

Testing Locations

ADA Services on the Pensacola Campus schedules through the Clockwork app, phone calls 850-484-1637, email ada-testing@pensacolastate.edu, or in person in building 6 room 603. ADA Services will request the exam.

Testing Centers are located on all campuses and schedule through RegisterBlast, which can be found under Testing at the [Pensacola State College website](#). Students ask the instructor to send the test to the Testing Center.

South Santa Rosa should contact ADA Services to set up proctored testing.
