****Please use revised quotation form attached****

Specification 1.07 Bindery: 2,000 copies shall be perfect glue-binds on 11" side. Covers shall be pre-scored to ensure quality binding, 350 copies with black plastic coil binding shall be provided. 50 copies left unbound ready for binding.

Specification 1.10 Quantities: 2,400 total, 350 of the 2,400 with plastic coil binding, 50 of the 2,400 left unbound

Question: I was hoping you would be able to provide the tabulations for last years- bid.

Response: See attached.

Question: Request is for 2,000 total units including 360 plastic coil bound with black plastic; and 50 copies unbound, leaving 1,590 perfect bound catalogs. Are the additional 1,000 catalog pricing request for the perfect bound catalogs only; and the reprints as well?

Response: Yes, both for additional cost per 1,000 order placed with original order, and additional cost per 1,000 copies, order placed after original order.

Question: The quantities listed don't add up. It states 1,616 to be perfected bound, 360 coil bound and 50 left unbound. That totals 2,026 but it says 2,000 total books

Response: Please see above specification changes.
