AGE OF COURSEWORK: Students with Pensacola State College (or Pensacola Junior College) enrollment and/or transfer credit that is ten years of age or older may seek Academic Grade Amnesty (AGA) from the effect of those credits on the cumulative grade point average.

RESULT OF AMNESTY APPROVAL: Academic Grade Amnesty may be granted only once in a student's academic career at Pensacola State College (or Pensacola Junior College). If granted, AGA applies to all credits and grades that are ten or more years of age. The forgiveness includes transfer work that is ten or more years of age. Students may not select specific terms or specific courses or specific grades. AGA will apply to all coursework ten years of age and older from the date the request is submitted. The student granted AGA will not be permitted to count any of those credits toward graduation, program completion, or pre-requisite requirements. All other restrictions relating to repeating courses and maximum attempts will remain in force despite the granting of AGA, and compliance with other applicable College policies will be expected.

IMPORTANT NOTE REGARDING PREVIOUSLY EARNED DEGREES AND CERTIFICATES: If you have already earned a degree or a certificate at Pensacola State College (or Pensacola Junior College), Academic Grade Amnesty will not be permitted if it results in the forgiveness of courses used for the degree or certificate.

OFFICIAL PENSACOLA STATE COLLEGE TRANSCRIPT & TRANSFER INFORMATION: All courses and grades earned for which AGA has been granted will remain on the official Pensacola State College transcript. However, these grades will not be used in the calculation of the grade point average, and a notation of the Academic Grade Amnesty will be posted to the student's record. Because the courses and grades will remain a part of the student's academic record, colleges and universities to which the student transfers may not "forgive" the grades. Other institutions may continue to consider the older credits and grades when evaluating the student's Pensacola State College transcript. Students seeking AGA are encouraged to discuss the matter with representatives of the institution to which transfer is planned.

FINANCIAL AID: Academic Grade Amnesty has **no** effect on the federal and state student financial aid standards of academic progress. Financial aid recipients who have been placed on academic probation, academic suspension, academic suspension waiver, or who have exceeded the maximum number of attempted credits should contact the Pensacola State College Office of Financial Aid/Veterans Affairs/Scholarships for financial aid appeal procedures.

REVIEW BY ADVISOR: Students requesting AGA must meet with an advisor prior to submitting this form.

I am requesting **ACADEMIC GRADE AMNESTY** for all coursework that is ten years of age and older to include Pensacola State College courses and any transfer courses that appear on my educational record at Pensacola State College. I have read the information regarding this process and understand the conditions established for the forgiveness of courses and grades. I understand that notification of the status of my request will be sent to my Pirate Mail.
