*\*The PERT can be replaced with SAT or ACT scores that are less than 2 years old or prior college work. Please check with College Advisors for specific information.*

## Pensacola State College Health Program Requirements at a Glance

**Once you have completed the testing requirements and you receive your scores: Don't assume you can't get into a program because of your scores! Please meet with a College Advisor to discuss your scores and eligibility for Health Programs. Tests can be re-taken 90 days after the first attempt (HESI-A2 is twice a year), if scores are not adequate for admission.**

### How to apply to a Health Program at Pensacola State College

**All of the following steps must be completed:**

- **Pensacola State College application form:** this form can be filled out on-line by going to [www.pensacolastate.edu](http://www.pensacolastate.edu) and clicking the 'Spyglass' button or request a copy of the application by calling or visiting an Admissions office on any Pensacola State College campus. The form may be returned on-line, by mail, by FAX, or in person. (Specific addresses are on the application form.)
- **A \$30 fee is required for a first-time application to Pensacola State College.** If you have been to Pensacola State College before, but it has been over one year since you attended, be sure to update your application with Admissions – no fee is required. Telephone numbers for Admissions Offices on each campus are listed below.
- **Official college transcripts for all prior education must be received by the college.** The form with instructions can be found on-line at, <http://www.pensacolastate.edu/forms-apps/admissionsForms/transcrp.pdf>, or by contacting Admissions office on any campus (see telephone numbers listed below).
- **Official high school transcript must be received by the college.** The form with instructions can be found on-line at <http://www.pensacolastate.edu/forms-apps/admissionsForms/transcrp.pdf>, or at Admissions office on any Pensacola State College campus.
- **For Degree Programs: College Placement Testing (PERT) within the past two years,** or its equivalent, as determined by Pensacola State College Advisor. Note: any developmental courses required by PERT testing must be completed **prior** to entry into the program.
- ***Questions regarding any of the above should be directed to Admissions on any campus. Please be sure to keep your address, telephone number and email current on College Records. You can call the Admissions Office on any campus to update your address or telephone number or you may update on SpyGlass. REMEMBER: all official information from the College will come to your Pirate Mail Address. Check it regularly!***
- **Health-Related Program Application:** You must apply to the specific program you wish to enter. The Health-Related Program Application can be found on-line at [http://www.pensacolastate.edu/forms-apps/admissionsForms/HealthRelated\\_app.pdf](http://www.pensacolastate.edu/forms-apps/admissionsForms/HealthRelated_app.pdf), or at an Admissions office on any campus. This form may be used to apply to multiple Health programs. There is no fee for this application. The online application must be faxed or mailed, or turned in at the Admissions Office on any campus.
- **Additional requirements:** All students must complete a background check, & drug screen before entry into the program. Once accepted, all students must complete a health examination and document and/or update immunization status. Students must meet the minimum technical standards set for the requested program. Some programs have other additional requirements. Please review Health Programs at a Glance for more information, or go to [www.pensacolastate.edu/healthprograms](http://www.pensacolastate.edu/healthprograms) for program-specific information.
- **Seats in a program are assigned on a "first qualified, first placed" system.** Once an applicant has met all admission requirements for a particular program, the student is assigned a dated position on the candidate list. Students are selected for admission to a program based upon their placement on the candidate list. **Please notify Health Admissions (850-484-2210) if you no longer wish to be considered for a program.**

***To speak to the Admissions Office at Warrington, call 484-2270, Pensacola, call 484-1600, Milton call 484-4410, South Santa Rosa 471-4630***
