The Residence Statement is on the reverse side of this form and each applicant is required to make a statement regarding his/her status as resident for tuition purposes. Dependent students (eligible to be claimed by a parent or guardian for IRS purposes) must have a parent or guardian complete the Residence Statement. Complete details regarding classification as a resident for tuition purposes (as required by Florida Statute and State Board Rules) may be found in the College Catalog, on the web site, or on the state-provided web site: http://www.facts.org, click on Applying for College, then Residency Guidelines.
RESIDENCE INFORMATION

Florida Residents and Alabama Residents

The residence of a dependent student is considered to be that of the parent or legal guardian of the student. A dependent student is any person who is eligible to be claimed for Internal Revenue purposes. If the student is 23 years of age or younger, Pensacola State College will assume that the student is a dependent student; the parent or legal guardian will be required to complete the Residence Statement (below).

The Florida Legislature has established a few exceptions to the 12-month requirement, and the most common categories are indicated below. A complete listing of eligible categories for exception is published in the College Catalog or may be obtained from a registration office on any campus.

Florida Statue permits Alabama residents meeting residence criteria listed below to enroll at Pensacola State College with a fee assessment of the in-state fees plus a differential. A resident for tuition purposes is a person who has maintained legal residence in Florida (or in Alabama) for the 12 months immediately preceding the first day of classes for which enrollment is requested and has obtained at least two legal ties to the state.

REQUESTS FOR REVIEW: Please realize that the residency classification is not a Pensacola State College rule or policy but is mandated by Florida Law (FS1009.21). If you have not resided in the state (Alabama or Florida) for the required 12 months or obtained two legal ties to the state and do not find a category that allows your classification as a resident for tuition purposes, you may describe your particular situation (in writing on a separate sheet of paper), attach all supporting documentation, and submit the information with your application. Your situation will be reviewed, and you will be advised of the decision.
