ADDENDUM NO. 1
TO
INVITATION TO BID (ITB) 19- 2009/2010 FOR HIGH DEFINITION CHARACTER GENERATION
SYSTEM FOR PENSACOLA JUNIOR COLLEGE

The following questions were received by the May 25, 2010 deadline. The answers are as follows:

Q. Would the end user be open to upgrading to the Avid Deko 3000 Dual Channel Hybrid system which not only gives them the full HD system but also includes SD as well? The Deko3000 not only meets the bid requirements but exceeds them.

A. Yes, WSRE would be open to upgrading to bid the 3000 hybrid as long as it does 2 channels of HD per the specifications. Per the ITB, if bidding other than specified full details must be provided with the bid submittal.

Q. With the purchase of this Avid Deko3000 HD system, will installation (or Avid commissioning) be required?

A. WSRE plans on installing and have the successful vendor come and train. If installation by Avid is required then add it into the price with a note about requirement.

Q. 1 day of installation is required for this product. Should I add that as a separate line item or add to the cost of the system?

A. See answer above. If installation is required from vendor all pricing shall include travel and expense as one lot.

All other requirements remain the same.
