## **Dental Hygiene Admission Packet**

### **Contact Information:**

**Program Contact: Linda L. Lambert, RDH 850-484-2242**  
[llambert@pensacolastate.edu](mailto:llambert@pensacolastate.edu)

**Health Programs Admissions Office 850-484-2210**  
[healthprograms@pensacolastate.edu](mailto:healthprograms@pensacolastate.edu)

This program is fully accredited by the American Dental Association  
Commission on Dental Accreditation until the year 2015.

Updated June 20, 2011  
**Dental Hygiene (A.A.S. Degree)**

Dental Hygienists are licensed professionals who provide preventive dental care and educate patients to perform proper oral health care practices. Depending on state legal requirements, they provide a wide range of services. Hygienists perform patient health screening, clean teeth, apply fluoride and sealants, expose and develop dental radiographs, and provide nutritional counseling, and evaluate patient's oral health for review by the dentist. Dental hygienists use a variety of methods in the course of their work such as hand, rotary and ultrasonic instruments.

### **MISSION STATEMENT**

The goal of the Dental Hygiene Program is to produce a highly competent dental hygienist who will be equipped to provide quality care in a variety of health care delivery settings.

### **TECHNICAL ACCEPTANCE STANDARDS**

Dental Hygiene students must be able to perform essential functions. Technical Acceptance Standards refer to non-academic admissions criteria essential to participate in the dental hygiene program.

If your ability to perform these essential functions depends on accommodations being provided, be advised that requests for accommodations must be presented to the "Disability Support Services Department, and must be accompanied by appropriate medical, psychological and /or psychiatric documentation to support this request. You may contact "Student Resources for ADA services" at 484-1637 located in Building 6, Pensacola Campus. All applicants with or without accommodations must possess the following abilities.

#### **Physical Requirements**

The student must have use of both hands and dexterity in the fingers to manipulate dental instruments, materials, dental handpieces, and operate dental equipment. The feet are used to manipulate the foot pedals for handpieces and other adjunct dental equipment. Body build must fit into dental operator's stool in order to perform dental hygiene procedures. The ability to stand or sit for long durations of time is also necessary.

#### **Data Conception**

The student must possess the ability to gather, classify, and interpret information about data, people, or things and must be able to carry out appropriate actions in relation to the data received.

#### **Color Differentiation**

The student must be able to differentiate various shades of colors in a limited environment and space in the oral cavity and must be able to distinguish shades of grey for dental radiographic interpretation.

#### **Manual Dexterity/Motor Coordination**

The student must be able to manipulate dental instruments to discern changes in surface textures, without causing trauma to dental tissues, and to control pressure exerted by dental handpieces on dental tissue to prevent injury to those tissues.

#### **Physical Communication**

The student must be able to perceive sound through telephone, hear commands through an operator's face mask, and discern blood pressure sounds through a stethoscope.

#### **Reasoning Development**

The student must be able to apply principles of logical or scientific thinking to define problems, collect data, establish facts, and draw valid conclusions.

**Language Development**

The student must be able to read and comprehend the English Language. In addition, the student must be able to comprehend complex information from scientific and/or technical journals, papers, textbooks, etc. This requires the ability to communicate the same type of complex information through speech and in writing using proper format, punctuation, spelling, grammar, and using all parts of speech. A student must be able to communicate technical information at a level appropriate for patient understanding. A student must be able to speak clearly and with the correct pronunciation of dental and medical terms.

**Visual Acuity**

The student must be able to identify the working ends of various dental instruments and other dental implements at a 2 foot distance.

**Numerical Ability**

The student must be able to determine percentages, convert fractions, ratios and proportions as well as basic subtraction, addition, multiplication and division. The student must have the ability to understand and interpret the implications and meanings of the numerical values.

**Form/Spatial Ability**

The student must be able to conceptualize 1-dimensional renderings in a 3-dimensional form, distinguish subtle changes from one form or shape to another, and discriminate intricate measurements.

**Personal Temperament**

The student must be able to maintain a professional attitude and appearance. The student must be able to deal with the academic rigors of course load, clinical requirements, constructive criticism, and patient attitudes. The student must have the ability to adapt to change and be able to function and focus in an environment with multiple extraneous stimuli.

**Selection Process**

Applicants who meet the minimum requirements are selected for admission to the Dental Hygiene Program based on the last completed program requirement. Applicants will be accepted until the class is full; those applicants not selected will remain on the candidate list for a future class.

**Health Examination**

After a student is accepted into the dental hygiene program he/she must have a physical examination. A chest x-ray or TB test must be done before program entry. In addition students must provide documentation of titers for required immunizations. A Health Program Medical Form must be filled out, signed by the physician and turned into the program director prior to beginning the program. Health information will be kept confidential and placed in your student file. A background and drug screening will also be required once in the program.

## FREQUENTLY ASKED QUESTIONS?

### Q. What are Typical Tasks in this Career?

Examining teeth and records for diagnosis and treatment by the dentist.  
 Performing dental protective and preventative treatments relating to oral hygiene.  
 Exposing, developing, and mounting X-rays of teeth and gums.  
 Making impressions of teeth.  
 Cleaning patients' teeth using scaling and polishing equipment.  
 Educating individuals and groups on oral hygiene  
 Graduates from the Dental Hygiene program work mainly in private dental offices.  
 Others work in public health agencies, school systems, hospitals and clinics.

### Q. What Other Occupations are available in this Career?

Research	Management and consulting
Teaching	Dental product sales
Clinical practice	Federal services
Insurance	Public Health

### Q. What is the Degree Progression?

The Dental Hygiene Program is a two-year course of study. Students who successfully complete the program will receive an Associate of Applied Science Degree in Dental Hygiene. With additional coursework, graduates of the program are eligible to pursue a Bachelor of Science Degree at a senior level institution. Master's degree programs are also available at a few universities.

### Q. What is Available Beyond Graduation?

Dental hygienists must be licensed by the state in which they practice. Pensacola State College graduates are eligible to sit for the state board examination in any state in which they desire to practice.

### Q. What is the Career Outlook for this Career?

The demands for Dental Hygienists in Florida are estimated to average 344 openings per year. Of these 344 openings per year, 75% are due to new positions and 25% are due to replacements. Demand will be stimulated by population growth and greater retention of natural teeth by the middle age and older population. Part-time job holding is common in this field – less than 35 hours a week. (Source: Florida Agency for Workforce Innovation).

Our dental hygiene job placement rates are 100 percent. Pensacola State College placement rates are based upon those graduates who are (1) working in their field of training, (2) in the military, and (3) continuing their education not seeking related employment.

### Q. When should I apply to the dental hygiene program?

Students interested in dental hygiene should apply to Pensacola State then submit a health admissions application before beginning the admission process.

### Q. What is the deadline for admission?

The deadline for completing all admission requirements is January 1<sup>st</sup> of each year, for admission in May.

**Q. How can I complete my observation hours?**

Dental hygiene applicants may submit an observation form to the Health Admissions office, Warrington Campus, Building 3600, Room 3622. The clinical observation hours may be performed in our Dental Hygiene Clinic or any other dental facility. If observing in the Pensacola State dental hygiene clinic you must wear professional attire, rubber soled shoes, and secure hair off shoulders and away from face.

**Q. What is the Estimated Cost of Program?**

Tuition is \$98.05 per credit in-state, \$99.05 per credit for Alabama residents and \$369.58 out-of-state as of August, 2011. Laboratory fees are approximately \$200 per semester.

	<b>Books</b>	<b>Instruments and Supplies</b>	<b>Uniforms/ Shoes/loupes</b>	<b>Professional Organization Due</b>	<b>Board Expenses</b>
<b>First Year</b>					
Term I	400.00	2000.00		65.00	
Term II	400.00		1500.00		
Term III	400.00	1000.00			
Term IV	200.00	600.00		50.00	
Term V	200.00	350.00			175.00
Term VI	100.00	350.00			1000.00

**NOTE:** Living expenses, such as room and board are additional expenses and are **NOT** calculated in these figures.

**Note: Fees may vary and are subject to change.**

**ADMISSION PROCEDURES AND REQUIREMENTS**

An applicant wishing to enter the Dental Hygiene Program must fulfill the college's general admission requirements. High school courses in biology, chemistry, and algebra are highly recommended to prepare the student for the science-based field of dental hygiene. A student must submit an application to Pensacola State College and pay a one-time nonrefundable \$30 application fee. In addition, applicants must complete a Health–Science Program application and take the required admissions exams. The Dental Hygiene Program is limited in the number of students that can be admitted each year. Once the student's admission requirements are met they will be accepted in the order they were completed. The selection for the May class is made in February of each year. **Federal law (Family Education Rights & Privacy Act or FERPA) prevents a discussion with anyone other than the student (or applicant) unless the student consents, in writing, to the discussion. If a student wishes to authorize the release of information to a third party, including a parent, the forms for this purpose are available in any registration office. In accordance with federal law, information will not be released by email or telephone. Complete information regarding the federal law as it pertains to our students may be found on the web site at <http://www.pensacolastate.edu/students/docs/ferpa.pdf>.**

**Requirements for admission**

Admission to the Dental Hygiene Program is based on the following criteria and space available.

**The applicant MUST:**

1. Establish email communication with the program director.
2. Complete and submit the Pensacola State College application
3. Have all college transcripts on file
4. Complete and submit the Health–Science application
5. Successfully complete the CPT (college Placement Test). Student who have successful completed college English and Algebra are exempt from this exam.
6. Complete the HOBET (Health Occupation Basic Index Test) with a minimum score of 55 for Math and Reading. Students with a Bachelor's degree are exempt from this exam.
7. Complete all pre-requisite courses (see checklist page 8)
8. Achieved a "C" or better in any courses taken which are required for the Dental Hygiene curriculum and while in the application and candidate status
9. Have a grade point average of at least 2.75 on a 4.0 scale
10. Complete 3 observation hours of a dental hygienist at work

Oral Dependent Learner:	<b>100%</b>	65%	
Writing Dependent Learner:	<b>43%</b>	58%	
Test taking Skills Level:	<b>33: Frustration</b>		

Schedule the HOBET test through the testing at Warrington Campus, 484-1076. There is a \$30 fee to take this test. The required scores for admission are 55 or higher on reading comprehension and on essential math skills. You can prepare for this exam by visiting [www.studyguidezone.com](http://www.studyguidezone.com) or [www.testprepreview.com](http://www.testprepreview.com) for practice exams. Be sure to use a timer when you take the practice tests: you will be given a specific time period when you take the HOBET exam.

If you do not achieve a 55 or both categories, you can schedule a retest in 90 days. You will be charged an additional \$30 fee. You cannot take one portion of the test; you must take the whole test again.

### Q. What is the Required Sequence for the Program?

General education courses may be taken prior to enrolling in the dental hygiene program.

#### TWO YEAR CURRICULUM 2012 – 2014 for the Class entering May 2012

<u>Course</u>	<u>Course Title</u>	<u>Contact Hours</u>	<u>Lab Hours</u>	<u>College Credit</u>

Computer Skills requirements are met by core courses.

*This publication is to provide general career and program information and is not to be construed as a contract between the student and Pensacola State College. The student is encouraged to work closely with counselors and the department to verify the appropriateness of courses for registration.*

## FINANCIAL AID

Students requiring financial assistance are directed to the Office of Financial Aid and Veterans Affairs (OFA & VA) (850)484-2349 for information on numerous grants, and scholarships available. Short-term loans are available at registration. Inquiries should be directed to the Student Affairs Office on the Warrington Campus. Students needing assistance for an education are encouraged to seek every avenue of financial aid available for that purpose. Financial counseling, as well as help with the application process, is available. Students needing financial assistance must contact the Financial Aid office as soon as the need is determined.

## STUDENT CHECKLIST FOR APPLICATION

Date when completed

	Establish communication with the dental hygiene program director
	Complete and submit the college application (\$30) for general admission
	Complete and submit the health-related program application
	High school transcripts on file (not required if transferring credits from another institution)
	College transcripts on file
	PERT(College Placement Test)
	HOBET Health Occupation Basic Index Test (55 Or higher)
	BSC 1093 Anatomy and Physiology I
	BSC 1093 Anatomy and Physiology I Lab
	MCB 1000 Applied Microbiology
	MCB 1000L Applied Microbiology Lab
	ENC 1101 English Composition
	CHM 1032 Survey of General Chemistry
	CHM 1032L Survey of General Chemistry
	Maintain a GPA of 2.75 or greater
	Achieve a "C" in any courses required for the Dental Hygiene Program and while in applicant and candidate status
	Complete 3 hours of clinical observation

**Dental Hygiene Clinical Observation Form**

Office Supervisor:

\_\_\_\_\_ is a candidate for the Dental Hygiene Program at Pensacola State College. Candidates are required to spend 3 hours in a clinical setting observing the functions a dental hygienist performs as a member of the dental care team. Your cooperation in allowing this candidate to observe will assist us in providing qualified and enthusiastic entry-level personnel in the dental hygiene field.

The candidate should satisfy the following objectives:

\_\_\_\_\_ Candidate observed the hygienist during patient treatment

\_\_\_\_\_ Candidate received a tour of the dental office and introduction to the roles and responsibilities of all members of the dental team.

I have supervised the candidate listed above and they have completed the established objectives

## HEALTH-SCIENCE PROGRAMS

### Application Information

Health Program Admission Office: 850-484-2210

Detailed information packets for each program are available at [www.pensacolastate.edu/healthprograms](http://www.pensacolastate.edu/healthprograms)

1. Complete and submit the Pensacola State College application (\$30.00) for general admission. Have your high school and college transcripts sent to Pensacola State College. This will generate your Pirate e-mail account, which will be used extensively during the admissions process. Become familiar with it now.
2. For help with college admissions, contact the Milton campus at (850) 484-4410, Pensacola campus at (850) 484-1600, or Warrington campus at (850) 484-2270.
3. Complete this Application for Health-Science Programs and submit to the admissions office at any Pensacola State College campus. Health-Science applications will be forwarded to the Health Program Admissions Office on the Warrington Campus. You may also fax this application to our office at 484-2375.
4. Each program has an information packet on the Health website at: [www.pensacolastate.edu/healthprograms](http://www.pensacolastate.edu/healthprograms). Pay particular attention to the admissions requirements. Contact Health Admissions for assistance in completing the list of admission requirements, (850) 484-2210.
5. Complete test requirements for the Health-Science program you've selected. Test fees are: **CPT (re-take \$10), HOBET (\$30), LPN (\$25), and HESI (\$70)**. All others are free. Call Testing (Pensacola – 484-1987; Warrington - 484-1076) for scheduling assistance.
6. You are strongly encouraged to contact the Health Program Admissions Office to ensure you have completed all requirements, (850) 484-2210.
7. Keep your address and phone information current with the College: To update your contact info, complete a Student Record Change form with any Admissions Office at a Pensacola State College campus or center. You may also do this online via your Spyglass account.
8. Upon acceptance to a Health-Science program cohorts will be required to undergo a criminal background check and a drug test. Pending the results of these two tests, you may not be able to continue in your chosen program.
9. Upon acceptance to a Health-Science program cohorts must have current health and immunization records for attending portions of these programs. You will bear the cost of these immunizations.
10. Seats in health programs are awarded on a 'first-completed, first-seated' system. Once you have met all admissions requirements for your program(s), you are moved to the Candidates' List. You are selected for a position in strict chronological sequence from this list.
