

PENSACOLA STATE COLLEGE

2019 President's Annual Report

Vision

Pensacola State College educates and nurtures students through a dynamic and supportive learning environment that develops all students intellectually, culturally, and socially, preparing them to succeed within the global community.

Mission

Pensacola State College, under the governance of a local Board of Trustees, is committed to providing quality, affordable, and accessible educational opportunities through a variety of delivery methods. The College, a member of the Florida College System, offers baccalaureate and associate degrees, workforce certificates, adult education, business and industry training, non-credit continuing education, community outreach, and cultural enrichment opportunities for students and the community.

Hello Friends & Colleagues,

Like other colleges and universities, we place high value on recognition from U.S. News & World Report in the annual Best Colleges edition. Pensacola State College is judged among the Best in Florida, the Southern Region, and the nation in numerous categories.

The value of every graduate's degree is elevated when their alma mater is recognized in this way, which can translate into career opportunities for our graduates.

The generosity of friends of the College is affirmed when they see their gifts make an impact in the lives of deserving students. Parents, students and friends of our graduates are pleased to know that students can reach their career and educational goals by attending PSC as a nationally-recognized institution of excellence.

Kudos from nationally recognized sources are proof that we are living up to our goals of quality, access and affordability. PSC faculty and staff continue to be committed to helping every student achieve their dreams.

As you read about the many successes celebrated this past year, you will recognize the strong leadership invested in PSC by our Board of Trustees, Foundation Board of Governors, Alumni Association Board of Directors, and, of course, the PSC family of faculty and staff.

As we look forward to the future, we will stay on the cutting edge of technology which has been amplified over the past several years and very recently. We also will continue our long tradition of fostering a warm and inviting campus environment where we pay close attention to the needs of each individual student.

Enjoy reading this annual report, and continue to follow us on our PSC website or get up-to-date information and news through our social media platforms — Instagram, Facebook, LinkedIn, or Twitter.

8 Distinguished Alumni Honored at Awards Gala

Eight of Pensacola State College's most highly-accomplished alumni were recognized at the 2019 Distinguished Alumni Awards Gala.

"Building on Tradition – Investing in the Future" was the theme of the May 4 inaugural event where alumni were honored in five categories: Spirit of Pensacola, Rising Star, Life Achievement, Hometown Hero and Against the Odds.

Denis McKinnon Sr., was the recipient of the Spirit of Pensacola State College Award.

After leaving the College, McKinnon enlisted in the U.S. Marine Corps and earned his Naval Aviator designation in 1963. He served two tours in Vietnam and was awarded more than 30 personal combat decorations, including a Purple Heart and a Meritorious Service Medal.

After returning to Pensacola, McKinnon established himself as a community leader and was named the Kiwanis Pensacola Business Leader of the Year. He also received two PACE Awards.

Bright nova, Steve Olesky, received the Rising Star Award.

Olesky earned an associate degree from PSC and a bachelor's degree from the Savannah College of Art and Design. He is now a senior director of the digital creative department at Ralph Lauren Corp.

Gary A. DeLapp and Jarl "J.T." Young were presented Life Achievement Awards.

DeLapp, who started out as a part-time hotel dishwasher, moved up the hospitality industry ladder to hold several executive posts. Friends and family also established the Gary A. DeLapp Alumni Scholarship at PSC.

Young is CEO and president of Memphis (Tennessee) Light, Gas and Water. His wife, Deidre, also was a member of the PSC Board of Trustees; his uncle was a College instructor; and his parents were devoted WSRE supporters.

The Youngs established the Aspire Higher Scholarship to assist African American students who major in STEM or business-related fields.

Selected as Hometown Heroes were Gulf Breeze Mayor Cherry Fitch and Escambia County Sheriff's Office Chief Deputy Chip Simmons.

Fitch is a retired educator, community advocate and Realtor. After PSC, she went on to earn bachelor's and master's degrees from the University of West Florida and a second master's degree from Troy University.

Simmons earned his associate degree from Pensacola State College. He began his law enforcement career as an Escambia County corrections officer in 1984 and retired as the City of Pensacola Police Chief in 2015.

Beré Jeweler owner Barry Cole and Northwestern Mutual Wealth Management Advisor Thomas Vaughn were named the Against the Odds designees.

Cole chose Pensacola State over the University of Alabama. He worked in the jewelry business for several years before opening Beré Jewelers with partner, the late Ray Jones, in 1985.

Vaughn served in the U.S. Air Force while earning his associate degree from PSC. He also received his bachelor's degree from UWF.

3 Named to PSC Alumni Association Board of Directors

Cherry Fitch, Denis McKinnon Sr., and Patrick Rooney have joined the PSC Alumni Association Board of Directors.

Fitch, mayor of Gulf Breeze, attended PSC and earned a bachelor's degree in English from the University of West Florida. She also earned master's degrees in Educational Leadership from UWF and guidance and counseling from Troy University.

She was a Gulf Breeze High School teacher, guidance counselor and principal. After retirement, Fitch became a Realtor, eventually moving into public service – first as a Gulf Breeze councilwoman.

McKinnon attended PSC for a year after graduating from Escambia High School in 1960. In 1961, he enlisted in the U.S. Marine Corps aviation program and earned the Naval Aviator Designation in 1963.

He spent 20 years as a naval aviator and retired as a lieutenant colonel while earning a bachelor's degree from the University of Southern Mississippi and a master's in business administration from UWF.

After returning home, he was named the Kiwanis Pensacola Business Leader of the Year and received two PACE Awards – the 1989 Business Leader of the Year and the 2004 Spirit of Pensacola and numerous other accolades.

After graduating from Pensacola State in 1974, Rooney went on to UWF where he earned his bachelor's degree.

Over his career, he has worked for a variety of companies all over the world, and now provides business coaching and entrepreneurial development services through Co:Lab Pensacola, a program of FloridaWest and his company, Coastal CxO Services Inc.

Cherry Fitch, Denis McKinnon Sr., Patrick Rooney

Robby Sean Fussell

Robby Fussell is one smart guy.

After graduating from Pensacola State College in 1989, he went on to earn advanced degrees and certifications from the University of West Florida, Nova Southeastern University, MIT and Harvard University.

Fussell said PSC set him on the proper path to pursue higher education. And that education has allowed him to achieve a top position as Principal Architect with AT&T Cybersecurity.

"PSC was the first stepping-stone in my lifelong learning that made a significant impact," he said.

"Like a rock that starts the first ripples of waves when thrown into a pond. I am forever grateful for the impact that PSC had on my life."

Fussell, whose mother still lives in Pensacola, was an active student while at PJC. He was president of the school's College Republicans organization, and was even invited to the 1989 inauguration of President George H.W. Bush. He also was vice-president of the College's Student Government Association.

"That was a great experience," he said. "My whole experience at PJC was positive and helpful."

Alessandro Bialelli

When Alessandro Bialelli graduated from PSC in 2009, he went on to Cornell University for his bachelor's degree and New York University for his master's and doctorate.

Today, Bialelli is a postdoctoral fellow at Stanford University where he is researching and investigating genetics, genomics, cell signaling, gene transcription and chromatin modification.

"I'm lucky, I'm blessed," said Bialelli, a first generation college student.

"The PSC professors and staff cared about me as an individual," he noted.

"When you have people, who care about you as a person, and don't just see you as a number, you can accomplish anything you want to accomplish."

Mission Statement

The Pensacola State College Alumni Association supports the mission of the college. Led by a diverse Board of Directors, the Alumni Association is committed to fostering relationships among alumni and friends and recognizing the accomplishments of PSC alumni and friends. The Association holds annual events to raise scholarship matching funds for the Alumni Association Scholarship Matching Program and engage alumni.

Foundation

Your Community, Your Legacy

Usrys Donate \$100,000 Gift to Pensacola State

In 2019, Dona and Milton Usry followed their hearts and donated \$100,000 to Pensacola State College.

The funds earmarked for the establishment of the Dona and Milton Usry Endowed Accounting Scholarship is a testimony of the couple's dedication to the College. Dona Usry's history with PSC dates back to 1999, when she served on the College's Board of Trustees until 2014.

She served two terms – 2005-2006 and 2006-2007 – as board chairwoman. She is also a member of the WSRE-TV Foundation Board of Directors.

Milton Usry, an esteemed educator, was Regents Professor of accounting for 25 years at Oklahoma State University before the couple moved to Northwest Florida. He joined the University of West Florida accounting faculty and was named UWF's first Eminent Scholar as well as the Mary Ball Washington Professor Emeritus of Accounting.

"They are true friends to Pensacola State College and, personally, to so many of us here," PSC President Ed Meadows said of the couple.

Ron and Jan Miller

Pensacola State College was named the beneficiary of a \$2.5 million Charitable Remainder Unitrust established by Ron and Jan Miller. Based upon the terms and conditions of the agreement, the Pensacola State College Foundation is the sole beneficiary of the remainder in the Millers' trust. The amount could increase with future contributions. Active in the community, the Millers are pictured with PSC President Ed Meadows, PSC Board of Trustees Chairman Herb Woll, PSC Foundation Executive Director of Institutional Development Andrea Krieger, PSC Foundation Past President Doug Bates and PSC Foundation President Betty Roberts.

Monsanto-Solutia Retirees

Monsanto-Solutia retirees donated \$30,000 to PSC to help students achieve their dreams. Monsanto-Solutia Retirees Endowed Scholarships will be awarded to students with a Monsanto, Solutia or Ascend connection, Ascend employees enrolled in programs to enhance job skills, students enrolled in a health care program, or chemical engineering students. Monsanto-Solutia retirees are pictured with PSC President Ed Meadows, PSC Foundation Executive Director of Institutional Development Andrea Krieger, PSC Foundation Past President Doug Bates and PSC Board of Trustees member Ed Moore at the check presentation.

Veterans National Homecare

Pensacola State College received \$5,000 in scholarship funds from Veterans National Homecare for first generation in college students. Pictured are, from left, PSC President Ed Meadows; Denis McKinnon Jr., Denis McKinnon Sr., and Wade Wilson – with Veterans National Homecare; and Rob Gregg, PSC Veterans Upward Bound director. The McKinnons and Wilson pledged a total of \$15,000 for scholarships. Two other \$5,000 donations will be made in 2020 and 2021. As available, future donations will be matched by funds from the First Generation Matching Grant Program.

AT PENSACOLA STATE COLLEGE

Sandy Sansing Scholarship Recipients Meet Benefactor

Businessman Sandy Sansing is pictured with Pensacola State President Ed Meadows, PSC Foundation Executive Director of Institutional Development Andrea Krieger and a few of the College's 2019 Sandy Sansing Scholarship recipients — Regina Young, Laura Shiver, Elizabeth Askfeldt, Cynthia Aceto, Rajah Zulla, Bethel Goodwin, Darriell Jones, Tabitha Cooper and Amelia Maltbia.

The Sansing Universal Scholarship was established in 2002 by the automobile dealership owner and Pensacola State alumnus. To date, Sansing Universal Scholarships have provided 1,099 students with more than \$460,000 in funds. The scholarships cover tuition, fees and books up to

\$1,500. Recipients must demonstrate financial need and have at least a 2.0 grade point average.

Each year, the College hosts a luncheon for the scholarship recipients where Sansing offers advice for success and asks students to share a bit about their lives and dreams.

"I don't think we would have been able to help near as many students without your support," Meadows told Sansing. He then offered an analogy he sometimes heard from an Alabama politician: "If you see a turtle on a fence post, you know it didn't get there by itself."

A 1967 graduate of then-Pensacola Junior College, Sansing attended the institution on a golf scholarship.

"It was \$99 a semester," Sansing recalled. "It was all I needed for tuition and books. Times have changed over the years."

But not everything.

"It still takes hard work and commitment," he added. "But you've shown you're ready. You've taken the step to go to college and do the work to apply for the scholarship. So I ask you to chase your dream. If it's to be a social worker or own your own construction company, you can do it."

Sansing owns a number of car dealerships along the Gulf Coast, including seven in Escambia and Santa Rosa counties.

PSC Receives Federal Funds to Improve Services for Low-Income Students

Pensacola State College was awarded a \$2.2 million U.S. Department of Education Title III grant to help low-income students. The grant funds will be used to initiate a five-year program to improve services for low-income students, including hiring more advisors and tutors.

The grant beefs up the College's Pirate PATH to Success program, which serves first-time college students, first-generation-in-college students and Pell Grant recipients. The total grant amount is \$2,248,838.82, payable over five years. The first installment of \$449,119 was awarded on Oct. 1. The grant runs from Oct. 1, 2019, to Sept. 30, 2024.

"It's a real shot in the arm," said PSC President Ed Meadows. "For the past five years, the College

has placed extra emphasis on student support services to assist at-risk students, first-time-in-college students and low-income students. This will provide us with additional advisors and tutors and other resources that can be utilized to help."

The Department of Education's Title III program is subtitled "Strengthening Institutions." The program helps colleges and universities to become self-sufficient and expand their capacity to serve low-income students by providing funds to improve and strengthen the academic quality, institutional management and fiscal stability of schools.

**\$2.2M
Title III
Grant**

To be eligible for the Title III grant, schools must have at least 37 percent of its half-time to full-time students receiving Pell Grants. At PSC, 49 percent of half-time and full-time students receive Pell Grants.

PSC Nonprofit Center Hosts Training Sessions and Summit

Pensacola State College's Nonprofit Center for Excellence, through a partnership with Gulf Power Foundation, began a Nonprofit Training series to offer affordable and local education for the nonprofit and philanthropic organizations in our community.

The first workshop was led by Michelle Buchanan from Dini Spheris on April 30. The session, "How to Create a High Functioning Fundraising Board," covered the roles board and staff play in fundraising, identified financial models that fit a nonprofit, and defined expectations for board member engagement in fundraising.

Buchanan returned on May 15 to train nonprofit professionals on "Success with Comprehensive Campaigns." She discussed campaign readiness, planning essentials, and campaign management.

On Aug. 20, Dr. Debbie Douma, Pensacola State College's dean of grants and federal programs, led a workshop on "Surviving in a Grant Seeking World." Douma identified how to build relationships with funders, covered primary grant considerations, and provided guidance on how to determine a fundable project/program.

On Sept. 26, Gail Perry from Gail Perry Associates, enlightened nonprofits on tactics she branded "Major Gifts Fired Up Fundraising." In this workshop, Perry discussed the art of a successful donor meeting, creating an engagement plan for donor prospects, and how to ask and never get

turned down.

On Oct. 31-Nov. 1, the Pensacola State College Foundation hosted its first "Nonprofit Summit: Courageous & Sustainable Transformation."

Professional trainers presenting included Chuck Loring with Loring, Sternberg & Associates; Penelope Burk of Cygnus Applied Research; Mary Claire Walther and Buchanan of Dini Spheris; and Douma with Pensacola State College.

The Nonprofit Center for Excellence & Philanthropy was launched with a founding grant funded by the Gulf Power Foundation. The center strives to help strengthen nonprofit and philanthropic organizations through education designed to support board governance, enhance the business practices of the nonprofit organization, and expand the nonprofit sector's influence.

Since launching in mid-2019, 24 nonprofit organizations and 161 individuals have attended training offered by the center.

Events

Quail Hunt

It was a brisk February day, but the PSC Foundation annual Quail Hunt was a success. All proceeds from the event supported the Pensacola State College Fund for Excellence. Hosted at the Dennis Lake Wing Club in Bay Minette, Alabama, guests enjoy guided hunts. Pictured are Brad Hanssen and Cory O'Connell as they prepare for the Quail Hunt.

Garde Manger

Pensacola State College District Board of Trustees member Ed Moore chats with culinary arts and hospitality students — Amanda Thomas, Madison Neal, Azlee Faircloth, Allison Von Brock, Maya Belliveau and Marina Hutchens during the 2019 Garde Manger. Each year, more than 800 hors d'oeuvres and sweet treats are prepared by the students and shared at this donor appreciation reception.

Day of Clays

The PSC Foundation Day of Clays raised \$90,278 during the 2019 event. The event was presented by TRANE. Pictured are Ajax Building Corp teammates — Amy Bitterling and Mike Megehee. PSC baseball player, Cole Moore, pulls the clays. More than 160 participants registered for the Sept. 28 event held at the Santa Rosa Shooting Center in Pace. Proceeds benefited Pensacola State College's Fund for Excellence. Day of Clays Committee members were Ron Jackson (Chair), Mike Morette, Lewis Bear, Diane Bracken, Adam Purdy, Todd Alford, Eddie Norris, Jimmy Bradley, Eric Hanssen, Jon Green and Evan Helinski.

Big Break Golf Classic

The 14th Annual Big Break Golf Classic was held May 3 at Marcus Pointe Golf Club. The fundraiser generated \$26,000 and was presented by Synovus. Proceeds from the event benefited Pensacola State College's

student scholarships and programs. In 2018, the event raised more than \$28,000 and provided 88 classes to the College's most-deserving students. The fundraiser was chaired by Sharon Hess Herrick. The Synovus

team of Jared Martin, Alex Niedermeyer, Harris Turner and Richard Turner placed first. Placing second were Wayne Hood, Tim Mallory, Scott Grissett and Doug Rogers. Sheldon Bernau is pictured putting as Andrew Higgs looks on.

Holiday Experience Spotlights Milton Campus

Pensacola State's Milton campus became a winter wonderland in December when the College hosted the annual Holiday Experience at the Johnson L.I.F.E. Center.

More than \$56,000 was raised and will be used to help provide scholarships for PSC students in need and program enhancements.

The fundraiser's theme was "A Starry Starry Night," and the luminaries were cosmetology and welding students on the Milton campus, who offered demonstrations to visitors.

"It really is all about helping the students," said Jo-Ann Price, who, along with husband Michael Price, were the event's presenting sponsors. "Michael and I like to focus on education, helping families and helping veterans. And PSC can accomplish it all."

Guest speakers shared their experiences at PSC, including Bo Johnson, former speaker of the Florida House of Representatives, who earned an associate degree from then-Pensacola Junior College in 1971. He met his wife, Judi Johnson, at PJC and the L.I.F.E. Center bears his name.

Johnson said, "the role of PSC is to spread knowledge throughout our community," and singled out the welding and cosmetology programs for moving graduates directly into the workforce.

Pictured above are Pensacola State College President Ed Meadows, from left, and 2019 Holiday Experience presenters Jo-Ann and Michael Price.

PSC's Own Don Snowden Conducts Pensacola Civic Band

After more than 33 years, Don Snowden, Pensacola State College's district academic department head of performing arts and director of bands, retired this summer.

During the Holiday Experience, Snowden, left, conducted one of his final concerts as a PSC administrator when the Pensacola Civic Band performed at the fundraiser.

"I've had a great career, it's been an incredible journey," said Snowden, who also has been a Pensacola Symphony member for over 40 years. "But I am looking forward to spending more time with my family, enjoying life and piddling around."

A gifted trombonist, Snowden is a Bay Minette, Alabama, native who started his career as a Foley High School band teacher. He started the band programs at Foley, Gulf Shores and Elberta high schools, and worked with the Escambia All County Band while at Ransom Middle School.

Snowden's PSC career started in 1987 and he said he will miss the College – especially the students.

"I love helping them with tuition and fees with the scholarships available through the PSC Foundation. A lot of students don't have enough, and PSC's affordable tuition and scholarships from generous donors make a huge difference in their lives," said Snowden, a Livingston University graduate.

4 Students Achieving

PSC Art Students Dominate American Advertising Awards

Pensacola State College Sarah Goolsby's design for "Stainglass Liquor" won the Best of the Show Award at the American Advertising Awards Gala at the Hilton Pensacola Beach in February 2019.

Pensacola State graphics art and photography students dominated at the American Advertising Competition, winning 58 awards – 27 gold and 29 silver ADDYs – in the College/University division.

Goolsby won two Gold medals, one for "Stainglass Liquor" and another for "Dead Men Rum," both which were entered in the packaging category. Goolsby also won Student Judges Choice Award for "Dead Men Rum." She also won two Silver Medals in the Single Photo category. Student Darwin Martinez won eight Gold Medals and five Silver Medals.

Other Pensacola State Gold and Silver winners were:

Gold Medal: Renee Bates, Devin Bonner (three Golds), Daniel Boyette, Nick Bridges, Daniel De Castro (six Golds), Megan Celis, Karlie Simmons, Darwin Martinez (eight Golds), Darrian Montgomery, Lam Nguyen (two Golds), **Silver Medal:** Devin Bonner (three Silvers), Daniel Boyette (two Silvers), Kristian Breeze (three Silvers), Nick Bridges, Tracy Carpenter, Elizabeth Carver, Daniel De Castro, Megan Celis, Kylie Crowell, Karlie Kimmons, Darwin Martinez (five Silvers), Darrian Montgomery (two Silvers), Lam Nguyen (four Silvers), Imani Wright

The American Advertising Awards "honor excellence in advertising and cultivate the highest creative standards in the industry."

TRIO Student Support Services Students Receive Grants

Pensacola State College's TRIO-Student Support Services awarded \$30,000 in scholarships to 23 students in 2019.

The TRIO-SSS assists first-generation college students and students with disabilities and/or financial need. Students must also show academic need.

The TRIO-Student Support Services Grant is awarded to eligible students who have been active in the program for at least two terms. The grants are awarded during the spring and fall terms.

TRIO-SSS include academic advising, career and personal counseling, financial aid advising, tutoring, cultural field trips and more.

PSC Students Receive TRIO Grants

SkillsUSA

Seven Pensacola State College SkillsUSA students won gold medals at the state level in 2019, propelling them to the SkillsUSA National Leadership and Skills Conference during the summer. Pensacola State College hosted the 2019 SkillsUSA State Leadership and Skills Conference, where PSC won five gold medals, four silver medals and four bronze medals.

Gold medal winners were Daniel Sarfert, Kristine McMillian, Kendall Sainata, as well as Team B in the TeamWorks competition. Team members were Jeffrey Crane, Brandi Duplechain, Dannon English and Shawn McCarter.

Another Pensacola College student showed his skills in the health care field, as Daniel Kipp won a gold medal in Physical Therapy during the 2019 HOSA International Leadership Conference. More than 10,000 future health professionals participated in the conference in Orlando.

Robinson Honors Program

Twelve PSC students spent more than a week exploring Central Europe in summer 2019.

The trip was sponsored by the PSC Robinson Honors Program. The students visited Prague and Berlin during the May 25-June 2 Central Europe Service Learning Trip.

Of the 12 PSC students, 11 were Robinson Scholars. Four faculty members also went on the trip.

The Robinson Honors Program theme for the year was "Life on the Fringes: Exploring Marginalized Populations." The PSC delegation studied how refugees and immigrants live in the Czech Republic and Germany.

In Prague, the delegation visited the Prague Castle, which dates to the 9th Century, as well as St. Vitus Cathedral, the Strahov Monastery and the Old Jewish Quarters.

The Robinson Honors Program was named to honor the late Grover and Sandra Robinson III who dedicated many years of service to PSC. The Robinsons' son, Grover Robinson IV, and his wife, Jill, established an endowment with the PSC Foundation in his parents' memory. The endowment assists in offsetting the cost of small class sizes, seminars, and travel scholarships.

Pictured are Monica Brown, Cecilia Rogers, Luna Spiegelhalter, Renee Bates, Robyn Ludlum, Curt Spiegelhalter, Elaina Bailey, Melina Smyres, Mike Bailey, Amber Carey, Wren Godwin, Logan Kane, Janie Gravely, Laura Rodriguez, Sydney Jernigan and Audra Kayl-Woodruff.

Providing the Best at Pensacola State College

Pensacola State College's accolades were widespread in 2019, as the school earned honors from numerous publications for a variety of services and programs.

Among the many highlights:

Pensacola State College was ranked as a top Public Regional College in Florida, and the third-ranked Public Regional College in the South, by U.S. News & World Report. The publication also named Pensacola as the top regional school in Florida for veterans, and the ninth-best school for veterans among regional colleges in the South.

The ratings were announced in September when U.S. News & World Report published the coveted "Best Colleges" rankings. U.S. News & World Report's listing also ranked Pensacola State third in the state and 20th in the South in social mobility, which evaluates schools based on performance rates of students who receive Pell Grants.

Pensacola State College also was named a 2019 Military Friendly School by Viqtory Media. It was the 10th consecutive year that PSC received the designation awarded to colleges, universities and trade schools that dedicated resources to military students to ensure success in the classroom and after graduation. The College had more than 2,000 veterans, active duty personnel and military dependents enrolled in classes in 2019.

Pensacola State College's online Bachelor of Science in Nursing program was the 10th ranked "Best Online Bachelor Program" in Florida by U.S. News and World Report. The Pensacola State BSN program was ranked 114th in the nation in the same report.

Pensacola State's BSN also received honors from RegisteredNursing.org, a nursing advocacy organization. In its "Best Online RN to BSN Program" rankings, Pensacola State College was listed as fourth in the state.

The National Council for Home Safety and Security also recognized PSC in 2019 when the College was listed in the Safest Colleges in America ranking.

PSC Strengthens Partnerships with UWF

The University of West Florida and Pensacola State College celebrated the launch of a redesigned and extended PSC2UWF program, which features new benefits, at a March 2019 signing ceremony on the PSC campus.

PSC2UWF created a more streamlined pathway for students to transfer from PSC and earn a bachelor's degree from UWF.

Students also received enhanced advising and support from a UWF transfer pathways coach who will check in each semester to monitor students' progress and ensure they are on the quickest path to completing their degree.

The agreement also included a reverse transfer option for PSC and allowed students access to a personalized UWF degree audit to track their progress toward earning a bachelor's degree while pursuing an associate degree at PSC.

"When institutions work together for the betterment of their students, it is a triple win, win, win," said PSC President Ed Meadows.

"Together, we are strengthening a partnership that benefits both our students and the community," said UWF President Martha D. Saunders.

"We anticipate that many students will take advantage of the program's extended benefits, and I am looking forward to welcoming them to the Argo Nation."

Additional benefits of the program include guaranteed admission, easy transfer of official records and a waived application fee. PSC2UWF students also receive a UWF student ID, giving them access to UWF events, campus resources and facilities.

Saunders and Meadows are pictured at the signing ceremony.

PSC Offers Live Online Courses During Spring 2019 Semester

In January 2019, Pensacola State College began offering live online courses.

English Composition I, Beginning Spanish I, Beginning Spanish II, General Chemistry I, College Algebra, Math for Liberal Arts I, Math for Liberal Arts II, Elementary Statistics and Public Speaking were the initial courses that began during the spring term.

The courses were held twice each week on Monday and Wednesday or Tuesday and Thursday.

The live online classes take place in real time and virtually and are like traditional "face-to-face" classes except students see and hear the

instructor via an Internet connection, explained Dr. Brenda Kelly, Pensacola State's Senior Dean of Academic Affairs.

"The live online classes offer enrollees immediate engagement with the instructor and other students in the session," Kelly said. "And students enjoy the flexibility of being able to take a course outside of a traditional classroom. In previous sessions, we've had students sitting in a hospital breakroom taking a class, riding in an airplane taking a class or even at home holding a newborn in a virtual classroom."

To take a live online course, students must login to the class during the scheduled days and times.

Since the course is live, students will see and hear instructors and classmates and participate in the class virtually. Students also must have a laptop or desktop computer, reliable Internet access, a webcam and microphone to enroll and engage in the courses.

"The live online classes are an effective method of delivery and provide an environment where we know students can be successful," Kelly added. "The instructors also can see and interact with every student in the course on their computer monitor."

Veterinary Technology Students Well Prepared

Pensacola State College Veterinary Technology students are coming to the Veterinary Technician National Exam well prepared. Among the 12 PSC graduates who took the exam in 2019, all passed.

The national average for passing the VTNE during the most recent three-year period is 70 percent. PSC's passing rate over the same period was 88 percent.

"This degree is like a key that opens a lot of doors that wouldn't otherwise be opened," said Veterinary Technology Program Director Sarah Meyer-Paterson.

"This (Associate of Science) degree will allow them to take the VTNE and earn their credentials. They're not just bettering themselves; they're improving the quality of care for their patients."

The PSC program is accredited by the American Veterinary Medical Association Committee on Veterinary Technician Education and Activities. The program's high success rate and its affordability has made Veterinary Technology Program students and graduates a valuable part of the local professional veterinary community.

100% Pass Rate Veterinary Technology

PSC Rolls Out Commercial Vehicle Driving Program

Hunter Davis and Kyle Davis (no relation) recently passed their Commercial Driver's License exams and are on the road, thanks to Pensacola State's Commercial Vehicle Driving Program.

PSC's Career Certificate in Commercial Vehicle Driving prepares students for licensure and employment into the trucking industry. This 320-clock-hour program began in Fall 2019 and uses a combination of theoretical, simulation and hands-on instruction.

PSC President Ed Meadows was instrumental in the establishment of the training program.

"If you start scanning the horizon for workforce gaps, one of the first things that gets your attention is the national shortage, and then the local shortage," Meadows said. "There's a huge need."

PSC purchased one 53-foot, cab-and-trailer training vehicle through a Governor's Job Growth Grant from the Florida Department of Economic Opportunity. A second trailer-truck was donated by local beverage distributor, the Lewis Bear Co. Both vehicles are used to train students in a variety of needed skills, from driving and safety techniques to cargo handling and document procedures.

Students in the program drive at least 1,000 miles in training. When students complete the course, they should have all the tools they need to earn a Florida Class A Commercial Driver License.

Meadows said he hopes the College can forge partnerships with area businesses to help train a new roster of truck drivers.

Recognizing Our Pirate Family

PSC Workday Team Begins Implementation Process

Phase 1 of the implementation of Workday, an Enterprise Resource Planning system to replace the College's Financial Records System and Student System, began in summer 2019. In July 2020, the College's Financial Records System and Payroll and Human Resource package went live. Members of Pensacola State College's

Workday Project Team along with Alchemy consultants are pictured. On back row, from left, Stephen Whiting, Michael Johnston, Ron Petet (Alchemy), Paul Oh (Alchemy), Alex Maily (Alchemy), and Clive Houston. Middle row, Ben McCrary,

Rhonda Likely, Nan Jackson, Julie Benesole (Alchemy), Nichole Johns, Michelle Dean, Davieda Grierson and Christina Sullivan. On the front row, from left, are Pat Duncan, Melissa Jernigan, Tammy Henderson and Brandi Cahill (Alchemy).

Rob Gregg Elected President of the NAVUB

Rob Gregg was elected president of the National Association of Veterans Upward Bound (NAVUB). The organization is part of the federal TRIO programs and funded through the U.S. Department of Education. Veterans Upward Bound projects, supported by NAVUB, are dedicated to developing the potential of all U.S. military veterans.

Gregg, who is Pensacola State College's VUB director, served 24 years in the U.S. Navy, retiring as a lead chief petty officer. He earned a bachelor's degree in psychology from Excelsior College and holds a master's degree in higher education leadership and administration from Capella University. He is pursuing a doctorate at Capella University.

Before becoming VUB director in 2015, Gregg was the College's coordinator of Institutional Research for seven years.

Theatre Director Inducted Into FCSAA Academy of Teaching Excellence

PSC Theatre Director Rodney Whatley was inducted into the Florida College System Activities Association Hall of Fame in 2019. He has been the director of theater and theater program coordinator at the College since 2005. He also has served as an adjunct faculty member at Pensacola Junior College, Jefferson Davis Community College and the University of West Florida. He joins eight other PSC administrators and faculty members who have been inducted into the FCSAA Hall of Fame. Over his career at PSC, Whatley has directed more than 50 productions.

Academy of Teaching Excellence Inductees

Five Pensacola State faculty members were inducted into the College's Academy of Teaching Excellence in 2019. The inductees are Chandra Wood, Jamey Jones, Sara Smith, Wendy Carden and Burton Beck. Rameca Leary also was selected as the Outstanding New Faculty Member. The Teaching Excellence awards

recognize outstanding classroom instructors who demonstrate sustained teaching excellence as measured by four criteria: Demonstrated knowledge of and enthusiasm for subject matter; Good rapport/relationship with students; Effective course content and organization; and Effective instructional methods.

The faculty members were honored at a reception and dinner in the Delaino Student Center on the Pensacola campus.

Pictured are Woods, from left, Leary, Jones, Smith, Carden, and Beck.

PSC Employees of the Year

The 2019 Career Service Employees of the Year and the Professional Employees of the Year awards were presented to five Pensacola State employees who have more than 122 years of cumulative service to the College. The 2019 Career Service Employees of the Year are Renee Hosea, Purchasing Specialist, Purchasing and Auxiliary

Services; and Mary Scott, Executive Assistant, Institutional Diversity and Student Conduct. The 2019 Professional Employees of the Year are Rhonda Likely, Assistant Director, Human Resources; Jessica Millis, District Supervisor, Writing Lab, English and Communications; and Greg Oliver, Maintenance Manager, Facilities,

Planning and Construction. A reception honoring the recipients was held at the Delaino Student Center on the Pensacola campus where family, friends and coworkers turned out to congratulate the honorees. Pictured are from left, Oliver, Likely, Mills, Scott and Hosea.

PLI Class of 2019-2020

Twenty-five Pensacola State employees learned about the inner workings of the College during a year as students in the President's Leadership Institute. Pictured are members of the PLI Class of 2019-2020:

Melissa Davis, Ruth Davison, Juanita Edwards, Jennifer Hill Faron, Tracie Hodson, Roland Hyacinthe, Melissa Jernigan, Makenzie Johnson, David "Jimmie" Langham (not pictured), Hailey Lotz, Mary Mabins, Marcy Matthews-Bethea, Linda McKay, Darren North, Mitzie Sowell, Troy Moon, Greg Oliver, Susan Perankovich, Barbara Rodriguez, Debra Ryals, Sandra Colville, Donovan Tennimon, Deven Walther-Thead, Wanda Wood and John Woods. Class members are pictured with PSC President Ed Meadows and PLI facilitators - LisaMarie Bartusik, Scott Bemiss, Rob Gregg and Rameca Leary.

PSC Employees Named 2019 InWeekly Rising Stars

Michael Johnston, Jennifer Hill Faron and Donte Sheppard were selected as 2019 InWeekly Rising Stars. Hill Faron is the interim dean of Pensacola State's Milton campus. Johnston is the executive director of Institutional Research and Donte Sheppard was a Pensacola State recruiter. InWeekly's 2019 Rising Star edition spotlights young professionals who will have a meaningful impact on the community and help the Pensacola area grow and improve.

Facilities

New Digital Signage Installed on Pensacola, Warrington Campuses

New digital signs have been installed on Pensacola State College's Pensacola and Warrington campuses. Construction on the Daktronics electronic signs began in June 2019 at the intersection of Ninth Avenue and Underwood Avenue on the Pensacola Campus and Highway 98 on the Warrington Campus, respectively. Birkshire Johnstone LLC constructed the signs. The Warrington sign was designed by Caldwell Associates and the Ninth and Underwood avenues sign was designed by Bullock Tice Associates.

New STEM Facility Set to Open Fall 2020

Construction of the new STEM building on the Pensacola campus is on track and will open for the fall semester. The new facility replaces the more than 60-year-old Mary Ellison Baars Building, which was demolished before construction began on the new facility in January 2019. Ongoing construction continues on the Phase I portion of the project – the \$15 million East Wing structure. The 25,389-square-foot East Wing will be home to the College's mathematics and cybersecurity programs, as well as aviation maintenance, computer science and other high-tech fields.

Phase II will include a West Wing – a 46,000-square-foot facility linked to the East Wing by a second-floor connector. A construction start date has not been set for Phase II. Ajax Building Corp. is the general contractor for the project, which was designed by Florida Architects.

Planetarium Undergoes Renovation

A facelift took more than 20 years off of the Pensacola State College Planetarium and Space Theater. The renovations began in 2017 when the 40-foot diameter dome was repainted by Astro-Tec Manufacturing. Other updates include computerized LED lighting, a state-of-the-art surround sound system, new seating, carpeting and computerized control console. Housed in the Baroco Center for Advanced Technology, the facility's color palette was modernized to dark blue and gray, from the 1990s mauve. The planetarium and space theater opened in 1993.

10 Inducted Into PSC Athletics Hall of Fame Inaugural Class

Ten of Pensacola State College's most-accomplished Pirates were inducted into the Athletics Hall of Fame in February 2019. Inaugural class inductees were:

- **Joel Anthony** played basketball for the Pirates from 2002-2004. He transferred to the University of Nevada, Las Vegas where he was named the Mountain West Conference Defensive Player of the Year. He signed with the Miami Heat, helping the team win back-to-back national championships. He now plays for Argentina's San Lorenzo de Almagro basketball club league.
- **The late Mary Bailey** established the softball program at Pensacola State in 1982. A 1967 PSC graduate, she was head softball coach from 1982-1994. In 1988, she led the Lady Pirates slow-pitch softball team to the NJCAA Division I Championship and was named the 1988 NJCAA Coach of the Year. At PSC, she compiled a 498-166 record. The Panhandle Conference Softball Championship trophy is named in her honor.
- **William "Bill" Brantley**, a member of the PSC Booster Club, taught in the College's Physical Sciences Department from 1965-1995. After retirement, he taught as an adjunct professor until 2009. He contributes to the PSC Foundation and PSC athletics and created the William T. Brantley Scholarship Endowment for Physical Sciences.
- **Jim Donovan** was PSC's golf coach from 1987-1993. After serving in the U.S. Navy for 32 years, he coached golf at Catholic High School before joining PSC. He led the Pirates golf team to the NJCAA Division II Championship in 1993 and missed a second title by one stroke the following year.
- **Charles Fairchild**, a charter member of PSC Athletic Program, played basketball at PSC from 1962-1964 and was a member of PSC's first state championship basketball team in the 1962-1963 season. He went on to play at Florida State University for two years.
- **Dana Gilmore** is the most-decorated female athlete in PSC history. She was a First Team All-Conference for two years in softball and volleyball, a two-time First Team All-State in softball and volleyball among many other accolades. She went on to play softball at University of Central Florida for one season and transferred to University of Mobile where she was a member of the 2006 Mobile NAIA National Champion team. Gilmore, an assistant softball coach at Tate High, coached the school's 2015 State Champion team in girls' softball.
- **Dennis Lindsey** was Pensacola State's first full-time assistant basketball coach from 1994-1996. He joined the Houston Rockets organization in 1996, and eventually worked his way up to become the franchise's vice president. He also served as vice president and general manager of the San Antonio Spurs. He is the executive vice president of basketball operations for the Utah Jazz.
- **Greg Litton** played baseball for the Pirates from 1983-1984 and signed to play at Mississippi State University, however he was drafted in the first round of the 1984 draft by the San Francisco Giants. After five seasons in the minor leagues, Litton moved up as a rookie and hit a home run in Game 4 of the 1989 World Series. He played with the Seattle Mariners and Boston Red Sox before retiring in 1995.
- **Bob Marlin** was a PSC basketball coach from 1990-1995. In 1993, he led the Pirates to the national junior college championship and was named the NJCAA Coach of the Year. Marlin compiled an astonishing 123-35 record at Pensacola State.
- **The late William "Bill" McArthur** was a longtime Pirates basketball supporter. He played basketball for Pensacola High and was inducted into the school's Hall of Fame. He graduated from PSC in 1953 and transferred to Florida State where he earned his bachelor's degree. He also earned his master's degree from Mississippi State College and served in the U.S. Army during the Korean conflict. He was a table coordinator at Pensacola State for 42 years and enjoyed a relationship with every College president, athletic director and coach.

Women's Cross Country Team joined PSC Athletics

A women's cross country team joined Pirates Athletics in fall 2019. Julie Burger, an experienced triathlete and director of Pensacola State College's Pharmacy Technician Program, was tapped as the head coach. Pictured are Alyssa Alberto, Kathryn Willis, Niya Burney, Phoebe Briant, Trinity Maracle, Madison Myers and Ashley Valencia, members of the first team. Pensacola State is the eighth Florida College System institution to have a women's cross country team. In the Panhandle Conference, Pensacola State joined Chipola State College and Tallahassee Community College. Daytona State College, Florida Gateway College, Florida State College-Jacksonville, Pasco-Hernando State College and Seminole State College also have women's cross country teams. Burger, a four-year faculty member, has participated in Mexico's Rocky Point Triathlon, Tempe International Triathlon and Lake Pleasant (Arizona) Triathlon. She also has run in the Blackwater Trail Challenge, Pensacola Beach Run, Pensacola Double Bridge Run, Pensacola Rock N Fly one-half marathon and other local 5Ks.

Student-Athletes Commit to 4-Year Colleges and Universities

Fifteen Pensacola State College student-athletes committed to Division I, Division II, Division III and NAIA colleges and universities during the 2019 signing day in April. The athletes, pictured above, include: **Baseball players:** Fausto Lopez, Luke Coker, Tyson Ellis, Ryan Brewer, Chad Bryant, Josh Rulli, D.J. Wilkinson and Bryan Eusebio - who signed with Middle Tennessee State University, Elon University, Troy University, the University of West Florida, the University of Alabama, the University of Tampa, Troy University and Webber International University, respectively.

Women's basketball players: Brandi Washington and Savannah Walker-Lafler have signed with Grambling State University and Martin Methodist College, respectively. **Men's basketball players:** Yeikson Montero who signed a letter of intent to Eastern Michigan University. **Volleyball player:** Robyn Krause, Kennedy Raffle, Katarina Nikolic and Baylee Young who signed with Wofford College, Auburn University Montgomery, Olivet Nazarene University and the University of North Alabama (beach volleyball team), respectively.

Student-Athlete Achievements

Nine Pensacola State College student-athletes were recognized by the NJCAA for academic performance. The organization recognizes less than 8 percent of all NJCAA athletes. Student-athlete awards are based on grade point average and hours completed.

Two students were named to the NJCAA All-Academic First Team (4.0 GPA) — Katarina Nikolic, volleyball and Sadie Rusteika, softball.

Baylee Young, a volleyball player, was named to the NJCAA All-Academic Second Team (3.80-3.99 GPA).

Named to the NJCAA All-Academic Third Team (3.60-3.79 GPA) were Nicole Woods and Robyn Krause, volleyball; Kathryn McGlamry and Ashley Valencia, softball; and Logan Blackmon and Ryan Brewer, baseball.

FCSAA ACCOLADES 2018-2019 Honorees

The Florida College System Activities Association (FCSAA) also recognized numerous Pensacola State student-athletes for their performances during the 2018-2019 seasons.

Shayne O'Connell, a softball pitcher, was named to the FCSAA All-State Second Team.

Selected for the FCSAA All-Panhandle Conference First Team were Sean Ross, baseball; Yeikson Montero, basketball; Brandi Washington, women's basketball; Madison Myers, Shayne O'Connell and Savannah Foster, softball; and Alex Pierre, Reilly Landreneau, Lindsey Stewart and Madison Fisher, volleyball.

Selected for the FCSAA All-Panhandle Conference Second Team were Ryan Brewer, Luke Coker, Angel Diaz, Logan Blackman and Tyson Ellis, baseball; Mike McDougal and Elmo Cowart, basketball; Kaiya Burnett, women's basketball; Kathleen Kohler, Ashley Valencia, Sadie Rusteika and Alexis Guzman, softball; and Beaudine Verweij, volleyball.

WSRE

PBS Station Serves 1.5M Emerald Coast Residents

Licensed to the Pensacola State College District Board of Trustees, WSRE positively impacts communities through education, entertainment and community engagement.

The station's original productions, local shows and special events provide opportunities for civic engagement, enlightening conversation and exposure to the arts. As a Public Broadcasting System member, WSRE is also part of America's most trusted, valued and essential media provider and serves local communities with quality PBS programming, educational services and public safety resources.

Accessible to everyone, over the air and digitally, WSRE serves a population of 1.5 million people on the Emerald Coast with four over-the-air channels: WSRE, WSRE World, WSRE Create and WSRE PBS KIDS.

Production facilities are located in the Kugelman Center for Telecommunications at PSC and include the 10,000-square-foot Jean & Paul Amos Performance Studio, which serves as a live broadcast and event venue.

WSRE relies on support from individual members and corporate funders for programming, production and the capital required to maintain station operations and meet the constant demands of innovation in communications technology. In support of

public service projects furthering education, public safety and civic leadership, WSRE receives public funding through the Corporation for Public Broadcasting.

Among station highlights for 2019, Be My Neighbor Day again brought the community together for a celebration of early education and family health and safety with more than 40 partnering organizations and activities headlined by Daniel Tiger, Katerina Kittykat and Mr. Steve from PBS KIDS.

WSRE also celebrated "Country Music: A Film by Ken Burns" with film screenings, a summer country concert series, a songwriting workshop for Pace Center for Girls, the Pensacola Barn Dance Wine & Food Classic and a benefit concert performed by Marty Stuart and His Fabulous Superlatives, pictured above, at the Pensacola Saenger Theatre.

The station also teamed up with WEAR's Channel 3 News to present "Town Hall: Addicted Florida." This community discussion on the opioid crisis and its impact on our state and local citizens was broadcast live from the WSRE Amos Studio and featured an expert panel and guests from federal, state and local authorities fielding questions from the in-studio audience and viewers at home.

Educational Resources

WSRE delivers America's leading media brand for children and trusted educational resources to local families and schools through the 24/7 WSRE PBS KIDS channel and anytime-anywhere streaming and games via the PBS KIDS app, WSRE Imagination Station early learning activity centers, Florida PBS LearningMedia, and community outreach activities like Be My Neighbor Day and WSRE PBS KIDS & Family Day at Gulfarium Marine Adventure Park. Plus, a portion of WSRE's main channel broadcast is also dedicated to early learning programs.

In its first six years, more than 63,750 visitors had utilized the original Imagination Station at Blue Wahoos Stadium. In 2019, WSRE introduced mobile Imagination Station kiosks and opened a new neighborhood Imagination Station at C.A. Weis Elementary, a Title 1 school in Escambia County. Geared toward children from birth to age 5, the WSRE Imagination Stations provide a safe environment and digital resources for parents to engage in play, creativity and learning with their children.

Original Productions

WSRE productions are key to providing meaningful content for local viewers.

Six local series cover people, places and happenings of the viewing area: "Aware!" and "inStudio" highlight current affairs and local initiatives; "Conversations with Jeff Weeks" spotlights notable individuals; "Pensacola State Today" provides useful information about college programs and student services; "In Your Own Backyard" takes an in-depth look at local attractions and points of interest; and "StudioAmped" showcases the original music of regional artists.

New to the station's portfolio of original productions in 2019, "Nightmare Theatre" features Horror Host Hall of Fame members, Mike Ensley, Chip Chism and Lemmie Crews, presenting classic movies with comedic intros on each film's history. The Merrill Movie Museum has provided movie props and memorabilia for the series, now airing in other markets.

In the spirit of good government and an informed electorate, "Legislative Review: Dialogue with the Delegation" is produced before and after each legislative session to help connect law makers with their constituents. Viewers provide the questions asked of the Northwest Florida delegation during the live broadcasts which have aired on WSRE since the early 1970s.

Over the last two decades, WSRE has won four Emmy nominations, two Silver Telly Awards and 19 Bronze Telly Awards, including Bronze Telly Awards in 2019 for the "Aware: Healthcare Connect" town hall presentation and "StudioAmped: Pensacola Beach Songwriters Festival Special 2018," featuring Nashville songwriters Anne Buckle, Tim Buppert and Jerry Vandiver, pictured at right.
