BID 5-2013/2014

ADDENDUM #1
DOORS AND DOOR HARDWARE

This is your written notification of clarifications in response to the questions listed.

- 1) Question: Are there floor plans that identify the locations for the new doors?
Response: I have attached a pdf of the floor plans which may not be totally accurate. We are replacing every classroom door, every office door, and the corridor fire doors in the building.
- 2) Question: Are other manufacturers approved for the doors and hardware other than those listed?
Response: Not yet but we will consider alternatives of equal quality and the hardware must accommodate BEST cores.
- 3) Question: Marshfield has many variations in their doors- we need to know the face and edge veneer; the core construction, whether or not they are to be factory finished; if a warranty needs to be supplied, and if so, the length of the warranty?
Response: Let's go with natural birch for the face and edge veneer. The core construction can be particle board as long as it is not a fire rated door. The fire rated would need to be mineral core. We will confirm the total number of each door tomorrow. We would want them factory finished and I would think a one year warranty would be okay.
- 4) Question: Are there any restrictions on the hours or days we can work to complete this project?
Response: I don't believe we will need restrictions on hours or days.

Please include this sealed, signed form with your bid submittal. Do not fax. If you have any questions, please contact Cassie Boatwright at cboatwright@pensacolastate.edu. Please acknowledge and return this addendum with your bid. If you have already submitted a bid, please return this addendum, with signed acknowledgment, by the bid opening deadline.
