I. INTRODUCTION

Pensacola State College, serving Escambia and Santa Rosa counties and surrounding Alabama communities, was established as Florida’s first public State college by the state legislature in 1947. Classes were first offered in 1948 to 136 students; Pensacola State College now serves more than 20,000 students annually.

The development of the *Pensacola State College Strategic Plan* included the creation of a new vision statement, mission statement, and the establishment of a process for planning that includes overall institutional goals and objectives assigned to the appropriate functional units and administrative offices of the College.

By participating in customer satisfaction surveys and an in-depth S.W.O.T. analysis, thousands of the College’s stakeholders, both on campus and in the community, played a direct role in the development of this plan. The Strategic Planning Committee was made up of a broad cross section of institutional representation, including student, instructional and business affairs personnel. Through a series of retreats, the District Board of Trustees and college administrators provided guidance and wise counsel.

II. COLLEGE VISION (approved by the District Board of Trustees 03/15/2016)

Pensacola State College educates students through a dynamic and supportive learning environment that develops all students intellectually, culturally, and socially, preparing them to succeed within the global community.

III. COLLEGE MISSION (approved by the District Board of Trustees 05/16/2023)

Pensacola State College, under the governance of a local Board of Trustees, is committed to providing quality, affordable, and accessible educational opportunities through a variety of delivery methods.

The College, a member of the Florida College System, offers baccalaureate and associate degrees, workforce certificates, business and industry training, non-credit continuing education, community outreach, and cultural enrichment opportunities for students and the community.

IV. PRESIDENT’S INSTITUTIONAL PRIORITIES (June 2023)

Pensacola State College values continuously creating and improving opportunities for success in an atmosphere of concern, respect, integrity, and responsibility for students, employees, and members of the community and places high importance on the following priorities:

1. Seek and implement business, industry, government, and educational partnerships to better serve students and the community.
2. Invest in people:
 - a) Utilize evaluation processes for professional development, campus climate, job satisfaction, and student experience;
 - b) Provide professional development and training opportunities;
 - c) Conduct employee reward and recognition programs; and
 - d) Formally celebrate employee achievement and productivity.
3. Enhance the quality of instructional programs and services:
 - a) Measure student learning;
 - b) Measure student retention;
 - c) Measure satisfaction in all aspects of the student experience; and
 - d) Provide access to instructional programs and services through
 - Implementing new technologies; and
 - Maintaining a physical presence in strategic locations throughout the College’s service area;
 - e) Evaluate the effectiveness of space assignment and usage to optimize use of space.
4. Manage resources effectively through competent and innovative business practices.
5. Acquire financial resources to maintain and upgrade existing facilities and construct new facilities to better serve students and the community.
6. Seek increased diversity that promotes a campus climate where the principle of affirmative action and equal opportunity are valued.
7. Continuously improve student services, campus safety, College grounds and facilities, use of technology, institutional effectiveness processes, internal communication, and enrollment management processes.
8. Market the College and the programs of the College through current and emerging media conduits.
9. Maintain institutional regional acceleration and national program accreditations to ensure industry standards and institutional and program quality.

10. Seek local, state and national funding through grants, organizations, gifts, and donations to support the mission of the College.
11. Grow awareness of College opportunities for student and community involvement in campus life and events such as the visual arts, performing arts, athletics, the Lyceum Series, and other College hosted special events and activities.
