

Suspension Appeal Student Academic Appeals Committee

Processing Information
Initials/Date

Pensacola State College Student ID Last Name First MI

Local Mailing Address City State Zip

Contact Telephone Number Term/Session in which you plan to enroll

For complete information regarding the Standards of Progress, see the Pensacola State College Catalog. Basically, a student may meet the criteria for academic suspension when 50% of all attempted hours result in grades of "W," "I," "F," or "N" and/or the cumulative grade point average is below a 2.00.

Submitting this form is your request to register in a status of SUSPENSION WAIVER\*. Unless other conditions exist preventing registration, you should make immediate arrangements to register for your classes as soon as you submit this form to a registration office on any campus.

REGISTRATION CONDITIONS: You are expected to complete all classes for which you register with grades of "C" or better in each class. College credit and vocational credit students should (1) contact an academic to outline a plan for graduation and (2) visit the Career Connection to take advantage of the services provided by that facility.

\*The status of Suspension Waiver will most likely eliminate your financial aid eligibility. You should contact the Pensacola State College Office of Financial Aid/Veterans Affairs/Scholarships for additional information.

Provide a detailed statement (using the reverse side of this page if necessary) indicating the changes you have made or the plans you have established that will prevent withdrawals from your classes and/or ensure that you do not earn any grade below a "C" in the classes you have selected.

Blank lines for detailed statement
