

**Invitation to Bid  
Tennis Courts Repair  
Pensacola and Milton Campuses  
7-2017/2018**

**PENSACOLA**  
S T A T E C O L L E G E

**Addendum 1**

**Question:** 2.00 Scope of work Item #3 states install one coat of acrylic color (Blue / Dark Green). A normal resurfacing would generally include one coat of acrylic resurfacer to cover and level the repairs follow by two coats of fortified color coatings. Is one coat of color all that will be applied to the surface of the courts?

**Response:** One coat should be fine since we are repairing, not totally resurfacing.

**Question:** On Page #3 of ITB 7-2017/208, section 2.0 scope of work, #5 how many of each of the following are to be supplied and installed:  
Court Valets  
Courtsider benches  
Rol Dri Water removers

**Response:** The College has these items, they just need to be put back where they were after the repairs are made.
