Accredited Institutions

The Statewide Course Numbering System makes available on its home page (<http://scns.fldoe.org>) a report entitled "Courses at Nonregionally Accredited Institutions" that contains a comprehensive listing of all nonpublic institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Questions about the Statewide Course Numbering System and appeals regarding course credit transfer decisions should be directed to (Name of Statewide Course Numbering System Institution Contact) in the (Office where Institution Contact may be located) or the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the Statewide Course Numbering System office at (850) 245-0427 or via the internet at <http://scns.fldoe.org>.

# COLLEGE AND VOCATIONAL CREDIT COURSES

Courses are listed alphabetically and are organized by numerical order within each discipline. The index of course prefixes at the beginning of this section may be of additional help iCollege and Vocational Credit Courses finding a particular course description. Courses are either college credit, vocational credit, preparatory credit or institutional credit.

Courses with numbers which begin with "0", such as COM 0101, are vocational credit (v.c.). Courses with numbers which begin with a "1" or a "2," such as APA 1111 and COP 2220, are college credit (c.c.). In general, vocational credit courses are not transferable to an upper division university; college credit courses, except those marked "A.A.S. Only," are usually transferable. College credit courses with the "A.A.S. Only" designation may be transferable to upper division schools with which PJC has developed special articulation agreements. Students with questions about these issues should consult with a counselor or departmental advisor, or contact the Registrar's Office. See also the section entitled "Florida's Statewide Course Numbering System" on previous page.

Selected courses may be offered by means of distance learning such as Internet courses. These courses may be located in the current course schedule booklet. Internet courses are identified with a "W" suffix following the course number. Not all courses are offered at all campuses or during all terms. Students should consult the current course schedule booklet to determine which courses are available.

**Course Section Term Schedule:** Courses are designated as listed below indicating which terms sections will be offered. Course sections may be added or canceled based on enrollment. The designation of course offerings as (even years) or (odd years) is based on a calendar year.

- FA = Fall Term
- SP = Spring Term
- SU = Summer Term
- TBA = To be announced (check with appropriate department)

## ACG 2001 Accounting I. 3 c.c.

FA, SP, SU – The study of accounting terminology, concepts, techniques, methods, principles, practices and procedures as applied to sole proprietorship. Typical financial transactions are analyzed in relation to the basic accounting equation and recorded in the books of the business. Business financial statements are prepared and interpreted by the student.

## ACG 2002 Computerized Accounting. 3 c.c.

FA, SP – A.A.S. only. Lab fee. Prerequisites: ACG 2001 or ACG 2021. Corequisite: CGS 1570. This course is an introduction to computerized integrated accounting procedures found in microcomputer office environments. The popular Quickbooks accounting program is used to record financial transactions. Major topics include managing revenue and expenses, payroll setup and processing, bank reconciliation, reports, and graphs, inventory, adjustments and year-end procedures, and company file setup and maintenance.

## ACG 2011 Accounting II. 3 c.c.

FA, SP, SU – Prerequisite: ACG 2001. Continuation of Accounting I including long-term assets, partnerships, corporations, long-term liabilities, the statement of cash flows, and financial statement analysis.

## ACG 2021 Financial Accounting Principles. 3 c.c.

FA, SP, SU – This course approaches accounting as an information or decision support system. Emphasis is placed on the analysis of business transactions and the evaluation of their effect on the operation of the enterprise. The method of instruction is shifted from "how to do it" to "why it is done and what it means." The basic logic and principles associated with preparation and/or critical evaluation of accounting information will also be addressed.

## ACG 2071 Introduction to Managerial Accounting. 3 c.c.

FA, SP, SU – Prerequisite: ACG 2011 or ACG 2021. Using accounting information for planning, control, and decision making. Includes principles of product costing, budgeting techniques, and capital decisions.

## ACG 2947, 2948, 2949 Accounting Co-op. 1 c.c., 2 c.c., 3 c.c.

FA, SP, SU – Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

## ACG 3024 Accounting for Non-Financial Majors. 3 c.c.

TBA – Introduction to the principles used in measuring organization performance and reporting the results of organizational activities. For non-business majors only.

## ACG 1806 Payroll Accounting. 3 c.c.

FA, SP – A.A.S. only. Prerequisite: ACG 2001 or ACG 2021 or permission of instructor. The purpose of this course is to train the student to complete all payroll activities of any business. Topics covered are payroll and personnel records, federal payroll laws, payroll accounting systems, payroll operations, and preparation of payroll records such as payroll registers, individual earnings records and federal, state, and local payroll tax forms.

## ACG 2941, 2942, 2943 Accounting Internship. 1 c.c., 2 c.c., 3 c.c.

FA, SP, SU – A.A.S. only. Prerequisite: Permission of the department head. The student gains accounting related work experience in the offices of various employers in the Pensacola area. This course should be taken the last semester of enrollment. Student must have "B" average in accounting courses.

## ACR 0001C Air Conditioning and Refrigeration I. 5 v.c.

TBA – Lab fee. Corequisites: ACR 0100C, ACR 0631C. This course is designed to teach entry-level job skills in the air conditioning and refrigeration industry. Topics include the refrigeration cycle, heat and its measurement and types, application of latent heat, temperature and its measurement, heat transfer and control, temperature conversion formulas, temperature BTU chart and piping techniques.

## ACR 0002C Air Conditioning and Refrigeration II. 5 v.c.

TBA – Lab fee. Prerequisites: ACR 0001C, ACR 0100C, ACR 0613C. Corequisites: ACR 0102C, ACR 0614C. This course is a continuation of Air Conditioning and Refrigeration I and is designed to teach entry-level job skills. Topics include refrigeration cycle, accessories, piping, dehydration, charging, discharging, shop safety, installation procedures, multiple system, troubleshooting, compressors, control wiring, and personal and industrial safety.

## ACR 0074 Employability Skills. 3 v.c.

TBA – Prerequisites: ACR 0002C, ACR 0102C, ACR 0614C. Corequisites: ACR 0125C, ACR 0548C. This course is designed to train students in job skills as well as customer service skills. The completing of employment applications and interviewing skills will be stressed. Techniques for successful interaction with customers will be covered. Also included will be training in customer service. The examination for Environmental Protection Agency (EPA) certification in proper refrigerant practices will be administered in this class.

- ACR 0100C Basic Electricity and Schematics I.** 5 v.c.  
**TBA – Lab fee. Corequisites:** ACR 0001C, ACR 0613C. This course is designed to teach entry-level job skills. Topics include wiring diagram symbols, schematic wiring diagram circuits, schematic wiring diagram exercises, electric meter, alternating current fundamentals, single phase motor theory, single motor testing, motor protection, troubleshooting, electrical wiring and electrical components.
- ACR 0102C Basic Electricity and Schematics II.** 5 v.c.  
**TBA – Lab fee. Prerequisites:** ACR 0001C, ACR 0100C, ACR 0613C. **Corequisites:** ACR 0102C, ACR 0614C. This course is a continuation of ACR 0100C and is designed to teach entry-level job skills. This course covers the 3 basic types of electrical devices, electric motors, relays, solenoids, heat strips, capacitors, thermostats, solid state controls, and service management.
- ACR 0125C Advanced Air Conditioning.** 6 v.c.  
**TBA – Lab fee. Prerequisites:** ACR 0002C, ACR 0102C, ACR 0614C. **Corequisites:** ACR 0074. This course is designed to train the student in advanced applications of air conditioning technology. Topics include heat gain and heat loss of buildings, heat load calculations, and design of air distribution systems.
- ACR 0548C Advanced Refrigeration.** 6 v.c.  
**TBA – Lab fee. Prerequisites:** ACR 0002C, ACR 0102C, ACR 0614C. **Corequisites:** ACR 0074, ACR 0125C. This course is designed to train the student to understand the relationship between the component parts in a refrigeration system and its electrical controls. Compressor and electric motor testing and troubleshooting techniques are taught. Electro-mechanical and solid state controls will be studied.
- ACR 0613C Applied Heating I.** 5 v.c.  
**TBA – Lab fee. Corequisites:** ACR 0001C, ACR 0100C. This course is designed to introduce gas furnaces, gas controls, properties of gas, gas piping, gas combustion, gas burners, ventilation and combustion air, gas troubleshooting, electric heat, heat pumps and gas efficiency checkout.
- ACR 0614C Applied Heating II.** 5 v.c.  
**TBA – Lab fee. Prerequisites:** ACR 0001C, ACR 0100C, ACR 0613C. **Corequisites:** ACR 0002C, ACR 0102C. This course is a continuation of applied heating topics include oil efficiency, oil heating, electric heat, heat pumps, troubleshooting, compressor failure and clean up after burn out.
- ACR 0930 HVAC Co-op.** 5 v.c.  
**TBA – Prerequisite:** Permission of instructor. Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's vocational field of study. Each student must meet certain Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- AEB 2947, 2948, 2949 Agriculture Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – Cooperative Education (Co-op)** is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- AMH 2010 American History to 1877.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. A history of the American people from the Colonial period to 1877. Emphasizes the development and adoption of the constitution, the major events resulting in the democratization of American society, the sectional struggle over the nature of America's destiny, and the Reconstruction Era. **Meets A.A. general education Category IV. A writing emphasis course.**
- AMH 2020 American History from 1877.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. A history of the American experience in the post-Civil War years. This course will emphasize the growth of American industry and business and the social and economic reforms connected with that growth. The course will also emphasize the emergence of the United States as a world power during the 20th century and the ramifications that rise has had on foreign and domestic policy. **Meets A.A. general education Category IV. A writing emphasis course.**
- AMH 2091 African-American History and Culture.** 3 c.c.  
**FA, SP – Prerequisite:** Test score requirement the same as ENC 1101. A history of the African-American experience from 1619 to the present. This course will emphasize the growth of an African-American community from slavery to freedom. This course will also examine the socio-political, cultural and artistic aspects of American life for Blacks in America. **Meets A.A. general education Category IV. A writing emphasis course.**
- AML 2010 American Literature to 1870.** 3 c.c.  
**FA, SP – Prerequisite:** ENC 1102 with a grade of "C" or better. Selected American literature from its beginnings to the mid-nineteenth century. **Meets A.A. general education Category II. A writing emphasis course.**
- AML 2020 American Literature from 1870.** 3 c.c.  
**FA, SP, SU – Prerequisite:** ENC 1102 with a grade of "C" or better. Selected American literature from the mid-nineteenth century to the present. **Meets A.A. general education Category II. A writing emphasis course.**
- AML 2600 Introduction to African-American Literature.** 3 c.c.  
**FA, SP – Prerequisite:** ENC 1102 with a grade of "C" or better. Selected African-American and related literature from its beginning in the colonial period to the present. The course considers both African and European influences, covers a variety of literary genres, and relates African-American literary works to historical and present-day concerns. **Meets A.A. general education Category II. A writing emphasis course.**
- ANT 2000 Introduction to Anthropology.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. This course is an introduction to anthropology and anthropological thought. Course offers basic treatment of human evolution, the origins of world civilization, world archaeology, and modern world cultures, stressing the continuities of human nature. **Meets A.A. general education Category IV. A writing emphasis course.**
- ANT 2410 Cultural Anthropology.** 3 c.c.  
**SP – Prerequisite:** Test score requirement the same as ENC 1101. A course which focuses on non-Western cultures; specifically, the conditions that account for the different ways people organize their economic, religious, political, and family life. **Meets A.A. general education Category IV. A writing emphasis course.**
- APA 0260 Office Accounting.** 2 v.c.  
**SP –** The purpose of this course is to provide the students with a thorough knowledge of accounting procedures as applied in a medical setting. Students cover basic bookkeeping topics including accounting for accounts receivable, accounts payable, and payroll. After learning the accounting cycle and accounting principles, students complete an office accounting simulation case.
- APA 2147 Accounting Software Applications.** 3 c.c.  
**FA, SP – A.A.S. only. Prerequisite:** ACG 2001 or ACG 2021. **Corequisites:** CGS 1570 or ACG 2011. This course is the study of Accounting Principles, practices and procedures as applied to a computerized environment reinforcement of fundamentals learned in financial accounting course(s). Topics to be covered: accounting cycles of service and merchandising businesses, bank reconciliations, voucher system and budgeting, accounts payable, accounts receivable, payroll, partnerships, corporations, financial statement analysis, departmentalized accounting and accounting system setup.

- ARH 1002 Art for Non-Majors.** 3 c.c.  
**FA, SP** – A study of the creative process for non art majors. Course is meant to develop an understanding of the contexts within which artists work, modern and historical, the technical processes they use, and the means by which art is evaluated. May include lectures, films, videos, gallery and studio visits, class discussions. No artistic skill required. **Meets A.A. general education Category V.**
- ARH 1050 Art History I.** 3 c.c.  
**FA** – A chronological study of art history (to and including the Middle Ages). **Meets A.A. general education Category V.**
- ARH 1051 Art History II.** 3 c.c.  
**FA** – A continuation of ARH 1050 in sequence from the Middle Ages to the present day. May be taken prior to ARH 1050. **Meets A.A. general education Category V.**
- ARH 2000 Humanities Art. (For Non-Art Majors)** 3 c.c.  
**FA, SP, SU** – A survey course for non-art majors covering painting, sculpture, architecture, and the arts of Western Civilization from antiquity to the present. **Meets A.A. general education Category V.**
- ART 1150C Jewelry I.** 3 c.c.  
**FA, SP, SU – Lab fee.** A basic course involving the fundamentals of jewelry construction. Projects will be assigned that cover fabrication, cutting, soldering, lost wax casting, and stone setting, using silver and non-ferrous metals.
- ART 1151C Jewelry II.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** ART 1150C. Advanced jewelry making techniques building on those learned in Jewelry I. Processes will include enameling, raising, and forging.
- ART 1201C Two-Dimensional Design.** 3 c.c.  
**FA, SP, SU** – The elements of design; line, texture, shape, value and color are used to give substance to visual expression on the two-dimensional plane. Basic course for art majors.
- ART 1203C Three-Dimensional Design.** 3 c.c.  
**FA, SP – Lab fee.** Basic problems in integrating line, form, color, and texture with actual space and volume. Various materials are used to construct three-dimensional forms. Serves as an introduction to sculpture.
- ART 1300C Drawing I.** 3 c.c.  
**FA, SP, SU – Lab fee.** A beginning studio class covering the drawing process and pictorial composition. Basic analytical and expressive approaches are applied to still life, interiors, landscape and the figure.
- ART 1301C Drawing II.** 3 c.c.  
**SP – Lab fee. Prerequisite:** ART 1300C. A continuation of ART 1300C in the study of drawing with emphasis on color.
- ART 1750C Ceramics I.** 3 c.c.  
**FA, SP, SU – Lab fee.** Methods and techniques of making pottery using both the potter's wheel and hand-built procedures. Lectures in theory and practical experience in the use of clay, glazes, and firing techniques.
- ART 1751C Ceramics II.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** ART 1750C. Further exploration of techniques of pottery making.
- ART 2500C Painting I.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** ART 1201C, ART 1300C or permission of instructor. The student is instructed in the academic methods of painting and then encouraged to explore other methods.
- ART 2501C Painting II.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** ART 2500C or permission of the instructor. A continuation of ART 2500C in the exploration of traditional painting methods with an emphasis on mixed media and current development.
- ART 2602C Digital Imaging.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** ART 1201C, ART 1300C, GRA 2152C. An advanced course using the computer for the creation of original art. Students might use resources such as drawing, collage, photography, mixed media, and digital scanning, along with image manipulation programs to explore the creation of expressive images and create a finished portfolio of art works. Emphasis will be placed on creativity, experimentation, and personal expression.
- ART 2701C Sculpture I.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** ART 1203C or permission of the instructor. Investigation and employment of various materials, methods, and concepts available to the sculptor today. Exploration of metal, wood, clay, stone, and plaster techniques; lost wax bronze casting.
- ART 2702C Sculpture II.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** ART 2701C or permission of the instructor. This course is a continuation of ART 2701C. Further investigation of sculptural media with major emphasis on advanced theories and techniques. Individual interests and personalized projects will be encouraged.
- ART 2900 ART 2901 Independent Study.** 3 c.c.  
**TBA** – Some sections may require lab fees. **Prerequisite:** Permission of instructor. Independent study courses are available for most studio offerings. Contact the department head for information about any required prerequisites or about repeating this course for credit.
- ART 2905 Portfolio.** 3 c.c.  
**FA, SP – Lab fee.** The course will enable each student to present a prospective employer, college, or university with a professional portfolio and proof of experience in studio art courses, graphic design, photography and multimedia. Course should be taken during the student's last term of study.
- ART 2943 Arts Internship.** 3 c.c.  
**TBA – Lab fee.** Several professional internships are available on a competitive basis in various studio areas. These positions provide on-the-job training for college credit in local art-related businesses. Only advanced students are eligible. Contact your instructor for details on availability as internships vary from semester to semester.
- ART 2947, 2948, 2949 Art Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**TBA** – Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- ART 3170C Book Binding** 3 c.c.  
**TBA – Prerequisites:** GRA2191C, ART2905. This course offers basic book binding techniques, methods, structures, and production of books.
- ASL 1140C American Sign Language I.** 4 c.c.  
**FA, SP** – This course will introduce the student to the syntax and morphology of the entire native language of deaf people. The course is designed to promote a better understanding of American Sign Language and to clarify how it differs not only from developed English Sign Systems, but from the English language as a whole. The course will also describe the history, values, and culture of deaf persons in America. Emphasis is placed on the students' receptive skills rather than expressive skills. Learning activities are designed to reinforce instruction through the use of videotaped materials and practice exercises developed to correspond to textbook materials. Basic conversational receptive and expressive sign language practice will be emphasized. Greater depth is explored in Intermediate American Sign Language. **Meets foreign language requirement.**

- ASL 1150C American Sign Language II.** 4 c.c.  
**FA, SP – Prerequisite:** ASL 1140C. This course will introduce the student to the principles of idiomatic speech and colloquialisms in conversational sign language. The course emphasizes intermediate level sign vocabulary, complex grammatical constructions, and the inflection patterns in spontaneous conversation. Additional instruction will be given on the production of the conceptually accurate sign. Emphasis will be placed on increasing the expressive and receptive proficiency of the student. Learning activities emphasize the use of videotaped materials and practice exercises developed to correspond with text book materials. Intermediate level expressive skills, (i.e., conversational skills) and receptive skills will be emphasized through interaction with deaf adults and videotaped stories. **Meets foreign language requirement.**
- ASL 2160C American Sign Language. III.** 4 c.c.  
**SP – Prerequisite:** ASL 1150C. This course is designed to continue development of conversational skills in ASL and an awareness of various aspects of deafness. Emphasis is placed on students' expressive skills. Students are presented with the structure, conversational vocabulary and grammatical principles of ASL while also focusing on the historical, cultural, and social aspects of deafness. Students are also introduced to ASL literature, enhancing both comprehension and appreciation of the art of narrative expression.
- ASL 2200C American Sign Language. IV.** 4 c.c.  
**TBA – Prerequisite:** ASL 2160C. This course is an integration of expressive and receptive skills in American Sign Language with an emphasis on culturally appropriate discourse styles and contextualization. Students will be given instruction regarding idiomatic and colloquial usages of signs. Additional complex grammatical topics such as classifiers, role-shifting, use of space and contrastive structure will be included.
- ASL 2300 Structure of American Sign Language.** 3 c.c.  
**TBA – Prerequisites:** ASL 1140C, with a grade of "C" or better, SPA 1613C with a grade of "C" or better. This course in Structure of American Sign Language (ASL) is designed to explore the basic constructs of linguistics as they pertain to ASL. These basic concepts will be contrasted with corresponding constructs in English. Comparison and contrast between the two languages will include five levels of complexity: phonological, morphological, lexical, syntactic, and discourse.
- AST 1002 Descriptive Astronomy.** 3 c.c.  
**FA, SP, SU –** A study of the celestial sphere, constellations, time, telescopes, properties of light, the solar system, introduction to stars and galaxies. A working knowledge of arithmetic and simple algebra is required. **Meets A.A. general education Category VII.**
- AST 1002L Descriptive Astronomy Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** AST 1002. An optional laboratory course designed to illustrate the laws and principles presented in AST 1002. Includes computer simulations, Internet astronomy, and calculations using the latest research. A working knowledge of arithmetic and simple algebra is required. **Meets A.A. general education Category VII.**
- ATE 1050 Canine and Feline Behavior** 2 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one core courses, with a C or better. This course will focus on common canine and feline behavior issues. There will be an emphasis on the client's role in behavior issues and how common behavior problems can lead to the choice of euthanasia for the patient. There will be a case presentation from each student which will satisfy the oral communication requirement.
- ATE 1110 Animal Anatomy** 3 c.c.  
**TBA – Prerequisites:** Completion of general education requirements as outlined in the program curriculum, with a C or better and acceptance into the Veterinary Technology Program. **Corequisite:** ATE1110L, ATE1211. This course will focus on fundamentals of anatomy of domestic animals, especially the canine, with emphasis on locating and identifying that anatomical regions and landmarks. This will teach the student to communicate to colleagues on a professional level.
- ATE 1110L Animal Anatomy and Physiology Lab** 1 c.c.  
**TBA – Lab fee. Prerequisite:** Completion of general education requirements with a C or better and acceptance into the Veterinary Technology Program. **Corequisites:** ATE1110, ATE1211. This course will focus on fundamental techniques in animal dissection and necropsy techniques. The laboratory will correlate the concepts taught in anatomy and physiology and give the students hands on experience. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.
- ATE 1211 Animal Physiology** 3 c.c.  
**TBA – Prerequisite:** Completion of general education requirements with a C or better and acceptance into the Veterinary Technology Program. **Corequisites:** ATE1110, ATE1110L. This course will emphasize the organ systems that are defined in the gross anatomy class. There will be an emphasis on the different digestive systems between ruminant, non-ruminant monogastric and monogastric species. This course will focus on the systemic approach to anatomy.
- ATE 1311 Veterinary Office Procedures and Terminology** 3 c.c.  
**TBA – Prerequisite:** Completion of general education requirements with a grade of C or better and acceptance into the Veterinary Technology Program. This course is designed as an entry level course for the technician program. This course will cover information as it relates to the field of veterinary technology and clinical practice management, office and hospital procedures, client relations and communication. This course will satisfy the Computer Competency requirement. This course will also cover an introduction to medical terminology and veterinary terminology. This course will cover the foundation of medical language such as word roots, prefixes, suffixes and combination of forms.
- ATE 1612 Large Animal Medicine** 3 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one core courses, with a C or better. **Corequisites:** ATE 1636, ATE1636L. This course will focus on the common diseases, conditions and patient care in the equine, bovine, swine, camelid and small ruminants.
- ATE 1636 Large Animal Clinical Procedures** 3 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one core courses, with a C or better. **Corequisite:** ATE 1612, ATE1636L. This course will focus on large animal nursing skills as they relate to farm animals. There will be an emphasis on herd health and husbandry. There will also be a focus on farm animal nutrition as it relates to farm animal production. We will also cover reproduction and lactation in selected farm animal species.
- ATE 1636L Large Animal Clinical Procedures Lab** 1 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one core courses, with a C or better. **Corequisites:** ATE1612, ATE1636. This course will focus on safe handling and restraint techniques used with large animals and production animals. The student will be exposed to selected farm animal species and perform various tasks related to husbandry, nutrition, therapeutic and dentistry procedures. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.
- ATE 1650C Introduction to Clinical Procedures** 3 c.c.  
**TBA – Lab fee. Prerequisite:** Completion of general education requirements with a C or better and acceptance into the Veterinary Technology Program. This course is designed as an entry level course for the technician program. This course will cover entry level nursing skills and clinical laboratory skills. Instruction and development of occupational safety will be detailed in this course. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.

- ATE 1941L Clinical Work Experience** 1 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one core courses, with a C or better. This course consists of supervised clinical experience in a work place approved by the instructor. A minimum of 64 hours per semester in a full service veterinary clinic is required.
- ATE 1942L Clinical Work Experience II** 1 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one and two, core courses, with a C or better. This course consists of supervised clinical experience in a work place approved by the instructor. A minimum of 64 hours in a full service veterinary clinic is required.
- ATE 2020 Contemporary Clinical Issues** 3 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two, three and four, and core courses, with a C or better. This course will focus on current trends in veterinary medicine. Special focus will be on the most current information for diagnostics, patient care, pharmacology and therapeutics. Veterinary practice management, alternative medicine, and the role of veterinary medicine in global settings will also be discussed.
- ATE 2501 Professional Development** 2 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two, three and four, core courses, with a C or better. This course will focus on current information on credentialing and testing of veterinary technicians. We will also focus on the pursuit of employment in a professional environment and the pursuit of life-long learning.
- ATE 2511 The Human Animal Bond** 2 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two, three, and four, core courses, with a C or better. This course will focus on the end of life issues with animals. Euthanasia and bereavement will be discussed along with how that impacts the veterinary healthcare team. Shelter medicine and the importance of early education of clients will be a focus in this class.
- ATE 2630 Pharmacology** 4 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two and three, core courses, with a C or better. This course will focus on the importance of safety and efficacy when prescribing medication patients. This course will also cover the federal and state regulations that govern the prescription of medications.
- ATE 2632 Small Animal Clinical Procedures II** 3 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one core courses, with a C or better. **Corequisite:** ATE 2632L. This course is a continuation of ATE 1631. This course will focus on preventative medicine, diagnostic sampling and therapeutic techniques performed in small animals. The diagnostic sampling will include pathology, parasitology, and microbiology. Safety and OSHA standards will be emphasized.
- ATE 2632L Small Animal Clinical Procedures II Lab** 1 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one core courses, with a C or better. **Corequisite:** ATE 2632. This course will focus on laboratory procedures that are performed by veterinary technicians in a clinical setting on a regular basis. Topics to be included are clinical pathology and radiology. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.
- ATE 2634 Small Animal Clinical Procedures III** 3 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two and three, core courses, with a C or better. **Corequisite:** ATE 2634L. This course will focus on small animal anesthetic procedures. The student will gain an understanding in patient assessment and risk status to help determine appropriate perianesthetic and anesthetic protocols to provide effective pain management and maximum safety.
- ATE 2634L Small Animal Clinical Procedures III Lab** 1c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two and three, core courses, with a C or better. **Corequisite:** ATE 2634. This course will provide the psychomotor skills required for small animal anesthesia and dental prophylaxis. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.
- ATE 2635 Small Animal Clinical Procedures IV** 3 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two, three and four core courses, with a C or better. **Corequisite:** ATE 2635L. This course will focus on surgical nursing.
- ATE 2635L Small Animal Clinical Procedures IV Lab 1** c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two, three and four core courses, with a C or better. **Corequisite:** ATE 2635. This course will focus on surgical nursing. The skills taught in ATE 2634 will be demonstrated in this lab. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.
- ATE 2671 Laboratory Animal Medicine** 2 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one and two, core courses, with a C or better. **Corequisite:** ATE 2671L. This class will focus on the basic principles of animal research and understand the utilization of laboratory animals in animal research. We will also have a working knowledge of federal, state, and local animal welfare regulations.
- ATE 2671L Laboratory Animal Medicine Lab** 1 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one and two, core courses, with a C or better. **Corequisite:** ATE 2671. This class will focus on the basic principles of animal research and understand the utilization of laboratory animals in animal research. We will also have a working knowledge of federal, state, and local animal welfare regulations. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.
- ATE 2710 Veterinary Emergency Medicine** 3 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two and three, core courses, with a C or better. This course will focus on the fundamentals of veterinary emergency medicine. An emphasis will be placed on nursing skills, triaging, complications and CPR.
- ATE 2722 Avian, Exotic, Small Mammals and Fish** 2 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one and two, core courses, with a C or better. This course will focus on the approach to providing safe and effective care for birds, reptiles, amphibians, guinea pigs, hamsters, gerbils, and ferrets. Animal handling, personal safety and OSHA standards will be demonstrated and practiced.
- ATE 2943L Clinical Work Experience III** 1 c.c.  
**TBA – Prerequisite:** Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two and three, core courses, with a C or better. This course consists of supervised clinical experience in a work place approved by the instructor. A minimum of 64 hours in a full service veterinary clinic is required.

<b>ATE 2944L Clinical Work Experience IV</b>	<b>1 c.c.</b>	<b>BCV 0103C Wood Products, Lumber and Framing Components.</b>	<b>5 v.c.</b>
<b>TBA – Prerequisite:</b> Acceptance into the Veterinary Technology Program and completion of the programs, semester one, two, three and four, and core courses, with a C or better. This course consists of supervised clinical experience in a work place approved by the instructor. A minimum of 64 hours in a full service veterinary clinic is required.		<b>TBA – Lab fee. Prerequisite:</b> Permission of instructor. This course is designed to teach entry-level job skills in carpentry. Topics include wood and different kinds of construction lumber. This course also includes building fasteners, adhesives, hardware, and their applications, and secondary use of hand and power tools used in the construction industry. Students will be introduced to carpentry applications and construction processes in floor systems, walls and ceilings, roof framing and windows and doors.	
<b>BCN 1001 Building Construction.</b>	<b>3 c.c.</b>	<b>BCV 0139C Foundation, Wall and Floor Framing.</b>	<b>5 v.c.</b>
<b>FA, SP – A.A.S. only.</b> A course planned to acquaint the student with the terminology, methods, procedures, materials, sequences of operations, and types of construction.		<b>TBA – Lab fee. Prerequisite:</b> Permission of instructor. This course is designed to teach entry-level job skills. Topics include procedures necessary to make buildings and houses strong. The course also includes framing and bracing of floors and walls.	
<b>BCN 2405 Construction Mechanics.</b>	<b>3 c.c.</b>	<b>BCV 0146C Roof Framing I.</b>	<b>5 v.c.</b>
<b>SP – A.A.S. only. Prerequisite:</b> BCN 1001 or permission of instructor. <b>Corequisite:</b> MAT 1033 or MAC 1105 or permission of instructor. A beginning course in structural design for Building Construction, Drafting and Design, and Civil Engineering Technology students which does not require a rigorous mathematical treatment. Emphasis is in problem solving. Includes resultants and equilibrium of force systems—beams, trusses, frames. Includes centroids and shear and moment diagrams.		<b>TBA – Lab fee. Prerequisite:</b> Permission of instructor. This course is designed to teach entry-level job skills in carpentry. Topics include basic styles of roofs and construction and framing of a gable, hip and combination roof.	
<b>BCN 2440 Concrete Construction.</b>	<b>3 c.c.</b>	<b>BCV 0147C Roof Framing II and Timber Construction.</b>	<b>5 v.c.</b>
<b>SP – A.A.S. only. Prerequisite:</b> BCN 1001. An introductory course involving the design of mixes of quality concrete, reinforced concrete designs of various types of structures using algebraic equations, use of tables, nomographs, and other handbook data.		<b>TBA – Lab fee. Prerequisites:</b> BCV 0150C and permission of instructor. This entry-level job course is a continuation of Roof Framing I. Topics include layout and construction of a combination roof..	
<b>BCN 2721 Construction Management.</b>	<b>3 c.c.</b>	<b>BCV 0170C Interior Trim.</b>	<b>5 v.c.</b>
<b>FA – A.A.S. only. Lab fee. Prerequisites:</b> BCN 1001, CGS 1570 or permission of instructor. A study of the techniques and skills needed to plan, manage, and oversee the processes involved in the Building Construction Industry. A computer applications software is used in the course.		<b>TBA – Lab fee. Prerequisite:</b> Permission of instructor. This course is designed to teach entry-level job skills in carpentry. Topics include the fundamentals of wall covering, door hanging, windows, stairs and cabinets.	
<b>BCN 2947, 2948, 2949 Building Construction Technology Co-op.</b>	<b>1 c.c., 2 c.c., 3 c.c.</b>	<b>BCV 0173C Exterior Trim and Hardware Finishes.</b>	<b>5 v.c.</b>
<b>FA, SP, SU – A.A.S. only.</b> Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.		<b>TBA – Lab fee. Prerequisite:</b> Permission of instructor. This course is designed to teach entry-level job skills in carpentry. Topics include the different types of exterior finishing material and their application. The course also includes the different finish and rough hardware methods of installation, intended uses and appearances.	
<b>BCT 2706 Construction Documents.</b>	<b>3 c.c.</b>	<b>BCV 0450C Plumbing Repairs.</b>	<b>4 v.c.</b>
<b>FA – A.A.S. only. Prerequisite:</b> BCN 1001 or permission of instructor. A study of the documents used in the construction industry. These documents involve the study, use and legal aspects of advertisement for bids, contracts, change orders, insurance and bonds.		<b>TBA – Prerequisite:</b> BCV 0523C, BCV 0571C and permission of instructor. This course is designed to teach the repair, service and maintenance of plumbing systems including the tap connections to municipal sewer/water piping.	
<b>BCT 2760 Building Codes.</b>	<b>3 c.c.</b>	<b>BCV 0500C Introduction to Plumbing.</b>	<b>4 v.c.</b>
<b>FA – A.A.S. only. Prerequisite:</b> BCN 1001 or permission of instructor. A study of the Building Codes designed to acquaint the student with the requirements for commercial construction based on occupancy classification and construction type.		<b>TBA – Prerequisite:</b> Permission of instructor. This course is designed to teach entry level job skills and to familiarize students with the plumbing trade. Content provides an introduction to the plumbing skills including safety, identifying tools, pipe fittings, pipe joints, plumbing fixtures and communications. Also included will be working conditions, wages, benefits and job specialization.	
<b>BCT 2770 Construction Estimating.</b>	<b>3 c.c.</b>	<b>BCV 0504C Plans, Blueprints and Isometric Drawing.</b>	<b>4 v.c.</b>
<b>FA – A.A.S. only. Lab fee. Prerequisite:</b> BCN 1001. A course involving systems of accounting, material inventory, and the critical path method of planning and scheduling. This course is designed specifically for cost estimating in heavy construction but those who complete it should have no trouble doing light construction or commercial estimating. Completion of or simultaneous enrollment in, ETD 1399 or the ability to read blueprints will aid the student in this class. Some computer assisted estimating is used.		<b>TBA – Prerequisite:</b> BCV 0510C and permission of instructor. This course is designed to teach the basics on reading and interpreting plans and blueprints and will include isometric sketches, pipe drawings, plan view and schematics.	
<b>BCV 0020C Tools and Pre-Construction Skills.</b>	<b>5 v.c.</b>	<b>BCV 0510C Introduction to Pipefitting.</b>	<b>4 v.c.</b>
<b>TBA – Lab fee. Prerequisite:</b> Permission of instructor. This course is designed to teach entry-level job skills in carpentry. Topics include the safe use of all hand and power tools, construction math, construction of saw horses, saw vises and tool box, the uses of the framing square and reading construction working drawings. The student will learn procedures in basic rigging, communication and employability skills.		<b>TBA – Prerequisite:</b> BCV 0500C and permission of instructor. This course is designed to teach entry level job skills and to familiarize students with the pipefitting trade. Students will learn basic use and tools in the trade, read and interpret blueprints, building codes as applies to the trade.	
		<b>BCV 0523C Fixtures, Valves and Faucets.</b>	<b>4 v.c.</b>
		<b>TBA – Prerequisite:</b> BCV 0504C and permission of instructor. This course is designed to familiarize students with various plumbing fixtures such as kitchen sinks, water closets, bathtubs, showers, hose bibbs, urinals and water coolers. The student will also be able to recognize and repair the major types and brands of faucets and valves.	

- BCV 0570C Water Supply/Potable Water Systems.** 4 v.c.  
**TBA – Prerequisite:** BCV 0504C and permission of instructor. This course is designed to equip students with the ability to design and layout potable water systems, types of material, use and size, routing and sizing of supply piping, supports and hangers. Also included will be the various types of shallow wells and circulating pumps, principles of using solar energy collector plates, storage tanks, valves and pumps.
- BCV 0571C Drain, Waste and Venting.** 4 v.c.  
**TBA – Prerequisite:** BCV 0504C and permission of instructor. This course is designed to equip the student with the ability to design and layout sanitary drainage systems. The student will also learn types of venting systems, code-specified sizing based on 10-D-9, wet venting, common venting, combination waste and vent, utility and loop, or circuit venting.
- BCV 0580C Storm Drains, Interceptors.** 4 v.c.  
**TBA – Prerequisite:** BCV 0504C and permission of instructor. This course is designed to teach recognition, design function and installation of intercepting devices and storm drainage systems as they related to the plumbing trade.
- BCV 0602C DC and AC Theory.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of instructor. This course is designed to teach entry-level job skills for electricians. Topics include test equipment, Ohms law principles of induction, principles of capacitance, DC circuitry, principles of magnetism/ electromagnetism, circuits, conductors, and insulators as well as electrical codes, electrical terminology, and concepts of work and energy.
- BCV 0610C NEC Review.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of instructor. This course is designed to give students the necessary skills to understand and use the National Electric Code (NEC) in preparation for the journeyman and master license examination as well as basic understanding for electrical helpers to stay abreast with changes in the “code” from edition to edition.
- BCV 0629C Residential Wiring I.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** BCV 0602C and permission of instructor. This course is designed to help give students the necessary entry level skills in residential wiring to establish the foundation for becoming an electrical helper. Topics include, but are not limited to the following: 1) Proper use of both hand and power tools. 2) Blueprint reading. 3) Materials identification. 4) Basic residential circuits. 5) Terminology. 6) Wiring techniques. 7) The National Electric Code (NEC) requirements.
- BCV 0642C Residential Wiring II.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** BCV 0629C and permission of instructor. This course is designed to give students the necessary skills to perform residential installations. This course is a continuation of BCV 0629C.
- BCV 0660C Commercial Wiring I.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** BCV 0602C and permission of instructor. This course is designed to give students the necessary entry level skills to function in the commercial electrical installation environment. Topics include, but are not limited to the following: 1) Commercial circuit requirements. 2) NEC requirements. 3) Conduit bending experience. 4) Conduit installations. 5) Commercial lighting systems. 6) Site plans and interpretation.
- BCV 0661C Commercial Wiring II.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** BCV 0660C and permission of instructor. This course is designed to give students the necessary entry level skills to perform commercial installations. This course is a continuation of BCV 0660C.
- BCV 0662C Electrical Maintenance.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** BCV 0602C and permission of instructor. This course is designed to give students the necessary skills to perform electrical maintenance on various types of residential and commercial installations. Topics include, but are not limited to the following: 1) General power distribution systems for both residential and commercial installations. 2) HVAC requirements. 3) General single-phase motor maintenance. 4) Commercial lighting maintenance. 5) Low voltage control systems.
- BCV 0925 Building Co-op.** 5 v.c.  
**TBA – Cooperative Education (Co-op)** is a planned, paid work experience whereby a student is employed in a job directly related to the student’s academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- BCV 0935 Special Topics Construction Trades** 5 c.c.  
**TBA – Prerequisites:** BCV 0141C or BCV 0642C or permission of the instructor or department head. This course is designed to allow flexibility for presenting a variety of topics relating to the construction trade industries, such as current and future trends and new technologies. This course may be repeated when the content varies.
- BCV 0949 Electrical Co-op.** 5 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of instructor. Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student’s vocational field of study. Each student must meet certain Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- BOT 1010 General Botany.** 3 c.c.  
**FA, SP, SU – Corequisite:** BOT 1010L. Morphological, physiological, and taxonomic aspects of plants are studied. Significant plant groups are surveyed to illustrate basic biological principles. **Meets A.A. general education Category VI.**
- BOT 1010L General Botany Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** BOT 1010. An introductory laboratory course with the appropriate microscope, dissection, and experimental exercises to accompany BOT 1010. **Meets A.A. general education Category VI.**
- BSC 0070 Structure and Function.** 2 v.c.  
**FA, SP, SU –** This course covers basic normal anatomy and physiology and explores man’s need to maintain homeostasis in his environment. The foundation for subsequent learning involving human structure and physiology is emphasized. Medical terminology for each system is integrated throughout the course.
- BSC 1005 Biological Principles for Non-Majors.** 3 c.c.  
**FA, SP, SU –** A study of the principles of biology (cell theory, cellular process, theories of heredity and evolutionary theory) and a survey of the diversity of organisms. A course for non-majors; not recommended for biology majors. **Meets A.A. general education Category VI.**
- BSC 1005L Biological Principles for Non-Majors Laboratory.** 1c.c.  
**FA, SP, SU – Lab fee. Prerequisite or Corequisite:** BSC 1005. A laboratory course providing exercises and experiments to demonstrate the principles of biology and the diversity of life. A course for non-majors; not recommended for biology majors. **Meets A.A. general education Category VI.**
- BSC 1080 Essentials of Anatomy and Physiology.** 3 c.c.  
**FA, SP – Corequisite:** BSC 1080L. This is a survey course consisting of lectures and demonstrations covering the basic structures and functions of the human body. It is not recommended for students who intend to major in biology, medicine, or registered nursing.
- BSC 1080L Essentials of Anatomy and Physiology Laboratory.** 1 c.c.  
**FA, SP – Lab fee. Corequisite:** BSC 1080. This is a laboratory course in which dissected materials, microscopy, models, and other supplemental materials will be used to reinforce concepts presented in BSC 1080.

- BSC 1093 Anatomy and Physiology I.** 4 c.c.  
**FA, SP, SU – Prerequisite:** Biology (high school or equivalent).  
**Corequisite:** BSC 1093L. This course is an intensive study of human anatomy with emphasis on normal physiology and disease states that result when normal homeostatic mechanisms are compromised. Topics covered include basic cellular function, tissue components of the body, cellular metabolism, integumentary, skeletal, muscular, and nervous systems and special senses.
- BSC 1093C Anatomy and Physiology I** 4 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** Biology (high school or equivalent). This course is an intensive study of human anatomy with emphasis on normal physiology and disease states that result when normal homeostatic mechanisms are compromised. Topics covered include basic cellular structure and function, tissue components of the body, cellular metabolism, integumentary, skeletal, muscular, and nervous systems and special senses. Laboratory exercises are intended to enhance topics covered in lecture. Models, dissection material, and other media are used to explore the structure of the cell, tissues, integumentary, skeletal, muscular, and nervous systems.
- BSC 1093L Anatomy and Physiology I Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** BSC 1093. This course uses laboratory exercises in anatomy and physiology intended to enhance topics covered in BSC 1093. Models, dissection material and other media will be used to explore the structure of the cell, tissues, integumentary, skeletal, muscular, and nervous systems.
- BSC 1094 Anatomy and Physiology II.** 3 c.c.  
**FA, SP, SU – Prerequisite:** BSC 1093. **Corequisite:** BSC 1094L. This course is a continuation of BSC 1093. Topics covered include the endocrine, cardiovascular, lymphatic, immune, respiratory, digestive, urinary and reproductive systems, including genetics, general developmental concepts and pregnancy. Normal and pathological conditions of fluid, acid-base, and electrolyte balance are also surveyed.
- BSC 1094C Anatomy and Physiology II** 4 c.c.  
**FA, SP, SU – Lab fee. Prerequisites:** BSC 1093 and BSC 1093L; or BSC 1093C. This course is a continuation of BSC 1093 and BSC 1093L or BSC 1093C. Topics covered include the endocrine, cardiovascular, lymphatic, immune, respiratory, digestive, urinary and reproductive systems, including genetics, general developmental concepts, and pregnancy. Normal and pathological conditions of fluid, acid-base, and electrolyte balance are also surveyed. Laboratory exercises in anatomy and physiology to enhance topics covered in the lecture. Models, dissection material and other media will be used to explore the structure of the sensory, cardiovascular, respiratory, digestive, urinary and reproductive systems.
- BSC 1094L Anatomy and Physiology II Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** BSC 1093L. **Corequisite:** BSC 1094. Continuation of BSC 1093L. This course uses laboratory exercises in anatomy and physiology to enhance topics covered in BSC 1094. Models, dissection material and other media will be used to explore the structure of the sensory, endocrine, cardiovascular, respiratory, digestive, urinary and reproductive systems, including genetics.
- BSC 1931, 1931L, 1932, 1932L, 1933 Special Topics in Biological Sciences.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU –** Some sections may require lab fees. This course is designed to allow flexibility for presenting a variety of topics in biological sciences, such as biotechnology, environment, and natural history. The course may be repeated for credit when content varies.
- BSC 2010 Integrated Principles of Biology.** 3 c.c.  
**FA, SP, SU – Prerequisites:** High school biology and chemistry or permission of department head. **Corequisite:** BSC 2010L. Study of the cellular, genetic, and evolutionary principles which form the foundation of biology. Emphasis on biomolecules, cell structure and function, protein synthesis, genetics and organic evolution. The first course for biology majors. **Meets A.A. general education Category VI.**
- BSC 2010L Integrated Principles of Biology Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Prerequisites:** High school biology and chemistry or permission of department head. **Corequisite:** BSC 2010. A laboratory course which provides hands-on exercises to complement the material in lecture course BSC 2010. Required for biology majors. **Meets A.A. general education Category VI.**
- BSC 2033 Ethical Issues in Biology.** 2 c.c.  
**SP, SU – Prerequisite:** BSC 1005 or BSC 2010 or BSC 1080 or BSC 0070 or BSC 1093 and BSC 1094. In recent years, the life sciences have produced numerous techniques and laboratory devices whose applications have produced challenging ethical dilemmas for modern society. This course explores the complex interactions that occur at the overlap between ethics and modern biology. Topics to be presented will include the use of genetic information, genetic testing, genetic engineering, gene therapy, medical ethics, use of reproductive technologies, abortion, euthanasia, xenotransplantation and cloning.
- BUL 2241 Business Law.** 3 c.c.  
**FA, SP, SU –** This is a general introduction to law which includes a study of the foundations of legal systems and the role of law in society, fundamental principles of the law of crimes, torts, contracts, sales, and commercial paper. Emphasis is placed on logical reasoning and the application of rules of law to everyday business affairs.
- BUL 3130 Legal Environment of Business.** 3 c.c.  
**TBA –** The course includes issues such as: Contracts, Torts, Legal/Political/Economic Aspects of Ethics and the Law, U.C.C., Antitrust Law, Employment Law, Administrative Law, Securities Law, and International Business Law Topics.
- CAP 2050 XBOX Game Programming.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** COP 2360 or COP 2800. Students will be introduced to Microsoft's XNA programming language. They will learn how the XNA framework integrates with C#, basic game programming concepts, how to create 2D and 3D games using the language, and how to transfer games on the Xbox.
- CAP 2051 Game Level Design.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** COP 1000, COP 1510. Introduction to the tools and concepts used to create levels for games and simulations. Incorporates level design, architecture theory, concepts of critical path and flow, balancing, play testing, and storytelling. Includes utilization of toolsets from industry titles.
- CCJ 1020 Introduction to Criminal Justice.** 3 c.c.  
**FA, SP, SU –** An introductory course designed to familiarize students with the criminal justice system. Emphasis is placed on understanding the nature, functions and limits of law. Special attention will be given to the criminal justice process from arrest to final disposition. The course will prepare the student for succeeding courses in the criminal justice program. Course is highly recommended for non-majors. **Meets A.A. general education Category IV.**
- CCJ 1452 Criminal Justice Administration.** 3 c.c.  
**FA, SP, SU –** Theory and practice of organizational and administrative principles as they apply to criminal justice agencies at federal, state and local levels of government.
- CCJ 2010 Criminology.** 3 c.c.  
**FA, SP, SU –** This course is designed to give students an opportunity to study the nature of criminal and delinquent behavior. The course will present the many diverse views that characterize criminology, the study of crime and delinquency, and reflect the interdisciplinary nature of this field.

- CCJ 2947, 2948, 2949 Criminal Justice Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – Cooperative Education (Co-op)** is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- CET 1071 Introduction to Telecommunications.** 3 c.c.  
**FA, SP, SU – A.A.S. only.** A first course in telecommunications, which will cover all facets of the field, including voice, data and video technologies. The history of telecommunications is discussed with an emphasis on the regulatory environment and standards, which have shaped telecommunications development. A large portion of the subject material will be directed toward data handling and how networks are used in telecommunications. Case studies are used to support instruction.
- CET 1112C Digital Fundamentals.** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee. Corequisite:** CGS 1061C. A theory-lab course covering introductory concepts of digital circuits. Material covered in theory and lab includes number systems, digital codes, logic circuits, Boolean algebra, Karnagh mapping, Demorgan's Theorem, arithmetic circuits, code converters, multiplexers, and demultiplexers.
- CET 1178C PC Hardware (A+).** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee. Prerequisite:** CGS 1061C. This course is designed to prepare the student to take the A+ Certification exam, by teaching the student basic technical skills needed to understand the function and operation of the major elements of personal computer systems, and how to localize and correct common hardware and software problems.
- CET 1179C PC Operating Systems (A+).** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee. Prerequisite:** CGS 1061C. This course is designed to prepare the student to take the A+ Certification exam by making the student proficient in personal computer operating systems including DOS, Win 98/2000/XP. Major topics include disk, file and memory management, system configurations, menu driven processing, graphical user interfaces, boot files, disk caching, virtual memory, device drivers, TSRs, and basic system errors.
- CET 1588C Network +.** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee. Prerequisite:** CGS 1061C or permission of instructor. This course serves as a general introduction for students to acquire a foundation in current network technologies for local area networks (LANs), wide area networks (WANs), and the Internet. This course prepares the student to take the CompTIA Network+ certification exam. The course provides an introduction to the hardware, software, terminology, components, design, and connections of a network, as well as the topologies and protocols for LANs. It covers LAN-user concepts and the basic functions of system administration and operation.
- CET 1600C Network Fundamentals.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CGS 1061C or permission of instructor. This course introduces the student to the basics of internetworking technology. This is also the first of four courses designed to prepare a student to take the Cisco Certified Network Associate Exam. The student will study networks and layers, networking devices, IP addressing, ARP and RARP, media and design, topology, structured cabling, electricity and electronics, and network management.
- CET 1610C Router Protocols and Concepts.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CET 1600C. This course introduces the student to the basics of router configurations. This is also the second of four courses designed to prepare a student to take the Cisco Certified Network Associate Exam. The student will study router components, router configuration, IOS, TCP/IP addressing, and other router protocols.
- CET 1630C Network Cable Installation.** 2 c.c.  
**TBA – A.A.S. only. Prerequisite:** CGS 1061C. This is an introductory course about broadband cable installation. The student will learn about basic broadband theory and technology as well as techniques used to install and troubleshoot broadband cable installations.
- CET 1632C Fiber Optic Installation and Activation.** 2 c.c.  
**TBA – A.A.S. only. Prerequisite:** CET 1630C. This course covers fiber-optic technology including the attributes of various fiber-optic networks and transmission systems. It also covers fiber optic topologies, amplitude modulation, frequency modulation and digital modulation as well as multiplexing and de-multiplexing.
- CET 1634C Telecommunications Distribution Systems.** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee.** This course is designed to teach a student the fundamentals of structured cabling systems and the fundamentals of grounding and protection for telecommunications systems. It also will be an introduction to telecommunications cabling infrastructure for a customer-owned outside plant.
- CET 1730C Windows Server 2008 Active Directory** 3 c.c.  
**TBA- Lab fee. Prerequisites:** CGS1061C, CTS1300. This course provides students with the knowledge and skills necessary to configure the Windows Server 2008 Active Directory and prepares students for the Microsoft Exam 70-640.
- CET 2113C Digital Circuits.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** CET 1112C. A theory-lab course which covers additional digital electronics circuits and concepts. Circuits included are latches, flip-flops, counters, registers, multivibrators, timers, digital-to-analog converters (DAC), analog to digital converters (ADC), and common memory technologies (R/WR and ROM).
- CET 2123C Microprocessor Fundamentals.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** CET 2113C. A theory-lab course which teaches the fundamentals of the microprocessor, including MPU architecture, bus concepts, and memory mapping. Assembly language programming is emphasized with specific applications for interrupt routines.
- CET 2172C Personal Computers Maintenance, Upgrade and Support.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CET 1178C or departmental waiver based on documented personal experience. A combination theory and laboratory oriented course which introduces the student to maintenance of microcomputers. It will prepare students in maintenance, upgrade, and support of PC's. Major items covered include: hardware/software/firmware concepts, troubleshooting, repair, support of the PC, LAN/WAN network applications, and operating systems.
- CET 2614C Cisco CCNA Security** 3 c.c.  
**TBA – Lab fee. Prerequisites:** CET 2620C, CTS 2120C. This course focuses on the overall security process based on a security policy and its relation to the router IOS firewall. This course also maps to the Cisco CCNA Security Exam.
- CET 2615C LAN Switching and Wireless.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CET 1610C. This course introduces the student to fundamentals of LAN configurations. This is also the third of four courses designed to prepare a student to take the Cisco Certified Network Associate Exam. The student will study LAN switching, VLANs, LAN design, IGRP, access list, and IPX.
- CET 2620C Accessing the WAN.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CET 2615C. This course introduces the student to advanced router configurations. This is also the fourth of four courses designed to prepare a student to take the Cisco Certified Network Associate Exam. The student will study LAN switching, VLANs, LAN design, IGRP, access list, and IPX.

- CET 2660C Fundamentals of Network Security 1 Router IOS Firewall.** 4 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** CCTS 2120C. This course focuses on the overall security process based on a security policy and its relation to the router IOS Firewall. This course also maps to the Cisco CCNA Security exam.
- CET 2731C Windows Server 2008 Network Infrastructure** 3 c.c.  
**TBA – Lab fee. Prerequisite:** CET 1730C. This course provides students with the knowledge and skills necessary to install, manage, monitor, configure, and troubleshoot DNS, Remote Access, File and Print services, Distributed File System, and the Network Infrastructure.
- CET 2732C Administer Windows Server 2008** 3 c.c.  
**TBA – Lab fee. Prerequisites:** CET2731C. This course provides students with the knowledge and skill to plan, deploy, install, manage, monitor, and maintain the Windows Server 2008 Operating System (OS).
- CET 2854C Wireless LANS.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CET 1588C or CET 2620C. This course focuses on wireless LANS, topology, infrastructure, and site survey techniques. Mathematics and physics are held to a minimum to allow for the broadest possible audience.
- CET 2890C Network Defense and Countermeasures** 3 c.c.  
**TBA – Lab fee. Prerequisites:** CET 2620C, CTS 2120C. This course focuses on one of the most important and urgent concepts in protecting computers and networks: intrusion detection.
- CET 2932 Advanced Telecommunications Topics.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** CET 1071. This course focus on the overall security process based on a security policy and its relation to the router IOS Firewall. This course also maps to the Cisco SECUR exam.
- CET 2934 CIT Professional Project.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** CTS 2149. This course, taken during the last semester, is the culmination of the student's Computer Information Technology degree program, and as such represents an opportunity for the student to complete a project and present an integrated summary of what he/she learned. Class time will be spent planning and working through the specific details of the project and creating a personal presentation. Suggested project include, but are not limited to, network design, risk assessment, wiring design, security awareness program, developing security policies.
- CET 2947, 2948, 2949 Telecommunications Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – A.A.S. only.** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- CGS 1050 Electronic Access to Information.** 1 c.c.  
**FA, SP, SU – Lab fee.** This course introduces students to Internet and online library research skills needed to locate, evaluate, and cite relevant information for class assignments and personal research. Students will use a variety of information sources, including Internet search engines and online library sources that contain information from books, magazines, journals, and newspapers. Emphasis will be placed on Boolean and other search techniques, evaluating and citing sources. Introduces use of selected software to manage information. **Meets A.A. computer competence requirement.**
- CGS 1061C Introduction to Computers in Technology.** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee.** A first computer course, geared to providing technology students with a working knowledge of computer hardware and software related to their vocation. This course focuses on five concepts: basic keyboarding, word processing, computer hardware, operating systems, and basic computer maintenance.
- CGS 1570 Computer Concepts and Applications.** 3 c.c.  
**FA, SP, SU – Lab fee.** This course will cover computer and networking concepts, computer applications, and productivity software (word processing, spreadsheet, graphics, and database). Course requires use of computers outside of class time.
- CGS 1584 PowerPoint Presentations for Business.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CGS 1061C or CGS 1570. A projects-based course in multimedia presentation tools with emphasis on the use of microcomputers for professional and academic use. Topics include presentation planning, ergonomic design, and integration of several different types of multimedia. Participants will become familiar with integrating text, clip art, digital pictures, and animation with the Microsoft PowerPoint program.
- CGS 1700 Introduction to Operating Systems.** 3 c.c.  
**FA, SP – Prerequisite:** CGS 1570 or CGS 1061. Course covers concepts concerning hardware design, data representation, and operating systems without regard to any particular type of computer. This course will examine the "what" and "why" of an operating system and its responsibility to hardware applications.
- CGS 2069 Fundamentals of Electronic Commerce.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CGS 1570. This course will deal with the changing field of electronic business. Topics include an overview of Internet commerce, business basics, advertising, marketing, and security issues.
- CGS 2122 Engineering Technical Spreadsheets.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisites:** CGS 1570, EGS 1111, MAT 1033 or permission of instructor. This course is an intermediate spreadsheet course using Microsoft Excel software which provides the student with skills necessary to solve engineering problems. This course provides a mathematic foundation for engineering calculations including geometry and trigonometry. It will take the student or professional through the Excel software program in a systematic approach describing intermediate commands and procedures in detail.
- CGS 2510 Spreadsheet.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** CGS 1570. Spreadsheet applications will be taught by a combination of lecture and hands-on experience. Electronic spreadsheet and data management applications will be covered.
- CGS 2555 Internet Literacy.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** CGS 1570. This course will cover use of Windows based software, Internet concepts, connectivity, communication, search engines, Web page creation, Internet multimedia, and the origin, current impact on society, and future of the Internet.
- CGS 2821 Web Site Theory and Project.** 3 c.c.  
**SP – Lab fee. Prerequisite:** CGS 2874. Review of web site design and development concepts and techniques with emphasis on incorporating graphic and multimedia elements into web pages and managing the site development process. Students will use Adobe software including Acrobat, Photoshop, GoLive and others. Course project will involve creation of a Web site for a client.
- CGS 2822 Scripting for the Web.** 3 c.c.  
**FA, SP – Lab fee. Prerequisites:** COP 1510. This course teaches the basics of writing scripts for use on the World Wide Web. Emphasis will be placed on the student learning to program with Javascript and Perl, with a brief survey of several other scripting languages.

- CGS 2874 Web Design with Adobe Software.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** CGS 1570. This projects-based course continues the participant's development of skills using advanced web design techniques. Course content includes integration of multimedia objects and introduction to Adobe Dreamweaver, "Flash" and "Fireworks." The participant will also be able to author original web sites that are cohesive.
- CGS 2931, 2932, 2933 Special Topics in Computer Science.** 1 c.c., 2 c.c., 3 c.c.  
**TBA – Lab fee.** A course designed to allow flexibility to present a wide variety of topics related to the application of microcomputer software to business, economics, and managerial decision-making in rapidly changing environments.
- CHD 1104 Introduction to Early Childhood.** 3 c.c.  
**FA, SP, SU –** This is an introductory course to acquaint students with the many facets of child-care programs; center-based, family, in-home, nursery and after school. This course provides information required by State for child care certification. This course also fulfills a portion of the required 120 clock hours of training for the Florida Child Care Professional Credential (formerly known as the CDA/CDAE). This course will include a 20-hour service learning component outside the classroom.
- CHD 1332 Creative Experiences for Children.** 3 c.c.  
**SP – Prerequisite:** CHD1104 or permission of instructor. This course emphasizes the importance of creativity and play for the intellectual development of the child. Areas covered are the curriculum areas in children's programs, the value of the learning environment, and the need to match materials and activities to developmental levels of children. The student prepares materials and activities to use with children.
- CHD 1800 Management in Child Care.** 3 c.c.  
**FA, SP, SU –** This course explores the role of the administrative process in child care and the laws that affect the operation of a center. Facility, program, budget, schedule, and food management are emphasized. This course fulfills a portion of the required 120 clock hours of formal training for the Florida Child Care Professional Credential (formerly known as the CDA/CDAE). This course will include a 20-hour service learning component outside the classroom.
- CHD 1931, 1932, 1933 Early Childhood Seminar.** 1 c.c., 2 c.c., 3 c.c.  
**TBA –** This course explores current topics as they affect the child in the family, the child's development and the child in settings such as child care, pre-kindergarten and primary grades. The student will receive instruction in child literacy and math skills development. The literacy component will meet the state mandated literacy requirements for Early Childhood educators.
- CHD 2120 Infants and Toddlers.** 3 c.c.  
**SP – Prerequisite:** CHD 1104 or permission of instructor. This course is required as part of the Infant/Toddler Technical Certificate. It will provide students with a foundation in how infants and toddlers grow and learn and the role their families and caregivers play in their development. This course will also provide them the information they need to develop quality environments for infants and toddlers
- CHD 2380 Teaching Young Children.** 3 c.c.  
**FA – Prerequisite:** CHD 1104 or permission of instructor. This course is designed to provide the student with an understanding of how young children learn and how to implement authentic observation and assessment on them. The student will be introduced to a variety of early childhood curricula methods and their strategies for observing and assessing young children.
- CHD 2440C Early Childhood Practicum.** 3 c.c.  
**SP – Prerequisite:** CHD 1104 and DEP 2001 or permission of instructor. The student plans and carries out specific activities with small groups of children. The student reads professional materials, learns to arrange materials appropriately in a learning environment, and to identify some teaching behaviors that promote learning. This course will include field-based observation and participation components. This course fulfills a portion of the required 120 hours of training for the C.D.A. credential.
- CHD 2620 Home, School and Community Relations.** 3 c.c.  
**FA –** This course is designed to help the student recognize the importance of the relationship between the family, school and community. These relationships are crucial in providing appropriate experiences for young children. Specific attitudes, philosophies and practical techniques that all teachers need to build relationships with families will be emphasized.
- CHD 2947, 2948, 2949 Child Development Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP –** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- CHM 1025 Introduction to College Chemistry.** 3 c.c.  
**FA, SP, SU –** An introductory course in chemistry for students who have had little or no prior exposure to the subject. Emphasis is on the language, fundamental concepts, and problem solving in chemistry. **Meets A.A. general education Category VII.**
- CHM 1025L Introduction to College Chemistry Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** CHM 1025. An optional laboratory course to accompany CHM 1025, with emphasis on basic laboratory skills and practical applications of chemistry. Activities performed by the student in CHM 1025L will help reinforce concepts presented in CHM 1025. Lab safety exam is required. (Students taking CHM 1025 concurrently are required to withdraw from CHM 1025L if they withdraw from CHM 1025.) **Meets A.A. general education Category VII.**
- CHM 1032 Survey of General Chemistry.** 3 c.c.  
**TBA –** A one semester introductory course surveying the major areas and principles of general chemistry. This course is designed for science-related and health majors that require a somewhat less rigorous treatment of the subject than is presented in the two-semester mainstream General Chemistry I and II sequence. Basic skills in arithmetic and algebra are important to succeed in this course.
- CHM 1032L Survey of General Chemistry Laboratory.** 1 c.c.  
**TBA – Lab fee. Corequisite:** CHM 1032. An optional laboratory course to accompany CHM 1032, with emphasis on laboratory experiences to illustrate the concepts presented in CHM 1032 and on the development of fundamental laboratory skills in chemistry. Lab safety test required. (Students taking CHM 1032 concurrently are required to withdraw from CHM 1032L if they withdraw from CHM 1032.)
- CHM 1045 General Chemistry I.** 3 c.c.  
**FA, SP, SU – Prerequisite:** CHM 1025 or high school chemistry. **Corequisites:** MAC 1105, CHM 1045L. A modern survey of basic principles in chemistry with emphasis on scientific measurement, atomic and molecular structure, periodic properties, chemical reactions, stoichiometry, and kinetic molecular theory of gases. Mastery of basic algebra skills is essential for successful completion of this course. Students planning to register for CHM 1045 are strongly encouraged to take an online chemistry assessment test beforehand to assist them with advising and placement, and should contact the Physical Sciences Department for details. **Meets A.A. general education Category VII.**
- CHM 1045C General Chemistry I.** 4 c.c.  
**TBA – Lab fee. Prerequisite:** CHM 1025 or one year of high school chemistry. **Corequisite:** MAC 1105. A modern survey of basic principles in chemistry with emphasis on scientific measurement, atomic and molecular structure, periodic properties, chemical reactions, stoichiometry, and kinetic molecular theory of gases. The laboratory component of the course emphasizes the development of laboratory skills in chemistry which are fundamental to students of science. Lab safety exam is required. Mastery of basic algebra skills is essential for successful completion of this course. **Meets A.A. general education Category VII.**

- CHM 1045L General Chemistry I Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** CHM 1045. A laboratory course to accompany CHM 1045, with emphasis on the development of laboratory skills in chemistry which are fundamental to students of science. Experiments performed by the student in CHM 1045L will both complement and supplement the concepts presented in CHM 1045. Lab safety exam is required. (Students taking CHM 1045 concurrently are required to withdraw from CHM 1045L if they withdraw from CHM 1045.) **Meets A.A. general education Category VII.**
- CHM 1046 General Chemistry II.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Completion of CHM 1045 with a grade of “C” or better. **Corequisite:** CHM 1046L. Topics treated include physical states of matter, the nature and physical properties of solutions, acids and bases, kinetics, chemical equilibrium, thermodynamics, electrochemistry, coordination compounds, and nuclear chemistry. **Meets A.A. general education Category VII.**
- CHM 1046L General Chemistry II Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** Completion of CHM 1045L with a grade of “C” or better. **Corequisite:** CHM 1046. A laboratory course to accompany CHM 1046, with emphasis on the development of laboratory skills in chemistry which are fundamental to students of science. Experiments performed by the student in CHM 1046L will both complement and supplement the concepts presented in CHM 1046. Lab safety test required. (Students taking CHM 1046 concurrently are required to withdraw from CHM 1046L if they withdraw from CHM 1046.) **Meets A.A. general education Category VII.**
- CHM 2210 Organic Chemistry I.** 3 c.c.  
**FA, SP – Prerequisite:** Completion of CHM 1046 with a grade of “C” or better. **Corequisite:** CHM 2210L. A study of carbon compounds with emphasis placed on reaction mechanisms, functional group behavior, synthesis, and structure determination.
- CHM 2210L Organic Chemistry I Laboratory.** 1 c.c.  
**FA, SP – Lab fee. Prerequisite:** Completion of CHM 1046L with a grade of “C” or better. **Corequisite:** CHM 2210. Experiments designed to provide hands-on experience to reinforce topics covered in the lecture course. Lab safety test required. (Students taking CHM 2210 concurrently are required to withdraw from CHM 2210L if they withdraw from CHM 2210.)
- CHM 2211 Organic Chemistry II.** 3 c.c.  
**SP, SU – Prerequisite:** Completion of CHM 2210 with a grade of “C” or better. **Corequisite:** CHM 2211L. A continuation of CHM 2210.
- CHM 2211L Organic Chemistry II Laboratory.** 1 c.c.  
**SP, SU – Lab fee. Prerequisite:** Completion of CHM 2210L with a grade of “C” or better. **Corequisite:** CHM 2211. A continuation of CHM 2210L. Lab safety test required. (Students taking CHM 2211 concurrently are required to withdraw from CHM 2211L if they withdraw from CHM 2211.)
- CIS 1350 Principles of Information Security.** 3 c.c.  
**TBA – A.A.S. only. Lab fee.** This course provides a broad overview of practical computer security for all users.
- CJC 1000 Theory and Practice of Corrections.** 3 c.c.  
**FA, SP, SU –** A comprehensive view of the history and philosophy of corrections at the federal, state and local levels. The course presents types and classifications of correctional facilities; temporary problems in corrections; and a career orientation.
- CJC 2162 Probation and Parole.** 3 c.c.  
**FA, SP, SU –** This is a course designed to explore the theories and practices of correcting behavior in the community setting. The difference between the two is discussed along with the range of restrictions that can be placed on the parolee or probationer in attempts to guide his/her behavioral modification.
- CJE 1500 Police Operations.** 3 c.c.  
**FA, SP, SU –** This is a study of the principles and purposes of divisional functions of police agencies—line, auxiliary, and administrative—and analysis of the major activities of each division, including communications, record keeping, public relations, selection processes, and specialized units.
- CJE 1600 Criminal Investigation.** 3 c.c.  
**FA, SP, SU –** This course is a survey of the methods and techniques employed by law enforcement officers in the detection and investigation of crime.
- CJE 1640 Introduction to Criminalistics.** 3 c.c.  
**FA, SP –** Scientific methods are applied in the course. It includes the examination of documents, firearms identification, toxicology, pathology, photography, fingerprinting, and the basic capabilities of local, state, and federal crime laboratories.
- CJE 1642 Advanced Crime Scene Technology.** 3 c.c.  
**TBA – Prerequisites or Corequisites:** CJE 1600 and CJE 1640. This course covers advanced principles, theories, and applications in crime scene technology. An overview of specialized collection procedures of weapons, traffic crash evidence, arson, gunshot residue, blood splatter, and recovery of buried bodies and surface skeletons are included.
- CJE 1673 Crime Scene Photography I.** 3 c.c.  
**TBA – Lab fee. Prerequisites and Corequisites:** CJE 1600 and CJE 1640. This course includes basic photographic skills including camera operation and exposure control. It is a hands-on course that will build basic proficiency in documenting a crime scene. Each student should have personal access to a digital camera and software to process photographs.
- CJE 1674 Crime Scene Photography II.** 3 c.c.  
**TBA – Prerequisite:** CJE 1673. This course includes advanced photographic skills including camera operation and exposure control. It is a hands-on course that will build proficiency in documenting a crime scene. Each student should have access to a digital camera and software to process the pictures. This course will build upon skills and techniques taught in CJE 1673 Crime Scene Photography.
- CJE 2644 Crime Scene Safety.** 2 c.c.  
**TBA – Prerequisites or Corequisites:** CJE 1600 and CJE 1640. This course covers potential health and safety hazards one will encounter at a crime scene. The course will also introduce the proper protective techniques to minimize risk to self and others. Emergency procedures and state and federal regulations are included. 32 contact hours.
- CJE 2671 Latent Fingerprint Development.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** CJE 2672. This course covers the techniques involved in detection, enhancement, and recovery of latent fingerprints from physical evidence. Chemical and mechanical methods will be taught for use on varying surfaces.
- CJE 2676 Biological Evidence.** 2 c.c.  
**TBA – Lab fee. Prerequisites or Corequisites:** CJE 1600 and CJE 1640. This course exposes the student to the forensic value, collection, handling, preservation, testing, and documentation of biological evidence. It also addresses safety issues in handling biological evidence.
- CJJ 2002 Juvenile Justice.** 3 c.c.  
**FA, SP, SU –** The influence of political, economic, and environmental factors pertaining to adolescents and treatment of delinquent children are presented in this course. The course surveys youth crimes and the police role in programs of prevention and control.
- CJL 1100 Criminal Law.** 3 c.c.  
**FA, SP, SU –** An introduction to the specific rules of criminal law generally in force in the United States and the State of Florida. Topics will include: fundamentals of criminal law; essential elements of a crime; criminal liability, responsibility and capacity; defenses and criminal jurisdiction.
- CJL 1130 Rules of Evidence.** 3 c.c.  
**FA, SP, SU –** Instruction in the Basic Rules of Evidence, including classification of various kinds of evidence. Rules governing privileged communication, hearsay, test of admissibility and the application of these rules to the criminal justice process, emphasizing the study of pertinent case law.
- CJL 2062 Constitutional Law for Criminal Justice.** 3 c.c.  
**FA, SP, SU –** The study of constitutional doctrine as a series of controls on the Administration of Criminal Justice, utilizing the opinions of the United States Supreme Court as a basis of study. Emphasis will be placed on the Bill of Rights Amendments having relationships to Criminal Justice.

- CLT 1500 Classical Mythology.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. The first third of this course is spent learning the major deities and heroes of Greco-Roman mythology, including Greco-Roman literature involving these. The course then follows a chronological examination (beginning with Greece to the present) of how artists and poets thematically used classical mythology in their works. The course will involve lectures, correlated readings and illustrations or representative works from each period studied. **Meets A.A. general education Category V. A writing emphasis course.**
- CNT 2405 Information Security Management.** 3 c.c.  
**TBA – Prerequisite:** CTS 2120C. This course deals with processes and technical solutions that implement the information security governance framework, focuses on the tasks necessary for the information security manager to effectively manage information security within an organization, and provides a description of various techniques the information security manager can use. This course also covers steps and solutions for responding to an incident. This course loosely follows the ISACA CISM certification.
- COM 0101 Business Communications.** 3 v.c.  
**FA – Corequisites:** CGS 0040, OTA 0101. A comprehensive course designed to provide basic mechanics for grammar usage and punctuation for acceptable written communication with emphasis on clarity and simplicity necessary in business communications.
- COM 2100 Business Communications.** 3 c.c.  
**FA, SP, SU – Prerequisites:** OST 1100 or LIN 1670C. Business Communications is a comprehensive course designed to improve skills in all aspects of organizational communication. Systems, practices, and media will be included as will some aspects of the behavioral sciences. Emphasis is on composing and arranging effective written communications.
- COP 1000 Introduction to Game Programming** 3 c.c.  
**TBA – Lab fee. Prerequisites:** Appropriate score on Florida Entry-Level Placement Exam or MAT 1033 or high level math. Introduction to game programming and design with an emphasis on problem solving and programming techniques. Covers basic concepts of data representation and types, functions, program control structures, files, game graphics and audio.
- COP 1510 Programming Concepts I.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisites:** Appropriate score on Florida Entry-Level Placement Exam or MAT 1033 or higher level math. Introduction to programming with an emphasis on problem solving and programming techniques. Covers basic concepts of data representation, procedures, functions, program control structures and files.
- COP 2332 Visual Basic.** 3 c.c.  
**FA, SP – Lab fee. Prerequisites:** COP 1510 or COP 1000, MAC 1105. Introduction to object-based, event-driven programming in Microsoft Visual Basic. Use of controls, objects, events, methods, procedures, functions, statements, properties, and data types. Development of business-related applications.
- COP 2360 C# Programming.** 3 c.c.  
**FA, SP – Lab fee. Prerequisites:** MAC 1105 and COP 1510 or COP 1000. This is a course in C# programming. It includes emphasis on basic programming logic, structured and object oriented programming, documentation, and utilization of the unique capabilities of C# to create both console and windowed applications.
- COP 2511 Programming Concepts II.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisites:** COP 1510 or COP 1000, MAC 1105. Continuation of Programming Concepts I. Course covers additional features of C++ with an emphasis on program design, problem solving using procedural programming. Includes structured data, arrays, pointers, linked list (stacks, queues, and trees), binary files, sorting and searching.
- COP 2800 Java Programming.** 3 c.c.  
**FA, SP – Lab fee. Prerequisites:** COP 1510 or COP 1000, MAC 1105. This is a course in Java Programming. It includes emphasis on basic programming logic, structured and object oriented programming, documentation, and utilization of the unique capabilities of Java to create both applications and applets.
- COP 2947, 2948, 2949 Computer Science** 1 c.c., 2 c.c., 3 c.c.  
**Co-op.**  
**FA, SP, SU – Cooperative Education (Co-op)** is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- COS 0001 Introduction to Cosmetology.** 1 v.c.  
**FA, SP, SU –** This course helps students to develop awareness, appreciation, and understanding of the theoretical principles of cosmetology and procedures for cosmetology licensure.
- COS 0020 Consumer Relations/Salon Management.** 1 v.c.  
**FA, SP, SU –** This course helps students to develop the ability to communicate effectively with the client and to understand the business aspect of effective salon management.
- COS 0064 Trichology.** 1 v.c.  
**FA, SP, SU –** This course is designed to give the student a thorough understanding of basic chemistry in hair structure, chemicals, and products used in the beauty salon.
- COS 0080L–Design Clinic I.** 5 v.c.  
**FA, SP, SU – Lab fee.** This course is designed to provide the student with hair-dressing techniques with emphasis on proper procedures and safety precautions.
- COS 0081L Design Clinic II.** 4 v.c.  
**FA, SP, SU –** This course is a continuation of Design Clinic I which provides practical application of design services targeted to increase the student's proficiency emphasizing workmanship, safety and sanitation as appropriate to the salon environment.
- COS 0082L Design Clinic III.** 4 v.c.  
**FA, SP, SU –** This course is a continuation of Design Clinics I and II which provides practical application of design services targeted to increase the student's proficiency emphasizing the technical standards appropriate to the student's level.
- COS 0301 Haircutting.** 1 v.c.  
**FA, SP, SU –** This course is structured to develop skills in all phases of hair shaping including appropriate selection of the correct shears, razor, and clippers with emphasis on proper procedures and safety precautions.
- COS 0401 Hairstyling I.** 2 v.c.  
**FA, SP, SU – Lab fee.** This course helps the student to develop awareness of cosmetology principles of design in regard to facial shape and body composition, and to develop skills in the execution of hair design with proper use of styling implements.
- COS 0402 Hairstyling II.** 1 v.c.  
**FA, SP, SU –** This course is a continuation of COS 0401 with emphasis on enhancing basic techniques and skills.
- COS 0420 Advanced Hairstyling.** 2 v.c.  
**FA, SP, SU –** This course is designed to teach the cosmetology student advanced styling and hair shaping techniques. The cosmetology student will accomplish objective through the development of dexterity and coordination skills and application of principles of these techniques in creating designs and patterns in the hair using a variety of techniques that will include sculpting for patrons coordinated with Pivot Point.
- COS 0500C Barber-Styling I.** 6 v.c.  
**FA, SP, SU – Lab fee.** This course provides students with beginning theoretical and practical procedures of barbering. The basic topics and tasks to be performed are: history of barbering; professional image and ethics; bacteriology; sterilization and sanitation, safe and efficient work practices; and implements, tools and equipment. In addition, skin, scalp and hair structure; disorders and treatments of hair and skin and manipulations and facial treatments will be addressed in this course.

- COS 0510C Barber-Styling II.** 2 v.c.  
**FA, SP, SU – Lab fee.** This course provides students with beginning theoretical and practical procedures of barbering. The basic topics and tasks to be performed are: draping; shampooing/rinsing men's haircutting and hairstyling, beard and mustache trims; and women's haircutting and hairstyling.
- COS 0520C Barber-Styling III.** 6 v.c.  
**FA, SP, SU – Lab fee.** This course provides students with beginning theoretical and practical procedures of barbering. The basic topics and tasks to be introduced are non-chemical and chemical hair processing as the students expand their skill base in both men's and women's hair design techniques.
- COS 0530C Barber-Styling IV.** 2 v.c.  
**FA, SP, SU – Lab fee.** This course provides students with beginning theoretical and practical procedures of barbering. The basic topics and tasks to be introduced are non-chemical and chemical hair processing as the students expand their skill base in both men's and women's hair techniques.
- COS 0540C Barber-Styling V.** 6 v.c.  
**FA, SP, SU –** This course provides students with additional theoretical and practical procedures in barbering. The student will follow clinic floor procedures by performing reception desk and sanitation duties and perform assigned barbering services under instructor supervision.
- COS 0550C Barber-Styling VI.** 2 v.c.  
**FA, SP, SU –** This course provides students with a continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approval by the clinic instructor. In addition hair piece and wig fitting and care will be covered along with thinning hair care.
- COS 0551C Barber-Styling VII.** 6 v.c.  
**FA, SP, SU –** This course provides students with a continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approval by the clinic instructor. In addition the development of barber management skills, employability skills and a knowledge of State Board requirements, rules, and regulations will be covered.
- COS 0552C Barber-Styling VIII.** 2 v.c.  
**FA, SP, SU –** This course provides students with a continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approval by the clinic instructor. In addition the development of shop management and communication skills will be emphasized in consumer relations.
- COS 0590, 0591, 0592, 0593 Professional Barbering I, II, III, IV.** 1 v.c.  
**FA, SP, SU – Lab fee.** This course provides students with a continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approval by the clinic instructor. In addition the student will address professional image.
- COS 0594L Professional Barbering V.** 4 v.c.  
**FA, SP, SU –** This course provides students with a continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approval by the clinic instructor. In addition the student will address professional image and prepare for the State Board Examination for Barbering practical segment.
- COS 0600 Permanent Waving/Chemical Relaxing.** 2 v.c.  
**FA, SP, SU – Lab fee.** This course helps the student to develop competence and understanding in the process of chemical reformation with emphasis on safety precaution and manual execution.
- COS 0642L Chemical Reformation Clinic II.** 4 v.c.  
**FA, SP, SU –** This course provides the student with the knowledge in the principles of understanding of decolorization in hair structure with proper safety procedures. Emphasis is stressed on proper use of chemicals and manual execution.
- COS 0643L Chemical Reformation Clinic III.** 4 v.c.  
**FA, SP, SU –** This course is a continuation of Chemical Reformation Clinic II which provides the student with the knowledge in the principles of understanding of decolorization in hair structure with proper safety procedures. Emphasis is stressed on proper use of chemicals and manual execution.
- COS 0700 Haircoloring.** 2 v.c.  
**FA, SP, SU – Lab fee.** This course is designed to help the student to develop and apply the theoretical concepts of haircoloring product selection, techniques, and formulations with emphasis placed on proper procedures and safety precautions.
- COS 0941, 0942, 0943 Internship.** 1 v.c., 2 v.c., 3 v.c.  
**FA, SP, SU –** This course provides students with practical applications in a clinical setting either demonstrating manual proficiency of the principles of cosmetology/barbering or in the workforce setting to observe styling techniques, procedures, and salon operations in industry. This course is offered at the junior/senior cosmetology/barbering level and is designed to strengthen specific skill development to prepare the student for the Florida Board of Cosmetology/Barbering Examination.
- COS 0946 Barbering Co-op.** 6 v.c.  
**FA, SP, SU –** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- COS 0963 State Board Preparation.** 1 v.c.  
**FA, SP, SU – Lab fee.** This course is designed to review pertinent areas in cosmetology in order to prepare the student for the State Board examination for licensure. This review course focuses on and highlights the learning materials for both theory and practical examinations questions and provides the student with a practice in evaluating and answering State Board situational problems.
- CRW 2100 Creative Writing: Fiction.** 3 c.c.  
**TBA – Prerequisite:** Test score requirement the same as ENC 1101. A course designed to aid the student in the clear, effective expression of ideas with emphasis upon imaginative work in prose. Group discussions of students' papers and selected literary works. Elective only. **A writing emphasis course.**
- CSP 0002 Specialty Services.** 3 v.c.  
**FA, SP, SU – Lab fee.** This course is designed to provide information and procedures necessary to administer facial treatments and professional manicuring services with emphasis on safety and identification of disorders that affect the specialty service.
- CSP 0005 Introduction to Facials.** 1 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of Instructor. This course is designed to introduce the student the history of skin care, professionalism, sanitation, and disinfection.
- CSP 0007L Specialty Services Clinic II.** 2 v.c.  
**FA, SP, SU –** This course is a continuation of Specialty Services Clinic I that provides extended practical application of manicure, pedicure, and facial procedures administered in a clinical setting.
- CSP 0008L Specialty Services Clinic III.** 2 v.c.  
**FA, SP, SU –** This course is a continuation of Specialty Services Clinic I and Specialty Services Clinic II and provides practical application of manicure, pedicure, and facial content exercised in a clinic setting.
- CSP 0015C Nail Technology.** 8 v.c.  
**TBA – Lab fee.** This course provides the manicure, pedicure, nail specialist with techniques and practice in nail care.

- CSP0031 Anatomy & Physiology for Facial Specialty** 1 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of instructor. Overview of the structure and function of the human body systems to provide foundational knowledge for the theory and practice of facial specialty. Includes pathology, contraindications, and anatomical relationships. Prepare the individual with the opportunity to learn the skills and techniques of esthetics, information, related technology and correct terminology necessary to become employed in the field of esthetics.
- CSP0105C Advanced Skin Care I** 5 v.c.  
**TBA – Lab fee. Prerequisite:** permission of instructor. This course is designed for registered Facials/Skin Care Specialists who wish to gain additional knowledge in the field of esthetics. The course will emphasize advanced esthetics terminology, procedures, and equipment including contraindications and indications. It will include an overview of the medi-spa industry, which is a multibillion-dollar industry that works with specialized doctors who perform surgical procedures and techniques to improve client's skin with specific cosmetic procedures. There will be a strong emphasis on universal precautions and safety practices in the techniques of advanced esthetics.
- CSP0106C Advanced Skin Care II** 5 v.c.  
**TBA – Lab fee. Prerequisite:** CSP 0105C. This course is designed to re-enforce and expand the foundations of esthetics by giving the Facial/Skin Care Specialist a more comprehensive understanding of the functions of the skin, the skin layers, and the anatomy of the face in order to improve treatment of clients who are in need of advanced treatment protocols and services. This will emphasize advanced working knowledge of various skin treatments such as mask and skin therapy as well as advanced chemical peels such as glycolic and salicylic as well as herbal designed peels. Students will investigate product chemistry and product ingredients and their impact on the skin. Also included are aromatherapy, collagen stimulates, and the cellular improvement of the skin. This course is also designed to include advanced working knowledge of microdermabrasion and treatment protocols to enhance the skill level.
- CSP 0201 Introduction to Skin Care.** 1 v.c.  
**FA, SP – Lab fee.** This course is designed to provide instruction in safety, rules, and procedures for the classroom/ laboratory setting. In addition it will provide competencies in facials and facial manipulations, procedures and techniques.
- CSP0263 Facial Specialty Services.** 1 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of the instructor. This course is designed to teach the student theory and practical procedures for Hair Removal, Massage and use of Facial Machines.
- CSP0264C Facial Treatments** 5 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of instructor. This course will offer hands on step by step training to implement specific treatment protocols which are designed to reinforce implementation of advanced techniques involving facial treatments without the use of machines and treatment protocols for all skin types. These skin types include normal, dry, oily, mature and aging skin, combination skin, multi-culture skin and well as acne issues.
- CSP 0300L Facials/Make-up Clinic.** 5 v.c.  
**FA, SP – Prerequisite or Corequisite:** CSP 0331. This course is designed to provide supervised clinical instruction in the hands-on application of facials and make-up utilizing consultation, anatomy and physiology, salon management and proper sanitation.
- CSP 0331 Make-up/Salon Management.** 1 v.c.  
**FA, SP – Lab fee.** This course is designed to provide instruction in proper make-up application and encompassing color analysis, facial balance and corrective make-up. This course also focuses on the successful role of the esthetician in the cosmetology or specialty salon.
- CSP 0370 Professional Practices in Esthetics.** 1 v.c.  
**TBA – Prerequisite:** Permission of instructor. This course is the capstone course of the program which ties together the professional principles of the esthetician profession. Students will prepare for the final program examination, emphasizing statutory requirements of the profession.
- CSP 0505 Ethical Business Practices** 1 v.c.  
**TBA – Lab fee. Prerequisite:** permission of instructor. This course is designed to provide instruction in good business practices. It is also designed to provide the student with an opportunity to become familiar with competencies involved in running their own business or department. Student will be exposed to an overview of competencies in business skill management and record keeping.
- CSP0931 Specialty Topics** 1 v.c.  
**TBA – Lab fee. Prerequisite:** Permission of instructor. This course is designed to introduce students to specialty topics in a variety of areas. Examples might be Light-Emitting Diodes (LED) Light therapies, Laser Lights, Lymphatic Drainage Techniques, spa applications, permanent makeup applications, and electrolysis with an introduction to advanced make-up artistry. Students will have clinical opportunities to learn new skills.
- CSP0940L Internship** 2 v.c.  
**TBA – Lab fee. Prerequisite:** permission of instructor. Students will have an opportunity to be placed in area businesses which will supply the students with additional professional experience and knowledge in the field of interest: medi-spas, dermatology, or plastic surgery. This course is also designed to impart working knowledge and employability skills for the advanced esthetics industry.
- CTS 1155 Help Desk Technician.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisites:** CET 1178C and CET 1179C or CEN 1300 or CET 1112C or CTS 2318 or CET 1071. This course is a study of the computer user support field and provides the skills, knowledge, and abilities needed to work at a computer Help Desk. The student will utilize knowledge from other courses in the diagnosis and solution of computer problems.
- CTS 1300C Administering Microsoft Windows Workstation.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CET 1588C or CET 1600C. This course provides students with the knowledge and skills necessary to install, configure, customize, and troubleshoot Windows operating systems in work group and domain networks. In addition, this course gives you the background to understand Microsoft courses that cover detailed technical support of Windows operating systems.
- CTS 1334 Administering Microsoft Windows Server.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CTS 1300. This course provides students with the knowledge and skills necessary to perform post-installation and day-to-day administrative tasks of Windows Server in single-domain networks. In addition, students learn how to integrate Windows 2003 and Novell Netware networks.
- CTS 1351C Novell Administration.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** CGS 1061C or CGS 1570. This course is designed to introduce students to Novell administration. This course will include installation of Novell network operating system software and networking hardware, and managing and troubleshooting a typical computer network. This course is designed around the Certified Novell Administrator (CNA) certification.
- CTS 2104 Windows.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** CGS 1570. This course is designed to cover Windows, starting with an overview to the basic interface and leading into advanced topics.
- CTS 2106C Linux +.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CGS 1061C or CGS 1570. This course is designed to introduce students to the UNIX/Linux network operating systems using Sun Solaris. Students will learn about user accounts, file systems, text editors, security, printing, backups and restores, various shells and shell scripting within UNIX.

- CTS 2120C Security +.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisites:** CET 1588C or CET 1610C, CIS 1350. This course is intended to serve the needs of individuals interested in understanding the field of network security and how the field relates to other areas of Information Technology. The material in this course will provide the broad-based knowledge necessary to prepare students for further study in specialized security fields or may be used as a course for those interested in a general introduction to field network security. This course will also serve the needs of individuals seeking to pass the CompTIA Security + certification exam.
- CTS 2125C Hardening the Network Infrastructure** 3 c.c.  
**TBA – Lab fee. Prerequisites:** CET2620C, CTS2120C. This course covers the ongoing process of insuring that a network is protected from threats that would compromise the integrity of its operation.
- CTS 2149 Fundamentals of Project Management.** 3 c.c.  
**TBA – A.A.S. only.** This course provides an introduction to the project management body of knowledge. It focuses on the nine knowledge areas of project management outlined by the Project Management Institute.
- CTS 2302 Administering Active Directory.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CTS 2304. This course provides students with the knowledge and skills necessary to install, configure, and troubleshoot the Windows 2003 Active Directory components, DNS for Active Directory components, DNS for Active Directory, and Active Directory security solutions. In addition, the course will develop the skills required to manage, monitor, and optimize the desktop environment by using Group Policy.
- CTS 2303 Designing Directory Services.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CTS 2302. This course provides students with the knowledge and skills necessary to analyze the business requirements and design directory services architecture.
- CTS 2304 Administering Network Infrastructure.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CTS 1334. This course provides students with the knowledge and skills necessary to install, manage, monitor, configure, and troubleshoot DNS, DHCP, Remote Access, Network Protocols, IP Routing, and WINS in a Windows 2003 Network infrastructure. In addition, the course will develop the skills required to manage, monitor, and troubleshoot Network Address Translation and Certificate Services.
- CTS 2310 Microsoft Windows Security.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CTS 2304. This course trains students to implement, manage, maintain, and troubleshoot security in a Windows Server 2003 network infrastructure and also plan and configure a Windows Server 2003 Public Key Infrastructure (PKI). Prepares students for Exam 70-299: Implementing and Administering Security in a Microsoft Windows Server 2003 Network.
- CTS 2318 Information Security Management.** 3 c.c.  
**TBA – A.A.S. only. Prerequisite:** CTS2120C. This course deals with processes and technical solutions that implement the information security governance framework, focuses on the tasks necessary for the information security manager to effectively manage information security within an organization, and provides a description of various techniques the information security manager can use. This course also covers steps and solutions for responding to an incident. This course loosely follows the ISACA CISM certification.
- CTS 2330 Microsoft Exchange Server.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** CTS 2303. This course offers students an extensive introduction to the knowledge and skills necessary to install, configure, administer, and troubleshoot information systems that incorporate Microsoft Exchange Server 2003. Prepares students for Exam 70-224: Installing, Configuring, and Administering Microsoft Exchange 2003 Server.
- CTS 2433 Database Development and Management.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** CGS1570. This course covers database development and management using current database systems with emphasis on SQL.
- CTS 2440 Introduction to Oracle SQL.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** COP 1510 or COP 2224. This course provides students with an introduction to database technology using the Oracle 9i database. The course covers relational database concepts. A strong SQL focus is emphasized. The student will be introduced to DDL, DML, and DCL statements. The course prepares students for the Oracle Database Administrator exams.
- CTS 2441 Oracle Database Administration.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** CTS 2440. This course provides the basic knowledge required to perform database administration tasks. The course prepares students for the most commonly used administration tasks. These tasks include managing user accounts, managing database instances and managing all database resources. The course prepares students for the Oracle Database Administrator exams.
- DAA 1100 Beginning Modern Dance.** 1 c.c.  
**TBA –** This course introduces the student to the principles of modern dance technique. The emphasis is on correct placement and body alignment, strength and flexibility, movement vocabulary, rhythmic and creative skills.
- DAA 1200 Fundamentals of Ballet.** 1 c.c.  
**TBA –** A beginning level ballet technique class that focuses on the fundamentals of classical ballet and is designed to strengthen and develop technique at a beginning level through Barre and Centre practice. The emphasis is on correct body placement and alignment, strength and flexibility, vocabulary, musicality and movement quality.
- DAA 2920 Dance Techniques Workshop.** 1 c.c.  
**TBA – Prerequisite:** Permission of instructor. **Corequisite:** R00141. This summer dance workshop includes techniques in ballet, jazz, modern and tap dance and seminars for dancers. May be repeated once for credit.
- DEH 1002 Fundamentals of Dental Hygiene.** 3 c.c.  
**FA – A.A.S. only. Prerequisite:** DES 1000. **Corequisite:** DEH 1002L. A lecture series introducing students to basic principles, procedures and skills required to provide comprehensive preventive dental health services for patients. Topics include infection control, instrument design and utilization, gingival characteristics, tooth deposits, medical history analysis, oral inspection, patient education, polishing with handpieces and flourides.
- DEH 1002L Dental Hygiene Pre-Clinic.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Corequisite:** DEH 1002. A clinical practice course designed for the clinical application of principles and concepts developed in DEH 1002. Students master basic instrumentation skills through practice on mannequin models prior to performing preventive dental hygiene services for clinical patients.
- DEH 1130W Oral Embryology and Histology.** 1 c.c.  
**SP – A.A.S. only. Prerequisite:** DES 1000. The study of histologic and embryonic development with emphasis on the face and oral cavity. Comprehensive course content includes instruction in early facial and tooth development.
- DEH 1400 Oral Pathology.** 2 c.c.  
**SP – A.A.S. only. Prerequisite:** DES 1000. A study of general and oral pathological diseases with emphasis on those related to the oral cavity. Students will apply pathological principles to the clinical practice of dental hygiene. Recognition of normal and abnormal conditions of the oral cavity and surrounding tissues will be cultivated through case presentations and slide series.
- DEH 1720 Preventive Dentistry.** 1 c.c.  
**TBA – A.A.S. only. Prerequisite:** DES 1000. This course is designed to assist students in prescribing oral hygiene regimens based on the uniqueness of each patient presented. Emphasis will be placed on current disease control techniques and auxiliary plaque control measures with special concern given to products available on the market for dental care. Dental appliances care, fluoride therapy and development of preventive programs for the dental office will be included.

- DEH 1800 Dental Hygiene I.** 2 c.c.  
**SP – A.A.S. only. Prerequisite:** DEH 1002. **Corequisite:** DEH 1800L. A continuation of DEH 1002 with an emphasis on health promotion and preventive oral hygiene techniques and procedures. Topics include instrument sharpening, medical and dental emergencies, patient management and motivation, disease prevention strategies, dental hygiene care planning, dental charting, tobacco cessation, pain management, desensitizing hypersensitive teeth and an introduction to ethics.
- DEH 1800L Dental Hygiene Clinic I.** 5 c.c.  
**SP – A.A.S. only. Lab fee. Corequisite:** DEH 1800. Clinical experiences designed to incorporate the basic principles and concepts of current preventive dental hygiene services. Clinical application and refinement of preclinic instrumentation skills and procedures with increased emphasis on entry-level dental hygiene services. Medical/Dental Health Surveys, Data Collection, Patient assessment, Vital Signs, Treatment Planning, Appointment Control, Preventive Oral Prophylactic Procedures, Oral Hygiene Education, Asepsis Standards and Optimum Oral Maintenance Therapy are clinical competencies cultivated through supervised practice. An introduction to the clinical management of dental/medical emergencies is an important component of clinical practice.
- DEH 1802 Dental Hygiene II.** 1 c.c.  
**SU – A.A.S. only. Prerequisite:** DEH 1800. **Corequisite:** DEH 1802L. Didactic instruction will be presented focusing on further knowledge in the application of dental hygiene procedures. This includes information on treatment planning, periodontal charting, ultrasonic scaling, air polishing and comprehensive dental hygiene care.
- DEH 1802L Dental Hygiene Clinic II.** 3 c.c.  
**SU – A.A.S. only. Lab fee. Corequisite:** DEH 1802. Clinical and laboratory instruction is presented and coordinated with didactic instruction, with an emphasis on the comprehensive treatment of patients with moderate to advanced periodontal diseases.
- DEH 2202 Nutrition and Dental Health.** 2 c.c.  
**TBA – A.A.S. only. Prerequisite:** DEH 1800. This course provides a study of nutrients, their nature, source, and utilization. Emphasis is placed on the relationship between diet and oral health. Oral manifestations of nutritional deficiencies are also studied.
- DEH 2300 Pharmacology/Dental Office Emergencies.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** DEH 1802. A study of drugs and anesthetics used in dentistry with emphasis on therapeutic and adverse effects. Route of administration, absorption, metabolism and excretion of drugs will be studied as well. Management of dental office medical emergencies will be an important component of this course.
- DEH 2602 Periodontics.** 2 c.c.  
**FA – A.A.S. only. Prerequisites:** DEH 1130, MCB 1000 and MCB 1000L or DEH 1130, MCB 2010 and MCB 2010L. An intensive comprehensive study of chronic inflammatory periodontal disease. An analysis and correlation of etiology, immunology, clinical and radiographic diagnosis, treatment planning, prognosis and oral therapy are presented. A special emphasis is placed on the role of the dental hygienist in preventive oral therapy. Clinical experiences are coordinated with DEH 1800. Periodontal procedures included in this study are within the legal scope of practice of the dental hygienist.
- DEH 2702C Dental Public Health.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** DEH 1802. This course will enable students to assess, plan, implement and evaluate community needs and oral health programs. Topics include assessment techniques, dental health program planning, presentation of dental health programs, research and methodology, statistical analysis of research results and evaluation of programs, dental products and scientific literature.
- DEH 2804 Dental Hygiene III.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** DEH 1802. **Corequisite:** DEH 2804L. A continuation of DEH 1802 progressing to the comprehensive dental hygiene services and treatment of medically compromised patients and patients with special needs.
- DEH 2804L Dental Hygiene Clinic III.** 5 c.c.  
**FA – A.A.S. only. Lab fee. Corequisite:** DEH 2804. A clinical practice course designed to cultivate the student's progress to critical thinking, professional judgment and decision making, clinical analysis of patients presenting with various medical/dental histories and various patient management strategies. Clinical application of concepts presented in DEH 2804 will be supervised learning experiences in this course.
- DEH 2812 Dental Hygiene IV.** 2 c.c.  
**SP – A.A.S. only. Prerequisite:** DEH 2804. **Corequisite:** DEH 2812L. DEH 2812 is a continuation of DEH 2804. This course prepares students to enter the workforce. Topics include ethics and jurisprudence, practice management, career development, state dental boards, state laws, dental specialties and career options.
- DEH 2812L Dental Hygiene Clinic IV.** 5 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** DEH 2804L. **Corequisite:** DEH 2812. Clinical application of current concepts mastered in DEH 2804. Students progress to advanced treatment strategies, efficient clinical competency, effective patient management and efficient time utilization. Professional judgment and decision making is a significant component of this clinical practice experience.
- DEH 2902, 2903, 2904 Special Topics in Dental Hygiene.** 1 c.c., 2 c.c., 3 c.c.  
**TBA –** This course is designed to enhance and supplement the student's basic dental hygiene knowledge and skills. The course may provide comprehensive and individualized instruction in clinical patient care and/or provide dental hygiene review in preparation for dental hygiene board examinations.
- DEP 2001 Child Development.** 3 c.c.  
**FA, SP, SU –** This course focuses on the physical, cognitive, emotional and social theories of how children grow and develop. This course examines the role of adults in promoting optimum development of children and is of special interest to parents, educators, nurses, social workers and counselors. This course fulfills a portion of the required 120 hours of training for the Florida Child Care Professional Credential (FCCPC) and includes 10 clock hours of observations.
- DEP 2004 Human Growth and Development.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. A study of the human life span. The course is designed to provide the foundation for understanding the life cycle from birth to death. The approach throughout the course is multidisciplinary including biological, sociological, anthropological, and psychological perspectives with emphasis on basic psychological principles. Concepts are related to every day life situations and to current social issues. **Meets A.A. general education Category IV. A writing emphasis course.**
- DES 1000 Dental Anatomy.** 2 c.c.  
**SU – A.A.S. only Lab fee. Prerequisite:** Must be approved by dental hygiene program to enter this course. This course will provide the student with comprehensive instruction in macroscopic anatomy of the human dentition. The teeth are studied individually and collectively in terms of shape, function and relation to each other. The course content will provide the student with essential dental terminology to facilitate communication among dental professionals. This course will also address the eruption patterns of both deciduous and permanent dentitions.
- DES 1010 Head and Neck Anatomy.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** DES 1000. A detailed study of the skeletal, muscular, circulatory and nervous systems of the head and neck. Special emphasis is placed on the structures associated with oral cavity. Teeth are studied in relationship to the structures that support them and are covered in more detail in DES 1020.
- DES 1051 Nitrous Oxide Monitoring.** 1 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** DES 1802. A sixteen-hour certification course for dental auxiliaries in the legal monitoring of nitrous oxide conscious sedation.

- DES 1100C Dental Materials.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** DEH 1800. A study of the basic chemical, physical and biological properties of the commonly used dental materials. Compositions and proper handling will be presented.
- DES 1200C Dental Hygiene Radiology I.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Corequisite:** DES 1010. This competency based course is structured as a method of study of the student to master, through interpretation and recognition, each module before advancing to the next module. Dental radiography is a clinical discipline encompassing the techniques of exposing, processing, mounting dental radiographs and includes interpretation of the films to aid in obtaining a diagnosis. Radiation safety is a crucial component of this study. The history and theory of the use of ionizing radiation as applied to dentistry will be presented.
- DES 1201C Dental Hygiene Radiology II.** 2 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** DES 1200C. Advanced course in dental radiographic interpretation, surveys and techniques. In addition, information will be presented on the following subjects: quality control, radiologic physics, health physics.
- DIG 2151C Multimedia Writing.** 3 c.c.  
**SP – Lab fee.** This course is an introduction to writing for multimedia or what some term as “new media.” Multimedia writing incorporates writing styles for audio, video, film and website design. Students gain knowledge and experience by analyzing careers in multimedia writing, designing and writing scripts for video, audio, the web and film. Students will learn story and character development, the structure of narratives and storytelling within multimedia, and will learn and execute the process and principles behind web page screenshots and website navigational flowcharts.
- DIG 2907 Independent Study/Digital Arts.** 1-3 c.c.  
**TBA –** Permission of supervising faculty member. Digital arts independent study is designed to provide multimedia students with an opportunity to pursue personal digital arts projects beyond regularly scheduled courses within the Multimedia Technology major. Students in independent study may create short films, videos, design and create DVD and web development projects, or other projects appropriate to the multimedia. Students are required to present a proposal for study to supervising faculty prior to registration.
- EAP 0384C English for Academic Purposes I.** 3 c.p.  
**TBA –** The course is designed for students whose primary language is not American English and whose placement scores indicate the need for instruction in composing grammatically correct sentences and fully developed paragraphs. Emphasis will be on grammatical challenges specific to students of a second language.
- EAP 0484C English for Academic Purposes II.** 3 c.p.  
**TBA –** This course is designed for students whose primary language is not American English and whose placement scores indicate the need for instruction in writing coherent, unified paragraphs and using them to build effective essays. Students will pass both parts of the Florida Basic Skills Exit Test (a paragraph and an objective test) with a 70 or higher in order to pass the course.
- ECO 2013 Economics I.** 3 c.c.  
**FA, SP, SU –** This course is a basic survey of economic principles, concepts and institutions. The course describes the basic mechanism of the American economic system, examines how well the system operates, shows how to develop economic measuring devices, and outlines potential policies to keep the economy operating effectively. It offers some consideration to the development of economic concepts that treat mainly macro theory. **Meets A.A. general education Category IV.**
- ECO 2023 Economics II.** 3 c.c.  
**FA, SP, SU –** This course treats mainly micro theory. It gives much attention to model building and analysis of product and resource markets. The course especially emphasizes topics such as the economics of the firm under the four major market conditions, resources allocation, the monopoly problem and legislation associated there with, agriculture, unionism, international trade and finance, and the institutions of the command economy.
- EDF 1005 Introduction to the Teaching Profession.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. This is a survey course including historical, sociological and philosophical foundations of education, governance and finance of education, educational policies, legal, moral and ethical issues and the professionalism of teaching. Students will be provided information on the Florida Educator Accomplished Practices, Sunshine State Standards, and the Professional Educator Competencies. Students are required to complete a minimum of 15 hours of field-based experience with children and youth in schools or similar settings and not via virtual modes of film or Internet.
- EDF 1931 Special Topics in Education.** 1 c.c.  
**SP –** A course designed to allow flexibility in presenting a wide variety of topics related to the rapid changes taking place in education.
- EDF 2085 Introduction to Diversity for Educators.** 3 c.c.  
**FA, SP – Prerequisite:** Test score requirement the same as ENC 1101. Designed for the prospective educator, this course provides the opportunity to explore issues of diversity, including an understanding of the influence of exceptionalities, culture, family, gender, sexual orientation, socioeconomic status, religion, language of origin, ethnicity, and age upon the educational experience. Students will explore personal attitudes toward diversity and exceptionalities. Students will be provided information on the Florida Educator Accomplished Practices, Sunshine State Standards, and the Professional Educator Competencies. A minimum of 15 hours of field-based experience working with diverse populations of children and youth in schools or similar settings is required. The field experience should not be via virtual modes of film or Internet.
- EDP 2002 Educational Psychology.** 3 c.c.  
**TBA –** A course investigating the application of psychology to educational settings with emphasis on learning, motivation, tests and measurement, and personality development. Designed for prospective teachers, who are encouraged to seek experience in a school setting to appreciate the complexities of teaching.
- EEC 2523 Leadership and Management of Child Care Programs.** 3 c.c.  
**TBA – Prerequisite:** CHD1800. This course is designed to meet the State of Florida’s requirements for the Director’s Credential renewal. Course design emphasizes the development of administrators’ skills and knowledge related to organizational leadership and management. Course content includes staff development, evaluation, and retention; personnel policies and relationships; leadership, ethics, professionalism, and organizational structure and dynamics.
- EET 1005C Fundamentals of Electricity.** 4 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** MAT 1033. An electrical course for the non-electronic engineering technology major. This is a combined theory/lab course which provides a survey of electrical theory as it relates to DC/AC circuits, AC and DC machinery and solid state control circuits.
- EET 1015C Direct Current Circuits.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Corequisite:** MAC 1105. A theory-lab course involving the basic concepts of direct current circuits as applied in electronics and analysis of circuits using OHM’s law and various theorems. The laboratory instruction includes D/C circuit analysis and the use of basic electronic test equipment.

- EET 1025C Alternating Current Circuits.** 3 c.c.  
**SP, SU – A.A.S. only. Lab fee. Prerequisite:** EET 1015C. A theory-lab course involving the study of alternating current circuits as applied in electronics including the theory and applications of resonant circuits and transformers. The laboratory includes a practical analysis of A/C circuits and the use of instruments associated with alternating current.
- EET 1033C DC/AC Installer Technician.** 2 c.c.  
**TBA – A.A.S. only. Lab fee.** This course covers basic electricity, electronics, electromagnetism as well as troubleshooting broadband cable components. The student will learn about power sources, loads, conductors, DC and AC current flow, and schematic diagrams. The student will use Ohm's law to analyze DC series circuits, calculate power and understand power loss in circuits.
- EET 1141C Electronic Devices and Integrated Circuits I.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** EET 1025C. A theory-lab course covering electronic semiconductors and basic circuit applications. Included in this course is the theory and operation of diodes and rectifiers, single-stage amplifiers, transistors, and special devices such as LED's, optocouplers, unijunction transistors, and basic integrated circuits.
- EET 1324C Communications Systems Technician.** 2 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** EET 1330C. This course provides an introduction to radio frequency amplifiers and the radio frequency spectrum. It also introduces the student to electromagnetism, power supplies and to test equipment used by broadband technicians.
- EET 1325C Communications Systems Advanced Technician.** 2 c.c.  
**TBA – A.A.S. only. Prerequisite:** EET 1324C. This course covers modulation and demodulation of television signals, transmission line fundamentals, radio-frequency wave propagation, microwave theory and devices as well as using a spectrum analyzer.
- EET 1330C Transmission Lines Service Technician.** 2 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** CET 1462. This course covers electronic theory as it pertains to broadband cable systems, coaxial connectors, radio frequency amplifiers, couplers and taps. It also includes the usage of broadband test equipment including time domain reflectometers.
- EET 1351C Introduction to Data Communications Systems.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** CET 1071. This course serves as an introduction to computer data communications and networks. Included will be the introduction of communications concepts, media, protocols, principles of networking, and common standards. Emphasizes the ISO and OSI layered communications model.
- EET 1371C Telecommunications Fiber Testing and Maintenance.** 2 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** CET 1632C. This course covers using fiber-optic test equipment to troubleshoot and maintain fiber-optic networks.
- EET 2084C Introduction to Electronics** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee. Prerequisites:** Test score requirement the same as MAT 1033 or permission of instructor. This is an introductory course in analog electronics specifically designed for students in technology other than electronics majors. The student will learn the theory and perform basic experiments in the following subject areas: basic electricity, direct current (DC) circuits, alternating current (AC) circuits, diodes and power supply circuits and transistors and Op-Amps.
- EET 2142C Linear Circuits.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** EET 1141C. This is a continuing study of the principles of semiconductors, special devices, and transistor applications in power supply circuits. AF and RF amplifiers, and oscillators. This will include operational amplifier circuits and special ICs. Power circuits will include switching and amplifying applications. Laboratory experiences are provided to use test instruments to measure and determine various operational characteristics of solid state devices and circuits.
- EET 2215C Instrumentation Electronics.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisites:** CET 2123C, EET 2142C. This course includes theory and application of electronics control circuits and systems used in electronics instrumentation. The function of interfacing devices, test instruments, and sensors which are used in instrumentation measurements is an integral part of this course.
- EET 2947, 2948, 2949 Electronic Technology Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – A.A.S. only.** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. A background check will be included.
- EEX 1600 Behavior Management.** 3 c.c.  
**FA, SP, SU –** An introductory course which presents students with a variety of approaches that can be effective in classroom situations with students exhibiting behavior problems. Decision making criteria to determine when, how, and why specific interventions that may be responsive of varying needs of students at all grade levels will be explored.
- EEX 2010 Introduction to Exceptional Children.** 3 c.c.  
**FA, SP, SU –** An introductory survey of the categories of exceptional (disabled) children and adults. Attention will be directed to each of the following: learning disabilities, behavior disorders, mental handicaps, visual and hearing impairments, communication disorders, and physical and multiple handicaps. Giftedness also will be covered. Course is designed for Education majors.
- EEX 2080 Teaching Special Needs Learners.** 3 c.c.  
**SP – Prerequisite or Corequisites:** EEX 1600, EEX 2010. A course designed to provide students with strategies and methods to teach learners with special needs. This course will provide practical, relevant teaching approaches derived from learning theory, research and experience. Effective teaching methods, appropriate curricula for special needs learners and teaching activities will be discussed.
- EEX 2092C Special Education Practicum.** 3 c.c.  
**SP – Prerequisite or Corequisite:** EEX 2010. Observation participation field experience in a special education rehabilitation setting under supervision. Weekly seminars with the course instructor will be held for informative and evaluative purposes.
- EET 2947, 2948, 2949 Instructional Services Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU –** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- EGS 1111 Engineering Graphics.** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee.** An introductory course dealing with the fundamentals of engineering graphics and computer-aided drafting (CAD) using AutoCAD. This course covers the depiction of objects in a standard multiview drawing on a computer. One, two, three, auxiliary, and section views are used. Dimensioning is covered. Three-dimensional objects are created both in surface and solid models and then depicted in a standard multiview format including pictorial views. This course is the prerequisite for all the computer drafting courses.

- EGS 2311 Engineering Statics.** 3 c.c.  
**TBA – Prerequisites:** MAC 2312, PHY 2048. **Corequisites:** MAC 2313, PHY 2049. Pre-engineering elective. Reduction of force systems, equilibrium of particles and rigid bodies. Vector methods. Application to structures and mechanisms. Topics in dynamics and mechanics of materials.
- EGS 2321 Engineering Dynamics.** 3 c.c.  
**TBA – Prerequisites:** EGS 2311, MAC 2313, **Corequisite:** MAP 2302. Pre-engineering elective. Dynamics of particles and rigid bodies for rectilinear translation, curvilinear motion, rotation and planar motion. Principles of work and energy, also impulse and momentum. Topics in mechanics of materials. Taught with calculus, vector analysis and differential equations.
- EME 2040 Introduction to Technology for Educators** 3 c.c.  
**FA, SP, SU – Lab fee.** Application of instructional design principles for the use of technology to enhance the quality of teaching and learning in the classroom. The course includes hands-on experience with educational media, emerging technologies, and hardware, software, and peripherals for the personal computer as well as data-driven decision-making processes. Identification of appropriate software for classroom applications, classroom procedures for integrating technologies with emphasis on legal and ethical use, and effective instructional strategies for teachers and students in regard to research, analysis, and demonstration of technology. Students will be provided with an overview of the Florida Educator Accomplished Practices, Sunshine State Standards, the Professional Educator competencies, and the National Educational Technology Standards. **Meets A.A. computer competence requirement.**
- EMS 1059C First Responder** 3 c.c.  
**TBA – Lab fee.** The course will offer the associate of arts graduate a 3-credit hour overview of healthcare and serve as a method of meeting the 17-21 credit hour requirement for career-based education for the BAS concentration in Public Service/Public Safety or Healthcare Management. In addition, it is a basic course for those who wish to enter emergency response training for fire agencies, and may serve as an introduction to patient care for those waiting on candidate lists for other health care programs.
- EMS 1119 Emergency Medical Technician.** 7 c.c.  
**TBA – Lab fee. Corequisites:** EMS1119L, EMS1411L.  
**Prerequisite:** Permission of instructor. Emergency Medical Technician is designed to prepare the student with the necessary fundamental knowledge to be successful in meeting Emergency Medical Technician certification and licensing requirements. Students will learn how to assess, treat and transport the sick and injured at the level of the Emergency Medical Technician Basic. There is emphasis on assessment based learning and complies with National DOT EMT-Basic curriculum.
- EMS 1119L EMT Lab** 2 c.c.  
**TBA – Lab fee. Corequisites:** EMS 1411L, EMS 1119.  
**Prerequisite:** Permission of instructor. An integrated experience that is designed to allow the student to apply practical experience to material learned in Emergency Medical Technician. Students will learn how to assess, treat and transport the sick and injured at the level of the Emergency Medical Technician-Basic in the laboratory and simulated field environment. There is emphasis on assessment based learning and complies with National DOT EMT-Basic curriculum.
- EMS 1411L EMT Clinical Internship** 2 c.c.  
**TBA – Lab fee. Corequisites:** EMS1911, EMS1911L.  
**Prerequisite:** Permission of instructor. An integrated experience that is designed to allow the student to apply practical experience to material learned in Emergency Medical Technician and EMT Lab. Students will learn how to assess, treat and transport the sick and injured at the level of the Emergency Medical Technician-Basic in area hospitals and advanced life support EMS ambulances. There is emphasis on assessment based learning and complies with National DOT EMT-Basic curriculum.
- EMS 1601 Introduction to Advanced Prehospital Care.** 1 c.c.  
**FA – A.A.S. only. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon Paramedic roles and responsibilities, wellness in EMS, primary injury prevention, medical/legal considerations, emergency medical services ethics, EMS communication systems, and proper patient documentation.
- EMS 1612 Cardiovascular Emergencies.** 3 c.c.  
**SP – A.A.S. only. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon cardiovascular anatomy and physiology, electrocardiographic monitoring, dysrhythmias, assessment and management of the cardiovascular patient and 12-lead ECG monitoring.
- EMS 1654 Paramedic Field/Clinical Experience I.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon orientation, clinical and field experience provided in area hospitals and EMS agencies under supervision. Students begin their ambulance time in an observational capacity with an assigned preceptor and add skills as they progress through the term.
- EMS 1683 Fundamentals of Advanced Prehospital Care.** 1 c.c.  
**FA – A.A.S. only. Prerequisites:** entry into Paramedic Program. **Corequisite:** EMS 2232L. This course focuses on general concepts of pharmacology, administration of medications, venous circulation, effective therapeutic communication, and communication strategies.
- EMS 1931C Special Topics in Emergency Medicine.** 1 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** EMS 1152C. This course is designed to enhance the student's basic patient assessment skills in the medical/ trauma environment. Current changes and updates in Emergency Medicine will be incorporated into the course as they occur. The course will build on information acquired in EMS 1151 and EMS1152C. After successful completion, the student will meet the requirements for HIV/AIDS update and State of Florida EMS requirements for recertification.
- EMS 2231L Paramedic Lab I.** 3 c.c.  
**TBA – Lab fee. Corequisites:** EMS2613, EMS2614. This course focuses upon general patient assessment and initial management of patients. It will also cover respiratory emergencies and airway management problems today's field paramedic will be faced with.
- EMS 2232L Paramedic Lab II** 2 c.c.  
**TBA – Lab fee. Corequisites:** EMS1683, EMS1612. This course focuses upon general patient assessment and initial management of patients with various cardiovascular emergencies. It will also provide a foundation of application of pharmacological skills.
- EMS 2236L Paramedic Lab III** 3 c.c.  
**TBA – Lab fee. Corequisites:** EMS2682, EMS2628. This course provides an opportunity for practical application of didactic material and the development of the psychomotor skills and tasks associated with this material, to include medicinal dosages and interventions and rhythm recognition and treatment involved in cardiovascular emergencies.
- EMS 2460C Advanced Clinical Practice.** 1 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** Permission of the program director. Students will learn advanced assessment techniques for patients dealing with neurological, cardiovascular, airway, pulmonary, GI, urinary, renal, endocrine, hematological, immune system and trauma complaints. Specialized clinical lab time will be included with this course.
- EMS 2613 Patient Assessment.** 1 c.c.  
**FA – A.A.S. only. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon general patient assessment and initial management, techniques of patient assessment, and application of a process of clinical decision making.

- EMS 2614 Airway Management and Respiratory Emergencies.** 3 c.c.  
**TBA** – This course focuses upon a review of respiratory anatomy and physiology, pathophysiology, assessment of the respiratory system, diagnostic testing, and management of specific respiratory disorders, establishing and maintaining a patent airway and ventilation, including anatomy, physiology and pathophysiology of the airway, use of equipment for assessment and treatment, and the use of airway adjuncts.
- EMS 2627 Medical Emergencies.** 4 c.c.  
**SP – A.A.S. only. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon teaching the paramedic student how to integrate pathophysiological and assessment findings to formulate a field impression and implement the treatment plan for the patient with a medical emergency.
- EMS 2628 OB/GYN/Neonatal/Pediatric Emergencies.** 2 c.c.  
**SP – A.A.S. only. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses on implementation of the proper treatment plans for a patient with a suspected gynecological emergency, a suspected obstetrical emergency, a neonatal emergency, and for a pediatric patient with an emergency.
- EMS 2655 Paramedic Field/Clinical Experience II.** 3 c.c.  
**SP – A.A.S. only. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon clinical and field experience provided in area hospitals and EMS agencies under supervision.
- EMS 2656 Paramedic Field/Clinical Internship.** 5 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon successful integration of all prehospital skills by the student. The field internship verifies that the student has achieved entry-level competence, and is able to serve as team leader in a variety of prehospital advanced life support emergency medical situations.
- EMS 2680 Behavioral Emergencies.** 1 c.c.  
**SU – A.A.S. only. Prerequisites:** Entry into Paramedic Program. Corequisite: EMS 2232L. This course focuses upon psychiatric and behavioral emergencies, the pathophysiology of psychiatric disorders, biological, psychosocial and socio-cultural components, assessment and management of behavioral emergency patients, potentially suicidal patients and violent patients.
- EMS 2681 Special Considerations in Prehospital Care.** 1 c.c.  
**SU – A.A.S. only. Prerequisites:** Entry into Paramedic Program. Corequisite: EMS 2232L. This course focuses upon implementation of a proper treatment plan for: the geriatric patient, the patient who has sustained abuse or assault, diverse patients with a suspected emergency, the chronic care patient, and the patient with common complaints; procedures to ensure safe and effective ground and air transport; integration of the principles of: general incident management and multiple casualty incident management (MCI), rescue awareness management, human hazards awareness management, and general incident management of hazardous materials emergencies.
- EMS 2682 Advanced Prehospital Trauma Management.** 2 c.c.  
**SU – A.A.S. only. Prerequisites:** EMT certification, CPR for Health Care Providers. This course focuses upon the principles of kinematics to enhance patient assessment, implementation of a proper treatment plan for a patient with: shock or hemorrhage, soft tissue trauma, burn injuries, traumatic head injury, suspected spinal injury, suspected thoracic injury, suspected abdominal trauma, or suspected musculoskeletal injury.
- EMS 2930C Special Topics in Advanced Prehospital Care.** 1-6 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisites:** EMT certification, CPR for Health Care Providers. This course is designed to enhance the student's skills and knowledge in the prehospital environment. The course will meet the Florida requirements for education on HIV/AIDS. Current changes and updates in the prehospital environment will be incorporated as they occur.
- ENC 0015 Developmental Writing I.** 4 c.p.  
**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam. Designed for students whose basic language skills need improvement, this course includes a review of basic grammar rules, sentence structure, punctuation, and capitalization. The writing component of the course focuses on effective paragraph composition.
- ENC 0025 Developmental Writing II.** 4 c.p.  
**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or ENC 0015. Designed for students who need to improve their language skills, this course offers a review of grammar rules, language usage, sentence structure, punctuation, and composition of effective paragraphs and short essays.
- ENC 1101 English Composition I.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam. **Corequisite:** REA 1105C may be taken as a corequisite with the first writing emphasis course when test scores so indicate. This is a comprehensive course embodying the fundamentals of effective expression with emphasis on expository writing and logical thinking. **Meets A.A. general education Category I. A writing emphasis course.**
- ENC 1102 English Composition II.** 3 c.c.  
**FA, SP, SU – Prerequisite:** ENC 1101 with a grade of "C" or better. A comprehensive course embodying the fundamentals of effective expression with emphasis on writing the essay, preparing a research paper, and reading literature for understanding and appreciation. **Meets A.A. general education Category I. A writing emphasis course.**
- ENC 1102H English Composition II Honors.** 3 c.c.  
**TBA – Prerequisites:** ENC 1101, with a grade of "C" or better, department permission. An accelerated course embodying the fundamentals of effective expression, with emphasis upon research techniques and writing, and reading literature for understanding and appreciation. See general requirements for participation in college honors program. **Meets A.A. general education Category I. A writing emphasis course.**
- ENC 1210 Technical Writing I.** 3 c.c.  
**TBA – Prerequisite:** Test score requirement the same as ENC 1101. The principles of expository writing (unity, clarity, coherence, organization, and corrections) are applied to a variety of industrial and technical reports, letters, and forms. Students will be given practice in writing reports, letters, and proposals.
- ENL 2012 English Literature to 1800.** 3 c.c.  
**FA, SP, SU – Prerequisite:** ENC 1102 with a grade of "C" or better. Selected British literature from the Middle Ages to the end of the eighteenth century. **Meets A.A. general education Category II. A writing emphasis course.**
- ENL 2012H English Literature to 1800 Honors.** 3 c.c.  
**FA, SP – Prerequisites:** ENC 1102 with a grade of "C" or better. This course is an advanced survey of major British literary works and movements from the Medieval Period through the eighteenth century. **Meets A.A. general education Category II. A writing emphasis course.**
- ENL 2022 English Literature from 1800.** 3 c.c.  
**FA, SP, SU – Prerequisite:** ENC 1102 with a grade of "C" or better. Selected British literature from the late eighteenth century to the present. **Meets A.A. general education Category II. A writing emphasis course.**
- ENT 3003 Entrepreneurship/Small Business Management.** 3 c.c.  
**TBA** – An introduction to the general theories, principles, concepts and practices of entrepreneurship. Developing business plans. Heavy emphasis is placed on lecture, readings, case studies and group projects.

- EPI 0001 Classroom Management.** 3 i.c.  
**TBA** – This module prepares the participant to set up a classroom, establish classroom policies and procedures, create objective-based lesson plans, utilize various styles on presentations, employ varied teaching strategies, develop and administer various forms of assessment, integrate Sunshine State Standards into lesson development, establish and maintain cooperative relations with parents, and research professional literature to seek best practices and to hone the craft of effective instruction. A major focus of this module is the ethical and legal obligations of the teaching profession. Participants will build a developmental, assessment and professional portfolio demonstrating mastery of competencies.
- EPI 0002 Instructional Strategies.** 3 i.c.  
**TBA** – This course explores various learning styles and appropriate strategies in response to such styles. Topics include learning styles, behavioral management, and Bloom's Taxonomy. Students will focus on lesson plan development, utilize various styles on presentations, employ varied teaching strategies, and develop and administer various forms of assessments. Student will also explore appropriate accommodations for exceptional students.
- EPI 0003 Educational Technology.** 3 i.c.  
**TBA – Lab fee.** This module prepares the participant to employ technology as an integral part of the teaching and learning process. Instruction is provided in commonly used software suites and on the internet. The use of blended learning to enrich and engage students and increase their technology skills is a major emphasis. Copyright and fair use guidelines are reinforced.
- EPI 0004 Teaching and Learning.** 3 i.c.  
**TBA** – This course is the foundation in various learning theories as applied in the instructional process. Topics will include learning theory, motivation and persistence, intelligence, exceptionalities, standardized testing, critical thinking, multiple intelligences and second language acquisition. This course is the core of understanding why and how to teach.
- EPI 0009 Foundations of Language and Cognition.** 3 i.c.  
**TBA – Prerequisite:** EPI 0010. This course is a continuation of scientifically-based research on reading that will enable the preservice teacher to effectively use language structure and function and cognition of phonemic awareness, phonics, fluency, vocabulary and comprehension. This instruction is grounded in scientifically based research that will help the students to understand reading as a process of student engagement in both fluent decoding of words and construction of meaning.
- EPI 0010 Foundations of Research-Based Practices in Reading.** 3 i.c.  
**TBA** – This module provides substantive knowledge of language structure and function and cognition of phonemic awareness, phonics, fluency, vocabulary, and comprehension. Further, it provides knowledge of the integration of the reading components. Instruction in this module is grounded in scientifically-based reading research as a mechanism to inform instructional practice.
- EPI 0020 Professional Foundations.** 2 i.c.  
**TBA** – This course provides a background for the beginning teacher. Subjects will include the purpose, history and philosophy of American education. Topics also include school governance, school finance, school law, ethics, and excellence, as well as continuing professional development.
- EPI 0030 Diversity.** 2 i.c.  
**TBA** – This module provides the participant with an understanding of the variety of backgrounds and cultures that may be found in a typical classroom. Field experiences give a broader view of the social aspects of diversity and cause the participant to reevaluate personal beliefs and prejudices that may adversely affect the learning process.
- EPI 0940 Module 3 Field Experience.** 1 i.c.  
**TBA** – This module provides the foundation for becoming a productive member of the teaching profession. The participants will gain understanding of the organization and administration of the public school, the laws governing teachers, the code of ethics and the purpose of schools. This module develops a professional perspective and creates a sense of grounding in the profession of teaching. Segment B topics: Participants will complete field experience in public, charter, or private schools. These field experiences will provide the opportunity to gain insight into the instructional process. Those participants who are teaching will be required to complete field experience in the schools where they are assigned.
- EPI 0945 Module 4 Field Experience.** 1 i.c.  
**TBA** – This module provides the participant with an understanding of the variety of backgrounds and cultures that may be found in a typical classroom. Field experiences give a broader view of the social aspects of diversity and cause the participant to reevaluate personal beliefs and prejudices that may adversely affect the learning process. Segment B topics: Participants will complete a series of experiences designed to give prospective teachers a perspective on the varied backgrounds of students in public schools. Cohorts will meet together to discuss these experiences and to relate them to their observations of students as well as student behaviors and interactions in the schools.
- ESC 1000 Earth Science.** 3 c.c.  
**FA, SP, SU** – A broad survey of geology (earth materials and processes), oceanography, meteorology, and astronomy. A course primarily designed for non-science majors taught at an introductory level which will provide the student with a solid background of the interrelated disciplines that make up the "earth sciences." **Meets A.A. general education Category VII.**
- EST 2406 Biomedical Equipment.** 4 c.c.  
**SP – A.A.S. only. Prerequisites:** CET 2123C, EET 2142C. **Corequisite:** BSC 1080. The course involves a study of electronic systems and equipment used in the medical profession. Emphasis will be placed on the study of calibration, maintenance, and trouble-shooting procedures for circuits and devices. A background check will be included.
- ETC 1250 Properties of Materials.** 3 c.c.  
**FA, SP – A.A.S. only.** An introductory course involving classification, physical properties, application, and use of materials used in the construction industry. The materials covered include stone, brick, concrete, wood, and other general building products.
- ETD 1399 Architectural Drafting.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisites:** BCN 1001, ETD 2340 or permission of instructor. **Corequisite:** ETC 1250. An advanced computer drafting course dealing with selected topics from architectural plans as well as mechanical and electrical drafting used in the preparation of working drawings for light and heavy commercial projects. Most emphasis will be placed on the collecting of building components into a contract document rather than the drafting aspect.
- ETD 1542 Structural Drafting.** 3 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisites:** BCN 1001, ETD 2340 or permission of instructor. **Corequisite:** ETC 1250. An advanced computer drafting course consisting of the drafting of steel and reinforced concrete details for commercial building. Includes minor connection details.
- ETD 1931, 1932, 1933 Special Topics in Drafting Design.** 1 c.c., 2 c.c., 3 c.c.  
**TBA – A.A.S. only. Lab fee.** This course is designed to allow flexibility for presenting a variety of topics relating to drafting and design principles and applications. Some special topics may require laboratory assignments. The course may be repeated for credit when the content varies.
- ETD 2332 AutoCAD Customization.** 2 c.c.  
**FA, SU – A.A.S. only. Lab fee. Prerequisite:** ETD 2340 or permission of instructor. A basic course in AutoCAD customization that enables the user to work more efficiently. This will be oriented towards the user; not for advanced programmers.

**ETD 2340 Computer Drafting.** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee. Prerequisite:** EGS 1111 or permission of instructor. A second course in computer drafting where the drafting is emphasized. This course is intended for drafting students and covers the nuances of the computer as a drafting tool. Much of the material in EGS 1111 will be covered but in greater detail while omitting the 3D/design aspect. The course is taught “hands-on” using desktop computers with AutoCAD software.

**ETD 2355 Advanced Computer Drafting.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** ETD 2340 or permission of instructor. A computer-drafting course dealing with advanced topics. Most of this course will dwell on 3D and technical illustration. Topics include minor customization, surface and solid modeling, and rendering.

**ETD 2364 Computer Aided Design 3-D (SolidWorks).** 4 c.c.  
**TBA – Lab fee. Prerequisite:** EGS 1111 or permission of program coordinator/department head. This course teaches the student theory and application of solid modeling techniques used in product design and Fabrication. SolidWorks and MasterCam software are used to teach model design and tool path processes to create projects using the CNC Machining centers in the Mechanical Design Lab. Improving product design and developing processes in 3-D solid modeling technology is essential to remain competitive. The course emphasizes an employable level skill in the use of SolidWorks. Students are expected to spend a lot of time working with the software at home. A student edition of solidworks and MasterCam is available to practice your designs. Tool path and processing will be applied to the layout by the use of MasterCam X. This is a project-based course designed to teach the student to 3-D mechanical design. Students will learn how to create, modify, and manipulate 3-D projects and develop a portfolio. The student will explore the benefits of rapid prototyping to generate finished projects by use of a 3-D Plotter. In addition various student generated designs are fabricated using the Haas Machining center, CNC Lathe, CNC Router and CNC Plasma table. Maximize the benefits of 3-D mechanical design as it is applied in computer machining.

**ETD 2395 Advanced AutoCAD with Architectural Desktop.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** ETD 2340. This course provides users with comprehensive training in AutoCAD Architectural Desktop. The hands-on lessons cover features, commands, and techniques for creating, and editing, drawings with Architectural Desktop.

**ETD 2550 Civil 3D.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** EGS 1111. This course covers a typical residential subdivision design process, and covers all project phases including point importing, surface modeling, subdivision parcel layout, horizontal alignments, vertical alignments, road cross sections, site grading and volume calculations. The work of corridor modeling and pipe design, all of this is accomplished with a tool that facilitates three dimensional development.

**ETD 2551 Civil Engineering Drafting.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisites:** BCN 1001, ETD 2340 and appropriate scores on the Florida Entry Level Placement Exam or completion of MAT 0028 with a grade of “C” or better. This course covers fundamentals of civil engineering for computer drafting, including measuring errors, error of closure, coordinate conversion, curve data, contour lines, cut and fill, and profile work. Because computer drafting solutions are so accurate they can be measured, material will be dealt with both mathematically and graphically. A trig calculator is required.

**ETD 2947, 2948, 2949 Drafting and Design Technology Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**TBA – A.A.S. only.** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student’s academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

**ETI 1701 Industrial Safety.** 3 c.c.  
**FA – A.A.S. only. Lab fee.** Principles of safety in a typical industrial environment are studied. Emphasis is on OSHA, and the analysis and design of safety programs for industry.

**ETI 1931, 1932, 1933 Special Topics in Mechanical Design.** 1 c.c., 2 c.c., 3 c.c.  
**TBA – Lab fee. A.A.S. only. Prerequisites:** ETI 2416, ETI 2411, ETI 2412, ETI 2414, ETI 2415. This course is designed to allow flexibility for presenting a variety of topics relating to manufacturing principles and applications. The special topics will require laboratory assignments. The students shop time will be used to work on developing the necessary skills to be proficient as a CNC operator / programmer. The course may be repeated for credit when the content varies.

**ETI 2411 Manufacturing Processes CNC Machining/ MasterCam-Lathe.** 4 c.c.  
**FA, SP – A.A.S. only. Lab fee. Corequisite:** EGS 1111. This course provides training in CNC machine operation, programming and Welding fabrication. The student will gain technical knowledge and programming methods employed in Haas CNC machining centers. CNC Machine programming, set-up and operations are taught using computer and hands on applications. Intermediate welding and Metal fabrication processes are taught through lectures, demonstration and student generated projects. Completion of this course offers students technical skills as a CNC operator and Welding processes to be applied in various machining and fabrication industries. The Haas VF-2 Mill, TL-1 Lathe and the CNC Plasma cutting machine are used in the lab to teach the student CNC processing. Welding processes in Gas, GMAW (Mig), GTAW (Tig) are taught to prepare the students as a Level 1 welder/fabricator. MasterCam–Lathe is taught to provide the student programming application in CNC machining. This is applied to the CNC Machinist/Operator college credit certificate.

**ETI 2412 Fabrication Processes (MasterCam ART).** 4 c.c.  
**FA – A.A.S. only. Lab fee. Corequisite:** EGS 1111. The course will offer a working knowledge of MasterCam Art and CNC processes and operations using our CamTech II CNC Router. The student will learn to apply the 3-D processing available in MasterCam ART. This course is an in-depth study of MasterCam Art operations, CNC processing and the set-up of our Camtech CNC router is a core student proficiency. Intermediate woodworking processes through lecture and demonstration are taught to give the student additional skills as a CNC router operator and CAD/CAM (MasterCAM programmer). The students performance is based on a working portfolio of various projects completed. This is the intermediate course for the Computerized Woodworking college credit certificate.

**ETI 2414 Computer-Aided Manufacturing MasterCam-Mill 2-D & Solidworks.** 4 c.c.  
**SP – A.A.S. only. Lab fee. Corequisite:** EGS 1111 or program coordinator approval. The course will offer students a working knowledge of MasterCam Mill 2-D and Solidworks. This is the first class offered which teaches the student 3-D design using solidworks. An in-depth study of CAD/CAM software, CNC processing methods and the set-up of Haas CNC machining centers is a core student proficiency. The course Lectures and lab offer students hands on applications using Solidworks generated projects processed with Mastercam tool path software to generate various projects. The student will also learn to calculate machining feeds and Speeds, edit CNC programs and part production using the Haas VF-2 mill, TL-1 Lathe and our CNC Router. The students performance is based on a working portfolio of various projects completed.

**ETI 2415 Computer Woodworking Processes (MasterCam Router).**

**TBA – A.A.S. only. Lab fee.** This course provides to the student technical knowledge and programming methods employed in CNC woodworking machining centers. CNC Router programming, set-up, and operations such as Engraving, Nesting, Lettering and Contouring are taught. Computer Aided Drafting and Computer Aided Manufacturing concepts and applications are taught using MasterCam Router. Novice to intermediate woodworking processes through lecture and demonstration are taught to provide tool/machinery skills. This course offers the student marketable technical skills as a CNC router operator and CAD/CAM (MasterCam) programmer. A CamTech II CNC router and a TMC-1000 mill system are used in this course. The students performance is based on a working portfolio of various projects completed. This is the foundation course for the Computerized Woodworking college credit certificate.

**ETI 2416 Metal Working Processes (Welding & Fabrication).**

**FA – A.A.S. only. Lab fee.** A study of the principles, concepts and applications of various metal fabrication methods encountered in a metalworking fabrication environment. The subject matter on hand tools, mechanical cutting and welding processes and specialized fabrication equipment covers operational applications used in the industry. Students are taught production welding and techniques used in gas welding, Cutting, Brazing, MIG and TIG welding, ARC welding and plasma cutting operations. Hands on training teaching fabrication applications are used to give students practical skills in metalworking for entry level job opportunities needed in the Fabrication industry. Metal fabricating processes also include sheet metal layout and aircraft solid riveting. Coursework theory and testing is accomplished with a web based textbook subscription. Students are evaluated based on their performance of the course objectives and The completion of a compiled working portfolio of various projects completed in this course. This is the foundation course for the CNC Machinist/Operator college credit certificate.

**ETI 2947, 2948, 2949 Manufacturing Technology Co-op.**

1 c.c., 2 c.c., 3 c.c.

**FA, SP, SU – A.A.S. only.** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

**ETI 4448 Project Management.** 3 c.c.

**TBA –** Statement of work, activity decisions, timelines, scheduling and resource allocation methods. Techniques will be appropriate for large and small projects within commercial, academic, or non-profit organizations.

**EUH 1000 European History to 1700.** 3 c.c.

**FA, SP – Prerequisite:** Test score requirement the same as ENC 1101. A survey of Western Civilization from Mesopotamia and Egypt to 1715. This course traces the social, intellectual, political, and cultural forces that flow into the mainstream of Western development and culminate in the rise of Modern Europe. **Meets A.A. general education Category IV. A writing emphasis course.**

**EUH 1001 European History from 1700.** 3 c.c.

**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. Stresses the conflict of liberalism and conservatism, the Industrial Revolution, the isms which rose in response to technology and the resulting imperialism and rivalries which led to the world conflicts in the 20th century and have bequeathed mankind the world he presently lives in. **Meets A.A. general education Category IV. A writing emphasis course.**

**EUH 2010 A History of Greece and Rome.** 3 c.c.

**FA, SP – Prerequisite:** Test score requirement the same as ENC 1101. This course introduces the student to the cultures of Greece and Rome through an historical examination of each culture's political, military and social institutions. These civilizations are studied in a chronological order. This chronology begins in the late Minoan period and culminates with the fifth century collapse of the western Roman empire. **Meets A.A. general education Category IV. A writing emphasis course.**

**FIN 2100 Personal Finance and Money Management.** 3 c.c.

**FA, SP, SU –** This is a course in personal financial planning, resource management, and economic security. It is designed to provide students with the basic analytical skills and practical working knowledge necessary to set realistic financial goals, prepare a manageable budget, and make the decisions that will protect income, assets, credit rating, and retirement security. The course stresses objective approaches and strategies in determining needs, designing and managing a budget, coping with income and other taxes, calculating the cost of and wisely using credit, stretching income and assets through the effective use of insurance and investment options, and managing all phases of a financial program to achieve personal financial goals.

**FIN 3400 Financial Management.** 3 c.c.

**TBA –** This is an introductory course in managerial finance in which the student should attain a clear, basic understanding of the fundamentals of finance and their associations to the decision-making framework faced by a financial manager who is charged with maximizing shareholders' wealth. Topics include financial statement analysis, financial planning and forecasting, time value of money, risk and rates of return, asset valuation, capital budgeting, capital structure, dividend policy and working capital management.

**FRE 1120 Beginning French I** 4 c.c.

**FA –** Fundamentals of grammar, drill in pronunciation, reading, and special emphasis on oral expression in the language. The course consists of four credits of classroom instruction. If you have had two consecutive years of French in high school, it is strongly advised you begin in FRE 1121.

**FRE 1121 Beginning French II** 4 c.c.

**SP – Prerequisite:** FRE 1120. Not for beginners. The course will consist of four credits of classroom instruction. Emphasis will be placed on speaking, reading and writing, as well as culture. If you have had two consecutive years of French in high school, it is strongly advised you begin in FRE 1121. **Meets A.A. general education Category V.**

**FRE 2200 Intermediate French I.** 3 c.c.

**TBA – Prerequisite:** FRE 1121 or two years of high school French. Development of ability to read a variety of French publications, literary and journalistic, in French, French civilization, literature, and cultural history. Class discussion, complete review of grammar, practice in composition.

**FRE 2201 Intermediate French II.** 3 c.c.

**TBA – Prerequisite:** FRE 2200. Further development of the ability to read a variety of French publications, literary and journalistic, in French. French civilization will be discussed in the hope of stimulating the imagination by isolating current events and interesting individuals rather than merely presenting a series of facts. Group discussion will be encouraged to allow students to express their own opinions.

**FSS 1063C Professional Baking.** 3 c.c.

**FA, SP, SU – Lab fee. Prerequisite or Corequisite:** HFT 2212 or FOS 2201. This course introduces the student to the principles of professional baking. The student will become familiar with the techniques and equipment used in a bakeshop or the baking area of a commercial kitchen. The student will apply the fundamentals of baking science in the production of various products. The student will learn the basic baking skills required in the culinary arts field.

- FSS 1220C Culinary Techniques.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite or Corequisite:** HFT 2212 or FOS 2201. Emphasis in this course will be placed on the basic methods and chemistry of cooking. Students study ingredients, cooking, theories, terminology, equipment, technology, weights and measures, formula conversions and work on cooking skills and procedures.
- FSS 1221C Introduction to Culinary Production.** 3 c.c.  
**FA, SP, SU – Lab fee.** It is recommended that students take HFT 2212 as a prerequisite or corequisite. This course is an overview of culinary production for those students pursuing a career in the hospitality industry. Emphasis is on the basic methods and chemistry of cooking, baking, kitchen operation, and kitchen management.
- FSS 1222L Culinary Production.** 3 c.c.  
**FA, SP – Prerequisites:** FSS 1220C and FSS 1063C. Through extensive hands-on experience, students will acquire the skills necessary to plan and prepare various meals utilizing menu planning methods.
- FSS 1308C Dining Room Management Banquet and Russian Service.** 3 c.c.  
**FA, SP – Lab fee. A.A.S. only. Prerequisite or Corequisite:** HFT 2212. This course introduces the student to the organization and function of the dining room of a commercial food service facility utilizing Banquet and Russian table service. The class will place an emphasis on Regional and International Cuisines. The student will also demonstrate a familiarity with the skills and techniques utilized in American table service.
- FSS 2224L Advanced Culinary Production.** 3 c.c.  
**FA, SP – A.A.S. only. Prerequisites:** FSS 1220C and FSS 1063C. This course allows students to practice advanced culinary skills under operating conditions. Students prepare and serve meals to the public.
- FSS 2242L International/Regional Cuisine.** 3 c.c.  
**FA, SP – Prerequisites:** FSS 1063C, FSS 1220C. This course covers the unique food styles and preparation techniques used around the world. Students design and implement banquet style international menus. Meals are prepared for the public.
- FSS 2247C Advanced Baking.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** FSS 1063C. This course builds on the skill and knowledge the student gained in FSS 1063C and familiarizes the student with advanced baking theories and techniques. The student will apply the fundamentals of baking science in the production of various products. The student will learn the basic baking skills required in the culinary arts field.
- FSS 2248C Garde Manger.** 3 c.c.  
**SU – Lab fee. Prerequisites:** FSS 1220C and FSS 1222L or FSS 2224L or FSS 2242L. The student will become familiar with the techniques and equipment used in the production of Hors d'oeuvres, appetizers, charcuterie and other products found typical to catered events. Students will apply these fundamentals in actual catered events as outlined during the first day in class. Students are advised that class times vary greatly.
- FSS 2284C Catering, Banquet, and Event Management.** 3 c.c.  
**SU – Prerequisites or Corequisites:** HFT 2212. This course introduces students to the techniques and management principles necessary for the management of a catering and banquet operation. The course covers catering functions, special events, and banquets. Course topics will include planning and management, preparation and production, and service with an emphasis placed on planning and management of events. Students examine the management process and learn to apply this process to catering functions, banquet operations, and special events. This course provides students interested in event management with practical knowledge in the management of on and off premise functions.
- FSS 2382L Culinary Management Practical Exam.** 1 c.c.  
**TBA – Lab fee. A.A.S. only. Prerequisite:** Completion of all culinary courses and permission of instructor or department head. Techniques and knowledge required for a career as a professional chef. Provides knowledge needed to demonstrate artistic and creative abilities in various culinary shows, recipe contests, and exhibitions.
- FSS 2941, 2942, 2943 Culinary Management Internship.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – Internship** is a supervised hands-on training experience in which the student will observe and participate in the operation of a restaurant, food service, dietary or other food production operation. The student will learn first hand the day-to-day operations of a food production facility. The student will have the opportunity to demonstrate the knowledge and skills learned in the classroom and apply them on the job. Departmental permission required.
- FSS 2946 Basic Culinary Management Co-op.** 1 c.c.  
**FA, SP, SU – Cooperative Education (Co-op)** is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. Departmental permission required.
- FSS 2947, 2948, 2949 Culinary Management Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – Cooperative Education (Co-op)** is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. Departmental permission required.
- GEA 2000 World Regional Geography.** 3 c.c.  
**TBA – A descriptive study** of selected countries and regions of the world around such key topics as location, population makeup and distribution, natural environment, type of economy, potentialities, chief problems. Human activities are related to natural environmental conditions of countries, regions, and continents. **Meets A.A. general education Category IV.**
- GEB 1011 Introduction to Business.** 3 c.c.  
**FA, SP, SU – The course** includes principles of organization and management as well as operational aspects and the social and economic environment of a business, fundamentals of management controls, marketing, and financial management. This course is a prerequisite only for those students following a program of study in business administration, but is offered in two different formats: the conventional classroom style and a special format which reduces formal classroom time but requires more self-study.
- GEB 2112 Entrepreneurship.** 3 c.c.  
**FA, SP – This course** prepares students to start their own business and is designed to assist entrepreneurs to strengthen and manage their business skills. Fundamentals of starting and operating a business, developing a business plan, obtaining financing, marketing a product or service, and developing and effective accounting system will be covered.
- GEB 2139 E-Business Management.** 3 c.c.  
**FA, SP – This course** includes the applications, principles, and concepts of business transactions that take place via electronic communication networks. Specific emphasis will be placed on the process of buying and selling goods and services, and information over computer networks.

- GEB 2350 International Business.** 3 c.c.  
**FA** – This course includes the applications, principles, and concepts of international business. Specific emphasis will be placed on a global perspective, international business environments, trade and investment, financial systems, and management/marketing.
- GEB 2430 Business Ethics.** 3 c.c.  
**FA, SP** – This course will enable students to confront the issues of what is right, proper, and just when making decisions that affect other people in the business world. The focus is on what relationships are and ought to be with employees.
- GEB 2947, 2948, 2949 Business Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU** – Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- GEB 3213 Communication in Business.** 3 c.c.  
**TBA** – This course focuses on communication within organizations with emphasis on organizational theory and structure, systems analysis, and communication networks.
- GER 1120 Beginning German I** 4 c.c.  
**FA** – Fundamentals of grammar, drill in pronunciation, reading, and special emphasis on oral expression in the language. The course consists of four credits of classroom instruction. If you have had two consecutive years of German in high school, it is strongly advised you begin in GER 1121.
- GER 1121 Beginning German II** 4 c.c.  
**SP – Prerequisite:** GER 1120. Not for beginners. The course will consist of four credits of classroom instruction. Emphasis will be placed on speaking, reading and writing, as well as culture. If you have had two consecutive years of German in high school, it is strongly advised you begin in GER 1121. **Meets A.A. general education Category V.**
- GER 1121. Meets A.A. general education Category V.** GER 2200 Intermediate German I. 3 c.c.  
**TBA – Prerequisite:** GER 1121 or two years of high school German. Review of German grammar, advanced reading, and conversation.
- GER 2201 Intermediate German II.** 3 c.c.  
**TBA – Prerequisite:** GER 2200. The grammar presentations in Deutsch heute proceed from the known to the new; it builds on grammatical structures the student has already mastered. A student who completes this course satisfactorily will be expected to have the ability to read ordinary German of a non-technical nature (magazines and news-papers) and to read the standard works of German literature with a minimum use of the dictionary. A passing grade of 70 will be required.
- GIS 2040C Geographic Information Systems.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** CGS 1570 or permission of instructor. A beginning course in Geographic Information Systems (GIS). GIS is the combination of data and where that data occurs spatially on a map. This computer application technology is used by utility companies, forestry managers, environmental businesses, government planners, market researchers, real estate developers, emergency planners, civil engineers, and a variety of other disciplines. Topics include map projections, database management, collection of data, spatial representation of data, analyzing spatial relations layering data in combinations, and creating presentations. This course is open to all students with basic computing skills.
- GLY 1010 Physical Geology.** 3 c.c.  
**FA, SP – Corequisite:** GLY 1010L. An introduction to the study of the earth, its composition (minerals and rocks), gradational processes (running water, glaciers, winds and gravity), diastrophism (plate tectonics, folding, faulting), vulcanism (volcanic and plutonic features). **Meets A.A. general education Category VII.**
- GLY 1010L Physical Geology Laboratory.** 1 c.c.  
**FA, SP – Lab fee. Corequisite:** GLY 1010. A study of rocks and minerals, structural features of the earth, and various earth forms as related to certain geologic processes with the aid of rock and mineral samples, topographic maps and aerial photographs. **Meets A.A. general education Category VII.**
- GRA1109C History of Graphic Design** 3 c.c.  
**TBA** – This course is an introductory survey of the history of graphic design from its origin to the present day.
- GRA 1140C Beginning Multimedia Production.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** GRA 2151C. Beginning Multimedia introduces the core principles of artistic design and development of interactive, computer-based multimedia. Students are exposed to industry standard authoring systems, combining image, text, animation, video, sound and user interactivity. This class is designed for Multimedia art majors and utilizes the Macintosh® computer platform.
- GRA 2141C Advanced Multimedia Production.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisites:** GRA 1140C, GRA 2721C. Advanced Multimedia synthesizes material learned in Beginning Multimedia and Creative Web Design. Students will create projects emphasizing conceptual development through to final presentation. In addition to artistic principles of design, emphasis will be placed on professional project management, budget issues, client relations, and project scope. Students will utilize non-linear digital video editing, graphic design, illustration, sound, web and DVD authoring software on the Macintosh® computer platform. This class is designed for multimedia art majors.
- GRA 2151C Computer Graphics I.** 3 c.c.  
**FA, SU – A.A.S. only. Lab fee.** Explores the Macintosh® computer's capabilities as a tool for artists and graphic designers. Students will use a variety of layout and image-processing programs, digital scanning, and video images in assignments that stress creativity and technical proficiency.
- GRA 2152C Computer Graphics II.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** GRA 2151C. A continuation of GRA 2151C using advanced software and programs on the user-friendly Macintosh®. Directed at artists and graphics designers.
- GRA 2158C Multimedia 3D.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisites:** GRA 1140C, GRA 2152C. Teaches the construction and development of three-dimensional objects on the personal computer using modeling programs in use in the graphics and multimedia industries. Models will be created with variable formal, lighting, and textural characteristics presented and manipulated in functional three-dimensional environments.
- GRA 2190C Graphic Design I.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisites:** ART 1201C, GRA 2151C, GRA 2152C, and PGY 2401C. Basic experience in the creative and technical processes of visual communication. Concept development, layout skills, uses of type, illustration, and computer-aided design with the Macintosh® will be covered.
- GRA 2191C Graphic Design II.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** GRA 2190C. Advanced techniques and projects in visual communications with emphasis on development of a professional portfolio and understanding of market demands. A high degree of creativity and craftsmanship is stressed.

- GRA 2206C Typography.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisites:** ART 1201C, GRA 2151C, GRA 2190C. A practical introduction to typography, including the development of type styles and their creative uses in graphic design from historic forms to modern and computer type, emphasizing the expressive power of type usage in design, while also covering technical aspects of fonts, letter forms, measurement, x-height, leading, kerning, and aesthetic considerations.
- GRA 2210C Electronic Prepress.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisites:** ART 1201C, GRA 2152C, PGY 2401C. This class, which replaces the former GRA 2117C, Graphic Processes, is a highly specialized course that teaches the current techniques for electronic delivery of artwork for print reproduction. Working with Quark, Photoshop, Acrobat, and Freehand, students will learn industry standards and requirements including digital file output, digital printing processes, and file management.
- GRA 2721C Creative Web Design.** 3 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** GRA 2151C. Creative Web Design builds on the design and development skills gained in Beginning Multimedia Production and moves the student to the production of artistic web-based projects on the Macintosh computer platform. Focusing entirely on intranet and internet design environments, the course will emphasize advanced skills in animation, sound, video, authoring, editing and HTML coding. Students will use appropriate web development software to create product for use across both Macintosh® and PC computer platforms.
- GRA 2770C Creative Design and Communication.** 3 c.c.  
**FA, SP – A.A.S. only. Lab fee. Prerequisite:** ART 1201C, GRA 2151C, ART 1300C, PGY 2401C. Creative Design and Communication builds communication, artistic design, promotion and multimedia production skills required by commercial artists. The focus of the course is to introduce students to the importance of effective design and communication in the marketing/advertising/commercial art industry. Students will learn the structure of the commercial art industry and how to write, present and design to meet client needs in reaching their target demographic and psychographic audiences. Class exercises will emphasize the generation of simple commercial art products (posters, ads, cards, billboards, audio recordings, video recordings, etc.) to meet the demands of a commercial art client.
- GRA 2931, 2932, 2933 Multimedia Seminar.** 1 c.c., 2 c.c., 3 c.c.  
**TBA – A.A.S. only. Lab fee.** Multimedia Seminar is designed to teach about interpersonal relationships, contextual constraints, problem solving, employment possibilities and strategies for students interested in multimedia production as a career. Guest speakers and/or the instructor will present to the class concerning appropriate topics. Site visits to area businesses, industries, schools and other facilities involved in the production of multimedia may occur. Students will design, develop and present multimedia-based materials on selected topics.
- GRA 3194C Graphic Design III.** 3 c.c.  
**TBA – Lab fee.** This advanced level studio course is an in depth exploration of two and three dimensional media and the potential creative use of contemporary technology in visual communication. This course includes experimentation in multi-page print projects, computer animation, multi-media and environmental signage. The course will include lecture and field trips.
- GRA 3202C Advanced Typography.** 3 c.c.  
**TBA – Lab fee.** Exploration of the expressive potential of the letter form.
- GRA 3209C Typography II.** 3 c.c.  
**TBA – Lab fee.** This course is a continuation of the study of traditional Typography. Exercises and projects focus on the hierarchal qualities of typography, the development of marketable, original, and creative problem solving solutions will also be examined with an emphasis on creative techniques. Industry standard software will be used in the development of digital typography and hierarchal skills.
- GRA 3194C Graphic Design III** 3 c.c.  
**TBA –** This advanced level studies course is an in-depth exploration of two and three dimensional media and the potential creative use of contemporary technology in visual communication. Includes experimentation of multipage print projects, computer animation, multimedia and environmental signage. Lecture and field trips.
- GRA 4186C A Senior Studio Graphic Design.** 3 c.c.  
**TBA – Lab fee.** Advanced graphic design problems in advertising campaigns and multi-unit visual communication systems.
- GRA 4189C Portfolio Development.** 3 c.c.  
**TBA –** This course is designed to prepare the student for employment with a well-crafted presentation of their skills in the form of a portfolio.
- GRA 4514C Environmental Design.** 3 c.c.  
**TBA – Lab fee.** Students will study a range of examples of exhibition/environmental design measured against conventions of 2D display/informational systems.
- HCP 0120C Nursing Assistant.** 3 v.c.  
**FA, SP, SU – Lab fee. Corequisite:** HSC 0591C. This course is designed to prepare the student for employment in the long term care setting. Students have the opportunity to apply content learned in the classroom to the care of geriatric and long term care patients. Content includes legal, ethical, safety, comfort, nutrition, infection control and rehabilitative measures central to the care of patients by nursing assistants.
- HFT 1000 Introduction to the Hospitality Industry.** 3 c.c.  
**FA, SP, SU –** An introductory course designed to acquaint the student with the many facets of the hotel/lodging, restaurant, travel and tourism, and food service industries. The student will become familiar with the various interrelated professions in these industries and their relationships to each other.
- HFT 1031 Management of Environmental Services.** 3 c.c.  
**TBA –** This course will introduce students to the methods, techniques and procedures used in commercial cleaning. Included in the topics of the course are servicing of restrooms, cleaning walls, windows, fixtures and the methods, techniques and procedures used in the care and cleaning of floors, rugs and carpeting. The course will emphasize guest room cleaning, laundry and housekeeping operations utilized in the lodging industry. The class covers the use and maintenance of professional cleaning equipment. Students will become familiar with the laws, regulations and agencies governing the environmental service industry. The course is designed to prepare students for a supervisory role in the management of a housekeeping department.
- HFT 1254 Lodging Operations.** 3 c.c.  
**FA, SP –** This course introduces students to guest service operations. This course is designed for students interested in managing hotels, motels, resorts, and other related lodging businesses. The course provides students with practical knowledge of the concepts and procedures used in managing commercial lodging operations. Students are introduced to the rooming and guest service functions. The course includes the theories and principles of guest service management used in the lodging industry. The course gives students the opportunity to develop human relations and customer service skills. Operation of the various functions of the rooming department of a lodging operation is covered.
- HFT 1313 Hospitality Property Management.** 3 c.c.  
**SP –** This course focuses on three main areas of property management including physical plant management, facilities, systems engineering and management, and utilities and energy management. All phases of property management are covered from operations management to cost analysis and capital investment. The general principles of design, installation, operation, and economical evaluation are applied to hospitality operations.
- HFT 1410 Hospitality Industry Accounting.** 3 c.c.  
**FA –** Presents basic introduction to the reservation system and the accounting functions of hospitality operations. The course focuses on the reservations and billing, audit, transient ledger, city ledger, income statement, and of the statistical analysis used in the hospitality industry.

- HFT 1860 Bar and Beverage Management.** 3 c.c.  
**SU** – An in depth study into the principles of beverage management. This course will introduce students to the production and characteristics of the different types of beers, liqueurs and spirits. Students will be introduced to the techniques of mixology with an emphasis on the responsible vending of alcoholic beverages.
- HFT 1867 Wine Technology and Merchandising.** 3 c.c.  
**FA** – This course introduces students to the principles of oenology. The course provides students interested in wines, wine production, and service with the fundamentals of wine technology. Students are introduced to the theories and principles of marketing, merchandising and promoting wines in the hospitality industry. Practical knowledge of viticulture and vinification methods is covered in the course. Students are introduced to the theories, concepts, and principles of sensory evaluation and other quality factors of wine. The course is designed for both the hospitality manager as well as the individual who enjoys wine for personal pleasure.
- HFT 2211 Hospitality Resource Management.** 3 c.c.  
**SU** – This course introduces students to the resources available to managers in the hospitality industry. This course includes management concepts and practices applicable to the hospitality industry. Students are introduced to the theories and principles of managing a hospitality entity. Students examine the management process and learn to apply this process to the hospitality industry. This course provides students interested in lodging, food service, beverage service, and other related fields with practical knowledge in the acquisition, management and utilization of the resources available to hospitality managers.
- HFT 2212 Food Service Sanitation and Safety.** 2 c.c.  
**FA, SP, SU** – This course is designed to develop an understanding of the basic principles of sanitation and safety in order to maintain a safe and healthy environment for the consumer in the food industry. It includes the laws and regulations related to safety, fire, and sanitation and how to adhere to them in the food service operation.
- HFT 2250 Lodging Systems and Procedures.** 3 c.c.  
**SP** – This course introduces students to the principles of operating a profitable lodging operation. This course is designed for students interested in managing hotels, motels, resorts, and other related lodging businesses. The course provides students with practical knowledge of the concepts and procedures used in managing commercial lodging operation. Students are introduced to the utilization of reservation systems and the procedures for handling various types of reservations. The student will be introduced to the information systems for registration, guest accounts, checkout and the audit functions of guest services. The course includes the theories and principles of yield management, the economics principles of pricing used in the lodging industry in addition to other related topics.
- HFT 2261 Restaurant Management and Development.** 3 c.c.  
**TBA** – This course introduces students to the principles of operating a profitable restaurant. The course provides students interested in managing a restaurant and other related businesses with practical knowledge of the concepts and procedures used in managing a commercial food service facility. Students are introduced to the theories and principles of facility and menu development, design, and layout. The course covers the process of developing a commercial food service operation.
- HFT 2451 Cost Control and Purchasing.** 3 c.c.  
**FA, SP** – **Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or completion of MAT 0018 with a grade of “C” or better. An overview of the management system with an in-depth study of purchasing and the control component of the management cycle. This course will focus on the principles and practices concerned with the purchase and receipt of food, supplies, and equipment for various food service operations.
- HFT 2500 Marketing in the Hospitality Industry.** 3 c.c.  
**TBA** – This course is designed to study the principles of marketing and promotion as they relate to the hospitality industry. This course looks at applying promotional techniques to a hospitality operation. The course addresses such topics as using a restaurant’s menu and service staff to generate word-of-mouth advertising, the organization of a lodging operation’s sales department, promotion of special events, etc.
- HFT 2600 Concepts of Hospitality Law.** 3 c.c.  
**FA** – This course provides the student with a familiarization of the fundamentals of law and an in-depth study of the legal aspects effecting the hospitality industry. This course addresses risk management in the hospitality industry.
- HFT 2840C Dining Room Management French Service.** 3 c.c.  
**FA, SP** – **Lab fee. Prerequisite or corequisite:** HFT 2212. This course exposes the student to advanced table service techniques and service styles to include French and Ala Ritz and buffet. Special attention is given to wine service, table-side preparation, carving and service.
- HFT 2841C Dining Room Management American Service.** 3 c.c.  
**FA, SP** – **Lab fee. Prerequisite or Corequisite:** HFT 2212. This course introduces the student to the principles of managing American Table Service in the commercial food-service operation. All aspects of a la carte service are covered. Service skills and computer technologies are emphasized. This course covers all aspects of dining room service required in the hospitality field.
- HFT 2850C Management of Dining.** 3 c.c.  
**FA, SP** – It is recommended that students take HFT 2212 as prerequisites or corequisites. This course is a course in management of dining room service. Students will learn the operation of the dining room of a table service restaurant. Students will use various management techniques in the operation of a restaurant dining room. The student will gain hands-on experience in American, French, and banquet table service. This course covers all aspects of dining room service required in the hospitality field. This course emphasizes learning and practicing management and customer service skills.
- HFT 2931, 2932, 2933 Hospitality Management Seminar.** 1 c.c., 2 c.c., 3 c.c.  
**TBA** – This course is designed to allow flexibility for a wide variety of topics/topic of interest, problem, need, etc. of the hospitality industry to meet the special needs of an identified group of students. This course explores current topics as they affect the hospitality industry.
- HFT 2941, 2942, 2943 Hospitality Management Internship.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU** – Internship is a supervised hands-on training experience in which the student will observe and participate in the operation and management functions of a food service, lodging, dietary, or other hospitality operation. The student will learn first hand the day-to-day operations of a business in the hospitality industry. The student will have the opportunity to demonstrate the knowledge and skills learned in the classroom and apply them on the job. Departmental permission required.
- HFT 2946 Basic Hospitality Management Co-op.** 1 c.c.  
**FA, SP, SU** – Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student’s academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. Departmental permission required.

**HFT 2947, 2948, 2949 Hospitality Management Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU** – Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. Departmental permission required.

**HIM 1000C Introduction to Health Information Management.** 3 c.c.  
**FA – A.A.S. only. Prerequisite:** Permission required. Orientation to medical records, history, professional associations, and ethics; introduction to confidentiality; medical record content, format, evaluation, and use; numbering, filing, indexing, storage, retrieval, and quality control.

**HIM 1442 Pharmacology.** 2 c.c.  
**FA, SP – A.A.S. only.** This course teaches the student the pronunciation, spelling, actions, and side effects of the most commonly prescribed drugs and the interpretation of pharmacological terms, abbreviations, and symbols used in prescription writing.

**HIM 1800 Health Information Management Professional Practice I.** 2 c.c.  
**FA, SU – A.A.S. only. Lab fee. Prerequisites:** HIM 1000C, HSC 2642, CPR Card. Supervised directed experience in hospital medical record department. Specific assignments: medical record admitting procedures, assembly and analysis of medical records, record and loose document filing, record controlling, release of information and medical staff relations.

**HIM 2214C Health Data Management.** 2c.c.  
**SP – A.A.S. only. Prerequisite:** HIM 1000C. This course is designed to expand upon health information management to include an introduction to electronic health records, healthcare data sets, clinical vocabularies and nomenclature systems, healthcare reporting and compliance issues, health information, ethical issues in health information technology and project management.

**HIM 2234C Advanced ICD-9-CM Coding.** 3 c.c.  
**SP, SU – A.A.S. only. Prerequisite:** HIM 2280C. Continuation and expansion of HIM 2280C. This course covers the advanced features of the ICD-9-CM Coding System. Also included are prospective payment systems and diagnostic-related groups (DRGs).

**HIM 2253 Outpatient Reimbursement Methodologies and Third-Party Payer.** 4 c.c.  
**TBA – A.A.S. only. Prerequisite:** HSC1531. Instruction in CPT-4 Coding, HCPCS, and APC's as used in physician's offices and other out-patient settings. Includes principles and practices related to payment by insurance of health or medical expenses by private or government entities.

**HIM 2282C Coding and Classification Systems.** 3 c.c.  
**FA, SP, SU – A.A.S. only. Lab fee. Prerequisites:** BSC 1080, HSC 2550 or permission of instructor.  
**Corerequisite:** HSC 2550. Historical development and purpose of medical nomenclature and classification systems/indexes, registers, abstracts, and an introduction to ICD-9-CM, CPT/HCPCS and DRG systems.

**HIM 2500C Quality Improvement in Healthcare.** 2 c.c.  
**SP – A.A.S. only.** An introduction to the concepts, techniques, and tools in the process of improving performance in the health care environment. Emphasis is on the key processes for identification, resolution of problems in the Health Information Management profession.

**HIM 2512 Health Information Management and Supervision.** 3 c.c.  
**FA – A.A.S. only.** Application of basic principles of management related to office management in a medical record department; planning and organizing space, equipment, supplies, and personnel using systems procedures, methods and organization charts.

**HIM 2620 Medical Statistics and Financial Applications.** 3 c.c.  
**FA – A.A.S. only. Prerequisites:** HIM 1000C, MAT 1033 or MTB 1310 or higher math or permission of the instructor. Statistical concepts and procedures in data collection and preparation of statistical reports for hospital administration and accrediting agencies; financial concepts and optimum utilization of resources.

**HIM 2653C Computer Applications in Health Information Management.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisites:** CGS 1570, HIM 1000C. This course is designed to give the student an overall scope of computer applications in the health care industry with special emphasis on the Computer Applications in the Health Information Management domain.

**HIM 2810 Health Information Management Professional Practice II.** 2 c.c.  
**SP, SU – A.A.S. only. Lab fee. Prerequisite:** HIM 1800.  
**Corequisite:** HIM 2234C. Supervised learning experience in various health care facilities. Specific assignments: statistical applications, computer applications, coding, quality assurance and risk management.

**HIM 2931 Special Topics in Health Information Management.** 1 c.c.  
**TBA – A.A.S. only.** This course is designed to provide a comprehensive review for Preparation for the Registered Health Information Certified Coding Assistant (CCA) examination offered through the American Health Information Management Association (AHIMA).

**HIM 2932 Special Topics in Health Information Management.** 2 c.c.  
**TBA – A.A.S. only.** This course is designed to provide a comprehensive review for Preparation for the Registered Health Information Technician (RHIT) examination offered through the American Health Information Management Association (AHIMA).

**HIM 2933 Special Topics in Health Information Management.** 3 c.c.  
**TBA – A.A.S. only.** This course is designed to allow flexibility for presenting a variety of topics in Health Information Management. The course may be repeated for credit when content varies.

**HIM 2934 Health Information Management Professional Practice III.** 2 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisites:** HIM 1800, HIM 2234C, HIM 2253, HIM 2810. The third of three coordinated professional practice courses designed to provide the student with practical experience in Health Information Management with the emphasis on learned skills in coding and reimbursement. It will consist of an intense onsite practicum in reimbursement methodologies, ICD-9-CM, and CPT coding.

**HLP 1081 Concepts of Life Fitness.** 3 c.c.  
**FA, SP, SU – Lab fee.** A basic course designed to acquaint students with the principles, concepts and values of physical fitness, proper nutrition, and stress management; and the dangers attached to negative lifestyle behaviors. Students will learn to evaluate their fitness, nutrition and stress levels, identify their areas of interest, and write their own exercise prescriptions. Class periods are held in both the classroom and the LIFE Center where students will take part in a number of health and fitness assessments and will be instructed on the proper use of both strength and cardiovascular training equipment. Upon successful completion of HLP 1081, students maintaining college enrollment can use the L.I.F.E. Centers at no cost by enrolling in N00318. Former Pensacola State College students who have successfully completed HLP 1081 can gain access to the L.I.F.E. Centers each term by enrolling in and paying tuition for R00064. Meets A.A. general education Category IV.

- HLP 2947, 2948, 2949 Human Performance and Recreation Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**TBA** – Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- HOS 1010 Introduction to Horticultural Science.** 3 c.c.  
**FA** – An overview of the biology of horticulture, the horticultural industry and an introduction to the scientific principles that are involved in the production of horticultural crops. The course will provide a comprehensive review of the aesthetic value of horticulture, plant classification, plant problems, plant growth, and plant use.
- HOS 1014 Introduction to Organic Production Systems and Farming.** 1 c.c.  
**TBA** – An overview of the organic production systems with special attention paid to starting an organic cropping operation, cultural methods such as fertilization and pest control, organic materials, environmental issues, and business applications.
- HSA 1101 Survey of Health Services.** 2 c.c.  
**FA, SP, SU – A.A.S. only.** The purpose of this course is to introduce the student to the health care delivery system and to provide an overview of the role and responsibility of members of the health care team. Common illnesses will be discussed with a focus on prevention of disease and promotion of wellness. Legal/ethical issues, basic medical terminology, infection control and the personal and professional characteristics of the successful health care professional are also included. Skills in performing vital signs, first aid, body mechanics, gloving, and proper hand washing technique will be taught.
- HSA 2500 Introduction to Risk Management.** 3 c.c.  
**SP – A.A.S. only.** This is an introductory course in the assessment and control of risk within health-care facilities. Included in the course are analysis of possibilities of liability, methods to reduce risk of liability, and methods to transfer risk to others.
- HSA 3113 Healthcare Trends and Issues.** 3 c.c.  
**TBA** – This course presents significant health care issues and developing trends. Content may differ each time in order to be current with changing events of varying importance, such as aging, coping with dying, the role in healthcare of women and minorities, and patient privacy issues.
- HSA 4160 Healthcare Marketing.** 3 c.c.  
**TBA** – A comprehensive overview of marketing strategies and technologies that might effectuate productive network systems. The primary focus will be on processes within the health care system from an administrative perspective.
- HSA 4191 Health Information Systems.** 3 c.c.  
**TBA** – Examination of health information systems with focus on analysis of applications for information systems in the health care delivery system. Emphasis will be placed upon skills necessary to employ the methods used to evaluate a variety of types of information systems applications in a health care setting.
- HSA 4383 Quality Management in Healthcare.** 3 c.c.  
**TBA** – This course is a study of healthcare quality management concepts, tools, and techniques, with an emphasis on the application of management theory to healthcare products and services.
- HSA 4502 Healthcare Risk Management.** 3 c.c.  
**TBA** – This course explores risk management and its specific applications to the health services field. Focus: Insurance, quality assurance, dispute resolution, clinical records, and management.
- HSC 0005 Orientation to the Health Sciences.** 1 v.c.  
**FA, SP, SU – Prerequisite:** Acceptance into the program or permission of the instructor. The purpose of this course is to introduce the student to the health care delivery system and provide an overview of the role and responsibility of members of the health care team. Common illnesses will be discussed with a focus on prevention of disease and promotion of wellness. Legal/ethical issues, basic medical terminology, infection control, and the personal and professional characteristics of the successful health care professional are also included. Skills in performing vital signs, first aid, body mechanism, gloving, and proper hand washing technique will be taught.
- HSC 0591 AIDS/OSHA for Health Professionals.** 1 v.c.  
**FA, SP, SU – A study of Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS), and OSHA standards for blood borne pathogens, Domestic Violence education and medical errors for the health professional.** This course satisfies the minimum HIV/AIDS education requirements including transmission, infection control, prevention, general treatment, legal aspects, confidentiality, testing and attitudes. Within this course, requirements are met for OSHA standards for universal precautions, PPE, microbiological practices, Hepatitis B vaccination, post exposure evaluation/follow-up and hazard communication in working with blood borne pathogens. Domestic violence and medical errors are included.
- HSC 1531 Medical Terminology.** 3 c.c.  
**FA, SP – A.A.S. only.** The study of medical terminology as the language of medicine including the study of prefixes, suffixes, word roots, with emphasis on spelling, pronunciation, definition, and usage.
- HSC 1590 AIDS/OSHA for Health Professionals.** 1 c.c.  
**FA, SP, SU – A.A.S. only.** A study of Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS), and OSHA standards for blood borne pathogens, Domestic Violence education and medical errors for the health professional. This course satisfies the minimum HIV/AIDS education requirements including transmission, infection control, prevention, general treatment, legal aspects, confidentiality, testing and attitudes. Within this course, requirements are met for OSHA standards for universal precautions, PPE, microbiological practices, Hepatitis B vaccination, post exposure evaluation/follow-up and hazard communication in working with blood borne pathogens. Domestic violence and medical errors are included.
- HSC 2100 Personal and Community Health.** 3 c.c.  
**FA, SP** – This course includes information and principles for protection and promotion of individual and public health. Emphasis is given to mental health, parenthood, nutrition, disease prevention, and community organization for maintaining and improving health in society. Meets A.A. General Education Category IV.
- HSC 2400 First Aid and Injuries.** 3 c.c.  
**FA, SP – Lab fee.** This course includes standards and accepted principles of first aid, discussion and laboratory practices in dressings and bandages, wounds and their care, rescue breathing and CPR, poisonings, fractures, burns, and transportation of the injured. The course includes the American Red Cross first aid course. Upon successful completion of all tests, students will be certified in CPR and Basic First Aid.
- HSC 2402 Managing Medical Emergencies.** 3 c.c.  
**SP** – A course designed to instruct human service providers, such as special educators and mental health professionals, in anticipating and controlling student/client medical/behavioral emergencies in agency and/or school settings. Skills in medical first aid, CPR, and non-violent crisis intervention will be taught. Meets American Red Cross certification requirement for Community First Aid and Safety and Crisis Prevention Institute certification for non-violent crisis intervention.
- HSC 2550 Pathophysiology.** 4 c.c.  
**FA, SP – A.A.S. only. Prerequisite:** HSC 1531. A study of the nature, cause, and treatment of specific disease entities. Basic understanding of the body's defense mechanism and modalities to treat disease.

- HSC 2641 Health Care Law.** 3 c.c.  
**SP** – An introduction to health-care law. Covers the legal aspects of the delivery of health care in various settings. Includes an introduction to the American legal system, the liabilities of health-care organizations and health care professionals, patient rights and responsibilities, labor relations, and insurance, among other topics.
- HSC 3500 Epidemiology.** 3 c.c.  
**TBA** – An introduction to epidemiology as a scientific discipline. Emphasis is on experimental design, methodology, and disease control.
- HUM 1930 Lyceum.** 1 c.c.  
**TBA** – This class meets once a week for lectures and discussions designed to help the student understand and enjoy the Lyceum Series distinguished speakers and offerings in art, music, dance, and drama. The student attends at least six Lyceum events and is tested at midterm and final exam on vocabulary and appreciation skills presented in eight lectures.
- HUM 2210 Humanities in the Ancient World.** 3 c.c.  
**FA, SP, SU** – **Prerequisite:** Test score requirement the same as ENC 1101. An integrated approach to the humanities which examines philosophy and the arts in terms of their relationships, rather than as separate activities. The emphasis throughout will be on the ways in which a shared cultural outlook gives meaning to human experience and is, in turn, expressed through works of art. This course considers the achievements of Greece, Rome, and the Middle Ages, treating them chronologically in order to provide a sense of change and development in succeeding epochs. There will be lectures, correlated readings and illustrations of representative works from each period studied. **Meets A.A. general education Category V. A writing emphasis course.**
- HUM 2230 Humanities in the Modern World.** 3 c.c.  
**FA, SP, SU** – **Prerequisite:** Test score requirement the same as ENC 1101. An integrated approach to the humanities which examines philosophy and the arts in terms of their relationships, rather than as separate activities. The emphasis throughout will be on the ways in which a shared cultural outlook gives meaning to human experience and is, in turn, expressed through works of art. This course considers the achievements of the Renaissance, the Modern Era, and the Post-Modern Era, treating them chronologically in order to provide a sense of change and development in succeeding epochs. There will be lectures, correlated readings and illustrations or representative works from each period studied. **Meets A.A. general education Category V. A writing emphasis course.**
- HUM 2454 African-American Humanities.** 3 c.c.  
**FA, SP, SU** – **Prerequisite:** Test score requirement the same as ENC 1101. The course will examine the impact that the Atlantic slave trade has had on the new world. It will trace Western African Culture and how it “re-appears” in the Caribbean, Latin America and North America. The course will examine the history, music, literature and art of these places as well. **Meets A.A. general education Category V. A writing emphasis course.**
- HUM 2740 Humanities Travel.** 3 c.c.  
**SU** – **Prerequisite:** Test score requirement the same as ENC 1101. Each offering is specially designed to expose the student to the culture of other countries. The exact itinerary and experience is determined by the faculty member in charge. Inquiries should be made to the appropriate department head. **Meets A.A. general education Category V. A writing emphasis course.**
- HUN 1201 Elements of Nutrition.** 3 c.c.  
**FA, SP, SU** – A biochemical and physiological approach to the study of nutrition which includes ingestion, digestion, absorption, metabolic pathways, nutrient data bases of foods, and the factors influencing the selection of foods and the good nutritional status. **Meets A.A. general education Category VI.**
- HUN 1201L Elements of Nutrition Laboratory.** 1 c.c.  
**FA, SP, SU** – **Lab fee. Corequisite:** HUN 1201. A laboratory course to accompany HUN 1201. The course will cover various topics including measurements in metric and English systems, macromolecules, chemistry of digestion, anatomy of digestive system, and aesthetics. **Meets A.A. general education Category VI.**
- HUS 2400 Drugs and Behavior.** 3 c.c.  
**FA, SP** – “Addiction” is often, incorrectly, equated with physical dependence. In this course, we will come to understand “addiction” in terms of its defining patterns of behavior; and examine the effects of addiction on family dynamics, and society. The different classes of drugs will be discussed. Also, the scope of the problem of chemical dependence and possibilities for intervention and treatment will be examined.
- IDH 2109 Summer Study at Cambridge University.** 6 c.c.  
**SU** – **Prerequisites:** Test score requirement the same as ENC 1101, completion of nine credits of core courses in the Honors Program. This is an interdisciplinary humanities course that students will take at Cambridge University International Summer School in England. Students will choose two courses in literature, art, music, theater, international relations, or cultural studies. In addition, they will attend daily plenary lectures given by various international scholars. Specific course outlines are available for every course that students will take in the International Summer School. **Meets A.A. general education Category V. A writing emphasis course.**
- INR 2002 Introduction to International Relations.** 3 c.c.  
**SP** – **Prerequisite:** Test score requirement the same as ENC 1101. The student who successfully completes this course will develop a framework for the logical analysis of international politics. By combining the study of historical events of international importance and the study of various theories of international behavior, the student will develop an ability to evaluate and comprehend current world events. This course will address: the structure of the nation-state system; the motivations, interests and interactions of the various actors; the cultural and structural effects on decision-making and crises management; and, the various ways in which we can think about international relations. The student should gain a better appreciation for and a deeper comprehension of the variety and complexity of the behavior of states and the system which governs international relations today. **Meets A.A. general education Category IV. A writing emphasis course.**
- INT 2000 Fundamentals of Interpreting.** 3 c.c.  
**SP, SU** – **Prerequisite:** ASL 2160C or permission of department. An introduction to the basic theories, principles and practices of interpreting. This course will address the history of the interpreting profession, interpreters’ roles and responsibilities, and local/national organizations for interpreters. It is appropriate for beginning interpreters, advanced sign language students, and professionals who work with deaf people.
- IPM 1011 Pests and Pest Control.** 2 c.c.  
**TBA** – **A.A.S. only. Corequisite:** IPM 1011L. This course is designed to provide information on identification and control of plant diseases, insects and weeds in woody ornamentals. Information on fungicides, bactericides, insecticides, nematocides, herbicides, EPA regulations and training for state licensing will be included.
- IPM 1011L Pests and Pest Control Laboratory.** 1 c.c.  
**TBA** – **Lab fee. A.A.S. only. Corequisite:** IPM 1011. A course designed to provide experience in recognition, identification and control of plant pests. Study and use of equipment and chemicals for their prevention and control. Students are expected to participate in use of chemicals and spray equipment. Occasional field trips are required.
- ISM 4013 Management Information Systems.** 3 c.c.  
**TBA** – This course addresses key technology management issues as they are applied to information resources management (IRM) for information centers and information services. The course will include fundamentals of networking and telecommunications covering LAN’s to “Information Superhighways.” The course also includes introduction to voice, data and video traffic requirements and covers techniques for management of communication resources and services and information to oversee the network administration and network system management.

- ISS 2930 Special Topics in Interdisciplinary Social Sciences.** 3 c.c.  
**FA, SP** – This course focuses on in-depth coverage of one or more topics that are not covered in great detail in other Social Science courses. The course stresses an interdisciplinary approach. Course content varies according to the interests of students and faculty. Students should enroll upon completion of 50% (18 credit hours) of General Education requirements.
- JOU 1100 Reporting I.** 3 c.c.  
**FA** – **Prerequisite:** Test score requirement the same as ENC 1101. Teaches news writing and touches on some other kinds of journalistic articles such as feature stories and press releases. With exercises and real assignments for *The Corsair*, students gain experiences gathering news, interviewing, writing and editing. **A writing emphasis course.**
- JOU 1303 Feature Article Writing.** 3 c.c.  
**SP** – **Prerequisite:** Test score requirement the same as ENC 1101. Covers the writing of articles that are not straight news or opinion pieces. Human interest stories, personality profiles, and news backgrounders are among types studied. Students select their own topics, gather information, and write several articles for publication. Skills taught include fact gathering, interviewing, and querying of editors. **A writing emphasis course.**
- JOU 1400 College Publications.** 1 c.c.  
**FA, SP** – **Prerequisite:** Test score requirement the same as ENC 1101. Introduces the student to the practical world of print and online journalism. The course surveys news and feature writing, headline writing, and legal concerns (libel, privacy). **A writing emphasis course.**
- JOU 2941 Journalism Practicum.** 1 c.c.  
**TBA** – Internship with the Pensacola News Journal or other area publication or agency. Student works in the newsroom and is supervised by editors. The publication (or agency), the college, and the student arrange work schedules.
- LAT 1120 Beginning Latin I.** 4 c.c.  
**FA** – This course will introduce the student to the fundamentals of Latin grammar and vocabulary, and enable the student to translate fairly simple Latin passages. If you have had two consecutive years of Latin in high school, it is strongly advised you begin in LAT 1121.
- LAT 1121 Beginning Latin II.** 4 c.c.  
**SP** – **Prerequisite:** LAT 1120. Not for beginners. This course will provide the student with an introduction to Roman and Greek writers via Latin translations of their works. It will also provide the student with an in-depth look at the culture and history of the classical world. If you have had two consecutive years of Latin in high school, it is strongly advised you begin in LAT 1121. **Meets A.A. general education Category V.**
- LDE 2000C Landscape Design.** 3 c.c.  
**TBA** – **A.A.S. only. Lab fee.** Students practice analysis of landscape design, emphasizing residential and commercial properties.
- LEI 1141 Introduction to Recreation and Leisure Services.** 3 c.c.  
**FA** – An exploratory course primarily designed to serve those students curious about or committed to Leisure Services as a major. Considers historical and philosophical foundations and interpretations of the meaning of leisure as well as a practical examination of status and crucial issues. Served well also are students seeking a personal perspective on the value and place of leisure in their lives.
- LEI 1541 Outdoor Recreation Management.** 3 c.c.  
**SP, SU** – An orientation and participation course designed for those students who plan to pursue a career in Recreation and Leisure Services. Course includes outdoor activity planning, conservation, nature activities, safety and hazard procedures and outdoor facility management. Field observation is included as a part of the course.
- LEI 2730 Adaptive/Therapeutic Recreation.** 3 c.c.  
**FA** – This course is designed to develop the beginning-level knowledge and skills of students who aspire to meet individual needs in sport, recreation or rehabilitation settings. It covers the rapidly expanding knowledge base of adaptive physical activity as a profession.
- LIN 1670C Traditional English Grammar and Composition.** 3 c.c.  
**FA, SP, SU** – **Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or ENC 0002C. A comprehensive course including grammar, usage, and mechanics; basic sentence structure; and effective writing strategies. Course satisfies A.A.S. general education requirement for Category I. LIN 1670C is useful as a college elective.
- LIS 1004 Introduction to Internet Research.** 1 c.c.  
**FA, SP, SU** – **Lab fee.** This course provides an introduction to Internet search concepts and vocabulary. Emphasis is on using a variety of search terms and techniques employed in library research to access information sites on the Internet. Lessons cover history of the Internet; electronic communication; research strategies covering topic decision making using a variety of search statements, refining searches using Boolean terms, phrase, proximity, truncation and field searching; web search tools; evaluating websites and documentation of websites using Modern Language Association (MLA) standards. Meets A.A. computer competence requirement.
- LIT 2090 Contemporary Literature.** 3 c.c.  
**FA, SP, SU** – **Prerequisite:** ENC 1102 with a grade of “C” or better. Selected literature of the mid-to-late twentieth and early twenty-first centuries. **Meets A.A. general education Category II. A writing emphasis course.**
- LIT 2110 World Literature to 1650.** 3 c.c.  
**TBA** – **Prerequisite:** ENC 1102 with a grade of “C” or better. Selected literature from the classical period, the Middle Ages, and the Renaissance. **Meets A.A. general education Category II. A writing emphasis course.**
- LIT 2120 World Literature from 1650.** 3 c.c.  
**TBA** – **Prerequisite:** ENC 1102 with a grade of “C” or better. Selected literature from the Age of Enlightenment to the beginning of the twentieth century. **Meets A.A. general education Category II. A writing emphasis course.**
- LIT 2933 Special Topics in Literature.** 3 c.c.  
**TBA** – **Prerequisite:** ENC 1102. A course designed to allow flexibility in presenting a variety of topics in literature, such as Southern Literature, Science Fiction, and Children’s Literature. **A writing emphasis course.**
- MAC 1105 College Algebra.** 3 c.c.  
**FA, SP, SU** – **Prerequisite:** Appropriate scores on Florida Entry-Level Placement Exam or completion of MAT 1033 with a grade of “C” or better. This course covers the following topics: functions and functional notation; domains and ranges of functions; graphs of functions and relations; operations on functions; inverse functions; linear, quadratic, and rational functions; absolute value and radical functions; exponential and logarithmic properties, functions, and equations; systems of equations and inequalities, applications (such as curve fitting, modeling, optimization, exponential and logarithmic growth and decay.) **Meets A.A. general education Category III.**
- MAC 1114 Plane Trigonometry.** 3 c.c.  
**FA, SP, SU** – **Prerequisite:** Completion of MAC 1105 with a grade of “C” or better or permission of the instructor. This is a basic course designed to prepare the student for more advanced mathematics. The course treats both circular and trigonometric functions. Topics covered include fundamental concepts, identities, graphs of the functions, the inverse functions and their graphs, application to right and oblique triangles, trigonometric equations, vectors, and complex numbers. **Meets A.A. general education Category III.**

- MAC 1140 Precalculus Algebra.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Completion of MAC 1105 with a grade of “C” or better. This course furthers the preparation of students in important areas such as graphing techniques, algebraic functions, and transcendental functions. Special emphasis is given to the algebra needed in calculus. Calculators are used to contribute to the goals of the course. **Meets A.A. general education Category III.**
- MAC 1147 Precalculus Algebra/Trigonometry.** 4 c.c.  
**FA, SP, SU – Prerequisites:** Completion of MAC 1105 with a grade of “C” or better and high school trigonometry; by permission of department head only. This course furthers the preparation of students in important areas such as graphing techniques, algebraic functions, trigonometry functions and transcendental functions. Special emphasis is given to the algebra needed in calculus. Calculators are used to contribute to the goals of the course. A background in Trig. is essential. **Meets A.A. general education Category III.**
- MAC 2233 Calculus with Business Applications I.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Completion of MAC 1105 with a grade of “C” or better. Designed for the business major. Topics include graphing techniques, differential calculus, exponential and logarithmic functions; with applications to supply and demand curves, cost functions, revenue and profit functions, market equilibrium, taxation, and elasticity. **Meets A.A. general education Category III.**
- MAC 2234 Calculus with Business Applications II.** 3 c.c.  
**SP – Prerequisite:** Completion of MAC 2233, with a grade of “C” or better. Designed for the business major. Integral calculus, techniques of integration, multivariable calculus, differential equations, sequences and series, systems of equations, matrices, linear programming, with applications to business, economics, geometry, the social and physical sciences. **Meets A.A. general education Category III.**
- MAC 2311 Analytic Geometry and Calculus I.** 4 c.c.  
**FA, SP, SU – Prerequisites:** Completion of MAC 1114 and MAC 1140; or MAC 1147 with a grade of “C” or better. This course of elements of plane analytic geometry differentiation of algebraic functions and integration of the polynomial functions with application. **Meets A.A. general education Category III.**
- MAC 2312 Analytic Geometry and Calculus II.** 4 c.c.  
**FA, SP, SU – Prerequisite:** Completion of MAC 2311 with a grade of “C” or better. A course including differentiation and integration of the trigonometric, logarithmic, and exponential functions; integration by algebraic and trigonometric substitutions, partial fractions, and parts, vectors, and polar coordinates. **Meets A.A. general education Category III.**
- MAC 2313 Analytic Geometry and Calculus III.** 4 c.c.  
**FA, SP, SU – Prerequisite:** Completion of MAC 2312 with a grade of “C” or better. This course includes a study of vectors, solid analytic geometry, infinite series, partial differentiation and multiple integrals. **Meets A.A. general education Category III.**
- MAN 2021 Principles of Management.** 3 c.c.  
**FA, SP, SU –** The basic principles of planning, organizing, and controlling operations in the process of management. Emphasis is directed toward the development on the part of the student of soundly coordinated managerial philosophy.
- MAN 3063 Professional Ethics and Values.** 3 c.c.  
**TBA –** Personal, organizational, societal values and ethics in our society. Topics covered include exploration of individual ethics, values, and goals; the study of ethical behavior within organizations as it influences people, products, and work environment; exploration of values, ethics, beliefs upon which a free market system of production exchange is built; exploration of individual roles as well as appropriate roles of organizations; government in society.
- MAN 3240 Organizational Behavior.** 3 c.c.  
**TBA –** Individual group, and organizational issues that affect and shape businesses. Topics include: individual differences, motivation, communications, decision making, leadership.
- MAN 3303 Leadership & Management Practices.** 3 c.c.  
**TBA –** This course presents the basic concepts, principles, and techniques of business leadership. Emphasis will be on the student developing a solid leadership foundation while centering them in the real themes, demands, and opportunities of an evolving and dynamic business workplace. This course will incorporate basic leadership skill development as it relates to the core aspects of the management practice.
- MAN 3350 Training & Development.** 3 c.c.  
**TBA –** The study of the various forms of training and development both on and off the job. Major topics include learning theory, the role of personnel, training and development methods and plans, and current issues in the field.
- MAN 3353 Management Theory & Practice.** 3 c.c.  
**TBA –** This course covers the development of teams, the management of people and equipment as well as the motivation, empowerment and coaching of employees. The development of processes and procedures, negotiating skills, and conflict management are also covered.
- MAN 3503 Managerial Risk Analysis and Decision Making.** 3 c.c.  
**TBA –** This course concentrates on practical decision problems for the manager in an organization. Topics include decision-making theory, linear programming and extensions, Markov Chains, queuing, simulation, and decision support systems. Use of computer packages.
- MAN 3600 International Business.** 3 c.c.  
**TBA –** An intensive analysis of the process, practice, and theory of international business; financial accounting, marketing, and legal aspects of multinational business operations; governmental assistance to international business; cultural environmental business to include factors such as language, religion, values and attitudes, law, education, politics, technology, and social organization.
- MAN 4113 Managing Diversity.** 3 c.c.  
**TBA –** This course deals with questions, dimensions of style and structure, problems and paradigms of solutions that have come out of management experience of a changing workforce during the past twenty years. Emerging styles of leadership among people of diverse cultural backgrounds will be explored as solutions, not as problems.
- MAN 4162 Customer Relations in Business.** 3 c.c.  
**TBA –** This course examines relationship building for all customers of an organization. The impact of culture and diversity on business relationships, successful negotiation strategies, and promotion of the organization through media relations are discussed.
- MAN 4301 Human Resource Management.** 3 c.c.  
**TBA –** A study of personnel management and practices with emphasis on the techniques of recruiting, selecting, transferring, promoting, classifying and training workers.
- MAN 4402 Employment Law & Regulations.** 3 c.c.  
**TBA –** Federal and State regulation of the employment relationship, including Wage and Hour Laws; EEO; Affirmative Action Programs; Employee Benefits; Insurance; Workers’ Compensation, Safety, Health, Employee’s Personal Rights; Collective Bargaining Legislation.
- MAP 2302 Differential Equations.** 3 c.c.  
**SP – Prerequisite or Corequisite:** MAC 2313. A course in ordinary differential equations. It includes solutions to first and higher order differential equations, series solutions of linear differential equations, graphical and numerical methods, and an introduction to the La Place Transform. **Meets A.A. general education Category III.**
- MAR 2011 Marketing.** 3 c.c.  
**FA, SP, SU –** The analysis of the potential target market, the marketing mix in relation to its market, channels of distribution, sales promotion, and marketing management.

- MAT 0018 Developmental Mathematics. I.** 4 c.p.  
**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam. This course is designed for students who have little or no algebra background. The major topics in the course are operations with signed numbers, fractions, decimals, ratios and proportions, percents, and geometric figures. The prealgebra topics will include properties of signed numbers, simplifying polynomials, and equation solving. Students must earn a grade of "C" or higher in order to advance to the next higher mathematics course which is MAT 0028.
- MAT 0028 Developmental Mathematics.II.** 4 c.p.  
**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or MAT 0018. This course is designed for students who have had some previous algebra instruction and it will provide the algebra skills needed for success in MAT1033. The major topics in the course are signed numbers, algebraic expressions, exponents, polynomials, factoring polynomials, linear and quadratic equations, rational and radical expressions, and an introduction to graphing. Students must earn a grade of "C" or higher and pass the Florida Basic Skills Exit Test in order to advance to the next higher mathematics course which is MAT 1033.
- MAT 1033 Intermediate Algebra.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or completion of MAT 0028 with a grade of "C" or better. This course covers the following topics: factoring, algebraic fractions, radicals and rational exponents, complex numbers, quadratic equations, rational equations, linear equations, and inequalities in two variables and their graphs, systems of linear equations and inequalities introduction to functions, and applications of the above topics.
- MCB 1000 Applied Microbiology.** 3 c.c.  
**FA, SP, SU – Corequisite:** MCB 1000L. This course consists of the study of the characteristics and activities of microorganisms; survey of microbial groups with emphasis on pathogenic forms; theories of destruction, removal and inhibition of microorganisms; relationships between infection, immunity, and allergy. While the course is recommended for student nurses and dental hygienists, students in other programs will be admitted.
- MCB 1000C Applied Microbiology.** 4 c.c.  
**FA, SP, SU – Lab fee.** This course consists of the study of the characteristics and activities of microorganisms; survey of microbial groups with emphasis on pathogenic forms; theories of destruction, removal and inhibition of microorganisms; relationships between infection, immunity and allergy. While the course is recommended for student nurses and dental hygienists, students in other programs will be admitted. In laboratory, students will learn aseptic techniques, culture of microorganism and use a variety of microorganic and metabolic tests to identify organisms.
- MCB 1000L Applied Microbiology Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** MCB 1000. Laboratory course to complement MCB 1000. In laboratory, students will learn aseptic techniques, culture of microorganisms, and use a variety of microorganic and metabolic tests to identify organisms.
- MCB 2010 General Microbiology.** 2 c.c.  
**SP – Prerequisites:** BSC 2010, CHM 1045. **Corequisite:** MCB 2010L. A study of the taxonomy, morphology, and physiology of bacteria and related organisms, with a brief introduction to pathology, immunology, and food microbiology. Recommended for majors and students in certain four-year medically related programs.
- MCB 2010L General Microbiology Laboratory.** 2 c.c.  
**SP – Lab fee. Corequisite:** MCB 2010. A laboratory course designed to accompany MCB 2010. Laboratory work includes stains and techniques used to culture and identify microorganisms, techniques in biotechnology and studies in pathogenesis and disease transmission.
- MEA 0200C Medical Assisting Theory and Practice II.** 3 v.c.  
**SP – Lab fee. Prerequisite:** MEA 0222C. This course teaches operation and maintenance of clinical equipment for patient examination and treatment. The learner will practice a variety of skills necessary in assisting the physician in providing patient care. Ethical and theoretical principles will be presented insuring quality and safe practice.
- MEA 0201C Medical Assisting Theory and Practice III.** 3 v.c.  
**SU – Lab fee. Prerequisite:** MEA 0200C. **Corequisite:** MEA 0960. This course is designed to provide a comprehensive review of all clinical, administrative, and transdisciplinary skills in the Medical Assisting program. Students will be prepared to sit for the Certified Medical Assisting (CMA) examination in addition to being ready for the medical assisting externship course (MEA 0801L).
- MEA 0222C Medical Assisting Theory and Practice I.** 3 v.c.  
**FA – Lab fee. Corequisites:** BSC 0070, MEA 0230. This course introduces the students to the basic principles of clinical practice in the physician's office. Includes aseptic technique, maintaining of the clinical setting, and principles of psychology.
- MEA 0230 Medical Terminology with Anatomy and Physiology.** 3 v.c.  
**FA –** This course gives the student a thorough working knowledge of anatomy and physiology of the human body in health and disease on which the terms are based. Medical terms are analyzed in detail as to the meaning of their component parts. Pronouncing, spelling, and defining are emphasized. The names and locations of body structures and the functions of each structure are correlated with the terms. A basic understanding of the etiology, symptomatology, diagnosis, and treatment of disease is included.
- MEA 0232 Pharmacology Terminology.** 3 v.c.  
**SP – Prerequisites:** BSC 0070, MEA 0230. Teaches the student pronunciation, spelling, actions, and side effects of the most commonly prescribed drugs by generic and trade names, and the interpretation of pharmacological terms, abbreviations, and symbols. The student learns to read and write prescriptions, under the physician's direction and to use current reference works quickly and efficiently. The student learns the basic concepts of drug administration. The course includes an overview of the historical development of pharmacology and drug legislation as it relates to Medical Assisting.
- MEA 0234 Basic Pathophysiology.** 3 v.c.  
**SP – Prerequisites:** BSC 0070, MEA 0230. The purpose of this course is to expand the student's knowledge of medical information through a comprehensive study of common diseases and disorders encountered in medical facilities. The material is organized by body system (respiratory, digestive, etc.). Causes, signs/symptoms, method(s) of diagnosis and treatment are discussed for each disease.
- MEA 0270C Medical Office Procedures I.** 4 v.c.  
**FA – Lab fee. Corequisite:** MEA 0230. This course familiarizes the student with the daily activities encountered in the ambulatory care setting and provides actual practice in skills needed to attain the competencies to perform these entry-level skills. Human relations are emphasized throughout the course.
- MEA 0271 Medical Office Procedures II.** 4 v.c.  
**SP – Lab fee. Prerequisite:** MEA 0270C, MEA 0322. This course is a continuation of Medical Office Procedures I. This course continues to familiarize the student with the daily activities encountered in the ambulatory care setting and provides actual practice in skills to attain the needed competencies to perform these entry-level skills. Human relations are emphasized throughout the course.
- MEA 0322 Computers in the Medical Office.** 3 v.c.  
**MEA FA – Lab fee.** This course is designed to give the student a working knowledge of basic computer skills as well as software applications designed specifically for the medical office.
- MEA 0334 Medical Insurance and Coding.** 2 v.c.  
**SP – Lab fee. Prerequisite:** MEA 0230. This course is designed to provide students with a foundation in billing and collection principles and procedures as well as a working knowledge of coding principles.
- MEA 0540 EKG Aide** 3 v.c.  
**TBA – Lab fee. Corequisites:** HSC0005, MEA0230. This course will discuss a brief history of Electrocardiography, a brief discussion of the cardiovascular system, the role of the EKG Aide, care and use of the Electrographic (EKG) Machine, positioning the patient, electrical hazards, normal EKG pattern, identifying and reporting abnormal EKG patterns, and mounting the EKG.

- MEA 0541 EKG Technician** 10 v.c.  
**TBA – Lab fee. Prerequisites:** HSC0005, MEA0230, MEA0540.  
 This course provides additional knowledge and skills needed to recognize normal and abnormal ECG monitoring and testing results.
- MEA 0801L Medical Assisting Preceptorship.** 8 v.c.  
**SU – Prerequisite:** MEA 0201C. On-the-job training is designed to give the student work experience in a medical agency or physician's office. The experience allows the student to practice skills learned in the classroom, to build confidence, to adjust to a work environment, and to increase opportunities for employment in a medical field.
- MEA 0960 Medical Assisting Exam Review.** 3 v.c.  
**SU – Prerequisite:** MEA 0200C. **Corequisite:** MEA 0201C.  
 This course is designed to provide a comprehensive review of all clinical, administrative, and transdisciplinary skills in the medical assisting program. Students will be prepared to sit for the Certified Medical Assisting (CMA) examination in addition to be ready for the medical assisting preceptorship course (MEA 0801L).
- MET 1010 Introduction to Meteorology.** 3 c.c.  
**TBA –** An introduction to the atmosphere, its structure, composition and processes. Major topics will include atmospheric structure and composition, heating and cooling, temperature, pressure and winds, weather systems and climate. **Meets A.A. general education Category VII.**
- MGF 1106 Mathematics for Liberal Arts I.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or completion of MAT 1033 with a grade of "C" or better. This course consists of the following topics: set theory, symbolic logic, introductory combinatorics, probability, descriptive statistics, number theory, linear programming and geometries with applications, history of mathematics, and algebra applications. **Meets A.A. general education Category III.**
- MGF 1107 Mathematics for Liberal Arts II.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or completion of MAT 1033 with a grade of "C" or better. This course consists of the following topics: financial mathematics, linear and exponential growth, numbers and number systems, history of mathematics, elementary number theory, voting techniques, graph theory and society. **Meets A.A. general education Category III.**
- MKA 2511 Advertising.** 3 c.c.  
**FA, SP – A.A.S. only.** A study of the basic promotional objective, advertising markets, the product to be advertised, media, and the composition of the advertisement.
- MLT 0042C Phlebotomy.** 2 v.c.  
**FA, SP, SU – Lab fee.** This course will train participants to obtain blood specimens from adults, children, and neonates by venipuncture or capillary puncture. Skills and concepts taught include the basic job duties of a phlebotomist; communication; basic anatomy and physiology; infection control and safety; and specimen collection.
- MLT 0042L Phlebotomy Clinical.** 4 v.c.  
**FA, SP, SU – Lab fee. Prerequisite:** MLT 0042C. This course provides 120 hours of clinical experience in a patient care environment. Students will perform a minimum of 125 successful unaided phlebotomies. Students will be exposed to a variety of patients and a variety of collection techniques, including capillary and skin puncture methods.
- MMC 2000 Survey of Mass Communication.** 3 c.c.  
**FA, SP –** This course covers the history and development of mass media and how those media affect society. Media covered include newspapers, magazines, radio, television, and film along with a study of the impact of advertising and public relations. **Meets A.A. general education Category IV.**
- MMC 2102 New Media Technologies.** 3c.c.  
**TBA – Prerequisite:** Test score requirement the same as ENC 1101. This course introduces the student to convergence journalism. Topics include news and feature writing in print and online forms, blogging, podcasting, incorporation of audio and video elements into stories and legal concerns (libel, privacy). **A writing emphasis course.**
- MMC 2107 New Media Technologies.** 1c.c.  
**TBA – Prerequisite:** Test score requirement the same as ENC 1101. This course introduces the student to convergence journalism. Topics include news and feature writing in print and online forms, blogging, podcasting, incorporation of audio and video elements into stories and legal concerns (libel, privacy). **A writing emphasis course.**
- MMC 2212 Media Law.** 3 c.c.  
**FA –** Media Law is a three-hour course intended to provide a basic understanding of communications law as it has developed and is developing in the United States. It is designed to investigate laws applicable to television, internet, radio, printing and other media with a heavy emphasis on First Amendment law, its interpretations and applications. Media Law deals with some of the important issues confronting the mass media, such as freedom of the press, libel, privacy, obscenity and indecency, protection of intellectual property, copyright and media contract writing.
- MNA 1161 Customer Service.** 3 c.c.  
**FA, SP –** This course is designed to teach and improve the customer service skills and the professionalism of the student. This course teaches customer relations and customer service skills that are applicable to any job position that has contact with customers. Included in the topics of the course are the subjects of communication, customer service, handling complaints and customer relations.
- MNA 1300 Human Resource Management.** 3 c.c.  
**FA, SU –** This course presents the functions of a personnel manager, the philosophy of general management, organizational structure, employee socio-economic climate and career job finding information. Included are job descriptions and specifications, recruiting practices, correspondence for job application, resumes, interviewing, placement, training, performance appraisals, motivational techniques, union-management relations, and wage and salary administration.
- MNA 2100 Human Relations.** 3 c.c.  
**FA, SP –** This course includes the patterns of human behavior that lead to effective work relationships, an analysis of factors that shape the industrial environment and influence the human relations that develop within this environment, and the application of psychological principles of the business problems of leadership and motivation, productivity and morale, personnel and industrial relations policy.
- MNA 2345 Applied Supervision.** 3 c.c.  
**SP –** This course provides the first-time supervisor with the practical knowledge and technical job skills required for getting things done with and through people. It focuses on the managerial functions of planning, organizing, staffing, directing, and controlling as they apply to private and public agencies at national, state, and local levels of government. It also includes instruction in skills associated with supervising, decision making, communication, recordkeeping, human relations, discipline, grievance resolution, personnel selection, and training. Speaking, reading, case studies, written reports, and a notebook are requirements.
- MSL 1001 Foundations of Officership.** 1 c.c.  
**FA –** Introduce freshman level students to issues and competencies that are central to a commissioned officer's responsibilities. These initial lessons establish a framework for understanding officership, leadership, and Army values. Additionally, "life skills" including fitness and time management are addressed. Designed to give the student accurate insight into the Army profession and the officer's role within the Army.
- MSL 1002 Basic Leadership.** 1 c.c.  
**SP –** Establishes foundation of basic leadership fundamentals such as problem solving, communications briefings and effective writing, goal setting, techniques for improving listening and speaking skills, and an introduction to counseling.
- MSL 2101 Individual Leadership Studies.** 2 c.c.  
**FA –** Course is designed to develop cadet's knowledge of self, self confidence, and individual leadership skills. Cadets develop problem solving and critical thinking skills and apply communication, feedback and conflict resolution skills through experiential learning activities.

- MSL 2102 Leadership and Teamwork.** 2 c.c.  
**SP** – Study examines how to build successful teams, various methods for influencing action, effective communication in setting and achieving goals, the importance of timing the decision, creativity in the problem solving process, and obtaining team buy-in through immediate feedback.
- MSS 0001 Introduction to Massage Therapy.** 2 v.c.  
**FA, SP** – This course teaches the theories and principles of therapeutic massage including the effects, benefits, indications, and contraindications, the history of massage, creating the therapeutic massage environment, the future of massage therapy in the evolving health care system, state of Florida laws and rules pertaining to massage therapist. (Florida Statute 480.455 and rule 64B7, F.A.C.), educational and licensing requirements, professional ethics, equipment and products, sanitary and safety practices, draping techniques, client/patient consultation, record keeping, charting, therapist body mechanics, conditioning, strengthening, flexibility, human relationship skills, and leadership.
- MSS 0156 Overview of Anatomy and Physiology for Massage Therapists.** 2 v.c.  
**TBA** – This course is an overview of the structures and functions of the human body systems. It will provide foundational knowledge for the theory and practice of therapeutic massage. Included in the course will be pathology, contraindications, and indications that related to massage therapy body work.
- MSS 0160C Massage Therapy Muscle Anatomy and Kinesiology.** 3 v.c.  
**FA, SP** – This course places emphasis on learning the skeletal and muscular anatomy of the human body. Students will learn skeletal and muscle anatomy and kinesiology and medical terminology as applicable to massage therapy.
- MSS 0215 Legal and Ethical Compliance to Florida Law.** 1 v.c.  
**TBA** – This course will discuss the practice of good business ethics, Florida Law and medical errors and will offer an introduction to Nutrition. This course will present a logical sequence of the necessary steps for practical judgment of ethical behavior in the operations of a small business. The course also will provide knowledge of a safe medical environment.
- MSS 0253C Massage Therapy I.** 3 v.c.  
**FA, SP – Lab fee.** This course teaches the student to demonstrate the principles of Swedish table massage, chair massage, and Chinese medicine and massage. Included in this course is sequence and flow of basic massage, proper therapist body mechanics, proper use of equipment and supplies, creating the therapeutic massage environment, client positioning and draping techniques, conditioning, strengthening and flexibility, and indications and contraindications. Principles and theories are applied in the clinical environment.
- MSS 0254C Massage Therapy II.** 2 v.c.  
**TBA – Prerequisite:** MSS 0253C or permission of instructor. This course teaches students the second phase of the theories and principles of Swedish table massage and chair massage. Included in this course is sequence and flow of basic massage, proper therapist body mechanics, proper use of equipment and supplies, creating a therapeutic massage environment, client positioning and draping techniques, conditioning, strengthening and flexibility and indications and contraindications. The principles and theories are applied in the clinical environment.
- MSS 0260 Massage Therapy III.** 4 v.c.  
**SP, SU – Prerequisite:** permission of instructor. This course teaches the student principles, theories and demonstration of the following advanced table and chair massage modalities: Deep Connective Tissue, Myofascial Release, Trigger Point Therapy/Neuro-muscular Therapy, Sports Massage, Hydrotherapy, Active Isolated Stretching, and various other stretching techniques.
- MSS 0260L Massage Therapy III Clinic.** 4 v.c.  
**SP, SU – Prerequisite:** MSS 0254C. This course applies the principles and theories of Introduction to Massage Therapy and Massage Therapy I and builds upon the principles and theories of Massage Therapy II in the clinical environment.
- MSS 0272 Medical Massage.** 1 v.c.  
**TBA – Prerequisites:** MSS 0253C, MSS 0254C. The purpose of this course is to introduce the student to the health care delivery system and provide and overview of the role and responsibility of members of a health care team, with a focus on medical massage assessment and treatment protocols. This course, which is intended as a general overview of pathology for Massage Therapy and Allied Health students, will cover the most basic concepts and terminology of health and disease. Students will acquire knowledge of different disorders, focus on the assessment of orthopedic conditions and structure, nature, causes, diagnostic procedures, and treatment of the most common diseases of selected human body systems.
- MSS 0300 Hydrotherapy, Spa Theory & Techniques.** 1 v.c.  
**TBA – Lab fee.** This course teaches the student the theories and principles of hydrotherapy and spa training. The course teaches contraindications and indications of cold and heat applications and the use of ultra-sound and galvanic stimulation, as well as the application of spa therapies and the contraindications and indications of these treatments. The course will include an overview of current trends in spa therapy and the study of paraffin baths, salt scrubs, mud treatments, aromatherapy and heliotherapy, hot stone therapy and herbal facial massage application. Various spa applications also will be covered.
- MSS 0602 Massage Therapy Entrepreneurship.** 1 v.c.  
**TBA** – This is a basic course in entrepreneurship. The course teaches the student the formation, planning management, and operation of a small business. This course will present a logical sequence of the necessary steps for either starting a new business or strengthening and continuing an existing business. Basic principles of finance, marketing, business law, accounting, and management will be presented within the context of the small business. The course also will include insurance billings and networking.
- MSS 0960L National Board Prep.** 1 v. c.  
**TBA – Prerequisite:** MSS 0260L or permission of instructor. This course is designed to review pertinent areas in massage therapy in order to prepare the student for the National Board examination for licensure. This review course focuses on both theory and practical examination questions and provides the student with practice test in evaluating and answering situational problems.
- MTB 1310 Applied Mathematics.** 3 c.c.  
**TBA – A.A.S. only. Prerequisite:** Completion of MAT 0028 with a grade of “C” or better. This course emphasizes elementary algebra based applications in business and technical areas. Topics include: metric system, measurement, algebra, ratio and proportion, exponents and logarithmic, descriptive statistics, applications and problem solving, and hands-on use of calculator.
- MUH 2011 Music Appreciation.** 3 c.c.  
**FA, SP, SU** – No previous musical experience necessary. A course for the inexperienced music listener in which the emphasis is on listening. A survey of music from the beginning to the present, introducing the student to various types of music through the use of recordings and videotapes. **Meets A.A. general education Category V.**
- MUH 2110 Introduction to Music History.** 3 c.c.  
**FA, SP – Prerequisite:** Test score requirement the same as ENC 1101. This course is a survey of music literature from the Middle Ages to the present. Emphasis is placed on musical forms and performing mediums for Western heritage and their development through the ages. **Meets A.A. general education Category V. A writing emphasis course.**

- MUN 1120C Band.** 1 c.c.  
**FA, SP – Prerequisite:** Permission of band director. Open to all qualified instrumental students enrolled in the college. The credit received for participation, however, is in addition to the normal academic load. Required for all wind and percussion music majors unless otherwise specified by the director. This course may be repeated three times for credit.
- MUN 1180C Pensacola Civic Band.** 1 c.c.  
**FA, SP, SU – Prerequisite:** Permission of band director. Open to all qualified wind and percussion players who may also be members of MUN 1120C (other interested students should see the instructor prior to registering). This course may be repeated once for credit.
- MUN 1310C Concert Chorale.** 1 c.c.  
**FA, SP –** The Pensacola State College Concert Chorale is a mixed voice (SATB) chorus presenting concert performances of choral masterworks. A wide variety of musical styles centered around the classical repertoire and including popular, ethnic and theatre works performed a capella, with keyboard and orchestra provides a well rounded musical experience for the choral student. While most works are performed in English, students will also gain experience singing in the major foreign languages. Students additionally benefit from vocal and sight reading instruction incorporated into the regular rehearsals. A formal public concert is presented at the end of the fall and spring terms with other concerts, workshops outreach and touring activities scheduled on an ongoing basis. As the premier student chorus at Pensacola State College, membership is a prerequisite for other smaller choral ensembles. Auditions for entrance and placement are held during the first and last week of the fall and spring terms. This course may be repeated three times for credit.
- MUN 1380C Choral Society.** 1 c.c.  
**FA, SP –** A community organization devoted to the performance of major choral works. This course may be repeated once for credit by audition only.
- MUN 1410C String Ensemble.** 1 c.c.  
**FA, SP –** An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. This course may be repeated three times for credit.
- MUN 1420C – MUN 1480C Music Ensemble.** 1 c.c.  
**FA, SP – Prerequisite:** Permission of instructor. An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. This course may be repeated once for credit.
- MUN 1450C Piano Ensemble.** 1 c.c.  
**FA, SP – Prerequisite:** Permission of instructor. An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. This course may be repeated three times for credit.
- MUN 1710C Jazz Ensemble.** 1 c.c.  
**FA, SP – Prerequisite:** Permission of instructor. An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. To repeat for credit, see the Music and Theatre department head.
- MUN 1720C Jazz Choir.** 1 c.c.  
**FA, SP – Corequisite:** MUN 1310C. A select ensemble of 12-16 of the finest student singers; open to all student singers in the a capella chamber choir repertoire with an emphasis on jazz “tight harmony” arrangements, Broadway and doo-wop.
- MUS 1360 Music and Computers.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** MUT 1001 or student must understand music. A course to introduce music students to the abilities of the computer and of MIDI with primary emphasis on entering, performing, and printing music through the program FINALE. Students will also be introduced to tutorials, databases, word processing, and the Internet. Meets A.A. computer competence requirement.
- MUT 1001 Fundamentals of Music.** 3 c.c.  
**FA, SP, SU –** For students who wish to learn the mechanics of music but who have little or no background. Presentation of basic principles of music notation, rhythm, scales, key signatures, and terminology. Also a preparation course for students who wish to major in music.
- MUT 1121 Integrated Music Theory I.** 3 c.c.  
**FA – Prerequisite:** MUT 1001 or passing score on departmental music fundamentals test, or permission of department head. The fundamentals of musicianship approached through visual and aural analysis, notation, scales and intervals, and formation of triads, leading to a study of harmony and nonharmonicism. Elementary exercises in reading at sight and writing from dictation.
- MUT 1122 Integrated Music Theory II.** 3 c.c.  
**SP – Prerequisite:** MUT 1121 or permission of department head. A continuation of MUT 1121. Modulation to closely related keys; chords of the seventh. Further exercises in reading and writing for dictation.
- MUT 2126 Integrated Music Theory III.** 3 c.c.  
**FA – Prerequisite:** MUT 1122 or permission of department head. A continuation of MUT 1122. A study of modulation to remote keys, binary and ternary form, and formation and use of diminished and diatonic seventh, dominant and ninth, eleventh and thirteenth, and borrowed chords. Advanced problems in sight reading and dictation.
- MUT 2127 Integrated Music Theory IV.** 3 c.c.  
**SP – Prerequisite:** MUT 2126 or permission of department head. A continuation of MUT 2126. A brief introduction to two part counterpoint instrumentation and modern composition with emphasis on completing the study of composition of the 18th and 19th centuries. Analysis of music of the 19th and 20th centuries. Advanced problems in chromatic, sight reading and dictation.
- MV\_\_, 121\_\_, 222\_\_ Applied Music (Principal Instrument).** 1 c.c.  
**One 1/2 hour lesson a week.** 1 c.c.  
**FA, SP, SU – Lab fee.** Private instruction in the student’s secondary performing medium. Required for most music majors. See schedule for special fees. Open to music majors or minors. Open to general students if faculty load permits. For further information see department head.
- MV\_\_, 131\_\_, 232\_\_ Applied Music (Principal Instrument).** 2 c.c.  
**Two 1/2 hour lessons a week.** 2 c.c.  
**FA, SP, SU – Lab fee.** Private instruction in the student’s principal performing medium required of all music majors.
- MV\_\_, 141\_\_, 242\_\_ Applied Music (Principal Instrument).** 3 c.c.  
**Three 1/2 hour lessons a week.** 3 c.c.  
**FA, SP, SU – Lab fee.** Applied music for the student who is advanced beyond the normal junior college level of performance.
- MVK 1111C Beginning Class Piano I.** 1 c.c.  
**FA, SP, SU – Lab fee.** For beginners in the respective performance area. (For further information, see the Music and Theatre department head).
- MVK 1112C Beginning Class Piano II.** 1 c.c.  
**SP – Lab fee. Prerequisite:** MVK 1111C or permission of the instructor. This is a continuation of MVK 1111C.
- MVK 1800C Beginning Piano for Non-Music Majors.** 1 c.c.  
**FA, SP – Lab fee.** This course is designed for the non-music major student who has had no previous musical instruction.
- MVS 1116C Beginning Guitar Class.** 1 c.c.  
**FA, SP, SU – Lab fee.** This course is for beginners in their respective performance areas.
- NSP 2050L Special Topics in Nursing** 1 c.c.  
**TBA –** This course provides instruction and practice in the basic skills needed to help the student, who has interrupted the program of study, to progress successfully through the associate degree nursing program. Emphasis is placed on concepts and skills needed to provide safe patient care. Specific learning needs will be addressed for each individual student. Special permission from the Director of Nursing is required.

- NSP 2270C Critical Care Nursing.** 9c.c.  
**TBA – Lab fee. Prerequisite:** Licensure as a Registered Nurse. This advanced certificate is designed for the registered nurse who has had no previous experience in critical care. At the completion of this course, it is expected that the nurse will be able to practice independently at the beginning level in a high acuity setting. Course content includes knowledge and skills required to provide nursing care to patients with multi-system disorders.
- NSP 2290C Perioperative Nursing.** 9 c.c.  
**TBA – Lab fee. Prerequisite:** Licensure as Registered Nurse. The Perioperative Nursing course will provide Registered Nurses with basic knowledge and clinical skills necessary to function independently in an entry level Perioperative Nursing position. Course content includes principles of aseptic technique, patient safety, universal protocol, and the nursing process in the perioperative setting. The course will also address ethical, moral, and legal issues as well as specific considerations for various types of procedures and specialty services in the circulating role.
- NUR 1020C Introduction to Nursing.** 8 c.c.  
**TBA – Lab fee. Prerequisite:** Admission to the program. This nursing course introduces the nursing student to client care needs: safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity. Client care needs, professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice in long term and acute care settings.
- NUR 1211C Adult Health Nursing I.** 8 c.c.  
**TBA – Lab fee. Prerequisite:** NUR 1020C, NUR 1511. The first of three adult-health nursing courses that focuses on basic care of adults. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.
- NUR 1511 Mental Health I.** 1.0  
**TBA – Lab fee. Prerequisite:** NUR1020C. This is an introductory course designed for beginning nursing students to develop knowledge and skills with concepts such as: therapeutic environment, therapeutic communication, therapeutic relationships and additional foundations for safe and effective care. Studies will encompass legal and ethical issues of the nurse, including Florida Statutes and the concept of professional boundaries.
- NUR 2003C Career Mobility Nursing Concepts.** 4 c.c.  
**TBA – Lab fee. Prerequisites:** Acceptance into Career Mobility Program. This transition course introduces the role of the registered nurse to the LPNs and paramedics. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.
- NUR 2212C Adult Health Nursing II.** 6 c.c.  
**TBA – Lab fee. Prerequisites:** NUR 1211C. The second of three adult-health nursing courses that focuses on care of adults with altered health states in acute care settings. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.
- NUR 2213C Adult-Health Nursing III.** 6 c.c.  
**TBA – Lab fee. Prerequisite:** NUR 2212C, NUR 2440C. **Corequisites:** NUR 2212C, NUR 2440C. The last of three adult-health nursing courses that focuses on basic care of adults in high acuity states. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.
- NUR 2440C Maternal-Child Health Nursing.** 6 c.c.  
**TBA – Lab fee. Prerequisites:** NUR 1211C This maternal-child health nursing course focuses on care of the child and family group during health and altered health states. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.
- NUR 2523C Mental Health II.** 3.0  
**TBA – Lab fee. Prerequisite:** NUR2213C. This course focuses on the care of the child, adolescent and adult experiencing acute and chronic psychiatric alterations in health in inpatient and outpatient facilities. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.
- NUR 2811L Transitional Practice/Preceptorship.** 4 c.c.  
**SP, SU – Lab fee. Prerequisites:** NUR 2523C, NUR 2213C **Corequisite:** NUR 2523C Culminating clinical course focused on promoting student transition from student role to graduate professional nurse. Multiple client assignments in acute care settings with RN preceptors assisting faculty in supervision and evaluation of student preceptees. Management of care groups of clients and leadership functions with other health care team members are emphasized. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.
- NUR 3065C Health Assessment and Physical Appraisal.** 4 c.c.  
**TBA – Lab fee. Prerequisite:** NUR3119. **Corequisite:** NUR 3119. This course focuses on client assessment, health risks and formation of nursing diagnoses and health teaching. Emphasis is on the process of client interaction and use of appraisal skills in the collection of bio-psychosocial data across the life span. Students will be required to complete a physical assessment component in an on-campus lab setting.
- NUR 3119 Professional Roles and Dimensions of Nursing Practice** 3 c.c.  
**TBA – Lab fee. Prerequisite:** Admission to BSN program/ Permission only. This course encompasses an introduction to the history, trends, issues, and evolution of the nursing profession. The course includes an overview of selected nursing theorists and professional nursing practice in the changing health care delivery system. Opportunities will be presented that provide for the development of further socialization into the professional role of nursing.
- NUR 3125 Pathophysiology: A Nursing Perspective** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR3119. This course focuses on cellular alterations in organ systems as they relate to selected disease states that impact the health of people as holistic beings. Special emphasis is on critical thinking and decision making related to these alterations in homeostatic dynamics, their presentation and implications for nursing practice.

- NUR 3145 Pharmacology in Nursing Practice** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR3119.  
 This course builds on essential concepts and principles of pharmacology as applied in the nursing management of client care. Major concerns in health care include medication errors and medication reconciliation. Improvement in delivery processes to improve safety and quality of care thereby improving client outcomes is the focus of many regulatory agencies. This course will highlight issues in pharmacology and provide the student with basic knowledge for client care and education. This course will specifically address aspects of pharmacology related to the assessment and management of symptoms across the lifespan by providing the student with the in depth knowledge regarding the administration of pharmacologic therapies, the management of physical and psychological symptoms related to disease and treatment, and education related to safe and effective use of pharmacologic agents.
- NUR 3476 Infection Control in Healthcare Settings** 3 c.c.  
**TBA – Prerequisite:** NUR3119. This course looks at the importance of infection control in healthcare settings, especially in acute care. Issues and trends related to infectious processes in hospitals is a focus. Strategies to contain infection including the role of healthcare professionals is explored.
- NUR 3826 Legal and Ethical Aspects of Nursing** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR3119. This course is an assessment of ethical and legal issues confronting nurses and other health care providers in a variety of settings. The course focuses on identification and analysis of legal and ethical concepts and principles underlying the critical thinking process in nursing and health care.
- NUR 4165 Evidence-Based Nursing Practice** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR3119. This course is an overview of the skills needed to read, understand, evaluate, and use nursing research. This course focuses on research methods and the identification of researchable nursing problems.
- NUR 4616 Nursing Across the Lifespan** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR3119. This course focuses on the nurse's role in managing the holistic health care of individuals and families with bio-psychosocial disruptions. Emphasis is on the nursing process and principles from nursing, physical and behavioral sciences to enhance knowledge development necessary for the promotion of client/family well-being throughout the life span.
- NUR 4636 Nursing in Community Systems** 3 c.c.  
**TBA – Prerequisites:** NUR3119 and STA2023. This course focuses on the holistic nursing role in the community. Emphasis is on concepts and theories related to community health nursing. Special attention is given to the community as client with emphasis on health promotion/disease prevention and teaching of groups in community settings.
- NUR 4636L Community Systems Practicum** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR4636. This course offers opportunities to practice the principles and theory of community health nursing in a variety of health care settings. Included are the identification of health care needs of the community as a client, and the nurse's role as a facilitator, teacher, and evaluator in promoting and maintaining health and wellness.
- NUR 4827 Organizational Behavior in the Healthcare Settings** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR3119.  
 This course provides a foundational understanding of how nurse leaders apply the principles of management, leadership, and administrative processes in both private and public organizations. Focus topics include an emphasis on: organizational change, measuring quality, performance evaluation, effective communication, motivation, relationship development, and collaborative teamwork.
- NUR 4837 Healthcare Policy and Economics** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR3119.  
 This course will provide the student with a foundation for participating in health policy with organizations and for understanding the economic impact of health planning. Content will include a review of the organization of health care systems, health care financing, economic implications and the role of the provider in policy-making. Emphasis is on the analysis of health policy from a socioeconomic, ideological, political, historical, and technological perspective while integrating clinical management processes and the use of available community fiscal resources.
- NUR 4889 Leadership and Management** 3 c.c.  
**TBA – Prerequisites:** NUR3119 and permission required. This course includes a focus on theories, concepts, and principles of leading and managing as well as pertinent legal issues faced by nursing leaders and managers. Emphasis will be on the methods to become an effective leader/manager including interpersonal skills needed for effective leadership and management, the different types of organizations delivering health care, outcomes management, and analysis of current research findings.
- NUR 4889L Leadership Practicum** 3 c.c.  
**TBA – Prerequisite:** NUR3119. **Corequisite:** NUR4889. This course focuses on the application of the theories, concepts, and principles of leading and managing. Emphasis in the course will be on the development of skills needed for effective leadership and management. Opportunities will be provided to demonstrate appropriate leadership and management ability.
- NUR 4945L Specialized Focus Practicum** 3 c.c.  
**TBA – Prerequisite and Corequisite:** Permission required.  
 This course includes a synthesis of theories, concepts, and principles of a particular nursing focus, identified by the student, which offers relevant experiences for professional and personal growth. Emphasis will be on the methods used to become an effective leader and informed stakeholder in the policies which frame the strengths of the nursing profession. The student will examine the value of the nursing role in different types of health care organizations with respect to outcomes management, systematic quality initiatives and analysis of current research findings.
- OCB 2000 Marine Biology.** 3 c.c.  
**FA, SU – Corequisite:** OCB 2000L. A study of the biology of marine waters, with emphasis on the physical, chemical, geological, and ecological factors that influence biological populations in the sea. Emphasis on the observation and taxonomy of the biota of local marine and estuarine waters. **Meets A.A. general education Category VI.**
- OCB 2000L Marine Biology Laboratory.** 1 c.c.  
**FA, SU – Lab fee. Corequisite:** OCB 2000. Laboratory work and field trips to specific marine habitats will be required. **Meets A.A. general education Category VI.**
- OCE 1001 Oceanography.** 3 c.c.  
**TBA –** An integrated study of the basic principles of chemical, physical, and geological oceanography. **Meets A.A. general education Category VII.**
- OCE 1001L Oceanography Laboratory.** 1 c.c.  
**TBA – Lab fee. Corequisite:** OCE 1001. An optional laboratory course to accompany OCE 1001. This course covers the experimental or hands-on aspects of bathymetry, water chemistry, and physical oceanography. **Meets A.A. general education Category VII.**
- ORH 1260 Greenhouse Crop Management.** 3 c.c.  
**SP – A.A.S. only. Corequisite:** ORH 1260L. Greenhouse production and marketing of foliage and flowering house plants, holiday pot plants, bedding plants and cut flowers. Construction, maintenance and utilization of various types of greenhouses and related plant production structures.

- ORH 1260L Greenhouse Crop Management Laboratory.** 1 c.c.  
**SP – A.A.S. only. Lab fee. Corequisite:** ORH 1260. A course designed to develop skills in the production of foliage and flowering house plants, holiday pot plants and bedding plants; management of various types of greenhouses and other related growing structures to include construction and repair, irrigation, fertilization, light and temperature regulation, insect and disease control. Students are expected to participate in practical exercises.
- ORH 1511 Plant Materials for Landscape Use.** 2 c.c.  
**TBA – A.A.S. only. Corequisite:** ORH 1511L. Ornamental trees, shrubs, vines and ground cover for landscape use with emphasis on their identification, characteristics, adaptability, and use. Field trips are required.
- ORH 1511L Plant Materials for Landscape Use Laboratory.** 1 c.c.  
**TBA – A.A.S. only. Lab fee. Corequisite:** ORH 1511. Practical course in the establishment and maintenance of ornamental trees, shrubs, vines and ground cover. Students will make collections of plants used in area landscapes and note usage of plants. Field trips are required.
- ORH 2220 Turfgrass Management.** 2 c.c.  
**TBA – A.A.S. only. Corequisite:** ORH 2220L. A basic course in the establishment and maintenance of turfgrass areas. Considers soils, fertility, drainage, grasses and mixtures, maintenance and pest control; includes use of turfgrasses in residential and institutional lawns, athletic fields, and golf courses.
- ORH 2220L Turfgrass Management Laboratory.** 1 c.c.  
**TBA – A.A.S. only. Lab fee. Corequisite:** ORH 2220. A practical course to develop student skills in identification of turfgrass species and the skills required to establish and maintain turf according to the various requirements of turf management. Several field trips will be taken to local golf courses, residential and institutional lawns. Students are expected to participate in practical exercises.
- ORH 2820C Landscape Irrigation.** 3 c.c.  
**TBA – A.A.S. only. Lab fee.** The study of the design, operation and maintenance of modern irrigation systems including water requirements, supply and distribution.
- ORH 2859 Landscape Management.** 3 c.c.  
**TBA – A.A.S. only. Prerequisite:** ORH 1511. **Corequisite:** ORH 2859L. Course centers on the management of landscapes including turf, annuals, vines, shrubs and trees. Course includes water, fertilizers, mowing, pruning and shaping. The course will address homeowner, commercial and sports complex management.
- ORH 2859L Landscape Management Laboratory.** 1 c.c.  
**TBA – A.A.S. only. Lab fee. Prerequisite:** ORH 1511. **Corequisite:** ORH 2859. Practical experience in the management of landscapes including turf, annuals, vines, shrubs and trees. Experience in water, fertilizer, mowing, pruning and shaping included. Includes home owner, commercial and sports complex management. Field trips required.
- ORH 2866 Landscape Project Management.** 3 c.c.  
**TBA – A.A.S. only.** Basic concepts of managing landscape projects to include estimating labor, supplies, equipment use and cash flow.
- ORI 2000 Introduction to Oral Interpretation.** 3 c.c.  
**TBA – A.A.S. only.** A course that teaches the aesthetics and performance of selections of literature. Students practice oral reading of prose and poetry and group interpretation of various works. **Meets A.A. oral communications requirement.**
- OST 1100 Keyboarding I.** 3 c.c.  
**FA, SP, SU – Lab fee.** This course includes practice in keyboard control; developing speed and accuracy; and typing reports, tables, and business letters. (Open Exit)
- OST 1110 Keyboarding II.** 3 c.c.  
**FA, SP, SU – Lab fee. Prerequisite:** OST 1100. This course includes continued emphasis on building keyboarding speed and accuracy, developing communication skills, and refining the technical aspects of formatting acceptable business correspondence. Work on tables, letters, memos, reports, and forms will result in a more efficient production level. (Open Exit)
- OST 1146 Basic Keyboarding.** 1 c.c.  
**FA, SP, SU – Lab fee.** This course includes practice in keyboard control for inputting information (words, numbers, and symbols) into electronic information processing systems. (Open Exit)
- OST 1355 Records Management.** 3 c.c.  
**FA – A.A.S. only.** This course is a study of record systems, fundamentals of indexing and filing rules, procedures, the five methods (alphabetic, numeric, geographic, subject, and chronological) microrecords, and the selection of filing equipment and supplies.
- OST 1461 Medical Office Practice.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisites:** ENC 1101 or LIN 1670C, HSC 1531. This course familiarizes the student with the daily activities of a physician's office and provides actual practice in scheduling appointments, answering the telephone, processing the mail, maintaining the medical records, billing and collecting, ordering supplies, and performing office management procedures.
- OST 1464 Computerized Medical Office Systems.** 2 c.c.  
**FA – A.A.S. only. Lab fee.** This course is designed to provide students with practical experience on computerized applications in a medical office, patient record keeping, billing and accounting, insurance and coding, third party reimbursements, and appointment scheduling.
- OST 1611 Medical Transcription I.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** HSC 1531. This course is designed to improve typewriting skills and give the student a working knowledge of transcription equipment. Skill is gained in transcribing accurately all type of medical dictation with special emphasis on accuracy, medical terminology, confidentiality and mailable work.
- OST 1612 Medical Transcription II.** 3 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisite:** OST 1611. This course is a continuation of Medical Transcription I.
- OST 1613 Medical Transcription III.** 3 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisites:** OST 1612. This course is a continuation of Medical Transcription II.
- OST 1713 Word Processing I.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** OST 1100 or typing speed of 30 wpm. This course is designed to enable the student to learn basic word processing concepts and procedures. Special emphasis is given to current office procedures in word processing. After the basic concepts are learned, office-related problems are produced on microcomputers.
- OST 1821 Business Applications for Desktop Publishing.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** OST 1713. This course is designed to introduce the student to desktop publishing concepts and computer graphics. The student will learn to use desktop publishing software, the scanner, and the laser printer to create a variety of professional looking business and personal documents. It is designed for students interested in developing "hands-on" skill in using desktop publishing software.
- OST 2135 Medical Documents** 2 c.c.  
**TBA – Lab fee.** This course is designed to improve keyboarding skills and to give the student a working knowledge of the proper techniques and procedures for formatting and transcribing medical documents.
- OST 2402 Office Procedures.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** Ability to type. It is also desirable to have had the following courses: Records Management, Human Relations, and Business Communications. This is a course for office management and secretarial majors designed to allow the student to coordinate and utilize the knowledge and skills developed in previous courses.
- OST 2717 Word Processing II.** 3 c.c.  
**FA, SP – Lab fee. Prerequisite:** OST 1713. This course is intended to provide hands-on experience in advanced word processing applications on computers using word processing software. The students will work with macros, styles, fonts, graphics, merge documents, various sizes of paper, tables/columns, and floppy and hard disk management.

- OST 2941, 2942, 2943 Office Systems Internship.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – A.A.S. only. Prerequisite:** Permission of department. This course is designed to provide students with work experience in a business office, a legal office, in a hospital or medical facility, or a physician's office. On-the-job training is designed to build confidence, to adjust to a work environment, and to increase the opportunities for employment. **(Allowed only during last semester of classwork)**
- OST 2947, 2948, 2949 Office Systems Co-op.** 1 c.c., 2 c.c., 3 c.c.  
**FA, SP, SU – A.A.S. only.** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- OTA 0101 Keyboarding.** 1 v.c.  
**FA –** This course provides instruction in using keyboards to enter data into microcomputers. It includes familiarization with computer keyboards and the mechanics of data entry. Correct finger positioning and accuracy will be emphasized. Letters, memoranda, reports, letters, memoranda, and other materials generated by health care organizations.
- PAD 3003 Introduction to Public Administration** 3 c.c.  
**TBA –** This course prepares individuals to serve as managers in the executive arm of local, state and federal government.
- PAD 3311 Program Planning and Evaluation.** 3 c.c.  
**TBA –** This course examines training & development in a changing workplace and workforce from a systematic perspective. The student will learn how to improve individual, team, and organizational effectiveness by understanding how to design successful training interventions and learning experiences that can impart knowledge, skills and attitudes to learners in the workplace.
- PAD 4393 Emergency Management & Disaster Planning.** 3 c.c.  
**TBA –** Emergency management and disaster planning on events most likely to affect Florida including reviewing the four phases of planning mitigation, response, and preparedness.
- PAD 4874 Community Relations.** 3 c.c.  
**TBA –** This course will expose the student to community relations theory and practice within a broad range of public safety organizations. Students will understand why positive community perception of public safety is critical to funding and operational effectiveness. Each student will gain the insight and skills necessary to be effective in the community relations function of public safety administration.
- PAD 4932 Contemporary Issues in Public Safety Mgmt.** 3 c.c.  
**TBA –** This course is designed to center on top topics of special interest to students or instructors. Topics and focus will vary from semester to semester.
- PCB 2030 Introduction to Environmental Science.** 3 c.c.  
**FA, SP, SU –** An introduction to basic ecological principles and current environmental problems. **Meets A.A. general education Category VI.**
- PEL 1121 Beginning Golf.** 1 c.c.  
**FA, SU –** This course is designed to develop skill and give practice in the basic fundamentals of golf. A green fee is required occasionally.
- PEL 2122 Intermediate Golf.** 1 c.c.  
**SP –** This course enables students to enhance and practice intermediate-level skills in the sport of golf. Green fee of \$4.00 may be required on occasion.
- PEL 2341 Beginning Tennis.** 1 c.c.  
**FA, SU – Lab fee.** This course includes a brief history of the game, followed by instruction and practice in the fundamental techniques of the game. Racket and one can of new balls required.
- PEL 2342 Intermediate Tennis.** 1 c.c.  
**SP, SU – Lab fee.** This course includes a brief history of the sport, followed by instruction and practice in the intermediate level techniques of the game. Tennis racket and one can of new tennis balls are required.
- PEM 1102 Exercise and Conditioning.** 1 c.c.  
**SP –** This course involves instruction in physical conditioning methods and their effects. Content varies based on student interest, and may include aerobic exercise, calisthenics, bench stepping, circuit training, interval training, or weight training. This is a co-ed class.
- PEM 1131 Weight Training and Conditioning I.** 1 c.c.  
**FA, SP, SU –** This course involves beginning instruction in physical conditioning methods and their effects: weight training, isometric exercises, circuit training, isotonic exercises, calisthenics, and cardiovascular endurance exercises. This is a co-ed class.
- PEM 1132 Weight Training and Conditioning II.** 1 c.c.  
**SP – Prerequisite:** PEM 1131. This course involves advanced instruction in physical conditioning methods and their effects: weight training, isometric exercises, circuit training, isotonic exercises, calisthenics, and cardiovascular training. This is a co-ed class.
- PEM 1171 Aerobics.** 1 c.c.  
**TBA –** This course concentrates on increasing muscle tone and aerobic capacity through continuous rhythmic movement to music. Step aerobics are included. Discussions are held in nutrition and injury prevention. This is a co-ed class.
- PEM 1181 Walk, Jog, Run.** 1 c.c.  
**FA, SP –** This course involves instruction in physical conditioning methods and their effects. Students may either walk, jog or run to fulfill the aerobic requirement.
- PEM 1114 Lifeguard Training.** 1 c.c.  
**TBA – Lab fee.** This course assists the student in developing the skills necessary to recognize a person in a distress or drowning situation and to effectively rescue that person. American Red Cross Lifeguard Certification is offered with this course. A qualifying swim test is administered during the first class meeting.
- PEN 1121 Beginning Swimming.** 1 c.c.  
**TBA –** This course includes practice in the elementary fundamentals of swimming and drownproofing. It is designed to familiarize the nonswimmer with water and to assist him in developing skills in the basic strokes used in swimming. Nonswimmers only.
- PEN 1122 Intermediate Swimming.** 1 c.c.  
**TBA – Prerequisite:** PEN 1121 or permission of instructor. This course includes training and practice in four basic strokes; breaststroke, sidestroke, crawl, and elementary backstroke. Other related water safety skills will be taught.
- PEO 1011 Team Sports.** 3 c.c.  
**FA –** Principles, methods, and techniques of teaching a variety of team sports, including organization and management, instruction of skills and concepts, motivation, and evaluation.
- PEO 1031 Individual Sports.** 3 c.c.  
**SP –** Principles, methods, and techniques of teaching a variety of individual sports, including organization and management, instruction of skills and concepts, motivation and evaluation.
- PEO 2013C Sports Officiating.** 3 c.c.  
**SP –** This course includes theory and practice in officiating various selected sports. Two hours of lecture and one hour of laboratory each week.
- PEQ 2105C Management of Aquatic Programs.** 3 c.c.  
**SP –** This course is designed to give Recreational Technology A.S. majors a foundation in management of aquatic programs. This course will include but is not limited to water aerobics, water safety, pool operations, and aquatic scheduling.
- PET 2622 Care and Prevention of Athletic Injuries.** 3 c.c.  
**FA, SP, SU – Lab fee.** This course empowers the student with the knowledge and understanding of the principles and techniques involved in the prevention and care of athletic injuries. The student will obtain extensive hands-on practice in taping techniques and other methods for preventing and treating athletic injuries.

- PET 2941, 2942, 2943 Recreation Internship.** 1 c.c., 2 c.c., 3 c.c.  
**TBA – Prerequisite:** Completion of all course work for the A.S. Degree in Recreation Technology. This course is designed for students preparing for careers in recreation and leisure services. Whether the internship is on or off campus and where it is off campus (city recreation, YMCA, retirement facility, therapeutic recreation, outdoor recreation, etc.) will be determined by the interest of the student and available facilities.
- PGY 1000 History of Photography.** 3 c.c.  
**TBA –** A study of the history and the development of photography both as a technology and art form from its inception to current digital and commercial uses. Course will also explore photography from the standpoint of its sociological, cultural, communicative, and economic impacts.
- PGY 1110C Color, Materials, and Methods.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** ART 1201C, PGY 2401C. An introductory course that explores basic creative methods of color processes in photographic imagery. Explores the technical conceptual, and production relationships in contemporary color photography. Emphasis is placed on color theory, effects of lighting techniques, color-correct printing, and aesthetics.
- PGY 2107C Large Format Camera.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** PGY 2401C, PGY 2410C. An advanced course that introduces concepts, techniques and applications of large format cameras. The course examines the uses of large format cameras in fine art photography, commercial illustration, and historical documentation.
- PGY 220C Commercial Photography I.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** PGY 2401C and GRA 2151C or permission of instructor. An advanced photo course which introduces the student to studio and color photography.
- PGY 221C Commercial Photography II.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** PGY 2220C. A continuation of Commercial Photography I in which the demands of specific commercial assignments are investigated. Experience with color positive material, lighting appropriate to subject, and issues unique to the large format medium will be covered.
- PGY 2272C Photography Seminar.** 3 c.c.  
**TBA – Prerequisites:** PGY 2220C, PGY 2802C. Designed to acquaint the student photographer with developments and special topics in the field. May consist of studio visits, visiting professionals, product demonstrations, and research projects.
- PGY 2401C Photography I.** 3 c.c.  
**FA, SP, SU – Lab fee.** An introductory course with emphasis on the creative use of the camera and dark room. The fundamentals of camera operation, successful black and white film development and printing are taught. A 35 mm SLR camera with manual controls is required for this class.
- PGY 2404C Photography II.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** PGY 2401C or permission of instructor. In this course emphasis is placed on the refinement of techniques that are necessary for the use of the camera as a means of individual creative expression. It also includes an introduction to print manipulation and photo essays.
- PGY 2600C Techniques of Photojournalism.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** PGY 2401C and PGY 2801C. Covers the basics of setting up and shooting news, features, sports, and photo essays. Topics will include photo editing, layout, darkroom techniques, and a special emphasis on digital photo manipulation in Photoshop.
- PGY 2801C Digital Photography I.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** GRA 2151C, PGY 2401C. Digital Photography introduces students to electronic imaging using computers, scanners, and image-manipulation software (Adobe Photoshop). Individual portfolios are created.
- PGY 2802C Digital Photography II.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** PGY 2801C. A continuation of work in Adobe Photoshop established in Digital Photography I. Students will work with advanced Photoshop techniques in the application of personal images that may have application in fine art, graphics, and multimedia productions.
- PHI 2010 Introduction to Philosophy.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. A general survey of the philosophies that have shaped the growth of Western civilization from the ancient Greeks to modern times. This course is designed to present a comprehensive view of what philosophy is and to demonstrate the benefit students can expect to derive from its study. **Meets A.A. general education Category V. A writing emphasis course.**
- PHI 2070 Introduction to Eastern Philosophy.** 3 c.c.  
**FA – Prerequisite:** Test score requirement the same as ENC 1101. A survey of the philosophical thought of Asia. Hindu systems, Buddhist philosophy, and the philosophies of China and Japan will be considered. Comparisons with Western ideas will be made whenever feasible. **Meets A.A. general education Category V. A writing emphasis course.**
- PHI 2100 Logic.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. Study of and practice in reasoning and critical thinking in deductive and inductive logic. Techniques the student learns are directly related to other courses and will help the student in solving everyday problems. Additional treatment may be given to symbolic logic. **Meets A.A. general education Category V. A writing emphasis course.**
- PHI 2600 Ethics.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. An inquiry into the moral implications of personal, social, and political commitment. Representative traditional and contemporary ethical concepts will be discussed in light of issues affecting the quality of existence on this planet. **Meets A.A. general education Category V. A writing emphasis course.**
- PHI 2701 Introduction to the Philosophy of World Religions.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. Philosophical, historical and cultural analysis of selected world religions. Special emphasis on the fundamental philosophy of each tradition and the relationships between social institutions and religious systems. **Meets A.A. general education Category V. A writing emphasis course.**
- PHM 2122 Philosophy And Feminism.** 3 c.c.  
**SP – Prerequisite:** Test score requirement the same as ENC 1101. This course is designed to introduce students to key aspects for feminist thought. We will explore both the content and the methodologies of feminism through a philosophical approach and attitude. Additionally, we will be discussing issues ranging over, but not limited to oppression, gender, sex and sexism with the goal of understanding the role that each plays in different feminist ideologies. Authors we will discuss include Marilyn Frye, Simone de Beauvoir, and bell hooks. **Meets A.A. general education Category V. A writing emphasis course.**
- PHT 1000 Introduction to Physical Therapy.** 3 c.c.  
**FA – A.A.S. only. Prerequisite:** Permission Only. **Corequisite:** BSC 1093. Introduction to the history, present practice and future trends of the profession; structure and services of the American Physical Therapy Association (A.P.T.A.); introduction to the team concept in health care including the role and responsibilities of the physical therapist assistant; and introduction to common disease processes. The scope of expanded practice for the PTA will be introduced.
- PHT 1120 Functional Anatomy and Kinesiology.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** Permission Only. **Corequisite:** PHT 1120L. The student will have a basic knowledge and understanding of the biomechanical principles of human motion. The structure and function of the musculoskeletal and nervous systems will be studied and applied in basic analysis of therapeutic exercise and gait.
- PHT 1120L Functional Anatomy and Kinesiology Laboratory.** 2 c.c.  
**SP – A.A.S. only. Prerequisite:** Permission Only. **Corequisite:** PHT 1120. Laboratory sessions are designed to develop student skills in palpation of bony landmarks, goniometry, gross manual muscle testing, basic gait analysis and analysis of muscle function as it relates to the biomechanical principles of human motion.

- PHT 1210C Therapeutic Modalities** 3 c.c.  
**TBA – Lab fee. Prerequisite:** PHT 1120L. This course is designed to instruct the student in the operation and application of the therapeutic modalities used by the physical therapist assistant. The student will be given the opportunity to develop knowledge of the physical principles, physiological effects, indications and contraindications of heat, cold, light, traction, compression, electricity and massage on the body; an understanding of selected tests and evaluation procedures which are related to the application of the modalities; and the modality or procedure which would be most appropriate in the application to a specific clinical symptom. The student will develop the skills to safely apply these modalities in all clinical settings.
- PHT 1224 Musculoskeletal Therapeutic Techniques I.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** PHT 1224. **Corequisites:** PHT 1224L. This course covers a variety of medical and orthopedic conditions commonly treated by physical therapist assistants and emphasizes the effects and types of exercises employed for therapeutic reasons. Included are traditional therapeutic exercise routines such as passive, active, assistive, active and resistive range of motion, PRE programs, manual and mechanical strengthening, stretching.
- PHT 1224L Musculoskeletal Therapeutic Techniques I Laboratory.** 2 c.c.  
**SP – A.A.S. only. Lab fee. Corequisite:** PHT 1224. Laboratory sessions for Therapeutic Techniques and Disabilities IA are designed to provide the student with observation and actual application of therapeutic exercises in the laboratory setting. Emphasis is on orthopedic, cardiopulmonary and vascular disorders and related therapeutic exercise programs.
- PHT 1251 Basic Skills in Patient Care.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** Permission Only. **Corequisites:** PHT 1251L. Introduction to basic patient care skills, patient positioning and draping, treatment booth preparation, transfers, gait training with assistive devices, wheelchair measurement and operation, measurement of vital signs, identification of architectural barriers, wound debridement, and aseptic technique.
- PHT 1251L Basic Skills in Patient Care Laboratory.** 2 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** Permission Only. **Corequisite:** PHT 1251. This is a laboratory course in which there is practice in activities basic to the care of patients in health agencies. The development of manual dexterity with patient safety and comfort, and all skills discussed in the lecture portion of this course.
- PHT 1253 Neuromuscular Therapeutic Techniques I.** 1 c.c.  
**TBA – Prerequisite:** 1120. **Corequisite:** PHT1253L. The intent of this course is to provide knowledge to the physical therapist assistant student regarding neuroanatomy and physiology principles, motor learning principles and normal motor development, therapeutic interventions and techniques designed to provide the most effective functional outcome for the patient, and the following through of treatment plans designed to treat the neurologically impaired infant, child, adolescent and adult.
- PHT 1253L Neuromuscular Therapeutic Techniques I.** 2 c.c.  
**TBA – Prerequisite:** PHT1120L. **Corequisite:** PHT1253. Laboratory sessions for Neuromuscular Therapeutic Techniques I are designed to provide the student with observation, participation, and application of motor learning theories and therapeutic interventions for the treatment of neurological conditions. Application of therapeutic activities with a variety of treatment approaches will be emphasized.
- PHT 1801 PTA Clinic I.** 1 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisite:** PHT 1120. The first clinical experience. A supervised planned learning experience in a physical therapy practice setting. Focus is on training, transfers, positioning, draping, note writing, gait training, vital sign measurements, and wound measurement/debridement. Thirty-five hours conducted over three weeks.
- PHT 1900 Alternative Studies in Physical Therapy.** 1 c.c.  
**TBA – A.A.S. only.** This course will provide the student with comprehensive and individualized instruction in selective physical therapy topics. It is intended to facilitate improved clinical skills and patient care. It will address the specific learning skills identified by faculty for each participant in the course.
- PHT 1901 Alternative Studies in Physical Therapy.** 2 c.c.  
**TBA – A.A.S. only.** This course will provide the student with comprehensive and individualized instruction in selective physical therapy topics. It is intended to facilitate improved clinical skills and patient care. It will address the specific learning skills identified by faculty for each participant in the course.
- PHT 1902 Alternative Studies in Physical Therapy.** 6 c.c.  
**TBA – A.A.S. only.** This course will provide the student with comprehensive and individualized instruction in selective physical therapy topics. It is intended to facilitate improved clinical skills and patient care. It will address the specific learning skills identified by faculty for each participant in the course.
- PHT 2162 Neuromuscular Therapeutic Techniques II.** 1 c.c.  
**FA – A.A.S. only. Prerequisite:** PHT 1224. **Corequisites:** PHT 2162L. The pathology of complex neurological disorders and congenital deformities are presented. Specific topics include: cerebrovascular accidents, parkinsonism, alzheimer's, and cerebral palsy. Therapeutic exercises and special facilitation techniques will be covered along with basic neuroanatomy. Special concerns related to physical therapy and the geriatric patient will be presented.
- PHT 2162L I Neuromuscular Therapeutic Techniques II Laboratory.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** PHT 1224. **Corequisite:** PHT 2162. Laboratory sessions for Therapeutic Techniques and Disabilities II are designed to provide the student with observation and actual application of therapeutic exercises for the treatment of neurological conditions. Case studies of various medical conditions with emphasis on therapeutic rehabilitation are presented.
- PHT 2227C Musculoskeletal Therapeutic Techniques II** 2 c.c.  
**TBA – Lab fee. Prerequisite:** PHT1224. This course covers a variety of medical and orthopedic conditions commonly treated by physical therapist assistants and emphasizes orthopedic post-surgical patient care through case-study scenarios and protocol development and implementation. Traditional therapeutic exercise routines will be reviewed and non-traditional programs will be introduced.
- PHT 2401 Psychosocial Issues of the Disabled.** 2 c.c.  
**SP – A.A.S. only. Prerequisites:** PHT 1224. This course examines the psychosocial aspects of the disabled individual. Emphasis is placed on how the individual or his/her family relate to physical and social environments; specifically economic factors, support systems, discrimination, and loss/grief process.
- PHT 2933C Special Topics in Rehabilitation.** 4 c.c.  
**SP – A.A.S. only. Prerequisites:** PHT 1224. **Corequisite:** PHT 2162. Various special topics related to the topic of Physical Therapy will be discussed. The pathology, medical management of special patient populations will be presented. Special patient populations will include: psychiatric disorders, cardiac dysfunction, respiratory dysfunction, amputations, congenital birth defects, burns, arthritic patients, diabetic patients, oncology patients, the young athlete and gender-related health issues.
- PHT 2810 PTA Clinic II. Eff. 2011.1** 6 c.c.  
**FA – A.A.S. only. Prerequisite:** PHT 1801. Second clinical experience. A supervised planned learning experience in a physical therapy practice setting. Focus is on application of superficial and deep heats, note writing, basic skills of gait training, transfers, positioning, draping, wound care, massage, goniometry, and gross muscle testing skills, therapeutic exercise, range of motion, and strengthening. Thirty-five hours per week for six weeks.

- PHT 2820 PTA Clinic III.** 6 c.c.  
**SP – A.A.S. only. Prerequisite:** PHT 1801. The third clinical experience. Focus is on integrating all previously learned skills (in addition to electrotherapy and neurological treatment).
- PHT 2932 Transition Seminar.** 2 c.c.  
**SP – A.A.S. only. Prerequisites:** PHT 2162. This course is designed to broaden the scope of the student's understanding of health care. Topics to be presented include trends in health care and their influence on physical therapy; administrative procedures utilized in physical therapy; employment techniques. The student will also be required to prepare an individual or group project relevant to a specific aspect of physical therapy practice.
- PHT 2933C Special Topics in Physical Therapy** 2 c.c.  
**TBA – A.A.S. only.** Various special topics related to the practice of Physical Therapy will be discussed. The pathology, medical management of special patient populations will be presented. Special patient populations will include; psychiatric disorders, cardiorespiratory dysfunction, amputations, congenital birth defects, burns, arthritic patients, diabetic patients, oncology patients, the geriatric population and the young athlete.
- PHT 2934C Special Topics in Physical Therapy** 2 c.c.  
**TBA – A.A.S. only.** Various special topics related to the practice of Physical Therapy will be discussed. The pathology and medical management of special patient populations will be presented. Special patient populations will include: surgical patients, patients with psychiatric disorders, amputations, congenital birth defects and special pediatric populations, obstetric and gynecological patients, and oncology patients. In addition, gender issues and imaging methods will be presented.
- PHY 1025 Introduction to Fundamentals of Physics.** 3 c.c.  
**FA, SP – Prerequisite or Corequisite:** MAC 1105. An introductory course designed to prepare students for PHY 1053 General Physics I. Emphasis is on the fundamental concepts, language and mathematics used in physics. Topics include mechanics, sound, and heat.
- PHY 1053 General Physics I.** 3 c.c.  
**FA, SP, SU – Prerequisite:** MAC 1114 or MAC 1147 or PHY 1025. **Corequisite:** PHY 1053L. General Physics I is the first term of a two term non-calculus based physics course sequence. Topics included are: scalar and vector quantities, Newton's laws of motion, linear and rotational motion, energy, momentum, fluid dynamics, heat and sound. **Meets A.A. general education Category VII.**
- PHY 1053L General Physics I Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** PHY 1053. A laboratory course designed to illustrate the laws and principles presented in PHY 1053. **Meets A.A. general education Category VII.**
- PHY 1054 General Physics II.** 3 c.c.  
**SP – Prerequisite:** Completion of PHY 1053 with a grade of "C" or better. **Corequisite:** PHY 1054L. Major topics include the study of magnetism, electricity, light and the elements of modern physics. **Meets A.A. general education Category VII.**
- PHY 1054L General Physics II Laboratory.** 1 c.c.  
**SP – Lab fee. Prerequisite:** Completion of PHY 1053L with a grade of "C" or better. **Corequisite:** PHY 1054. A laboratory course designed to illustrate the laws and principles presented in PHY 1054. **Meets A.A. general education Category VII.**
- PHY 2048 Physics I with Calculus.** 4 c.c.  
**FA, SP – Corequisites:** MAC 2312, PHY 2048L. A physics course with emphasis on fundamental principles, the quantitative and mathematical aspects of the subject. For engineers and physics majors, optional for chemistry majors. Includes the study of mechanics and thermodynamics. A free use of calculus methods and derivations lay the foundation for basic principles. **Meets A.A. general education Category VII.**
- PHY 2048L Physics I with Calculus Laboratory.** 1 c.c.  
**FA, SP – Lab fee. Corequisite:** PHY 2048. A laboratory course designed to illustrate the laws and principles presented in PHY 2048. **Meets A.A. general education Category VII.**
- PHY 2049 Physics II with Calculus.** 4 c.c.  
**FA, SP – Prerequisites:** MAC 2312, completion of PHY 2048 with a grade of "C" or better. **Corequisite:** PHY 2049L. Includes the study of waves, sound, optics, special relativity, electromagnetism, and quantization. **Meets A.A. general education Category VII.**
- PHY 2049L Physics II with Calculus Laboratory.** 1 c.c.  
**FA, SP – Lab fee. Prerequisite:** Completion of PHY 2048L with a grade of "C" or better. **Corequisite:** PHY 2049. A laboratory course designed to illustrate the laws and principles presented in PHY 2049. **Meets A.A. general education Category VII.**
- PLA 1003 The Legal Profession.** 3 c.c.  
**FA, SP, SU –** This course is designed to provide students an overview of the legal system including ethics, our court system, and the functions of a law office, an introduction to procedural and substantive law, and an introduction to civil trial practice.
- PLA 1104 Legal Research and Writing I.** 3 c.c.  
**FA, SP – Corequisite:** PLA 1003 This course emphasizes learning to use the law library, basic research of both common law and statutory sources, tools and techniques for research, and introduces legal writing culminating in the student writing a legal memorandum.
- PLA 1203 Civil Litigation I.** 3 c.c.  
**FA – Corequisites:** PLA 1003, PLA 1104, and PLA 1273. The Civil Litigation I course is designed to give the students hands-on experience and practical knowledge of civil litigation from the inception of a case through trial of the case, including familiarity with the Florida Rules of Civil Procedure.
- PLA 1273 Torts I.** 3 c.c.  
**FA, SP, SU – Corequisite:** PLA 1003. This course covers in depth the law of intentional torts, negligence, strict liability and related defenses. Other topics covered include malpractice, insurance, and other business torts.
- PLA 1303 Criminal Law and Procedure.** 3 c.c.  
**FA – Corequisites:** PLA 1003, PLA 1104, and PLA 1273. This course is designed to provide an overview of the foundations of the criminal law system, its institutions, and an overview of substantive offenses, criminal procedures, and criminal trials.
- PLA 2114A Legal Research and Writing II.** 3 c.c.  
**SP – Lab fee. Prerequisites:** ENC 1101, PLA 1104, and PLA 2730. This course applies the research principles and techniques learned in PLA 1004 and PLA 2730 to develop, refine, and incorporate effective legal research into legal memoranda and other written legal communications required in a law office. The student is expected to be able to use Westlaw.
- PLA 2260 Evidence.** 3 c.c.  
**FA – Prerequisite:** PLA 1273. This course covers the rules regarding the admissibility of evidence in trials presented through a review of the Florida Evidence Code and its application in case law.
- PLA 2276 Torts II.** 3 c.c.  
**SP – Prerequisite:** PLA 1273. This course involves in-depth study of Florida automobile insurance law and workers' compensation law.
- PLA 2364 Forensic Science Survey.** 3 c.c.  
**SP – Prerequisite:** PLA 1303. By use of numerous guest lecturers who are experts in their various fields of forensic science, the student receives an overview of methods of accident reconstruction, crime scene investigations, speed devices, sound spectrograms, neutron analysis, pathology, DNA and other forensic evidence.
- PLA 2423 Contracts.** 3 c.c.  
**SP – Prerequisite:** PLA 1003, PLA 1104, and PLA 1273. This course covers the fundamentals of contract law including contract formation, the UCC, contract provisions and drafting of simple contracts.
- PLA 2433 Business Organizations.** 3 c.c.  
**FA – Corequisites:** PLA 1003, PLA 1104, and PLA 1273. This course involves a study of the law of business organizations together with its application in the related fields of agency and vicarious liability.

- PLA 2601 Probate.** 3 c.c.  
**FA – Prerequisite:** PLA 1003. This course covers probate law, wills, intestacy, duties of personal representatives, trusts, and estate administration. (Available Online - **FA, SP, SU**.)
- PLA 2610 Real Estate Law.** 3 c.c.  
**SP – Prerequisite:** PLA 1003. **Corequisites:** PLA 1104 and PLA 1273. This course reviews the principles of real property transactions including real versus personal property, deeds, concurrent estates, mortgages, liens, easements and title considerations.
- PLA 2730 Computers in Legal Drafting and Research.** 3 c.c.  
**SP – Lab fee. Prerequisite:** PLA 1003, and PLA 1104. Students utilize computers in legal research, drafting, with a primary focus on using Westlaw in research. The student will prepare legal documents customarily prepared in the law office, and be introduced to case management software.
- PLA 2800 Domestic Relations.** 3 c.c.  
**FA – Prerequisite:** PLA 1003. **Corequisites:** PLA 1104 and PLA 1273. This course covers research into and drafting of pleadings for dissolution of marriage, separation, custody, legitimacy, adoption, change of name, and support.
- PLA 2880 Constitutional Law.** 3 c.c.  
**FA, SP –** This Constitutional Law course is designed to give an overview from a lawyer's perspective of the constitutional articles and amendments. The student will explore the three branches of government, the interpretation of the articles creating each, individual rights in society, changes in constitutional interpretation, and the role of the Supreme Court in this interpretation.
- PLA 2943 Law Office Internship.** 3 c.c.  
**FA, SP, SU – Prerequisites:** Permission of Paralegal Studies (Legal Assisting) program coordinator, forty-five credit hours in PLA courses and a 3.5 GPA. This course is designed to provide students with practical law office experience working as a paralegal trainee. This is a non-paid position that involves working in a law office 135 hours during the semester. A student will receive a pass/fail grade based upon the employer's evaluation of the student.
- PLA 2949 Paralegal Studies (Legal Assisting) Co-op.** 3 c.c.  
**FA, SP, SU –** Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.
- POS 2041 American National Government.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. A study of the American federal system of government with emphasis on the constitutional distribution of powers among the congressional, presidential, and judicial branches and the states. An analysis of policy formation as related to democratic theory and the role of government in the society. **Meets A.A. general education Category IV. A writing emphasis course.**
- POS 2941 Government Practicum.** 1 c.c.  
**FA, SP, SU – Prerequisite:** POS 2041. Students will work with government agencies and public officials in local, state and national offices performing meaningful tasks to learn duties of officials and operations of the agencies.
- PRN 0015 Interpersonal Relationships for Nurses.** 1 v.c.  
**FA, SP –** This course introduces mental health and psychosocial concepts in nursing. The nursing process is emphasized, including recognition, intervention and evaluation measures for individuals with common problems of mental health. Interviews of clients in various health care settings are required.
- PRN 0030 Pharmacology I/Medical Terminology.** 1 v.c.  
**SP, SU – Prerequisite:** Acceptance to Practical Nursing Program. This course reviews basic mathematic computations and basic dosage and solutions necessary to safely administer medications and word building skills so that words and medical conditions can be identified by word parts.
- PRN 0065C Practical Nursing Foundations I.** 4 v.c.  
**SU – Lab fee. Corequisites:** HSC 0591, PRN 0030. This practical nursing course introduces the practical nursing student to client care needs: safe effective care environment, health promotion and maintenance, physiological integrity, and psychosocial integrity. Client care needs and professional behaviors, communication, clinical decision-making, caring interventions, and collaboration form the integrated framework for clinical practice in the long term practice area. Focus is on the elderly population, theories of aging, and concerns of aging families and adjustments confronted by the elderly.
- PRN 0066C Practical Nursing Foundations II.** 7 v.c.  
**FA – Lab fee. Prerequisites:** HSC 0591, PRN 0065C. **Corequisites:** BSC 0070. This is the second foundation course in the Practical Nursing Program. The course introduces the practical nursing student to care of adults in the acute care setting. Client care needs (safe effective care environment, health promotion and maintenance, physiological integrity, and psychosocial integrity) and professional behaviors, communication, clinical decision-making, caring interventions, and collaboration form the integrated framework for clinical practice in the acute care practice area.
- PRN 0100C Practical Nursing IV.** 5 v.c.  
**SU – Lab fee. Prerequisite:** PRN 0202C. This practical nursing course focuses on the care of the child and family unity during health and altered health states. Client care needs (safe effective care environment, health promotion and maintenance, physiological integrity, and psychosocial integrity) and professional behaviors, communication, clinical decision-making, caring interventions, and collaboration form the integrated framework for clinical practice in the acute care practice area.
- PRN 0200C Practical Nursing I.** 7 v.c.  
**FA – Lab fee. Prerequisite:** PRN 0065C, PRN 0030, HSC 0591. **Corequisite:** BSC 0070. This is the first of three adult-health practical nursing courses that focuses on the basic care of adults. Client care needs (safe effective care environment, health promotion and maintenance, physiological integrity, and psychosocial integrity) and professional behaviors, communication, clinical decision-making, caring interventions, and collaboration form the integrated framework or clinical practice in the acute care practice area.
- PRN 0201C Practical Nursing II.** 8 v.c.  
**SP – Lab fee. Prerequisite:** PRN 0200C. This is the second of three adult-health practical nursing courses that focuses on the basic care of adults. Client care needs (safe effective care environment, health promotion and maintenance, physiological integrity, and psychosocial integrity) and professional behaviors, communication, clinical decision-making, caring interventions, and collaboration form the integrated framework for clinical practice in the acute care practice area.
- PRN 0202C Practical Nursing III.** 8 v.c.  
**SP – Lab fee. Prerequisite:** PRN 0201C. This is the final of three adult-health nursing courses that focuses on the basic care of adults with complex chronic needs. Client care needs (safe effective care environment, health promotion and maintenance, physiological integrity, and psychosocial integrity) and professional behaviors, communication, clinical decision-making, caring interventions, and collaboration form the integrated framework for clinical practice in the acute care practice area.
- PRN 0904 Practical Nursing Seminar.** 1 v.c.  
**FA, SU –** The Practical Nursing Seminar provides the student with an opportunity to learn about employment opportunities, licensure, continuing education, legal and ethical aspects of nursing, substance abuse and its effect on individuals and families, community agencies dealing with health issues and other major issues affecting nurses and the nursing profession.

- PSC 1351 Physical Science Survey.** 3 c.c.  
**TBA – Prerequisite or Corequisite:** MAC 1105 or MGF 1106. An introductory physical science course for the non-science major with emphasis on the areas of physics and geology. The physics portion of the course deals with fundamental concepts, language and mathematics used in physics. Topics include sound, light, heat, electricity, magnetism, mechanics and elements of modern physics. The geology related section of the course includes the study of minerals and rocks, structural features of the earth, various earth forms, earth processes, and the physics principles behind them. A working knowledge of algebra is essential for this course. **Meets A.A. general education Category VII.**
- PSY 2012 General Psychology.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. A survey of psychology as a social science incorporating the physiological aspects of personality development and mental health. The course focuses on the adaptation of the individual to his physical and social environments. Human motives and emotions, learning and memory, attention, thinking, intelligence, personality, and abnormal mental conditions are among the topics covered. The emphasis is on the physiological and socio-environmental causes of behavior. **Meets A.A. general education Category IV. A writing emphasis course.**
- PSY 2941 Psychology Internship.** 1 c.c.  
**TBA –** This course is designed for students preparing for careers in psychology and/or social science disciplines. Students learn about the sequence of steps involved in the scientific research process including topic selection, literature review, data collection, selection of research design and methodology, presentation of findings, and interpretation of findings. Students gain first-hand knowledge about practicing the social science of psychology by participating in activities such as meetings of the Southeastern Psychological Association.
- PSY 2942 Psychology Internship.** 2 c.c.  
**TBA –** This course is designed for students preparing for careers in psychology and/or social science disciplines. Students participate in crisis intervention training. Upon successful completion of training, students work as supervised volunteers in a crisis intervention and counseling setting.
- PSY 2943 Psychology Internship.** 3 c.c.  
**TBA –** This two-component internship is designed for students preparing for careers in psychology and/or social science disciplines. In the first component students learn about and practice the sequence of steps involved in the scientific research process by preparing for and participating in activities such as meetings of the Southeastern Psychological Association (SEPA). In the second component students participate in crisis intervention training and service. Upon successful completion of training, students work as supervised volunteers in a crisis intervention and counseling setting.
- PTN 1001 Introduction to Pharmacy.** 3 c.c.  
**SU – Lab. Prerequisite:** Acceptance to the Pharmacy Technician Program. This course introduces pharmacy practice and the technician's role in a variety of pharmacy settings. Emphasis is placed on the duties and responsibilities of the pharmacy technician, including critical thinking and professional judgment skills. Course objectives explore employment opportunities, introduction to interpreting and processing prescriptions, pharmacy law and ethics, standards of practice and orientation to the skills required for the occupation of a pharmacy technician.
- PTN 1017 Pharmacy Technician Math.** 3 c.c.  
**SU – Prerequisite:** Acceptance to the Pharmacy Technician Program. This course provides a comprehensive overview of math concepts essential to the practice of the pharmacy technician's skill set. The course covers the systems of weight, measurement and temperature, and the conversion from one system to another. Other topics include fractions, decimals, ratios, proportions, percentages and allegations. Emphasis is placed on the math skills needed to calculate doses, drug quantity or volume, intravenous flow rates and percentage concentrations.
- PTN 1121 Therapeutic Agents I.** 3 c.c.  
**SU – Prerequisite:** Acceptance to the Pharmacy Technician Program. This course introduces students to pharmaceutical nomenclature and classification. Topics include the evolution and source of medicinal drugs, product identification, storage and dispensing requirements, dosage forms and routes of administration, mechanisms of drug actions, interactions, indications and contraindications. Antibiotics, therapy for fungal and viral infections, anesthetics, analgesics, narcotics, psychiatric and related drugs will be covered in this course.
- PTN 1122C Therapeutic Agents II.** 3 c.c.  
**FA – Lab. Prerequisite:** PTN 1121. This course continues from Therapeutic Agents I with the pharmaceutical nomenclature and classification of drugs for central nervous system disorders, drugs for gastrointestinal and related diseases, renal, respiratory, and cardiovascular system drugs, drugs for muscle and joint disease pain, hormonal disorders and their treatments, and topical, ophthalmic, and otic medications. Special topics include chemotherapy, vitamins, OTC supplements, antidotes and miscellaneous topics.
- PTN 1131 Applied Pharmacy Practice.** 3 c.c.  
**FA – Prerequisite:** PTN 1001. **Corequisite:** PTN 1131L. This course provides instruction in the technical procedures for preparing and dispensing drugs in the hospital and retail settings under supervision of a registered pharmacist. Topics include drug packaging and labeling, out-patient dispensing, hospital dispensing procedures, controlled substance procedures, inventory control, non-sterile compounding, intravenous admixture, maintaining patient profiles, prescription order entry and label creation. Upon completion, students will be able to perform basic supervised dispensing techniques in a variety of pharmacy settings.
- PTN 1131L Applied Pharmacy Practice Lab.** 3 c.c.  
**FA – Lab. Prerequisite:** PTN 1001. **Corequisite:** PTN 1131. This course provides practical hands-on instruction of the technical procedures required for preparing and dispensing drugs in the hospital and retail settings in a laboratory environment. Students will practice and perform skills such as drug packaging and labeling, non-sterile compounding, IV admixture using aseptic technique, maintaining patient profiles, and typing and filling drug orders. Upon completion, students will be able to perform basic supervised dispensing techniques in a variety of pharmacy settings.
- PTN 1930 Pharmacy Seminar.** 1 c.c.  
**FA – Prerequisite:** PTN 1001. This course provides a discussion forum for topics of special interest or currency to pharmacy or to the role of the pharmacy technician. Topics may include discussion of law and rule pertaining to the role of pharmacy technicians, research and presentation of innovative trends in the field of pharmacy, presentation of current pharmacy issues for discussion, and introduction to national pharmacy technician organizations and certification.
- PTN 1940L – Pharmacy Practicum I.** 2 c.c.  
**FA – Prerequisite:** PTN 1001. This course is designed to facilitate the transition of the student from the classroom environment to the clinical site. Topics include professionalism, productivity, work ethic, handling challenging situations, and problem solving with emphasis on success in the workplace. Additional topics include employment opportunities, resume writing, and interviewing skills. Students will participate in a mock panel interview and observation of several practice locations.
- PTN 1941L – Pharmacy Practicum II.** 3 c.c.  
**SP – Prerequisite:** PTN 1940. This course provides students with hands-on experience in an inpatient hospital setting. Students must complete all didactic course work prior to enrolling for this course. The course involves a minimum of 180 hours of on-the-job work experience. Each student is required to work under the supervision of a licensed pharmacist (preceptor) who may delegate some supervisory and/or training responsibilities to another licensed pharmacist or certified pharmacy technician. Students are expected to participate in pharmacy practice activities such as dispensing, compounding, inventory handling and control, drug distribution, and the preparation of intravenous (IV) admixture products, chemotherapy products and total parenteral nutrition (TPN) products.

- PTN 1942L – Pharmacy Practicum III.** 3 c.c.  
**SP – Prerequisite:** PTN 1941. This course provides students with hands-on experience in a community pharmacy setting. Students must complete all didactic course work prior to enrolling for this course. The course involves a minimum of 180 hours of on-the-job work experience. Each student is required to work under the supervision of a licensed pharmacist (preceptor) who may delegate some supervisory and/or training responsibilities to another licensed pharmacist or certified pharmacy technician. Students are expected to participate in pharmacy practice activities such as dispensing, compounding, inventory handling and control, drug distribution, processing of third-party claims, maintenance of patient profiles and interaction and communication with patients.
- REA 0007 Developmental Reading I.** 4 c.c.  
**Prerequisite:** Appropriate score on Florida Entry-Level Exam. REA0007 is college preparatory reading course that builds basic skills in vocabulary and literal and critical comprehension. This course emphasizes student development of successful reading strategies.
- REA 0017 Developmental Reading II.** 4 c.c.  
**Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or REA 0007. REA 0017 is a college preparatory reading course that advances college-level skills in vocabulary and literal and critical comprehension. This course is emphasizes students development of successful reading strategies. Student must pass the Florida Basic Skills Exit Test with a 70 or higher in order to pass this course.
- REA 1105C Reading.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Appropriate score on Entry-Level Placement Exam or REA 0017. This course is designed to improve reading comprehension and vocabulary skills. Reading skills appropriate for college assignments are emphasized. The course can also be used as an elective for anyone wishing to improve the above skills.
- REA 1125 Essential Reading Skills.** 1 c.c.  
**FA, SP, SU –** This course is recommended for students preparing for the CLAST. It provides a review of each of the reading skills tested on the CLAST.
- RTE 1000 Introduction to Radiologic Technology.** 1 c.c.  
**FA – A.A.S. only.** An introduction to the role of the radiographer, the hospital, and the regulations of the program. Medical ethics and legal considerations are emphasized.
- RTE 1111C Radiographic Nursing Procedures.** 3 c.c.  
**FA – A.A.S. only.** An introduction to basic nursing procedures required in the Imaging Department. Body mechanics, lifting, and transferring patients, vital signs, emergency and infection control procedures, pharmacology, drug administration and contrast media procedures are presented and demonstrated to the students.
- RTE 1418C Principles of Radiographic Exposure.** 3 c.c.  
**FA, SP – A.A.S. only.** Lab fee. An overview of the production of the radiographic image on film involving both lecture and laboratory exercises. Laboratory experiments will be performed with campus radiographic equipment and phantoms demonstrating the various factors relating to and affecting radiographic images.
- RTE 1503 Radiographic Positioning I.** 2 c.c.  
**FA – A.A.S. only. Corequisites:** RTE 1702, RTE 1804. Positioning of the chest, abdomen, and extremities is coordinated with Radiography Clinic I.
- RTE 1513 Radiographic Positioning II.** 2 c.c.  
**SP – A.A.S. only. Prerequisite:** RTE 1503. **Corequisite:** RTE 1712. Correct positioning of the bones of the body, as well as the GI and GU tracts will be presented and correlated with the clinical experiences of semester II.
- RTE 1562 Radiographic Special Procedures.** 2 c.c.  
**SU – A.A.S. only. Prerequisite:** RTE 1418C. An overview of angiographic procedures and equipment as well as advanced nursing procedures.
- RTE 1613 Radiographic Physics.** 1 c.c.  
**FA – A.A.S. only.** An introduction to the concept of radiation, atomic structure, energy, magnetism, basic electricity, and the use and production of high voltage as well as the x-ray machine parts and safeguards.
- RTE 1702 Radiographic Anatomy and Physiology I.** 2 c.c.  
**FA – A.A.S. only. Corequisite:** RTE 1503. Chest, abdomen, extremity and spine anatomy and physiology is presented and correlated with the clinical experience of the first semester.
- RTE 1712 Radiographic Anatomy and Physiology II.** 2 c.c.  
**SP – A.A.S. only. Prerequisites:** RTE 1503, RTE 1702. **Corequisites:** RTE 1513, RTE 1814. Skull, cell tissue, G.I., G.U. and circulatory anatomy and physiology is presented and correlated with the clinical experience of the second semester.
- RTE 1804 Radiography Clinic I.** 5 c.c.  
**FA – A.A.S. only. Lab fee. Corequisites:** RTE 1503, RTE 1702. Under direct supervision, students participate in actual clinical settings, combining the theory and concepts presented during the didactic portion of semester I.
- RTE 1814 Radiography Clinic II.** 5 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** RTE 1804. **Corequisites:** RTE 1513, RTE 1712. Under direct supervision, students practice in actual clinical settings combining the theory and concepts presented during the didactic portion of semesters I and II.
- RTE 1824 Radiography Clinic III.** 2 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisite:** RTE 1814. Under direct supervision, students participate in actual clinical settings combining the theory and concepts presented during the didactic portion of semesters I, II and III.
- RTE 1834 Radiography Clinic IV.** 3 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisite:** RTE 1824. Under direct supervision, students participate in actual clinical settings, combining the theory and concepts presented during the didactic portion of semesters I, II, and III.
- RTE 1931L, 1932L, 1933L, 1934L, 1935L Special Topics in Radiography.** 1 c.c., 2 c.c., 3 c.c., 4 c.c., 5 c.c.  
**TBA – A.A.S. only. Lab fee.** Under direct supervision, students practice in actual clinical settings combining the theory and concepts of the program for the current semester. Additionally, the student is required to pass all clinical competencies of the previous semester(s).
- RTE 2212 Computer Applications in Radiology.** 1 c.c.  
**FA – A.A.S. only. Lab fee.** An overview of the types and uses of computers in the Radiologic Sciences.
- RTE 2385 Radiation Biology.** 1 c.c.  
**SP – A.A.S. only.** The principles of radiation interaction with the cell, and the effects of acute and chronic exposure to radiation are presented.
- RTE 2473 Introduction to Radiation Safety and Quality Assurance.** 1 c.c.  
**SP – A.A.S. only.** An introduction to the tests and equipment used to maintain consistent image quality in the Radiology Department.
- RTE 2523 Radiographic Positioning III.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** RTE 1513. Special views, as well as mammography, myelography, and special equipment will be presented and correlated with the clinical experiences of the second year student.
- RTE 2563 Advanced Radiographic Procedures II.** 3 c.c.  
**FA – A.A.S. only. Corequisite:** RTE 2212. An overview of advanced procedures in various areas, including radiation therapy, cardiac catheterization, magnetic resonant imaging, and computed tomography.
- RTE 2572 Advanced Radiographic Procedures I.** 2 c.c.  
**SP – A.A.S. only. Prerequisite:** RTE 2212. An overview of advanced radiographic procedures which includes Nuclear Medicine, Ultrasound and Computer Tomography utilizing lecture, audiovisual media and on site practice in hospital setting.
- RTE 2601 Radiographic Imaging I.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** RTE 1418C. An overview of radiographic, fluoroscopic, and image recording equipment.

- RTE 2602 Radiographic Imaging II.** 2 c.c.  
**SP – A.A.S. only. Prerequisite:** RTE 2601. A continuation and a more in-depth study of radiographic, fluoroscopic and image recording equipment.
- RTE 2722 Radiographic Anatomy and Physiology III.** 2 c.c.  
**FA – A.A.S. only. Prerequisite:** RTE 1712. Respiratory, nervous, endocrine, and reproductive systems along with muscles, joints, and sense organs anatomy and physiology are presented and correlated with the clinical experiences of the second year student.
- RTE 2782 Applied Radiographic Pathophysiology.** 2 c.c.  
**SP – A.A.S. only.** Disease processes which affect the body, as well as those which are commonly demonstrated radiographically.
- RTE 2844 Radiography Clinic V.** 4 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** RTE 1834. Under direct supervision, students participate in actual clinical settings, combining the theory and concepts presented during the first year as well as semester IV.
- RTE 2854 Radiography Clinic VI.** 4 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** RTE 2844. Under both direct and indirect supervision, students participate in actual clinical settings combining the theory and concepts presented during the previous semesters.
- RTE 2931 Radiographic Critique I.** 2 c.c.  
**FA – A.A.S. only.** Current events pertinent to the field of Radiology as well as film evaluation of studies done by the students.
- RTV 2216C Advanced Video/Commercial Production.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** GRA 1140C, GRA 2152C, GRA 2158C, GRA 2190C, and GRA 2241C. This is a capstone course in the Multimedia Technology curriculum. Students in this class work with clients to produce video programming that meets the multimedia needs of the client. Students handle all aspects of planning and production, including legal, ethical, budgetary and creative decisions. Students will hone advanced post production techniques in animation, graphics and audio production.
- RTV 2241C Introduction to Digital Video and Sound.** 3 c.c.  
**TBA – Lab fee. Prerequisites:** GRA 2151C, ART 1201C, DIG 2151C, PGY 2401C. **Corequisite:** GRA 2152C. This course covers the basics of video and audio production for multimedia. Course content includes camera operation, set design, performance, lighting, video editing, audio recording and sound editing. Students will learn audio and video file formats and protocols and will apply creative and artistic skills to the production of multimedia content. Students will use nonlinear audio and video editing software within a MacIntosh computing environment.
- RTV 2245C Video Field Production and Editing.** 3 c.c.  
**TBA – Lab fee. Prerequisite:** RTV 2241C and DIG 2151C. **Corequisite:** GRA 1140C. Develops field video production and editing techniques while enhancing aesthetic, writing and storytelling skills necessary for video production. The course emphasizes non-linear digital editing techniques, graphic design and digital audio production techniques. The basics of animation and digital video effects are introduced.
- SLS 0341 Career Communications.** 1 v.c.  
**TBA –** This course is designed to prepare students for planning and implementing a successful job search and for maintaining productive work experience on the job. Specific topics include: interpersonal skills, interview skills, problem solving techniques, job planning and developing responsible work behaviors.
- SLS 0380 Introduction to Entrepreneurship.** 2 v.c.  
**SP, SU – Prerequisite:** Permission of program manager. This is a basic course in entrepreneurship: the formation, planning, management and operation of a small business. This course will present a logical sequence of the necessary steps for either starting a new business or strengthening and continuing an existing business. Basic principles of finance, marketing, business law, accounting, management will be presented within the context of the small business. Also included is insurance billing and networking.
- SLS 1101 College Success.** 3 c.c.  
**FA, SP, SU –** This course teaches the skills necessary for college and career success. Critical thinking, time and financial management, study and test-taking strategies, and effective interpersonal communication are emphasized. Students explore learning styles, career options, and motivation, among other relevant topics. **Meets A.A. general education Category IV.**
- SLS 1101L College Lab.** 1 c.c.  
**FA, SP – Lab fee. Corequisite:** SLS 1101. This course is designed to assist Target Group (first generation) students attain and utilize strategies of learning to learn learning for life. This course will assist students in developing computer skills and competencies to support their learning styles, motivation, locus of control, personal responsibility and thinking and learning strategies which are essential to academic pursuits and life. Using various computer assessment tools, students will operate and manage technology assignments.
- SLS 1122 Introduction to College Life.** 1 c.c.  
**SU – Lab fee.** This course teaches the skills necessary for using technology in a college environment. Students will navigate the online college environment, including college web pages, college email accounts, and online course environments; use online college resources to access registration-related information; conduct Internet research to locate and evaluate online information; avoid plagiarism when using online sources; and create and manage electronic documents. **Meets computer competence requirement.**
- SLS 1353 Generations at Work.** 3 c.c.  
**FA, SP, SU –** This course covers basic skills needed for workplace success such as problem solving, critical thinking, team work and cooperation, time management, good communication, stress management and conflict resolution. Classroom sessions includes discussions, role playing, video modeling, practice, feedback, and activities to build participants skills and encourage the transfer of new skills to the workplace.
- SON 1004C Basic Procedures.** 4 c.c.  
**SP – A.A.S. only. Prerequisites:** BSC 1093, BSC1093L, PHY 1025. An introduction to clinical protocols/procedures and the role of the sonographer. Competency in patient care skills required of a sonographer is acquired. This course also includes common disease processes, medical terminology, and professional issues.
- SON 1100C Principles and Protocols of Sonography.** 4 c.c.  
**SU – A.A.S. only. Lab fee. Corequisite:** SON 1170. An introduction to the basic principles of sonographic scanning and scanning protocols for the abdomen, pelvis, and vascular system with laboratory practice of basic skills and application of basic principles.
- SON 1111 Abdominal Sonography I.** 3 c.c.  
**FA – A.A.S. only. Prerequisite:** SON 1170. This course covers the sonographic appearance of abdominal cavity, recognition of abnormality sonographically, and optimizing imaging of the abdomen. Gross anatomy and physiology of abdomen structures and congenital malformations are included.
- SON 1112 Abdominal Sonography II.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** SON 1111. This course is a continuation of SON 1111 stressing deviation from normal and customizing the sonographic examination to make a diagnostically optimal study.
- SON 1121 OB/GYN Sonography I.** 3 c.c.  
**FA – A.A.S. only. Prerequisite:** SON 1170. This course covers the sonographic appearance of the female reproductive system with and without pregnancy, recognition of abnormality sonographically, and optimizing imaging of the female pelvis. Gross anatomy and physiology of the female reproductive system and congenital malformations are included. Anatomy and physiology of normal obstetrics from fertilization through the post natal period is covered as well as obstetrical sonographic imaging.

- SON 1122 OB/GYN Sonography II.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** SON 1121. This course is a continuation of SON 1121 stressing deviation from normal and customizing the sonographic examination to make a diagnostically optimal study.
- SON 1144 Superficial Structures (Small Parts).** 3 c.c.  
**SU – A.A.S. only. Prerequisite:** SON 1112. This course includes anatomy, physiology, and pathophysiology of the superficial structures imaged with sonography. Sonographic recognition of normal and pathologic states and the techniques unique to superficial structure imaging is stressed.
- SON 1170 Sonography of the Circulatory System.** 3 c.c.  
**SU – A.A.S. only. Corequisite:** SON 1100C. An introduction to the hemodynamics of circulatory systems and the sonographic imaging and Doppler assessment of the cardiac and vascular structures.
- SON 1211 Medical Sonography Physics I.** 3 c.c.  
**FA – A.A.S. only. Prerequisite:** SON 1170. This course offers the principles of diagnostic ultrasound and presents the fundamental properties of ultrasound physics. Tissue interactions and interfaces, focusing characteristics and methods and intensity and power considerations are introduced, along with system resolution considerations.
- SON 1212 Medical Sonography Physics II.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** SON 1211. This course offers further consideration of the properties of diagnostic ultrasound stressing the operation of the diagnostic equipment, the display system, biological effects and quality assurance methods. Current developments in ultrasound are included.
- SON 1214 Practical Aspects of Sonography I.** 3 c.c.  
**FA – A.A.S. only. Prerequisite:** SON 1170. This course offers the principles of diagnostic ultrasound and presents the practical aspects of scanning techniques, film critique, film identification and patient care and handling as related to sonographic Doppler examination. Stresses the operation of diagnostic ultrasonic equipment and obtaining routine images.
- SON 1215 Practical Aspects of Sonography II.** 3 c.c.  
**SP – A.A.S. only. Prerequisite:** SON 1214. This course offers more advanced principles of diagnostic ultrasound, adding knowledge of pathological processes. Further presenting the practical aspects of scanning techniques, film critique, film identification and patient care and handling as related to the sonographic examination. Stressing the correlation of all patient data, including sonographic images obtained to assist in the differential diagnostic process.
- SON 1804 Sonography Clinic I.** 3 c.c.  
**FA – A.A.S. only. Lab fee. Prerequisite:** SON 1170. Under professional supervision students learn and practice in actual clinical settings combining skills learned in previous courses and didactic knowledge. Professionalism and personal interactions are stressed along with technical abilities for obtaining images.
- SON 1814 Sonography Clinic II.** 3 c.c.  
**SP – A.A.S. only. Lab fee. Prerequisite:** SON 1804. This course is a continuation of SON 1804. Students will continue to build skills utilizing clinical facilities. Deviation from normal and adaptation of sonographic studies to obtain optimal data is stressed.
- SON 1824C Sonography Clinic III.** 4 c.c.  
**SU – A.A.S. only. Lab fee. Prerequisite:** SON 1814. This course is a continuation of SON 1814. Students will continue to build skills utilizing clinical facilities. Professionalism and personal interactions are stressed along with advanced technical abilities.
- SOW 2031 Introduction to Social Work and Social Welfare.** 3 c.c.  
**FA, SP –** This course is a survey of the social work profession from its historical roots to the present. Emphasis is placed on introducing the students to the field, practice standards, issues in social welfare, the social work process, and practice settings. Particular emphasis will be placed on the role of social workers in advancing the human condition. Students will learn about the role professional social workers play in attaining equality of opportunity, fairness, and social justice.
- SPC 1006C Basic Speaking and Listening Skills.** 1 c.c.  
**FA, SP –** This introductory speech communication course focuses on the critical listening, message composition, and speech delivery components prescribed by the Florida College-Level Academic Skills Program. A speaking intensive course, it involves comprehensive and critical listening, instruction of general speech concepts, and performance of basic types of speeches. (Also available as an online course.) **Meets A.A. oral communications requirement.**
- SPC 1017 Fundamental Communication Concepts.** 3 c.c.  
**TBA –** This course provides an introduction to oral communication, examining the fundamentals of public, small group, intrapersonal, and interpersonal communication, and may include professional, mass communication, and technology based components. Student participation in formal oral presentations, informal speaking, and listening situations are learning techniques, in addition to traditional lecture format. **Meets A.A. oral communications requirement.**
- SPC 1608 Public Speaking.** 3 c.c.  
**FA, SP, SU –** This rhetoric-based course examines the concepts of speech communication via lecture, discussion, and practical experiences in public speaking, small group discussion and problem solving, and comprehensive and critical listening. This is a speaking-intensive course, and participation may include original research, writing, and delivery of several types of formal speeches, panel discussions, and critical analysis and evaluation of other speakers. **Meets A.A. oral communications requirement.**
- SPC 2300 Interpersonal Communication.** 3 c.c.  
**FA, SP, SU –** This comprehensive course studies the speech communication principles involved in one-to-one interaction, family, social, and occupational group communication, comprehensive listening, and intrapersonal thought. Discussions and activities focus on application of verbal and nonverbal communication to convey messages about the self, to create and maintain relationships, to improve academic and professional performance, and to manage/resolve conflict, among other concepts. Learning techniques may include formal and informal presentations, role play, simulation, and small group participation. **Meets A.A. oral communications requirement.**
- SPC 2933 Special Topics in Communication.** 3 c.c.  
**TBA – Prerequisites:** A grade of “C” or better in ENC 1102 or SPC 1600 or SPC 2300. This course is designed to allow flexibility for presenting a variety of topics in communication, including but not limited to interpersonal relationships; communication in film; small group dynamics; voice and diction; nonverbal communication; and intercultural communication. Oral performance may be required. Course(s) may be repeated for credit when content varies. Lab fees may be required.
- SPN 1120 Beginning Spanish I** 4 c.c.  
**FA, SP, SU –** Fundamentals of grammar, drill in pronunciation, reading, and special emphasis on oral expression in the language. The course consists of four credits of classroom instruction. If you have had two consecutive years of Spanish in high school, it is strongly advised you begin in SPN 1121.
- SPN 1121 Beginning Spanish II** 4 c.c.  
**FA, SP, SU – Prerequisite:** SPN 1120. **Not for beginners.** The course will consist of four credits of classroom instruction. Emphasis will be placed on speaking, reading and writing, as well as culture. If you have had two consecutive years of Spanish in high school, it is strongly advised you begin in SPN 1121. **Meets A.A. general education Category V.**
- SPN 2200 Intermediate Spanish I.** 3 c.c.  
**TBA – Prerequisite:** SPN 1121. Development of ability to read with comprehension varied material on literature, culture, or history of Spanish-speaking countries with the emphasis on the oral-aural aspects of the language. The study of grammar is continued on a more advanced level.

- SPN 2201 Intermediate Spanish II.** 3 c.c.  
**TBA – Prerequisite:** SPN 2200. This course is designed to further enhance the knowledge of students in the Spanish language. The four language skills of listening, reading, writing and speaking will offer the students the opportunity to learn more about the stylistics of the language. Creative material will be introduced that will help students acquire more information about the history and the culture of the language.
- SPN 2240 Conversational Spanish I.** 3 c.c.  
**TBA – Prerequisite:** SPN 2201. The course is intended for any student with at least six hours of Spanish who desires proficiency in spoken Spanish. The student is urged to use Spanish in class in the practicing of structural drills and the discussion of varied materials in Spanish.
- SPN 2241 Conversational Spanish II.** 3 c.c.  
**TBA – Prerequisite:** SPN 2240. A continuation of Conversational Spanish I, SPN 2240.
- STA 2023 Elementary Statistics.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Appropriate score on Florida Entry-Level Placement Exam or completion of MAT 1033 with a grade of “C” or better. This is a study of fundamental statistical methods including organization, analysis and interpretation of numerical data, measures of central tendency and dispersion, statistical distributions, sampling techniques, hypothesis testing, probability, z-tests, chi-square tests, correlations, and regression equations. **Meets A.A. general education Category III.**
- STS 0003C Introduction to Surgical Technology.** 6 v.c.  
**FA – Lab fee. Prerequisite:** Admission to the Surgical Technology program. **Corequisites:** HSC 0005, STS 0804. The purpose of this course is to introduce students to the duties and responsibilities of the surgical technologist as a member of the surgical team in a health care organization. Course topics will include surgical suite organization and management, the physical environment of the surgical suite, and the historical development of surgery. Communication skills and ethical, illegal, and moral responsibilities of the surgical technologist will be emphasized throughout the course. Beginning skills needed in the operating room will be taught in the campus lab setting. Students will complete a clinical experience in perioperative observation.
- STS 0120 Surgical Specialties I.** 4 v.c.  
**FA – Prerequisites:** BSC 0070, HSC 0005, MEA 0230, STS 0003C, STS 0804. **Corequisites:** STS 0255L, STS 0803C. This course is an introduction to the various types of general, obstetric and gynecologic surgical procedures, ophthalmic, otorhinolaryngology, oral and maxillofacial and genitourinary surgery.
- STS 0121 Surgical Specialties II.** 1 v.c.  
**SU – Prerequisite:** STS 0255L. **Corequisite:** STS 0256L. This course continues with and builds upon, the various types of specialty surgical procedures introduced in Surgical Specialties I. The types of surgical specialties covered will include: pediatric surgery, orthopedic surgery, plastic and reconstruction, diagnostic procedures and biomedical science.
- STS 0122 Surgical Specialties III.** 1 v.c.  
**SU – Prerequisites:** STS 0121, STS 0256L. **Corequisite:** STS 0257L. This course is the last in a series of courses which focus on specialty surgical procedures. More complex surgical specialties will also be covered: cardiothoracic, peripheral vascular and neurosurgery will be covered.
- STS 0255L Surgical Procedures Clinical I.** 9 v.c.  
**SP – Lab fee. Prerequisites:** HSC 0005C, STS 0003C, STS 0804, S00758. **Corequisites:** STS 0120, STS 0803C. This course consists of supervised, beginning-level learning experiences in clinical settings. Students will apply and reinforce concepts, principles, and skills of surgical technology practice while progressing from the role of observer to that of a supervised member of the surgical team. Emphasis will be placed on general surgery and the specialties of gynecology and obstetrics surgery, ophthalmic surgery, otorhinolaryngology surgery, oral and maxillofacial surgery and genitourinary surgery.
- STS 0256L Surgical Procedures Clinical II.** 6 v.c.  
**SU – Lab fee. Prerequisite:** STS 0255L. **Corequisite:** STS 0803C. The focus of this course is to provide clinical experience which will allow the student to develop increased competency of surgical technology skills in general surgery and selected specialty areas. Emphasis will be placed on pediatric surgery, orthopedic surgery, plastic and reconstructive surgery, diagnostic procedures and biomedical science.
- STS 0257L Surgical Procedures Clinical III.** 6 v.c.  
**SU – Prerequisites:** STS 0121, STS 0256L. **Corequisite:** STS 0122. This course will reinforce and extend the instructional experiences of the previous courses. The focus is on integrating all previously learned concepts, principles, and skills essential to the role of the entry-level surgical technologist. Emphasis will be placed on the specialties of cardiothoracic, peripheral vascular surgery and neurosurgery.
- STS 0803C Pharmacology and Anesthesia.** 2 v.c.  
**SP – Prerequisites:** BSC 0070, MEA 0230, STS 0804. An introduction to pharmacology and anesthesia from the perspective of the surgical technologist. Participants will become familiar with the care and handling of drugs and solutions, the use of drugs in the care of surgical patients, and the principles of anesthesia administration.
- STS 0804 Basic Microbiology.** 2 v.c.  
**FA –** This course covers the characteristics and activities of micro organisms. It surveys the various microbial groups, especially bacteria, viruses, and fungi, with an emphasis on pathogenic forms. Bacterial growth, metabolism, and genetics are discussed in some detail. Theories and methods of destruction, removal and inhibition of microorganisms in the environment are studied, as well as how the human body’s natural defenses act to protect us against pathogenic microorganisms and how chemotherapeutic agents assist in this task. Various significant aspects of several infectious diseases that occur in humans are also covered.
- SUR 1100C Construction Surveying.** 4 c.c.  
**SU – A.A.S. only. Lab fee. Corequisite:** MAT 1033 or higher math or permission of instructor. An introductory course including the fundamentals of plane surveying and the use and care of equipment. Topics covered are theory of leveling, angles and bearings, curves and topography. An introductory laboratory designed to include measurement of distance, leveling, and land surveying. Includes use of Laser/Electronic Distance Meter.
- SWS 2006 Introduction to Soil Science.** 4 c.c.  
**SP –** A study of the relationships of soil water, fertilizers and plant roots. The course will include soil properties, classification, management and use. The social issues surrounding soil water use will be covered. The laboratory period will give students practical experience in the above areas.
- SYG 2000 Introduction to Sociology.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. Sociology is the systematic study of human group dynamics. As such, this introductory course will cover the theoretical foundations of sociology and their application to modern society. Some topics covered include: race and ethnicity, gender and age inequalities, globalization, education and politics. The course invites students to view and analyze their social world in a new and exciting perspective. **Meets A.A. general education Category IV. A writing emphasis course.**
- SYG 2010 Social Problems.** 3 c.c.  
**SP – Prerequisite:** SYG 2000 or permission of the department head. This course utilizes current sociological research and theory to analyze the origins and possible solutions to those problems found in modern-day social institutions such as marriage, the economy, government, education and health care. Other topics include social costs of environmental degradation, ethical issues associated with rapidly changing technology, poverty and crime. Students are encouraged to participate actively in this discussion-based class. **Meets A.A. general education Category IV. A writing emphasis course.**

- TAX 2000 Income Tax Procedures.** 3 c.c.  
**FA, SP – A.A.S. only. Prerequisite:** ACG 2001 or ACG 2021.  
 This course is the study of current Federal Income Tax Laws and rules as they apply to individual income tax returns. Actual tax forms are studied and prepared by the student. Topics include gross income, inclusions, and exclusions, personal itemized deductions, tax credits and pre-payments, capital gains and losses, and rental and self-employment income.
- THE 2000 Introduction to Theatre.** 3 c.c.  
**FA, SP, SU – Prerequisite:** Test score requirement the same as ENC 1101. Designed to instill in the student a curiosity and interest in all areas of the theatre by inspiring him or her to look at this collaborative art form from the point of view of those who create it. This is not an acting class. **Meets A.A. general education Category V. A writing emphasis course.**
- THE 2083 Theatre Problems.** 3 c.c.  
**TBA – Prerequisite:** THE 2000. This is an advanced course for students who have demonstrated that they are capable of advanced, highly specialized work in a particular area of the theatre such as scene design, acting methods, play writing, and directing. Students are assigned to a teacher who will design, supervise, and evaluate their projects. May be used for certification or recertification of high school drama teachers. May be repeated for credit (three times).
- THE 2300 Dramatic Literature.** 3 c.c.  
**SP –** This course explores dramatic literature and develops the student's knowledge and appreciation of the elements of literature through the study of selected scripts, playwrights and dramatic theories. Among these elements are the history of dramatic literature, genre study and the theory and practice of dramatic analysis and criticism.
- TPA 2200 Introduction to Technical Theatre.** 3 c.c.  
**SP –** Basic design practice as applied to stage settings, practical exercises in construction, painting, mounting, and lighting a stage production. Students enrolled in this course will not be permitted to enroll in Stagecraft Workshop during the same semester.
- TPA 2290C Technical Laboratory.** 1 c.c.  
**FA, SP, SU –** Course constitutes participation in the backstage technical operation of the current production. This course may be taken three times. Hours to be arranged.
- TPP 1100 Introduction to Acting.** 3 c.c.  
**SU –** An introduction to the basic skills of acting, voice, and dance for the stage. Course consists of one hour daily lectures/participation covering various aspects of theatre arts, including costumes, scenery, and make-up to be followed by three hours of rehearsal. Students will participate on stage or back stage in a musical or dramatic production. This course may be repeated as different productions are performed.
- TPP 1110 Acting I.** 3 c.c.  
**FA –** A practical study of beginning acting. Basic skills will be practiced in pantomime, improvisations, and selected scenes. Participation in current Pensacola State College production is encouraged, as well as studying other actors in performance in area theaters: Pensacola Little Theatre, University of West Florida, and local secondary schools.
- TPP 1111 Acting II.** 3 c.c.  
**SP – Prerequisite:** TPP 1110 or permission of instructor. A study of acting styles with practical application of acting skills in classroom exercises and extra-curricular activities. A study of the advantages and disadvantages of theatre as a vocation and/or an avocation.
- TPP 2190 Rehearsal and Performance.** 1 c.c.  
**FA, SP, SU – Prerequisite:** Permission of instructor. This credit hour is restricted to the students who are cast in performing roles in the dramatic productions of the semester. This credit may be earned three times. Hours to be arranged.
- TPP 2250 Introduction to Musical Theatre.** 3 c.c.  
**SP –** Introduction to the study of musical theatre analysis, creation, and performance as applied to the study of voice, dance, and acting.
- TPP 2300 Directing I.** 3 c.c.  
**FA – Prerequisite:** TPP 1110 or permission of instructor. Introduction of the fundamental principles and techniques of play direction to include script selection and analysis, casting, blocking, composition, picturization, interpretation and staging of plays.
- WCL 0050C Health Unit Coordinator Functions.** 8 v.c.  
**FA, SP – Lab fee - Prerequisites or Corequisites:** HSC 0005, OTA 0101. Classroom instruction and laboratory practice in receptionist duties, transcription of physician's orders, orientation to the hospital environment, maintenance of patient charts and forms, and coordinating the non-clinical tasks associated with health care nursing units. (Students must be preadmitted into the Health Unit Coordinator Program to take this course.)
- WCL 0055L Health Unit Coordinator Clinical I.** 6 v.c.  
**SP, SU – Prerequisite:** WCL 0050C. Provides instruction in the use of a specific hospital's computer order entry system. On-the-job training is designed to give the student work experience in hospitals on various nursing units. The experience allows the student to practice health unit coordinating skills learned in the classroom under the supervision of practicing health unit coordinators and the instructor.
- ZOO 1010 General Zoology.** 3 c.c.  
**FA, SP, SU – Corequisite:** ZOO 1010L. Morphological, physiological, and taxonomic aspects of animals are studied. Representative animals are used to illustrate significant characteristics of major and animal groups. Variety of form and function in animals is given considerable emphasis throughout the course. Local beach and marine animals are emphasized. Recommended for biology majors. **Meets A.A. general education Category VI.**
- ZOO 1010L General Zoology Laboratory.** 1 c.c.  
**FA, SP, SU – Lab fee. Corequisite:** ZOO 1010. An introductory course with the appropriate microscope and dissection exercises to accompany ZOO 1010. **Meets A.A. general education Category VI.**
- ZOO 2303 Vertebrate Zoology.** 3 c.c.  
**FA – Prerequisite:** ZOO 1010. **Corequisite:** ZOO 2303L. A survey of the biology of vertebrates, with emphasis on evolution, taxonomy, anatomy, physiology, behavior, and ecology.
- ZOO 2303L Vertebrate Zoology Laboratory.** 1 c.c.  
**FA – Lab fee. Prerequisite:** ZOO 1010L. **Corequisite:** ZOO 2303. A laboratory course covering the anatomy, taxonomy, and behavior of the vertebrates, including survey of related chordates. Dissection of representatives of vertebrate classes, use of taxonomic keys, and a project are included in class assignments.

Family Services Coordinator ..... Dawn Rockey

---

## Student Affairs

**Director, Student Services** ..... **Judy Floyd**  
Administrative Assistant ..... Eugenia Taylor  
Coordinator, Student Leadership and Activities ..... Edith Finley  
Assistant Professor ..... Albert Huffman  
Test Technician ..... Monica Duff  
Office Assistant ..... Vacant

---

## Financial Aid/Veterans Affairs

**Director** ..... **Karen Kessler**

---

## Police Department

**Chief/Director** ..... **Henry Shirah**  
Police Officer ..... James Wilburn  
Police Officer ..... Rodney Rani

# FACULTY AND ADMINISTRATION

**MEADOWS, Edward (2008)**

President  
B.S., Delta State University  
M.S., University of Tennessee  
M.A., Ed.D., Ball State University

**ABBOTT, Dorothy D. (1993)**

Assistant Professor/Librarian  
Library Services, Milton Campus  
A.A., Pensacola Junior College  
B.A., University of West Florida  
M.L.S., University of Southern Mississippi

**ACKERET, Constance (2009)**

Instructor of Nursing  
Department of Nursing, Warrington Campus  
B.S.N., Purdue University  
M.S.N., Walden University

**ADAMS, Sharon (2011)**

Instructor of Mathematics  
Mathematics Department  
A.A., Okaloosa Walton Junior College  
B.A., M.A., University of West Florida

**ADKINS, Douglas (1981)**

Maintenance Manager, Maintenance Services  
Physical Plant  
A.A., Pensacola Junior College

**ADKINS, Rebecca (1993)**

Director, Student Resource Center for  
ADA Services  
Student Resource Center for ADA  
Services Department  
A.A., Pensacola Junior College  
B.A., University of West Florida  
M.A., University of Colorado  
M.A., University of Illinois

**ALBAUGH, Stacey (1999)**

Professor of Speech  
Department of English/Communications  
A.S., Jefferson Davis Junior College  
B.A., M.A., University of West Florida

**ALEXANDER, Jonathan (1999)**

Senior Computer Systems Analyst  
Department of Information  
Technology Services  
A.A., Pensacola Junior College  
B.S., University of West Florida

**AMMANN, Alan I. (2004)**

Assistant Professor  
Department of Business  
B.S., M.B.A., D.B.A., Mississippi  
State University

**AMOS, Anthea E. (2003)**

Dean, Milton Campus  
Milton Campus  
A.A., Pensacola Junior College  
B.A., University of West Florida  
M.A., University of Southern Mississippi  
M.A., Fort Hays State University  
Ph.D., Capella University

**ANDERSON, Paige (1997)**

Associate Professor  
Department of English/Communications  
Selected for Academy of Teaching  
Excellence in 2008  
B.A., M.A., Emory University

**ANDERSON, Tonie E. (1991)**

Professor/Counselor  
Student Services, Milton Campus  
A.A., Pensacola Junior College  
B.A., Ed.S., University of West Florida  
M.S., Troy State University  
Ed.D., University of West Florida

**APP, Cynthia E. (2002)**

Associate Professor of Art  
Multimedia Program Coordinator  
Department of Visual Arts  
B.A., University of Michigan  
M.A., Michigan State University  
Ph.D., Indiana University

**ARD, Kayla (2010)**

Assistant Athletics Coach  
Women's Basketball  
Department of Athletics  
B.A., Southeastern Louisiana University

**ASPRER, Frank (2011)**

Internet Systems Analyst  
Department of Information  
Technology Services  
B.S., University of West Florida

**ATKINS, John (1989)**

Professor of Business  
Department of Business  
A.S., Central Carolina Technical College  
B.S., University of North Carolina  
Chapel Hill  
M. of Econ., M.S., North Carolina State

**ATKINS-HARRIS, Karen (1996)**

Professor/Counselor, Student Services  
Department of Collegiate High School  
B.S., M.S., Troy State University

**BAILEY, Thomas L. (1981)**

Professor of English  
Department of English/Communications  
Selected for Academy of Teaching  
Excellence in 1990  
B.A., Emory University  
M.A., University of Florida

**BALL, Larry D. (2000)**

Assistant Professor of Engineering Technology  
Department of Technologies  
A.A., A.S., Pensacola Junior College  
B.S., University of West Florida

**BARKER, Ella (1987)**

Coordinator, General Accounting  
Comptroller's Office  
A.A., Pensacola Junior College  
B.S.B.A., M.Acc., University of West Florida

**BARNES, Inger (2011)**

Project Director  
Health Profession Opportunity Grant  
B.S., M.A., Troy University

**BAXTER, Diane (2010)**

Director  
Facilities Planning and Construction

**BECK, Jamie (1995)**

Senior Computer Systems Analyst  
Department of Information  
Technology Services  
A.A., Pensacola Junior College  
B.S., M.S., University of West Florida

**BECK, William D. (1981)**

Associate Professor/Counselor  
Career Connection  
B.S., M.A., University of Alabama

**BELL, Dan (1987)**

Professor of English  
B.A., M.A., Michigan State  
M.A., California State University

**BENJAMIN, R. Jeff (2011)**

Recruitment Specialist  
Enrollment Management  
B.S., M.Ed., University of West Florida

**BENSON, Mary (2002)**

Associate Professor of Mathematics  
Department of Mathematics  
B.A., La Salle University  
M.S., Eastern Kentucky University

**BIXEL, Gil (1977)**

Director, Student Job Services  
A.A., Okaloosa-Walton Junior College  
B.A., University of West Florida

**BLACKWELL, James (2007)**

Coordinator, Transfer Services  
Student Support Services  
B.S., University of West Florida  
M.Ed., University of Southern Mississippi

**BLOOM, Linda C. (1987)**

District Academic Department Head  
Associate Professor of Business  
Department of Business, Pensacola Campus  
Selected for Academy of Teaching  
Excellence in 1991  
B.S., Mississippi College  
M.S., Ph.D., University of Southern  
Mississippi

**BLOXOM, Gregory W. (2006)**

Assistant Professor of Mathematics  
Department of Mathematics  
B.S. Shepherd College  
M.S. University of West Florida

**BOILLOT, Michel H. (1970)**

Professor of Computer Science  
Department of Computer Science,  
Milton Campus  
B.A., M.S., University of Wisconsin  
Ed.D., Nova Southeastern University

**BOLES, Michael F. (1980)**

Professor of Art  
Department of Visual Arts  
B.S., M.F.A., Sam Houston State University

**BONE, Timothy H. (1986)**

Professor of Engineering Technology  
Engineering Technology Programs  
B.S., Florida State University  
M.S., University of West Florida

**BOTSFORD, Thom (1986)**

District Academic Department Head  
Professor of English and Journalism  
Department of English/Communications  
B.A., M.A.C.T., Auburn University

**BRACKEN, Roy (2011)**

Acting District Academic Department Head  
Professional Service Careers  
B.F.A., University of South Alabama  
M.A., University of West Florida

- BRADLEY, Winifred R. (1988)**  
District Department Head of Libraries  
B.S., Florida A&M University  
M.L.S., Florida State University
- BRAHIER, Jennifer (2005)**  
Assistant Professor of Mathematics  
Department of Mathematics  
B.S., M.S. University of West Florida
- BRANCH, Arthur A. "Butch" (2000)**  
Coordinator, Fitness Center and Student  
Leadership and Activities, Milton Campus  
Selected for Academy of Teaching  
Excellence in 1996  
A.A., Pensacola Junior College  
B.S., M.S., University of West Florida
- BRANCH, Jeanne A. (2003)**  
Capital Outlay Accountant  
Comptroller's Office  
A.A., Pensacola Junior College  
B.S.B.A., M.Acc., University of West Florida
- BREMER, Shirlaura (2008)**  
Instructor of Secondary Education  
Department of Collegiate High School  
B.S., University of Southwest Louisiana  
M.S., William Carey College
- BREWER, Dale (1988)**  
Professor of Medical Assisting and  
Office Administration  
Department of Allied Health,  
Warrington Campus  
B.S., M.Ed., University of West Florida  
Certified Medical Assistant
- BROMET, Liesa L. (2000)**  
Professor of Diagnostic Medical Sonography  
Allied Health Department,  
Warrington Campus  
Selected for Academy of Teaching  
Excellence in 2004  
B.S.N., University of Missouri  
RDMS:Abdomen, OB/GYN,  
Neurosonology Certifications  
RDCS:Adult Echocardiography  
RVT:Vascular Technology
- BRONSON, Anita (2011)**  
Case Manager  
Health Profession Opportunity Grant  
B.A., University of West Florida
- BROXTON, Randall (1995)**  
Learning Lab Supervisor  
Student Support Services  
Selected for the Academy of Teaching  
Excellence in 1998  
B.S., University of South Alabama  
M.S., Troy State University
- BROYLES, Linda V. (2004)**  
Instructor/Librarian  
Library Services, Technical Services,  
Pensacola Campus  
B.A., Indiana University at South Bend  
M.L.S., Indiana University
- BRUNI, Breana (2009)**  
Development Coordinator, Annual Giving  
and Alumni Affairs  
College Development and Alumni Affairs  
B.A., University of West Florida
- BUCHANAN, R. Morris (2004)**  
Associate Professor of Mathematics  
Department of Developmental Studies  
B.S. University of Southern Mississippi  
M.S. University of West Florida
- BURKHARDT, Joan (1996)**  
Assistant Professor of Mathematics  
Department of Developmental Studies  
B.S., University of South Alabama
- BURNS, Rachelle (2005)**  
Director, Student Support Services  
TRiO Student Support Services  
B.A., Fairfield University  
M.A., Reformed Theological Seminary
- BURTON, Frank (2004)**  
Assistant Manager, Program Operations  
WSRE  
A.S., Faulkner State University  
B.S., Auburn University  
B.S., University of West Florida
- BUTCHER, Lynne (1998)**  
Student Services Specialist  
TRiO Educational Talent Search  
A.A., Pensacola Junior College  
B.S., University of West Florida
- CACACE, Richard N. (1996)**  
Professor, Computer Science  
Department of Computer Science  
Selected for Academy of Teaching  
Excellence in 2004  
B.S., U.S. Naval Academy  
M.S., University of West Florida
- CADE, Lynn B. (1988)**  
Professor of Mathematics  
Department of Mathematics,  
A.A., Bishop State Junior College  
B.S., Alabama State University  
M.A., University of West Florida
- CALLOWAY-SCHLEDT, Kimberly (2005)**  
Student Services Specialist  
TRiO Educational Talent Search  
A.S., A.A., Pensacola Junior College  
B.S., University of West Florida  
M.P.A., Troy University
- CAMPBELL, Robert (2008)**  
Instructor of Biology  
Department of Biological Sciences  
B.S., Youngstown University  
M.S., University of West Florida
- CANNON, Michael (1992)**  
Instructor of Engineering Technology  
Department of Technologies  
B.S., East Tennessee State University
- CARR, Jeremy (1996)**  
Instructor of Mathematics  
Department of Mathematics  
B.S., M.S., University of South Alabama
- CARRIER, Brenda (1993)**  
Bursar  
Cashier's Office  
A.A., Pensacola Junior College  
B.A., University of West Florida
- CARROLL, Teena (2009)**  
Instructor, Physical Therapist  
Assistance Program  
Department of Health Sciences,  
Warrington Campus  
A.A., A.A.S., Pensacola Junior College  
B.S., University of West Florida
- CARSON, Vicki (1980)**  
Assistant Professor of Human Performance  
and Recreation  
Department of History, Languages,  
and Social Sciences  
B.S.E., University of Arkansas  
M.A., University of Alabama

Activities Coordinator  
Dance, Cheerleading and Fitness Center  
B.S., University of West Florida
- CARTER, Melissa (2007)**  
Coordinator, Donor Services, WSRE  
A.A., Pensacola Junior College  
B.A., University of West Florida
- CAUGHEY, Martha F. (1969)**  
Director, Admissions and Registrar  
Admissions/Registration  
A.A., Pensacola Junior College  
B.S., University of West Florida
- CAUSEY, Rebecca J. (1989)**  
Interim Project Director, Educational  
Opportunity Center  
TRiO Educational Opportunity Center  
B.S., M.S., Ph.D., University of  
Southern Mississippi
- CHANEY, Paul (2001)**  
Instructional Technologist  
Distributed Learning  
A.S., Pensacola Junior College  
B.F.A., Atlanta College of Art
- CHEN, Owen (2010)**  
Microcomputer Specialist  
Microcomputer Resources  
B.A., M.A., University of Florida
- CHEN, Xiaolun (1998)**  
Professor, Director of Choral Activities  
Department of Music and Theatre  
B.A., The Central Conservatory of Music,  
Beijing, China  
M.M., Eastman School of Music, University  
of Rochester
- CLARK, Neil (1995)**  
Instructor of Biology  
Department of Biological Sciences  
A.S., Pensacola Junior College  
B.A., State University of New York  
M.S., University of West Florida
- CLEMENTE, Aracelis (2011)**  
Student Services Specialist  
TRiO Educational Opportunity Center  
B.S., Sacred Heart University  
M.A., Drury University
- CLOVER, William (1966)**  
Professor of Art  
Department of Visual Arts  
A.A., Santa Monica City College  
B.A., Long Beach State College  
M.F.A., Cranbrook Academy of Art
- COKER, Barrow M. (1998)**  
Computer Systems Analyst  
Department of Information  
Technology Services  
A.S., Phillips College  
A.A., Pensacola Junior College  
B.S., M.S., University of West Florida
- COLE, Diane (1997)**  
Professor of Reading  
Department of Developmental Studies  
B.A., M.Ed., Western Illinois University  
M.S., St. Thomas University
- COLLINS, Monique (2003)**  
Associate Professor/Counselor  
Department of Academic Advising  
B.A., M.S., Troy University  
Ed.D., University of West Florida

- COSEO, Marilyn (1986)**  
Professor of Radiography  
Allied Health Department,  
Warrington Campus  
A.S., Reading Area Community College  
B.S., Salem College  
R.T., Eastern Suffolk School of  
Radiologic Technology  
M.Ed., Ed.D., University of West Florida
- COURINGTON, David (2011)**  
Network Administrator  
Department of Information  
Technology Services  
B.A., University of Alabama  
M.S.U.S., University of New Orleans
- COWAN, Brad (2010)**  
Assistant Athletics Coach, Baseball  
Department of Athletics  
A.S., Calhoun Community College  
B.S., University of West Florida
- COWAN, Rhonda (2007)**  
Director, Nursing  
Department of Nursing, Warrington Campus  
A.A., A.S., Jefferson Davis College  
B.A., University of West Florida  
M.S.N., University of South Alabama
- CRAGO, Ralph E. (2002)**  
Systems Support Analyst  
Department of Information  
Technology Services  
B.A., University of West Florida
- CRANN GOOD, Alice (2005)**  
Public Information Specialist  
Marketing and College Information  
B.A., University of West Florida
- CRAVEN, Hollace (2005)**  
District Academic Department Head  
Education/Educator Preparation Institute  
B.A., M.A. Florida State University.  
Ph.D., University of Florida
- CRIDER, Claude (2006)**  
Instructor of Economics  
Department of Business  
B.S., University of Southwestern Louisiana  
M.B.A., M.Ed., University of South Carolina
- DANIELS, Joyce (2001)**  
Assistant Professor  
Department of Collegiate High School  
B.S., Florida State University
- DAUGHTRY, Lisa H. (2008)**  
Computer Systems Analyst  
Department of Information  
Technology Services  
B.S., University of Florida  
B.S., University of West Florida
- DAVIS, Gail (2001)**  
Student Services Specialist  
TRiO Educational Opportunity  
Center Department  
B.S., M.Ed., Troy State University
- DAVIS, Homer (2007)**  
Learning Lab Supervisor  
Department of Developmental Studies  
B.A., Southeast Missouri State College  
M.A., Memphis State University
- DEAN, Michelle D. (1996)**  
Computer Systems Analyst  
Department of Information  
Technology Services  
A.A., Pensacola Junior College  
B.S., University of West Florida
- DELARGE, David (1993)**  
Computer Systems Analyst  
Department of Information  
Technology Services  
A.S., Pierce Junior College
- DIXON, Lois A. (1988)**  
Professor of Chemistry  
Department of Physical Sciences  
A.A., Pensacola Junior College  
B.S., University of West Florida  
M.A., Duke University  
Ph.D., University of Florida
- DOUMA, Deborah (1999)**  
Dean, Institutional Effectiveness and Grants  
A.A., Irvine Valley College  
B.A., M.S.A., University of West Florida
- DRENNEN, James D. (1982)**  
Professor of Information Technology  
Department of Information Technology  
CCNP, CCAI, CCDP, CISSP  
Certified Electronics Technician  
A.S., Pensacola Junior College  
B.S., University of West Florida
- DRUM, Matthew (2011)**  
Assistant Professor, Biology  
Department of Biological Sciences  
B.S., East Central University  
Ph.D., Florida State University
- DUNCAN, Frances H. (1992)**  
Dean, Warrington Campus  
Selected as Outstanding New Faculty  
Member in 1994  
Selected for Academy of Teaching  
Excellence in 1997  
B.S., Middle Tennessee State University  
M.A., Central Michigan University
- DUNCAN, Rose "Cookie" (2000)**  
Network Systems Analyst, Computer  
Services/Telecommunications  
Department of Information  
Technology Services  
B.S., William Carey College
- DUNCANS-BURNETT, Wilma (1988)**  
Professor, Health Sciences Department,  
Warrington Campus  
Selected for the Mary Ekdahl Smart Endowed  
Chair for Health Sciences for 2006  
C.R.T.T.A.S., R.R.T., Pensacola  
Junior College  
A.A., Normandale Community College  
A.S., Pensacola Junior College
- DUTREMBLE, Kathryn W. (2005)**  
Director, Enrollment Services  
and Academic Advising  
Enrollment Management Services/New  
Student Information Center  
B.S., M.Ed., University of Montevallo
- EHRHARDT-O'LEARY, Jennifer (2004)**  
Assistant Professor of Speech  
Department of English/Communications  
Selected for Academy of Teaching  
Excellence in 2007  
B.A., M.A., University of West Florida
- EMOND, Eugenia (1991)**  
Vice President, Business Affairs  
A.A., Pensacola Junior College  
B.A., M.B.A., University of West Florida  
Certified Public Accountant
- EMORY, Sandra K. (2004)**  
Associate Professor of Sociology  
Department of History, Languages,  
and Social Sciences  
B.A., San Diego State University  
M.A., University of New Mexico
- ESSLINGER, Mary V. (1993)**  
Academic Advisor  
Enrollment Services/New Student  
Information Center  
B.A., University of Mississippi  
M.Ed., Auburn University-Montgomery
- EVANS, Judith (2006)**  
Instructor of Nursing  
Department of Nursing, Warrington Campus  
A.S., Pensacola Junior College  
B.S.N., M.S.N., University of South Alabama
- EXUM, Kenith (2008)**  
Interim Professor of Chemistry  
Department of Physical Sciences  
B.S., M.A., University of Alabama  
M.Ed., University of Florida  
Ed.D., University of Southern Mississippi
- FALZONE, Peter (2000)**  
Associate Professor of Mathematics  
Department of Mathematics  
A.A., Pensacola Junior College  
B.S., M.S.T., University of Florida
- FARLEY, Patricia (2010)**  
Instructional Technologist  
Title III  
B.S., M.S., University of West Florida
- FINK, Logan (1984)**  
Assistant Professor of Biology  
Department of Biological Sciences  
B.S., M.S., University of Florida
- FINLEY, Edith (1987)**  
Coordinator, Student Leadership and Activities,  
Warrington Campus  
A.A., Pensacola Junior College  
B.S., M.S.M., Troy State University
- FISHER, William (1987)**  
Assistant Professor of English  
Department of English/Communications  
B.S., M.A., University of Kansas
- FLOYD, Judith (1988)**  
Director, Student Services, Warrington Campus  
B.S., University of Arkansas  
M.S., University of New York  
Ph.D., University of Alabama
- FLYNN, Donna (2002)**  
Associate Professor  
Allied Health Department,  
Warrington Campus  
Selected for Academy of Teaching  
Excellence in 2001  
A.S., Pensacola Junior College  
B.A., University of West Florida  
M.S., Troy State University  
Certificate, Medical Assisting  
CPC, CMM-Medical Coding,  
Health Care Management
- FOREHAND, Frederick F. (2003)**  
Telecommunications Network Analyst  
Department of Telecommunications Systems  
A.S., Jefferson Davis College  
A.S., Community College of the U.S.A.F.

- FOSTER, Marty (1997)**  
Science Lab Specialist  
Department of Biological Sciences  
B.S., University of West Florida
- FOWLER, Richard L. (2008)**  
Computer Systems Analyst  
Department of Information  
Technology Services  
B.S., University of Southwest Louisiana  
M.B.A., University of New Orleans
- FRANCIS, Mark (2001)**  
Assistant Professor of Photography  
Photography Program Coordinator  
Department of Visual Arts  
A.A., Pensacola Junior College  
B.S., Florida A&M University  
M.F.A., Savannah College of Art and Design
- FRAZER, Gael (1989)**  
Associate Vice President,  
Institutional Diversity  
Office of Institutional Diversity  
B.A., M.S., State University of New York  
at Albany  
J.D., Howard University
- FRIEDMAN, Deborah P. (1988)**

Department of Collegiate High School  
Selected for Academy of Teaching  
Excellence in 2000  
A.A., Pensacola Junior College  
B.A., University of West Florida  
M.S., Troy State University
- FUNDIN, Eric (2008)**  
Director, Station Operations  
WSRE  
A.A., Mercer County Community College  
A.B., University of Alabama
- GADDIS, Kenneth (2004)**  
Television Producer/Director  
WSRE
- GAMO, Gary W. (2009)**  
Program Director  
Veterans Upward Bound Project  
A.A., Santa Barbara City College  
B.A., Chico State College  
M.B.A., University of Georgia
- GANDRUP, Robert (2001)**  
Technical Director  
Department of Music, Theatre and Dance  
B.F.A., University of Texas
- GARBER, Daniel Thor (2001)**  
Professor of Physics and Astronomy  
Department of Physical Sciences  
Selected for Academy of Teaching  
Excellence in 2005  
A.A., B.S., M.S., University of Florida
- GARRETT, Rodney (1999)**  
Professor of Speech  
Department of English/Communications  
Selected for Academy of Teaching  
Excellence in 2006  
B.A., Auburn University  
M.A., University of Alabama  
Ed.S., Auburn University
- GEE, Thomas (1991)**  
Assistant Professor of Environmental  
Science and Chemistry  
Department of Physical Sciences  
Milton Campus  
B.S., M.S., State University of New York
- GERARD, Deborah (1987)**  
Academic Advisor  
Enrollment Services/New Student  
Information Center  
A.A., Pensacola Junior College  
B.A., University of West Florida
- GIACIN, Robin (1997)**  
Student Services Specialist  
TRiO Educational Opportunity Center  
B.S., M.S., Troy State University
- GILBERT, Herbert (1997)**  
Assistant Director of Engineering  
and Operations  
WSRE
- GILBERT, Michael W. (1989)**  
Associate Professor of Political Science  
Department of History, Languages,  
and Social Sciences  
Selected for Academy of Teaching  
Excellence in 2006

Assistant Professor  
 Program Director, Veterinary Technology  
 Department of Biological Sciences  
 A.S., Pensacola Junior College  
 B.S., University of West Florida  
 D.V.M., Ross University

**RICE, Charles (2008)**

Television Services Engineer  
 WSRE

**RICH, Carla L. (1983)**

Professor of Business  
 Department of Business  
 B.A., University of West Florida  
 M.B.A., Golden Gate University  
 D.P.A., University of Alabama

**RICHARDS, Sharon A. (2004)**

Assistant Professor of Cosmetology  
 Department of Professional Service Careers  
 A.A., A.S., Pensacola Junior College  
 B.A., University of West Florida

**RIGBY, Chanda (2005)**

Intercollegiate Athletics Coach  
 Women's Basketball  
 B.A., M.A., Southeastern Louisiana  
 University

**ROBERSON, Bobby J. (2006)**

Associate Professor of Chemistry  
 Department of Physical Sciences  
 Selected as Outstanding New Faculty  
 Member 2007  
 Selected for Academy of Teaching  
 Excellence in 2010  
 B.S., M.S., Ph.D., Auburn University

**ROBERTS, Jean (1988)**

Professor of English  
 Department of Developmental Studies  
 Selected for Academy of Teaching  
 Excellence in 1992  
 B.A., Metropolitan State College  
 M.A., University of Colorado at Denver  
 Ed.S., Ed.D., University of West Florida

Instructor of Speech  
 Department of English/Communications  
 A.A., Pensacola Junior College  
 B.A., M.A., University of West Florida

**ROBINSON, Frances (2002)**

Associate Professor of Reading  
 Department of Developmental Studies  
 Selected for Academy of Teaching  
 Excellence in 2009  
 B.A., M.Ed., University of West Alabama

**ROCKEY, Dawn (2011)**

Family Services Coordinator  
 Health Profession Opportunity Grant  
 B.S., Wofford College  
 M.Ed., The Citadel

**ROGERS, Douglas K. (1987)**

Coordinator of Intramurals  
 A.A., Pensacola Junior College

- ROOS, Jelle (1980)**  
Professor of English  
Department of English/Communications  
A.A., Miami-Dade Junior College  
B.A., Florida-Atlantic University  
M.S., Florida State University
- ROSE, Randolph (2000)**  
Instructor, Computer Science  
Department of Computer Science  
A.A., Pensacola Junior College  
B.S., M.S., University of West Florida
- ROSELL, Karen (1998)**  
Coordinator, Curriculum Services  
Department of Workforce Education  
and Academic Support  
A.A., A.S., Pensacola Junior College  
B.S., M.S., Troy University
- ROWAN, Michael (2007)**  
Senior Television Producer/Director  
WSRE  
B.A., George Mason University
- ROWE, Catherine (2011)**  
Instructor of Nursing  
Department of Nursing,  
Warrington Campus  
M.S.N., University of Phoenix
- ROWE, Patrick M. (1983)**  
Professor of Art History  
Department of Visual Arts  
B.A., Florida-Atlantic University  
M.A., Ph.D., Florida State University
- ROY, James (2008)**  
Television Producer/Director  
WSRE  
B.A., University of West Florida
- ROY, MaryEllen (2010)**  
Director, Marketing and College Information  
A.A., Brevard Community College  
B.S., Boston University  
M.B.A., University of Massachusetts
- RUBER, Christa (2008)**  
District Academic Department Head  
Allied Health Department,  
Warrington Campus  
A.A., Technical College of the Low Country

Professor  
Department of English/Communications  
Selected for Academy of Teaching  
Excellence in 2001  
B.A., University of Florida  
M.Ed., University of West Florida
- ZUKOWSKI, Steven (1999)**  
Computer Systems Analyst  
Department of Information  
Technology Services  
A.A., Pensacola Junior College

## FACULTY EMERITI

**BENNETT, William Y.**  
 (1995) Faculty Emeritus in Biological Sciences  
 Selected for Academy of Teaching  
 Excellence in 1990  
 B.S.Ed., M.Ed., Ed.D., University of Florida

**CAULEY, Elizabeth**  
 (1998) Faculty Emerita in Mathematics  
 B.S., University of Montevallo  
 M.Ed., University of North Carolina  
 Ed.D., Nova University

**DESMOND, James E.**  
 (1994) Faculty Emeritus in Mathematics  
 B.S., M.S., Florida State University  
 (deceased)

**KLEINMAN, Robert M.**  
 (1996) Faculty Emeritus in Philosophy  
 Selected for Academy of Teaching  
 Excellence in 1988  
 B.A., New York University  
 B.A., Pennsylvania State University  
 M.A., Ph.D., Columbia University

**McMANUS, Winifred**  
 (1994) Faculty Emerita in English  
 Selected for Academy of Teaching  
 Excellence in 1987  
 B.A., Huntingdon College  
 M.A., Arizona State University

**NEZ, Martha M.**  
 (1995) Faculty Emerita in Biological Sciences  
 B.S., Birmingham Southern College  
 M.S., Vanderbilt University  
 Ph.D., Florida State University

**ROSS, Louis A.**  
 (1996) Faculty Emeritus in Social Sciences  
 B.A., M.A., Florida State University

**TEAGLE, Louise L.**  
 (1994) Faculty Emerita in  
 Secondary Education  
 B.A., Huntingdon College

## 2010-2011 ACADEMY OF TEACHING EXCELLENCE INDUCTEES

**AMY COMPTON HORNER**  
 Professor  
 Biological Sciences

**TRAVIS HERR**  
 Associate Professor  
 Professional Services

**DONNA MATHIAS**  
 Assistant Professor  
 Health Sciences

**MARY TURNER**  
 Associate Professor  
 Nursing

**KAREN YOUNG**  
 Assistant Professor  
 Nursing

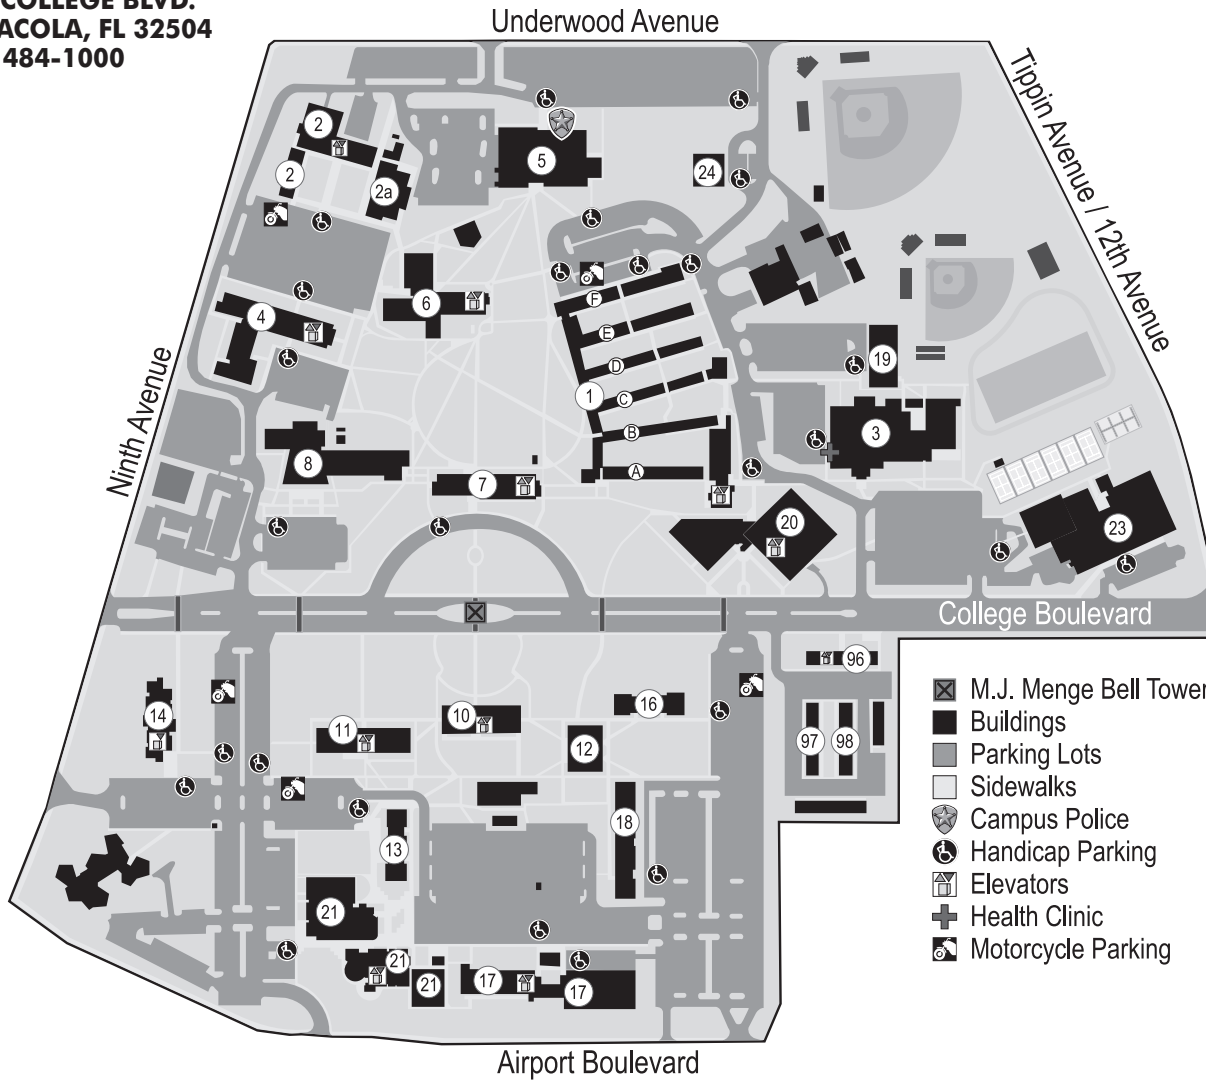

**DEBRA RYALS**  
 Adjunct Instructor  
 English/Communications

**STEPHEN WHITE**  
 New Faculty Instructor  
 Health Sciences

## A

ACT	7
Academic Calendar	Inside Front Cover
Academic Advising and Counseling	6
Academic Dismissal	44
Academic Grade Amnesty	44
Academic Honors	12, 51
Academic Probation	44
Academic Program Enhancements	115
Academic Progress	40, 44
Academic Regulations and Policies	44
Academic and Student Services	6
Academic Suspension	44
Academic Warning	44
Accountant — CPA (BUS-AA)	61
Accounting Applications	83
Accounting Assistant (ACCT-AAS)	83
Accounting Clerk (ACCTG-CT)	83
Accounting Specialist (ACCT-AAS)	83
Accounting Technology	83
Accounts Payable/Receivable Clerk (ACCT-AAS)	83
Accreditation	Title Page
Actor (DRAMA-AA)	76
Actuary (MATH-AA)	70
Additional Degrees	51
Administrative Assistant (OFIS-AAS)	109
Administrative Assistant Emphasis (Office Management)	109
Administrative Staff	180
Admissions	28
Adult Education Program	119
Adult High School (See Collegiate High School)	34, 120
Advertising Worker (BUS-AA)	61
Advising and Counseling	6
Agricultural Science (AGSCI-AA)	60
AIDS Policy	13
Alabama Tuition Differential	33
Alcohol/Drug Education and Prevention Information	13
Anti-Hazing Policy	19
Application Forms and Academic Credentials	32
Applications & Procedures	49
Art (ART-AA)	60
Art Gallery	11
Artist (ART-AA)	60
Associate Degree Admission (First Time In College)	29
Associate Degree Admission (Transfer Students)	29
Associate in Arts Degree	60
Associate in Applied Science Degree	78
Associate in Science Degree	78
Athletics	11
Attempts Limits, Course	45
Attendance Policy	45
Auditing Classes	35
AutoCAD Foundations	91
Automobiles on Campus	20

## B

Baccalaureate Admissions	54
Bachelor of Applied Science	54
Bachelor of Science in Nursing	56
Bank Teller (ACCTG-CT)	83
Banker (BUS-AA)	61
Barber (BARB-VC)	87
Barbering	87
Basic Education Program, Adult	119
Biochemistry	62
Biochemist (CHEM-AA)	62
Biology	61
Biologist (BIO-AA)	61
Biomedical Electronics Emphasis	94
Biomedical Equipment Technician (ELEC-AAS)	93
Board of Trustees	180

Bookkeeper (ACCTG-CT)	83
Books and Supplies	37
Bookstores	13
Botanist (BIO-AA)	61
Building Construction Specialist	83
Building Construction Technology	83
Building Supervisor (BLDG-AAS)	83
Bursar's Office	37
Business (BUS-AA)	61
Business Administration (BUS-AS)	85
Business Manager (BUS-AA)	61
Business Manager (BUS-AAS)	85

## C

Cable Installation-Cabling Tech	100
Cafeteria (Snack Bar/Vending)	12
Calendar	Inside Front Cover
Campus Maps	208, 209, 210
Career Connection Center	6
Career Mobility, R.N.	107
