

**FINANCIAL AID/VETERAN SERVICES/SCHOLARSHIPS
PETITION FOR INDEPENDENT STATUS
2015-2016**

This form must be completed every academic year.

The U.S. Congress and Department of Education determine the criteria which identifies a student as dependent or independent of their parents for financial aid purposes. Generally, how an applicant responds to the questions in “Step Two” on the **Free Application for Federal Student Aid (FAFSA)** determines dependency status.

Will you answer “NO” to all of the following questions in “Step Two” on the FAFSA?

I was born before January 1, 1992.

I am serving on active duty in the U.S. Armed Forces.

Since I turned age 13, both of my parents were deceased.

I was a dependent or ward of the court since turning age 13.

I am married.

I am a veteran of the U.S. Armed Forces.

I was in foster care since turning age 13.

I am currently or I was an emancipated minor.

I will be working on a master’s or doctorate program (e.g., MA, MBA, MD, JD, PhD, EdD, graduate certificate).

I have children and I provide more than half of their support.

I have dependents (other than children or my spouse) who live with me and I provide more than half of their support.

I am currently or I was in legal guardianship.

I am homeless or I am at risk of being homeless. At any time on or after July 1, 2014, did the director of a runaway or homeless youth basic center or transitional living program determine that you were an unaccompanied youth who was homeless or were self-supporting and at risk of being homeless?

If all your answers were “NO“, but you feel there are extenuating circumstances which warrant your being considered independent of your parents, you may explain those circumstances in this petition.

You, the student, must provide three (3) letters of support from community members who have specific knowledge of the circumstances which have resulted in your belief that you are independent of your parents. Acceptable letters of support are from such sources as clergy, high school counselors, professional counselors, lawyers, or teachers. Letters must be notarized and include the length of the relationship with the student, contact phone numbers, and addresses and when appropriate on letterhead.

CAUTION

Conditions that the federal government has identified which, individually or in combination with one another, do not qualify as “extenuating circumstances”, and do not merit a dependency override are listed below:

1. Parents refusing to contribute to the student’s education;
2. Parents unwilling to provide information on the application or for verification;
3. Parents not claiming the student as a dependent for income tax purposes; and
4. Student demonstrating total self-sufficiency.
