MESSAGE FROM THE PRESIDENT

Welcome new and returning Pirates! Thank you for choosing Pensacola State College as the next step toward achieving your academic and career goals.

As a world, nation, state and institution, we are all recovering from a trying period in history with the COVID-19 pandemic. However Pensacola State remains committed to providing an affordable and quality education to all who enter our doors in a safe and secure manner. Be assured that the College adheres to CDC guidelines of face masks and social distancing in addition to numerous other safety practices.

Along with workforce certificates and baccalaureate degrees, Pensacola State offers associate degrees, career and technical certificates, continuing education, corporate training and more. Since accepting the first 136 students in 1948, the College has bestowed more than 115,000 degrees upon graduates.

We have small classes, highly-qualified faculty members, academic support programs such as virtual tutoring, veteran support programs, and well-trained staffers to ensure your success.

With flexible schedules and a variety of delivery methods – day, night, face-to-face, online and hybrid classes, Pensacola State will meet you where you are.

Also, you are enrolled in one of the most affordable and accessible colleges in the nation – 95 percent of our students graduate debt-free. We also award more than \$24.6 million in scholarships, financial aid and grants each academic year.

The College has six locations – Pensacola, Milton and Warrington campuses and the Century, Downtown and South Santa Rosa centers.

Pensacola State is listed among the best colleges in the South by U.S. News and World Report and our RN to BSN program is ranked among the best in Florida.

The entire PSC Family welcomes you, and we look forward to becoming better acquainted. Transforming lives and futures are our daily goals, we are here to help you make the most of your educational experience at Pensacola State.

Go Pirates!

Sincerely,

Edward Meadows
President

COLLEGE INFORMATION

SECTION I: COLLEGE INFORMATION

MISSION STATEMENT

Pensacola State College, under the governance of a local Board of Trustees, is committed to providing quality, affordable, and accessible educational opportunities through a variety of delivery methods.

The College, a member of the Florida College System, offers baccalaureate and associate degrees, workforce certificates, adult education, business and industry training, non-credit continuing education, community outreach, and cultural enrichment opportunities for students and the community.

VISION STATEMENT

Pensacola State College educates students through a dynamic and supportive learning environment that develops all students intellectually, culturally, and socially, preparing them to succeed within the global community.

COLLEGE PRIORITIES

1. Enhance partnerships to further develop capabilities to better serve students and the community.
2. Invest in people by
 - a. Using evaluation processes for continuous improvement;
 - b. Ensuring professional development and training opportunities to help create a culture of continuous improvement;
 - c. Providing reward and recognition programs; and
 - d. Formally celebrating achievement, productivity, and continuous improvement.
3. Enhance the quality of instructional programs and services by measurably
 - a. Improving student learning,
 - b. Improving student retention and completion,
 - c. Improving satisfaction in all aspects of the student experience, and
 - d. Increasing access to instructional programs and services through use of technology and maintaining a physical presence in strategic locations throughout the college service area.
4. Seek new financial resources for the College and College Foundations.
5. Ensure that existing resources are effectively utilized through improved efficiencies, entrepreneurial business practices, and established sound fiscal management.
6. Acquire new resources to maintain and upgrade existing facilities, construct new facilities to better support learning and student and community services and enhance college programs and services.
7. Seek increased diversity and promote a campus climate where the principles of affirmative action, equal opportunity, and multiculturalism are valued.
8. Continuously improve customer service, campus safety, campus beautification, use of technology, institutional effectiveness processes, community service and internal communications.
9. Market the College and programs of the College through current and emerging media conduits.

ABOUT PENSACOLA STATE COLLEGE

Pensacola State College serves Escambia and Santa Rosa counties in Florida as well as surrounding Alabama communities. The population of the two-county area is nearly 450,000. The area is best known for its sugar-white beaches, historical significance, health care institutions, and military installations, one of which hosts the world famous Blue Angels flight demonstration team and the National Museum of Naval Aviation.

ACCREDITATION

Pensacola State College is accredited by the Southern Association of Colleges and Schools Commission on Colleges to award baccalaureate degrees, associate degrees, and certificates.

Verification of accreditation may be obtained from the Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097 or by telephone to (404) 679-4500.

ACADEMY OF TEACHING EXCELLENCE

The Academy of Teaching Excellence was established in 1986 by Dr. Charles Atwell during his tenure as the Executive Vice President. The Academy recognizes outstanding faculty who have exhibited sustained excellence in teaching. Each year four full-time and one adjunct faculty are inducted into the Academy, and one outstanding new faculty member is honored.

Ms. Karin Carter
Adjunct Instructor
Mathematics and Computer Science

Chef Jimmie Langham
Assistant Professor
Applied Technology and Professional Services

Mr. Randall McClellan
Assistant Professor
Physical Sciences

Ms. Sarah Meyer-Paterson
Instructor
Allied Health

Mr. Scott Schackmann
Instructor
Humanities and Social Sciences

Ms. Britni Schoolcraft
Lecturer
English and Communications

FACULTY

Pensacola State College is proud of its highly qualified faculty. Typical preparation of the academic faculty member consists of graduate work beyond the master's degree and many faculty members have doctoral degrees. Faculty in vocational programs are trained specialists whose thorough knowledge of the occupation comes from both formal study and career experience.

Though Pensacola State College students come primarily from the local community, faculty are drawn from colleges and universities across the nation to broaden the scope of instruction.

Pensacola State College faculty members hold positions on boards and commissions and belong to professional and scholarly organizations. Many are engaged in research and have authored articles, monographs, and textbooks.

Pensacola State College faculty also benefit from a number of endowed teaching chairs that are supported by private contributions to provide travel and research opportunities.

DISCLAIMER

The provisions of this *College Catalog* are not to be construed as a contract between the student and Pensacola State College. The College reserves the right to change any provision or requirement when such action becomes necessary. Each student is advised to work closely with a College counselor or advisor to verify the appropriateness of the course(s) for which he or she registers.

Each student is expected to become familiar with the rules and regulations of the College and will be held responsible for the observance of those rules and regulations.

HISTORY OF PENSACOLA STATE COLLEGE

1948 – 1954, Director James L. McCord

Pensacola State College began as Pensacola Junior College, Florida's first public junior college to be established under the Minimum Foundation Program Law in 1947. This law recommended that junior colleges become part of local school systems supported by government funding.

In this historical narrative, the College will be referred to as Pensacola Junior College (PJC) from 1948 to 2010 and thereafter as Pensacola State College (PSC).

With pioneer spirit, Pensacola High School Principal James L. McCord, Dean Jesse Barfield, and teacher Margaret Andrus completed the documents for a new junior college and wrote PJC's first *College Catalog*.

James H. Allen, president of Florida Pulp and Paper Company, contributed two years of rent for a boarding house at the southeast corner of Palafox and Cervantes streets. Pensacola Junior College held its first class there on September 13, 1948, with an enrollment of 136 students and James L. McCord as the first director.

Louis A. Ross, social science instructor, headed PJC's first basketball team in 1949 and the first baseball team in 1951.

During 1949-50, the first student newspaper, *The Beachcomber*, and the first yearbook, *The Tide*, were introduced.

Due to increasing enrollment, in June 1953, the College moved one block south on Palafox Street to the former Pensacola High School facility.

1954 – 1963, President Henry L. Ashmore

Henry L. Ashmore became Pensacola Junior College's first president in 1954. A well-known consultant in the field of teacher training, Ashmore held a doctoral degree from the University of Florida and served as the regional director for the National Association of Student Teaching.

In January 1955, the PJC Alumni Association was chartered and Joe Frosio, a 1950 graduate, was the first president.

On May 13, 1955, Florida Governor LeRoy Collins signed a bill appropriating \$1,243,000 to the College for building improvement. The Pensacola Kiwanis Club had supported the bill and recommended a new campus location — the eighty acre Camp Franklin property on 9th Avenue, owned by the City of Pensacola and the Baars Estate.

Enrollment for 1955-1956 totaled 1,147 students. The College faculty had expanded accordingly and the weekly employee newsletter, *Green & White*, was initiated in 1955 to facilitate internal communication. The name of the student newspaper changed from *The Beachcomber* to *The Corsair*.

Accreditation was granted by the Southern Association of Colleges and Secondary Schools in December 1956.

Students attended classes on the new 9th Avenue campus for the first time in September 1957. This campus later became known as the Pensacola Campus.

In 1958, PJC began its second decade by introducing a two-year nursing program — the first of its kind in the Southeast. The nursing program began as a joint venture with Baptist Hospital.

Lyceum, PJC's cultural enrichment program, also began in 1958. Created by John T. Venetozzi, Fine Arts and Humanities chair, Lyceum continues to bring nationally known speakers, musicians, and artists to the College.

The Student Union for Good Government and Greek organizations emerged during the early 1960s. In 1960, Delta Chi Omega became PJC's first sorority, and in 1961, Delta Kappa Alpha became the first fraternity.

Instructional television came to PJC in 1961. Closed-circuit broadcasting to PJC classrooms and selected public schools began in 1962.

PJC became one of three colleges in the state to establish a dental hygiene program in 1962.

In 1963, President Ashmore accepted the presidency at Armstrong State College in Savannah, Georgia.

1964 – 1980, President T. Felton Harrison

On July 1, 1964, T. Felton Harrison assumed the presidency of PJC. He had served as Dean of Instruction at the College since 1957.

In 1964, the new Center for Adult Studies became home to the Adult High School and PJC's vocational and technical education programs.

The area's first planetarium open to the public and a dental health clinic were included in an addition to the Mary Ellison Baars Science Building in 1965.

Expansion continued in 1965 with the opening of a new Educational Television Building. Lauded as the finest facility of its kind in the South, the new ETV Building housed two large television studios for closed-circuit television and a television station.

The PJC Foundation was incorporated on November 1, 1965, with Crawford Rainwater as the first president.

President Harrison spearheaded the merger of PJC with Booker T. Washington Junior College (WJC) in 1965. WJC was the first black junior college built in Florida and had served the black community since 1949. WJC President Garrett T. Wiggins joined the PJC administration as director of research. The merger brought approximately two-hundred black students to the PJC campus.

In September 1967, WSRE-TV Channel 23 went on the air open-circuit, beaming enrichment and college credit programs to the community.

The Triple G Club was founded in 1968. It was later renamed the Black Student Union.

The Florida legislature passed a bill in 1968 changing authority over community colleges from local boards of advisors who reported to county school boards to local boards of trustees who reported to the State Board of Education.

PJC's former advisory committee became the District Board of Trustees, the governing body of the College. The College's service district was defined to be Escambia and Santa Rosa counties.

Pensacola Junior College's first District Board of Trustees included James Lay, chair, and members Leonard Wolf, O.M. Carter, H.T. Woodruff, Mrs. E.J. Moore, Shelby Walter, Warren Briggs, Dr. S.W. Boyd, and Earle Bowden.

In 1971, PJC's Milton Center was created to better serve Santa Rosa County. Classes were held in the former Canal Street School in Downtown Milton with William H. Massey as the Milton Center's first director.

WSRE began broadcasting in color in 1971.

In 1973, PJC celebrated its silver anniversary and dedicated a new \$1 million Career Development Center that provided free services to more than 22,000 people each year.

Women were welcomed to varsity sports in 1974, and Joy DeSensi was hired to coach the Lady Pirates basketball team.

In 1975, a \$1 million Learning Resources Center with state-of-the-art technology opened on the Pensacola campus.

A new campus in Warrington opened for classes on August 22, 1977. The \$8 million facility was built on 164.7 acres donated by the U.S. Government. Gaspare Tamburello, the College's Veterans Affairs director and a retired U.S. Navy captain, was instrumental in acquiring this land. John T. Venettozzi spearheaded the construction of the Warrington campus and became its first provost.

In February 1980, President Harrison announced plans for retirement.

1980 – 1997, President Horace “Ed” Hartsell

Following a national search, Horace “Ed” Hartsell became Pensacola Junior College's third president in May 1980. Hartsell had previously served as president of East Arkansas Community College in Forrest City.

Doug Worley, Dean of Personnel Affairs, was selected as director of the Milton Center in 1980 and named provost later that year.

In 1981, PJC began an academic honors program featuring small classes and a challenging curriculum.

In December 1981, PJC opened a center at Naval Air Station (NAS) Pensacola, offering daytime and evening classes to both military and civilian personnel. David Sutton served as NAS Center director from its inception through 2005.

A pristine eighty-acre site along Highway 90 was purchased for the new Milton Center in 1982. Designed to preserve its natural environment, the Milton Center opened for classes in January 1985 and offered new programs in horticulture and wildlife ecology. Phase II was completed in 1986.

In 1984, J.C. Thedford became the first Provost of the Pensacola Campus. The following year, Thedford became Provost of Community Programs, and Richard Bedics became Provost of the Pensacola Campus.

In 1985, the Lady Pirates won the FCCAA State Basketball Championship, and Coach Vicki Carson, who had been selected as the first full-time coach for women's basketball in 1980, was named FCCAA Coach of the Year.

The Academy of Teaching Excellence was established in 1986 by Charles Atwell, Executive Vice President to recognize outstanding faculty who have exhibited sustained excellence in teaching.

In 1988, Coach Mary Bailey led the Lady Pirates slow-pitch softball team to the NJCAA Division I National Championship. Bailey had been softball coach since the Lady Pirates team formed in 1981.

In 1989, PJC opened a Downtown Center in the Blount Building, offering courses geared toward working adults and the local business community. Continued growth prompted the move to a permanent, four-story facility on West Garden Street in 1996.

PJC honored its first president by naming the extensively renovated Building 8 as the Henry L. Ashmore Fine Arts Center in May 1990. The 314-seat auditorium and adjoining classrooms were originally constructed during Ashmore's tenure.

The Baroco Center for Science and Advanced Technology was dedicated in October 1990. The 125,000-square-foot center was designed to provide the latest in science, mathematics, computer science, and advanced technology programs and house a high-tech planetarium.

In 1993, PJC sports enjoyed a banner year with the Pirates winning two national championships. The Pirates basketball team, under Coach Bob Marlin, became the first Florida team to win the NJCAA Division I National Championship in basketball. The Pirates golf team, under Coach Jim Donovan, won the NJCAA Division II National Championship that same year.

The \$7 million, 43,000 square-foot Kugelman Center for Telecommunications opened in 1994 to house WSRE-TV, the area's first digital television station.

The \$5 million Lifestyle Improvement Fitness Education (LIFE) Center sports complex at the Milton Center was dedicated in 1995.

In 1995, President Hartsell and the District Board of Trustees began to acquire land adjacent to the Pensacola Campus for expansion and growth of the College.

PJC's Milton Center became the site for the University of Florida's West Florida Research and Education Center in 1996. The partnership made it possible for students to earn bachelor's degrees in Natural Resource Conservation or Environmental Horticulture on the Milton Center, taking all upper level courses locally.

In 1997, President Hartsell and the District Board of Trustees announced plans for an eighty-foot bell tower on the Pensacola Campus as part of PJC's fiftieth anniversary celebration. The carillon was named for M.J. Menge, a 1956 PJC graduate and the College's general counsel for thirty-one years.

The year 1997 also marked the beginning of PJC's fourth presidential search as President Hartsell began plans to retire in 1998.

1998 – 2002, President Charles A. Atwell

Following a national search, Charles A. Atwell became Pensacola Junior College's fourth president. His inauguration coincided with PJC's fiftieth anniversary in September 1998. Atwell had served as the College's Executive Vice President since 1986.

Women's volleyball began in fall 1998 with Kim Hollon coaching. The next year, PJC alum Pete Pena assumed the role of volleyball coach.

In December 1998, the PJC Foundation launched the College's first capital campaign. The lead gift of \$1 million from the Switzer and Reilly families established the Anna Lamar Switzer Center for Visual Arts. The campaign exceeded its goal, reaching more than \$5 million. Nearly 750 individuals, organizations, and businesses participated in the fund drive, including more than 300 PJC faculty and staff.

PJC's first Endowed Teaching Chair, named in honor of Margaret Moore Nickelsen, was awarded to Lou Fazio, dental health professor, in 1999.

During 1999-2000, PJC served 30,742 students in both credit and non-credit courses, including those offered through dual enrollment at area high schools.

The Sandra and Grover Robinson III Honors Program began in August 2000, with forty-two Robinson Scholars.

In fall 2000, a student ambassador program was initiated to help increase student recruitment and retention.

The first Anna Lamar Switzer Endowed Teaching Chair was awarded to photography professor Warren Thompson in 2000.

Construction for the Warrington campus Health Sciences Complex and the Pensacola campus Anna Lamar Switzer Center for Visual Arts began in January 2001.

In celebration of Community College Month 2001, PJC began a “Legends” program honoring employees who had served twenty-five years or more.

On July 3, 2001, WSRE became the second public broadcaster in Florida to air a digital signal. The station initiated a capital campaign in 2002 with a goal of \$2 million to complete the digital conversion.

Former First Lady Barbara Bush visited PJC in February 2002 to help the Foundation launch the Universal Scholarship and Adult Literacy Fund.

The 2002 Pirates baseball team enjoyed renovated facilities and placed third in the State Baseball Tournament, setting a team record of 39 wins.

During 2001-2002, the Lady Pirates enjoyed great success. The volleyball team won the Panhandle Conference championship, the softball team was voted Academic Team of the Year in the Panhandle Conference, and Coach Vicki Carson earned her 400th win in women's basketball.

In 2002, paramedic faculty member Joe Diamond was awarded the Margaret Moore Nickelson Endowed Teaching Chair.

In 2002, a grand opening was held for the Anna Lamar Switzer Center for Visual Arts and the Charles A. Atwell Health Sciences Complex was dedicated.

For the first time, the Foundation presented Governor Emeritus awards to Wayne Peacock and Jim Stohlanske in 2002.

President Atwell announced plans to retire in 2002.

2002 – 2008, President G. Thomas Delaino

Following a national search, G. Thomas Delaino became Pensacola Junior College's fifth president on September 18, 2002. Delaino had served as Senior Vice President and Vice President of Planning and Administration at the College since 1993.

In 2003, Gael Frazer became the College's first Associate Vice President for Institutional Diversity.

In fall 2003, ceramics professor Bill Clover was awarded the Anna Lamar Switzer Endowed Teaching Chair.

The Pirate baseball team won the State Championship - the first state title for Pirates baseball since it began in 1951 - and Coach Bill Hamilton was named Coach of the Year in May 2004.

Category Three Hurricane Ivan devastated the Pensacola area in September 2004, leaving more than \$10 million in damage to the College's campuses and centers.

Lady Pirates' basketball coach Vicki Carson won her 500th game in January 2005. At the end of the season, Carson retired from twenty-five years of coaching with 515 wins, the most wins in FCCAA history. Chanda Rigby was named the new head coach for women's basketball.

In February 2005, the Garrett T. Wiggins Student Affairs Complex was dedicated in honor of Wiggins, who was president of Booker T. Washington Junior College when it merged with PJC in 1965.

U.S. President George W. Bush held a town hall meeting at the College in March 2005.

In March 2005, the 16,257 square-foot Jean and Paul Amos Performance Studio was dedicated with several Public Broadcasting celebrities attending the weekend event at WSRE.

A new student literary magazine, *Issue*, debuted in June 2005 with Marzia Accardo as the first editor.

Green & White, the official internal weekly newsletter established in 1955, went to solely electronic publications with the July 18, 2005, issue.

Beginning August 2005, PJC's academic calendar changed to three full terms — fall, spring, and summer — with each offering four sessions with a variety of starting and ending dates.

PJC participated in the first nation-wide observation of Constitution Day on September 22, 2005, with speakers and free copies of the U.S. Constitution.

The Foundation celebrated its fortieth Anniversary in 2005 by honoring the six visionary businessmen who launched it in 1965 — Crawford Rainwater Sr., E.W. Hopkins, M.J. Menge, Warren Briggs Sr., Howard Rein, and Gaspare Tamburello.

Partnering with Habitat for Humanity, the College began a carpentry program in May 2006, giving students hands-on experience building local Habitat homes.

The 2006 FCCAA Hall of Fame inducted Ken McAferty, the College's Brain Bowl coach for twenty-three years, and Vicki Carson, women's basketball coach for twenty-five years.

In fall 2005, sculpture faculty member Michael Boles was awarded the Anna Lamar Switzer Endowed Teaching Chair.

In 2006, phlebotomy faculty member Wilma Duncans-Burnett was awarded the Mary Ekdahl Smart Endowed Teaching Chair.

The 2007 FCCAA Basketball Coaches Hall of Fame inducted Vicki Carson; Bob Marlin, former men's basketball coach; and Mike Gilbert, long-time scorekeeper.

All College Day was launched February 2, 2007, with all faculty and staff participating in professional development workshops.

Retired President Ed Hartsell was honored with the dedication of the newly renovated Hartsell Basketball Arena on February 21, 2007.

The Corsair student newspaper won the national Pacemaker Award for the first time for its online version, *eCorsair*, in 2007.

Harvard University medical faculty conducted a three-day seminar at PJC's Mary Ekdahl Smart Center for Patient Simulation Training and Research on the Warrington campus in May 2007.

President Tom Delaino was honored for outstanding leadership in the community with the Greater Pensacola Chamber's PACE Pioneer Award in February 2008.

Milton Center sponsored its twentieth Forestry Conclave and Lumberjack Festival in February 2008.

President Delaino retired in May 2008.

2008 – Present, President C. Edward Meadows

Following a national search, C. Edward "Ed" Meadows was selected as Pensacola Junior College's sixth president and began leading the College in June 2008. Meadows had previously served as president of Lurleen B. Wallace Community College in Alabama.

NASA astronaut and PJC alumnus Alan Poindexter took a specially minted, gold PJC medallion with him on a 5.3 million mile *Atlantis* space shuttle mission in February 2008. In June, he presented the medallion to President Meadows and College officials.

September 2008 marked the sixtieth anniversary of Pensacola Junior College. Celebratory events included cake-cutting ceremonies on each campus and an outdoor, evening concert directed by Don Snowden, longtime Music and Theatre Department Head.

In October 2008, *The Corsair* captured the General Excellence Award for Florida community college papers for the fifteenth time in eighteen years.

PJC's Associate of Science degree in Nursing program received full accreditation from the National League for Nursing and Accrediting Commission in 2008.

The Practical Nursing program ranked number one out of all 1,036 programs across the nation for the period of April through September 2008 based upon a 100% pass rate on the National Council Licensure Examination (NCLEX) for practical nursing by students who recently completed the program.

In 2008, PJC partnered with the Pensacola Area Chamber of Commerce to open the Center for Innovation and Entrepreneurship at the Downtown Center. This incubator program provides a supportive environment to new business startups for high technology and virtual entrepreneurs.

The College's SkillsUSA student organization was chartered and began hosting the regional secondary and post-secondary skills competitions in 2008.

In November 2008, the College Board of Trustees unanimously voted to pursue the offering of baccalaureate degrees.

PJC's nationally recognized Smart Simulation Center was designated as a Center of Educational Excellence by Laerdal Medical Corporation in December 2008. PJC was only the second community college in the country to receive this distinction.

In 2008, the District Board of Trustees revised the official College colors of green and white to green, white, and blue. The College's mascot logo also was revised to a pirate profile designed by PJC alumnus Brett Swanson, son of Paul Swanson, longtime men's basketball coach.

In April 2009, the Milton Center entry road was renamed Worley Boulevard in honor of Douglas Worley, the Center's first provost.

Lady Pirate softball players christened their new field on the Pensacola Campus with double-header wins on April 22, 2009. From its beginning in 1981, the softball team had played all home games at the Milton Center.

In August 2009, the Edward M. Chadbourne Library was dedicated after a \$9 million renovation and expansion. The spacious facility was named in honor of Chadbourne, a PJC alumnus, who through the Chadbourne Foundation gifted more than \$1.2 million for student scholarships.

In fall 2009, photography faculty member Mark Francis was awarded the Anna Lamar Switzer Endowed Teaching Chair.

During the September 2009 investiture ceremony for President Ed Meadows, the District Board of Trustees named all previous Pensacola Junior College presidents as Presidents Emeriti: Henry L. Ashmore, T. Felton Harrison, Horace "Ed" Hartsell, Charles A. Atwell, and G. Thomas Delaino.

G.I. Jobs magazine and website named PJC as a Military Friendly College in 2009 for its benefits to veterans and active duty military.

In December 2009, the Hobbs Center for Teaching Excellence was dedicated on the Pensacola Campus. During the ceremony, Pensacola Junior College President Ed Meadows and University of West Florida President Judy Bense signed a partnership allowing UWF students to join PJC students in benefiting from the state-of-the-art facility. The Hobbs Center, created through a \$1 million gift in October 2007, benefits Adult High School and Secondary Education students as well as students enrolled in college-credit classes in order to become teachers.

In January 2010, the District Board of Trustees approved the renaming of the Adult High School to the Collegiate High School to better reflect its purpose.

In Spring 2010, PJC was named to the President's Higher Education Community Service Honor Roll. It was one of only four Florida community colleges honored with this national recognition.

WSRE, PBS for the Gulf Coast, won a Bronze Telly Award and a People's Telly Award in 2010 for its original documentary, "Gulf Islands National Seashore: The Treasure of the Gulf Coast," narrated by renowned documentarian Ken Burns.

Athletic Director and Head Baseball Coach Bill Hamilton was inducted into the NJCAA Hall of Fame in May 2010. In twenty-three seasons, with twenty at PJC, Hamilton amassed 702 career wins, the most wins in the College's history.

The SkillsUSA Chapter Excellence Program honors chapter achievement relative to the organization's framework of developing personal, workplace and technical skills. Chapters achieve status as a Quality Chapter – Bronze, Silver or Gold Medal Chapter of Distinction. The highest chapter honor is the Model of Excellence designation.

Also, four PSC employees were recognized for their service to the College and SkillsUSA:

- Rebecca Gunter, an office assistant in the Student and Program Outreach Department, received the SkillsUSA Honorary Life Award of the Year.

- Theresa Hoang, an office assistant in the Student and Program Outreach Department, was named Alumni of the Year for a second year.

- Sonja McCall-Strehlow, coordinator of the massage therapy program and facial specialty program, received the SkillsUSA Region 1 Advisor of the Year Award.

- Jennifer Ponson was named the SkillsUSA Florida Region 1 Champion of the Year.

In August 2020, PSC safely held nursing pinnings and graduation ceremonies despite COVID-19. The ceremonies were held at the Pensacola Bay Center.

In August 2020, the Estate of the late Ralph and Elizabeth "Libby" Ruyle gifted approximately \$140,000 to the College. Ralph Ruyle, a former Pensacola State math instructor, died in 2014. His wife, Libby, passed in August 2020. The couple were members of the PSC Bell Tower Heritage Society – and recorded their intent to make a gift to the College to memorialize their love of the institution.

Late summer 2020, the \$15 million Baars Technology Building was completed in late 2020. Classes were first held in the building starting on March 8 – the start of Session D of the spring semester. The 23,389-square-foot facility will be home to cybersecurity, computer science and mathematics. It replaced the 60-year-old Mary Ellison Baars building which was the first facility constructed on the Pensacola campus in 1956. It was named after the Baars family matriarch in recognition of the Baars role in making the property available for the College.

In September 2020, the College received a second \$5,000 donation from Veterans National Homestead for first-generation-in-college scholarships. Denis McKinnon Sr., Denis McKinnon Jr., and Wade Wilson presented the donation to the College.

In September 2020, more than 50 Pensacola State student-athletes and coaches came to the rescue of local families whose homes and properties were devastated by Hurricane Sally. The category 2 hurricane hit the Florida Panhandle and coastal Alabama on Sept. 16 bringing wind, rain and storm surge. Members of PSC Athletics helped at least 25 residents clear debris, remove fallen and cut tree limbs and waterlogged furnishings and other items from their property.

In September 2020, U.S. News and World Report has ranked PSC among the nation's best postsecondary institutions in its 2021 annual report. The College was the No. 1 Top Performer on Social Mobility and No. 2 in Least Debt in the Regional Colleges South category in the publication's "Best Colleges 2021 Edition." In the All Regional Colleges category, PSC ranked No. 5 in Least Debt. Also, in the Regional Colleges South category, Pensacola State was listed No. 11 in the Top Public Schools category. The College also ranked No. 30 in the Best Regional Colleges South group among public and private schools. And PSC scored 51 percent in the Economic Diversity Score category which evaluates students from different economic backgrounds. Published annually, the 2021 report ranked more than 1,400 private and public colleges and universities.

In September 2020, the U.S. Department of Commerce awarded a \$1.6 million grant to PSC to help construct a truck driving training facility in the Santa Rosa County industrial park. Currently, the truck driving program operates near Blue Angel Recreation Park. The new facility should be open in spring/summer 2021. The grant was issued through the U.S. Department of Commerce's Economic Development Administration and must be matched with \$2.9 million in local funds.

In September 2020, PSC was awarded \$726,388 grant to help students enrolled in the Career and Technical Education (CTE) fields. The Governor's Emergency Education Relief (GEER) Fund will provide \$105,000 for CTE scholarships and about \$500,000 for new, state-of-the-art equipment that will bolster a variety of the College's CTE programs which offer training and routes to industry

credentialing in high-demand fields. The GEER Fund is provided through the Coronavirus Aid, Relief and Economic Security Act.

In September 2020, TRIO-Student Support Services received a five-year \$1.89 million grant (\$379,197 each year) while TRIO-Veterans Student Support Services received a five-year \$1.25 million grant (\$125,000 each year).

In September 2020, for the second year, Veterans National Homecare donated \$5,000 in scholarship funds to the College for first-generation-in-college students. PSC alumnus Denis McKinnon Sr., along with his son, Denis McKinnon Jr., and Wade Wilson – on behalf of the company – presented the First Generation Matching Scholarship donation to PSC President Ed Meadows on Sept. 3 in the PSC Foundation office. In 2019, the company made its first donation and pledged a total of \$15,000 to fund scholarships. A third \$5,000 donation will be made in 2021. As available, future donations will be matched by funds from the First Generation Matching Grant Program.

In October 2020, more than \$90,000 was raised at PSC's 12th annual Day of Clays held at the Santa Rosa Shooting Center in Pace. Presented by Trane, over 111 shooters took part in the fundraiser which supports Pensacola State students and programs through the PSC Foundation Fund for Excellence.

In October 2020, PSC Milton campus debuted the College's new 3.1 mile cross-country course during the 49th annual Washington High School Wildcat Invitational. PSC cross country team now has its own course to host competitions in upcoming seasons. PSC employee Richard Whatley Sr. conceived of the course, and with help from PSC cross country coach Julie Burger and Washington High School cross country coaches Brian Quinn and Krystal Falkler helped clean up and mark the course.

In October 2020, Sandy Sansing enjoyed lunch with several of the 33 PSC students who received a Sansing Universal Scholarship for the 2020 academic year. Since its establishment in 2002, the Sandy Sansing Universal Scholarship has awarded, along with matching funds, nearly \$500,000 to 1,126 PSC students. The scholarships cover tuition, fees and books up to \$1,500. Recipients must demonstrate financial need and have at least a 2.0 grade point average.

In October 2020, PSC recognized its 2020 Employees of the Year. The Professional Employees of the Year were Ella Barker, Butch Branch, Paul Chaney, Michael Johnston and Patrice Whitten. The 2020 Career Service Employees of the Year were Shannon Crawford, Ricky Enfinger, Teresa Jackson and Mel Miner.

In November 2020, more than \$23,000 was raised during the Pensacola State College Alumni Association's Annual Quail Hunt and Pheasant Shoot held Nov. 6 and 7 at Dennis Lake Wing Club in Bay Minette, Alabama. Nine participants turned out for the quail hunt that was held Nov. 6. On Nov. 7, overnight guests joined a fresh group of hunters at the venue's clubhouse for the pheasant shoot. Overall, nearly 30 hunters participated in the shoot.

In November 2020, Pensacola State College's Medical Assistant Program was named one of the best in Florida by medicalassistnatadvice.com. Of the 91 Medical Assisting Programs in Florida, Pensacola State was ranked No. 2 by the online resource. The rankings were based on graduation rate, net price, admission rate, retention rate, number of enrolled students and the reputation of the school. The College's one-year vocational certificate program prepares students for employment in physicians' offices, clinics, offices of other health practitioners and hospitals. The program also is accredited by the Commission on Accreditation of Allied Health Education Programs upon the recommendation of the Medical Assisting Education Review Board. The total cost of the PSC program is \$5,880 and it boasts of a 100 percent graduation rate.

In November 2020, McGuire's Irish Pub and members of the Irish Politicians Club donated \$50,350 to the Molly McGuire Culinary Arts Endowed Scholarship Fund. With the latest donation, the

endowment principal is now \$350,350, making it the College's sixth-largest endowed scholarship.

In November 2020, the Gulf Power Foundation presented a \$30,000 check to the Pensacola State College Foundation that is just part of the company's pledge contribution to the PSC Nonprofit Center for Excellence and Philanthropy, a training center for area nonprofit organizations. The check was the third \$30,000 payment of Gulf Power's \$150,000 commitment to the Nonprofit Center, which was established in 2019. The company has pledged to contribute \$60,000 more to the Center over the next two years.

In November 2020, Pensacola State College was named one of the top-performing schools in the Florida College System. The College exceeded the FCS average in 23 of 30 evaluated metrics that measure student success and graduation rates, enrollment, transfer performance, college preparatory outcome rates and job placement of students who graduate or complete educational programs. PSC also exceeded its own goals in 20 of the 30 metrics and in seven of the 10 metric goals, the College was within 5 percent of the stated goal. The 2020 Pensacola State College Approved Accountability Measures Plan Evaluation was compiled by Michael Johnston, PSC Executive Director of Institutional Research.

In December 2020, the first Change Maker Program donated \$175,000 to College for student scholarships. Founded by Michael and Jo-Ann Price, the couple initially contributed \$50,000 to the program. The Prices are major supporters of the College's annual Holiday Experience which was cancelled in 2020 due to COVID-19. The couple met with PSC President Ed Meadows and PSC Foundation Executive Director Andrea Krieger to discuss a way to bolster scholarships for students who have lost jobs and incomes due to the pandemic. That meeting resulted in the creation of the Change Maker program, where the Prices encouraged College administrators to use their gift to inspire four other donors to each give \$10,000 which they matched. And to encourage more participation, the Prices suggested using the final \$10,000 to match \$1,000 gifts from 10 other donors for universal scholarships.

Throughout 2020, the Lou Ross Center and Hartsell Arena received facelifts in 2020 and much-needed updates. The arena was repainted, and graphics, paint and branding were added throughout the hallways to tie into the improvements that were made in the lobby for the unveiling of the 2019 Hall of Fame display.

STUDENT HANDBOOK

SECTION II: STUDENT HANDBOOK

INTRODUCTION

A student is first a citizen of his or her country, and as such is entitled to its freedoms and benefits as well as being responsible for compliance with its laws and regulations local, state, and national. Similarly, when a person enrolls at Pensacola State College, he or she becomes a member of the academic community of which membership brings to the student certain responsibilities. In this sense, the relationship between the student and the College is a voluntary agreement, or contract, which involves rights and responsibilities designed to accomplish with maximum order and effectiveness the goals of the College.

Enrollment at this institution is voluntary, not compulsory. The Federal Constitution protects the equality of opportunity for all qualified persons to enroll at Pensacola State College. Since enrollment is voluntary, the student voluntarily assumes the obligations of performance and behavior reasonably imposed by the institution relevant to its lawful mission, processes, and functions. The institution assumes the obligation of establishing guidelines and taking necessary steps to assure compliance with this obligation. The rights of the students to learn and of the faculty to teach are obligations the institution is charged to uphold. The institution will, therefore, take the necessary steps to protect those rights.

No member of the academic community may, without liability to lawful discipline, intentionally act to impair or prevent the accomplishment of any lawful mission, process, or function of the institution.

STUDENT HONOR PLEDGE

All students enrolled at Pensacola State College are expected to fulfill the College's Honor Pledge, which is as follows:

I pledge myself to uphold the highest standards of truth, honor, and integrity. I refuse to tolerate violations of these standards on the part of any other student.

The following shall be considered infractions of the honor pledge:

1. Lying is a deliberate falsification of facts. It includes a deliberate act of deception or the telling of an untruth during direct questioning before members of authority, either fellow students or College officials.
2. Cheating is giving or receiving aid, whether written, oral, or otherwise, in order that a student may receive undeserved credit.

COLLEGE AUTHORITY

1. Under the authority of s. 1001.64, F.S., the District Board of Trustees of Pensacola State College is authorized to establish policies and procedures governing the behavior and discipline of students.
2. The authority of the College to impose penalties will be asserted when the Code of Student Conduct is violated. The authority also carries to restricting students from registration and returning to class until conduct violation hearings are resolved.
3. When activities of the student result in violation of federal, state, or local laws, those students who violate such laws will be penalized as prescribed by civil and institutional authorities.
4. Student organizations are also responsible for compliance with the policies set forth in this section.

5. Activities sponsored by the College, including student groups participating off campus in College-sponsored or related activities, shall be subject to supervision by the College.
6. The College is not required to postpone hearings for violations of the Code of Student Conduct or College policies if there are also criminal proceedings. In some cases, the College will allow the investigation of law enforcement and criminal proceedings to take place prior to a conduct hearing with a student or recognized student organization.

STUDENT RESPONSIBILITIES

Class Attendance

Regulations governing punctual and regular class attendance are outlined under Attendance Policies.

Dress and Appearance

Each student is expected to dress and maintain a personal appearance which will not endanger his or her health, welfare, or safety. This will be in accordance with state and local laws and the Code of Student Conduct.

Classroom Activities

1. The faculty member, in the classroom and in conference, should encourage free discussion, inquiry, and expression. Student performance should be evaluated solely on an academic basis.
2. The student should be free to take reasoned exception to the data or views offered in any course of study and to reserve judgment about matters of opinion. He or she is responsible, however, for learning the content of any course of study for which he or she is enrolled.
3. The student should be evaluated through orderly procedures. The student is responsible for maintaining standards of academic performance established for each course in which he or she enrolled.

Plagiarism and Academic Cheating

1. Plagiarism and academic cheating are serious offenses. A faculty member may take action against any student who is suspected of plagiarism or academic cheating. The action taken may be the awarding of a failing grade on the assignment in question or withdrawal from the course with the assignment of an Early F. A student who disputes the allegation of plagiarism or academic cheating may discuss the situation with the faculty member. If the student does not reach resolution after discussion with the faculty member, the student may discuss the situation with appropriate academic officers beginning with the department head followed by the appropriate dean.
2. Plagiarism involves presenting the work, words, or ideas of another student or writer without proper citation, even if unintentionally. Presenting someone else's work as your own, even if in your own words is plagiarism. It is plagiarism if the work you present is derived from the work of any other person, including, among others, any other student or a College faculty member. It is plagiarism if the work you present is derived from any work, including among other things, any work of a literary, musical, dramatic, pictorial, graphic, sculptural, motion picture, sound recording, audiovisual or architectural nature, and regardless of the medium in which it is fixed, whether written, stored electronically, or in any other form by which it can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. Presenting

plagiarized work as your own may also constitute infringement under Federal copyright laws (Title 17 U.S.C.).

Anti-Hazing Policy

No student or other person associated with Pensacola State College shall engage in any “hazing” activities as that term is described herein below.

As used herein, “hazing” means any action or situation which recklessly or intentionally endangers the mental or physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating under the sanction of Pensacola State College. Such term shall include beating, branding, forced calisthenics, or exposure to the elements; forced consumption of any food, liquor, drug or other substance; or any other forced physical activity which could adversely affect the physical health or safety of the individual; and any other forced activity which could adversely affect the mental health or dignity of the individual. Any activity as described above upon which the initiation, admission into, or affiliation with a Pensacola State College organization is directly or indirectly conditioned shall be presumed to be a “forced” activity, the willingness of an individual to participate in such activity notwithstanding.

Any student or other person associated with a College organization who engages in any hazing activity, on or off campus, may be subject to the following penalties: fine up to \$100, withholding of diploma or transcript pending payment of any fine imposed, and/or probation.

If the hazing activities are willful and flagrant violations of this policy and/or if the hazing consists of brutality of a physical nature, the student or other person associated with a College organization who engages in such hazing activities may be suspended or dismissed. Any College organization, which authorizes hazing in blatant disregard of this policy, may be subject to the following penalties:

1. Suspension or forfeiture of social privileges;
2. Suspension or forfeiture of representation in student publications;
3. Suspension or forfeiture of representation in intramural or other competitive campus activities; or
4. Suspension of individual members' rights to participate in other campus activities or organizations.

The penalty to be imposed on a College organization, which authorizes hazing in blatant disregard of this policy, will depend upon the facts of each incident. Repeated violation of this policy may result in the suspension or forfeiture of the organization's campus charter.

Any penalties for violation of the Anti-Hazing Policy shall be in addition to those penalties imposed for violation of any of the criminal laws of the state of Florida or for violation of any other rule promulgated by the College to which the violator may be subject.

Any student or other person associated with a College organization charged with the violation of the Anti-Hazing Policy shall be entitled to a hearing and to the same procedural rights as any student accused of violating the Code of Student Conduct.

1. Each College organization advisor shall be given a copy of the Anti-Hazing Policy and shall be charged with the responsibility of informing the organization of the adoption of this policy.
2. Each College organization shall be required to incorporate the Anti-Hazing Policy in its bylaws and to submit a copy of its revised bylaws to the Office of Student Engagement and Leadership.
3. A copy of the Anti-Hazing Policy, rules, and penalties is available to each student.
4. The Anti-Hazing Policy shall be printed in the *College Catalog*.

5. A representative of the College will meet with each student organization at the beginning of each school year to review, discuss, and answer all questions relating to the Anti-Hazing Policy. Any amendment to the Anti-Hazing Policy, rules, or penalties shall be submitted to the State Board of Education for its approval within ten (10) days after the adoption of such amendment.

Code of Student Conduct

Any student or recognized student organization found to have committed or to have attempted to commit the following misconduct is subject to disciplinary sanctions through the student conduct process. Expulsion, suspension, or any lesser penalty may be imposed upon any student or recognized student organization who participates in any of the following:

1. Abuse or Endangerment

Physically harming or abusing, assaulting, battering, intimidating, harassing, coercing, bullying, verbally abusing or threatening harm to any person, intentionally or recklessly, or causing reasonable apprehension of such harm, or creating a condition that endangers the health and safety of one's self or others. Abuse also includes but is not limited to fighting, the use of a knife, gun, or other weapon, or restraining or transporting someone against his or her will.

2. Abuse of Computer Resources

Theft, improper use or other abuse of computer facilities and resources, including but not limited to

- a. Use of College computers and/or technology resources to send, receive, or view obscene or sexually explicit messages or pictures.
- b. Any violation of the College's Acceptable Use Policy which governs all use of the College's information technology services.
- c. Unauthorized entry into a file, to use, read, or change the contents, or for any other purpose.
- d. Unauthorized transfer of a file.
- e. Use of another individual's identification and/or password.
- f. Use of computing facilities and resources to interfere with the work of another student, faculty member, or College official.
- g. Use of computing facilities and resources to send obscene or abusive messages.
- h. Use of computing facilities and resources to interfere with normal operations of the College computing system.
- i. Use of computing facilities and resources in violation of copyright laws.

3. Abuse of the Student Conduct System

Abuse of the Student Conduct System, including but not limited to

- a. Failure to obey the notice from the disciplinary board, the Executive Director, Institutional Equity and Student Conduct, or any college official to appear for a meeting or hearing as part of the Student Conduct System.
- b. Falsification, distortion, or misrepresentation of information before a student conduct staff member or a disciplinary board.
- c. Disruption or interference with the orderly conduct of any disciplinary hearing.
- d. Knowing completion and filing of a false incident report.
- e. Attempting to discourage an individual's proper participation in, or use of, the Student Conduct System.
- f. Attempting to influence the impartiality of a member of the disciplinary board or the hearing administrator prior to, or

during the course of, a student conduct informal or formal hearing.

- g. Harassment (verbal or physical) or intimidation of a witness, complainant, or member of the disciplinary board or the hearing administrator prior to, during, or after a student conduct hearing.
- h. Failure to comply with the sanction(s) imposed at the resolution of an informal or formal hearing.
- i. Influencing or attempting to influence another person to commit an abuse of the student conduct system.

4. **Academic Misconduct**

The receipt or transmission of unauthorized aid on assignments or examinations, including, but not limited to, copying, plagiarism, fabrication of information or citations, facilitation of acts of academic dishonesty by others, unauthorized possession of examinations, submitting work of another person or work previously used without informing the instructor, and tampering with the academic work of other students. Disciplinary actions for academic misconduct shall be administered by the Division of Academic Affairs.

5. **Alcohol**

Possession, use, manufacturing or distribution of alcoholic beverages on any College property, during College-sponsored student travel, or any College-sponsored event off campus. Exceptions to this policy will occur at special events expressly approved by an act of the District Board of Trustees of Pensacola State College where persons twenty-one (21) years of age or over, are permitted to consume alcohol.

6. **Destruction of Property**

Malicious destruction, damage, vandalism, defacing or misuse of College property, including library materials, or any property belonging to others on campus.

7. **Dishonesty**

Acts of dishonesty include but are not limited to the following forms of deceit:

- a. Cheating, plagiarism, or other forms of academic dishonesty.
- b. Furnishing false information (written or oral) to any College official.
- c. Forgery, alteration, or misuse of any Pensacola State College document, record, or instrument of identification.

8. **Disorderly or Indecent Conduct**

Conduct that is disorderly, lewd, indecent, a breach of peace, or an unlawful assembly such as unauthorized occupation of any College facility, or aiding, abetting, or procuring another person to breach the peace on college premises or at functions sponsored by the College. Disorderly and indecent conduct includes, but is not limited to the following:

- a. Unauthorized use of electronic or other devices to make an audio or video record of any person while on College premises without his or her prior knowledge, or without his or her effective consent, when such a recording is likely to cause injury or distress.
- b. Taking unauthorized pictures of another person in a gym, locker room, or restroom.
- c. Exhibitionism in the form of nudity.
- d. Lewd and lascivious conduct.
- e. Indecent exposure of the person.
- f. Obscenity or public profanity.

9. **Disruptive Behavior (Disruption of Operations)**

Disruption of any function of the College, including but not limited to,

- a. Conduct which disrupts the learning environment of any class while in session and/or failure to comply with the directives of a faculty member.
- b. Interference with academic freedom or freedom of speech of any member or guest of the College.
- c. Participating in, or leading or inciting others to participate in any activity which disrupts, obstructs, or interferes with the normal operation of the College, including any classroom instruction, meetings, administrative functions, student events, athletic events, student services, disciplinary proceedings, public service activities, or any other College function or event of any kind, on or off campus, or any authorized non-College activities being conducted on campus.
- d. Interference with the freedom of movement of any member or guest of the College to enter, use or leave any College facility, service, or scheduled activity, to carry out their normal functions or duties, or the obstruction of the free flow of pedestrian or vehicular traffic on College premises or at college sponsored or supervised functions.

10. **Drugs**

Possession, use, manufacturing or distribution of narcotics, marijuana, sedatives, tranquilizers, stimulants, hallucinogens or any other controlled substances under Federal or State law, except as expressly permitted by law.

11. **Drunkness (Intoxication)**

Intoxication on campus, whether resulting from consumption on or off campus, when a person is intoxicated to the degree that the person may endanger himself or herself, other persons, or property, or disrupt persons in the vicinity.

12. **Electronic Devices**

Failure or refusal to turn off electronic devices such as, but not limited to, cell phones, cameras, iPods while attending a class or Lyceum program, unless use of such device in class has been approved by the faculty member.

13. **Failure to Comply**

Failing to comply with reasonable directives from the College or other officials related to the performance of their official duties when directed to do so. Failure to provide identification or to report to the Executive Director, Institutional Equity and Student Conduct or any administrative officer, or when reasonable cause exists, failing to leave college-controlled premises or dangerous situations when directed to do so by properly authorized persons including public safety personnel or other College staff. Failing to complete sanctions as part of the conduct process.

14. **Fire Safety Violations**

Tampering with fire or other safety equipment or setting unauthorized fires. Exhibiting behaviors that risk the health and safety of one's self or others during a fire related incident. Burning candles, incense, or other items in athletic dormitories or other College facilities, whether attended or unattended.

15. **Harassment**

Engaging in behavior that is sufficiently severe or pervasive so as to threaten an individual or substantially interfere with the individual's employment, education or access to College programs, activities or opportunities, if such behavior would detrimentally affect a reasonable person under the same circumstances. Harassing behavior includes but is not limited to threats, intimidation, coercion, bullying and/or other conduct which threatens or endangers the mental or physical health or safety of any person or causes reasonable apprehension of such harm. Behaviors that are considered harassment also include, but are not limited to, the following:

- a. Directing physical conduct, or verbal, written, or electronic communication towards an individual because of the individual's age, race, color, ancestry, national origin,

religion, creed, service in the uniformed services, veteran status, sex, sexual orientation, marital or family status, pregnancy, physical or mental disability, gender identity, genetic information, or political ideas.

- b. Subjecting a person or group of persons to unwanted physical contact or threat of such.
- c. Engaging in a course of conduct, including following the person without proper authority (e.g., stalking) under circumstances which would cause a reasonable person to fear for his or her safety or the safety of others or to suffer emotional distress.
- d. Engaging in a course of conduct to communicate, or to cause to be communicated, words, images, or language by or through the use of devices or electronic or written communication directed at a specific person (e.g., cyber stalking), causing substantial emotional distress to that person and serving no legitimate purpose.

16. Hazing

Participation in hazing. See Anti-Hazing Policy.

17. Retaliation

Taking adverse or hostile action against any individual or group on the basis of a good faith report made or complaint filed by such individual or group, or on the basis of an individual's participation in an investigation, hearing, or inquiry by the College or an appropriate authority, or the individual's participating in a court proceeding relating to suspected wrongful conduct. Retaliation against any person or group making a complaint is in many cases prohibited by law, and in matters such as sexual assault or sexual violence, retaliation by the accused offender or someone associated with the accused offender is a serious offense.

18. Sexual Harassment or Sexual Misconduct

Engaging in sexual misconduct or sexual harassment of an unwelcome sexual nature that is sufficiently severe or pervasive so as to substantially interfere with the individual's employment, education, or access to the College programs, activities, and opportunities, and that would detrimentally affect a reasonable person under the same circumstances. Sexual harassment may include, but is not limited to, verbal or physical conduct of a sexual nature, sexual advances, requests for sexual favors, sexual exploitation, and stalking. Sexual misconduct is a form of sexual harassment and refers to attempted or completed unwanted or non-consensual sexual activity, including but not limited to rape, sexual assault, sexual battery, forcible sodomy, sexual penetration with an inanimate object, intercourse without consent, sexual touching and fondling, the touching of an unwilling person's intimate parts (defined as genitalia, groin, breast or buttock, or clothing covering those intimate parts), forcing an unwilling person to touch another's intimate parts, sexual exploitation, domestic violence, dating violence, and sexual coercion.

19. Smoking

Violating College policies against smoking indoors, including the use of e-cigarettes (vape).

20. Theft or Possession of Stolen Property

Actual or attempted theft, larceny, stealing, embezzlement, or taking of property owned by the College, a member of the College community, or any other person, on or off campus. Being in possession of property belonging to another individual or entity without the express permission of the owner of such property. Taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

21. Unauthorized Entry or Use

The College has the right to control all use and entry into facilities for reasons of security, safety or protections of property and may

close facilities at specified times. It should be recognized that an open or unlocked door is not an invitation to enter and use facilities. Unauthorized entry or use may include, but is not limited to, the following:

- a. Unauthorized entry into or use of College property or facilities including buildings, offices, classrooms, athletic dormitory rooms, College property leased to private entities or individuals, computers, computer networks, and any other restricted facilities.
- b. Remaining on College property against the directive of a College police officer or public safety officer after the cessation of all classes and closure of all College offices, facilities, and libraries at night.
- c. Unauthorized possession, duplication, or use of keys to any College premises.
- d. Infringing upon the rights of any member of the College community to privacy in offices, laboratories, athletic dormitories, or College property leased to private entities or individuals.
- e. Infringing upon the rights of any member of the College community to maintain the confidentiality of their personal papers, records, and effects.

22. Violation of College Policies

Any violation of a written College policy, rule, procedure, administrative directive, or contract between the student and the College. Complicity in any violation by another person of this Code of Conduct, a College policy, rule, procedure, or administrative directive by being present at, or having advance knowledge of, such violation and taking any action that constitutes support, assistance, or an act in furtherance of the violation.

23. Violation of the Law

Committing any criminal act prohibited by, or otherwise violating, any federal, state, or local law, including applicable county and city ordinances.

24. Weapons, Explosives and Dangerous Items

Possessing on a person or in a vehicle, discharging or exhibiting any sword, sword cane, firearm, electric weapon or device, destructive device, razor blade, box cutter, pellet gun, air rifle, or other weapons as defined under s. 790.115, F.S., at a College-sponsored event or on any College property, or using any weapon, even if legally possessed, in a manner that harms, threatens or causes fear to others. Sworn FDLE certified law enforcement officers attending class on a College campus may carry a weapon if required to do so by the policies of the law enforcement agency by which such officers are employed.

STUDENT RIGHTS

Rights of Students and Recognized Student Organizations

Every Pensacola State College student and recognized student organization is entitled to certain procedural rights and guarantees in the student conduct process. The rights outlined below are not exhaustive but serve as guidelines to ensure that all students and recognized student organizations are treated fairly.

1. A student or recognized student organization is entitled to be notified of an alleged Student Code of Conduct violation as soon as reasonably possible. In most cases, the student or recognized student organization will be notified within five (5) class days. Notifications of any alleged violations will be sent to the PirateMail address of the student or recognized student organization. Sending such an email shall be deemed constructive notice.
2. The Office of Institutional Equity and Student Conduct will give written notice of an informal hearing to the alleged student or

recognized student organization. The notice shall include the date, time, and location of the hearing and will be given at least three (3) class days prior to the hearing. This notice will be sent via PirateMail and sending such an email shall be deemed constructive notice.

3. A student or recognized student organization may inspect the related conduct file upon request to the Office of Institutional Equity and Student Conduct in advance of the conduct hearing.
4. The alleged student or recognized student organization has the right to meet with staff from the Office of Institutional Equity and Student Conduct to discuss the incident and be informed of the entire student conduct process.
5. The alleged student or recognized student organization has the right to utilize the Student Advocate/Student Ombudsman at no cost. The use of the service of the Student Advocate/Student Ombudsman is to be determined by the student. The Student Advocate/Student Ombudsman can provide guidance and advice regarding the student conduct process.
6. An advisor may accompany the alleged student, recognized student organization, complainant, and victim/survivor of an incident at any time during the student conduct process. Advisors will only be allowed to confer with their advisees (alleged student, recognized student organization, complainant, and victim/survivor). The advisor will not be allowed to directly participate in the student conduct process on behalf of any party or as a spokesperson, advocate, or expert witness.
7. The student or recognized student organization will be given the opportunity to participate in a fair and impartial hearing. The student or recognized student organization will not be forced to give self-incriminating testimony, may inspect all documents before the hearing, may hear and question all adverse witnesses who participate in the hearing, and may present information and call witnesses on the behalf of the student or recognized student organization.
8. The College is not required to postpone any disciplinary proceedings pending the outcome of any criminal proceedings.
9. A written decision will be sent to the alleged student or recognized student organization within five (5) class day following the hearing. This time may be extended for cases in which additional time is needed for deliberations. If additional time is needed, the student or recognized student organization will be notified.
10. The student or recognized student organization has the right to appeal the decision of a judicial review board hearing in writing to the Executive Director, Institutional Equity and Student Conduct, within five (5) class days of the date of the decision letter. Grounds for appeals are limited to the following:
 - a. Student's or recognized student organization's procedural rights were violated in the student conduct process;
 - b. New information is discovered that was not available at the time of the hearing;
 - c. Information presented does not support the decision; or
 - d. Sanction(s) imposed were not appropriate for the violation.

Basic Student Due Process Rights

Pensacola State College will observe the fundamentals of due process to reach a fair, equitable, and consistent resolution for students with complaints and grievances. Due process will be observed in the adjudication of alleged student violations of College policies and procedures. A student pursuing either a non-academic or academic complaint or grievance may use a College Student Advocate/Student Ombudsman at no cost or obligation. The use of the services of the Student Advocate/Student Ombudsman is to be determined by the student. In addition, students who feel their grievance has not been resolved by the College may seek guidance from the Florida Department of Education at

<http://www.fldoe.org/schools/higher-ed/fl-college-system/about-us/complaints.stml>.

Grievances Alleging Discrimination

Pensacola State College prohibits discrimination and harassment of any kind. The Equal Access/Equal Opportunity Policy clearly prohibits discrimination based on race, color, ethnicity, sex, pregnancy, creed, age, religion, marital status, national origin, disability, sexual orientation, or gender identity (6Hx20-1.007). A student with a complaint regarding issues of discrimination or harassment, including Title IX, Section 504 of the Rehabilitation Act of 1973, or discriminatory conduct in the form of sexual misconduct/sexual harassment, should immediately notify the Executive Director, Institutional Equity and Student Conduct. This includes allegations of discrimination or harassment, whether the alleged discriminatory act occurs on or off campus, in an academic environment or non-academic environment or involves a college sanctioned program, service, or activity. The Executive Director, Institutional Equity and Student Conduct, is located in the Building 5, Room 510, on the Pensacola campus, 1000 College Blvd., Pensacola, FL 32504. The phone number is (850) 484-2128.

In addition, Pensacola State College prohibits retaliation. At no time should a student be penalized, threatened, intimidated, or otherwise be discouraged from filing a discrimination complaint if the student in good faith made allegations of discrimination or believes he or she has been subjected to discriminatory conduct.

Student Advocate/Student Ombudsman

Reflecting s.1006.51, F.S., Student Ombudsman office, Pensacola State College has created a Student Advocate/Student Ombudsman, who is accountable to the Vice President, Academic and Student Affairs. A student pursuing either a non-academic or an academic complaint/grievance may utilize Pensacola State College Student Advocate/Student Ombudsman at no cost or obligation. The use of the services of the Student Advocate/Student Ombudsman is to be determined by the student.

The Coordinator, Student Engagement and Leadership, on each campus shall serve as the Student Advocate/Student Ombudsman for his or her respective campus. The Pensacola campus Student Advocate/Ombudsman shall serve in this capacity for the South Santa Rosa Center, Century Center, Downtown Center, and for eLearning students. However, when deemed necessary by the Vice President, Academic and Student Affairs, he or she may appoint a different person to serve as the Student Advocate/Student Ombudsman. The Student Advocate/Ombudsman can assist with Guidance and advice regarding the informal and formal processes associated with complaints and grievances including

1. Assistance in seeking a mutually agreeable resolution of the complaint;
2. Assistance throughout the informal and formal processes associated with complaints and grievances;
3. Comprehension of existing policies and procedures of the College;
4. Serving as an advisor to the student during academic and non-academic appeal or hearing procedures; and
5. Referring the student to the Executive Director, Institutional Equity and Student Conduct, for guidance and assistance if the academic or non-academic complaint relates to alleged discrimination and harassment issues.

Student Appeals

Academic Appeals

Student Grade Grievance Procedure

In order to institute this grade grievance procedure, the student will be prepared to show that course or grade requirements were not clearly explained in the section syllabus, requirements were not uniformly applied, requirements were changed without sufficient notice or for capricious reasons, the faculty member's data were not accurate, the final course grade could not be reasonably derived from data given, and/or prejudice affected assignment of the grade.

The outcome of the process may be that the assigned grade will stand, assignment of the grade will be postponed until some agreed upon work has been completed, another grade will be substituted for the one originally assigned, or a compromise fitting the specific situation is reached.

In the event that the faculty member who assigned the grade is no longer employed by the College, a faculty member from the same program or discipline will serve in the stead of the original faculty member. This substitute faculty member will be selected by a vote of the faculty members and the department head in the affected department or discipline.

In the event that the faculty member who assigned the grade will be returning to his or her position at the College but is temporarily away for longer than ten (10) days, the faculty member will be notified by his or her department head of the impending action. Unless the faculty member agrees to be available to meet earlier or has an alternate solution, the time lines below shall be amended so that the initial ten (10) days specified in Step One will not begin until the faculty member returns from the temporary absence. If, however, the Step Two deadline would be delayed longer than thirty (30) calendar days, another full-time faculty member or administrator shall be designated to substitute. If the faculty member is unable to identify a substitute who is willing and able to fill this role, the department head shall serve as the substitute. For extenuating circumstances where the student cannot meet the 10-day deadline, the student should contact the appropriate department head or dean for an extension of time. The student should be prepared to present appropriate documentation to explain the need for the extension.

INFORMAL PROCESS

1. Within ten (10) working days of when the student's final grade is posted on the College's Student Information System (Spyglass), the student shall meet with the faculty member and present data to support his or her assertion.
2. Within ten (10) working days, the faculty member must give fair hearing to the student's claim and consider the data in an attempt to resolve the issue. In the event that the resolution is not satisfactory to the student, the student may proceed to Step Three.
3. The student must meet with the department head and present data to support his or her assertion in the dispute. The department head must then meet and discuss the dispute with the faculty member. The department head must then attempt to resolve the dispute within ten (10) working days. In the event that the resolution is not satisfactory to the student, the student may proceed to Step Four.
4. The student must meet with the appropriate dean and present data to support his or her assertion in the dispute. The dean must then meet and discuss the dispute with the faculty member and department head. The dean must then attempt to resolve the dispute within ten (10) working days. In the event that the resolution is not satisfactory to the student, the student may proceed to the Formal Student Grievance Process.

FORMAL PROCESS

Within ten (10) working days of when the student is notified of the dean's response, the student may begin the formal grievance process by outlining the grievance in writing and presenting the petition to the dean. A one-time panel will be assembled including three (3) students and three (3) faculty members, none of whom shall have any direct connection with the parties involved. At least one of the student members and at least one of the faculty members must be from a related discipline in which the grade is being disputed. In the event that there is no related discipline, at least one (1) student member and at least one (1) faculty member shall possess demonstrated knowledge of or experience with the discipline area involved in the grade dispute. A chair for the panel will be selected by the Vice President, Academic and Student Affairs. Following the hearing, the chair will submit the panel's recommendation to the Vice President, Academic and Student Affairs, for a final decision.

OTHER APPEALS

Graduation Policy Exception: A student who wishes an exception to an existing graduation policy may appeal to the Student Academic Appeals Committee.

Reinstatement in Class: A student who has been withdrawn for excessive absences may request consideration for reinstatement by discussion with the faculty member. If the faculty member does not permit continued enrollment, the student may appeal to the Student Academic Appeals Committee.

Late Withdrawal: A student who wishes to withdraw from a class after the established withdrawal deadline may petition the Student Academic Appeals Committee.

Academic Suspension or Academic Dismissal: A student who has been placed on academic suspension or who has been dismissed for academic reasons may petition for continued enrollment to the Student Academic Appeals Committee.

Non-Academic Appeals

1. **Student Motor Vehicle Regulations:** A student who wishes to dispute an alleged violation of the Student Motor Vehicle Regulations may submit an appeal to the Office of Public Safety on the appropriate campus.
2. **Code of Student Conduct Violations:** A student accused of violating a section or sections of the Pensacola State College Code of Student Conduct shall be entitled to certain procedural rights. See the Code of Student Conduct Violations in the Non-Academic Appeals Procedure.

Formal Student Grievance Procedure

The purpose of the formal student grievance procedure is to provide a means to mediate a fair and equitable solution to any complaint other than grades and discrimination or harassment that a student may have with a College employee, office, or policy. The first process to resolve student grievances should be an informal resolution of complaints with the individual(s) involved when possible.

If a student wishes to submit a formal student grievance, the appropriate form located on the forms page of the Pensacola State College website at <https://www.pensacolastate.edu/documents/student-grievance-form/> should be completed. The form should be submitted to the appropriate office for review. Academic complaints, other than grade grievances, should be submitted to the Vice President, Academic and Student Affairs. Complaints related to disability services, public safety, or the help desk should be submitted to the Vice President, Administrative Services and General Counsel. Financial complaints should be submitted to the Vice President, Business Affairs. Complaints involving admissions, enrollment,

registration, advising, financial aid, and other student related services should be submitted to the Dean, Student Services.

Once the Formal Student Grievance Form has been submitted to the appropriate office, the complaint will be investigated. Any student who submits a Formal Student Grievance Form will be notified of the resolution. Every effort will be made to resolve the complaint within fourteen (14) business days; however, time may be extended by mutual consent of the parties concerned.

Distance Education students who have completed the internal institutional grievance process and the applicable state grievance process may appeal non-instructional complaints to the FL-SARA PRDEC Council. For additional information on the complaint process, please visit the FL-SARA Complaint Process page at <http://www.fldoe.org/sara/complaint-process.stml>.

OFFICE OF INSTITUTIONAL EQUITY AND STUDENT CONDUCT

The Office of Institutional Equity and Student Conduct, located on the Pensacola campus, assists students by acting as a mediator in non-academic grievances that have not been resolved by the department, making available current information on students' rights, listening to complaints or criticisms with an open mind and following up quickly, providing a fair and impartial hearing for any student accused of violating the College's Code of Conduct and/or state law, and providing drug education information and referrals.

Learning Outcomes

1. Students participating in the conduct process will demonstrate increased knowledge of the College policies and procedures.
2. Students participating in the conduct process will understand the impact of their decisions and behaviors on themselves and the College community.
3. Students participating in the conduct process will develop a plan for success at the College following their interaction with the Office of Institutional Equity and Student Conduct.

Conduct Process

1. The Pensacola State College Code of Student Conduct is published in the *College Catalog*. A student or recognized student organization accused of violating the Pensacola State College Code of Student Conduct shall be entitled to certain procedural rights outlined below. Students attending Pensacola State College are expected to abide by the Pensacola State College Code of Student Conduct.
2. In some instances, student conduct off campus can also be reviewed by Pensacola State College. The primary goal of the review process is to educate the student of the value to adhering to the established College's Code of Student Conduct.
3. In the event the Executive Director, Institutional Equity and Student Conduct, and/or the Vice President, Administrative Services and General Counsel, determines that the continued presence of a student on the campuses of Pensacola State College poses an imminent threat to the student and/or the campus community, the Executive Director, Institutional Equity and Student Conduct, and/or the Vice President, Administrative Services and General Counsel, of Pensacola State College shall have the authority to immediately remove the student from the campus without the immediate entitlement of due process for the student. The student may request the initiation of due process only when the Executive Director, Institutional Equity and Student Conduct, and/or the Vice President, Administrative Services and General Counsel, determines that the student no longer poses a threat to himself or herself or others in the College community.

Informal Hearing Process

The Executive Director, Institutional Equity and Student Conduct, or designee shall attempt to informally resolve the alleged violation of the Pensacola State College Code of Student Conduct with the student or recognized student organization. The purpose of the informal hearing process is to review with the student or recognized student organization the alleged code of conduct violations, the hearing forum options, the conduct process, possible sanctions, and to answer questions. During the informal hearing, the student or recognized student organization will be given the opportunity to accept responsibility for the alleged violations. If the student or recognized student organization accepts responsibility, a disciplinary sanction may be implemented. Disciplinary sanctions will be agreed upon by the Executive Director, Institutional Equity and Student Conduct, or designee, and the student or recognized student organization involved. The resolution associated with this process is final and cannot be appealed. In the event resolution to the alleged violation of the College Code of Conduct cannot be reached during the informal hearing process, the matter will be referred to the formal process for resolution.

Code of Conduct Records Retention

The non-academic records of any student charged with an alleged violation of the College's Code of Student Conduct and applicable appeals shall be maintained in the Office of Institutional Equity and Student Conduct. The records will be maintained and purged in accordance with state-approved records retention schedules.

Formal Hearing Process

1. The student shall receive written notification of the alleged violation of the College's Code of Student Conduct along with the date, time, and location of the hearing. The written notification will be provided to the student or recognized student organization within five (5) class days by the Office of Institutional Equity and Student Conduct. The written notification will be delivered via PirateMail and serves as constructive notice of the hearing.
2. The Office of Institutional Equity and Student Conduct shall convene the hearing of the Student Judicial Review Board. The Student Judicial Review Board shall consist of two (2) members of the faculty, one (1) member of the College staff, and two (2) members of the student body.
3. The Executive Director, Institutional Equity and Student Conduct, or designee, shall present the evidence associated with the alleged violation of the College Code of Student Conduct. The College representative may also call witnesses as part of the presentation of evidence. The student or recognized student organization will be able to hear all evidence and may question any witnesses presented by the College.
4. The student or recognized student organization shall be entitled to appear in person and to present his or her defense to the Student Judicial Review Board and may call witnesses on his or her behalf. Students or recognized student organizations may bring an advisor to the hearing. If the student or recognized student organization does not appear and has not provided satisfactory justification to the Executive Director, Institutional Equity and Student Conduct, for non-appearance, the hearing shall be held in the student's or recognized student organization's absence.
5. A recording of the hearing shall be made and retained by the Office of Institutional Equity and Student Conduct. All decisions of the Student Judicial Review Board are based upon the preponderance of evidence standard.
6. Following the hearing, the Student Judicial Review Board will convene and will determine if the student or recognized student organization is responsible for the alleged conduct violations. If a student or recognized student organization is found responsible, the Student Judicial Review Board will recommend disciplinary

sanctions. The Office of Institutional Equity and Student Conduct can either accept the recommendation, reject the recommendation, request the Student Judicial Review Board to reconvene to further review the evidence in the case, or modify the recommendation of the Student Judicial Review Board.

7. The Office of Institutional Equity and Student Conduct will officially notify the student or recognized student organization of the determination of responsibility and the nature of sanctions.

Conduct Appeal Process

1. The student or recognized student organization will have the right to appeal any decision or sanction imposed by the Judicial Review Board.
2. The student may appeal the decision in writing to the Executive Director, Institutional Equity and Student Conduct, within five (5) class days of the notification of the decision.
3. The Executive Director, Institutional Equity and Student Conduct, will review the appeal without a hearing. The written appeal of the student or recognized student organization will be reviewed along with the recording of the hearing and all documents submitted at the hearing. Grounds for appeal are limited to the following:
 - a. Procedural rights were violated in the hearing process;
 - b. New information is discovered that was not available at the time of hearing;
 - c. Information presented does not support the decisions; or
 - d. Sanctions imposed were not appropriate for the violation.
4. If the decision is overturned, the Executive Director, Institutional Equity and Student Conduct, may modify the decision and/or disciplinary sanctions or may remand the case to the Student Judicial Review Board for reconsideration or a new hearing.
5. If the decision is upheld by the Executive Director, Institutional Equity and Student Conduct, the sanctions will remain in place and the decision is considered final and binding.

Sanctions

The following sanctions may be imposed upon any student or recognized student organization found to have violated the Code of Conduct or other College policies. More than one (1) of the sanctions below may be imposed for any single violation. Any sanction not completed by the deadline may result in additional sanctions. Sanctions include, but are not limited to

1. *Class Removal or Reassignment:* Removes a student from a class or requires a student to move into a different class or section. Students may also be instructed not to return to class until they have met with the Executive Director, Institutional Equity and Student Conduct.
2. *Community Service:* Requires a student or recognized student organization to complete hours of service to Pensacola State College or the Pensacola community.
3. *Counseling:* Requires a student to meet with counseling services until it is deemed that student understands College policies and is able to act in a way that does not harm self, others, or the community.
4. *Educational Sanctions:* Includes, but is not limited to, the requirement of the completion of an educational assignment or assessment such as a research paper, program presentation, or attendance at a College event.
5. *Expulsion:* A permanent separation of the student from Pensacola State College.
6. *Fines/Restitution:* An amount of money applied to the student account for the violation of a policy or compensation for loss, damage, or injury to the College or another individual.

7. *Leadership Restriction:* Students will not be allowed to serve in leadership positions for academic or co-curricular organizations and may not participate in College-sponsored travel.
8. *Loss of Privileges:* A denial of specified privileges for a designated period of time such as restriction from certain buildings, inability to hold events, restrictions on student travel.
9. *Loss of Recognized Student Organization Status:* A loss of all privileges including College recognition as a student organization for a specified period.
10. *Probation:* Probation for a designated period that includes the probability of more severe disciplinary sanctions if the student or recognized student organization is found to violate any College policies during the probationary period.
11. *Suspension:* A separation of the student from Pensacola State College for a definite period of time, after which the student may be eligible to return.
12. *Withholding Degree:* A withholding of the awarding of a degree otherwise earned until the completion of the process set forth in the Code of Conduct.
13. *Written Warning:* A formal or informal notice in writing to the student or recognized student organization indicating a violation of College policies.

Public Safety

The Department of Public Safety is committed to the safety of students, employees, and visitors at all College campuses and centers. The Department of Public Safety takes a proactive stance in response to crime on campus and strives to identify problems and address issues before a crisis occurs. A student is encouraged to assist the Department of Public Safety by contacting the department when any of the following occur:

1. You are a victim of crime occurring on campus.
2. You are or may be a victim of domestic violence.
3. You are a victim of rape (including acquaintance rape).
4. You are being stalked.
5. You know of crimes occurring on campus.
6. You have been a victim of crime, on or off campus, and need information, counseling, or referral for further help.
7. You have questions about Florida laws or law-related issues.
8. You need help and do not know where to go or who to ask for information.
9. You need assistance starting your car.
10. You need car key assistance to enter your car.
11. You would like a police escort to ensure safety to or from your class.

Public Safety and Security Hours and Information

The Department of Public Safety operates 24 hours a day/7 days a week. Uniformed police officers patrol the campus by marked vehicle, foot patrol, and perambulator. Police officers carry firearms and have authority to make arrests. Additionally, uniformed public safety officers assist in situations that do not call for specific police action. If you have an on-campus emergency, please contact (850) 484-2500.

In case of an extreme emergency, dial 9-911 on any campus telephone to be connected to a law enforcement operator of the jurisdiction where you are located. That agency will dispatch emergency help. It is important to stay on the line and give them your location.

Additional information can be found by visiting <http://www.pensacolastate.edu/publicsafety/>.

ADDITIONAL INFORMATION

Speech and Publication Guidelines

Posting, Distributing, Exhibiting Printed or Filmed Material

Students may distribute free non-commercial literature on campus. Signs and tables may be used in conjunction with distributing the literature, but tables should be supervised at all times. In the event of congestion or unreasonable interference with the flow of students passing through the area, dean, or his or her designee, may reasonably regulate such activity.

Non-commercial notices may be posted by students and registered student groups on all bulletin boards. All postings must be cleared through the appropriate college official to avoid congestion and to obtain optimum use of facilities available.

Students are expected to use mature judgment and a sense of discretion in the publication, posting, and distribution of any material on campus and to realize that they and their group or organization must accept responsibility for the consequences of their behavior.

The President, or his or her authorized designee, may prohibit the distribution on campus of any material or publication or the showing on campus of any films containing obscene or defamatory matter, or containing matter which the President, or his or her authorized designee, reasonably believes would incite others to take action which would substantially disrupt or materially interfere with school activities. Should the President prohibit the distribution of any film on campus, the student or recognized student group thereby aggrieved shall, upon written application to the President, or his or her authorized designee, obtain a hearing within two (2) days following the filing of the appeal before the Student/Faculty Hearing Panel. The appeal procedure shall be the same as provided in the case where the President denies a student organization's request to invite an outside speaker to appear on campus.

Responsibility for editorial or other content of publications distributed on campus shall lie with the sponsoring agency, group, or organization. All publications distributed on campus should appropriately indicate that the opinions expressed therein are not necessarily those of the College or of the student body. The use of the College name, seal, or other official insignia in printed matter shall not imply that the College approves, supports, or endorses the contents.

1. On the Pensacola or Milton campuses, all postings must be approved by the Office of Student Engagement and Leadership and at the Warrington Campus, Century Center, or South Santa Rosa Center by the Office of Student Services.
2. Posting includes posters, small banners, sheet banners hung between trees, stake signs, changeable signs, table tents, flyers, rolling signs, easel signs, and commercial advertisements.
3. Posting may be done two (2) weeks prior to any club/organization or College sponsored event including athletics, intramurals, homecoming, mid-term, organization week, and various elections.
4. Posting outlined in (2) above may be done on all campus bulletin boards, in the gymnasium, or in an appropriate area approved by the College.
5. No posting will be allowed on doors or glass or on building walls other than the gymnasium interior walls.
6. Any posting should be removed by the sponsoring agency, group, or organization, within one College business day after the event has taken place. Tables and easels be set up in designated areas. In these areas, signs may be used in conjunction with the tables. Tables should be supervised at all times. In the event of

congestion or unreasonable interference with the flow of students passing through the area, the appropriate dean, or his or her designee, may reasonably regulate such activity.

Guest Speakers

The freedom of speech and assembly guaranteed by the First and Fourteenth amendments of the United States Constitution shall be enjoyed by the students of Pensacola State College including the opportunity to hear off-campus or outside speakers on the College campus. Free discussions of subjects of controversial nature shall not be curtailed.

Students at Pensacola State College are expected to accept fully the responsibilities that accompany the freedoms of speech and assembly which they enjoy. When inviting an outside speaker, a student organization is charged with the responsibility of making a choice that reflects the students' genuine concern for the best interest and welfare not only of their own organization but of the College and the community as well.

Policies concerning the issuance of invitations to outside speakers shall be limited to the following:

1. A request to invite an outside speaker will be considered only when made by an organized student group recognized by the College.
2. Invitations by an organized group shall not be issued to an outside speaker without prior written concurrence by the President of the College, or such person or committee as may be designated by the President (such person or committee thereafter referred to as his or her authorized designee), for scheduling of speaker dates and assignments of campus facilities.
3. Any speaker request shall be made in writing by an officer of the student organization desiring to sponsor the proposed speaker not later than ten (10) calendar days prior to the date.
4. Any speaker request shall be made in writing by an officer of the student organization desiring to sponsor the proposed speaker not later than ten (10) calendar days prior to the date of the proposed speaking engagement. This request shall contain the name of the sponsoring organization; the proposed date, time and location of the meeting; the expected size of the audience; and topic of the speech. Any request not acted upon by the President, or his or her authorized designee, within four (4) days after submission shall be deemed granted. A request made by a recognized organization may be denied only if the President, or his or her authorized designee, determines, after proper inquiry, that the proposed speech will constitute a clear and present danger to the institution's orderly operation by the speaker's advocacy of such actions as,
 - a. The violent overthrow of the government of the United States, the state of Florida, or any political subdivision thereof;
 - b. The willful damage or destruction, or seizure and subversion of the institution's buildings or other property;
 - c. The forcible disruption or impairment of, or interference with, the institution's buildings or other property;
 - d. The physical harm, coercion, intimidation or other invasion of lawful rights of the institution's officials, faculty members, or students; or
 - e. Other campus disorders of a violent nature.

In determining the existence of a clear and present danger, the President, or his or her authorized designee, may consider all relevant factors, including whether such speaker has, within the past five (5) years, incited violence resulting in the destruction of property at any state educational institution or willfully caused the forcible disruption of regularly scheduled classes or other educational functions at any such institution. Where the request for an outside speaker is denied, any sponsoring organization thereby aggrieved shall, upon application to the President, or his or her authorized designee, obtain a hearing within two (2) days following

the filing of its appeal before the Student/Faculty Hearing Panel for a de novo consideration of the request. The matter may be referred to the District Board of Trustees of Pensacola State College if the Student/Faculty Hearing Panel believes that the request was improperly denied by the President. Any sponsoring organization aggrieved by the action of the Student/Faculty Hearing Panel or the District Board of Trustees of Pensacola State College in denying the request may obtain judicial review upon application at any court of competent jurisdiction, state or federal, by presenting its verified petition setting forth the grounds of complaint and giving adequate notice of such filing to the President. Upon a hearing to be conducted as soon as practicable, and at such time and place as the court may prescribe, the court shall either reverse or affirm the decision of the President as may be proper under the law and facts. When the request for an outside speaker is granted and the speaker accepts the invitation, the sponsoring organization shall inform the President, or his or her authorized designee, in writing immediately. The President, or his or her authorized designee, may, at his or her discretion, require that the meeting be chaired by a member of the administration or faculty and may further require a statement to be made at the meeting that the views presented are not necessarily those of the institution or of the sponsoring group. In accepting the invitation to speak, the speaker assumes full responsibility for any violation of law committed by the speaker while on campus.

Guests and Children on Campus

Individuals who are not registered may not attend classes or labs unless expressly authorized to do so by the appropriate administrator.

Individuals who bring children to campus are responsible for their supervision at all times. College officials are to contact a parent or other party responsible for children left unattended on campus and inform them that children must be properly supervised while on campus.

Administrators and faculty members have the authority to enforce these guidelines.

Individuals who bring children to campus and refuse to abide by these guidelines are to be referred to the Office of Student Affairs on the appropriate campus.

No children are permitted in labs, shops, clinical areas, or any area where potential hazards exist, with the exception of children directly involved in the instructional process (e.g., patients in the Dental Clinic or observed children in the Child Care Lab).

Fundraising Activities

Only College-recognized organizations may conduct fundraising projects. Such organizations may sell consumable goods on campus, if they are prepared in accordance with health department regulations, as well as non-consumable goods or services in order to raise funds for the support of activities, provided that this provision shall not be construed to allow the raising of funds for the support of activities or causes unrelated to the local College community, unless expressly authorized by the President, or his or her designated representative. In the event that any controversy arises over whether a particular project is designed to raise funds for activities or causes unrelated to the local College community, or whether any item is improper for sale, the President, or his or her designated representative, shall resolve the controversy.

Any organization desiring to conduct a fundraising project on campus shall submit a written request describing the project to the appropriate Office of Student Engagement and Leadership on the form available from that office at least two weeks prior to the time that the organization desires to conduct the project. The completed form shall contain the signature of the organization's president and advisor, if applicable, when submitted to the appropriate Office of Student Engagement and Leadership for consideration. The

activity may commence only after approval by the appropriate dean or his or her designated representative.

Solicitation of donations, directly or indirectly, for support of any cause shall not be permitted on campus unless written permission from the President, or his or her designated representative, is first obtained.

This provision shall not be construed to allow the sale of printed matter as a fund raising project. The sale of printed matter on campus is not permitted except within the operation of the College bookstores.

Fundraising projects must not conflict with other scheduled projects or programs and must be in accordance with local, state, and federal laws.

Trespassing

Pensacola State College adheres to Florida law addressing the crime of trespassing. Although, as a state college, Pensacola State College is open to the general public, specific situations may constitute the crime of trespassing. In those cases, any law enforcement officer may arrest, either on or off the premises, and without warrant, any person whom the law enforcement officer has probable cause to believe has committed any of the specific offenses addressed in the following Florida laws:

- s.810.08, F.S. Trespass in Structure or Conveyance
- s.810.09, F.S. Trespass on Property Other than Structure or Conveyance
- s.810.095, F.S. Trespass on School Property with a Firearm or Other Weapon Prohibited
- s.810.097, F.S. Trespass Upon Grounds or Facilities of a School

Florida State Statutes are accessible through the following website: www.flstate.gov/statutes/index.cfm. Additionally, an individual may be removed from campus for violation of any applicable College policy or procedure.

Student Motor Vehicle Regulations

1. All students and employees operating motor vehicles on any Pensacola State College campus must register their vehicles at the time of class registration or upon employment. Vehicles may be registered in the Department of Public Safety on any Pensacola State College campus.
2. Registered vehicles will be issued a Pensacola State College parking decal. To obtain a decal, the student must present a current student identification card (or receipt for fees paid) and a current vehicle registration. There is no charge for a parking decal. Vehicle registration procedures apply to part-time as well as full-time students and employees.
3. The decal shall be permanently affixed to the rear window (right side) or rear bumper (right side) so that the permit is clearly visible from behind. Motorcycles and similar vehicles shall display the permit on the rear of the vehicle so that it is clearly visible from behind.
4. If a decal is lost, becomes illegible, or is invalid due to expiration, it is the student's or employee's responsibility to immediately register the vehicle.
5. Decals are non-transferable.
6. The person who registered a vehicle and was issued a decal for that vehicle is, at all times, responsible for that vehicle, regardless of who is driving the vehicle. If the vehicle is sold, the decal should be removed.

7. Parking decals are subject to revocation by the administration in the event of repeated violations of campus parking and traffic regulations.
8. Handicapped parking will be by decal issued by the state of Florida only. Contact the Pensacola State College Department of Public Safety for additional information.

Student Motor Vehicle and Parking Violations

1. A student may appeal a motor vehicle and parking ticket violation through the Department of Public Safety on the appropriate campus.
2. The student must appeal the ticket violation within ten (10) class days after receiving the ticket. Any appeal received after this time will not be considered.
3. There must be justifiable reasons for the appeal process to be initiated. The Director, Public Safety, will review the appeal.
4. The Director, Public Safety, will either uphold the issuance of the ticket or recommend that the ticket be rescinded. This decision is final.

STUDENT SERVICES

SECTION III: STUDENT SERVICES

ADMISSIONS

As an open admissions institution Pensacola State College gives students access to education beyond high school. Individuals with a high school diploma or an equivalent certification may apply for admission to PSC. Students without a high school diploma or an equivalent certification may be admitted to certain career certificate programs or the adult education program.

If you are interested in applying for admission to Pensacola State College or have questions about the admissions process, the Admissions Office is the place to start. It is recommended that you begin the admissions process six months before you plan to begin classes so that there is sufficient time to apply for financial aid, complete necessary placement testing, provide necessary documentation, and ensure all admissions requirements are completed.

All application forms and academic credentials should be on file well in advance of registration. A student with an incomplete admissions file may be granted provisional admission for the initial term of enrollment. However, registration beyond the first term will not be allowed unless all required documents are on file. Pensacola State College transcripts or other certifying information will not be released for or to those students with incomplete admissions files.

Several programs at Pensacola State College have additional admissions requirements. The applicant is responsible for reviewing specific requirements for the chosen program of study listed in this *College Catalog* or provided through the Office of Admissions.

The College reserves the right to deny admission to any applicant and to change any of the rules, courses, regulations, and charges listed in this document without notice. The admission of any student may be postponed or denied if the student has been convicted of, or is under investigation for, violation of local, state, or federal statute. Falsification of information on any admissions document may result in denial of admission or immediate dismissal from the College.

Basic Steps for Applying to the College

The following steps are for admission to Pensacola State College.

1. Apply for Admission to PSC.

Complete an application at www.pensacolastate.edu.

Pay the \$30 application fee.

A returning student who has not attended PSC for 12 months or more is required to submit an application to update his or her permanent records. A returning student is not required to pay the application fee.

An applicant to a baccalaureate degree program will be assessed a \$30 baccalaureate application fee regardless of prior enrollment at PSC.

2. Submit Required Documents.

Transcripts

An incoming first-time-in-college student must provide one of the following to the Registrar's Office:

An official transcript showing high school graduation;

An official General Education Development (GED) score report;

An affidavit completed by a parent or guardian verifying completion of a home education program meeting State of Florida requirements for the standard diploma; or

Documentation from a non-Florida public school district verifying compliance of the home education program with requirements of that state.

An incoming transfer student must submit official transcripts from each institution attended to the Registrar's Office.

Residence Statement

Each incoming student must complete the Residence Statement in order to determine legal residency for purposes of tuition and fees. See Residency Classification.

3. Apply for Financial Aid.

Complete the Free Application for Federal Student Aid (FAFSA).

Complete a scholarship application at www.pensacolastate.edu/financial-aid.

Financial aid is dependent upon the receipt and evaluation of transcripts from all previously attended institutions. Transcripts must be received and evaluated by the student's second semester of enrollment. A student anticipating financial aid eligibility who has attended other post-secondary institutions may be required to have official transcripts from those institutions submitted to the College, even though the College may not require those transcripts for admission purposes.

4. Complete Testing Requirements.

Submit placement test scores or determine if you meet the requirements for the Developmental Education Exemption (See Placement Testing and Developmental Education for a complete description).

ACT or SAT scores that are no more than two years of age will be accepted for a student who is not exempt from placement testing. A student who has not taken the ACT or SAT or whose ACT or SAT scores are more than two years of age may contact a test center on any campus or center to take the Postsecondary Education Readiness Test (PERT).

Test scores are used for placement in reading, writing, and mathematics courses. The scores are not used for admission purposes.

A transfer student who has completed college-level English courses with grades of C or better and college-level mathematics courses with grades of C or better will not be required to submit placement test scores. However, if the official transcript is not on file and evaluated by the time of the second term of registration, placement testing will be required.

5. Complete orientation.

Attend orientation and meet with an advisor. Contact the Admissions Office or any Student Services office for information regarding orientation sessions. The College offers an online orientation for a new student who is unable to schedule an orientation session on a campus or center.

6. Register for classes.

In most instances, students will be provided an opportunity to register for classes upon conclusion of the orientation session. It will be at this time that incoming students will be provided

information regarding online registration through Spyglass, the online student records system.

Enrollment Status

Enrollment status is determined by a student's primary objective in taking courses and academic history. Enrollment in certain courses and programs can be limited by available physical facilities, clinical spaces, student to faculty ratios, an applicant's academic preparation, or other factors.

Full-time Enrollment

Pensacola State College considers full-time enrollment to be a minimum of 12 credit hours or 450 clock hours in a term. Continuous enrollment is defined as being enrolled in credit-bearing courses in the Fall and Spring terms.

Degree Seeking Students

Degree-seeking students have declared an intention to pursue a particular degree or certificate by following a prescribed program and sequence of study.

Transfer Students

Transfer students have attended another college or university prior to enrolling at Pensacola State College. Transfer students must have official transcripts as indicated above as well as official transcripts from each college or university attended.

Baccalaureate Students

Baccalaureate students must submit official transcripts from colleges attended. Admission into the baccalaureate program will not be granted until all transcripts are on file and evaluated for transfer credit. High school transcripts may be required to verify that the foreign language requirement has been met.

Limited Access Program Applicants

Some programs of study are limited access programs and may have requirements that must be met prior to admission to the program. Applicants to limited access programs are expected to have all educational records on file well in advance of any application deadline for the program of choice.

Non-Degree Seeking Students

Non-degree seeking students are admitted without the requirement for transcripts. Enrollment in courses with placement testing requirements or prerequisites may require a transcript or completion of appropriate testing to document eligibility.

Transient Students

Transient students may not be required to have official transcripts sent to the College. However, a Transient Student Authorization Form or other written verification of enrollment approval is required each term of registration. Transient students from Florida state colleges and universities are encouraged to use the electronic transient approval process through www.floridashines.org.

Residency Classification

For purposes of tuition assessment, each Pensacola State College student will be classified as a Florida resident, an Alabama resident, or a non-Florida resident. The criteria for determining the residency status are detailed in the Florida Statutes and the administrative rules of the State Board of Education. Detailed information for residency classification is available in the Registrar's Office and at www.floridashines.org. The Residence Statement, included in the Application for Admission, is required of every new student and any returning student who has not attended the College in twelve (12) months or more.

A Florida resident for tuition purposes is a person (or the parent or legal guardian of a person) who has established and maintained legal residence in Florida for the twelve (12) months immediately preceding the first day of classes of the term for which residence classification is requested. Residence in Florida must be for the purpose of establishing a permanent home and not merely incidental to enrollment at an institution of higher education.

To qualify as a Florida resident for tuition purposes, the independent student or the parent or legal guardian of a dependent student must be a United States citizen, lawful permanent resident, or certain non-citizens granted indefinite stay by the United States Citizenship and Immigration Service. Living in or attending school in Florida does not, in and of itself, establish legal residence. A student who depends on out-of-state parents for support is presumed to be a legal resident of the same state as his or her parents unless one parent has established legal residence in Florida for more than twelve (12) months. Documents supporting the establishment of legal residence must be dated, issued, or filed twelve (12) months before the first day of classes of the term for which Florida residence status is sought. A student cannot hold an out-of-state driver's license, vehicle registration, etc., and be eligible for Florida residency.

Providing false residency information is a violation of Florida Law and could result in disciplinary action. The College will correct the fees assessed of any student who misrepresents his or her places of legal residence. An invoice will be issued for the increase in tuition.

Dependent / Independent Status

A dependent student is any person under the age of twenty-four who is eligible to be claimed by his or her parent or legal guardian as a dependent under the federal income tax code and who receives at least 51% of his or her cost of living expenses from his or her parent or legal guardian. A student classified as a dependent student will be required to have his or her parents or legal guardians complete the Residence Statement. A copy of the student's or parent's most recent tax return or other documentation may be required to establish dependent or independent status.

A student under the age of twenty-four may be classified as an independent student if certain criteria as indicated below are met and documentation for the exception is attached to the Residence Statement:

1. The student is married.
2. The student has a child who receives more than half of his or her support from the student.
3. The student has other dependents who live with and receive more than half of their support from the student.
4. The student is currently serving on active duty in the United States armed forces for purposes other than training or is a veteran of the United States armed forces.
5. Both of the student's parents are deceased or the student is/was a ward/dependent of the court system until the age of eighteen.

Exceptions and Qualifications

Other persons not meeting the 12-month legal residence requirement may be classified as Florida residents for tuition purposes only if they meet the requirements of a limited special category authorized by the Florida Legislature in s. 1009.21(11), F.S. These exceptions are listed below:

1. Active duty service members of the United States armed forces stationed in or residing in Florida (spouse and dependent children included);
2. Active duty service members of the United States armed forces not stationed in Florida but whose legal state of residence certificate, the DD2058, is Florida (spouse and dependent children included);

3. Full-time instructional and administrative personnel employed by the Florida public school system, Florida college system, or Florida university system (spouse and dependent children included);
4. A dependent child who has lived with an adult relative, who is not a parent or legal guardian, for at least the three years preceding the first day of class for the term of enrollment;
5. Persons who were enrolled as Florida residents at a state institution of higher learning but who abandon Florida residency for less than one year;
6. Students from Latin America or the Caribbean who are receiving scholarships from the state or federal government;
7. United States citizens living on the Isthmus of Panama who have completed 12 consecutive months of college-level course work at the Florida State University Panama Canal Branch (spouse and dependent children included);
8. Full-time employees of state-agencies or political subdivisions of the State when the student fees are paid by the agency or subdivision for the purposes of job-related law enforcement or corrections training;
9. Qualified beneficiaries under the Florida Pre-Paid Postsecondary Expense Program as provided in Florida Statute; and
10. A dependent child whose parents are divorced, separated, or otherwise living apart, will be considered a resident for tuition purposes if either parent is a legal resident of Florida, regardless of which parent claims the minor for tax purposes.

The law allows non-citizens such as lawful permanent residents, temporary permanent residents, asylees, parolees, and refugees who have applied for and been approved for such status and who otherwise meet the twelve month legal residence requirements, to be eligible to establish Florida residency for tuition purposes. For a list of these non-immigrant categories (visa categories and INS classifications) eligible to establish Florida residence for tuition purposes, contact the Registrar's Office or visit www.floridashines.org (click Admissions then Residency Guidelines).

Documentation Required for Classification as a Resident for Tuition Purposes

Listed below are the documents established by the state as items required for classification as a resident for tuition purposes. A student, or the dependent student's parent or legal guardian, must present two of these documents, and one of the documents must be a Tier One document. All documents submitted must be dated, issued, or filed at least twelve (12) months prior to the first day of classes for the term of enrollment.

Tier One Documents

At least one of the two documents submitted must be a Tier One document.

1. A Florida driver's license;
2. A State of Florida ID card;
3. A Florida voter's registration card;
4. A Florida vehicle registration;
5. Proof of a permanent home in Florida which is occupied as a primary residence by the applicant or by the applicant's parent if the applicant is a dependent;
6. Proof of homestead exemption in Florida;
7. Transcripts from a Florida high school for two or more years provided the Florida high school diploma or GED diploma was earned within the last twelve 12 months; or
8. Proof of permanent full-time employment in Florida for at least thirty hours per week for a consecutive 12-month period.

Tier Two Documents

Tier Two documents may be used in conjunction with one document from Tier One. If the student or the dependent student's parent or legal guardian provides two Tier One documents, no Tier Two document is required.

1. A Declaration of Domicile filed in Florida at least twelve months prior to the first day of classes for the term;
2. A Florida professional or occupational license;
3. Florida incorporation;
4. A document evidencing family ties in Florida;
5. Proof of membership in a Florida-based charitable or professional organization; or
6. Any other document that supports the student's request for resident status, including, but not limited to, utility bills (in the student's name or the dependent student's parent's or legal guardian's name) along with proof of twelve consecutive months of payments; a lease agreement (in the student's name or the dependent student's parent's or legal guardian's name) along with proof of twelve consecutive months of payments; or an official state, federal or court document evidencing legal ties to Florida.

Alabama Tuition Differential

The Florida Legislature allows state colleges to assess Alabama residents a tuition differential that results in an assessment of tuition that is less than the out-of-state tuition. Pensacola State College provides Alabama residents, meeting the criteria of physical residence and establishment of two legal ties to the State of Alabama, a fee that is equivalent to the Florida in-state tuition plus an additional \$10.00 per credit hour or credit hour equivalent.

To be eligible for the Alabama Tuition Differential, the Alabama resident must have maintained legal residence in the State of Alabama for the twelve (12) months immediately preceding the first day of classes in the term for which the differential tuition assessment is requested.

The residence status of a dependent student is considered to be that of the parent or legal guardian of the student. A dependent student is any person who is eligible to be claimed by another person for Internal Revenue purposes. If the student requesting the Alabama Tuition Differential is under the age of twenty-four, Pensacola State College will assume that the student is a dependent, and the parent/legal guardian must request the Alabama Tuition Differential for the dependent.

Prospective students interested in the assessment of the Alabama Tuition Differential may submit the request for classification as an Alabama Resident in a registration office on any campus.

Listed below are the documents required for the Alabama Tuition Differential. An Alabama student, or the dependent student's parent or legal guardian, must be able to present two of these documents, and one of the documents must be a Tier One document. All documents must be dated, issued, or filed at least twelve (12) months prior to the first day of classes for the term of enrollment.

Tier One Documents

At least one of the two documents submitted must be a Tier One document.

1. An Alabama driver's license;
2. A State of Alabama ID card;
3. An Alabama voter's registration card with proof of voter registration date;
4. An Alabama vehicle registration;

5. Proof of a permanent home in Alabama which is occupied as a primary residence by the applicant or by the applicant's parent if the applicant is a dependent;
6. Proof of homestead exemption in Alabama;
7. Transcripts from an Alabama high school for three or more years provided the Alabama high school diploma or GED diploma was earned within the last twelve months; or
8. Proof of permanent full-time employment in Alabama for at least thirty hours per week for a consecutive twelve-month period.

Tier Two Documents

Tier Two documents may be used in conjunction with one document from Tier One. If the student or the dependent student's parent or legal guardian provides two Tier One documents, no Tier Two document is required.

1. A Declaration of Domicile filed in Alabama (at least twelve (12) months prior to the first day of classes for the term);
2. An Alabama professional or occupational license;
3. Alabama incorporation;
4. A document evidencing family ties in Alabama;
5. Proof of membership in an Alabama-based charitable or professional organization; or
6. Any other document that supports the student's request for resident status, including, but not limited to, utility bills (in the student's name or the dependent student's parent's name) along with proof of twelve (12) consecutive months of payments; a lease agreement (in the student's name or the dependent student's parent's name) along with proof of twelve (12) consecutive months of payments; or an official state, federal or court document evidencing legal ties to Alabama.

Reclassification of Residence

A student classified as non-resident for tuition purposes may request reclassification as a resident at such time as he or she has met the criteria for residence classification. Reclassification will be granted to the student who presents clear and convincing evidence that living in Florida is for the purpose of establishing a legal residence, maintaining Florida as the permanent home, and that attendance at the College is not the primary purpose for living in the State of Florida. The clear and convincing evidence must include three documents from the listing above, one of which must be a Tier One document.

A student who becomes eligible for residency classification during a term will be eligible for classification with the next term of enrollment. At no time will a student be permitted to be classified as a non-resident for one session within a term and a resident for another session within the same term.

A student who is married to an individual who meets Florida residency criteria and who has obtained a Tier One document may reclassify from non-Florida to Florida even if the 12-month residency requirement has not been met. The spouse must complete a Residency Statement, provide the Tier One and Tier Two documents, as well as a copy of the marriage license.

Residency Appeals

In cases where the applicant expresses a desire to appeal the residency classification determined by the College, the matter will be referred to the Residency Appeals Committee in accordance with the College's official appeals process. The student must submit a request for review and include clear and convincing evidence that he or she is entitled to classification or reclassification as a Florida resident for tuition purposes. The Residency Appeals Committee will provide the final residency determination and the reasons for the determination in writing.

Program Admission

Certain Pensacola State College programs have limited admissions or carry additional admission requirements so that the College and its students are able to meet certification and licensing requirements as well as specific program accreditation standards. Any individual interested in a limited access or selective admission program should contact the Office of Admissions. The limited access programs include, but are not limited to, the following: Dental Hygiene, EKG Technician, Emergency Medical Technician, Health Information Management, Massage Therapy, Medical Assistant, Paramedic, Pharmacy Technician, Physical Therapist Assistant, Practical Nursing, Radiography, Registered Nursing, Sonography, Surgical Technology, Veterinary Technology and Welding.

Baccalaureate Degree Program Admissions

Pensacola State College offers three baccalaureate degrees including the Marjan Mazza Bachelor of Applied Science (BAS) degree in Business and Management with seven areas of concentration

- Entrepreneurship
- Graphic Design Management
- Health Care Management
- Human Resources Management
- Organizational Administration
- Project Management
- Public Safety Administration

The College also offers a Bachelor of Applied Science in Cybersecurity and a Bachelor of Science in Nursing (BSN).

The baccalaureate degrees are designed to provide career ladder options for the student who has completed an associate degree or at least 60 credit hours including courses meeting specific requirements and who wishes to pursue an education at the baccalaureate level.

In addition to the basic steps for admission to the College, an applicant for admission to the Marjan Mazza BAS in Business and Management degree program will be admitted with the following:

1. Submission of all college transcripts with documentation that the applicant has earned an associate degree or at least 60 credit hours including courses meeting specific requirements from regionally accredited institutions.
2. Completion of entry-level placement testing unless the applicant's transcript reflects grades of C or better in general education English or mathematics. Applicants whose test scores indicate the need for remediation will not be admitted into the baccalaureate program or baccalaureate courses until the required developmental education courses are satisfactorily completed.

An applicant for admission to the BAS in Cybersecurity will be admitted with the following:

1. Submission of all college transcripts with documentation that the applicant has earned an associate degree at least 60 credit hours including courses meeting specific requirements from regionally accredited institutions. Note that the preferred academic pathway into this program is the Associate in Science in Cybersecurity or a closely related field. The student from a different academic background will be required to complete lower level cybersecurity coursework before enrolling in baccalaureate level courses.
2. Possession of a current and unrestricted registered nursing license.

An applicant for admission to the BSN degree program will be admitted with the following:

1. Submission of all college transcripts with documentation that the applicant has earned an associate degree in registered nursing or a nursing diploma from a regionally accredited institution or a nationally accredited nursing program.
2. Possession of a current and unrestricted registered nursing license.
3. Completion of entry-level placement testing unless the applicant documents earning grades of C or better in general education English or mathematics. Applicants whose test scores indicate the need for remediation will not be admitted into the baccalaureate program or baccalaureate courses until the required developmental education courses are satisfactorily completed.

In addition, per Florida Administrative Code 6A-10.030, prior to entry into the upper division, a student must complete with a grade of C or higher ENC 1101C, ENC 1102, and 6 semester hours of additional coursework designated as writing emphasis (12 semester hours of writing emphasis coursework). A student must also complete 6 semester hours of mathematics coursework, with a grade of C or higher, at the level of College Algebra or above. These 18 semester hours of writing emphasis and mathematics coursework count toward the 36 credit hour general education curriculum each baccalaureate student must complete. Each baccalaureate student must also satisfy the foreign language requirement and civic literacy requirement as defined in the general education section of this *College Catalog*.

Associate Degree Program Admissions

First Time in College

An applicant for admission to any associate degree program must be a high school graduate with one of the below-listed credentials. In most cases, the awarding of financial aid is dependent upon receipt and validation of the high school credential.

1. **Standard High School Diploma**
 - a. A Florida public high school graduate must have earned a standard high school diploma or the CPT-Eligible Certificate. The standard high school diploma or the CPT-Eligible Certificate must be designated on the official high school transcript.
 - b. A student who has graduated from a regionally-accredited high school in any other state must have an official transcript submitted to the College.
 - c. A student who has graduated from a non-regionally-accredited high school will be considered for admission provided the high school transcript documents courses taken and grades earned in a classroom environment. A student who has completed his or her high school education through a non-regionally-accredited high school should contact the Admissions Office for review of the secondary education transcript. NOTE: A high school diploma issued on the basis of an assessment test may not be recognized for admission into an associate degree program. A high school diploma or transcript purchased for a fee without any instruction received will not be recognized for admission. A student who has earned the Certificate of Completion (other than the CPT-Eligible Certificate) or the Special Diploma from a Florida public school will not be considered a high school graduate for admission purposes.
2. **General Education Development (GED)**

A student who has received the General Education Development (GED) diploma will be admitted. An official GED

score report from the Department of Education in the state the GED was earned is required for admission.

3. **Home Educated Students**

A student who has completed a Florida home education program (home school) must submit the Home School Completion Affidavit. The affidavit must be completed by a parent or legal guardian affirming that the student completed a home education program meeting State of Florida high school requirements. Documentation from the public school district will be required to ensure the home education program complied with state requirements for secondary education. The Home School Completion Affidavit is available in any admissions office on any campus or center.

Documentation from a non-Florida public school district verifying compliance of the home education program with requirements of that state.

4. **Foreign Educated Students**

A student who has completed secondary school education in another country will be admitted provided the level of education is equivalent to high school graduation in the United States. Determination of equivalency is made by the College Registrar utilizing resources provided by recognized credentials evaluators and through best practices of admissions offices in the nation.

5. **Conditional Admission to Summer Classes for Graduating Seniors**

Pensacola State College provides an opportunity to the high school senior with an anticipated high school graduation allowing summer enrollment in classes that begin before the actual high school graduation date. Under this conditional admission, the graduating high school senior may enroll at his or her own expense in courses during the summer term of the year graduation is anticipated. Federal aid and scholarship opportunities are usually not available to the student admitted under this condition.

Placement Testing

Each student pursuing an associate degree is required to satisfy college placement test requirements or provide proof of exemption status. Refer to Placement Testing and Developmental Studies in Testing and Assessment section.

Placement tests do not determine admission; they are used to determine the appropriate placement in college-level English, writing-intensive, and mathematics courses. A student may provide scores from the SAT or the ACT, but the test scores must not be more than two (2) years old. No student, including a non-degree seeking student, will be permitted to enroll in any college credit English, writing-emphasis, or mathematics course or any course having an English, mathematics, or reading prerequisite without meeting the state-mandated minimum scores on the placement test or verifying proof of exemption status.

An applicant who has not taken the SAT or ACT is required to take the Postsecondary Education Readiness Test (PERT) through a testing center on any campus or center.

Requirement for SLS 1101 College Success

A student whose placement test scores indicate the requirement for enrollment in two or more developmental education or college preparatory courses is required to enroll in SLS 1101 College Success. Enrollment in SLS 1101 will be required even if the course is not a part of the curriculum for the student's degree plan. Enrollment in the required developmental education/college preparatory courses should begin in the first term of attendance but must begin before the 12th credit hour is attempted. Enrollment in other college-level courses is permitted provided the

student is also enrolled in at least one of the required developmental education/college preparatory courses.

Certificate and Applied Technology Diploma Program Admissions

An applicant to a college credit certificate program, career certificate (vocational certificate) program, or applied technology diploma program is subject to admissions requirements as indicated. Placement testing will not be required unless the program contains an English course or a mathematics course. Some career certificate programs do not require a high school diploma. Please review specific admissions requirements for the program. Basic admissions information follows.

1. An individual who has graduated from high school is eligible for enrollment in a career certificate (or vocational certificate) program.
2. An individual who has not graduated from high school but is at least 16 years-of-age and legally withdrawn from a regular school system may be admitted into a certificate program provided the specific program does not require high school graduation.
3. Unless required for admission into the particular program or for financial aid eligibility requirements, transcripts are not required. An application for admission and Residence Statement is required. See the Residency Classification section of this *College Catalog* for information.

Special Admission

Adult Education

The Adult Education Programs Department offers non-credit classes for adults who want to improve basic academic skills, prepare for the General Education Development (GED) examinations, or learn English. Eligibility requirements are as follows:

1. Applicants must be at least sixteen years of age.
2. Individuals anticipating enrollment in any Adult Education class must submit the Adult Education Admissions/Registration Form and a Residence Statement.

Students will be assessed \$30 per term regardless of the number of courses taken.

See the Adult Education section for course offerings and contact information.

Dual Enrollment

The Dual Enrollment program provides college-level instruction to the qualified high school student and is administered in accordance with 6A-10.024, F.A.C., Articulation Between and Among Universities, Florida Colleges, and School Districts.

Eligibility criteria and enrollment procedures comply with Florida Law and State Board of Education regulations as well as the Inter-Institutional Articulation Agreements agreed upon by the school districts, eligible private schools, or eligible home education students, and Pensacola State College.

A student who achieves minimum placement scores on state-approved placement exams, meets additional eligibility requirements as stated in the Inter-Institutional Articulation Agreement, who is in grade six through twelve, and who meets the minimum grade point average requirements is eligible for admission into the Dual Enrollment program.

A Dual Enrollment student is exempt from direct payment of tuition, matriculation, and laboratory fees. A public school student participating in dual enrollment may have books provided by the high school. Each private school student is responsible for purchasing his or her own textbook(s).

Dual Enrollment students will follow the catalog requirements in effect at the time of initial enrollment in the Dual Enrollment Program and are expected to complete the initial program of study within five catalog years. A previous dual enrollment student who does not complete the catalog requirements within the five catalog years will be analyzed for graduation using the catalog requirements in effect upon readmission after the expiration of the initial effective catalog.

Admissions

The Dual Enrollment student must meet the eligibility criteria established by state rules and specified in the applicable Inter-Institutional Articulation Agreement.

The following documents must be submitted to the assigned College Advisor:

1. Dual Enrollment Application.
2. Dual Enrollment Approval form signed by principal or designee indicating the course(s) to be taken through Pensacola State College.
3. Placement test scores that are not more than two years of age.
4. The Dual Enrollment Approval form completed by the high school will be required each term of enrollment.

Each area high school is assigned a College Advisor for Dual Enrollment purposes. Any interested student should ask the guidance office at the high school for information on the dual enrollment program or may contact the College's Advising Center for information.

Non-Citizen Students (F-1 Visa Holders)

Any citizen of another country interested in obtaining the F-1 Student Visa to attend Pensacola State College should contact the Registrar's Office and submit the International Student Application, available at www.pensacolastate.edu.

The College Registrar serves as the Designated School Official for Immigration, who handles issues related to the admissions and enrollment of international students. A member of the Pensacola Campus Advising Center serves as the advisor for F-1 visa holders and has the responsibility of advising each international student regarding his or her academic goals and assisting with special needs.

A student whose native language is not English has the benefit of enrolling in reading and writing courses to assist the student's speaking and composition skills. These courses are available through non-credit and developmental education instruction. The international student advisor will assist the student in appropriate course placement.

International Students

Individuals who have been granted legal permanent resident status will be required to submit the same admissions documents as a United States citizen to include the establishment of residence for tuition purposes.

Individuals who plan to attend Pensacola State College while in the United States on a visa other than the F-1 Student Visa should contact the Registrar's Office to determine eligibility. Several visa categories will permit enrollment in college courses during the temporary stay in the United States.

Undocumented aliens will be permitted to enroll at Pensacola State College but will not be able to declare a status as resident for tuition purposes. The undocumented alien will not be eligible for any financial assistance.

Individuals who will require the F-1 Student Visa, including those who are transferring the F-1 Visa from another institution to Pensacola State College, must present the documentation listed below.

Official copies of all documentation are required. International mail delays, transcript verifications, Bureau of Citizenship and Immigration Services (BCIS) regulations governing the issuance of the Immigration Form I-20, consular appointments, etc., must be anticipated. The College encourages non-citizen students seeking the F-1 Student Visa to begin the application process at least four months in advance of anticipated enrollment. Required application papers and credentials include the following:

1. International Student Application for Admission

The International Student Application is available in the admissions office or on the website at www.pensacolastate.edu.

2. Secondary School Records

Official transcripts of secondary school records, diploma, General Certificate of Education (GCE), or Caribbean Examinations Council (CXC) are required. Transcripts in languages other than English must be translated with certified translations provided. The secondary school record documents of an applicant who has completed his or her secondary education in a foreign country are evaluated in accordance with the general regulations governing admission of freshman students as well as guidelines established by the American Association of Collegiate Registrars (AACRAO) and the National Association of Foreign Student Advisors (NAFSA).

3. College Transcripts

International students who have attended colleges in the United States must have official transcripts sent to Pensacola State College. Students who have completed college-level work at institutions outside of the United States and wish to receive transfer credit will be required to seek the services of recognized credentials analyst. See Transfer Students from Other Countries.

4. Financial Support Documentation

An official statement from the applicant's (or sponsor's) bank or other financial institution is required and must verify the availability of sufficient funds for tuition, matriculation, books, and living expenses. All monetary amounts must be indicated in United States dollars. If the international student will be provided funding through his or her home country's government or some other agency, documentation verifying the availability of sufficient funds for tuition, matriculation, books, and living expenses, etc., must be submitted.

5. Language Proficiency

For those international applicants whose native language is not English, the Test of English as a Foreign Language (TOEFL) will be required. The minimum score acceptable for admission is 500 (on the paper-based exam), 173 (on the computer-based exam), and 61 (on the internet-based exam). An official TOEFL score report must be sent directly to the Registrar's Office; Pensacola State College's school code for this purpose is 5535. Student copies of the TOEFL score report will not be accepted. Students who have not taken the TOEFL but have completed an English Language School (ELS) through Level 109 will be considered. An official ELS transcript must be sent directly to the Registrar's Office from the testing agency or the institution offering the ELS program. No exceptions will be made to these requirements for language proficiency.

6. Medical/Health Insurance

Health insurance with hospitalization coverage is required. Evidence of a health insurance policy valid in the United States and covering the period of enrollment must be documented prior to registration.

7. The Immigration Form I-20

When all required documents and credentials are received, Pensacola State College will issue the Immigration Form I-20 recorded through the Student and Exchange Visitor Information System (SEVIS) of the United States Department

of Immigration and Customs Enforcement. The admitted international student will be responsible for establishing an appointment with the appropriate Embassy and paying any fees associated with the process to receive the F-1 Student Visa.

Non-Degree-Seeking Student

An applicant who does not wish to earn a degree or certificate from Pensacola State College and who wishes to take credit courses may not need to provide high school or college transcripts. However, an individual requesting non-degree-seeking classification and enrolling in courses having prerequisites, courses with placement testing requirements, or other admissions requirements may be required to provide evidence of prior educational course work. Pensacola State College understands that many individuals enroll in courses to upgrade employment skills or for personal interest and enjoyment. Any student requesting non-degree-seeking status will be required to submit the application and Residence Statement. The application and Residence Statement are available at any campus, any center, or at www.pensacolastate.edu/admissions.

A non-degree-seeking student will not be permitted to enroll in any college credit course unless eligibility is documented with the approved minimum placement test score or college transcripts showing that the prerequisite for the course has been met.

A non-degree-seeking student who subsequently declares a program of study will be required to meet admissions requirements as indicated above for a degree-seeking student.

Transient Students

A student pursuing a degree at another college or university may be admitted as a transient student to transfer courses back to his or her home institution. A transient form or some other written authorization from the home institution is required indicating the specific course(s) to be taken and the home institution's willingness to accept the credits earned. The transient form or written authorization must be submitted prior to registration. Testing requirements may be in place for the transient student.

A student whose home institution is a Florida college or university may complete the electronic transient authorization process through www.floridashines.org.

Special Student Admission (Non-graduate)

The Special Student admission classification is designed for a student enrolling in credit classes without the high school diploma or its equivalent. The Special Student must be at least 18 years of age and not currently enrolled in a K-12 program. The Special Student is permitted to accumulate 15 credit hours in this status and is encouraged to earn the GED diploma during the first term of enrollment. The GED diploma is required to continue enrollment beyond the 15th credit hour. After earning the GED diploma, the Special Student may request to change to degree-seeking status or may continue as a non-degree-seeking student.

Audit Students

A student who plans to audit a course must meet Pensacola State College admissions and course placement requirements. An audit student must declare the audit status prior to the end of the schedule adjustment period by completing an audit request form on any campus or center. A student auditing classes will be assessed the same fees as a grade-seeking student.

Senior Citizens

An individual who is 60 years-of-age or older is eligible for enrollment in any course unless the course has restricted admission, placement testing requirements, or prerequisites that have not been met.

Transfer Students

A student is admitted as a transfer student if he or she has previously attended a college or university accredited by one of the six regional accrediting associations. The transfer student must request official transcripts to be sent directly from the issuing institutions to the Admissions Office at Pensacola State College. Transcripts marked "issued to student" will not be accepted. All college transcripts must be received and evaluated by the time the transfer student registers for his or her second term of enrollment.

A transfer student with grade of C or better in a course determined to be equivalent to ENC 1101C English Composition I will not be required to take the reading/writing portion of the placement test. A transfer student with a grade of C or better in a course determined to be equivalent to MAT 1033C Intermediate Algebra (or a higher-level mathematics course) will not be required to take the mathematics/algebra portion of the placement test. A transfer student who does not document placement testing exemption with transfer courses and grades as indicated here will be required to take the placement test.

All credits attempted at the freshman and sophomore levels at regionally accredited institutions will be recorded as transfer credits. An accepted transfer course satisfies general education requirements for the associate degrees only if the course is essentially the same as a corresponding Pensacola State College course. Final determination of transfer credits and course equivalency is made by the College Registrar. The evaluation process is normally completed within six (6) weeks of transcript receipt, and the student will be notified by PirateMail when the evaluation is complete. Credits accepted and the manner in which those credits meet degree requirements may be viewed by the student through his or her Spyglass records (unofficial transcript and degree audit). A student admitted to a baccalaureate program will have transcripts reviewed for possible transfer of junior and senior level courses.

Remedial course work from non-Florida colleges or universities will not be accepted in lieu of placement test scores.

Grades of D or F will be accepted for transfer under the terms of the State Articulation Agreement and State Board of Education rules. Credits earned more than 20 years prior to enrollment at Pensacola State College may be subject to review as equivalent courses for transfer purposes.

Readmission

Any student who has attended Pensacola State College previously but not been in attendance within the previous twelve (12) months must reapply. The reapplication process may be completed in an admissions office on any campus or center. The reapplication may also be completed online at www.pensacolastate.edu. The reapplication process will require updated contact information, names of any additional colleges attended, and the Residence Statement. Transcripts from colleges attended since prior enrollment at Pensacola State College must be submitted during the first term of re-enrollment. Returning students will not be reassessed the application fee.

ADVISING

Pensacola State College provides advising at each College location to assist each student with appropriate course selection.

CASHIER'S OFFICE

The Cashier's Office is responsible for all student accounting and collections. The Cashier's Office is located on each of the three campuses and provides the following services:

1. Collection of student registration fees;
2. Collection of special fees;

3. Billing and collection of accounts receivable;
4. Billing and collection of loans receivable;
5. Cashing of student checks up to \$10 with a valid student ID and the student ID number included on the check; and
6. Distribution of student payroll checks. The student must present a valid student ID.

Distribution of student financial aid must be approved for release by the Financial Aid Office. Financial aid funds are disbursed through Bank Mobile. No financial aid disbursements will be made which are less than \$1.

FINANCIAL AID

Federal Student Loans

William D. Ford Federal Direct Loan Program (FDLP)

Students who have exhausted all other resources may request a federal student loan. Direct Loans are limited to educational expenses and are either subsidized and/or unsubsidized. Additional student eligibility criteria apply. The student must accurately complete all required steps prior to the awarding of a loan. Students must submit the Free Application for Federal Student Aid online and complete verification if selected, as their first step. Students, and their families, must review the information at the United States Department of Education (USDOE) website at www.studentaid.gov and in the Pensacola State College Guide to Federal Direct Loans on the Financial Aid website at www.pensacolastate.edu. Prior to submitting the loan request form to the Financial Aid, Veteran Services, and Scholarships office for eligibility evaluation and processing, the student must complete Entrance Loan Counseling (ELC) and a Master Promissory note (MPN) which are both on the federal website listed previously. As a part of the college default prevention program, a student must complete both of these steps prior to requesting a Direct Loan. Enrollment in a minimum of six credits in required courses for the student's primary program of study at the College is required.

Direct loan disbursements are subject to a 30-day delay prior to disbursement for the first time borrowers. A student whose Direct Loan eligibility has been approved may complete a deferment for tuition and fees.

Note: On a case by case basis, the school may refuse to certify a loan or certify a loan for an amount less than the student requests. All students including transfer students are required to have a cumulative completion rate of 67% and a grade point average based on the number of attempted credits in the Required Standards chart in this *College Catalog* in order to apply for a Direct Loan. As part of default prevention, loan limits apply and are based on the level of earned credits in the student's program of study at this College and total amount of funds previously borrowed. Transfer students with excessive student loan indebtedness may be reviewed on a case-by-case basis to determine Direct Loan potential eligibility. Demonstrated willingness to repay prior loans is also taken into consideration. Loans are funds that must be repaid.

Parent PLUS Direct Loans

This is a loan program which enables credit worthy parents to borrow money for their dependent student's educational costs directly associated with their student's education at Pensacola State College. The dependent must be degree-seeking and enrolled in a minimum of six credits in courses required for their primary degree program. PLUS loans are limited in amount to the cost of attendance minus any other financial aid received by the student. The USDOE requires the student to complete the FAFSA and any required verification processes before the school may process a PLUS loan. Parents who are denied a Direct Loan after their credit

has been checked by the USDOE, may appeal directly to the USDOE and/or may request to have credit worthy endorsers added to the loan.

Direct Loan Deferment of Tuition and Fees

Students planning to use Federal Direct Loans for payment of tuition and fees should register for classes and after receiving notification via their PirateMail account that their Direct Loan request has been approved, complete an online Deferment of Fees via their Spyglass logon on the College website. A deferment must be completed for each term of enrollment by the student. Without a Direct Loan deferment, no fees are automatically paid. Direct Loan Deferment cannot be used to cover books and supplies.

Financial Aid Appeal Policy and Process

Applicants and recipients of Title IV (PELL, FSEOG, FWS, Direct and Plus Loans) who do not meet the required standards for Financial Aid Satisfactory Academic Progress (FASAP) due to circumstances beyond their control may appeal their status by accessing the College's FASAP appeal process.

Based on documented mitigating circumstances beyond the control of the student* a student may appeal for reinstatement of aid in order to complete a particular program of study.

*Documented mitigating circumstances might include, but are not limited to:

1. Serious illness or injury to the student;
2. Serious illness, injury, or death of a student's immediate family member (parent, sibling, spouse, child); or
3. Special documented circumstances of a unique and substantial nature.

Appeal Process

A Financial Aid Appeal Request Form is available in any campus financial aid office and online in the Financial Aid Forms section of the College website. Students eligible to submit an appeal must also submit a signed academic plan (Degree Audit). In order to develop the academic plan, the student must schedule a meeting with an academic advisor for advising during which time a plan will be agreed upon. Both the advisor and student must sign and date the plan. Failure to submit all required attachments and documentation will result in a denied appeal. Full instructions for submitting a FASAP appeal are available with the form(s) online.

The student must indicate clearly and in detail the circumstances of his/her failure to meet FASAP standards. Specific dates and events must be identified and documentation to support the appeal must be attached to the form. Appeals submitted without specific dates, events, or documentation are incomplete and will be denied. **Filing an appeal does not guarantee that the appeal will be approved.**

The completed appeal form and documentation must be submitted to a Financial Aid, Veteran Services, and Scholarships Office. The Financial Aid Appeals Committee will review and make a determination concerning the appeal. When an appeal is granted, additional conditions may be established which the student will be required to meet in order to continue with financial aid eligibility. The student will be notified via PirateMail of the decision. If the student does not agree with the denial and has substantive additional information and documentation not previously submitted, the student may submit a written letter of disagreement and the additional documentation to the Director, Financial Aid, within 14 days with a new appeal packet and the additional documentation. The Director's decision is the final authorized decision.

Note: If an appeal is submitted during a registration period, the process will take longer.

Helpful Definitions for Students

<https://studentaid.ed.gov/glossary>

Release of Student Financial Aid Information

The disclosure of student information is governed by the policies of the Board of Trustees of Pensacola State College and the Florida Department of Education within the parameters established by state and federal laws, including the Family Educational Rights and Privacy Act of 1974 (FERPA).

The written consent of the financial aid recipient is required for any disclosure or publication of any financial aid information that is personally identifiable. Parents and legal guardians of dependent financial aid recipients may have access to financial aid information only with the written consent of their dependent student. The appropriate form is available from the Office of Financial Aid, Veteran Services, and Scholarships, and on the college website at Financial Aid/General Financial Aid Forms/Release of Information Authorization.

Official Correspondence and Communication

Official communication between Pensacola State College and all College students is through PirateMail and Spyglass notifications. A student email address is issued to each student one day after his or her application for admission to Pensacola State College is processed. The Office of Financial Aid, Veteran Services, and Scholarships will communicate through PirateMail and Spyglass notifications. It is a student's responsibility to regularly monitor this official PirateMail email site. Failure to do so may result in a delay in the awarding of any and all aid or the loss of aid due to limited funding. See <http://www.pensacolastate.edu/piratemail/> for PirateMail assistance and frequently asked questions.

Financial Aid Awards

Financial aid recipients receive a letter of award notifying them of their eligibility for aid. All financial aid awards are based on information provided by the students, availability of funds, and eligibility requirements for the sources of aid. Any award may be revised based on changes in enrollment, changes resulting from verification, cost of attendance, family contribution, or failure to meet satisfactory academic progress. Withdrawals, changes in enrollment, or changes in remaining need may affect current awards and any future awards.

Financial Aid Policy

Students and their families have the primary responsibility for financing their higher education. Students who need additional resources to pay the costs associated with their attendance at Pensacola State College should complete the Free Application for Federal Student Aid (FAFSA) each academic year. Filing a FAFSA annually is the first step in determining student eligibility for federal, state, institutional aid, and part-time work study employment. Pensacola State College's school code required on the FAFSA is 001513.

General Eligibility Requirements

All financial aid is dependent upon the availability of federal, state, local, and institutional resources. To be eligible for financial aid, a student must:

1. Be accepted as a Pensacola State College degree-seeking student taking required developmental level courses, required degree courses, and elective courses that are used toward their baccalaureate or associate degree program;
2. Be accepted as a Pensacola State College certificate-seeking student in an eligible college credit certificate program, career certificate (vocational certificate) program, or other eligible program of study, taking required courses;

3. Be making satisfactory academic progress for financial aid purposes (FASAP);
4. Be a U.S. citizen, permanent resident alien, or an eligible noncitizen;
5. Enroll at least half time (six credit hours) for most aid programs;
6. Not be in default on a prior student loan;
7. Not owe a repayment or overpayment of a federal grant;
8. Not have an existing financial obligation to Pensacola State College;
9. Be registered for Selective Service, if required;
10. Have a standard high school diploma from a valid high school or GED certificate;
11. If a college transfer student, an official transcript from each previously attended institution should be submitted to and evaluated by the Pensacola State College Records Office;
12. Not have been convicted of the sale or possession of illegal drugs during a term in which they received Title IV financial aid; and
13. Complete verification and submit any other required documents.

General Financial Aid Policies

Financial Aid Application Process

Students begin the financial aid process by applying for admission to Pensacola State College, declaring a major or program of study and, when necessary, completing placement testing, orientation, and academic advising. Students must submit all official final transcripts directly to the Pensacola State College Admission and Records Office for review and evaluation. All transcripts include the final high school, and/or official GED scores, plus all prior college and technical school transcripts.

Transcript evaluation will assist students to determine all necessary courses needed to complete their program of study at Pensacola State College. Federal and State financial aid is awarded to students for the credits required to complete their degree or certificate.

Students must complete the Free Application for Federal Student Aid (FAFSA) each year. The FAFSA is available annually on October 1 for each new award year. Students apply electronically using their FSA ID and receive email notification of processing within five to seven days. Parents must apply for and receive a Federal Student Aid (FSA) ID to use to input their information and sign the student's FAFSA. A student must input Pensacola State College's school code 001513 on their FAFSA in order for the College to receive their Student Aid Report.

FAFSA online processing allows the student or parent to use the IRS Data Retrieval process to ensure accuracy of data. Changes to the uploaded IRS data will result in the student being selected by the federal processor for school verification. Contact the Financial Aid, Veteran Services, and Scholarships office for assistance if you are unsure as to whether or not you or your family can successfully complete the FAFSA using the IRS Data Retrieval upload tool.

The initial letter the student receives from the federal processor of the FAFSA, the Student Aid Report (SAR), is a confirmation that the student submitted their FAFSA, not an award of funds. The listed aid in the letter is general information concerning all potential federal aid and federal loans available through the FAFSA process. The student's actual eligibility for aid is not determined until their enrollment, program of study, and academic progress are evaluated by the College. In some cases, the federal processor selects a student's data for verification by the College and additional documents and forms are then requested of the student and, as needed, from their parents or spouses. Only students whose

FAFSA information has been determined to be accurate will be awarded federal and state aid.

Title IV Federal Student Aid Repayment Policy Effective Fall 2000

This policy affects ALL students who receive Title IV Student Aid including:

1. Federal PELL Grants;
2. Federal Supplemental Educational Opportunity Grants (FSEOG); and
3. William D. Ford Federal Direct Loans (FDLP).

Federal Law states that federal student aid is to be awarded under the assumption students will attend school for the entire term (payment period).

Students who withdraw from all courses prior to completing more than 60% of the payment period or stop attending must have their aid eligibility recalculated based on the percent of the payment period completed. This recalculation may result in the student having to repay the federal government a percentage of the federal aid received. Students who withdraw from all courses and have future starting courses within the same term (payment period) for which they have not yet had the opportunity to begin attendance must affirm in writing to the College that they plan on beginning attendance in later starting course(s) within fourteen days of stopping all current attendance.

Pensacola State College is required to share in this repayment responsibility for the courses that the student began attending. The student will have to repay Pensacola State College the debt resulting from the student's failure to earn the aid awarded by the due date. Unpaid debts will result in an overpayment of aid being reported to USDOE. Until both the debt to the College and the debt to the USDOE are repaid by the student no College transcript will be released, no additional enrollment will be processed, and no institutional, federal or state aid may be awarded or disbursed to the student.

Students must pay the debt in full prior to future enrollment at Pensacola State College. Students will also lose their federal aid eligibility until they either repay the portion owed to the federal government or make repayment arrangements with the USDOE. All costs of collection including reasonable attorney fees will be the responsibility of the student.

Title IV recalculation is the law, there are no appeals.

If you have questions concerning this federal law, contact the Financial Aid, Veteran Services, and Scholarships Office at (850) 484-1680.

Required Maximum Time Frame and Credit Limits for Federal Aid

Baccalaureate Degree Program Students

A student otherwise eligible for federal or state financial aid and enrolled in a baccalaureate degree program who has attempted more than 150% of the number of credit hours required in that program is not progressing at the required pace to complete the program within the required standard. The student is considered to be making unsatisfactory academic progress and is not eligible for aid.

Associate Degree Program Students

A student otherwise eligible for federal or state financial aid and enrolled in an associate degree program who has attempted more than 150% of the number of credit hours required in that program is not progressing at the required pace to complete the program within

the required standard and therefore is considered to be making unsatisfactory academic progress and is not considered for aid.

College Credit Certificate Program Students

A student otherwise eligible for federal or state financial aid and enrolled in an approved certificate program who has attempted more than 150% of the number of credit hours required that program is not progressing at the required pace to complete the program within the required standard. The student is considered to be making unsatisfactory academic progress and is not eligible for aid.

Developmental Education Courses

Required developmental education coursework is counted in determining a student's level of enrollment for federal financial aid awarding purposes. Federal regulations limit financial aid recipients to a maximum of thirty (30) term hours of federally funded developmental education (remedial) coursework plus prerequisite coursework, and not counted as electives.

Financial Aid for Career Certificate (Clock Hour) Programs

The following list of programs are designated career certificates by the State of Florida Department of Education and therefore federal Title IV Aid must be awarded and disbursed based on clock hour policies and procedures.

Advanced Esthetics (ESTHE-VC)	600 hours
Advanced Welding Technology (AWELD-VC)	750 hours
Barbering (BARB-VC)	900 hours
Carpentry (CARP-VC)	1200 hours
Cosmetology (COSM-VC)	1200 hours
Electricity (ELECT-VC)	1200 hours
Heating, Ventilation and Air Conditioning (HVAC-VC)	1350 hours
Massage Therapy (MT-VC)	750 hours
Medical Assisting (MEDAS-VC)	1300 hours
Patient Care Technician (PCT-VC)	600 hours
Plumbing Technology (PLUMB-VC)	1080 hours
Practical Nursing (LPN-VC)	1350 hours
Welding Technology (WELD-VC)	1050 hours

Additional programs may be added by the College with USDOE approval.

Available Aid for Career Certificate (Clock Hour) Programs

A student in a clock hour certificate program may qualify for Title IV federal aid including PELL Grant, SEOG, Direct Loan, PLUS Parent Direct Loan, and Federal Work Study. Florida residents may be eligible for Florida State aid including Florida Bright Futures, FSAG-CE, and Florida Work Experience Program. The College provides institutional grants and scholarships, as funding is available. To be considered for most scholarships, a student must submit the Free Application for Federal Student Aid (FAFSA) for the appropriate financial aid award year and complete verification if selected. Students must apply for the scholarship by submitting the *Florida Financial Aid Application (FFAA)* no later than August 31 after high school graduation. A student anticipating the use of Florida Bright Futures must meet with his or her high school counselor and submit the required online application. An early

high school graduate must meet with their high school guidance counselor for assistance.

Not all vocational certificate (clock hour) programs at this college are Title VI eligible. Only the vocational certificate (clock hour) programs listed as eligible in this *College Catalog* have been approved by the College, the State of Florida, and the USDOE. An eligible student may receive federal financial aid while enrolled and making satisfactory academic progress.

A student who is enrolled in vocational certificate (clock hour) programs that are less than the Pensacola State College defined academic year of 900 clock hours and 32 weeks will receive an initial full time disbursement in the first payment period. After successful completion of half of the defined program clock hours within half of the weeks of instruction, the student will receive their second prorated scheduled payment.

A student who has earned clock hours from a previously attempted vocational certificate (clock hour) program which are being used toward the completion of his or her current clock hour program will have their remaining required number of clock hours calculated prior to the determination of their federal and state aid eligibility.

A student who is enrolled in avocational certificate (clock hour) program that exceeds the Pensacola State College defined academic year will receive an initial payment of half of their full time scheduled award. After the student successfully completes the initial payment period defined as 450 program clock hours and the required weeks in the payment period, additional payment periods will be funded based on continued eligibility. A student may be eligible to receive a second year aid amount per federal guidelines when the number of clock hours required extends to a second year. The student must be determined eligible academically and by filing an accurate FAFSA for the new award year.

Payment Periods and Disbursement Procedure For Career Certificate (Clock Hour) Programs

The College has defined the clock hour academic year for awarding and disbursement purposes as 900 clock hours and 32 weeks. Federal PELL Grant funds may be used to pay the balance of fees. Federal PELL Grants may also be used to purchase required books and supplies or equipment through the bookstore. Any credit balance remaining will be disbursed to the student via his or her student account in two or more payments, depending on the number of academic years defined in the program. The first payment period begins at the start of the program and ends at the halfway point of the defined academic year.

Prior to the second and all subsequent payments, the student's hours completed, and satisfactory academic progress will be verified. Direct loan disbursements are subject to a 30-day delay prior to disbursement for first time borrowers. A student whose Direct Loan eligibility has been approved may complete a deferment for tuition and fees. A student whose program of study is a one (1) year certificate have a maximum loan eligibility of 1 1/2 years of subsidized loan eligibility.

Program instructors are responsible for documenting the number of hours of participation, excused and unexcused hours of absence, and the student's satisfactory academic progress during their weeks of attendance. Aid disbursements are based on this reported information.

Federal PELL Grant credit balances are normally disbursed within the first fourteen (14) days of each payment period after student participation in the clock hour program has been documented by the instructors. Depending on the program, there are two or more payment periods. Programs with one academic year will have two payment periods, while programs that have a second academic year will have more than two payment periods. The student may access

his or her Fee Details and Financial Aid Summary screen via the secure login to Spyglass at www.pensacolastate.edu.

Grants

Federal Pell Grant (PELL)

PELL Grants are available to undergraduate students only. Students with a bachelor's degree are not eligible, including foreign bachelor's degree. Each year Congress establishes the maximum PELL Grant award based on a student's enrollment level and Expected Family Contribution (EFC). The following chart shows how PELL Grant awards are adjusted based on enrollment:

Number of Credit Hours	Enrollment Level	Percentage of Award
6 to 8	Half-time	50%
9 to 11	Three-quarter-time	75%
12 or more	Full-time	100%

Some students may be eligible to receive a PELL grant for enrollment in less than six credit hours. Aid recipients receive tentative award letters after eligibility has been determined for a particular award year via Spyglass.

Lifetime Eligibility Used

The amount of Federal PELL Grant funds a student may receive over their lifetime is limited by federal law. The limit is the equivalent of six (6) years of PELL Grant funding. Since the maximum amount of PELL Grant funding students may receive each year is equal to 100%, a six-year equivalent is 600%, less than full time enrollment will result in a longer period of eligibility. There is no appeal of this federal limit. Current students and those who have previously attended college may view their personal PELL and federal loan information at www.studentaid.ed.gov by using their FSA ID (previously the Personal Identification Number PIN).

Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG is a federal grant for undergraduates with exceptional financial need. Since these funds are limited, only Pensacola State College PELL Grant recipients with zero EFC will be awarded FSEOG funds. The award amount will vary per academic year based on federal funding levels. Awards are available during the Fall and Spring terms only.

To be eligible a student must be seeking an undergraduate degree or certificate, have not previously received a baccalaureate degree, enrolled in at least six credit hours per term in the student's primary program of study. Due to limited availability of FSEOG funds, not all students who meet eligibility and renewal requirements will be awarded. To remain eligible, the student must not drop, withdraw, or stop attending their courses, as these actions may require the student to repay all or a portion of the grant.

Regulatory Changes

Federal regulations and procedures for financial aids change frequently. All financial aid information is subject to change without prior notice. If a student has questions regarding the ramifications of a change in eligibility or enrollment status, contact the Financial Aid Office at (850) 484-1680.

Satisfactory Academic Progress Standards

Federal Aid Satisfactory Academic Progress Policy and Required Standards

College Credit Hour Programs

Federal Regulation 34 CFR 668.34 requires Pensacola State College to establish and apply reasonable standards of Satisfactory Academic Progress for the purpose of administration of financial assistance under the programs authorized by Title IV of the Higher Education Act. The programs subject to this rule include, but are not limited to Federal PELL Grant, Federal Supplemental Educational Opportunity Grant, Federal Work Study, Federal Direct Loans, and some State and Institutional aid. Failure to meet the requirements listed below will result in the suspension of financial aid eligibility. This policy is separate and independent from the Academic SAP policy at this College.

FASAP is program specific and is evaluated at the end of each term. Students must meet ALL of the following minimum standards:

Pensacola State College uses the student's program specific grade point average (GPA) to measure qualitative progress. Remedial/Developmental Education hours are included in this measure. A student must maintain a grade point average dependent upon the total number of hours attempted for their program as indicated:

Total Credit Hours Attempted	Required Minimum Cumulative GPA
1 to 24	1.50
25 to 45	1.75
46 or more	2.00

AND

Pensacola State College is required to establish and evaluate the maximum time frame in which students must complete their educational programs and the pace of completion that ensures completion of the programs within that time frame. Pensacola State College requires that all financial aid recipients successfully complete a cumulative minimum of 67% of the credit hours attempted (total hours earned divided by total hours attempted). Financial aid recipients must also complete their program within 150% of the credits required to do so. Remedial/Developmental Education hours are excluded for these calculations. For example, an associate degree of 60 credit hours must be completed within 90 credit hours.

Credits Used

Students who attend other colleges must submit all prior transcripts for evaluation. Students who are enrolled concurrently in another college must notify this College. The courses accepted as transfer credit by Pensacola State College that meet declared program of study requirements will be considered in the evaluation of progress. All successfully completed transfer courses accepted and courses taken at Pensacola State College that meet or could have met the student's declared program of study requirements will be included in determining Financial Aid Satisfactory Academic Progress (FASAP).

Program Changes

Students will be awarded Title IV funding for a maximum of four unique programs of study at Pensacola State College. Programs with the same degree audit are considered as one unique program (e.g. All AA programs with various concentrations are considered

as one program). A student may appeal this loss of eligibility if the student has documentable mitigating circumstances which directly caused the program changes. For more information, please refer to the appeal process. Program changes after the effective date of this policy will be counted toward the number of changes allowed.

Course Incompletes/Withdrawals

Successful completion of coursework is defined at Pensacola State College as earning a grade of A+, A, B+, B, C+, C, D+, D or P.

Course Repetitions

Under HEA regulations, a Title IV recipient is permitted to repeat a course in which a failing grade was previously earned without limit, except as imposed by the FASAP standards. Once a student has earned a grade of A+, A, B+, B, C+, C, D+, D or P, one repeat of the course is permitted to be counted toward calculating Title IV aid eligibility enrollment for the term. All subsequent attempts of that course are ineligible for Title IV funding.

Financial Aid Warning Term

Students must meet all of the FASAP required standards to be considered in Financial Aid Satisfactory Academic standing. Students who are found to not be in Financial Aid Satisfactory Academic standing at the end of any term are automatically placed on warning for their subsequent term of enrollment, except when the student reaches or exceeds the 150% maximum time frame allowed for his/her program or the students PELL Grant disbursements meet the lifetime eligibility limit (600% of a full time PELL Grant award). Students who are enrolled during the financial aid warning term may receive Title IV aid, as long as they are otherwise eligible. Students are notified via PirateMail of the warning status.

During the warning term the student must successfully work to regain FASAP by meeting the required completion rate standard (67%) and the graduated grade point average required for the number of credits attempted (see chart). If the student does not meet the required standards during the term of warning, he or she will no longer be eligible for Title IV aid.

Financial Aid Suspension

Students who do not regain FASAP after a term of warning will have Title IV aid suspended because they are no longer eligible. Students who reach or exceed maximum time frame for their program of study (150% of the required credits) will have their Title IV aid eligibility suspended. Students who no longer have sufficient credits of potential eligibility remaining to complete their declared program of study will have their Title IV aid suspended.

Financial Aid Probation Term

Students who fail to meet all of the FASAP standards after the warning term are only eligible to receive further Title IV aid if they successfully appeal for federal aid reinstatement. A student who does not have an approved appeal will be unable to receive any Title IV aid (PELL Grant, SEOG, Direct Loans, Plus Loans, and College Work Study). Students must agree to and follow an approved academic plan which is developed with an academic advisor and submitted with their appeal documentation for review and approval of the Colleges Appeal Committee. Students are notified via PirateMail of the probation status. Conditions of an approved appeal are determined by the Appeal Committee and provided via PirateMail to the student. Students who follow their approved academic plans and meet the conditions of their approved appeals will continue to receive aid for which they are eligible until their status changes or they complete their program of study.

FASAP Appeals

Title IV applicants and recipients who are not in financial aid satisfactory academic standing due to circumstances beyond their control may appeal their statuses by accessing the Colleges FASAP appeal process. Extenuating circumstances* beyond the students control that directly impacted progress must be explained and documented. All students who are eligible to submit an appeal must also submit a completed academic plan. In order to develop the academic plan, the student must meet with an academic advisor and comply with all associated requirements. When an appeal is approved, the student must adhere to the associated academic plan and the conditions listed in the approved appeal letter. Full instructions for submitting a FASAP appeal and the required academic plan are located on the College website on the financial aid pages. Pensacola State College reviews FASAP progress at the end of each term of enrollment for all students, including those on financial aid probation. Students who follow their approved academic plans and meet the conditions of their approved appeals will continue to receive aid for which they are eligible until their status changes or they complete their program of study. Students meeting the conditions of their approved appeal must submit a continuing appeal each new academic year.

*Documented extenuating circumstances might include, but are not limited to:

1. Serious illness or injury to the student;
2. Serious illness, injury, or death of a student's immediate family member (parent, sibling, spouse, children); or
3. Special documented circumstances of a unique and substantial nature.

All FASAP appeals will be evaluated by the FASAP appeals committee or its designee.

Monitoring Financial Aid Progress

Each financial aid recipient will have progress monitored at the end of the term, beginning with the first credit hour attempted as a degree-seeking student. If, at the end of a term, the student has not met the required standards, the student will be placed on Financial Aid Warning for one term. (See Required Standards) If the student does not achieve FASAP at the end of the Warning term, eligibility for federal and state financial assistance will be suspended until the student returns to satisfactory FASAP status of good.

Note: A transfer student's eligibility for all federal aid including Direct Loans is based on their successfully completed transfer courses accepted and courses taken at Pensacola State College that meet or could have met the student's currently declared program of study requirements. These credits are used to establish their cumulative grade point average and completion rate as documented in the student's record in the College Student Record System.

Financial Aid Satisfactory Academic Progress for Career Certificate (Clock Hour) Programs

In order for students in clock hour certificate programs to receive financial aid, they must maintain Financial Aid Satisfactory Academic Progress (FASAP) toward completion of their program. Satisfactory progress is evaluated at the end of each payment period after grades are posted and also at the time the student completes both the required hours and weeks in a payment period if not concurrent with the end of a standard term. If satisfactory progress is not achieved at the end of that payment period, financial aid assistance will be suspended or delayed until such time as the student regains satisfactory academic progress. FASAP is measured in terms of pace and grade point average (GPA). Pace progression is defined as the ratio of clock hours completed to clock hours scheduled and weeks scheduled to weeks completed as defined for the program payment periods.

Minimum Requirements (Qualitative and Quantitative)

GPA

Students must maintain a GPA of at least 2.0.*

Progression

Students must successfully complete at least 67% of the clock hours attempted.

**Minimum may be higher than 2.0 GPA based on clock hour program requirements.*

Maximum Time Frame

Pensacola State College students may continue to receive their federal financial aid as long as they maintain the ability to complete their program within 150% of the scheduled weeks of the program and they meet the quantitative and qualitative minimums.

Example: A 44 week program has a maximum time frame of 66 weeks (44 weeks x 150%).

Students not meeting minimum requirements for their clock hour program will have their financial aid assistance delayed or suspended.

All payment periods or terms of attendance will be included in the evaluation, regardless of what year the student first enrolled or first received federal aid.

All transfer clock hours that are used to complete the clock hours required for the program will impact the number of clock hours required for which the student may be awarded aid. These hours will also be used to measure qualitative and quantitative eligibility.

Program Changes

Students will be awarded Title IV funding for a maximum of four unique programs of study at Pensacola State College.

Transfer Credits

Courses accepted as transfer credit by Pensacola State College that meet the declared program of study requirements will be used in evaluation of progress.

Course Incompletes / Withdrawals

Successful completion of coursework is defined at Pensacola State College as earning a grade of A, B+, B, C+, C, D+, D or P in most programs.

Scholarships

Florida Student Assistance Grant (FSAG)

FSAG is a State of Florida need-based grant program awarded for Fall and Spring terms to a Florida resident student who is working on their undergraduate degree. A student must submit an error-free FAFSA and have a PELL-eligible expected family contribution (EFC) as determined by the Department of Education, be enrolled in an AA, AS, BSN, or BAS degree program, have not previously received a baccalaureate degree, be enrolled in a minimum of six credits in their declared program of study each term, have remaining need, maintain Financial Aid Satisfactory Academic Progress (FASAP), satisfy the annual award renewal requirements, and meet other eligibility criterion as established by the State of Florida. Students who have attempted and completed more than 111% of their degree program requirements are not eligible for FSAG funds. Due to limited availability of FSAG funds, not all students who meet eligibility and renewal requirements will be awarded. To remain eligible, the student must not drop, withdraw, or stop attending their courses, as these actions may require the student to repay all or a portion of the grant.

Florida Student Assistance Grant – Certificate Education (FSAG-CE)

FSAG-CE is a State of Florida need-based grant program awarded for Fall and Spring terms to a Florida resident student who is working on a work-force certificate. A student must submit an error-free FAFSA and have a PELL-eligible expected family contribution (EFC) as determined by the FAFSA, have not previously received a baccalaureate degree, be enrolled in a minimum of six credits in their declared program of study each term, have remaining need, maintain Financial Aid Satisfactory Academic Progress (FASAP), satisfy the annual award renewal requirements, and meet other eligibility criterion as established by the State of Florida. Students who have attempted and completed more than 110% of their degree program requirements are not eligible for FSAG-CE funds. Due to limited availability of FSAG-CE funds, not all students who meet eligibility and renewal requirements will be awarded. To remain eligible, the student must not drop, withdraw, or stop attending their courses, as these actions may require repaying all or a portion of the grant.

Florida First Generation Grant (FGMG)

FGMG is a State of Florida need-based grant program for the Fall and Spring terms for an undergraduate student whose parents have not earned baccalaureate degree or higher. A student must submit an error-free FAFSA and have a PELL-eligible expected family contribution (EFC) as determined by the FAFSA, have remaining need, be enrolled in an AA, AS, BSN, or BAS degree program, not previously received a baccalaureate degree, be enrolled in a minimum of six credits in their declared program of study each term, satisfy the annual award renewal requirements, and meet other eligibility criterion as established by the State of Florida. Students who have attempted and completed more than 110% of their degree program requirements are not eligible for FSAG funds. Due to limited availability of FGMG funds, not all students who meet eligibility and renewal requirements will be awarded. To remain eligible, the student must not drop, withdraw, or stop attending their courses, as these actions may require repaying all or a portion of the grant.

Florida Bright Futures (FBF)

To access a Florida Bright Futures award, the student must apply for the scholarship by submitting the *Florida Financial Aid Application (FFAA)* no later than August 31 after high school graduation. The State of Florida Office of Student Financial Aid (OSFA) will process the application only at www.floridastudentfinancialaids.org.

The Pensacola State College Financial Aid, Veterans Services, and Scholarships Office automatically awards this merit aid each term to eligible students enrolled in a minimum of six credits in their declared program of study at the College and identified by the State of Florida Office of Student Financial Assistance. It is the student's responsibility to select the College which they wish to receive their award.

Bright Futures scholarships do not pay 100% of tuition and related expenses at any college. The award amount per credit hour is determined annually by the State of Florida Legislature and is published on the OSFA website. The State of Florida Office of Student Financial Assistance (OSFA) notifies the student of the per credit hour amount in an email message to the address the student provides on their application.

A student who withdraws or is withdrawn from courses after the end of the schedule adjustment period will be billed by the College for those hours and will be unable to register for any future term until their debt to the College is paid. All cost of collection including reasonable attorney fees will be the responsibility of the student.

Repayment to Pensacola State College for the cost of withdrawn course(s) is required to renew the Bright Futures scholarship for the subsequent academic year. Renewal and reinstatement details and changes are listed on the Bright Future website at www.floridastudentfinancialaids.org.

Scholarships

The Pensacola State College Scholarship Program recognizes both academic performance and financial need when awarding scholarships. Many criteria are used to select scholarship recipients. Among these criteria are grade point average, leadership qualities, contributions to school or community, visual and performing arts achievement, athletic ability, and other academic activities. This information is provided by new students during the application process and updated by returning students who apply on their annual application. (See the Scholarship Application Form section.)

The Florida Legislature requires all students receiving a need-based scholarship to also have their financial need assessed by a nationally recognized needs analysis. The Free Application for Federal Student Aid (FAFSA) is the approved needs determination process in Florida. The FAFSA is available online at www.studentaid.ed.gov. Students must submit an error-free FAFSA application and complete verification, if selected. The student must input Pensacola State College's school code 001513 as one of their college choices on the FAFSA. (See Financial Aid.) For detailed information regarding eligibility, selection criteria, and application procedures, refer to the link on the College website.

Online Scholarship Application

To be considered for scholarships, students must:

1. Complete a Pensacola State College application for admission and pay the \$30 application fee;
2. Submit a completed online Pensacola State College scholarship application (https://pensacolastate.scholarships.ngwebsolutions.com/scholarx_studentportal.aspx) each academic year, by the deadlines listed on the website at <https://www.pensacolastate.edu/financial-aid/#scholarships-001513>; and
3. Check PirateMail regularly for information related to scholarship awarding.

Additional Information

For additional information about scholarship availability, specific eligibility requirements, or transfer scholarships, contact the district Financial Aid, Veteran Services, Scholarships Office at (850) 484-1680 or review the information on the Financial Aid, Veteran Services, and Scholarships website at <http://www.pensacolastate.edu/financial-aid/>.

Student Employment

Federal Work Study (FWS)

FWS awards are made to eligible students who submit an online Work Study application and indicate on their FAFSA that they desire employment from this program. The Free Application for Federal Student Aid (FAFSA) must be filed error-free by the student though they do not have to be eligible for the PELL Grant. Awards are based on the date the financial aid file is completed and on available positions. The College Student Job Services Office assists students with online job applications and placement. For current information log on to the College website at www.pensacolastate.edu/services/sjs.asp. Eligible students are paid the current Florida minimum wage rate. Students are scheduled to work twenty hours (20) per week based on the average award. Students must enroll for a minimum of six (6)

credits all of which must be required for their primary degree program and demonstrate financial need. Students must maintain a 2.0 program grade point average with Satisfactory Academic Progress (SAP). Priority is given to returning FWS students who remain eligible.

Florida Work Experience Program (FWEP)

FWEP is a need-based State of Florida program providing Florida resident eligible students work experiences to complement and reinforce their education and career goals. Eligible students are paid the current Florida minimum wage rate. The student must submit a Work Study online application at www.pensacolastate.edu/services/sjs.asp. Students selected are scheduled by Student Job Services to work twenty (20) hours per week based on the average award. The Free Application for Federal Student Aid (FAFSA) must be filed error-free by the student though they do not have to be eligible for the PELL Grant. Awards are based on the date the financial aid file is completed and on available positions. Students must enroll for a minimum of six (6) credits all of which must be required for their primary degree program and demonstrate financial need. Eligible students must maintain a 2.0 grade point average with Satisfactory Academic Progress (SAP). Renewal eligibility is determined at the end of the award year by the Florida State Office of Student Financial Assistance and the College. The State of Florida limits the allocation of FWEP funding for each college.

Title IV Federal Student Aid Repayment Policy Effective Fall 2000

This policy affects ALL students who receive Title IV Student Aid including:

1. Federal PELL Grants;
2. Federal Supplemental Educational Opportunity Grants (FSEOG); and
3. William D. Ford Federal Direct Loans (FDLP).

Federal Law states that federal student aid is to be awarded under the assumption students will attend school for the entire term (payment period).

Students who withdraw from all courses prior to completing more than 60% of the payment period or stop attending must have their aid eligibility recalculated based on the percent of the payment period completed. This recalculation may result in the student having to repay the federal government a percentage of the federal aid received. Students who withdraw from all courses and have future starting courses within the same term (payment period) for which they have not yet had the opportunity to begin attendance must affirm in writing to the College that they plan on beginning attendance in later starting course(s) within fourteen (14) days of stopping all current attendance.

Pensacola State College is required to share in this repayment responsibility for the courses that the student began attending. The student will have to repay Pensacola State College the debt resulting from the student's failure to earn the aid awarded by the due date. Unpaid debts will result in an overpayment of aid being reported to USDOE. Until both the debt to the College and the debt to the USDOE are repaid by the student no College transcript will be released, no additional enrollment will be processed, and no institutional, federal or state aid may be awarded or disbursed to the student.

Students must pay the debt in full prior to future enrollment at Pensacola State College. Students will also lose their federal aid eligibility until they either repay the portion owed to the federal government or make repayment arrangements with the USDOE. All costs of collection including reasonable attorney fees will be the responsibility of the student.

Title IV recalculation is the law, there are no appeals.

If you have questions concerning this federal law, contact the Financial Aid, Veteran Services and Scholarships Office.

Pensacola Campus	(850) 484-1680
Milton Campus	(850) 484-4446
Warrington Campus	(850) 484-2385

REGISTRATION

General Registration Information

Registration is required before a student can attend classes. Registration will be held several times during the year, and registration dates and times will be posted to the college website at www.pensacolastate.edu.

A new degree-seeking student must meet placement testing requirements or declare eligibility for the exemption prior to registration. Refer to Placement Testing and Developmental Studies under Testing and Assessment and Entry-level Testing. Orientation will be scheduled after testing or can be scheduled through an advising office on any campus. Orientation is also available online, and information regarding the online orientation process may be obtained in an advising office on any campus or center.

A student must be officially registered, including payment of fees, before attending any class.

Web Registration

Online registration through Spyglass at www.pensacolastate.edu is available to all students provided admission has been finalized and no obligations to the College exist.

Campus Registration

A student may register in person at any registration office or through an advisor or program manager. Registration dates and times will be posted on the college website at www.pensacolastate.edu.

Late Registration

Late registration begins on the first day of classes, and a student will be assessed a \$25 late registration fee.

Prior to registering for classes, the student is responsible to go online to www.pensacolastate.edu, logon to their Spyglass account, and view their Degree Audit. To be eligible to use federal or state aid for which they may otherwise be eligible, the student should register only in courses as indicated on the Degree Audit that count toward fulfilling the requirements for graduation in their declared program of study. When registering for courses, the student should consult the *College Catalog* page for the program of study to see information regarding proper course sequencing. For Direct Loan eligibility, the student must be registered in at minimum six credits in courses required for their primary program of study. Students on an approved appeal (Financial Aid Probation) must follow the written conditions concerning their enrollment in order to be eligible for their reinstated federal aid. Federal and state financial aid may be awarded to students who meet these enrollment requirements.

Credits

Withdrawal or Change to Non-Credit

A student may choose to withdraw from a class or request a change to non-credit through the 70th percent point of the class. The last date to withdraw from a class will be published in the academic calendar in this *College Catalog* and on the Pensacola State College website. Financial aid recipients should discuss their intended withdrawals with a representative in the Financial Aid Office.

Veteran benefit students should discuss their intended withdrawals with a member of the Veteran Services Office.

A student must process an official withdrawal from any class and should not expect the faculty member to process a withdrawal for them. A student is encouraged to discuss any withdrawal with the instructor prior to withdrawing. Ceasing attendance does not guarantee a withdrawal. A student can be assured of receiving a grade of W only when the official withdrawal is processed. A withdrawal cannot be processed through Spyglass; a student must begin the official withdrawal process with an advisor on any campus or center. A student unable to visit an advisor for the official withdrawal process should send a PirateMail to their advisor of choice or the Registrar.

After the 70th percent point of the course, a student may not withdraw from a class and a faculty member cannot withdraw a student from a class. A grade of F (or N for college preparatory/developmental courses) will be assigned.

The College may withdraw a student for excessive absences, failure to pay fees, failure to meet conditions of admission, or for violations of the Pensacola State College Code of Conduct. A student who has been withdrawn for excessive absences may discuss reinstatement with the faculty member. A student who has been withdrawn for non-payment of fees may seek reinstatement after satisfying the financial obligation.

A student is permitted two attempts of any course. A student will not be permitted to withdraw from the third attempt of a course and will receive a grade for the course. If a student in a third attempt stops attending, the instructor must assign an F.

No-Show Withdrawal

A student who does not attend class during the first week will be withdrawn, and a grade of W will appear on the student's record. Refer to No-Show Procedure for First Week of Classes in the Attendance Policy.

Early F Grade

A student will be assigned an Early F grade if he or she stops attending a class after the withdrawal deadline, stops attending a class in which the faculty member does not process withdrawals, or stops attending a course being attempted for the third time.

Audit and Non-Credit Status

The fees paid to audit a course or to take a course for no credit are the same as to take the course for a grade.

Audit

A student may register in a class on an audit basis by completing the appropriate audit form in a registration office. A student may change to the audit status no later than the last day of the schedule adjustment period. A change from audit to credit is not permitted after the end of the schedule adjustment period. College preparatory or developmental courses cannot be audited.

Class examinations are not required for lecture-based courses; however, laboratory and clinical courses may require successful completion examinations. Regular class attendance is encouraged. A student auditing a class will not receive a letter grade (A through F). A mark of X will appear on the student's transcript indicating that the course was taken for audit. Audit courses will not affect the grade point average. Courses taken on an audit basis will not be counted when determining eligibility for veteran benefits, financial aid, or certification of enrollment to outside agencies.

Non-Credit

A student may change to a non-credit status after the registration period but prior to the last date to withdraw (the 70th percent point of the course). A change from non-credit to credit is not permitted. Tests or examinations are not required for the non-credit student; however, regular attendance is encouraged. Courses

taken for non-credit are not included in the calculation of the grade point average but are included in determination of academic progress. In determining academic standing, a course taken for non-credit is considered to be an attempted course that has not been completed. Courses taken for non-credit will not be counted when determining eligibility for veteran benefits, financial aid, or certification of enrollment to outside agencies.

Pass/Fail Option

A student may choose to enroll in a course using the Pass/Fail option. Students passing the course will receive a grade of P and will earn credit for the course with no effect on the grade point average. Students not passing the course will receive a grade of F, and the F grade will be calculated for GPA purposes. In both cases, the grade and credits for courses taken by the Pass/Fail option will be used in determining academic standing. See Standards of Academic Progress.

The Pass/Fail option is not available for courses classified as general education even if the course is not being taken to meet general education requirements. Some program core courses cannot be taken using the Pass/Fail option.

A transient student should consult an advisor at his/her primary institution before electing the Pass/Fail option in a course to be transferred to that institution.

The Pass/Fail option is not available for students enrolling in baccalaureate courses.

A student wishing to take a course using the Pass/Fail option must declare their intent before the end of the schedule adjustment period by completing the appropriate form at any registration office. Students may not change from the Pass/Fail option to a grade-seeking status after the end of the schedule adjustment period. The normal rules for repeating courses will apply to courses completed by the Pass/Fail option. Students earning a P in a course may not repeat the course for a letter grade.

A student enrolled in associate degree or certificate programs may choose to take up to three elective credits by the Pass/Fail option. These credits will be exclusive of any transfer credits or external credits. Students may choose to take additional courses using the Pass/Fail option, but any credits beyond the three credit maximum may not be used to meet graduation requirements.

Non-Traditional Credit (External Credit)

A student enrolled in an associate degree or certificate program may request to take up to three elective credits by the Pass/Fail option. These credits will be exclusive of any transfer credits or external credits. A student may choose to take additional courses using the Pass/Fail option, but any credits beyond the three credit maximum may not be used to meet graduation requirements.

A student may use credits earned through non-traditional learning experiences toward most degree programs offered by the College. The maximum number of non-traditional credits that may be counted toward graduation depends upon the particular program of study and the type of non-traditional credit. In all cases, no more than 15 credit hours earned through non-traditional means may be counted toward the general education requirements of the Associate in Arts degree. In all cases, no more than nine credit hours earned through non-traditional means may be counted toward the general education requirements of the associate in science degree.

Non-traditional credit earned will not appear on an official Pensacola State College transcript until a minimum of 15 credit hours of Pensacola State College course work has been earned. A student receiving financial aid should consult with a representative in the Financial Aid Office regarding non-traditional credit as it pertains to eligibility for financial assistance. A student receiving veteran benefits should consult with a representative of the Veteran Services Office regarding non-traditional credit as it pertains to

benefit eligibility. Credit hours earned through non-traditional means will not be posted to the record with a letter grade. No quality points are attached to the course and the credits neither improve nor decrease the cumulative grade point average.

Departmental Exemption Exams

A student may challenge the content of certain courses and earn credit upon the successful completion of a departmental proficiency examination. A student must follow the procedure below.

1. Obtain approval from the appropriate department head, the Registrar, or a designee, and pay the predetermined exemption examination fee at any cashier's office. Registration in the course is not required. The exam fee is non-refundable. A student who is not registered in the course may take the departmental exemption exam at any time.
2. Obtain approval from the appropriate department head and the Registrar and pay the exam fee if a student registers for the course. The examination must be taken no later than the end of the third week of a class for a fall or spring term and no later than the second week of class for a summer term. If a student passes the examination, registration in the course will be cancelled, and the student will receive a refund of fees paid for the course. The exam fee is non-refundable.
3. The student must be currently enrolled in a credit course at the College other than the one being challenged or must have completed prior credit coursework at Pensacola State College.
4. The student must not have taken the exemption examination for the course at any previous time.
5. The student must not have earned a grade in the course through work at Pensacola State College or through transfer credit. A student may not use the exemption examination option to raise a grade of D or F.

Military Credit

Active duty service members and retired military personnel may request a review of military experiences for possible credit. An official copy of military service school training should be submitted to the Registrar's Office for possible credit. Credits for military experiences will be granted according to the recommendations of the American Council on Education (ACE) as published in the latest editions of *The Guide to the Evaluation of Education in the Armed Services*. Information regarding points of contact are provided in the table below.

Branch of Military	Contact for Documentation
Navy	https://jst.doded.mil
Marine Corps	https://jst.doded.mil
Army	https://jst.doded.mil
Air Force	Community College of the Air Force at www.airuniversity.af.edu/Barnes/CCAF/Display/Article/803247/community-college-of-the-air-force-transcripts/
Reservists and National Guard	Contact the Military Education Officer for the DD295; the DD295 must be certified by an authorized commissioned officer and sent directly to the Pensacola State College Records Office.
Retired Military	Copies of the retired service member's DD214 will be accepted.

Advanced Placement (AP)

Credit is awarded to a student who has earned a score of 3 or higher on a high school AP exam after completion of an AP course. The State Department of Education determines credit awarded. Official score reports are to be sent to the Admissions and Records Office directly from College Board.

College Level Examination Program (CLEP)

CLEP exams are administered to anyone who wishes to document knowledge in a specific subject area. Those who wish to register for CLEP exams should contact the Pensacola Campus Test Center for dates and costs. The State Department of Education determines credit awarded. Official score reports are to be sent to the Admissions and Records Office.

International Baccalaureate (IB)

Credit is awarded to a student who has completed courses in an International Baccalaureate (IB) program in high school. The State Department of Education determines credit. Official copies of the score report should be sent directly to the Records Office from the high school at which the student completed or attended the IB program.

Defense Activity for Non-Traditional Education Support (DANTES)

DANTES exams are administered to military personnel to document educational achievement. Test results must be sent directly to the College from DANTES. The State Department of Education determines credit awarded.

STUDENT RECORDS

Access to Student Records

The Admissions and Records Office is a single office at Pensacola State College and is located on the Pensacola Campus. All permanent, official, and final records of students are housed in and released by this office. Student records are maintained in a fire protected vault and in electronic computer files. Information is released only upon the written request of the student in accordance with federal laws. Additional details on student records, the procedures for accessing records, appealing record contents, and receiving restricted records, and other rights of the Family Educational Rights and Privacy Act of 1974 (FERPA) are available from the College Registrar.

Parents' Rights to Student Information

When a dependent student enters a post-secondary institution, the privacy/confidentiality rights transfer from the parent to the student. The Family Educational Rights and Privacy Act (FERPA) permits the release of information, other than Directory Information, to parents and legal guardians of dependent students. Pensacola State College will release information to an eligible parent or legal guardian in accordance with the specifications in FERPA and under the following circumstances:

The student is a dependent according to the Federal Internal Revenue Code.

The parent or legal guardian signs an affidavit, under penalty of perjury, indicating his or her status as the parent or legal guardian of a student who is eligible to be claimed as a dependent for IRS purposes. The affidavit may be obtained in any registration office and must be notarized.

The notarized statement described above will be filed in the student's permanent record, a copy will be provided to the parent, and the affidavit will remain effective for the tax year in which it was submitted.

In situations where the parent or legal guardian is asking for specific information known only by the instructor of a class in which the student is enrolled, the parent or legal guardian will complete the affidavit and will be provided a copy of the affidavit to present to the instructor for a scheduled conference. FERPA prohibits discussion by telephone or through email with anyone other than the student.

Pensacola State College may request documentation to substantiate the claim to eligibility for the confidential student information.

Challenge of the Content of the Student Record

Students have the right to challenge the content of their student record if they believe the information is misleading, inaccurate, or otherwise in violation of other rights. Disputes are handled through informal meetings between the students and the Vice President, Academic and Student Affairs. If the dispute cannot be resolved informally, the student has the right to a formal hearing before the nonacademic appeals committee.

Public Directory Information

Prior consent of the student is not required for disclosure of portions of the educational record defined by the College as Directory Information. Pensacola State College includes the following as Directory Information:

- Whether or not the student is currently enrolled;
- Dates of registered attendance;
- Degree(s) earned, date, major or field of concentration, and honors received;
- Participation in officially recognized activities and sports; and
- Weight and height of members of athletic teams.

Directory Information may be released by or published by the College without prior written consent of the student unless the student submits a formal request to withhold the release of Directory Information.

Request for Confidential Status of Directory Information

A student may request that no information, including Directory Information, be released except as required by law. The student must complete the Request for Confidential Status of Directory Information form available in the Admissions and Records Office or any Student Services Office. A student's request to prevent the release of any information will result in preventing the publication of all items including graduation, honors, and awards. Further,

queries to the College by prospective employers regarding dates of enrollment and graduation information will not be answered. Students are encouraged to contact the Admissions and Records Office with any concerns about confidentiality of records and release of information. The Request for Confidential Status of Directory Information will not prevent the release of information to an eligible parent or legal guardian, and subpoenas will be honored regardless of the request for confidential status.

FERPA

The disclosure of student information is governed by the policies of the Pensacola State College Board of Trustees and the Florida Department of Education within the parameters established by state and federal laws, including the Family Educational Rights and Privacy Act of 1974 (FERPA).

The written consent of the student is required for the disclosure or publication of any information that is personally identifiable of the student and part of the educational record. Certain exceptions, both in types of information that can be disclosed and in access to that information, are allowed by FERPA.

Subject to statutory conditions and limitations, prior consent of the student is not required for disclosure of information in the educational record to or for the following:

Officials of the College with a legitimate educational interest
State and Federal departments of education (DOE) as required for reporting and tracking of students;

Certain government agencies;

Accrediting organizations;

Certain financial aid matters;

Certain research circumstances;

Health and safety emergencies;

Pursuant to order or subpoena provided the student is notified in advance of the College's compliance with the order or subpoena; and

Any situation required by law.

Transcript Requests

A transcript of a student's academic record is kept in electronic files, filed in a permanent record folder, or housed on an archival record medium in the Admissions and Records Office. Transcripts and other student record information will not be released if a student has an outstanding obligation to the College (incomplete admissions file or financial obligation). Under most circumstances, a student may obtain a copy of his or her transcript on the next business day after submitting the request. All transcripts issued to students will be stamped "issued to student." Transcripts may be requested through a student's Spyglass record at www.pensacolastate.edu. Transcripts may be requested in writing at a registration office or by mail/fax. The written request must be accompanied by photo identification.

Social Security Number Collection and Usage Notification

In compliance with s.119.071(5), F.S., Pensacola State College issues this notification regarding the purpose for the collection and use of an applicant's or a student's social security number (SSN). The SSN is collected and used only to perform the College's duties and responsibilities. To protect the identity of each student, Pensacola State College will maintain the privacy of the student's SSN and never release it to unauthorized parties in compliance with federal and state laws. The College assigns each student a unique student identification number, which is used for associated educational purposes at Pensacola State College including the access of college records.

Pensacola State College may collect and/or use a student's SSN for the following purposes:

1. Federal legislation relating to the Hope Tax Credit requires that all postsecondary institutions report student SSNs to the Internal Revenue Service (IRS). This IRS requirement makes it necessary for Pensacola State College to collect the SSN of every student. A student may refuse to disclose his or her SSN for this purpose, but he or she may be subject to IRS penalties.
2. The Florida public school system (K-12) uses the SSN as a student identifier. It is beneficial to have access to the same information for purposes of tracking and assisting students in the transition from one educational level to the next, linking all levels of the state education system. The intent is to establish a comprehensive management database of information which will co-reside with the Division of Public Schools Information Database and the State University System Database to provide integrated information at the state level for educational decision making.
3. SSNs appear on official transcripts and are used for business purposes in accordance with parameters outlined by the United States Department of Education.

Federal and State Regulations

1. Tracking uses are authorized by 6A-10955(3)(c), F.A.C.; s. 1008.386, F.S., and the General Education Provisions Act (20 USC 1221(c-1)).
2. Hope/Lifetime Tax Credit uses are authorized by 26 USC 6050S and Federal Register, June 16, 2000/IRC Section 25A.
3. Registration uses are authorized by s. 119.071(5), F.S.
4. Issuance of Form 1098T for tuition payment reports are authorized by 26 UWSC 3402, 6051.

Enrollment Certification

Go to www.pensacolastate.edu. Click on the Spyglass icon on the landing page. Choose Enrollment Verification from the available menu buttons. Complete the online form and print the document you need from your own computer. The certification request may be used to provide information to outside agencies to verify your enrollment status, your anticipated graduation, your grade point average, and other items from your education record. The outside agencies normally requiring this type of information include potential employers, the Social Security Administration, automobile and health insurance companies, branches of the military for identification card purposes, etc.

If you need any information that is not provided through the online form, please visit the Admissions and Records Office or Student Services Office on any campus or center.

Solomon Amendment (Information Provided to Military Recruiters)

If student recruiting information is requested by any branch of the armed services, the Solomon Amendment to the Family Education Rights and Privacy Act (FERPA) requires institutions to provide the information on currently enrolled students who are at least seventeen years of age. The information may be requested by any branch of the armed services no more than once per term.

Student recruiting information is defined by federal law as student name, address, telephone number(s), age or date of birth, birth place, class level, degrees received, major, and most recent educational institution attended. Students who do not wish recruiting information to be released to military recruiters may file the Request for Confidential Status of Directory Information.

TESTING AND ASSESSMENT

The Testing and Assessment Center administers a wide range of campus, state, and national examinations used in student advising, course placement, research, certification, licensing, and awarding of college credits. The Testing and Assessment Center is located in the Student Services Building, Building 6, on the Pensacola Campus. Testing services are also available in the Student Services offices on the Milton Campus, Warrington Campus, Century Center, and South Santa Rosa Center.

For questions about testing services on various campuses, call:

Pensacola Campus	(850) 484-1656	Building 6, Room 635
Milton Campus	(850) 484-4410	Building, 4200
Warrington Campus	(850) 484-1076	Building 3300
South Santa Rosa Center	(850) 471-4630	Building 51
Century Center	(850) 471-4622	Building CC

Placement Testing and Developmental Education

Pensacola State College offers the Post-Secondary Education Readiness Test (PERT) to determine placement into college-level courses.

College Level Examination Program (CLEP)

The College Level Examination Program (CLEP) is a nationally developed program for credit-by-examination. Credit may be granted for scores meeting the established criterion score on approved tests. Examination fees are established by the College Board. CLEP application information is available in the College Testing and Assessment Center on the Pensacola Campus. A student should consult with an advisor regarding his or her education plan prior to taking a CLEP examination. Credit awarded for the CLEP test is determined by the State Board of Education.

ACT and SAT

Pensacola State College administers the ACT and SAT on national test dates. Information about ACT or SAT exams registration, test dates, fees, may be obtained on the following websites:

ACT: www.actstudent.org; and

SAT: www.collegeboard.com

Information may be obtained from the Testing and Assessment Center, Building 6, Pensacola Campus or from Student Services offices on any campus or center. A prospective student may obtain application packets from area school guidance offices.

A prospective student is encouraged to take the ACT or SAT examination and have the scores forwarded to Pensacola State College. ACT and SAT scores, if appropriate, will be recognized for placement purposes.

Test of Adult Basic Education (TABE)

Pensacola State College offers the Test of Adult Basic Education (TABE) to determine skills assessment for participation in some Career Certificate programs.

After the successful completion and submission of the College admission application, a student or active duty service member is encouraged to meet with an advisor to determine eligibility for testing exemption and discuss the process for opting out of testing and developmental education.

A student who meets the Developmental Education Exemption requirements (See Placement Testing and Developmental Education) is exempt from TABE requirements for the certificate programs. Also, a student who has earned an associate degree or higher is exempt from TABE requirements. In addition, a student who passes a state or national industry certification exam or licensure examination that is listed on The Basic Skills Licensure Exemption List is exempt from the TABE requirements. Finally, a student who has 2014 GED passing scores less than 2 years old in Reasoning through Language Arts and Mathematical Reasoning is considered to have met the TABE requirement.

The TABE assessment is conducted within the first 6-weeks of enrollment at a campus or center. A student must meet the required skill levels in mathematics and communications before completion of the career certificate program in which he or she is enrolled. A student should contact the program director or department head for additional information about the requirements.

Industry Certification Testing

Some Pensacola State College programs recommend that a student pursue industry certification testing. Information about available tests for industry certification may be obtained at the Testing and Assessment Center, Building 6, on the Pensacola Campus.

More detailed information about additional Testing offered may be found on the Pensacola State College Testing and Assessment website at www.pensacolastate.edu/current-students/student-services/testing-center/.

Testing Exemption

A student may be exempt from the required placement testing and developmental education. Per state rule, a Florida public high school student who entered Grade 9 in the Florida public school system in the 2003-2004 academic year or later and earned the Florida Standard High School Diploma, shall not be required to take the common placement test and shall not be required to enroll in developmental education instruction in a Florida College System institution. Additionally, any active duty military service member shall not be required to take the common placement test and shall not be required to enroll in developmental education. After the successful completion and submission of the college admission application, a student or active duty service member is encouraged to meet with an advisor to determine eligibility for testing exemption and discuss the process for opting out of testing and developmental education.

A student who is not exempt from placement testing and who wishes to enroll in college credit English or mathematics courses must satisfy placement requirements through testing. The following tests meet the State of Florida's Placement requirements and any of these scores are accepted for placement at Pensacola State College if they are less than two years old: ACT, SAT, CPT, or Postsecondary Education Readiness Test (PERT).

Transfer students may satisfy placement testing requirements through prior coursework or successful completion of an acceptable placement exam.

Special Students and Non-Degree Seeking Students are subject to placement testing requirements if enrolling in writing emphasis or mathematics courses.

A student whose placement scores indicate a need for skill review should enroll in developmental education courses in the first term of enrollment. A student with test results indicating the need for two or more developmental education courses should also enroll in SLS 1101 (College Success) even if this course does not satisfy a requirement for the intended degree. A student who tests into developmental education courses is required to enroll in these courses by the time they have attempted 12 credit hours. A student must maintain continuous enrollment in at least one

developmental course each term until the requirements are completed. A student may take other credit courses along with the developmental education course as long as the developmental education course is not a prerequisite for the credit course. For additional information, please contact an advisor.

General Education Development (GED) Test

The 2014 GED test is administered on computer throughout the year at the Testing and Assessment Center on the Pensacola campus and at the Century Center. Information about registration, test dates, fees, etc., may be obtained on the following website: www.ged.com. Additional information may be obtained from the Testing and Assessment Center, Building 6, on the Pensacola Campus.

TRANSFER OF CREDIT

Transfer to PSC

All credits attempted at the freshman and sophomore levels at regionally accredited institutions will be recorded as transfer credits. An accepted transfer course satisfies general education requirements for the associate degrees only if the course is essentially the same as a corresponding Pensacola State College course. Final determination of transfer credits and course equivalency is made by the College Registrar. The evaluation process is normally completed within six (6) weeks of all college transcripts being received, and the student will be notified by PirateMail when the evaluation is complete. Credits accepted and the manner in which those credits meet degree requirements may be viewed by the student through his or her Spyglass records (unofficial transcript and degree audit). A student admitted to a baccalaureate program will have transcripts reviewed for possible transfer of junior and senior level courses. See Baccalaureate Program Admission.

Credits from Non-Regionally-Accredited Colleges

A student who has completed course work at a college or university that does not hold accreditation from one of the six regional accrediting agencies will not be required to submit transcripts from those institutions for admission purposes. However, the transcripts may be required for the determination of financial aid eligibility. A student who wishes to pursue the awarding of transfer credit for course work completed at a non-regionally-accredited institution should consult with the Office of Admissions or an advisor regarding the procedure in place for seeking transferability of courses.

Credits from Institutions in Other Countries

A student who has completed college-level courses in another country will not be required to submit transcripts. However, if the student wishes to have credit earned in another country considered for transfer purposes, the student will be responsible for securing the evaluation services of a recognized credentials evaluation agency. Information regarding this process may be obtained in any admissions office. Pensacola State College will not be involved in the fees charged by the credentials evaluation agency.

The recommendations made by the credentials evaluation agency will be reviewed, and coursework may be accepted provided the courses are comparable to courses taught at Pensacola State College.

College credits for English composition courses will not be accepted unless the student's placement test scores indicate readiness for ENC1101C English Composition I. English courses

taught in the English as a Second Language format will not be considered equivalent to either ENC 1101C or ENC 1102.

Transfer from PSC

Transfer courses are those that are designed to transfer to other colleges and universities. The transferability of a course does not necessarily indicate that it will apply toward a specific major or degree at another college or university. Therefore, it is important for the student to consult with an advisor about the transferability and the applicability of a specific course for the student's intended major and transfer institution.

To assist a student in transferring from one college to another, most institutions of higher education in Florida are members of the Florida Common Course Numbering System. This system provides a shared, uniform set of course designations or equivalences to facilitate the transfer of credit on a statewide basis. Common Course Numbering information is found at www.flvc.org.

Advising Center

A student planning to transfer Pensacola State College coursework to another college or university should contact an Advising Center or Office of Student Services to take advantage of the resources designed specifically for the transfer student. Some of the resources available include college and university catalogs, reference books and materials, transfer manuals, transfer admissions information, and information about general education requirements and electives most suitable for the planned transfer. Every student is encouraged to take advantage of these resources throughout the time he or she is enrolled at Pensacola State College, particularly if undecided on a major or transfer institution.

Resolution of Transfer Disputes

Pensacola State College works closely with other colleges and universities to provide a smooth transfer experience for Pensacola State College students. The Transfer Services link at www.flvc.org provides procedures for the resolution of admissions and transfer difficulties. A student may contact a Pensacola State College advisor for resolution of credit or transfer difficulties.

TUITION AND FEES

Tuition and Fee Charges

Payment of Fees

Financial obligations for delinquent loans, veteran's deferments, Direct Loan deferments, returned checks, and student financial aid over awards must be repaid before students can register.

All fees on a class schedule must be paid in full by the fee payment date or enrollment in every course on the schedule will be canceled. Payment may be made by cash, check, American Express, Discover, VISA, MasterCard, or approved financial aid. If a change in the student's enrollment status results in loss of anticipated financial aid, the obligation for payment of fees remains the student's responsibility.

Application Fee / Cost Per Credit Hour

The following fees apply to students wishing to attend Pensacola State College:

Application Fee: Pensacola State College charges a one-time nonrefundable application fee of \$30.00 for Associate degrees and a one-time nonrefundable application fee of \$30.00 for Baccalaureate degrees.

Per Credit Hour 2021-2022 Academic Year

College Credit, Baccalaureate	\$120.89
College Credit, Baccalaureate 3rd attempt	\$323.89
College Credit	\$104.58
College Credit, 3rd attempt	\$307.58
Developmental Education Credit	\$104.58
Developmental Education Credit, 3rd attempt	\$307.58
Vocational Credit	\$85.74
Vocational Preparatory Credit	*30.00
Adult Basic Education, Collegiate High School, and GED	*30.00

Per Credit Hour for Alabama Residents

College Credit, Baccalaureate	\$130.89
College Credit, Baccalaureate, 3rd attempt	\$333.89
College Credit	\$114.58
College Credit, 3rd Attempt	\$317.58
Developmental Education Credit	\$114.58
Developmental Education Credit, 3rd attempt	\$317.58
Vocational Credit	\$95.74
Vocational Preparatory Credit	*30.00
Adult Basic Education, Collegiate High School, and GED	*30.00

Per Credit Hour for Non-Florida Residents

College Credit, Baccalaureate	\$486.49
College Credit	\$419.76
Developmental Education Credit	\$419.76
Vocational Credit	\$342.94

Vocational Preparatory Credit	*30.00
Adult Basic Education, Collegiate High School, and GED	*30.00

*One time charge per term.

Cost of Attendance

The cost of attendance for nine (9) months is an average budget calculated by the Office of Financial Aid/Veteran Services/Scholarships. The following direct and indirect expenses, as permitted by federal regulations, are taken into consideration when establishing the COA:

1. Average tuition and fee charges for a full-time student based on the student's educational objective (BAS/BSN/AA/AS or Certificate) and residency status;
2. Average required book, supply, and equipment expenses;
3. Average room and board based on whether or not the student lives with parent(s);
4. Average transportation expense to and from school; and
5. Reasonable miscellaneous personal expenses.

Special Fees

Returned check charge	\$20.00
-----------------------	---------

This will be assessed for each check returned to the College by the depository bank as being uncollectible.

Application fee	\$30.00
-----------------	---------

Service charge on Pensacola State College short-term student loans	\$5.00
--	--------

Testing	As applicable
---------	---------------

Departmental exemption exam	\$40.00
-----------------------------	---------

Late registration fee	\$25.00
-----------------------	---------

This fee will be assessed to those students initiating registration for developmental level courses, vocational preparatory, college credit, or vocational credit courses following the close of the regular registration period.

Parking decal	No student cost
---------------	-----------------

Prior learning assessment	\$40.00
---------------------------	---------

Lab fees	As applicable
----------	---------------

Duplicate diploma (per copy)	\$10.00
------------------------------	---------

Distance Learning Fee	\$8.33 per credit hour
-----------------------	------------------------

Alternative Loan Options

Pensacola State College Short Term Loans

In addition to Federal and State aid programs, Pensacola State College offers limited assistance from a Short-Term Loan Program to assist with registration fees. The student must be eighteen years of age, have at least a 2.0 cumulative GPA, maintain satisfactory progress, have no financial obligations to the College, not owe a repayment on a federal grant, and not have a defaulted federal student loan. The maximum amount of loan available is \$700 and is limited to no more than 75% of the cost of tuition for each course. This program does not require a completed FAFSA to be filed. Students can request the Short Term Loan via Spyglass.

Tuition Installment Plan

To assist the student to meet his or her educational expenses, Pensacola State College provides the Tuition Installment Plan (TIP) for college credit students. There is a non-refundable enrollment fee and required down-payment due at the time of agreement. Students can request the Tuition Installment Plan via Spyglass/Pay Fees.

Private Education Loans

The College does not certify private education loans.

Payment Deadlines

All fees on a class schedule must be paid in full by the fee payment date or enrollment in every course on the schedule will be canceled. Any classes for sessions A/B/C/D registered for after the due date for each session must be paid on the date of registration.

Payment Refunds

Payment for tuition and fees can be made online via Spyglass or in the Cashier's Office at one of the three campuses near you.

1. Refunds result from classes dropped by the student prior to the end of the published schedule adjustment period (drop and add period) and for classes which are canceled by the College. **A FULL REFUND OF FEES PAID WILL BE GIVEN IF PROPER PROCEDURES FOR DROPPING A CLASS ARE FOLLOWED.** Please visit www.pensacolastate.edu/documents/refund-request-form/ for drop with refund procedures.
2. A drop is different from a withdrawal. A drop will result in the elimination of the dropped class(es) from the student's permanent record (transcript). A dropped class does not affect the student's academic standing. A withdrawal will result in a letter grade of "W" in each class from which the student withdraws or is withdrawn. Withdrawals are included in the calculation of a student's academic standing.
3. The current Pensacola State College Course Schedule Booklet contains information regarding policies and procedures related to refunds for non-credit classes offered through the Center for Corporate and Professional Development Training which can be found online at www.pensacolastate.edu/continuingeducation.
4. Refunds are processed to Bank Mobile within two weeks after the end of the published schedule adjustment period each term. Refunds of \$5 or less will not be processed unless specifically requested by the student.
5. Exceptions to this refund policy may be authorized by the President or designee when extenuating circumstances support an exception to the refund policy.

Employer or Third-Party Sponsor

All source documents from the employer or third-party sponsor (on company letterhead) must be submitted to the Cashier's Office or email to cashier@pensacolastate.edu for paying tuition/fees or books/supplies.

Textbook Affordability

Cost of Books and Supplies

Textbooks, workbooks, and necessary school supplies may be purchased at the College bookstores or online. Cost of these items varies with the program of the student. Some programs require the student to purchase additional materials. A large supply of used books is also available at a discount at the College bookstores located on all three campuses. When available, books may also be rented through the College bookstore. For more bookstore information, please visit www.pensacolastate.edu/current-students/bookstore/.

Delinquent Financial Obligations / Returned Checks

Grades, transcripts, and other student records will not be released to those students who owe parking fines or library fines. Payments on library fines are collected at the Library. Payments on parking fines are collected at the Cashier's Office.

Students with delinquent financial obligations, including loans, veteran deferments, Federal Direct Loan deferments, returned checks, and student financial aid over awards will not be allowed to register, to obtain transcripts, or other student records until all obligations have been satisfied. All costs and expenses, including reasonable attorney fees, incurred by the College in collecting the debt are the responsibility of the student.

Students who have defaulted on a Federal student loan are not eligible for further federal or state financial aid nor may their college transcripts be released until such time as the student makes documented satisfactory repayment arrangements.

It is a violation of Florida law to give a worthless check or to stop payment on a check given to satisfy a valid obligation. It is not acceptable for students to stop payment on a check in order to drop classes. Students must follow proper procedures to drop classes for a refund. Students who do not pay for checks returned as uncollectible will be administratively withdrawn from all classes; withdrawal does not relieve the student of responsibility for payment of the obligation. Students may apply for reinstatement after the obligation has been satisfied. Students who give uncollectible checks are subject to prosecution by the College to the fullest extent provided by law. All costs and expenses, including reasonable attorney fees, incurred by the College in collecting the debt are the responsibility of the student.

VETERAN SERVICES

Pensacola State College has served veterans and their families since 1948. The Veteran Services Office (VSO), located in Building 6 on the Pensacola Campus, assists students with Department of Veteran Affairs (DVA) and the college VSO procedures. Veteran Services is part of the Student Financial Services Division of the College. The VSO assists a student with his or her DVA education claims and is responsible for meeting all institutional reporting requirements mandated by DVA regulations. A student using Veteran Benefits is required to follow both the academic policies and procedures for obtaining a degree or certificate at Pensacola State College and adhere to DVA policies and procedures. DVA determines the education benefits and amount to be paid to the eligible student. Both the College and the student must abide by DVA regulations. The College VSO is a service of Pensacola State College and not an affiliate of the United States Department of

Veterans Affairs (DVA). Information for students receiving DVA benefits is found in this *College Catalog* and on the website at www.pensacolastate.edu/current-students/student-services/veterans/. Resources are also available in the VSO. Pensacola State College VSO is committed to providing resources online for students, limited and protected by concerns for privacy and security. A student should frequently consult the DVA website at www.va.gov for updates.

GI Bill® is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government website at www.benefits.va.gov/gibill.

Advanced Payment (Chapter 30, 35, and 1606 only)

A new student or one who has not received VA education benefits from any school within 30 days of the start of the term may apply for a one month of advance payment of his or her eligible education benefit. The properly completed application and certified documentation must be received by the DVA Regional Office no earlier than 120 days and no later than 30 days before the first day of class. A student should allow an average of four to six weeks after the VSO submits enrollment certification for receipt of his or her first direct deposit of DVA education benefits. Visit www.pensacolastate.edu/current-students/student-services/veterans for more current information.

Application

A student anticipating the use of DVA education benefits for enrollment at Pensacola State College must submit his or her applications using the following website: www.va.gov/education/how-to-apply/.

Any student who has previously attended training or education after high school (including military education/training) is required by the DVA to have his or her training evaluated for applicable credit to programs of study, regardless of whether or not DVA assistance was previously received. The credit evaluation is processed by the Registrar's Office. Credits may then be applied toward the student's degree program at Pensacola State College. A copy of all DD-214's or Military Training Transcripts (Joint Services Transcript for Army, Navy and Marines; CCAF for Air Force) and official school transcripts must be submitted to the Admissions and Records Office at the College for their military/educational training evaluation. The Pensacola State College VA Certification Request is available via the student Spyglass account and must be accurately completed and submitted each term in order to receive DVA benefits.

Certificate of Eligibility

Upon favorable review of a benefits application, the DVA will issue a Certificate of Eligibility directly to the student. The student **MUST** then submit a copy of the Certificate to the VSO.

Attendance Requirements

A VA student may be withdrawn by his or her instructors when absences are excessive, as defined under the Attendance Policy described in this *College Catalog*. A student must verify his or her attendance on the last day of the month to initiate the release of the monthly benefit check if using CH 30 or 1606 education benefits. To verify attendance, please use the Web Automated Verification of Enrollment (WAVE) at www.gibill.va.gov/wave/index.do or the toll-free Interactive Voice Response (IVR) telephone line at (877) 823-2378.

Calculation of Pay Rate

Pay rate classifications are set by DVA for all GI Bill® chapters. The rate calculation is based on the combination of credits enrolled and the length of the session in days of instruction. Pensacola State

College has three terms - fall, spring, and summer. Each term has four sessions, A, B, C, and D. The sessions have varied lengths. It is important to remember that term and session have different meanings and measurements. A student enrolled in 12 credit hours for Fall term, all in the A session, is FULL TIME for the term. Enrollment in two or more different sessions during the term could result in changes in the calculation of the rate of pay over the term. A student should go to www.vets.gov/gi-bill-comparison-tool- for pay rate information.

Certification

All enrolled VA students should submit a VA Certification Request via Spyglass upon completion of registration if they wish to claim DVA benefits for the upcoming term. **IMPORTANT:** Students should complete their registration and the necessary steps for certification as early as possible to ensure quick processing and DVA payment.

Communications

Official communications between Pensacola State College and a student is through PirateMail. It is the student's responsibility to regularly monitor this account. A student should submit correspondence to the VSO using veterans@pensacolastate.edu. The student's name, Pensacola State College Student ID number, and chapter of VA benefits should always be included.

Cooperative (CO-OP) Training

Co-op training is approved for DVA benefits if the course is required in a student's program and meets DVA regulations for certification purposes. If the co-op course is verifiable and the student would like to receive DVA benefits, the Statement of Election form must be completed before the co-op course can be certified to the DVA. Contact the VSO to ensure the course is certifiable and to obtain the necessary paperwork.

Courses for Which the VA Will Not Pay

Any course that cannot be applied toward fulfilling graduation requirements in a student's DVA approved degree program at Pensacola State College cannot be certified to the DVA for benefit payments. The following list reflects other types of non-pay courses but is not all inclusive.

1. Repeated courses which have been successfully completed with a grade of D or better, unless the course is being repeated in accordance with the Gordon Rule or Pensacola State College graduation requirements. This includes courses transferred in whether DVA benefits were received or not.
2. Courses not listed under a student's DVA approved degree program; unless the course is a pre-requisite or co-requisite listed under the course descriptions, or a course substitution, processed and approved before the term begins. A student should follow the Pensacola State College program verified as the one under which the student plans to graduate.
3. Courses offered as open entry/open exit.
4. Courses considered excessive electives. This includes credit received for prior training that will count toward an elective requirement whether DVA benefits were received or not.
5. Remedial courses which are not required by placement test scores or under Florida state laws.
6. Courses taken to fulfill requirements at another institution unless an approved transient authorization is received.
7. Courses taken as audit, non-credit, CLEP, or exemption.
8. Any course in which a student's final permanent grade is non-punitive in nature, for example a W grade, unless DVA finds the student received the grade due to mitigating circumstances. See Grades Table.
9. Courses offered as independent study in a certificate program.

Deferment

Florida law provides for one deferment of tuition and fees (not including books) per academic year for a student receiving DVA benefits. The deferment is a legal promissory note between Pensacola State College and the student; therefore, the student is responsible for making full payment by the due date. All costs of collection including reasonable attorney fees will be the responsibility of the student. The student's obligation to pay is not contingent on the student first receiving his or her DVA payment. This is an online process available via the veteran's Spyglass login for returning students in good standing academically with the College. Consult with the VSO staff for complete eligibility requirements and proper ID documents. Students receiving CH 33 benefits should review the Post 9/11 section for additional information.

In accordance with Title 38 US Code Section 3679 subsection (e), Pensacola State College adopted the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation & Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent the student's enrollment;
- Assess a late penalty fee to the student;
- Require the student to secure alternative or additional funding;
- Deny the student access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students will be required to provide the VSO with a copy of his/her VA Certification of Eligibility (COE) - A Certificate of Eligibility can also include a Statement of Benefits obtained from the U.S. Department of Veteran Affairs' (VA) website; eBenefits; or a purchase order, for Chapter 31 authorization purposes.

Dual Degree

DVA allows a student to concurrently pursue two degree programs. A student must first receive approval from Pensacola State College Registrar. Then a student must request approval through Pensacola State College VSO. The dual degree request should be submitted sixty business days prior to the start of the term dual degree enrollment is desired. If a student changes one of the dual degree programs after approval, the approval is then voided. If a student submits a certification request with other than one of the approved dual programs, that certification will not be processed. Careful review of the dual request form should be done prior to submitting the request located at www.pensacolastate.edu/current-students/student-services/veterans/.

DVA Resources

Pensacola State College VSO does NOT have access to a student's DVA pay information; therefore, a student should consult the DVA's websites: www.ebenefits.va.gov and www.benefits.va.gov/gibill/ to check on education benefits and payments. Specific questions regarding a student's education benefits and payments should be addressed directly to the DVA using the "Ask a Question" feature at the following address: gibill.custhelp.com/app/utills/login_form/redirect/ask or by calling (888) 442-4551.

DVA Vocational Rehabilitation

A student approved for DVA Vocational Rehabilitation (Chapter 31) is eligible to charge tuition, fees, books, and supplies as approved by his or her DVA case manager and as allowed by DVA regulations. The College VSO must receive an authorized DVA

Form 28-1905 from the case manager before charges can be made. Please allow at least five (5) business days for changes to be made. For additional information email veterans@pensacolastate.edu.

Educational Objective

In order to receive DVA Educational Assistance, a student must be pursuing an approved BAS, BSN, AA, AS, ATD, or certificate at Pensacola State College. A student must follow the *College Catalog* for the academic year the student began the program, unless the student takes longer than five years to complete the program. Please see the Catalog Year Policy for complete details. Transient students must contact the VSO staff for additional requirements.

NOTE: DVA will not pay educational benefits for pursuit of a second AA degree if the student has already earned an AA degree issued by the state of Florida.

Graduating Term

A VA student under Chapters 30, 33, 35, or 1606, may register in any college credit course, not part of their degree program, to achieve up to full-time enrollment during his or her graduation term. This exception is once per program.

Name / Address / Program Changes

A student is to notify VSO and the Admissions Office of change of name, address, or degree program. These changes can affect receipt of DVA education benefits.

Non-College Degree (NCD) Programs

DVA sets specific standards for NCD programs. Based on the instruction/lab mix of the course, DVA designates the number of contact hours needed to qualify for full-time training rate. A student enrolled in Adult Basic Education (ABE) program is required by DVA to provide monthly Attendance Sheets for EACH course enrolled. Attendance Sheets for the previous month must be received by Pensacola State College's VSO by the fifth business day of the next month. If the Attendance Sheets are not received by the deadline, the student will not be certified for payment until after the end of the term and all completed Attendance Sheets are received. Additional information will be provided to each student in an NCD program. Students in ABE may have his or her benefits terminated for excessive absences.

Post 9/11 GI Bill-CH 33

A student using CH 33 will be allowed to request a VA Deferment each term provided the student has no unpaid debt to the College.

Processing Time

New applications, program changes, and certification requests should allow a minimum of two weeks for the VSO to audit and submit to the DVA. Certifications are processed in date-received sequence.

Shopping Sheet

The Veteran Financial Aid Shopping Sheet, automatically sent to veterans who apply to this College, is a consumer tool used to notify students of their potential financial aid package. Designed to simplify the information that prospective students receive about costs and financial aid, it is used to help a veteran make informed decisions about where to attend school.

Repeating Courses

A student may repeat a course in which an F or a non-passing grade is received. The DVA will not pay for successfully completed courses unless a student is repeating a D grade in accordance with the Gordon Rule or Pensacola State graduation requirements.

Reporting Requirements

It is the responsibility of a VA student to keep the VSO informed of all changes in their enrollment status by adhering to the following:

1. After registering for classes, a student should go to www.pensacolastate.edu and in the Spyglass application, click on Degree Audit. Any course indicated as the following credits are not used in this program may not count toward enrollment for calculation of benefits. The VSO can help determine which courses are eligible for benefits. Submit an email to veterans@pensacolastate.edu with the student's name, Student ID number, chapter of VA benefits, and a statement confirming completion of registration.
2. A student under Chapters 30, 35, (clock hour programs only) and 1606 must certify their enrollment each month. Verification of attendance should be done on the last day of the month to initiate the release of the monthly benefits check. CH 30, 1606, and 1607 should use the Web Automated Verification of Enrollment (WAVE) at www.gibill.va.gov/wave or the toll free Interactive Voice Response (IVR) telephone line at (877) 823-2378 to verify enrollment. CH 35 students must call (888) 442-4551.
3. A student must e-mail veterans@pensacolastate.edu with his or her name, Student ID number, and chapter of VA benefits to report any changes in school enrollment or attendance.

Tutorial Assistance

A DVA student enrolled in at least half-time status in a post-secondary program has potential entitlement to DVA tutorial assistance. Contact VSO for additional information and proper forms. Veterans under Chapter 31 should contact their DVA vocational rehabilitation counselor.

Unsatisfactory Progress

When a student fails to meet Pensacola State College standards of academic progress, the VSO is required to advise the DVA. A student must obtain a Pensacola State College Veteran Services Office Unsatisfactory Academic Progress Form and make an appointment with an academic advisor to have the form completed. When completed, the form must state the reason for the unsatisfactory academic progress and steps a student should take to regain satisfactory academic progress. The completed form must be returned to the VSO in order to be certified for DVA benefits. If the student is on academic probation or suspension for two consecutive terms, his or her DVA benefits can be suspended for unsatisfactory academic progress. See Standards of Academic Progress.

Work-Study

A DVA student enrolled a minimum of three-quarter time may apply for the DVA Work-Study Program. The qualified and selected student is paid minimum wage (Florida or federal, whichever is higher) by the Department of Veteran Affairs. Work-Study pay is tax exempt and students may work a maximum of 425 hours over a fall or spring term and 325 hours over the summer term. For additional information, please contact veterans@pensacolastate.edu.

Military Credit

Active duty service members and retired military personnel may request a review of military experiences for possible credit. For detailed information and guidance, please see the Non-Traditional Credit (External Credit).

CATALOG YEAR POLICY

Each student must follow the requirements in effect at the time of initial enrollment in a program of study and is expected to

complete the program within five catalog years. A student who does not complete the requirements within five catalog years will be analyzed for graduation using the catalog requirements in effect upon re-enrollment after the expiration of the initial effective catalog.

If a student's program of study becomes inactive and the student has not been continuously enrolled, the ability to resume studies in the inactive program may not be available to the student. Continuous enrollment for this purpose is considered enrollment in at least one course per major term (Fall and Spring) during an academic year.

As program requirements change, the student may wish to change to a newer catalog year. A student may request to move to a newer catalog year by meeting with an advisor or the appropriate department head who will review the new program requirements with the student.

Dual Enrollment students will follow the catalog requirements in effect at the time of initial enrollment in the Dual Enrollment Program and are expected to complete the initial program of study within five catalog years. A previous dual enrollment student who does not complete the catalog requirements within the five year catalog years will be analyzed for graduation using the catalog requirements in effect upon readmission after the expiration of the initial effective catalog.

GRADUATION

Application and Procedures

Application for Graduation

Each student must submit an Application for Graduation through Spyglass on the College website by the published deadline. A student who does not apply by the published deadline will be reviewed for graduation and, if eligible, may still march in the graduation ceremony; however, the student's name may not appear in the commencement program. Students are encouraged to apply for graduation one term in advance of anticipated program completion. In all cases, even if a student does not apply to graduate, Pensacola State College will automatically graduate students who have completed all requirements.

Graduation Procedures

Upon receipt of the Application for Graduation, the student's permanent record at the College will be reviewed. If the graduation analyst in the Records Office determines that the student will not meet graduation requirements, the student will be notified and advised to meet with an academic advisor, the appropriate department head, or the program director to find a resolution to the graduation discrepancy. All admissions conditions and financial obligations must be resolved prior to graduation.

Diplomas

The diploma is mailed to the student after the commencement ceremony and upon completion of the final review of requirements. A Spring or Summer term graduate may expect to receive the diploma within three (3) weeks after graduation. Because of the winter holidays, a Fall term (December) graduate may expect to receive the diploma by the third week of January. A diploma will not be mailed to a student with an outstanding financial obligation to the College or with an incomplete admissions record. Upon request, the diploma will be released after satisfaction of the financial obligation or submission of the missing admissions document.

General Information

Student Responsibilities for Graduation

Each student is responsible for selecting courses that meet program requirements and for earning the minimum grades required in those courses. Every student is strongly encouraged to start working on mathematics requirements during the first term enrolled and to remain continuously enrolled in mathematics courses each term until all mathematics requirements have been satisfied.

Some courses are offered only once each year. The student is strongly encouraged to plan his or her program of study with an advisor or the appropriate department head. Additionally, each academic program is represented in the *College Catalog* as a sequence of terms. The student who stays on sequence will finish on time and will meet all prerequisite and corequisite requirements of courses required for the degree.

A student may review his or her graduation progress with an advisor, the program coordinator or director, through the degree audit component of Spyglass, or through www.flvc.org.

Graduation Rates

Information regarding graduation rates and placement information is available as required by the Student Right to Know Act (Public Law 101-542) at www.pensacolastate.edu.

Graduation Requirements

All Programs

1. Complete all course requirements as specified in the program of study published in the Effective Catalog (the catalog in effect at the time the student first enrolled in the program). See Catalog Year Policy.
2. Submit a Graduation Application through Spyglass even if participation in a commencement ceremony is not planned. The Graduation Application prompts the analysis of the permanent record for graduation purposes.
3. Resolve all other requirements and satisfy all financial obligations to the College including parking and library fines.

Baccalaureate Degrees

1. Earn a minimum cumulative grade point average of 2.00 in all coursework completed at the College. If any course or courses have been attempted at any other college or university, the grades earned at the other institution(s) combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00;
2. Complete a minimum of 25% of credit hours required for the degree in residence at the College;
3. Complete the general education requirements for the Associate in Arts degree including earning grades of C or better in all writing-emphasis courses and mathematics courses; and
4. Demonstrate foreign language competency through successful completion of two sequential credits in high school foreign language or successful completion of a postsecondary elementary foreign language II course (the second course in a foreign language sequence), or other means as specified in institutional policy.
5. Individual baccalaureate degrees may have additional requirements. Consult with a program coordinator or department head when starting the program.

Associate in Arts Degree

1. Earn a minimum cumulative grade point average of 2.00 in all coursework completed at the College. If any course has or courses have been attempted at any other college or university, the grades earned at the other institution(s) combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00;
2. Complete a minimum of 25% of program requirements in residence at the College; and
3. The student who began college in or after the Fall 2014 term must demonstrate foreign language competency through successful completion of two sequential credits in high school foreign language, or successful completion of a postsecondary elementary foreign language II course (the second course in a foreign language sequence), or other means as specified in institutional policy.

Associate in Science Degrees

1. Earn a minimum cumulative grade point average of 2.00 in all work completed at the College. If any work has been attempted at any other college or university, the grades earned at the other institution(s) combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00;
2. Earn a minimum cumulative GPA of 2.00 in all general education courses used for the degree; and
3. Complete a minimum of 25% of program requirements in residence at the College.

Certificate Programs

1. Earn a minimum cumulative grade point average of 2.00 in all work completed at the College. If any work has been attempted at any other college or university, the grades earned at the other institution(s) combined with the grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.00;
2. Have a cumulative grade point average of 2.00 or better in all courses applicable to the specific program of study;
3. Complete a minimum of 25% of program requirements in residence at the College; and
4. Achieve appropriate minimum skill levels on the Test of Adult Basic Education (TABE) if required for the particular program of study. Students pursuing a certificate may be exempt from the TABE requirement based on a previously earned associate or higher degree. Contact the program coordinator or department head for more information.

Commencement Ceremony

The College holds two commencement ceremonies: at the end of the Fall term in December and at the end of the Spring term in May. The Director of Student Engagement and Leadership will mail information regarding graduation regalia (cap and gown rentals) and other information regarding the graduation ceremony.

Students who submit the Application for Graduation for a summer term will be eligible to participate in either the Fall term or the Spring term ceremony. A student is expected to submit the graduation application indicating the term of anticipated graduation not the term of participation in the Annual Commencement Ceremony. A graduation application must be submitted regardless of participation in the ceremony. The graduation application is to be submitted through a student's Spyglass record at www.pensacolastate.edu.

Graduation Exceptions and Appeals

Graduation Policy Exceptions

A student who wishes to request an exception to a particular aspect of Pensacola State College graduation policies may petition the Student Academic Appeals Committee. The form for this petition is available in any Student Services office and in the Office of the Registrar.

Course Substitutions or Waivers

A student who wishes to request the substitution of one course for a required course or request a waiver of a required course must discuss the request with the appropriate program director, department head, dean, or an advisor. The request is to be submitted on a Course Substitution Request form, reviewed by the program director, appropriate department head and dean, and submitted to the Registrar.

Effective Catalog Changes

Requests to change the effective catalog are to be submitted to the Registrar. The change request process is to begin with the program director, department head, or an advisor.

Grade Grievance

No Pensacola State College administrator or standing committee is authorized to change the grade assigned by any faculty member. See Student Grade Grievance Procedure.

Exception: A student may petition the Student Academic Appeals Committee for a late withdrawal in a class for which a faculty member has assigned an F grade for non-attendance. Documentation of extenuating and mitigating circumstances must be submitted. The form for this purpose is available in any Student Services office and the Office of the Registrar. A student may apply for a refund for a course and, if approved, any grade assigned for that course will be removed from the student record.

Minimum Hours in Residence

Pensacola State College will comply with the standards mandated by its regional accrediting authority, the Southern Association of Colleges and Schools Commission on Colleges and shall award a degree or a certificate only to a student who complete a minimum of 25% of credit hour applicable to the degree or certificate at Pensacola State College. No exception to this requirement will be granted.

Notification of Decisions

In most cases, decisions regarding appeals and request for exceptions, substitutions, and waivers will be provided to the student through the PirateMail account. Each student is expected to access PirateMail accounts at least once per week during a term and more often during a registration period. PirateMail is the primary means of communication with the student from the College.

Graduation Honors

All students are eligible for academic achievement recognition during the appropriate Commencement Ceremony. Grade point averages are based on all credit hours attempted at Pensacola State College combined with transfer credits from other institutions attended including courses not used for the degree awarded. Baccalaureate and associate degree students will graduate with honors according to three honors categories:

Cum Laude will be awarded to students with a cumulative GPA between 3.50 - 3.74.

Magna Cum Laude will be awarded to students with a cumulative GPA between 3.75 - 3.99.

Summa Cum Laude will be awarded to students with a cumulative grade point average of 4.0.

The determination of the three honors categories (Summa Cum Laude, Magna Cum Laude, and Cum Laude) for the commencement ceremony is based on the cumulative grade point average at the end of the student's last term of enrollment prior to the term of graduation. Students who have met the criteria for honors prior to their term of graduation will be eligible for the honors cords at the graduation ceremony.

The transcript is the final and official record of a student's standing at the time of graduation. A student meeting the honors criteria at the time of graduation and after the official analysis of graduation eligibility will have the appropriate notation affixed to the official transcript and on the degree, certificate, or diploma awarded.

TRIO FEDERAL GRANT PROGRAMS

TRIO programs are federally funded by the US Department of Education and designed to encourage enrollment in postsecondary or high school education programs. The various TRIO programs serve those who are first-generation-in-college (neither parent possessing a bachelor's degree or higher), low income (Federal TRIO programs taxable income guidelines -- www2.ed.gov/about/offices/list/ope/trio/incomelevels.html), veterans, or individuals with documented disabilities residing in Escambia or Santa Rosa counties.

TRIO Programs include

Educational Talent Search (ETS)

Designed to serve eligible students from disadvantaged backgrounds in grades 6-12 to increase high school completion rates and encourage enrollment in any accredited postsecondary institution in the country.

Services include but are not limited to: college tours, academic tutoring, career exploration, ACT/SAT test preparation, FAFSA submission, college application and admissions assistance, and student and family workshops.

Eligibility requirements include maintain a minimum 2.5 GPA, first-generation-in-college (neither parent possessing a bachelor's degree or higher), meet income levels established by the grant, desire to pursue a postsecondary education, and attend a participating middle or high school in the Escambia or Santa Rosa County Public School Systems. Please contact ETS at (850) 484-1620 for additional details.

Educational Opportunity Center (EOC)

Designed to serve eligible individuals who want to enroll in college at any accredited postsecondary institution in the country, whether it is enrolling for the first time or returning to college if they have stopped out for at least one term (Fall or Spring); or transferring to a university.

Services include but are not limited to completing Admissions application, filing for financial aid (PELL Grant) or researching other financial aid options, and exploring educational and career options.

Eligibility requirements include first-generation-in-college (neither parent possessing a bachelor's degree or higher); meet income levels established by the grant; earned high school diploma or GED; and resident of Escambia or Santa Rosa counties. Please contact EOC at (850) 484-1961 for additional details.

Student Support Services (SSS)

Designed to increase retention, graduation, and transfer rates of eligible participant students at Pensacola State College.

Services include but are not limited to tutoring, academic advising, college visits, cultural events, financial literacy, and peer mentoring.

Eligibility requirements include first-generation-in-college (neither parent possessing a bachelor's degree or higher) or low income or students with documented disabilities, and must have an academic need (e.g., tested into one or more developmental education classes). Please contact SSS at (850) 484-2028 for additional details.

Veterans Student Support Services (VSSS)

Designed to increase the academic success and the overall experience for eligible military veteran students enrolled at Pensacola State College. Primary services include tutoring, academic advising, life skills counseling, college visits, cultural events, financial literacy, and peer mentoring.

Eligibility requirements include veteran of US Armed Forces and first-generation-in-college or low income or a documented disability. Please contact VSSS at (850) 484-2047 for additional details.

Veterans Upward Bound (VUB)

Designed to motivate and assist eligible military veterans, National Guard and Reserve members of all ages in the development of academic and other requisite skills necessary for acceptance and success in a program of postsecondary education.

Services include free assessment and enhancement of basic skills through academic instruction in the core subject areas, counseling, peer mentoring, tutoring, cultural events, and college visits.

Eligibility requirements include veteran of US Armed Forces, first-generation-in-college or low income. Please contact VUB at (850) 484-2068 for additional details.

Career and Technical Education Student Resources

The Career and Technical Education Student Resources office provides services to students enrolled in technical programs at the College including associate in science degrees, college credit certificates, technical certificates, and applied technology diplomas.

Student Job Services and Cooperative Education

Student Job Services assists Pensacola State College students and alumni with their employment needs and offers Cooperative Education opportunities to qualifying students. Employers can use Pensacola State College Employer Job Board at pensacolastate-csm.symplicity.com/employers/?signin_tab=0 to post jobs and search for qualified applicants. Student job services reaches students and alumni either in person or virtually to provide services.

Job Placement

Employment assistance is provided to all students and graduates. Full-time and part-time jobs are listed at www.pensacolastate.edu/sjs. Pensacola State College Student Job Services allows students and graduates to search for jobs and post resumes and allows employers to contact applicants. Student Job Services assists students in creating resumes, preparing for job interviews, and developing employability and work effectiveness skills. Interested students should contact Student Job Services, Building 6, Room 641 on the Pensacola campus or call (850) 484-1654 for more information. Students should update their online student profile each term. Students may also access Career Coach which is a free tool that helps find a rewarding career by providing data on job postings, employment forecast, wages and education and training. Career Coach provides information on local

employment and students can also create a resume on this site. It is a great online tool for High School and College students.

Cooperative Education

The Cooperative Education program is a planned, paid work experience in which a student is employed in a job directly related to his or her fields of study. The program offers both alternating and parallel work schedules. In the alternating schedule, the student works full-time one term and is enrolled in classes full-time the following term. In the parallel schedule, the student is enrolled in classes and works part-time each term.

The program offers academic or vocational credits for each term worked. The student must have completed 12 credit hours in the program and maintain a 2.5 GPA throughout the cooperative education experience. Each student must complete certain requirements before being sent on job interviews and must also complete specific objectives related to his or her program for each term of employment. These requirements will ensure that the student participates in real life occupational experiences, which will enhance the educational experience through individualized, on-the-job situations.

The cooperative education program unites the College, the student, and the employer to provide each student with a well-rounded education and offers experience for the job market. Any interested student should contact the Student Job Services, Building 6, Room 641 on the Pensacola campus or call (850) 484-1654 for more information.

Complete details on job placement and cooperative education services may be found at www.pensacolastate.edu/sjs.

STUDENT RESOURCE CENTER FOR ADA SERVICES

The Student Resource Center for ADA Services is located on the Pensacola Campus. Students with a disability that qualifies under the American with Disabilities Act (ADA) are encouraged to contact the Student Resource Center for ADA Services. Disabilities covered by the ADA may include learning, psychiatric, physical disabilities, or chronic health disorders. Students can contact SRC/ADA if they are not certain whether a medical condition/disability qualifies. SRC/ADA is located in Building 6, Room 603 or at ADA-services@pensacolastate.edu or at (850) 484-1637. Services provided include:

1. Orientation to campus facilities;
2. Academic counseling;
3. Special classroom arrangements;
4. Information and assistance to faculty;
5. Coordination with local community services;
6. Referral to community agencies;
7. Braille and taped materials;
8. Adaptive computer software programs for reading materials;
9. Special testing accommodations;
10. Closed captioning;
11. Interpreters for deaf and hard of hearing; and
12. Textbooks in alternative formats.

When necessary, course substitutions can be made pursuant to s.1007.264, F.S., and 6A-10.041, F.A.C. Accommodations for the GED and other standardized tests are available.

RESERVE OFFICER TRAINING CORPS (ROTC)

Pensacola State College, in cooperation with the University of West Florida, offers the Army ROTC program. Army ROTC is a challenging series of college electives that include instruction on

leadership and management skills. The program prepares both men and women for responsibilities as Second Lieutenants in the active Army, Army Reserve, or Army National Guard upon graduation. A student may pursue any course of study that leads to a baccalaureate or higher degree. A qualified student may compete for two-, three-, and four-year ROTC scholarships. A student does not have to be on scholarship to be in ROTC. Anyone attending college as a full-time student can take freshmen or sophomore ROTC classes with no commitment required. For further information, please contact the ROTC office at the University of West Florida by telephoning (850) 474-2323. ROTC contains adventure activities such as paintball, helicopter rides, water survival, and rappelling. Physical fitness activities are required and are incorporated into the grade structure.

STUDENT ACTIVITIES

Student Programs & Organizations

Gymnastics Club

The College has an organized gymnastics club open to all area youth. Participants in the club register through the Continuing Education Office. Registration for club participation is available at www.pensacolastate.edu/about-continuing-education/.

Intercollegiate Sports

On the intercollegiate level, Pensacola State College participates in men's and women's basketball, men's baseball, women's softball, women's volleyball and cross country.

Intramural Sports

The intramural program is under the direction of the Athletic Department and includes tournaments, leagues, and clubs in approximately forty sport activities. The program is open to all students attending Pensacola State College.

Activities and Special Programs

Student Engagement and Student Activities Office

The Student Engagement and Student Activities offices provide a centralized point of contact and coordination between students and student organizations. A variety of services exists on each campus. For more information on how to get involved outside of the classroom, contact (850) 484-1503.

ADDITIONAL SERVICES

Posting Student Notices and Use of Bulletin Boards

All notices placed on the various bulletin boards in College buildings must be approved through the appropriate campus Office of Student Leadership and Activities prior to posting. No notices are to be posted in locations other than these bulletin boards. A housing bulletin board is available on the Pensacola Campus in the Student Center to advertise rooms for rent, search for roommates, etc.

Snack Bar and Vending

The College contracts for various food and vending services for the convenience of students, faculty, and College staff. Self-service vending is widely available, with beverage and snack vending machines available on each campus. There are Subway restaurants on the Pensacola and Warrington campuses. Student scholarship

funds are routinely enhanced through vending commissions, made possible through use of the College vending operations.

College Bookstores

The College has bookstores on the Milton, Pensacola, and Warrington campuses. These bookstores provide textbooks and supplies for sale to students, faculty, staff, and the community. Commissions from the bookstore operations fund scholarships for many Pensacola State College students. Books and supplies required for each course are kept in the College bookstores, as well as imprinted notebooks and clothes, and a large selection of College outlines and preparation and reference books. Textbooks may also be purchased via the website at www.efollett.com.

Books and supplies may be purchased by cash, check, Visa, MasterCard, Discover, American Express, or by authorization from the Financial Aid Office or other certifying office. Students may write checks for the amount of purchase or up to \$5 over the purchase amount. Checks must include an address and a phone number. A driver's license or state identification card is required.

For bookstore services at the South Santa Rosa Center, please call (850) 471-4630, and for bookstore services at the Century Center, please call (850) 471-4622.

Refunds

A full refund is given if books are returned in the same condition as when purchased, as long as books are returned within 7 days from the first day of class and the student has proof of purchase via sales receipt.

Textbook Buy-Back

The College bookstores provide students the opportunity to sell their textbooks throughout the year. Highest used market value is paid for editions which will be used in the upcoming term, and national wholesale value is offered for all other titles. A picture ID is required.

Alcohol and Drug Education and Prevention Information

Recognizing that the use and abuse of mind-altering substances represents a serious threat to the College mission, the College has devoted significant effort to the prevention of these problems. These efforts include educational programming, media presentations, curriculum resources, and referral services. For more information, contact the Office of Student Leadership and Activities (850) 484-1503.

AIDS Information

Information related to acquired immune deficiency syndrome (AIDS) education may be obtained from the Center for Disease Control and Prevention at <http://www.cdc.gov/hiv/>. Confidential testing is available to the College community on various dates and locations. Please see the College Event Calendar for current information.

Art Gallery

The Visual Arts Gallery, housed in the Anna Lamar Switzer Center for Visual Arts, is located on the Pensacola Campus, Building 15, and is open to the general public, free of charge. Exhibitions of contemporary art are displayed throughout the academic year. Gallery tours for groups are available by appointment for each exhibition. For more information, please call the Visual Arts Department at (850) 484-2563 or the Gallery Director at (850) 484-2048 or visit visualarts.pensacolastate.edu.

Athletics

Pensacola State College is a member of the National Junior College Athletic Association, Region VIII, and a member of the Florida State College Activities Association. Varsity participation on a team is open to full-time students from any campus but is limited to two years of participation. Full-time students in a vocational program

may participate as long as the eligibility requirements of both the NJCAA and the FSCAA are met.

Athletic Scholarships

Athletic scholarships are available to students maintaining a satisfactory grade point average under present regulations. Interested students should contact the team coach.

Center for Corporate and Professional Development Training

Workforce and Economic Development serves several important functions within the College and the Pensacola Bay Area business community. The Pensacola State College Center for Corporate and Professional Development Training is an active education partner with many local organizations, delivering responsive and updated training at any location. Based out of its downtown Pensacola office, the Pensacola State College Center for Corporate and Professional Development provides education and training intent upon skill enhancement, certification, or licensure. A wide range of courses deliver continuing professional education for those in the insurance, real estate, health, construction, and computer industries, as well as training in Leadership Development, Customer Service, and Project Management. In addition, the Pensacola State College Center for Corporate and Professional Development can develop training to meet any need.

Workforce and Economic Development is also responsible for creating economic development opportunities and partnerships in the Pensacola Bay area and throughout the state of Florida. This department targets the creation and growth of a quality jobs market for Pensacola State College students, the incubation of enterprise activities, and the development of a highly responsive and skilled workforce capable of meeting the demands of a rapid growth economy. Working in partnership with local organizations, Workforce and Economic Development is focused on creating the future.

Pensacola State College supports new business growth and development. In partnership with the Pensacola Area Chamber of Commerce and several other organizations, the downtown center now houses a community small business incubator. For additional information concerning these courses/programs and others, please contact the Center for Corporate and Professional Development Training at (850) 484-1379.

Coordinator:

Deven Walther-Thead
 (850) 484-1796
dwalther@pensacolastate.edu

College Publications

The Corsair is Pensacola State College's award-winning student newspaper, available in print and at www.ecorsair.com. The paper is written and edited by a staff of student journalists and covers topics relevant to student life, the College, and the community. For more information or to inquire about joining the staff, call *The Corsair* office at (850) 484-1455 or send an email to corsair@pensacolastate.edu.

The Kilgore Review is an annual student literary magazine published by The Literary Roundtable, a creative writing organization advised by a faculty member in the English and Communications Department. To join the group, submit work for consideration, or obtain additional information, call (850) 484-1433 or (850) 484-1400, or send an email to literaryroundtable@pensacolastate.edu.

The Hurricane Review is a nationally recognized literary journal published annually by the English and Communications Department. This journal is edited and formatted by Pensacola State College students under the direction of a faculty advisor.

Submissions of short fiction and poetry are welcome. For additional information call (850) 484-1946 or (850) 484-1090 or send an email to thehurricanereview@pensacolastate.edu.

Cosmetic Arts Salon

The Cosmetic Arts Salon on the Pensacola Campus offers barbering, hair, massage, nail, and waxing services to male and female clients at a low cost. Limited services are available at the Milton Campus salon. Services are provided by cosmetic arts students under the direction of licensed cosmetic arts faculty. For a detailed list of services and pricing visit pensacolastate.edu/community/salon-services-by-cosmetic-arts/. To schedule an appointment, contact 850-484-2567 for an appointment on the Pensacola Campus and 850-484-1397 for an appointment on the Milton Campus.

Dental Hygiene Clinic

The Dental Hygiene Clinic at Pensacola State College offers preventative dental hygiene services to the public. The program provides dental hygiene care to over 3,000 annually. This care is made possible by the Dental Hygiene Program of the College, which provides education to students for future practice in private dental offices, hospitals, and public health agencies. The clinic does not provide restorative dentistry (fillings), oral surgery (removal of teeth), orthodontics (braces), or dentures. Because the Dental Hygiene Program is designed and maintained for teaching procedures, scheduling and dental hygiene services differ from those of a private dental office. Those accepted for treatment are patients whose dental problems have teaching value and who have the extra time required for treatment. All dental care is performed by student dental hygienists who are carefully supervised by licensed dental hygiene faculty. Therefore, the faculty members constantly review and evaluate the treatment rendered by the student which affects the length of visits and the number of appointments required.

Division of Vocational Rehabilitation

To serve each student with a disability who is attending the College under the auspices of the Division of Vocational Rehabilitation, the Department of Education has branch offices located on two of the College campuses.

Pensacola Campus	Building 6, Room 659	(850) 484-1660
Milton Campus	Building 4100	(850) 983-5340

LYCEUM

Pensacola State College's Lyceum series offers programs of cultural and educational value to the College as well as to the greater Pensacola community. Musical performances, theatre, dance, art exhibitions, and distinguished speakers are available at no charge to Pensacola State College students through the Lyceum series. Faculty, staff, and the general public are invited to attend for a nominal fee. For information regarding Lyceum events, please call the Performing Arts Department at (850) 484-1847 or visit the Lyceum website at lyceum.pensacolastate.edu.

Pensacola State College Foundation, Inc.

The Pensacola State College Foundation, Inc., is a private, non-profit corporation that has been established to encourage, solicit, receive, and administer gifts and bequests of property and funds for the benefit of the College and College activities. The Pensacola State College Foundation is administered by a Board of Governors made up of members of the community who have an interest in the College.

The Pensacola State College Foundation promotes the annual giving program of the College and solicits funds through comprehensive campaigns, annual giving, affinity membership group giving, and planned giving to support various College initiatives. Donations are sought for scholarships and other worthwhile projects, which assist the College and its students. Additionally, the Foundation manages rental properties and athletic dormitories to support scholarships and College programming.

As a tax-assisted institution, Pensacola State College cannot meet all needs with state and student support. The Pensacola State College Foundation assists in obtaining private support to supplement College budgets. The Pensacola State College Foundation is a 501(c)3 tax deductible non-profit corporation and a direct support organization chartered by the state of Florida to provide private support to the College.

The Board of Governors rotates monthly meetings between the executive board and full board and holds an annual meeting to elect new governors.

Planetarium and Space Theater

The Pensacola State College Planetarium and Space Theater, located in Building 21 of the Pensacola Campus, is a unique College resource used to support courses in astronomy and other subject areas. The planetarium also provides educational opportunities for K-12 students from across northwest Florida as well as students from Alabama.

For more information please visit the website at pensacolastate.edu/community/planetarium/ or email planetarium@pensacolastate.edu.

Recreation and Leisure / Continuing Education

Continuing Education offers courses and programs for lifelong learning, recreation and leisure, and cultural events at a reasonable price and convenient to students of all ages.

Individuals participate in continuing education courses or programs for a variety of reasons, including learning new skills, broadening the knowledge base for special topics of interest, cultivating hobbies, and enhancing lifestyles through leisure time activities. Classes are offered at times that meet the scheduling demands of the students.

Classes are delivered in a variety of formats, such as non-credit short courses, workshops, seminars, and conferences, and classes are located at numerous sites within the community as well as provided via internet. Qualified instructors with interest and expertise in the subject matter are selected from the community at large to teach continuing education courses.

Subject matter is provided under a vast array of categories, including creative arts, hobbies, home and garden, sports and fitness, work and life balance, and online courses. Courses include such topics of interest as painting and drawing, photography, acting, vocal and instrumental instruction, computer science, foreign languages, aerobic exercise, tennis, yoga, swimming, handcrafts, hobbies, home improvements, language arts, dog obedience, and more.

A unique program provided by the College is Pensacola State Kids' College, which is a non-credit educational opportunity for young people ages 6-12, conducted during the summer months. Kids' College is designed to give students quality instruction that is fun, interesting, and challenging. Subject areas include the arts and sciences, languages, computers, music and theater, career exploration, sports, crafts, and hobbies among others.

A number of state-regulated and court-mandated courses and programs are coordinated through Continuing Education, including TransParenting, Guardianship Education, Driver

Improvement School, Motorcycle Safety Endorsement, and Tobacco and Consequences for Teens. For additional information please contact Continuing Education at (850) 484-1796.

Student Ambassador Program

The mission of the Pensacola State College Ambassador program is to promote Pensacola State College. Student Ambassadors serve as official hosts and hostesses, representing the College at campus visits and tours, commencements, Alumni Association and Foundation activities, and general recruiting initiatives. The Pensacola State College Student Ambassador program is an opportunity for a student to develop leadership and communication skills while conveying Pensacola State College's Mission of "maximizing educational opportunities that develop the academic, career, personal, and aesthetic capabilities of individuals for the benefit of themselves and the global community."

Ambassadors are selected for their demonstration of leadership, academic achievement, community involvement, and display of pride and ownership of Pensacola State College.

To be eligible for consideration, a student

1. Must be a Florida or Alabama high school senior applying as a first-time student who intends to enroll in classes during the forthcoming Fall and Spring terms or a current Ambassador in good standing academically who has maintained adequate participation.
2. Must enroll in at least 6 credit hours per term.
3. Must be at least 18 years old prior to the August Training Session.
4. Must be in good academic standing with a minimum 3.0 cumulative GPA.
5. Must demonstrate prior leadership experience.
6. Must be able to participate in ambassador activities including evening and weekend commitments (hours will vary based on assigned activities, i.e., registration periods, college fairs, orientations/tours).
7. Must commit to serving as an Ambassador for at least one academic year, renewable for a second year upon verification of participation.

Student Government Association

Pensacola State College provides an opportunity for experience in self-government on each campus. A student may hold any office in the Student Government Association (SGA), other College organization, or represent the College in any manner if he or she satisfies the requirements stated by the organization's constitution. Students are the constituents of the academic community of Pensacola State College and are entitled to express their opinions on subjects involving their intellectual, social, physical, and moral development, and to participate in the formulation of institutional policy, which affects their general interests and welfare. The SGA is the primary vehicle for student expression and participation in the democratic process.

The SGA should serve to promote a climate encouraging responsible participation and leadership in the College community, to foster understanding and a positive relationship between the student body and the faculty and administration, and to lead actions beneficial to the College community as a whole. Current

copies of the SGA's Constitution are on file in the Student Leadership and Activities Office.

Scope of Authority

The Pensacola State College SGA is recognized as the official student body government and shall serve to express the will of the general college body. The College shall work with the SGA in seeking the opinions and assistance of the general student body on matters of their proper concern. The SGA is responsible for establishing and enforcing its own rules of procedure. Such rules must not be in conflict with the policies of the College or laws of the state and national government.

The Student Government Association is responsible for the following:

1. Budgeting student leadership and activities fund;
2. Informing the organizations of the necessity of compliance with all organizational regulations;
3. Recommending changes necessary for the successful and proper functioning of organizations;
4. Encouraging various student publications to publish such notices as it deems necessary for the information of the student body;
5. Informing students of its role, of the students' roles, and of the necessity of student participation in maintaining effective student government and the democratic process;
6. Promoting, endorsing, and continually striving to improve the honor system described in Article IV of the Constitution;
7. Expressing choices and making recommendations for speakers and entertainers for the Pensacola State College Lyceum series;
8. Participating in the formulations of policies regulating student conduct through representation on committees charged with drawing up codes of conduct;
9. Requesting appropriate changes in College policy not directly under the control of the SGA, such as changes in curriculum, to the appropriate faculty committee or administrative official;
10. Receiving petitions from students who wish to express their opinions or suggest changes to College policy; and
11. Establishing special committees to study particular problems.

Actions of the SGA shall be subject to review by officials authorized to do so by Constitution or by the College President.

Student Organizations

All organizations, except honor societies, are open to all students with a GPA of 2.0 or above. Membership in an honor society is by invitation only. Students interested in joining a Pensacola State College club or organization should inquire at the Student Leadership and Activities Office for information on procedures and people to contact. Student Organization Guidelines are listed later in this section.

Student Organization Guidelines

Pensacola State College recognizes student organizations that exist to promote the social and educational well-being of their members. Recognition for an on-campus organization by the College is granted and maintained, provided the organization demonstrates continued acceptable social behavior and sound fiscal management. The College delegates to the Student Leadership and Activities Office the authority to approve, censure, or deny privileges to campus organizations. Such authority, however, is subject to review by the Vice President, Academic and Student Affairs. Organizations seeking affiliation with other organizations outside the jurisdiction of Pensacola State College must first have the approval of the Vice President, Academic and Student Affairs. The Office of Student Leadership and Activities is available to

organizations for counsel and assistance on all campuses. Responsibility for the standing of an organization rests solely on its members. All student organizations' regulations and the provisions of student organizations' constitutions must be consistent with the policies of the District Board of Trustees of Pensacola State College, as well as national, state, and county laws.

Student Membership

Membership is open to any student who meets one of the following:

1. A current cumulative GPA of 2.0 or higher at Pensacola State College.
2. A cumulative GPA of 2.0 or higher from the previous college or university (if a new transfer student).
3. Any first time college student entering from high school will have a one term grace period to earn a college GPA.

Obtaining Campus Charters

To obtain a campus charter, representatives of a student organization must first consult with the campus Student Leadership and Activities Office. Students on the Century or South Santa Rosa centers should contact the Office of Student Leadership and Activities on the Pensacola Campus. The students must also provide the following:

1. Statement of purpose.
2. A proposed constitution.
3. Bylaws incorporating the College Anti-Hazing Policy (See Anti-Hazing Policy).
4. Name of advisor(s) approved by the supervisor.
5. List of prospective members who must be Pensacola State College students.

The advisor will then present the charter request to the respective campus Student Engagement and Student Activities Office. The charter and the proposed constitution will be forwarded to the Vice President, Academic and Student Affairs, for review and approval.

Common Responsibilities

1. Secure one or more approved advisors who either attend meetings or approve the meeting's agenda in advance. An advisor should be present at all meetings held after 5 p.m. An advisor may be any individual employed at Pensacola State College as a faculty member, administrator, or career service employee. Student Leadership and Activities Manuals are available for all advisors in the Student Engagement and Student Activities Office.
2. Accept all responsibility for organizational financial matters of the individual organization. No action on the part of any organization, collectively or by individual members, shall incur any indebtedness to Pensacola State College.
3. Furnish to the Student Engagement and Student Activities Office a complete list of officers and members. Also, within two weeks from the beginning of the Spring and Fall terms, furnish the times and places of meetings as well as the name(s) of the advisor(s). Any changes in the organization's constitution or purpose must be placed on file in the Student Engagement and Student Activities Office.
4. Limit membership to current Pensacola State College students maintaining a minimum 2.0 term grade point average. Students joining a club or organization directly from high school will be given a one term grace period to establish college GPA.
5. Drop any member who fails to maintain the required 2.0 term GPA.
6. Furnish a report of the names, addresses, and telephone numbers of officers for the coming year along with a list of major activities engaged in during the previous year. This report is to be filed in

the Student Engagement and Student Activities Office three weeks prior to the end of the Spring term.

7. Refrain from any type of hazing. (See Anti-Hazing Policy)
8. Submit a detailed outline of any activity to the appropriate campus Student Engagement and Student Activities coordinator no later than two weeks in advance of the event or activity. Each activity is to be approved by the Student Engagement and Student Activities coordinator, the club sponsor, and the department head with oversight of the facility being used (if held on campus). The Student Engagement and Student Activities coordinator will meet with the sponsoring organization to discuss the proposed plans and assist with ideas or suggestions to help ensure the success of the activity. Activity forms are available in the Student Engagement and Student Activities Office.
9. Complete and return a re-chartering request to the Student Engagement and Student Activities Office each term.
10. All funded clubs must present one campus-wide event each Fall and Spring term and meet all other obligations set forth by the Student Engagement and Student Activities Office.

Penalties

Organizations failing to fulfill the above responsibilities are subject to the following penalties:

1. Forfeiture of social privileges;
2. Forfeiture of representation in student publications;
3. Forfeiture of representation in intramural or other competitive campus activities;
4. Forfeiture of campus charter;
5. Suspension of campus charter;
6. Suspension of members' right to participate in other campus activities or organizations;
7. Trial of officers or members suspected of violating the Pensacola State College Honor Code; and
8. Any penalty as set forth in the College statement on student rights and responsibilities. Penalties may be prescribed for organizations by the Vice President, Academic and Student Affairs, for infractions of a minor nature in accordance with procedures outlined in the College statement on student rights and responsibilities.

Organization Activities

Registered social functions may be held on the campus or at a place approved in advance by the Student Engagement and Student Activities Office. Any request for approval of a location should be submitted one week prior to the planned date of the activity.

Approved social activities of student organizations must be registered in the Student Engagement and Student Activities Office. Registration of the activity is completed by filling out an activity form available in the office. If a club or organization enters into a contractual agreement with any group that will be using Pensacola State College facilities, a copy of the contract must be filed in the Student Engagement and Student Activities Office and reviewed before approval will be given to the activity.

The College must also approve guest speakers on campus. Completed applications for approval must be submitted to the Student Engagement and Student Activities Office at least 10 calendar days prior to the date of the proposed speaking engagement.

All registered social functions, either on or off campus, are required to have chaperones in attendance. The chaperones may be an advisor and spouse, or any couple, one of whom is employed by the College as a faculty member, an administrator, or a member of the professional staff. Only employees of the College may receive student activity per diem expenses. Chaperones shall exact

appropriate conduct from attending students and shall affect proper regard for College regulations at social functions. Instructions for chaperones, outlining their responsibilities, are available in the Student Engagement and Student Activities Offices.

WSRE-TV

Vision

WSRE will positively influence the daily lives of all on the Gulf Coast through broadcast programming and educational outreach services that encourage us to engage more deeply in the world around us.

Mission

The mission of WSRE is to open doors to a larger world with quality programming and educational outreach services for every person on the Gulf Coast who desires to be more educated, informed and entertained. WSRE helps people make informed decisions with a better understanding of the community and world in which they live. As a community-supported, outreach service of Pensacola State College, WSRE brings forth culture and ideas that enhance the quality of life and promote the joy of discovery and learning.

WSRE was founded and first signed on the air September 11, 1967. WSRE is licensed to the District Board of Trustees of Pensacola State College and is operated from its main studios in Pensacola as a service of Pensacola State College. WSRE offers four free, over-the-air digital channels 24/7 providing 35,040 hours of television each year, and on-demand viewing through WSRE.org and PBS.org streaming. WSRE has garnered four regional Emmy® Award nominations and nine Telly Awards for original programming since 2008. WSRE's robust local production lineup includes Conversations with Jeff Weeks, StudioAmped, Pensacola State Today, AWARE, In Your Own Backyard, Legislative Review, RALLY, and various award-winning documentaries. WSRE's Educational Services and Literacy Outreach programs reach thousands of children every year and distribute free books and educational resources annually to children, parents, and teachers. PSC's Learning Lab/WSRE's Imagination Station (opened in April 2013), located at the Blue Wahoos Stadium in Pensacola reaches thousands of parents and children in a fun, learning-rich environment that is free of charge.

For more information, please visit www.wsre.org or call (850) 484-1200.

WSRE Foundation, Inc.

The WSRE TV Foundation was established in 1990 as a private, non-profit corporation that encourages, solicits, receives and administers gifts and bequests of property and funds in support of the activities, operations and capital needs of WSRE TV.

The WSRE TV Foundation promotes and manages Donor Services and other giving programs of the station. The Foundation is a 501(c)(3) non-profit corporation and serves as a direct support organization for WSRE/Pensacola State College under Florida statutes.

ACADEMIC AFFAIRS

SECTION IV: ACADEMIC AFFAIRS

ACADEMIC HONORS

The College recognizes student achievement in several ways, as indicated below.

Term Honors Lists

Two academic honors lists are published at the end of the fall and spring terms of each academic year on the College website. These honors lists recognize students who have achieved outstanding grade point averages for the term. To be eligible for the lists, students must be in good academic standing at Pensacola State College as outlined in the Standards of Academic Progress.

The President's List: Full-time students (12 credit hours or more per term of college level coursework) who earn an overall GPA of 4.0 for the term.

Dean's List: Full-time students (12 credit hours or more per term of college level coursework) who earn an overall GPA of 3.5 - 3.9 for the term.

ROBINSON HONORS PROGRAM

The Robinson Honors Program at Pensacola State College is designed to meet the needs of academically gifted students seeking to make the most of their college experience. The program offers a unique learning experience in a "college within a college" atmosphere intended to cultivate critical thinking, encourage civic and community engagement, and develop a synthesis of knowledge across disciplines. A generous endowment from Grover Robinson IV and the Robinson family provides students opportunities beyond the traditional classroom. Robinson Scholars benefit from an enriched curriculum; attendance at cultural events, such as the College's Lyceum series of world class performances and insightful seminars; academic and career planning services; service learning opportunities; academic and leadership conferences; and opportunities for travel and travel scholarships for field trips to regional museums and historical sites and trips abroad to exciting destinations like Costa Rica and Prague. For more information, email the Robinson Honors Program Director at honorsprogram@pensacolastate.edu.

Student Excellence Awards

At this annual honors ceremony, students are recognized as Departmental and Program Scholars and for Scholastic Achievement, Leadership, and Service.

1. Departmental and Program Scholar recipients are selected by the individual academic departments in recognition of outstanding performance in the classroom and high test scores on competitive departmental examinations.
2. Scholastic Achievement Award recipients are selected by grade point averages. Recipients must have maintained a 3.9 GPA or better while completing at least 80% of the requirements for the degree they are seeking.
3. The Leadership Award is based upon participation in service clubs.
4. Service Award recipients are selected by the faculty and department heads. This award is based on the outstanding services rendered in their respective departments, schools, and campuses.
5. The Sigma Beta Delta Award is an International Honor Society in Business Administration and Management.

Induction is offered to BAS students who have a 3.5 or above GPA after having taken 90 credit hours.

GRADUATION HONORS

All students are eligible for academic achievement recognition during the appropriate Commencement Ceremony. Grade point averages are based on all credit hours attempted at Pensacola State College combined with transfer credits from other institutions attended including courses not used for the degree awarded. Baccalaureate and associate degree students will graduate with honors according to three honors categories:

Cum Laude will be awarded to students with a cumulative GPA between 3.50 - 3.74.

Magna Cum Laude will be awarded to students with a cumulative GPA between 3.75 - 3.99.

Summa Cum Laude will be awarded to students with a cumulative grade point average of 4.0.

The determination of the three honors categories (Summa Cum Laude, Magna Cum Laude, and Cum Laude) for the commencement ceremony is based on the cumulative grade point average at the end of the student's last term of enrollment prior to the term of graduation. Students who have met the criteria for honors prior to their term of graduation will be eligible for the honors cords at the graduation ceremony.

The transcript is the final and official record of a student's standing at the time of graduation. A student meeting the honors criteria at the time of graduation and after the official analysis of graduation eligibility will have the appropriate notation affixed to the official transcript and on the degree, certificate, or diploma awarded.

COURSE POLICIES

Maximum Attempts for a Course

Students may attempt any college credit course developmental education course twice with regular fee assessment. A third attempt of the course will result in the assessment of the full cost of instruction. The full cost of instruction is approximately three times the cost of the in-state tuition rate. Students enrolling in a third attempt of any course will not be permitted to withdraw from the class or change to non-credit. A final grade of W, I, N, or NC will not be permitted, and a letter grade will be assigned. A student may appeal the assessment of the full cost of instruction to the Vice President, Academic and Student Affairs, or designee.

A request for enrollment in a course for a fourth attempt requires the approval of the Vice President, Academic and Student Affairs, or designee.

Any registration for a third or greater attempt of one course cannot be processed through Spyglass web registration; the registration, if approved, must be processed after discussion with an advisor.

Florida Law mandates the maximum number of times a student can attempt any course.

Maximum Hours Per Term

A student is limited to enrollment in no more than 18 credit hours per term regardless of the sessions in which the student is enrolled. A student may not enroll in more than 9 credit hours during a B or D session.

A request for a waiver to the limit may be discussed with a student services director on any campus or center.

Repeating Courses

Courses in which a grade of D, D+, or F was earned may be repeated for credit and only the most recent grade earned will be used to calculate the cumulative grade point average. This policy applies to any student who repeats a course in which a grade of D or D+ was earned and earns a grade of F in the repeated course; the F grade will replace the D or D+ for calculation of the cumulative grade point average.

Courses that are not indicated in the course description as repeatable courses should not be retaken if the initial grade was a C or better. If repeated, credit will not be given for the repeat and the grade earned in the repeat will not count for GPA calculation.

Students receiving financial aid should consult with a financial aid representative before repeating any course.

Other institutions to which the student transfers may use all course attempts in computing the transfer grade point average.

ATTENDANCE POLICIES

Attendance policies differ between credit hour programs and clock hour certificate programs. Consult the appropriate attendance policy for more information.

Credit Hour Attendance Policies

Regular and punctual attendance in class is required. Each student is responsible for knowing and adhering to the faculty member's attendance policy for each course taken. Specific attendance requirements for each course will be included in the course syllabus provided by the faculty member.

Distance Learning Attendance Policy

For any student enrolled in a distance learning course, participation in the course according to the schedule of events described by the faculty member is considered attendance. A student who does not access the class web site during the first week of class, does not take examinations by established due dates, or does not otherwise participate in the distance learning process as outlined by the faculty member is subject to withdrawal according to the attendance policies outlined below.

Excessive Absences

A student may miss one class meeting beyond the number of times the class meets per week before being considered excessively absent. For example, if a student is enrolled in a class that meets three times per week, the student may miss four class meetings. If the student misses a fifth class meeting, the student may be considered excessively absent. This policy will be followed for 16-week classes in a fall or spring term and 12-week classes in the summer. These allowable absences should provide for student illness as well as permit the student to take care of emergencies and personal business.

Absences during an eight-week session or a six-week summer session will be considered excessive if the student misses more than three day classes or more than two evening classes.

A student registering late in any course will be counted absent for those class meetings missed before the registration.

Students who do not attend during the first week of class may be withdrawn. See the No-Show Procedure for the First Week of Classes.

In certain specialized programs, such as the health-related programs, licensure, certification, or accreditation requirements mandate fewer absences than the College normally permits. A student enrolled in a program with more stringent attendance requirements is informed of those requirements. If the specific program requirements are not met by the student, the student will not be withdrawn from non-program specific courses but may be withdrawn from the program and program specific courses.

No-Show Procedures for First Week of Classes

Attendance during the first week of classes is required. A student who does not attend the first week of class may be withdrawn with a grade of W on the permanent record. A student who is withdrawn for not attending the first week of class may discuss reinstatement with the faculty member. If the faculty member does not support the reinstatement, the student may petition the Student Academic Appeals Committee for reinstatement. A student who has registered for a distance learning course is required to access the website for the course during the first week. Failure to do so may result in withdrawal.

Tardy Policy

A student not present at the beginning of any class meeting is considered tardy. When so specified in departmental policies, program policies, or the faculty member's syllabus, habitual or excessive tardiness may be converted to absences. Some faculty members will not permit late entrance into a class as this disturbs the educational experience; the section syllabus will indicate the faculty member's policy on late entry.

Clock Hour Attendance Policies

Attendance is required in all course meetings for clock hour certificate programs. Pensacola State College recognizes the following as excused absences:

1. Jury Duty or required court appearance.
2. Documented illness of self, spouse, minor dependent child, parent, or household member. Any clinical site refusal to allow a student to attend for health reasons is considered an illness of self.
3. Established, recognized religious holiday.
4. College sponsored activity such as SkillsUSA, Health Occupation Student Association, or Student Government Association events.
5. Death of an immediate family member or household member.
6. College closures.

All documents supporting an excused absence request must be presented to the faculty member prior to the absence, except in the case of illness or death. Documentation of illness, as defined above, must be presented to the faculty member immediately upon return to class. Documentation of a required absence for religious reasons must be supported by a signed letter from the student's clergy member or religious leader affirming their association with the organization.

Each program will specify a number of hours that may be excused. While excused absences do not have to be made up for financial aid purposes and will not impact disbursement of financial aid funds, some programs may require the time to be made up for academic purposes including grades or required clinical hours.

Certification of Attendance

The Admissions Office will provide official statements certifying attendance status to outside agencies. Certification of the attendance of veterans is processed by the Veterans Services Office.

GRADE INFORMATION

A grade is awarded in every college credit, vocational credit, developmental education (college preparatory), and vocational preparatory course as well as in certain non-credit courses. Pensacola State College maintains permanent records for every student registering for courses. A student may obtain the final grade for a course by accessing his or her Spyglass records online at www.pensacolastate.edu. A cumulative record of the student's grades appears on the transcript. A complete explanation of the letter grades appears in the Grades Table.

Grade Reports

A grade report will not be mailed to a student. A student may view final grades by accessing his or her Spyglass record on www.pensacolastate.edu. A student may obtain midterm progress and grade information from the instructor via Spyglass. Midterm grades do not display on the academic transcript and do not become a part of a student's permanent record.

Minimum Grades

Unless otherwise specified, a grade of D or D+ is counted as earned credit, may be used to meet program requirements, and will be used in calculating academic progress. Any student seeking an associate in arts or bachelor degree must earn a minimum grade of C in each mathematics course and each writing emphasis course used to meet general education requirements. This minimum grade requirement is established by 6A-10.030, F.A.C. See General Education for more information about the requirements.

Incomplete Grades

The following conditions must be met in order for a student to be eligible for an Incomplete (I) grade:

1. The student must be passing the course;
2. The student must have completed at least 70% of the course requirements; and
3. The student and the instructor must reach a mutual agreement that the student has a reasonable chance of successfully completing the course without additional instructional contact.

If all three conditions are met, the student and the instructor will enter into a written contract for the completion of the course. A copy of the contract will be provided to the student, and copies will be maintained by the instructor and the department head. The contract shall include the following information:

1. The student's last date of attendance in the course;
2. The student's remaining requirements for course completion; and
3. The student's deadline for completing the remaining course requirements. The last date to complete the course is determined at the instructor's discretion but shall not exceed one year from the last day of class.

A grade of I in a college credit or vocational credit course will become a grade of F if not completed by the date indicated by the instructor. A grade of I in a developmental education (college preparatory) course will become a grade of N if not completed by the date indicated by the instructor. With extenuating and mitigating circumstances, a student may request that a failing grade (F) be changed to a W by filing a formal appeal for late withdrawal to the Student Academic Appeals Committee.

An Incomplete grade will not be issued if

1. The student has ceased attending class;
2. The student is not passing the class; or
3. The student has not completed at least 70% of the course requirements.

In these three cases, a grade other than an Incomplete will be assigned.

Grade Point Average

The student's permanent record contains grade point average (GPA) calculations. The student's GPA is used in determining academic standing, graduation readiness, eligibility for the honors lists and graduation with honors, and in other academical decisions.

In general, the Grade Point Average is computed as follows:

Quality Point Total ÷ Total Credit Hours (for GPA) = GPA

When calculating the cumulative GPA, use total quality points and total credit hours. Quality points are awarded as follows:

Grade	Grade Quality Points
A	4.0
B+	3.5
B	3.0
C+	2.5
C	2.0
D+	1.5
D	1.0
F	0.0

To determine the total quality points for a grade in a particular course, the following formula is used:

Credit Hours X Grade Quality Points = Total Quality Points for Course

For example, the total quality points for a grade of C in ENC 1101C (a three-credit hour course) are calculated by multiplying the credit hours by the grade quality points for a C: three credit hours X two grade quality points = six total quality points for the course.

Credit hours are defined as those credits in which a letter grade (A through F) has been awarded. Grades of S, P, U, I, N, NC, W, and X do not carry grade quality points. In general, credits for these grades do not count in hours pursued. However, in certain other circumstances, such as determination of repeat enrollments and in computation of certain specialized GPAs, credit hours that carry these grades may be included in the GPA computation. Questions regarding grade calculations may be directed to any Student Services Office.

GRADES TABLE

Grade ¹	General Meaning	Grade Points Assigned Per Credit (Quality Points)	Credit Count Toward Graduation?	Does Credit Transfer?	Can Be Repeated To Improve Graduation GPA?	Does It Affect Cumulative GPA?	Does It Count As "Attempted Credits" For Standards Of Academic Progress?
A	Excellent	4.0	Yes	Yes	No	Yes	Yes
B+	Very good	3.5	Yes	Yes	No	Yes	Yes
B	Good	3.0	Yes	Yes	No	Yes	Yes
C+	High average	2.5	Yes	Yes	No	Yes	Yes
C	Average	2.0	Yes	Yes	No	Yes	Yes
D+	Below average	1.5	Yes	Sometimes	Yes	Yes	Yes
D	Poor	1.0	Yes	Sometimes	Yes	Yes	Yes
F	Failure	0.0	No	No	Yes	Yes	Yes
I ⁴	Incomplete	0.0	No	No	Yes	No	Yes

U ¹⁰	Unsatisfactory	0.0	No	No	No	No	No

- Final grades may be based upon daily work, special reports, research papers, laboratory and field work, tests, final examinations, and other course assignments or requirements.
- Upon written request, a transcript will be furnished without charge.
- A course with final grade of P or C or higher cannot be repeated for credit or to improve one's GPA.
- I (Incomplete) grades received at the end of any term become failing grades (F) if not completed by the date assigned by the instructor or the maximum completion date of one academic year.
- A grade of N is used only in developmental education courses. A grade of N may be assigned to a student earning a D or F in such a course. VA-assisted student education benefits will not be affected by an N grade, but the VA student should not expect to retain benefits for any course(s) assigned a W, NC, or X.
- Credit hours earned through examinations such as advanced placement tests, College Examination Program (CLEP), and departmental examinations do not affect the GPA. These credit hours do count toward graduation and are counted as meeting certain course requirements.
- Not to be assigned by instructor. Except in CEU courses, a student may elect to audit a course at registration or before drop/add ends and the status cannot be changed later.
- For use in courses offered through the Adult Education Department indicating that, although coursework has not been satisfactorily completed, positive progress is being made.
- Credit earned through the Pass/Fail option will carry a grade of P or F. A grade of P will not be included in the calculations of grade point average; a grade of F will be included in the calculations of grade point average.
- Assigned only in non-credit classes.

GRADING POLICIES

Faculty Initiated Withdrawals

A faculty member may withdraw a student who is excessively absent up to the 70th percent point of the term. After the 70th percent point, neither the faculty member nor the student can process a withdrawal and a final grade may be assigned. The faculty member will withdraw a student who has not attended a class meeting during the first week. The faculty member may assign a grade of Early F to a student who is excessively absent.

Early F Grade Assignment

The faculty member will be permitted to assign an Early F to a student who meets any of the following criteria:

1. A student who has stopped attending a class in which the faculty member does not process withdrawals;
2. A student who stops attending a class after the 70th percent point of the class;
3. A student who stops attending a course being attempted for the third time;
4. A student who has been determined to be cheating on any assignment or examination; or
5. A student who has plagiarized any written assignment.

A student who has been assigned the Early F for non-attendance will be provided an opportunity to adjust the F to a W (student withdrawal). The F must remain in third-attempt courses, in cases where the student does not request the adjustment prior to the established withdrawal deadline, and in cases where the F is assigned for cheating or plagiarism. If the adjustment is processed, the last date of attendance as reported by the faculty member of record will remain. A student who has been assigned an F as a result of cheating or plagiarism does not have the option of requesting an adjustment to W but may dispute the grade assigned by following the grade grievance process.

Under extenuating circumstances, a student will have an opportunity to appeal for late withdrawal after the 70th percent point of the class. The Student Academic Appeals Committee will review these appeals. Information regarding the appeal process may be obtained in any registration office.

Reinstatement

A student who is withdrawn for excessive absences or assigned the Early F may discuss the option for reinstatement with the faculty member. A student who does not attend the first week of class and is withdrawn in accordance with the No-Show procedure may discuss the option for reinstatement with the faculty member. If the faculty member does not agree to the request for continued enrollment in the class, the student may petition the Student Academic Appeals Committee for reinstatement.

Change of Grade

Grade changes shall not be made after one year following the end of the term in which the course was taken, except in cases of College error or administrative approval.

Students Receiving Veterans Benefits

A student receiving benefits from the Veterans Administration is required to abide by the College Attendance Policy. If the student exceeds the number of absences permitted and does not have the faculty member's approval, certification will be terminated.

College Trips

A student who is representing the College on official business, including field trips, will not be counted absent provided a prior notice is given to the faculty member and any missed work is completed.

Special Programs

In certain specialized programs, such as the health-related programs, licensure, certification, or accreditation requirements mandate fewer absences than the College normally permits. A student enrolled in one of these programs is informed of these externally imposed attendance requirements. If these requirements are exceeded, the student will not be withdrawn from academic courses but may be withdrawn from the specific program.

Academic Grade Amnesty

A credit student with previous coursework that is ten (10) years of age or older may seek Academic Grade Amnesty (AGA), which will remove the effect of those credits on the cumulative grade point average.

AGA may be granted only once in a student's academic career. If granted, AGA applies to all credits and grades that are ten or more years of age. The student may not select specific terms, specific courses, or specific grades for amnesty. AGA will apply to all coursework that is ten years of age and older from the date AGA is granted.

If a student has already earned a degree or certificate, Academic Grade Amnesty will not be permitted if it results in the forgiveness of courses used for the previously earned degree or certificate.

All courses and grades affected by AGA will remain on the official Pensacola State College transcript, even though the grades are not used in calculating the cumulative grade point average. A notation of the Academic Grade Amnesty will be posted to the student's record and will appear on the official transcript.

AGA granted at Pensacola State College may not be honored in the transfer process. Other institutions may consider the older credits and grades when evaluating a student's Pensacola State College transcript. A student seeking AGA is encouraged to discuss the matter with representatives of the institution to which transfer is planned.

AGA has no effect on federal and state student financial aid standards of academic progress.

Any student requesting AGA is required to meet with an advisor before submitting the request for AGA.

Final Exams

Final examinations are administered during the final examination week at the end of each term at the dates and times published on the Pensacola State College website as well as at the designated date and time during the mini-sessions. It is each student's responsibility to know when and where the final examination is scheduled and to be present and on time with all required materials. The administration of a final examination at any time other than the published final examination period is a violation of College procedure. However, a change to the published examination date and time may be made by the course faculty member, with department head approval, during the scheduled examination week if an examination is scheduled on a non-class day or if simultaneous examinations are scheduled. A student may not attempt a final examination twice for a single class. Any examination in a distance learning course must be scheduled in a way that will not hinder any student's participation in traditionally delivered courses or examinations.

Late Examinations

In the event of an individual student's absence for a final examination in any class due to illness, or other reason approved by the course faculty member prior to the exam, a grade of I (incomplete) may be assigned by the instructor of record and a deferred examination may be given.

GRADE APPEAL PROCESS

Academic Appeals

1. **Grade Grievance Procedure:** A student who disputes a final grade assigned by a faculty member has ten (10) working days from the time of grade assignment to initiate a grievance. After the 10 day period, the student loses the right to file a grievance. See Student Grade Grievance Procedure located in the Student Handbook and no other administrative remedy or campus option is available.
2. **Graduation Policy Exception:** A student who wishes an exception to an existing graduation policy may appeal to the Student Academic Appeals Committee.
3. **Reinstatement in Class:** A student who has been withdrawn for excessive absences may request consideration for reinstatement by discussion with the faculty member. If the faculty member does not permit continued enrollment, the student may appeal to the Student Academic Appeals Committee.
4. **Late Withdrawal:** A student who wishes to withdraw from a class after the established withdrawal deadline may petition the Student Academic Appeals Committee.
5. **Academic Suspension or Academic Dismissal:** A student who has been placed on academic suspension or who has been dismissed for academic reasons may petition for continued enrollment to the Student Academic Appeals Committee.

Student Grade Grievance Procedure

In order to institute this grade grievance procedure, the student will be prepared to show that course or grade requirements were not clearly explained in the section syllabus, requirements were not uniformly applied, requirements were changed without sufficient notice or for capricious reasons, the faculty member's data was not accurate, the final course grade could not be reasonably derived from data given, and/or prejudice affected assignment of the grade.

The outcome of the process may be that the assigned grade will stand, assignment of the grade will be postponed until some agreed upon work has been completed, another grade will be substituted for the one originally assigned, or a compromise fitting the specific situation is reached.

In the event that the faculty member who assigned the grade is no longer employed by the College (due to resignation, retirement, or death), a faculty member from the same program or discipline will serve in the stead of the original faculty member. This substitute faculty member will be selected by a vote of the faculty members and the department head in the affected department or discipline.

In the event that the faculty member who assigned the grade will be returning to his or her position at the College but is temporarily away for longer than 10 days, the faculty member will be notified by his or her department head of the impending action. Unless the faculty member agrees to be available to meet earlier or has an alternate solution, the time lines below shall be amended so that the initial 10 days specified in Step One will not begin until the faculty member returns from the temporary absence. If, however, the Step Two deadline would be delayed longer than thirty (30) calendar days, another full-time faculty member or administrator shall be designated to substitute. If the faculty member is unable to identify a substitute who is willing and able to fill this role, the

department head shall serve as the substitute. For extenuating circumstances where the student cannot meet the 10 day deadline, the student should contact the appropriate academic Department Head or Dean for an extension of time. The student should be prepared to present appropriate documentation to explain the need for the extension.

Informal Process

1. Within ten (10) working days of when the student's final grade is posted on the Pensacola State College Student Information System (Spyglass), the student shall meet with the faculty member and present data to support his or her assertion.
2. Within ten (10) working days, the faculty member must give fair hearing to the student's claim and consider the data in an attempt to resolve the issue. In the event that the resolution is not satisfactory to the student, the student may proceed to Step Three.
3. The student may meet with the department head and present data to support his or her assertion in the dispute. The department head must then meet and discuss the dispute with the faculty member. The department head must then attempt to resolve the dispute within ten (10) working days. In the event that the resolution is not satisfactory to the student, the student may proceed to Step Four.
4. The student may meet with the appropriate dean and present data to support his or her assertion in the dispute. The dean must then meet and discuss the dispute with the faculty member and department head. The dean must then attempt to resolve the dispute within ten (10) working days. In the event that the resolution is not satisfactory to the student, the student may proceed to the Formal Student Grievance Process.

Formal Process

Within ten (10) working days of when the student is notified of the dean's response, the student may begin the formal grievance process by outlining the grievance in writing and presenting the petition to the dean. A one-time panel will be assembled including three (3) students and three (3) faculty members, none of whom shall have any direct connection with the parties involved. At least one of the student members and at least one of the faculty members must be from a related discipline in which the grade is being disputed. In the event that there is no related discipline, at least one student member and at least one faculty member shall possess demonstrated knowledge of or experience with the discipline area involved in the grade dispute. A Chair for the panel will be selected by the Vice President, Academic and Student Affairs. Following the hearing, the Chair will submit the panel's recommendation to the Vice President, Academic and Student Affairs, for a final decision.

Formal Student Grievance Procedure

The purpose of the formal student grievance procedure is to provide a means to mediate a fair and equitable solution to any complaint other than grades, and discrimination or harassment that a student may have with a College employee, office, or policy. The first process to resolve student grievances should be an informal resolution of complaints with the individual(s) involved when possible.

If a student wishes to submit a formal student grievance, the appropriate form located on the forms page of the Pensacola State College website at <http://www.pensacolastate.edu/applications-and-forms/> should be completed. The form should be submitted to the appropriate office for review. Academic complaints, other than grade grievances, should be submitted to the Vice President, Academic and Student Affairs. Complaints related to disability services, public safety, or the help desk should be submitted to the Vice President, Administrative Services and General Counsel.

Financial complaints, including financial aid issues, should be submitted to the Vice President, Business Affairs. Complaints involving enrollment, registration, advising, and other student related services should be submitted to the Dean, Student Services.

Once the Formal Student Grievance Form has been submitted to the appropriate office, the complaint will be investigated. Any student who submits a Formal Student Grievance Form will be notified of the resolution. Every effort will be made to resolve the complaint within fourteen (14) business days, however, time may be extended by mutual consent of the parties concerned.

Distance Education students, who have completed the internal institutional grievance process and the applicable state grievance process, may appeal non-instructional complaints to the FL-SARA PRDEC Council. For additional information on the complaint process, please visit the FL-SARA Complaint Process page: <http://www.fldoe.org/sara/complaint-process.stml>.

Tutoring Services

Math Lab

Free face-to-face or virtual math tutoring is available to all Pensacola State College students currently enrolled in developmental education or college-level courses. No appointment is necessary. The math labs are located on the Pensacola, Milton, and Warrington campuses, and at the South Santa Rosa Center. Services include tutoring in all math and math-related courses, instruction for using graphing and scientific calculators, study tips, test-taking strategies, and textbooks and solution manuals for most Pensacola State College math courses. Computers with math tutorial software are also available. In addition, free **virtual tutoring** featuring live online help for all math courses is offered. For more information regarding these services, contact any of the math labs. Below are the locations and telephone numbers for each math lab.

Pensacola Campus	Bldg. 1, Baars Technology Bldg.	(850) 484-2003
Milton Campus	Bldg. 4400, Rm. 4401	(850) 484-4403
Warrington Campus	Bldg. 3100, Rm. 3142D	(850) 484-2378
South Santa Rosa Center	Bldg. 51, Rm. 5131A	(850) 475-4851
Century Center via Virtual Tutoring		(850) 484-2003

Writing Lab

Free writing tutoring is available to all Pensacola State College students currently enrolled in developmental education or college-level courses. No appointment is necessary. The writing labs are located on the Pensacola, Milton, and Warrington campuses, and at the South Santa Rosa Center. Tutoring is available at the Century Center via video conferencing. Services include assistance with writing assignments for any Pensacola State College course, grammar review, and support for developmental reading courses, vocabulary development, and access to computers. Distance tutoring is available via video conferencing, and online paper reviews are provided via eLearning or PirateMail. In addition, free **virtual tutoring** featuring live online help is offered. For more information regarding these services, contact any of the writing labs. Below are the locations and telephone numbers for each writing lab:

Pensacola Campus	Bldg. 4	(850) 484-1451
Milton Campus	Bldg. 4200, Rm. 4401	(850) 484-4403
Warrington Campus	Bldg. 3100, Rm. 3142B	(850) 484-2351
South Santa Rosa Center	Bldg. 41, Rm. 5131B	(850) 475-4851
Century Center via Skype or email		(850) 485-1451

Virtual Tutoring

Free virtual tutoring featuring live online help is available for students enrolled in writing emphasis courses as well as many disciplines, including but not limited to mathematics, chemistry, physics, and biology. For more information about virtual tutoring, access the Virtual Resource Center through the college website at www.pensacolastate.edu.

Libraries

In support of the Pensacola State College mission, the Library provides academic and social spaces to promote educational, vocational, cultural, technological, and lifelong learning opportunities.

Resources include the on-line catalog, interlibrary loan, books, e-books, research databases, and full-text magazine articles on the library website at pensacolastate.edu/library/. A Pensacola State College ID is required to access web-based resources.

Each campus library furnishes photocopy machines and computers. A PirateMail account is required for a student to access any library computer. Copying and printing services require a valid PSC ID.

The Library offers two college credit courses: LIS 2005 Information and Internet Research and LIS 1004 Introduction to Internet Research. Library computers are equipped for visually impaired students and the library website is ADA compliant.

Regular Library Hours

Milton

South Santa Rosa and Century Centers

Librarians provide workshops at these facilities when requested by faculty. Two mornings a week, a librarian is on site at the South Santa Rosa Center. Online materials and services are available to students at these locations as well as phone, email, and Ask-A-Librarian research assistance.

**For holiday closures and extended hours call (850) 484-2001. For hours at the South Santa Rosa Center call (850) 471-4630. For hours at the Century Center call (850) 471-4622.*

TECHNOLOGIES

eLearning (Distance Learning)

Pensacola State College is committed to providing every student with a consistent, comprehensive, and user friendly eLearning environment to maximize scheduling flexibility and to reduce travel time.

Most eLearning opportunities are college credit courses that are part of a baccalaureate, Associate in Arts, or Associate in Science degree program of study. These courses cover the same material at the same level of academic rigor as in the traditional classroom environment; however, most students find online learning to be more challenging than classroom learning. Developmental education courses and Career Certificate (Vocational Certificate)

clock hour courses are not available through eLearning. The student utilizing VA benefits should contact the Veterans Services office in Building 6 on the Pensacola Campus or by email at veterans@pensacolastate.edu to discuss using VA benefits for online coursework.

The extent to which a student may engage in eLearning is described in the following course models.

Distance Learning: Distance learning courses, also referred to as “online” courses, require no on-campus visits. Pensacola State College offers 2 types of online courses: **Live Online** and **Traditional Online**.

A **Live Online** class is scheduled like a traditional face-to-face class with the same content and experiences. The difference is that students and professor are not in the same location. Students in a Live Online class must login to the class via the internet during the scheduled day(s) and time(s). Students see and hear the instructor and classmates and participate in the class virtually. Reliable internet access, a webcam, and a microphone are required. Live Online is sometimes called Synchronous Online.

A **Traditional Online** class is not scheduled during specific days and times. Although students may complete the coursework when they desire, they must make certain to meet all deadlines established by the professor. Reliable internet access is required. Traditional Online is sometimes called Asynchronous Online.

Note: Although no on campus visits are required for a Live Online or Traditional Online class, many instructors do require proctored testing, which the student may complete on a PSC campus or under the supervision of a mutually acceptable proctor living anywhere in the world. Section numbers for Distance Learning courses fall within the following ranges: 9500s, 9600s, 9700s, 7100s.

In **Hybrid Course** campus visits are reduced and substituted with online instruction. Hybrid courses do not carry a Distance Learning Fee. Lower level hybrid courses have section numbers in the 2400s; baccalaureate level hybrid courses have section numbers from 7000-7049.

Traditional Courses: The majority of college-credit courses now incorporate some degree of eLearning methods and technology. Although a traditional face-to-face course meets on campus for all instruction, the faculty member often includes supplemental course materials via the internet.

Important things to do prior to registration

1. Visit the Pensacola State College eLearning website for additional information: www.pensacolastate.edu/elearning.
2. Request access to and complete the eLearning Course Preview on the eLearning website.

For questions regarding eLearning at Pensacola State College call (850) 484-1238 or email elearning@pensacolastate.edu.

PirateMail

Each admitted student is provided an institutional email account called PirateMail. PirateMail is the official method of communication to the student from the College. The student should activate the PirateMail account within a week of admission and is expected to check the PirateMail accounts at least once per week, more often during a registration period. See complete details regarding PirateMail in this *College Catalog*. Pensacola State College provides every student an email account through the PirateMail system. **PirateMail is the primary method of communication with Pensacola State College credit seeking students.** The PirateMail account becomes available to the credit-seeking student one business day after the application or re-application has been processed. Each student is responsible for activating the PirateMail account and accessing emails from the

College. The expectation is that the student will access the PirateMail account at least once per week and more often during a registration period. Failure to access the PirateMail account and read communications from the College will not be grounds for an appeal of any action taken by the College or any requirement established by a faculty member when that information has been communicated to a student by PirateMail. The PirateMail account will remain active throughout a student's enrollment and for three terms after the last term of attendance.

COLLEGE CLOSING

Due to unanticipated circumstances or in situations beyond the control of the College, the College may be closed. The College makes every effort to notify all students in a timely manner when a College closure will take place. Days during a College closure are considered non class days for instructional purposes.

DEVELOPMENT EDUCATIONAL PROGRAM

Developmental education is instruction through which a high school graduate may attain the communication and computation skills necessary to successfully complete college credit instruction.

The College offers developmental education courses in English, reading, and mathematics. According to the Florida Administrative Code, an entering student who is not exempt from common placement testing and developmental education must take Florida's placement test, the PERT (Postsecondary Education Readiness Test). A non-exempt student whose PERT scores in English, reading, or mathematics fall below the minimum in these areas must take developmental education courses.

Per s.1008.30, F.S., the following students are **exempt** from the requirement to take the common placement test and to enroll in developmental education:

1. Students who entered Grade 9 in a Florida public school in 2003-2004 or thereafter and earned a Florida standard high school diploma; and
2. Students who are serving as active duty members of any branch of the United States Armed Services.

However, a student who is not required to take the common placement test nor to enroll in developmental education courses may choose to be assessed and enroll in developmental education instruction.

A student who is not exempt from common placement testing and who tests into developmental education and subsequently enrolls in developmental courses must successfully complete the required developmental education courses by the time he or she has accumulated 12 credit hours of college coursework or must maintain continuous enrollment in developmental coursework each term until the requirements are completed while performing satisfactorily in the degree earning coursework. A student who is required to take two or more developmental education courses must also complete SLS 1001 College Success.

Developmental education courses do not satisfy any requirements for graduation. Each developmental education course is designated in the course description to indicate the number of college preparatory (c.p.) credits awarded. For assistance in college credit course selection or for additional information about this state requirement, contact an advisor.

In accordance with Florida law, a student may use Adult Education, Adult Secondary Education, private provider instruction, or approved documented student achievements as an alternative to traditional developmental education instruction. For information on these options, contact Dr. Mike Walker in the Mathematics and Computer Sciences Department at (850) 484-1128 or Dr. Tracy Peyton in the English and Communications Department at (850) 484-1400.

Prior Learning Assessment (PLA)

A student may earn credit for knowledge and skills gained outside the traditional classroom. On-the-job training, travel experiences, self-study, apprenticeship, and other similar life experiences may be translated into equivalent college or vocational credit. Only training and experiences in areas corresponding directly to Pensacola State College coursework will qualify for PLA credit; PLA credit will not be awarded for skills and experiences in areas not taught currently at the College. PLA credits awarded will be based on a portfolio review and will appear on the official Pensacola State College transcript in the same manner as other external credits. In all cases, no more than 25% of the student's degree may be earned through PLA credits. Additional restrictions may apply to certain programs and courses. Questions and concerns regarding the Prior Learning Assessment process should be directed to the Office of the Vice President, Academic and Student Affairs, at (850) 484-1706.

EXCESS CREDIT HOURS

Florida Statute establishes an excess hour surcharge for a student seeking a baccalaureate degree at a state university. It is critical that students, including those entering Florida State colleges, are aware of the potential for additional course fees.

Excess hours are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 144 credit hours ($120 \times 120\%$).

All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or transfer program early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats as well as enrollment in courses non-essential to the intended major may contribute to a potential excess hours surcharge.

ACADEMIC HONESTY

Plagiarism and academic cheating are serious offenses. A faculty member may take action against any student who is suspected of plagiarism or academic cheating. The action taken may be the awarding of a failing grade on the assignment in question or withdrawal from the course with the assignment of an Early F. A student who disputes the allegation of plagiarism or academic cheating may discuss the situation with the faculty member. If the student does not reach resolution after discussion with the faculty member, the student may discuss the situation with appropriate academic officers beginning with the department head and the appropriate dean.

Plagiarism involves presenting the work, words, or ideas of another student or writer without proper citation, even if unintentionally. Presenting someone else's work as your own, even if in your own words is plagiarism. It is plagiarism if the work you present is derived from the work of any other person, including, among others, any other student or College faculty member. It is plagiarism if the work you present is derived from any work, including among other things, any work of a literary, musical, dramatic, pictorial, graphic, sculptural, motion picture, sound recording, audiovisual or architectural nature, and regardless of the medium in which it is fixed, whether written, stored electronically, or in any other form by which it can be perceived, reproduced, or otherwise communicated, either directly or with the aid of a machine or device. Presenting plagiarized work as your own may also constitute infringement under Federal copyright laws (Title 17 U.S.C.).

STANDARDS OF ACADEMIC PROGRESS

College Credit Programs

The regulations regarding academic progress apply to all credit students regardless of the beginning date of attendance. In determining academic progress, all credits are combined: college and developmental education or college preparatory. Transfer courses and courses taken for audit will not be included in the determination of academic standing. Attempted is defined as any course in which a student has processed an official registration and in which a student remains enrolled after the schedule adjustment period excluding any course for which a student receives a refund. A student's academic standing is determined at the end of the term in which the 13th hour is attempted. At the end of that term and every term thereafter, a student must have earned credit in one-half of all hours attempted and have a cumulative grade point average dependent upon those attempted hours as follows:

Attempted Hours	Completion Requirements	Minimum GPA
13 to 35	One-half of total hours attempted	1.50
36 to 45	One-half of total hours attempted	1.75
46 or more	One-half of total hours attempted	2.00

See the Grading Policy for an explanation of cumulative grade point average calculation; however, the GPA referred to here is a combined GPA of all courses regardless of level (college, vocational, developmental/preparatory).

Good Standing

A student is in good standing when the above requirements are met.

Academic Warning

A student is considered to be in good standing while in the warning status.

Academic Probation

A student will be placed on academic probation, after being on warning, at the end of a term if any one of the conditions in the above table is not met.

Academic Suspension

A student will be suspended, after being on probation, if any one of the conditions in the above table is not met.

Suspension Waiver

A student may request approval to re-enroll after suspension by filing a formal appeal to the Student Academic Appeals Committee. Appeal procedures may be obtained in the Registrar's Office. If approved, the student will be permitted to enroll in a status of Suspension Waiver and is expected to complete all classes attempted with grades of C or better. In some instances, the Committee will establish additional enrollment conditions. If disapproved, the student may be dismissed. See Academic Dismissal.

Academic Dismissal

If the conditions of the Suspension Waiver are not met, the student may be dismissed for one term. A student may appeal a dismissal to the Student Academic Appeals Committee. If approved, the student will re-enroll in the status of Suspension Waiver. If disapproved, the student will be required to sit out for one term.

Committee disapproval may be appealed to the Vice President, Academic and Student Affairs.

Clock Hour Programs

Satisfactory progress is evaluated at the end of each grading period after grades are posted and evaluated. In order for a student to meet satisfactory academic progress in a clock hour certificate program, both qualitative and quantitative conditions must be satisfied.

Qualitative

GPA: The student must maintain a GPA of at least 2.0 in all clock hour courses. All terms of clock hour attendance will be included in the GPA evaluation. Individual clock hour programs may require a higher minimum GPA.

Quantitative

Progression: The student must successfully complete at least 67% of the clock hours attempted in a grading period. Progression is defined as the ratio of clock hours completed to clock hours attempted in a program during the scheduled weeks of attendance.

Attempted is defined as any course in which a student has processed an official registration and in which a student remains enrolled after the schedule adjustment period. Any course for which a student receives a refund will be excluded.

Good Standing

A student is meeting satisfactory progress when the above qualitative and quantitative requirements are met.

Academic Warning

If a student fails to meet the qualitative or quantitative requirements, the student will be considered under satisfactory academic progress warning.

Academic Suspension

A student will be suspended, after being on warning, if either qualitative or quantitative conditions are not met in the warning period. The warning period is usually one term.

Clock Hour Suspension Waiver

A student may request approval to re-enroll after suspension by filing a formal request for a Suspension Waiver to the Student Academic Appeals Committee. Appeal procedures may be obtained in the Registrar's Office. If approved, the student will be permitted to enroll in a status of Clock Hour Suspension Waiver and is expected to complete all classes attempted with grades leading to a GPA of 2.0 or better. In some cases, the required grade point average may be higher than 2.0 in order for the student to have the required grade point average to graduate within the specified time frame. Additionally, the Committee may establish additional enrollment conditions. If disapproved, the student may be dismissed. See Academic Dismissal.

Academic Dismissal

If the conditions of the Clock Hour Suspension Waiver are not met, the student may be dismissed. A student may appeal a dismissal to the Student Academic Appeals Committee. If approved, the student will re-enroll in the status of Clock Hour Suspension Waiver. If disapproved, the student will be required to sit out for one term. Committee disapproval may be appealed to the Vice President, Academic and Student Affairs.

Transfer Students

Individuals requesting that hours be transferred to Pensacola State College for a clock hour certificate program must have successfully completed those hours within the previous four (4) years of entering Pensacola State College. The College will evaluate transfer hours on a case-by-case base with a requirement of at least 25% of a program being completed at Pensacola State College. Transfer hours must be evaluated and awarded prior to enrollment and the calculation of potential federal and state aid.

Good Standing

A student is in good standing when the above requirements (completion and minimum GPA) are met.

Academic Warning

A student will be placed on academic warning at the end of a term if any one of the conditions in the above table is not met. A student is considered to be in good standing while in the warning status.

Academic Probation

A student will be placed on academic probation, after being on warning, at the end of a term if any one of the conditions in the above table is not met.

Academic Suspension

A student will be suspended, after being on academic probation, at the end of a term if any one of the conditions in the above table is not met.

Suspension Waiver

A student may request approval to re-enroll after suspension by filing a formal appeal to the Student Academic Appeals Committee. Appeal procedures may be obtained in the Registrar's Office. If approved, the student will be permitted to enroll in a status of Suspension Waiver and is expected to complete all classes attempted with grades of C or better. If disapproved, the student may be dismissed. See Academic Dismissal.

Academic Dismissal

If, after being permitted to re-enroll in the status of Suspension Waiver, a student does not meet the conditions established by the Student Academic Appeals Committee, the student may be dismissed for one term. A student may appeal a dismissal to the Student Academic Appeals Committee. If approved, the student will re-enroll in the status of Suspension Waiver. If disapproved, the student will be required to sit out for one term. Committee disapproval may be appealed to the Vice President, Academic and Student Affairs.

PROGRAMS OF STUDY

SECTION V: PROGRAMS OF STUDY

DEGREES AND PROGRAMS

Pensacola State College offers a wide variety of academic programs to the residents of the College's service area. The focus of each program is to assist each student reach his or her educational or career goals.

The College offers baccalaureate degrees that prepare the student for a career or for career advancement in a business or healthcare field. Baccalaureate courses are available at a variety of times and in a variety of learning environments including online, hybrid, and face-to-face in order to accommodate both the full-time student as well as the working professional who is enrolled part-time.

Several Advanced Technical Certificates (ATCs) are available for the student who has completed an associate degree and wishes to gain specialized knowledge and earn an additional academic credential. In some cases, coursework required for an ATC articulates into an appropriate baccalaureate program at Pensacola State College allowing the student to move easily from an ATC into a baccalaureate degree program.

The Associate in Arts (AA) degree prepares the student for transfer into a baccalaureate degree program. Advising tracks are available to assist each student with identifying appropriate courses for the intended four-year degree. A student earning the Associate in Arts degree may remain at Pensacola State College to complete a baccalaureate degree or transfer seamlessly to any state college or university in the state of Florida system.

Associate in Science (AS) degrees are specialized programs that prepare a student to enter a career field. These programs allow the student to gain career-specific information with an abbreviated general education curriculum; therefore, the Associate in Science degree focuses mainly on coursework specific to the discipline of the program. Associate in Science programs are built around curriculum frameworks produced by the Florida Department of Education. Personnel from each program coordinate with an Advisory Council of local professionals to ensure that the program includes current information as well as marketable skills. Associate in Science programs do not have guaranteed transfer to universities; however, many AS programs will transfer into Pensacola State College baccalaureate programs.

A number of college credit certificate (CCC) programs are available for the student who wishes to learn specific skills or information and earn an academic credential. These programs are limited only to courses needed to deliver the knowledge that is specified in the curriculum frameworks provided by the Florida Department of Education. Most college credit certificates are embedded in AS programs, enabling a student to complete the CCC while progressing toward the AS degree.

Applied Technology Diploma (ATD) programs prepare the student for immediate entry into a career. These programs require prescribed technical courses. Most credits earned in ATD programs will transfer into AA or AS programs.

Career Certificate or Vocational Certificate (VC) clock hour programs include instruction in required skills as specified in the Florida Department of Education curriculum frameworks to prepare the student for entry into the workforce. Career certificates are closely tied to the local workforce needs and offer a student a quick path to employment.

Developmental education courses enable a student to attain the skills in communication and computation that are necessary for success at the college level. Once the necessary developmental education coursework in a subject area is complete, the student is

prepared to enroll in college level courses that require placement at the college level.

Adult education courses are available to any adult wishing to improve basic academic skills, prepare for the General Education Development exams, or learn English. Adult education courses are non-credit courses and are available at a variety of times and locations.

BACCALAUREATE DEGREES

The Marjan Mazza Bachelor of Applied Science degree in Business and Management, the Bachelor of Applied Science in Cybersecurity, and the Bachelor of Science in Nursing degrees are baccalaureate programs designed to accommodate the unique demands for entry and advancement within specific workforce sectors. These programs provide degree completion opportunities for the student from any of a variety of educational backgrounds but are primarily designed for the student with an earned associate degree.

Per Florida Administrative Code 6A-10.030, prior to entry into the upper division, a student must complete with a grade of C or higher ENC 1101, ENC 1102, and 6 semester hours of additional coursework designated as writing emphasis (12 semester hours of writing emphasis coursework). In addition, a student must complete 6 semester hours of mathematics coursework, with a grade of C or higher, at the level of College Algebra or above. These 18 semester hours of writing emphasis and mathematics coursework count toward the 36 credit hour general education curriculum each baccalaureate student must complete. Each baccalaureate student must also satisfy the foreign language requirement and civic literacy requirement as defined in the general education section of this *College Catalog*.

Excess Hours Advisory Statement

Florida Statute establishes an excess hour surcharge for a student seeking a baccalaureate degree at a state university. It is critical that students, including those entering Florida state colleges, are aware of the potential for additional course fees.

Excess hours are defined as hours that go beyond 120% of the hours required for a baccalaureate degree program. For example, if the length of the program is 120 credit hours, the student may be subject to an excess hour surcharge for any credits attempted beyond 144 credit hours (120 x 120%).

All students whose educational plan may include earning a bachelor's degree should make every effort to enroll in and successfully complete those courses that are required for their intended major on their first attempt. Florida college students intending to transfer to a state university should identify a major or transfer program early and be advised of admission requirements for that program, including the approved common prerequisites. Course withdrawals and/or repeats as well as enrollment in courses non-essential to the intended major may contribute to a potential excess hours surcharge.

BACCALAUREATE DEGREE PROGRAMS

Marjan Mazza Bachelor of Applied Science in Business and Management

The Marjan Mazza Bachelor of Applied Science (BAS) in Business and Management includes seven areas of concentration: Entrepreneurship, Graphic Design Management, Health Care Management, Human Resource Management, Organizational Administration, Project Management, and Public Safety Management. These concentrations were selected based on need assessments, employer demand for graduates, economic development trends, projected job growth, and student interest.

Admission requires an Associate in Science degree, an Associate in Arts degree, or at least sixty (60) credits in a related discipline including at least fifteen (15) credit hours of transferable general education coursework.

For Associate in Science graduates, additional general education credits are required to complete the 36 credit hour general education requirement of Pensacola State College.

MARJAN MAZZA BACHELOR OF APPLIED SCIENCE IN BUSINESS AND MANAGEMENT, ENTREPRENEURSHIP (ENT-BAS)

The Marjan Mazza Bachelor of Applied Science in Business and Management, Entrepreneurship Concentration degree program provides access to the student who already has skills in a technical area and wishes to advance to a higher level supervisory and management position within business, industry, and governmental organizations. The upper-level coursework will broaden the student's knowledge in applied management practices and will prepare the student for supervisory and management opportunities within his or her chosen field. The preferred associate degree pathway is the Associate in Science in Business Administration. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Each baccalaureate student must complete the 36 credit hour general education curriculum. Prior to entry into the upper division, a student must complete, with a grade of C or higher, ENC 1101, ENC 1102, and 6 semester hours of additional coursework designated as writing emphasis. In addition, a student must complete 6 semester hours of mathematics coursework, with a grade of C or higher, at the level of College Algebra or above.

Each baccalaureate student must meet the foreign language and civic literacy requirements as defined in the general education section of this *College Catalog*.

Lower level degree requirements (21 cc)

Students must complete 21 credit hours of common prerequisite coursework at the lower level.

CET 2614C	Cisco CCNA Security	3 cc
COP 1510	Programming Concepts	3 cc
CTS 1300C	Administering Microsoft Windows Workstation	3 cc
CTS 1390C	Install & Configure Windows Server	3 cc
CTS 2120C	Security +	3 cc
CTS 2149	Fundamentals of Project Management	3 cc
CTS 2318	Information Security Management	3 cc

Lower level coursework in any field (21 cc)

Students must complete 21 credit hours of coursework at the lower division (1000 and 2000 level courses in any field).

Required core courses (21 cc)

CGS 3812	Business Continuity and Disaster Recovery	3 cc
CIS 3361	Security Testing and Auditing	3 cc
CIS 3615C	Secure Software Development	3 cc
CIS 4253	Ethics in Information Technology	3 cc
CIS 4385	Computer Forensics and Investigations	3 cc
CIS 4512	Information Security and Risk Management	3 cc
CIS 4596	Cybersecurity Capstone	3 cc

Required concentration courses (21 cc)

CIS 3367C	Operating Systems Security	3 cc
-----------	----------------------------	------

CIS 4201	Laws and Legal Aspects of Information Technology	3 cc
CIS 4357	Advanced Security Practitioner	3 cc
CNT 3411	Security Operations	3 cc
CNT 3421	Securing the Cloud	3 cc
CIS 3122C	Cybersecurity Analyst	3 cc
ISM 4314	Project and Change Management for Information Technology	3 cc

Total Credit Hours: 120

BACHELOR OF APPLIED SCIENCE IN CYBERSECURITY, CYBER FORENSICS (CYFO-BAS)

The Cyber Forensics Concentration of the Bachelor of Applied Science in Cybersecurity degree program provides access to the student who already has skills in a technical area and wishes to advance to higher level supervisory and management positions within business, industry, and governmental organizations. The upper-level coursework will broaden the student's knowledge in applied cyber forensic practices and will prepare the student for supervisory and management opportunities within his or her chosen field. The preferred associate degree pathway is the Associate in Science in Cyber Forensics. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

BACHELOR OF SCIENCE IN NURSING (NUR-BSN)

The Bachelor of Science in Nursing (RN to BSN) degree program is designed to prepare the graduate of an Associate Degree in Nursing (ADN) program who holds a Registered Nursing (RN) license with additional skills in management, leadership, theory, research, and evidence-based practice to succeed and be promoted within the nursing profession. The BSN graduate will be qualified for supervisory jobs such as nurse manager and other advanced bedside clinical care jobs. The BSN graduate is also qualified to pursue a master's degree in nursing. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Requirements for Progression

1. Grade of C or higher in courses in the curriculum;
2. Current CPR certification at the Health Care Provider level (American Heart Association); and,
3. Satisfactory level of mental and physical health, including current immunizations, Hepatitis B vaccinations, yearly TB testing, and ability to meet course requirements for practicum experiences.

The student who does not meet progression requirements will be withdrawn from the RN to BSN program and must apply for readmission.

Applicants to the RN to BSN program will be admitted with varying levels of experience and education. Depending upon the number of general education requirements completed at the time of admission, an entering RN to BSN student can complete the nursing core courses in 3, 4, or 5 terms. Therefore, it is important that each student meet with the College personnel to plan an individualized course of study.

Total Credit Hours: 120

UNIVERSITY OF FLORIDA AT PENSACOLA STATE COLLEGE

The University of Florida (UF) offers two Bachelor of Science degree programs on the Pensacola State College Milton Campus: Natural Resource Conservation and Plant Science with a specialization in Landscape and Nursery Horticulture. Earning a degree from the University of Florida, Milton Campus is no different from earning a degree from the Gainesville campus.

Natural Resource Conservation is a degree program that provides graduates with expertise in the management and conservation of our natural heritage, from forests and wildlife to water and soil. This program covers many different fields including ecology, biology, geology, management, and economic aspects of natural resources. Natural Resource Conservation students meet with a UF advisor to develop personalized programs of study, according to their areas of interest by utilizing elective choices in wildlife, forestry, biology, marine biology, ecotourism and environmental studies. Some areas of specialization include forestry, soils, coastal and wetland ecology, environmental law, and geographic information computer systems. Students may also choose to minor in Wildlife Ecology and Conservation, Environmental Horticulture, or Soil and Water Science. Natural Resource Conservation graduates find employment in government agencies, consulting firms, and environmental education programs and pursue careers as Ecologists, Environmental Educators, Fisheries Specialists, Environmental Consultants, GIS Specialists, Environmental Lawyers or Consultants, Research Technicians, Park Rangers and Restoration Specialists.

Plant Science: Specialization in Landscape and Nursery Horticulture is a field of study that deals with the art and science of breeding, propagating, installing, and maintaining plants that are used to enhance and improve the human environment. In this sustainable field, students can be creative, work outdoors, and improve the urban environment. Landscape and Nursery Horticulture represents a diverse field including Ornamental Horticulture, Plant Biotechnology, Plant Conservation, Landscape Design, Floriculture, and Nursery Management. Students learn about the cutting edge of technology in plant science. This degree blends knowledge in business, plant science, and the environment, allowing students to focus on their interests and to prepare them for a career in the horticultural industry. Students apply principals of biology, botany, business, chemistry, mathematics, and education to growing and using plants in all areas of life. This degree provides the skills and training for employment in Florida's diverse environmental horticulture industry, including theme parks, nursery industries, and landscape management firms. Graduates look forward to careers as nursery managers/owners, landscape designers, garden magazine journalists, environmental restoration consultants, extension specialists, plant breeders/inspectors, and municipal horticulturists. The Plant Science Degree program is administered by the University of Florida's College of Agricultural and Life Sciences. Students may also choose to minor in Wildlife Ecology Conservation and/or Soil and Water Science. Graduates of these programs receive salaries that are among the highest within these industries. Career opportunities include work with forestry, ecologists, biologists, golf courses, athletic fields, lawn care companies, parks, fisheries, environmental consulting firms, GIS specialists, environmental lawyers, research facilities, agrichemical industries, theme parks, botanical gardens, environmental consulting firms, sod farms and governmental agencies, as well as preparation for graduate school.

Admission to University of Florida, Milton Campus

Admission to the UF programs requires an Associate in Arts degree. The AA degree will be accepted by UF, as long as students met the proper prerequisites for their desired program at UF. Students first enroll in Pensacola State College and complete an AA degree that includes the prerequisites specific to their program of interest. Once the AA is completed, students are eligible to apply

for admission to UF. The UF faculty and staff reside in the local area and deliver this seamless four-year transfer degree program along with other statewide faculty with expertise in a broad range of subjects. The UF programs, faculty, and staff on the Milton Campus are all part of the West Florida Research and Education Center, The Institute of Food and Agricultural Sciences, and the College of Agriculture and Life Sciences. Students admitted to a UF program on the Milton Campus are members of the UF student body and their diploma is conferred by UF.

Students are highly encouraged to seek counseling and instruction from the University of Florida Academic Coordinator on the Milton Campus in order to facilitate a smooth transition from Pensacola State College to UF.

Scholarships

Scholarship opportunities are available for Pensacola State College students enrolled in these programs while attending Pensacola State College via the 2+2 Scholarship for High School Students. For more information on this scholarship opportunity, please contact the Dean, Milton Campus, at (850) 484-4463.

After admission to UF, additional scholarships and grants are available. As a student of UF, most scholarships and grants are considered automatic with a completed on-time FAFSA. Some require a separate application and can be found on the SFA site at www.sfa.ufl.edu/ under the Scholarship Forms Section. Departmental scholarships (such as CALS awards), are both academic and merit based and awarded by the academic departments themselves. Each academic department at UF has its own criteria and guidelines for specific scholarships. Students should also visit the UF Foundation site at www.uff.ufl.edu/. It lists all other UF endowed scholarships by department. Lastly, a few specific transfer scholarships awarded by the Office of Undergraduate Affairs are found on this site at undergrad.aa.ufl.edu/scholarships/. Please contact (850) 983-7138 for more information.

ADVANCED TECHNICAL CERTIFICATES

Several Advanced Technical Certificates (ATCs) are available for the student who has completed an associate degree and wishes to gain specialized knowledge and earn an additional academic credential. In some cases, coursework required for an ATC articulates into an appropriate baccalaureate program at Pensacola State College allowing the student to move easily from an ATC into a baccalaureate program.

The interested student should contact the appropriate department program contact for more information.

Culinary and Hospitality Management

BAKING AND PASTRY MANAGEMENT ADVANCED TECHNICAL CERTIFICATE (BAKE-ATC)

The Advanced Technical Certificate in Baking and Pastry Management is designed for the student who has earned an Associate in Science degree in Culinary Management and has an interest in increasing his or her knowledge in confectionary artistry. The Advanced Technical Certificate in Baking and Pastry is a 15 credit hour program.

CERTIFICATE REQUIREMENTS

Required Courses (15 cc)

FSS 2052C	Specialty Breads	3 cc
FSS 2055C	Contemporary Cakes and Desserts	3 cc
FSS 2057C	Individual and Production Pastries	3 cc
FSS 2058C	Confectionary Art and Principles of Design	3 cc
FSS 2059C	Chocolates and Confections	3 cc

Business and Management

An Advanced Technical Certificate (ATC) is a program of study for a student who has completed an associate degree and chooses to obtain additional skills. Each baccalaureate level ATC includes between 24 and 33 credit hours of coursework, the majority of which are at the baccalaureate level, that articulate into the Bachelor of Applied Science in Supervision and Management degree.

Program Contact:

Dr. Barbara Rodriguez

Department Head, Business

(850) 484-2504

brodriguez@pensacolastate.edu

HUMAN RESOURCE MANAGEMENT ADVANCED TECHNICAL CERTIFICATE (HRM-ATC)

The Advanced Technical Certificate in Human Resource Management is designed for the student with an interest in increasing his or her knowledge in issues related to human resources and management. Admission requires an associate degree from a regionally-accredited college. The preferred academic pathway into this ATC is the Associate in Science in

Business Administration. Any applicant from any other academic pathway will be required to complete MNA 1300 Human Resources Management, MAN 2021 Principles of Management, and COM 2100 Business Communication prior to enrolling in this program.

The admissions process for this ATC follows the baccalaureate admissions process.

For more information or for academic advising, contact the Business Department at (850) 484-2504.

PROJECT MANAGEMENT ADVANCED TECHNICAL CERTIFICATE (PM-ATC)

The Advanced Technical Certificate in Project Management is for students with an interest in increasing their knowledge in project management. Admission requires an associate degree from a regionally-accredited college. The preferred academic pathway into this ATC is the Associate in Science in Business Administration. An applicant from any other academic pathway will be required to complete MNA 1300 Human Resources Management, MAN 2021 Principles of Management, COM 2100 Business Communications, and three credit hours of accounting (ACG prefix) before entering this program.

The admissions process for this ATC follows the baccalaureate admissions process.

For more information or for academic advising, contact the Business Department at (850) 484-2504.

PERIOPERATIVE NURSING ADVANCED TECHNICAL CERTIFICATE (PERI-ATC)

The Advanced Technical Certificate in Perioperative Nursing is designed for the registered nurse who has no previous experience in the Operating Room. After earning this certificate, the nurse is prepared to practice independently at the beginning level in a perioperative position. Course content includes knowledge and skills required to provide care to patients having surgical intervention during the perioperative, intraoperative, and postoperative periods. Emphasis will be placed on performing those functions directly related to scrubbing and circulating for selected surgical procedures.

NSP 2290C	Perioperative Nursing	9 cc
-----------	-----------------------	------

GENERAL EDUCATION

General Education at Pensacola State College provides the student with a broad range of knowledge and skills that have enduring value, no matter what path in life a student pursues. The foundation built through the general education courses prepares individuals not only for a baccalaureate or associate degree but for lifelong learning as well.

All baccalaureate and associate degree programs at the College include a general education component, which is a substantial part of each degree. Thirty-six credit hours of general education courses are required in the Marjan Mazza Bachelor of Applied Science in Business and Management, the Bachelor of Applied Science in Cybersecurity, the Bachelor of Science in Nursing, and the Associate in Arts degree. Associate in Science degrees require a minimum of 15 college credit hours of general education courses.

The general education requirements at Pensacola State College are designed to ensure breadth of knowledge. Coursework in Communications, Humanities, Mathematics, Natural Sciences, and Social Sciences is required. No course in the general education program narrowly focus on skills, techniques, or procedures specific to a particular occupation or profession; instead, general education courses serve as an introduction to a wide range of knowledge and a broad overview of various disciplines and subject matters.

Global Learning Outcomes

Each student who completes the general education program at Pensacola State College will have achieved the following outcomes:

1. **CRITICAL THINKING:** Evaluate the validity of ideas, principles, or data according to logically consistent standards.
2. **COMMUNICATION:** Effectively communicate knowledge and ideas.
3. **SCIENTIFIC AND MATHEMATICAL LITERACY:** Properly identify and apply scientific or mathematical principles and methods.
4. **INFORMATION LITERACY:** Effectively locate, evaluate, and apply information from a variety of sources.
5. **CULTURAL LITERACY:** Demonstrate an understanding of human culture and its diversity.

GENERAL EDUCATION REQUIREMENTS

The student seeking a baccalaureate or the Associate in Arts degree must complete 36 college credit hours of General Education Coursework as indicated in the following table.

General Education Category	College Credits Required
Communications	6 cc
Humanities	6 cc
Mathematics	6 cc
Natural Sciences	6 cc
Social Sciences	6 cc
General Education Electives	6 cc

Communications (6 cc)

Required core course

ENC 1101	English Composition I	3 cc
----------	-----------------------	------

Required general education course

ENC 1102	English Composition II	3 cc
----------	------------------------	------

Communications electives

CGS 1570	Computer Concepts and Applications	3 cc
LIS 2005	Information and Internet Research	3 cc

MMC 2000	Survey of Mass Communication	3 cc
SPC 1608	Public Speaking	3 cc

EUH 1001	European History II	3 cc
EUH 2010	A History of Greece and Rome	3 cc
GEA 2000	World Regional Geography	3 cc
HLP 1081	Concepts of Life Fitness	3 cc
INR 2002	Introduction to International Relations	3 cc

General Education Electives (6 cc)

Each student must choose any two additional general education courses from the general education courses listed.

GENERAL EDUCATION (BACCALAUREATE PROGRAMS AND ASSOCIATE IN ARTS PROGRAM)**Minimum Grades**

The student in an Associate in Arts (AA) degree program must maintain an overall GPA of 2.0 or higher and must earn a minimum grade of C or better in each course meeting a general education writing emphasis requirement and in each mathematics course meeting the general education requirement. An overall GPA includes the Pensacola State College cumulative GPA as well as any transfer courses earned prior to enrollment at Pensacola State College.

Non-Traditional Credits

An AA student may not earn more than 15 credit hours of the general education coursework through non-traditional credits. Non-traditional credits include the following: credits earned through CLEP, departmental exemption examination, Prior Learning Assessment (PLA), and all other credits described in Non-Traditional Credits section.

Civic Literacy Requirement

Each student who initially enters a Florida College or state university in the 2018-2019 school year and thereafter and who anticipates earning an Associate in Arts degree or a baccalaureate degree must demonstrate competency in civic literacy. This civic literacy requirement may be met by successful completing of AMH 2020 American History from 1877

OR

POS 2041 American National Government

OR

US Citizenship and Immigration Services Naturalization Test - a grade 60 or above

Civics (U.S. history and government) with supplemental questions

AP Government and Politics: United States - a score of 3 or above

AP United States History - a score of 4 or above

CLEP: American Government - a score of 50 or above

Foreign Language Requirement

A student who is enrolling in college for the first time (not a transfer student) in Fall 2014, or thereafter, and anticipates earning a baccalaureate degree or an Associate in Arts degree must meet the foreign language requirement. The foreign language requirement may be met with two years of the same foreign language in high school, two terms of the same foreign language in college, the second term of a freshman-level foreign language course, or appropriate scores on an external test for a foreign language.

An alternate method for students to demonstrate equivalent foreign language competence is by credit awarded on the basis of scores on the foreign language subject matter examinations in the College Level Examination Program (CLEP) as indicated in 6A-10.024(5)(b), F.A.C., which shall count toward the eight to ten term hours. The examination, minimum scores for awarding credit, and maximum credit to be awarded are as follows:

Examination	Minimum Score	Credit Awarded
French	59	6 cc
German	60	6 cc
Spanish	63	6 cc

A student who received an Associate in Arts degree prior to September 1, 1989, or who enrolled in a program of studies leading

to an Associate in Arts degree from a Florida state college prior to August 1, 1989, and has maintained continuous enrollment shall be exempt from this admissions requirement. Any lower division student admitted without meeting the foreign language requirement must earn such credits prior to admission to the upper division of a state university. Any Associate in Arts degree graduate from a public community college admitted without meeting the foreign language requirement must earn such credits prior to graduation from a state university.

College-Level Communication and Computation Skills

Per Florida Administrative Code 6A-10.030, prior to receipt of an Associate in Arts degree or prior to entry into the upper division of a public university or college, a student must successfully complete, with a grade of C or higher, the following: 6 semester credit hours of English coursework (ENC 1101 and ENC 1102) and 6 semester credit hours of additional coursework in which the student is required to demonstrate college-level writing skills through multiple assignments. PSC designates such courses Writing Emphasis courses. In addition, a student must complete 6 semester credit hours of mathematics coursework at the level of college algebra or higher. The College-Level Communication and Computation Skills requirement was formerly referred to as the Gordon Rule.

Writing Emphasis Courses

AMH 2010	American History to 1877	3 cc
AMH 2020	American History from 1877	3 cc
AML 2010	American Literature to 1870	3 cc
AML 2020	American Literature from 1870	3 cc
AML 2600	African American Literature	3 cc
DAN 2100	Dance Appreciation	3 cc
ENC 1101C	English Composition I	3 cc
ENC 1102	English Composition II	3 cc
ENL 2012	English Literature to 1800	3 cc
ENL 2022	English Literature from 1800	3 cc

ASSOCIATE IN ARTS DEGREE

General Studies (Liberal Arts)

The Associate in Arts, General Studies, provides a basic liberal arts education with a curriculum including general education and general electives. It includes flexibility for students to meet requirements for transfer into a baccalaureate degree program and flexibility for career exploration.

To improve articulation and reduce excess credit hours, beginning with students initially entering a Florida College System institution in 2013-2014 and thereafter, each student who is seeking an Associate in Arts degree will indicate a baccalaureate degree program offered by an institution of interest by the time the student earns 30 semester hours. The institution in which the student is enrolled shall inform the student of the prerequisites for the baccalaureate degree program offered by an institution of interest.

Students should consult with an advisor at the college or university they plan to attend for the specific courses recommended by that institution. We strongly encourage you to contact the Pensacola State College Advising Center on any campus for assistance in planning your program of study.

Program Contact:

Dr. Brenda Kelly
Senior Dean, Academic Affairs

See Choices	Any Social Sciences General Education Course	3 cc
See Choices	Any Natural Sciences General Education Course	3 cc
	Any Electives	3 cc

See general education course list for general education course options.

Term 4 (15 cc)

Any Electives	15 cc
---------------	-------

Total Credit Hours: 60

Pensacola State College has created Advising Tracks for many baccalaureate degree majors. The courses listed in the Advising Tracks include the common prerequisites required for the desired baccalaureate degree. The Associate in Arts Advising Tracks are available at www.pensacolastate.edu on the Academics page.

ASSOCIATE IN SCIENCE DEGREES WITH EMBEDDED TECHNICAL CERTIFICATES

Associate in Science degree programs are designed to prepare students for immediate entry or advancement into employment requiring specialized skills. The programs consist of at least sixty (60) credits in two basic areas. One area is specialized courses in the career area, and the second is General Education courses. General Education courses help students become well-rounded individuals capable of thinking and acting as mature, educated, and enlightened citizens.

Students working toward an Associate in Science degree are not necessarily preparing for transfer to a university. Earning one of the degrees prepares students for a career that requires study beyond high school, but does not require a four year degree. Students who have earned an Associate in Science degree may be qualified to enter into a bachelor's degree program at Pensacola State College. Students deciding to attend a university may be required to do additional work at the freshman or sophomore level. Students are encouraged to discuss career plans and seek advising assistance from a program contact or department head identified for each program.

Technical Certificates (or College Credit Certificates) consist of courses embedded in an Associate in Science degree and prepare a student for immediate employment. These certificates are listed with the associated Associate in Science degree.

General Education Requirements

Minimum Grades

The Associate in Science student must maintain an overall average GPA of 2.0 or higher in work completed at Pensacola State College and must earn a minimum grade of C or better in each course meeting a general education communications requirement and in each mathematics course meeting the general education requirement. If any work has been attempted at any other institution of higher education, the grades earned at the other institution(s) combined with those grades earned at Pensacola State College must also result in a minimum cumulative grade point average of 2.0. Additionally, some individual programs require a minimum C grade in specific general education courses.

Non-Traditional Credits

The Associate in Science student may not earn more than 9 of his or her general education course credits through non-traditional means. Non-traditional credits include: credits earned through CLEP, departmental exemption exams, or PLA, and all other credits described in Non-Traditional Credits section.

Course Requirements

The student pursuing an Associate in Science degree must complete 15 college credits of general education coursework as indicated in the following table. The basic general education requirements for Associate in Science degree programs are listed below; however, certain degree programs have specified courses required to meet the general education requirements. Please refer to the degree plans on the following pages for more information.

General Education Category	College Credits Required

CULINARY ARTS COLLEGE CREDIT CERTIFICATE (CHEF-CT)

The College Credit Certificate in Culinary Arts provides the student with the practical skills necessary for employment as a culinary and restaurant employee. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Culinary Management. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

FSS 1063C	Professional Baking	3 cc
FSS 1220C	Culinary Techniques	3 cc
FSS 1222L	Culinary Production	3 cc
FSS 2224L	Classical Cuisine	3 cc
FSS 2242L	International/Regional Cuisine	3 cc
FSS 2247C	Advanced Baking	3 cc
FSS 2248C	Garde Manger	3 cc
FSS 2284C	Catering, Banquet, and Event Management	3 cc
HFT 2212	Food Service Sanitation and Safety	2 cc
HFT 2840C	Dining Room Management French Service	3 cc
HFT 2841C	Dining Room Management American Service	3 cc
HUN 1201	Elements of Nutrition	3 cc

Total Credit Hours: 35

ASSOCIATE IN SCIENCE IN CYBER FORENSICS (CYBFO-AS)

The Associate of Science degree in Cyber Forensics provides student with a broad foundation in all areas of cyber forensics and prepares students to seek employment in various business and industry fields. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

ASSOCIATE IN SCIENCE IN DENTAL HYGIENE (DH-AS)

The Associate in Science degree in Dental Hygiene provides students with a broad foundation in dental hygiene and is designed to prepare students to master clinical competencies and prepare for all of the roles of a dental hygienist. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Special Admission Requirements

Admission to this program is limited by admission requirements and the availability of clinical space. Therefore, students seeking program admission must complete applications to both the College and the program. Students should not self-advise. Courses are designed to be in sequence. Continued progress in the dental hygiene program depends upon successful completion of courses in this sequence. Application packets are available from the Health Admission Office or the Pensacola State College website at <https://www.pensacolastate.edu/>.

Admission for eligibility to the program include a minimum grade of "C" or better and 2.75 GPA on Program Specific General Education Prerequisite Courses, College Application, Health Related Programs Application, Clinical Observation Hours (3) and High School Transcript Standard Diploma.

When applicants have completed all sections of the application process and meet the minimum criteria, they will move to candidate status and are assigned a ranking number by the date on which they completed the final requirement. Students are selected in that rank order. Therefore, the sooner applicants complete the requirements, the sooner they move to candidate status and the higher their ranking on the list. Contact the Allied Health Department at (850) 484-2301 for further details. The program begins each May.

Special Program Requirements

Students must complete all courses in the Dental Hygiene curriculum with a grade of C or higher.

Program Contact:

Mitzie Sowell

Department Head, Allied Health
(850) 484-2301
msowell@pensacolastate.edu

DEGREE REQUIREMENTS

Prerequisites (18 cc)

The following courses MUST be completed with a grade of C or better to be accepted into the Dental Hygiene Program.

BSC 1093	Anatomy and Physiology I	3 cc
BSC 1093L	Anatomy and Physiology I Laboratory	1 cc
CHM 1045	General Chemistry I	3 cc
CHM 1045L	General Chemistry I Laboratory	1 cc
ENC 1101	English Composition I	3 cc
MAC 1105	College Algebra	3 cc
MCB 1000	Applied Microbiology	3 cc
MCB 1000L	Applied Microbiology Laboratory	1 cc

Term 1 (10 cc)

BSC 1094	Anatomy and Physiology II	3 cc
BSC 1094L	Anatomy and Physiology II Laboratory	1 cc
DEP 2004	Human Growth and Development	3 cc
DES 1000	Dental Anatomy	2 cc
SPC 1006	Study of Speaking and Listening	1 cc

By the end of Term 1, students must possess and maintain a Healthcare Providers CPR card, American Heart or Red Cross only. Certification

can be earned by successfully completing W 00753 CPR for Healthcare Providers.

Term 2 (14 cc)

DEH 1002	Fundamentals of Dental Hygiene	3 cc
DEH 1002L	Dental Hygiene Pre-Clinic	3 cc
DES 1010	Head and Neck Anatomy	2 cc
DEH 1130	Oral Embryology and Histology	1 cc
DEH 1720	Preventive Dentistry	2 cc
DES 1200C	Dental Hygiene Radiology I	3 cc

Term 3 (14 cc)

DEH 1400	Oral Pathology	2 cc
DEH 1800	Dental Hygiene I	2 cc
DEH 1800L	Dental Hygiene Clinic I	4 cc
DEH 1811	Dental Ethics and Jurisprudence	1 cc
DEH 2602	Periodontics	2 cc
SYG 2000	Introduction to Sociology	3 cc

Term 4 (10 cc)

DEH 1802	Dental Hygiene II	1 cc
DEH 1802L	Dental Hygiene Clinic II	3 cc
DEH 2202	Nutrition and Dental Health	2 cc
DES 1051C	Pain Management	1 cc
DES 1100C	Dental Materials	3 cc

Term 5 (14 cc)

DEH 2300	Pharmacology/Dental Office Emergencies	2 cc
DEH 2702	Dental Public Health	2 cc
DEH 2804	Dental Hygiene III	2 cc
DEH 2804L	Dental Hygiene Clinic III	5 cc
See Choices	Humanities (General Education Core Course)	3 cc

See general education course list for general education course options.

Term 6 (8 cc)

DEH 2702L	Dental Public Health Lab	1 cc
DEH 2812	Dental Hygiene IV	2 cc
DEH 2812L	Dental Hygiene Clinic IV	5 cc

Total Credit Hours: 88

ASSOCIATE IN SCIENCE IN EARLY CHILDHOOD EDUCATION (CHILD-AS)

The Associate in Science degree in Early Childhood Education provides students with a broad foundation in all areas of early childhood education and prepares students to seek employment in a childcare center, preschool program, or a home child care center. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

The Associate in Science degree in Early Childhood Education includes College Credit Certificates in:

- Early Childhood Teacher (Preschool)
- Early Childhood Intervention
- Infant/Toddler Specialization

EDF 2085 requires field experience or service learning. Check course description for more information.

Total Credit Hours: 60

Some courses require field experience or service learning. Check course descriptions for more information.

CHILD CARE CENTER MANAGEMENT SPECIALIZATION (CCMS-CT)

The College Credit Certificate in Child Care Center Management provides students with the practical skills necessary for employment in a preschool, childcare center, or home childcare. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science in Early Childhood Education degree and includes one of the courses that is required to obtain a director's credential. Some courses in this certificate program require field experience or service learning. Check course descriptions for more information. Students are strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

DEP 2001	Child Development	3 cc
EEC 1100	Introduction to Early Childhood	3 cc
EEC 2521	Childcare Management	3 cc
EEC 2401	Home and Community	3 cc

Total Credit Hours: 12

DEP2001, EEC1100, and EEC2521 are three of the courses included in the Florida Child Care Professional Credential (FCCPC). The FCCPC, awarded by the Florida Department of Children and Families, is a 12-college credit program designed to prepare students as entry-level childcare workers and teachers. It requires completion of four courses in addition to 480 hours of work and/or service-learning experience.

EARLY CHILDHOOD INCLUSION SPECIALIST (ECIS-CT)

The College Credit Certificate in Early Childhood Inclusion Specialist provides students with the practical skills necessary for employment in a preschool, childcare center, or home childcare. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science in Early Childhood Education degree. Some courses require field experience or service learning. Check course descriptions for more information. Students are strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

DEP 2001	Child Development	3 cc
EEC 1601	Observation and Assessment in Early Childhood	3 cc
EEX 1600	Behavior Management	3 cc
EEX 2010	Introduction to Exceptional Children	3 cc

Total Credit Hours: 12

DEP2001 is one of the courses included in the Florida Child Care Professional Credential (FCCPC). The FCCPC, awarded by the Florida Department of Children and Families, is a 12-college credit program designed to prepare students as entry-level childcare workers and teachers. It requires completion of four courses in addition to 480 hours of work and/or service-learning experience.

EARLY CHILDHOOD TEACHER (PRESCHOOL) COLLEGE CREDIT CERTIFICATE (PREK-CT)

The Pre-K College Technical Certificate is a 12 college credit program designed to provide students with the skills needed to design developmentally appropriate curriculum for young children and enable them to begin careers as early childhood education caregivers with a preschool specialization. Additionally, the courses can be transferred into appropriate technical certificate programs within Early Childhood or can be used in either the AS or AA Early Childhood degree programs. Please contact the program coordinator for advising.

CERTIFICATE REQUIREMENTS

Required Courses

DEP 2001	Child Development	3 cc
EEC 1100	Introduction to Early Childhood	3 cc
EEC 1312	Creative Experiences for Young Children	3 cc
EEC 1601	Observation and Assessment in Early Childhood	3 cc

Some courses require field experience or service learning. Check course descriptions for more information.

Total Credit Hours: 12

EARLY CHILDHOOD DEVELOPMENT COLLEGE CREDIT CERTIFICATE (CHD-CT)

The CHD-CT Child Development and Early Intervention Technical Certificate is a 36- college credit program designed to prepare students as entry level teachers in a child care or pre-school program. Upon completion of this program, students will have earned their FCCPC along with Pre-K and Infant/Toddler specialization certificates. This program is composed of selected college credit courses offered within the AS Early Childhood degree program and will count toward that degree. Selected credits will count toward the Early Childhood Teacher Pre-Primary AA program. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

DEP 2001	Child Development	3 cc
EEC 1100	Introduction to Early Childhood	3 cc
EEC 1312	Creative Experiences for Young Children	3 cc
EEC 1601	Observation and Assessment in Early Childhood	3 cc

EEC 2940C	Early Childhood Practicum	3 cc
EEX 1600	Behavior Management	3 cc
EEX 2010	Introduction to Exceptional Children	3 cc
	Approved Elective	6 cc

Approved Elective List (choose two)

EDF 1005	Introduction to the Teaching Profession	3 cc
EDF 2085	Introduction to Diversity for Educators	3 cc
EME 2040	Introduction to Technology for Educators	3 cc
HSC 2400	First Aid and Injuries	3 cc

Some courses require field experience or service learning. Check course descriptions for more information.

Total Credit Hours: 36

INFANT/TODDLER SPECIALIZATION COLLEGE CREDIT CERTIFICATE (BABY-CT)

The College Credit Certificate in Infant/Toddler Specialization provides the student with the practical skills necessary to design a developmentally appropriate environment and curriculum for infants and toddlers. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science in Early Childhood Education degree. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

DEP 2001	Child Development	3 cc
EEC 1100	Introduction to Early Childhood	3 cc
EEC 2500	Infant and Toddler Development	3 cc
EEC 2940C	Early Childhood Practicum	3 cc

Some courses require field experience or service learning. Check course descriptions for more information.

Total Credit Hours: 12

**PREPARATION FOR THE FLORIDA
CHILD CARE PROFESSIONAL
CREDENTIAL (FCCPC)**

The Florida Child Care Professional Credential, Birth to Age 5, is awarded through The Florida Department of Children and Families (DCF). It is designed to equip students with the knowledge and skills necessary to provide quality childcare programs. The completion of these courses coupled with 480 hours of observation or work experience with children birth through 5 qualifies the student for the FCCPC. Additionally these courses can be transferred into Early Childhood College Credit Certificate programs, Associate in Science degree or the Associate in Arts in Early Childhood degree. Contact the department head for additional information and assistance with your FCCPC application.

CREDENTIAL REQUIREMENTS

Required Courses

DEP 2001	Child Development	3 cc
EEC 1100	Introduction to Early Childhood	3 cc
EEC 2521	Childcare Management	3 cc
EEC 2940C	Early Childhood Practicum	3 cc

DEP 2001: This course includes 10 hours of observations. See course description for more information.

EEC 1100 and EEC 2521: These courses include 20 hours of service learning. See course descriptions for more information.

EEC 2940C: This course includes 30 hours of service learning. See course description for more information.

Total Credit Hours: 12

ASSOCIATE IN SCIENCE IN ELECTRONICS ENGINEERING TECHNOLOGY (ELEC-AS)

The Associate in Science degree in Electronics Engineering Technology provides students with a broad foundation in the fundamentals of electronics and prepares students to seek employment as technicians in a variety of fields including computer technology, networking, instrumentation, and biomedical. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

The Associate in Science degree in Electronics Engineering includes College Credit Certificates in:

- Electronics Aide
- Electronics Technician
- Robotics and Simulation Technician

PARAMEDIC COLLEGE CREDIT CERTIFICATE (PARAM-CT)

The College Credit Certificate in Paramedic provides the student with the practical skills necessary for careers in pre-hospital emergency care. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Emergency Medical Services. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

BSC 1080	Essentials of Anatomy and Physiology	3 cc
BSC 1080L	Essentials of Anatomy and Physiology Laboratory	1 cc
EMS 1601	Introduction to Advanced Prehospital Care	1 cc
EMS 1612	Cardiovascular Emergencies	2 cc
EMS 1654L	Paramedic Field/Clinical Experience I	3 cc
EMS 1683	Fundamentals of Advanced Prehospital Care	1 cc
EMS 2231L	Paramedic Lab I	3 cc
EMS 2232L	Paramedic Lab II	2 cc
EMS 2236L	Paramedic Lab III	3 cc
EMS 2460L	EMS Field Leadership	1 cc
EMS 2613	Patient Assessment	1 cc
EMS 2614	Airway Management and Respiratory Emergencies	3 cc
EMS 2627	Medical Emergencies	4 cc
EMS 2628	OB/GYN/Neonatal/Pediatric Emergencies	2 cc
EMS 2655L	Paramedic Field/Clinical Experience II	3 cc
EMS 2656L	Paramedic Field/Clinical Internship	5 cc
EMS 2680	Behavioral Emergencies	1 cc
EMS 2681	Special Considerations in Prehospital Care	1 cc
EMS 2682	Advanced Prehospital Trauma Management	2 cc

EMS 2627: This course includes field experience or service learning. See course description for more information.

Total Credit Hours: 42

ASSOCIATE IN SCIENCE IN ENGINEERING TECHNOLOGY - ADVANCED MANUFACTURING (ENGNR-AS)

The Associate in Science degree in Engineering Technology provides students with a broad foundation in all areas of manufacturing and design and prepares students to seek employment in various manufacturing fields. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

The Associate in Science degree in Engineering Technology - Advanced Manufacturing includes College Credit Certificates in:

Engineering Technology Support Specialist

Manufacturing Automation Specialist

Program Contact:

Mike Listau

Director, Workforce Education

(850) 484-2586

mlistau@pensacolastate.edu

DEGREE REQUIREMENTS

Term 1 (15 cc)

CET 1112C	Digital Fundamentals	3 cc
EET 1015C	Direct Current Circuits	3 cc
EET 1025C	Alternating Current Circuits	3 cc
ENC 1101	English Composition I	3 cc

MAC 1105	College Algebra	3 cc
	or	
MGF 1107	Mathematics for Liberal Arts II	3 cc

Term 2 (15 cc)

EET 1084C	Introduction to Electronics	3 cc
EGN 1123	Engineering Graphics	3 cc
ETI 1701	Industrial Safety	3 cc
ETS 1603C	Robotics-Mechanics and Controls	3 cc
ETS 2542C	Programmable Logic Controller (PLC) Fundamentals	3 cc

Term 3 (15 cc)

EET 2215C	Instrumentation Electronics	3 cc
ETI 1420	Manufacturing Processes & Materials	3 cc
ETI 1622C	Concepts of LEAN Manufacturing and Six Sigma	3 cc
ETM 1010	Mechanical Measurement & Instrumentation	3 cc
ETM 2315C	Hydraulics and Pneumatics	3 cc

Term 4 (15 cc)

ETI 1110	Introduction to Quality Assurance	3 cc
See Choices	Humanities (General Education Core Course)	3 cc
See Choices	Natural Sciences (General Education Core Course)	3 cc
See Choices	Social Sciences (General Education Core Course)	3 cc
	Emphasis Electives	3 cc

See general education course list for general education course options.

Program Electives

CET 1588	Network +	3 cc
CET 1634C	Telecommunications Distribution Systems	3 cc
CET 2113C	Digital Circuits	3 cc
CTS 1155	Help Desk Technician	3 cc
EET 2949	Electronic Technology Co-op	3 cc

ETD 2340

Computer Drafting

3 cc

Total Credit Hours: 60

ENGINEERING TECHNOLOGY SUPPORT SPECIALIST COLLEGE CREDIT CERTIFICATE (ESPEC-CT)

The College Credit Certificate in Engineering Technology Support Specialist prepares students for employment careers in the manufacturing career cluster. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Engineering Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

EET 1084C	Introduction to Electronics	3 cc
EGN 1123	Engineering Graphics	3 cc
ETI 1110	Introduction to Quality Assurance	3 cc
ETI 1420	Manufacturing Processes & Materials	3 cc
ETI 1701	Industrial Safety	3 cc
ETM 1010	Mechanical Measurement & Instrumentation	3 cc

Total Credit Hours: 18

MANUFACTURING AUTOMATION SPECIALIST (MAUTO-CT)

The College Credit Certificate in Manufacturing Automation provides the student with the practical skills necessary for careers in maintenance and operation of automated manufacturing systems. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Engineering Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

EET 1084C	Introduction to Electronics	3 cc
ETM 2315C	Hydraulics and Pneumatics	3 cc
ETS 1603C	Robotics-Mechanics and Controls	3 cc
ETS 2542C	Programmable Logic Controller (PLC) Fundamentals	3 cc

Total Credit Hours: 12

ASSOCIATE IN SCIENCE IN ENGINEERING TECHNOLOGY - MECHANICAL DESIGN AND FABRICATION (MECH-AS)

The Associate in Science degree in Engineering Technology provides students with a broad foundation in all areas of manufacturing and design and prepares students to seek employment in various manufacturing fields. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

The Associate in Science in Engineering Technology - Mechanical Design and Fabrication includes College Credit Certificates in:

- CNC Composite Fabricator / Programmer
- Machinist / Fabricator
- CNC Machinist Operator / Programmer
- Mechanical Designer / Programmer
- Digital Manufacturing Specialist

Program Contact:

Mike Listau

Director, Workforce Education
(850) 484-2586
mlistau@pensacolastate.edu

DEGREE REQUIREMENTS

Term 1 (15 cc)

EGR 1123	Engineering Graphics	3 cc
ETI 1931L	Special Topics in Mechanical Design	1 cc
ETI 2411C	Manufacturing Processes CNC Machining	4 cc
ETI 2415C	Precision CNC Machining & Metrology	4 cc
ETM 1010	Mechanical Measurement & Instrumentation	3 cc

Term 2 (15 cc)

ETI 1420	Manufacturing Processes & Materials	3 cc
ETI 1931L	Special Topics in Mechanical Design	1 cc
ETI 2412C	CNC Fabrication Processes (Fusion 360)	4 cc
ETI 2414C	Computer Aided Manufacturing - Fusion 360	4 cc
See Choices	Humanities (General Education Core Course)	3 cc

Term 3 (15 cc)

ETI 1110	Introduction to Quality Assurance	3 cc
ETI 2416C	Metal Working Processes (Welding & Fabrication)	4 cc
ETI 2419C	Advanced Computer Aided Manufacturing-Fusion 360	4 cc
See Choices	Natural Sciences (General Education Core Course)	3 cc
ETI 1931L	Special Topics in Mechanical Design	1 cc
ETI 2947	Manufacturing Technology Co-op	1 cc

See general education course list for general education course options.

Term 4 (15 cc)

EET 1084C	Introduction to Electronics	3 cc
ENC 1101	English Composition I	3 cc
ETI 1701	Industrial Safety	3 cc
MAC 1105	College Algebra	3 cc
See Choices	Social Sciences (General Education Core Course)	3 cc

See general education course list for general education course options.

Total Credit Hours: 60

CNC COMPOSITE FABRICATOR / PROGRAMMER COLLEGE CREDIT CERTIFICATE (CNCW-CT)

The College Credit Certificate in CNC Composite Fabricator / Programmer Installation provides the student with the practical skills necessary for employment in Composite Fabrication, CNC Tool path Operations, Programming, and MasterCam Design. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Engineering Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

EGR 1123	Engineering Graphics	3 cc
ETI 1931L	Special Topics in Mechanical Design	1 cc
ETI 2412C	CNC Fabrication Processes (Fusion 360)	4 cc
ETI 2415C	Precision CNC Machining & Metrology	4 cc

Total Credit Hours: 12

CNC MACHINIST / FABRICATOR COLLEGE CREDIT CERTIFICATE (CNC-CT)

The College Credit Certificate in CNC Machinist / Fabricator provides the student with the practical skills necessary for employment as a CNC Machinist/Fabricator. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Engineering Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

EGR 1123	Engineering Graphics	3 cc
ETI 1931L	Special Topics in Mechanical Design	1 cc
ETI 2411C	Manufacturing Processes CNC Machining	4 cc
ETI 2416C	Metal Working Processes (Welding & Fabrication)	4 cc

Total Credit Hours: 12

CNC MACHINIST OPERATOR / PROGRAMMER COLLEGE CREDIT CERTIFICATE (CNCMO-CT)

The College Credit Certificate in CNC Machinist Operator / Programmer provides the student with the practical skills necessary for employment as a CNC Machinist Operator/Programmer. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Engineering Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATION REQUIREMENTS

Required Courses

EGN 1123	Engineering Graphics	3 cc
ETI 1931L	Special Topics in Mechanical Design	1 cc
ETI 2411C	Manufacturing Processes CNC Machining	4 cc
ETI 2414C	Computer Aided Manufacturing - Fusion 360	4 cc

Total Credit Hours: 12

DIGITAL MANUFACTURING SPECIALIST COLLEGE CREDIT CERTIFICATE (DMAN-CT)

The College Credit Certificate in Digital Manufacturing provides the students with the practical skills necessary for employment in rapid prototyping, digital manufacturing, and specialized areas of industry that use CNC machining. This program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Engineering Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATION REQUIREMENTS

Required Courses

Term 1 (14 cc)

EGN 1123	Engineering Graphics	3 cc
ETD 2364C	3D Parametric Modeling Using SOLIDWORKS I	3 cc
ETI 2416C	Metal Working Processes (Welding & Fabrication)	4 cc
ETI 2414C	Computer Aided Manufacturing - Fusion 360	4 cc

Term 2 (10 cc)

ETD 2368C	3D Parametric Modeling Using SOLIDWORKS II	3 cc
ETD 2372C	Advanced Rapid Prototyping	3 cc
ETI 2419C	Advanced Computer Aided Manufacturing-Fusion 360	4 cc

Total Credit Hours: 24

MECHANICAL DESIGNER / PROGRAMMER COLLEGE CREDIT CERTIFICATE (MECH-CT)

The College Credit Certificate in Mechanical Designer / Programmer provides the student with the practical skills necessary for careers in 3D mechanical design. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Engineering Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

EGN 1123	Engineering Graphics	3 cc
ETI 1931L	Special Topics in Mechanical Design	1 cc
ETI 2414C	Computer Aided Manufacturing - Fusion 360	4 cc
ETI 2419C	Advanced Computer Aided Manufacturing-Fusion 360	4 cc

Total Credit Hours: 12

ASSOCIATE IN SCIENCE IN GRAPHIC TECHNOLOGY (GRAPH-AS)

The Associate in Science degree in Graphics Technology provides students with a broad foundation in all areas of graphic design and prepares students to seek employment in graphic design fields. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Program Contact:

Alaina Plowdrey
Department Head, Visual Arts
(850) 484-2554
aplowdrey@pensacolastate.edu

DEGREE REQUIREMENTS

Term 1 (18 cc)

ART 1201C	Two-Dimensional Design	3 cc
ART 1300C	Drawing I	3 cc
ENC 1101	English Composition I	3 cc
GRA 2151C	Computer Graphics I	3 cc
	Mathematics (General Education Core Course)	3 cc
PGY 2401C	Photography I	3 cc

Term 2 (16 cc)

ART 1301C	Drawing II	3 cc
	Art Elective (ART, GRA, or PGY prefix only)	1 cc
GRA 1109	History of Graphic Design	3 cc
GRA 2152C	Computer Graphics II	3 cc
GRA 2190C	Graphic Design I	3 cc
PGY 2801C	Digital Photography I	3 cc

Term 3 (15 cc)

ART 1400C	Printmaking I	3 cc
GRA 2191C	Graphic Design II	3 cc
GRA 2206C	Typography	3 cc
GRA 2210C	Electronic Prepress	3 cc
PGY 2201C	Photographic Lighting Techniques	3 cc

Term 4 (15 cc)

ART 2950C	Portfolio and Resume Development	3 cc
GRA 2721C	Creative Web Design	3 cc
See Choices	Humanities (General Education Core Course)	3 cc
See Choices	Natural Sciences (General Education Core Course)	3 cc
See Choices	Social Sciences (General Education Core Course)	3 cc

See general education course list for general education course options.

Total Credit Hours: 64

Note: Students should register in the Visual Arts Department and work out their personal schedules with the department head.

ASSOCIATE IN SCIENCE IN HEALTH INFORMATION TECHNOLOGY (HIT-AS)

The Associate in Science degree in Health Information Technology provides students with a broad foundation in all areas of health information and prepares students to seek employment in health information fields. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Special Requirements

Persons interested in the program should contact the Health Programs Admissions Office at the Warrington Campus. Applications must be returned to this office.

In order to establish candidacy and eligibility to enter the program, students must earn a C or better in the following prerequisite courses: ENC 1101 English Composition I, CGS 1570 Computer Concepts, and MAC 1105 College Algebra. Any remedial courses must be completed before the college credit level courses listed above are completed to progress to the candidate's status for the program.

The Associate in Science in Health Information Technology includes College Credit Certificate in:

Medical Information Coder / Biller

Program Contact:

Mitzie Sowell

Department Head, Allied Health
(850) 484-2301
msowell@pensacolastate.edu

DEGREE REQUIREMENTS

Prerequisite Courses (9 cc)

The following courses MUST be completed, with a grade of C or better, prior to enrolling in any core courses in the Health Information Technology Program.

CGS 1570	Computer Concepts and Applications	3 cc
ENC 1101	English Composition I	3 cc
MAC 1105	College Algebra	3 cc

Term 1 (13 cc)

BSC 1080	Essentials of Anatomy and Physiology	3 cc
BSC 1080L	Essentials of Anatomy and Physiology Laboratory	1 cc
HIM 1000C	Introduction to Health Information Management	3 cc
HSC 1531	Medical Terminology	3 cc
See Choices	Social Sciences (General Education Core Course)	3 cc

See general education course list for general education course options.

Term 2 (14 cc)

CIS 1350C	Security Awareness	3 cc
HIM 1442	Pharmacology	2 cc
HIM 2214C	Health Data Management	3 cc
HSC 2550	Pathophysiology	3 cc
HSC 2641	Health Care Law	3 cc

Term 3 (16 cc)

HIM 1800	Health Information Management Professional Practice I	2 cc
HIM 2229C	Introduction to Coding and Classification	3 cc
HIM 2512	Health Information Management and Supervision	3 cc
HIM 2620	Medical Statistics and Financial Applications	3 cc

HIM 2810	Health Information Management Professional Practice II	2 cc
PHI 2600	Ethics	3 cc

HIM 1800: Certain courses are offered only once a year, therefore it is important that you work with your advisor to determine the most effective course plan and sequencing for graduation from the program.

HIM 2620, HIM 2512, and HIM 2810: Certain courses are offered only once a year, therefore it is important that you work with your advisor to determine the most effective course plan and sequencing for graduation from the program.

Term 4 (18 cc)

HIM 2253C	Outpatient Reimbursement Methodologies (CPT Coding)	3 cc
HIM 2284C	Intermediate Coding and Classification Systems	3 cc
HIM 2285C	Advanced Coding and Classifications Systems	3 cc
HIM 2500C	Performance Improvement in Healthcare	2 cc
HIM 2653C	Medical Informatics and Health Information Technologies	3 cc
HIM 2820L	Health Information Technology Professional Practice III	2 cc
HIM 2932	Special Topics in Health Information Management	2 cc

HIM 2653, HIM 2500C, and HIM 2820L are offered only once a year. Therefore, it is important that the student work with an advisor to determine the most effective course plan and sequencing for graduation from this program.

Total Credit Hours: 70

MEDICAL INFORMATION CODER / BILLER COLLEGE CREDIT CERTIFICATE (HIT-CT)

The College Credit Certificate in Medical Information Coder / Biller provides the student with the practical skills necessary for careers in medical coding and billing. This certificate program also provides supplemental training to individuals currently employed in the field. The program is composed of selected college credit courses offered within the Associate in Science degree in Health Information Technology. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS

Required Courses

BSC 1080	Essentials of Anatomy and Physiology	3 cc
BSC 1080L	Essentials of Anatomy and Physiology Laboratory	1 cc
HIM 1000C	Introduction to Health Information Management	3 cc
HIM 1442	Pharmacology	2 cc
HIM 1800	Health Information Management Professional Practice I	2 cc
HIM 2214C	Health Data Management	3 cc
HIM 2229C	Introduction to Coding and Classification	3 cc
HIM 2253C	Outpatient Reimbursement Methodologies (CPT Coding)	3 cc
HIM 2284C	Intermediate Coding and Classification Systems	3 cc
HIM 2285C	Advanced Coding and Classifications Systems	3 cc
HIM 2810	Health Information Management Professional Practice II	2 cc

HSC 1531	Medical Terminology	3 cc
HSC 2550	Pathophysiology	3 cc
HSC 2641	Health Care Law	3 cc

Total Credit Hours: 37

Upon completion, graduates of the Health Information Coder /
Biller Certificate program will have the option to transfer into Health
Information Technology AS degree program.

ASSOCIATE IN SCIENCE IN HEALTH SERVICES MANAGEMENT (HSM-AS)

The Associate in Science degree in Health Services Management provides students with a broad foundation in all areas of health information and prepares students to seek employment in health information fields. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

ASSOCIATE IN SCIENCE IN NURSING REGISTERED NURSE (RN-AS)

The Associate in Science degree in Nursing - Registered Nurse provides students with a broad foundation in all areas of the health care system and prepares students to seek employment in health care fields. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Special Admission Requirements

Students seeking admission to the program must complete application to the College and the program. Admission to this program is limited by student to faculty ratios and availability of clinical resources. All application requirements must be completed before a student will be considered for admission to the nursing program. Once all admission requirements are complete, candidates are ranked according to a points system based on GPA and HESI test scores. A complete explanation of the points system may be found in the Associate Degree Nursing Student Information Packet which may be accessed on the Nursing RN page of the College website. Students are required to pass a criminal background check and a urine drug screen prior to clinical experiences. Applicants who have an arrest record (other than a minor traffic violation) should be aware that they may not be permitted to sit for the licensing examination NCLEX-RN after graduation. The Florida Board of Nursing determines eligibility for NCLEX-RN after receiving an individual's application to take NCLEX-RN. Refer to www.doh.state.fl.us/mqa/nursing/nur_faq.html for questions.

Progression to the clinical component of the program is contingent upon submission of satisfactory physical examination/immunization forms and current (American Heart Association only) CPR certification at the Health Care provider level.

Admission Requirements

A minimum 2.75 cumulative grade point average in all college courses taken in the past 8 years.

Completion of all required prerequisite courses with a grade of C or better and an overall grade point average of these courses of 2.75.

A minimum score of 75 on each of the HESI A² components (reading, grammar, vocabulary, math, anatomy and physiology) in one sitting.

Requirements for Progression

Progression through the Associate in Science degree in Nursing (AND) program requires the following:

A grade of C or higher in courses in the curriculum;

A grade of C or higher in all corequisites and prerequisites;

A current CPR certification at the Health Care Provider level, American Heart Association only;

A minimum score of 90% on a dosage calculation examination term 1 and 3 of nursing courses prior to clinical rotations;

A satisfactory level of mental and physical health, including current immunizations, Hepatitis B vaccinations, yearly TB testing and ability to meet Performance Standards; and

Passing a criminal background check and a urine drug screen prior to clinical experience.

Students who do not meet progression requirements must withdraw from the program and apply for readmission.

We strongly encourage you to contact an Admissions Specialist for assistance in the application process.

Total Credit Hours: 72

Requirements for Readmission:

Students who interrupt the specified progression through the program of study must apply for readmission to the program. Contact the Department of Nursing for specific instructions.

CAREER MOBILITY OPTIONS

The Career Mobility Option is designated to give the licensed practical nurse (LPN) and the certified paramedic the opportunity to complete the associate degree nursing program. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Admission Requirements

Admission to this program is limited by student to faculty ratios and availability of clinical resources; therefore, students seeking admission to this program option must complete an application to both the College and the program. All application requirements must be completed before a student will be considered for admission to this program option. Once all admission requirements are completed, candidates are ranked according to a points system based on GPA and HESI test scores. A complete explanation of the points system may be found in the Associate Degree Nursing Student Information Packet which may be accessed on the Nursing RN page of the College website. Students are required to pass a criminal background check and a urine drug screen prior to clinical experiences.

Eligibility for admission requires

A minimum 2.75 cumulative grade point average in all college courses taken in the past 8 years.

Completion of all required prerequisite courses with a grade of C or better and an overall grade point average on these courses of 2.75.

A minimum score of 75 on each of the HESI A² components (reading, grammar, vocabulary, math, anatomy and physiology) in one sitting.

A current unencumbered Florida licensure as a Practical Nurse or current unencumbered Florida certification as a Paramedic.

Progression to the clinical component of the program is contingent upon submission of satisfactory physical examination, immunization forms and current CPR certification at the Health Care Provider level, American Heart Association only.

For information on the requirements for Progression, Readmission and Academic Eligibility, see Associate in Science degree in Nursing program.

ASSOCIATE IN SCIENCE IN PHOTOGRAPHIC TECHNOLOGY (PHOTO-AS)

The Associate in Science degree in Photographic Technology provides students with a thorough foundation in all areas of commercial, editorial, fine art photography and video production, preparing students to seek employment in the many field(s) of professional photography. The degree is designed to prepare individuals to reach their creative potential in professional photographic careers. The curriculum addresses proficiency with a multitude of camera format(s), print production, commercial studio lighting, and expertise in both analogue and current digital processes.

Upon graduation it can act as a transfer degree for persons wishing to continue their education toward an advanced degree at a university or professional art school. Additional general education course work may be required for transfer to a four-year institution. Contact the four-year school for information.

Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

The Associate in Science in Photographic Technology includes a College Credit Certificate in:

Photography

PGY 1110C	Color, Materials, and Methods	3 cc
PGY 2201C	Photographic Lighting Techniques	3 cc
PGY 2270C	Field Survey of Professional Photography	4 cc
PGY 2401C	Photography I	3 cc
PGY 2404C	Photography II	3 cc
PGY 2750C	Introduction to Video	3 cc
PGY 2801C	Digital Photography I	3 cc

Total Credit Hours: 22

ASSOCIATE IN SCIENCE IN PHYSICAL THERAPIST (PTA-AS)

The Associate in Science degree in Physical Therapist Assistant provides students with a broad foundation in all areas of technical health care and prepares students to seek employment as a Physical Therapy Assistant. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Special Admissions Requirements

Enrollment in the program is limited. The number of students in each class will be determined by the availability of space, equipment, qualified faculty, and hospital and clinical facilities necessary for a meaningful education. Only one class per year is accepted. Program acceptance is based on selection from all qualified applicants meeting the minimum criteria on a first-qualified/first served basis. After the allotted seats for each class are filled, the applicants meeting the minimum criteria will be guaranteed a seat in the next available class. All applicants who meet the established criteria will be accepted into the program. However, not all will be guaranteed seats in the class of their choice if the application is not completed in a timely fashion. Minimum requirements for eligibility include high school diploma or GED. Applications for both the College and program must be complete and the appropriate transcripts must be on file. Applicants must have a GPA of 2.5 or higher and have completed prerequisite course work with "C's" or better.

The interested student should contact the Allied Health Department for assistance in planning the program of study.

Program Contact:

Mitzie Sowell

Department Head, Allied Health

msowell@pensacolastate.edu

DEGREE REQUIREMENTS

Prerequisite Courses (12 cc)

Students must complete prerequisite courses with a C or better to be accepted into the Physical Therapist Assistant Program.

BSC 1080	Essentials of Anatomy and Physiology	3 cc
ENC 1101	English Composition I	3 cc
HLP 1081	Concepts of Life Fitness	3 cc
MAC 1105	College Algebra	3 cc

Term 1 (18 cc)

DEP 2004	Human Growth and Development	3 cc
PHT 1000	Introduction to Physical Therapy	3 cc
PHT 1120	Functional Anatomy and Kinesiology	3 cc
PHT 1120L	Functional Anatomy and Kinesiology Laboratory	2 cc
PHT 1251	Basic Skills in Patient Care	2 cc
PHT 1251L	Basic Skills in Patient Care Laboratory	2 cc
PHI 2600	Ethics	3 cc

Before the start of Term 2, students must possess and maintain a Healthcare Providers CPR card, American Heart or Red Cross only. Certification can be earned by successfully completing W 00753 CPR for Healthcare Providers.

DEP 2004 must be completed prior to Term 3.

Term 2 (17 cc)

LIS 2005	Information and Internet Research	3 cc
PHT 1210C	Therapeutic Modalities	3 cc
PHT 1224	Musculoskeletal Therapeutic Techniques I	3 cc
PHT 1224L	Musculoskeletal Therapeutic Techniques I Laboratory	2 cc
PHT 1253	Neuromuscular Therapeutic Techniques I	3 cc

PHT 1253L	Neuromuscular Therapeutic Techniques I Laboratory	2 cc
PHT 1801L	PTA Clinic I	1 cc

Term 3 (14 cc)

PHT 2162	Neuromuscular Therapeutic Techniques II	1 cc
PHT 2162L	Neuromuscular Therapeutic Techniques II Laboratory	2 cc
PHT 2227C	Musculoskeletal Therapeutic Techniques II	2 cc
PHT 2301	Pathological Conditions in Physical Therapy I	3 cc
PHT 2810L	PTA Clinic II	6 cc

Term 4 (13 cc)

PHT 2020	Trends and Issues in PTA	2 cc
PHT 2304	Pathological Conditions in Physical Therapy II	3 cc
PHT 2401	Psychosocial Issues of the Disabled	2 cc
PHT 2820L	PTA Clinic III	6 cc

Total Credit Hours: 74

ASSOCIATE IN SCIENCE IN RADIOGRAPHY (XRAY-AS)

The Associate in Science degree in Radiography provides students with a broad foundation in developing and mastering basic clinical competencies and theoretical concepts of current radiographic practice and prepares students to seek employment in radiography practice. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Special Admissions Requirements

Admission is limited. All program entry requirements must be met before students are eligible for admission. One class per year is accepted. Seats are allotted to qualified students on a first qualified/first served basis.

Admission for eligibility to the program include a minimum grade of "C" or better and 2.75 GPA on Program Specific General Education Prerequisite Courses, College Application, Health Related Programs Application, and High School Transcript Standard Diploma.

When students complete all sections of the application process and meet minimum criteria, they will be provisionally accepted into the program and assigned a seat in the next available class. Therefore, it is important to complete the application, testing, and transcript acquisition process as soon as possible. Applicants will be notified of their provisional acceptance in a timely manner. Final admission into the program is contingent upon submission of satisfactory physical examination/immunization forms, drug screen, and criminal background check.

Core courses with an RTE prefix may not be taken on a Pass/Fail option.

Requirements for the Associate in Science Degree for Hospital Based Radiographer graduates:

Pensacola State College provides a means for a graduate of JRCERT accredited Hospital-based two-year programs who are currently registered Radiologic Technologist to pursue an associate degree. To qualify, applicants must submit an application to the College and the Allied Health Department. Applicants must also submit an official transcript to the College and hold a current, unrestricted RT registration. Once applicants have completed the required general education courses, they would receive 62 credits and would be awarded the Associate in Science degree. Please contact the Allied Health Department for advising.

Program Contact:

Mitzie Sowell

Department Head, Allied Health
(850) 484-2301
msowell@pensacolastate.edu

DEGREE REQUIREMENTS

Prerequisite Courses (16 cc)

Students must complete prerequisite courses with a C or better to be accepted into the Radiography Program.

BSC 1080	Essentials of Anatomy and Physiology	3 cc
BSC 1080L	Essentials of Anatomy and Physiology Laboratory	1 cc
CHM 1020	Introduction to College Chemistry	3 cc
ENC 1101	English Composition I	3 cc
HSC 1531	Medical Terminology	3 cc
MAC 1105	College Algebra	3 cc

The student may take BSC 1080 and BSC 1080L or must take BSC 1093, BSC 1093L, BSC 1094, and BSC 1094L.

Term 1 (15 cc)

RTE 1000C	Introduction to Radiologic Technology	2 cc
RTE 1111C	Radiographic Nursing Procedures	3 cc
RTE 1418C	Principles of Radiographic Exposure	3 cc

RTE 1503C	Radiographic Positioning I	3 cc
RTE 1804L	Radiography Clinic I	4 cc

Before the start of clinicals (Term 2), students must possess and maintain a Healthcare Providers CPR card, American Heart or Red Cross only. Certification can be earned by successfully completing W 00753 CPR for Healthcare Providers.

Term 2 (13 cc)

RTE 1513C	Radiographic Positioning II	3 cc
RTE 1814L	Radiography Clinic II	5 cc
RTE 2473	Radiation Biology, Safety and Quality Assurance	2 cc
RTE 2601	Radiographic Imaging	3 cc

Term 3 (7 cc)

RTE 1562C	Radiographic Special Procedures	2 cc
RTE 1824L	Radiography Clinic III	5 cc

Term 4 (13 cc)

RTE 2523C	Radiographic Positioning III	2 cc
RTE 2563	Advanced Radiographic Procedures	3 cc
RTE 2782	Applied Radiographic Pathophysiology	3 cc
RTE 2844L	Radiography Clinic IV	5 cc

Term 5 (13 cc)

PHI 2600	Ethics	3 cc
PSY 2012	General Psychology	3 cc
RTE 2061	ARRT Review	2 cc
RTE 2854L	Radiography Clinic V	5 cc

Total Credit Hours: 77

ASSOCIATE IN SCIENCE IN SONOGRAPHY (DIAGNOSTIC MEDICAL SONOGRAPHY) (SON-AS)

The Associate in Science degree in Sonography provides students with a broad foundation in exercise initiative and independent judgment in the performance of sonographic examinations and prepares students to seek employment in sonography. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Each graduate is encouraged to pursue registry and is eligible to sit for the American Registry for Radiologic Technology (ARRT) sonography exam upon graduation. The American Registry for Diagnostic Medical Sonography (ARDMS) is another national registry that graduates can qualify for by different pathways. The information packet has more information about registry.

Special Requirements

Admission is limited by the availability of clinical assignments. All program requirements must be met before students are eligible for admission. One class per year is accepted. Seats are allotted to qualified students on a first qualified, first admitted basis. All qualified students will be accepted into the program, but their seats may not be available in the year of their choice.

Admission for eligibility to the program include a minimum grade of "C" or better and a 2.75 GPA on Program Specific General Education Prerequisite Courses, College Application, Health Related Programs Application, and High School Transcript Standard Diploma.

Applicants who have completed a program in an allied health care field that is patient care related at an associate degree level or higher may qualify for special admission requirements. The information packet details this articulation agreement.

Immediately prior to the clinical portion of the program, all students must satisfactorily pass a federal criminal background check, drug screen, physical examination/immunization record, and hold a current American Heart Association CPR for Health Care Provider card. There is a technical standard for the clinical portion of the program and other clinical restrictions may apply.

Details of the program requirements and all forms needed are available from the Admissions Office or on the Pensacola State College website, www.pensacolastate.edu.

ATE 2635	Small Animal Clinical Procedures IV	3 cc
ATE 2635L	Small Animal Clinical Procedures IV Lab	1 cc
ATE 2944L	Clinical Work Experience IV	1 cc

Total Credit Hours: 73

Note: Clinical work experience will require that the student spend four hours per week at an approved clinical site each semester.

APPLIED TECHNOLOGY DIPLOMA (ATD) PROGRAMS

The Applied Technology Diploma program prepares students for immediate entry into a career in the workforce. The program requires prescribed technical courses. For students who meet degree seeking requirements college credit hours earned in an Applied Technology Diploma program are applicable towards a related Associate in Applied Science Degree or an Associate in Science Degree. The Applied Technology Diploma does not contain a separate general education component.

EMERGENCY MEDICAL TECHNICIAN APPLIED TECHNOLOGY DIPLOMA (EMT-ATD)

The program is designed to provide an opportunity for persons interested in pre-hospital emergency care to become skilled in basic emergency care to save lives and reduce injury. The Florida Department of Health, Bureau of EMS, has approved Pensacola State College as a training center for EMT and Paramedic programs. Graduates are eligible to take the State and National EMT Certification examination.

All application requirements must be completed by the established deadlines before a student will be considered eligible for admission to this program. Background and drug screen must be completed by the established deadlines.

Minimum requirements for eligibility to the program include high school diploma or GED and minimum of 18 years of age. All applicants to the EMT program must provide a current, valid CPR (basic Life Support for healthcare provider or professional rescuer) course completion card at the time of application. Acceptable cards include American Heart Association, American Red Cross, and American Safety and Health Institute. This completion card must remain current through the program, once the applicant has been accepted. For questions regarding this requirement, please email the program contact.

Admission is competitive among eligible applicants. Applicants who have submitted the application packet and met the minimum criteria for entrance into the program will be placed in the class according to when the applicant's completed packet is received. All classes are limited to 24 students. Once the current class is filled, the applicants will be placed in the next available class. Final admission to the program is contingent upon submission of satisfactory physical examination/immunization forms.

DIPLOMA REQUIREMENTS

Required Courses

EMS 1119	Emergency Medical Technician	7 cc
EMS 1119L	EMT Lab	2 cc
EMS 1411L	EMT Clinical Internship	2 cc
EMS 1521L	EMT Professional	1 cc

Total Credit Hours: 12

PHARMACY TECHNICIAN APPLIED TECHNOLOGY DIPLOMA (PHRM-ATD)

The program prepares graduates to work in both institutional and community pharmacy settings under the supervision of a pharmacist. Pharmacy technicians assist pharmacists in dispensing medications and are accountable to the supervising pharmacist who is legally responsible through state licensure for the care and safety of patients served by the pharmacy.

Pharmacy technician job duties include providing medication and other health care products to patients and working with third party agents and physicians in resolving adjudication of patients' insurance or state program. Pharmacy technicians often do the routine tasks associated with preparing and providing prescribed medications to patients, but may also do compounding of medications, doctor calls, expense and medication orders, returns and expired credits, and non-licensed pharmacy management. State rules and regulations as well as job policies and procedures define the functions and responsibilities of pharmacy technicians.

Special Admission Requirements

Student enrollment in the program is limited. The number of students in each class shall be determined by the availability of space, equipment, qualified faculty, and institutional and community clinical facilities necessary for a meaningful education. Only one class per year is accepted. Program acceptance is based on selection from all qualified applicants meeting the minimum criteria on a first-qualified/first-seated basis. All applicants who meet the established criteria will be accepted into the program. However, not all will be guaranteed seats in the class of their choice if the application is not completed in a timely fashion.

Minimum requirements for eligibility to the program include high school diploma or GED. Applications for both the College and program must be on file. Applicants must have a GPA of 2.0 or higher and be at least 17 years of age. Final admission to the program is contingent upon submission of satisfactory physical examination/immunization forms, a federal background check, and a drug screen. Admissions information packets are available on the Pensacola State College website.

Program Contact:

Mitzie Sowell
Department Head, Allied Health
(850) 484-2301
msowell@pensacolastate.edu

DIPLOMA REQUIREMENTS

The following courses must be completed with a grade of C or better.

Term I (12 cc)

BSC 1080	Essentials of Anatomy and Physiology	3 cc
ENC 1101	English Composition I	3 cc
PTN 1001	Introduction to Pharmacy	3 cc
PTN 1017	Pharmacy Technician Calculations	3 cc

BSC 1080: Students who have completed BSC 1093 and BSC 1094 may request these two courses to be substituted for the BSC 1080 requirement. See Program Director or an Advisor to discuss the course substitution.

Term 2 (10 cc)

CGS 1570	Computer Concepts and Applications	3 cc
HSC 1531	Medical Terminology	3 cc
PTN 1121	Therapeutic Agents I	3 cc
PTN 1132L	Basic Business Skills for the Pharmacy Technician	1 cc

Term 3 (13 cc)

PTN 1122C	Therapeutic Agents II	3 cc
-----------	-----------------------	------

PTN 1131	Applied Pharmacy Practice	3 cc
PTN 1131L	Applied Pharmacy Practice Lab	3 cc
PTN 1930	Pharmacy Seminar	1 cc
PTN 1940L	Pharmacy Practicum I	3 cc

Term 4 (5 cc)

PTN 1941L	Pharmacy Practicum II	5 cc
-----------	-----------------------	------

Total Credit Hours: 40

Note: CPR for Health Care Providers must be taken prior to starting clinicals. All courses must be completed with a grade of C or higher. Additionally, Test of Adult Basic Education (TABE) scores must be on file, if required. Please check with the Testing Center for more information.

CAREER CERTIFICATES

VOCATIONAL CERTIFICATE (CLOCK HOUR) PROGRAMS

The Vocational Certificate (Clock Hour) programs prepare students for careers that provide direct entry into the workforce. The programs require prescribed vocational clock hour courses and the student is required to demonstrate or achieve a specified level of competence in basic skills as evidenced by minimum scores on the Test of Adult Basic Skills (TABE) before graduation.

Certificate Graduation Requirements:

1. A student must earn a cumulative grade point average of 2.0 or better in all courses applicable to the program of study from which the student wishes to graduate.
2. A student must achieve appropriate minimum skill levels on the Test of Adult Basic Education (TABE) for Applied Technology Diploma and vocational certificates with 450 clock hours or more. A student pursuing a certificate may be exempted from the TABE requirement based on prior attainment of an Associate in Arts or higher degree.
3. A student must meet academic residence requirement of completing at least 25% of the program with classes at Pensacola State College.

Vocational Certificate (Clock Hour) Programs (VC)

Advanced Esthetics
Advanced Welding Technology
Barbering

Phlebotomy Technician
Plumbing Technology
Practical Nursing
Welding Technology

ADVANCED ESTHETICS CAREER CERTIFICATE (ESTHE-VC)

The Career Certificate in Advanced Esthetics is designed for the individual who is already working as a registered Facial Skin Care Specialist. This 600 clock hour program is a continuation of the Facials/Skin Care Specialty program and is designed for Facial Skin Care Specialist/Estheticians needing the advanced skills required for employment within the spa industry, medical offices including dermatologist and plastic surgeons, and the medi-spa industry. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

Required Courses

CSP 0105C	Advanced Skin Care I	150 ch
CSP 0106C	Advanced Skin Care II	150 ch
CSP 0264C	Facial Treatments	150 ch
CSP 0931C	Specialty Topics	60 ch
CSP 0505	Ethical Business Practices	30 ch
CSP 0940L	Internship	60 ch

ADVANCED WELDING TECHNOLOGY CAREER CERTIFICATE (AWELD-VC)

The Career Certificate in Advanced Welding Technology prepares students for entry as a class B level welder. This 750 clock hour program uses a combination of theoretical, simulation, and hands-on instruction. Strong emphasis is placed on safety as well as specific welding techniques and skills in an effort for students to obtain industry certifications. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

CERTIFICATE REQUIREMENTS (900 CH)

Term 1

COS 0071C	Safety, Sanitation, and Sterilization	270 ch
COS 0161C	Barbering I: Theory of Barbering	180 ch

Term 2

COS 0162C	Barbering II: Applied Skills and Tactics	225 ch
COS 0072C	Florida Laws and Rules	225 ch

CARPENTRY CAREER CERTIFICATE (CARP-VC)

The Vocational Certificate in Carpentry prepares students for a career in carpentry as a residential or small commercial carpenter, remodeler, trade foreman, project superintendent, or residential contractor. The program emphasizes both hands-on training and theory to acquire carpentry skills, and building knowledge that can lead to being your own boss. This 1200 clock hour program leads to certifications from the National Center for Construction Education and Research (NCCER), and the Pensacola State College Vocational Certificate in Carpentry. Students learn to design and construct crafted, safe, healthy, comfortable, affordable, resource efficient, durable and resilient houses, based on current building science principles, sustainable design strategies and mainstream green building practices, using appropriate (climate specific) building materials, systems and technologies. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

FACIALS SPECIALTY CAREER CERTIFICATE (FACL-VC)

Our Facials/Skin Care Specialist program is a one-semester program of study that prepares skin-care students for licensure and a career in the esthetics profession.

In an age of specialization, the esthetician plays a crucial role in the cast of our Salons and Day Spas. As a Certified Facials/Skin Care Specialist, your skills as a make-up artist and skin-care technician will serve you well in a world where “pampering” is no longer a luxury enjoyed by the privileged few. Studies will emphasize the structure and function of the skin and will prepare students to crucially assess and meet the unique needs of each client. The program delivers a strong foundation in the applied and general sciences. Business and career development classes, along with training in Florida laws and regulations, are also offered. The program offers instruction in basic facials, color theory, makeup artistry, body treatments, lash application, brow tinting, and hair removal. Each of our comprehensive programs also covers sanitation procedures, bacteriology, chemistry, electricity such as 81 machines, and the use of microdermabrasion.

Admission is by application only. Please contact the program coordinator in Building 12 at (850) 484-1642.

We strongly encourage you to contact the Professional Service Careers Department for assistance in planning your program of study

WELDING TECHNOLOGY CAREER CERTIFICATE (WELD-VC)

The Career Certificate in Welding Technology prepares students for entry level work in the welding field in both the manufacturing and construction sectors. The program uses a combination of theoretical, simulation and hands on instruction. Strong emphasis is placed on safety as well as specific welding techniques and skills in an effort for students to obtain industry certifications. Students successfully progressing through the program are prepared to take National Center for Construction Education and Research (NCCER) welding certification exams as well as test to become certified through the American Welding Society. The full program is designed to be completed in 1050 clock hours. Students are responsible for supplying personal protective equipment (PPE) and basic hand tools that are standard in the welding profession. Each student is strongly encouraged to consult an advisor or counselor prior to course registration.

DEVELOPMENTAL EDUCATION

Developmental education is instruction through which a high school graduate may attain the communication and computation skills necessary to successfully complete college credit instruction.

The College offers developmental education courses in English, reading, and mathematics. According to the Florida Administrative Code, an entering student who is not exempt from common placement testing and developmental education must take Florida's placement test, the PERT (Postsecondary Education Readiness Test). A non-exempt student whose PERT scores in English, reading, or mathematics fall below the minimum in these areas must take developmental education courses.

Per s. 1008.30, F.S., the following students are **exempt** from the requirement to take the common placement test and to enroll in developmental education:

1. Students who entered Grade 9 in a Florida public school in 2003-2004 or thereafter and earned a Florida standard high school diploma; and
2. Students who are serving as active duty members of any branch of the United States Armed Services.

However, a student who is not required to take the common placement test nor to enroll in developmental education courses may choose to be assessed and enroll in developmental education instruction.

A student who is not exempt from common placement testing and who tests into developmental education and subsequently enrolls in developmental courses must successfully complete the required developmental education courses by the time he or she has accumulated 12 credit hours of college coursework or must maintain continuous enrollment in developmental coursework each term until the requirements are completed while performing satisfactorily in the degree earning coursework. A student who is required to take two or more developmental education courses must also complete SLS 1101 College Success.

Developmental education courses do not satisfy any requirements for graduation. Each developmental education course is designated in the course description to indicate the number of college preparatory (c.p.) credits awarded. For assistance in college credit course selection or for additional information about this state requirement, contact an advisor.

In accordance with Florida law, a student may use Adult Education, Adult Secondary Education, private provider instruction, or approved documented student achievements as an alternative to traditional developmental education instruction. For information on these options, contact Dr. Mike Walker in the Mathematics and Computer Sciences Department at (850) 484-1128 or Dr. Tracy Peyton in the English and Communications Department at (850) 484-1400.

ADULT EDUCATION PROGRAM

The Adult Education Department offers classes for any adult who wants to improve his or her basic academic skills, prepare for the General Education Development (GED) examinations, or learn English. The program offers non-credit for individuals who are at least 16 years of age. Classes are scheduled at convenient locations throughout the community and on all Pensacola State College campuses, during the morning, afternoon, and evening.

Tuition

The Adult Education Department provides several options for students.

1. Adult Basic Education classes are provided for adults whose academic skills are below ninth grade level. The program covers basic reading, math, and language skills. Pre-GED review, family literacy, workforce readiness, and life coping skills may also be addressed.
2. General Education Development (GED) classes are offered for students who do not have a high school diploma and whose academic skills are at or above ninth grade level. Classes prepare students for all areas of the GED Examinations.
3. English for Speakers of Other Languages (ESOL) classes are available for non-native speakers of English who wish to improve their English language skills. Everyday survival skills and a basic knowledge of the English language are covered.

The GED Examinations are offered at the Test Center on the Pensacola campus. For information about test registration and fees, call the Test Center at (850) 484-1656 or visit www.GED.com.

Florida law requires all students (Florida residents, Alabama residents and all other out-of-state students) to pay \$30 per term.

Director:

Debby Meyer

(850) 484-2132

dmeyer@pensacolastate.edu

A-ADULT EDUCATION

ADE 9900040 - Adult ESOL

Non-credit instructional course is designed to provide adult English Language learners with the knowledge and skills needed to communicate effectively in English and improve their ability to enter the workforce and/or postsecondary education.

Prerequisite: Individual must demonstrate skills below the exit score of level 6 Adult English for Speakers of Other Languages (ESOL) as measured by FDOE approved assessments. Offered: FA, SP, SU.

ADE 9900051 - Adult ESOL College and Career Readiness

Designed to prepare adult English language students to enroll in post-secondary courses of study without the need of taking developmental courses.

Offered: FA, SP, SU.

ADE 9900131 - GED Reasoning through Language Arts

A non-credit class designed to prepare adult learners on all aspects of the GED Reasoning Through Language Arts examination.

Prerequisite: Individual must be functioning at or above a 9.0 grade level.

ADE 9900134 - GED Mathematical Reasoning

A non-credit class designed to prepare adult learners for the GED Mathematical Reasoning examination.

Prerequisite: Individual must be functioning at or above a 9.0 grade level. Offered: FA, SP, SU.

ADE 9900135 - GED Comprehensive

GED Comprehensive is a non-credit course designed to prepare adult learners for all aspects of the GED examinations.

Prerequisite: Individual must be functioning at or above a 9.0 grade level. Offered: FA, SP, SU.

ABX

ABX 0100 - Mathematics for Adult Education

A non-credit class designed to develop an understanding of mathematical foundations, conceptual understandings, procedural skills, and fluency.

Prerequisite: Individual must be functioning at the 0.0-8.9 level for Adult Basic Education skills. Offered: FA, SP, SU.

ABX 0200 - Reading for Adult Education

A non-credit class designed to develop basic word decoding skills and the understanding of the structure of complex text required for reading comprehension.

Prerequisite: Individual must be functioning at the 0.0 – 8.9 level for Adult Basic Education skills. Offered: FA, SP, SU.

ABE 0300 - Language Arts for Adult Education

A non-credit class designed to develop writing capacities of crafting arguments, writing to inform and explain, and fashioning narratives about real or imagined experiences or from research.

Prerequisite: Individual must be functioning at the 0.0 - 8.9 level for Adult Basic Education skills. Offered: FA, SP, SU.

COURSE DESCRIPTIONS

SECTION VI: COURSE DESCRIPTIONS

FLORIDA'S STATEWIDE COURSE NUMBERING SYSTEM

Courses in this *College Catalog* are identified by prefixes and numbers that were assigned by Florida's Statewide Course Numbering System (SCNS). This numbering system is used by all public postsecondary institutions in Florida and by participating nonpublic institutions. The major purpose of this system is to facilitate the transfer of courses between participating institutions. Students and administrators can use the online SCNS to obtain course descriptions and specific information about course transfer between participating Florida institutions. This information is at the SCNS website at <http://scns.fldoe.org>.

Each participating institution controls the title, credit, and content of its own courses and recommends the first digit of the course number to indicate the level at which students normally take the course. Course prefixes and the last three digits of the course numbers are assigned by members of faculty discipline committees appointed for that purpose by the Florida Department of Education in Tallahassee. Individuals nominated to serve on these committees are selected to maintain a representative balance as to type of institution and discipline field or specialization.

The course prefix and each digit in the course number have a meaning in the SCNS. The listing of prefixes and associated courses is referred to as the "SCNS taxonomy." Descriptions of the content of courses are referred to as statewide course profiles.

Example of Course Identifier

Prefix	Level Code (first digit)	Century Digit (second digit)	Decade Digit (third digit)	Unit Digit (fourth digit)	Lab Code
ENC	1	1	0	1	
English Composition	Lower (Freshman) Level at this institution	Freshman Composition	Freshman Composition Skills	Freshman Composition Skills I	No laboratory component for this course

General Rule for Course Equivalencies

Equivalent courses at different institutions are identified by the same prefixes and the same last three digits of the course number and are guaranteed to be transferable between participating institutions that offer the course, with a few exceptions, as listed below in *Exceptions to the General Rule for Equivalency*.

For example, a freshman composition skills course is offered by 84 different public and nonpublic postsecondary institutions. Each institution uses "ENC_101" to identify its freshman composition skills course. The level code is the first digit and represents the year in which students normally take the course at a specific institution. In the SCNS taxonomy, "ENC" means "English Composition," the century digit "1" represents "Freshman Composition," the decade digit "0" represents "Freshman Composition Skills," and the unit digit "1" represents "Freshman Composition Skills I."

In the sciences and certain other areas, a "C" or "L" after the course number is known as a lab indicator. The "C" represents a combined lecture and laboratory course that meets in the same place at the same time. The "L" represents a laboratory course or the laboratory part of a

course that has the same prefix and course number but meets at a different time or place.

Transfer of any successfully completed course from one participating institution to another is guaranteed in cases where the course to be transferred is equivalent to one offered by the receiving institution. Equivalencies are established by the same prefix and last three digits and comparable faculty credentials at both institutions. For example, ENC 1101 is offered at a community college. The same course is offered at a state university as ENC 2101. A student who has successfully completed ENC 1101 at a Florida College System institution is guaranteed to receive transfer credit for ENC 2101 at the state university if the student transfers. The student cannot be required to take ENC 2101 again since ENC 1101 is equivalent to ENC 2101. Transfer credit must be awarded for successfully completed equivalent courses and used by the receiving institution to determine satisfaction of requirements by transfer students on the same basis as credit awarded to the native students. It is the prerogative of the receiving institution, however, to offer transfer credit for courses successfully completed that have not been designated as equivalent.

NOTE: Credit generated at institutions on the quarter-term system may not transfer the equivalent number of credits to institutions on the (semester) term-term system. For example, 4.0 quarter hours often transfers as 2.67 (semester) term hours.

The Course Prefix

The course prefix is a three-letter designator for a major division of an academic discipline, subject matter area, or subcategory of knowledge. The prefix is not intended to identify the department in which a course is offered. Rather, the content of a course determines the assigned prefix to identify the course.

Authority for Acceptance of Equivalent Courses

Per s. 1007.24(7), F.S., any student who transfers among postsecondary institutions that are fully accredited by a regional or national accrediting agency recognized by the United States Department of Education and that participate in the statewide course numbering system shall be awarded credit by the receiving institution for courses satisfactorily completed by the student at the previous institutions. Credit shall be awarded if the courses are judged by the appropriate statewide course numbering system faculty committees representing school districts, public postsecondary educational institutions, and participating nonpublic postsecondary educational institutions to be academically equivalent to courses offered at the receiving institution, including equivalency of faculty credentials, regardless of the public or nonpublic control of the previous institution. The Department of Education shall ensure that credits to be accepted by a receiving institution are generated in courses for which the faculty possess credentials that are comparable to those required by the accrediting association of the receiving institution. The award of credit may be limited to courses that are entered in the statewide course numbering system. Credits awarded pursuant to this subsection shall satisfy institutional requirements on the same basis as credits awarded to native students.

Exceptions to the General Rule for Equivalency

Since the initial implementation of the SCNS, specific disciplines or types of courses have been excepted from the guarantee of transfer for equivalent courses. These include courses that must be evaluated individually or courses in which the student must be evaluated for mastery of skill and technique. The following courses are exceptions to the general rule for course equivalencies and may not transfer, transferability is at the discretion of the receiving institution:

Courses not offered by the receiving institution;

For courses at non-regionally accredited institutions, courses offered prior to the established transfer date of the course in question;

Courses in the _900-999 series are not automatically transferable and must be evaluated individually. These include such courses as special topics, internships, apprenticeships, practica, study abroad, theses, and dissertations;

Applied academics for adult education courses;

Graduate courses;

Internships, apprenticeships, practica, clinical experiences, and study abroad courses with numbers other than those ranging from 900-999; and

Applied courses in the performing arts (Art, Dance, Interior Design, Music, and Theatre) and skills courses in Criminal Justice (academy certificate courses) are not guaranteed as transferable. These courses need evidence of achievement (e.g., portfolio, audition, interview, etc.).

Courses at Nonregionally Accredited Institutions

The SCNS makes available on its home page at <http://scns.fldoe.org> a report entitled "Courses at Nonregionally Accredited Institutions" that contains a comprehensive listing of all nonpublic institution courses in the SCNS inventory, as well as each course's transfer level and transfer effective date. This report is updated monthly.

Questions about the SCNS and appeals regarding course credit transfer decisions should be directed to the Office of the Dean of Baccalaureate Studies and Academic Support, Pensacola State College, or to the Florida Department of Education, Office of Articulation, 1401 Turlington Building, Tallahassee, Florida 32399-0400. Special reports and technical information may be requested by calling the SCNS office at (850) 245-0427 or at <http://scns.fldoe.org>.

COLLEGE CREDIT AND VOCATIONAL CREDIT (CLOCK HOUR) COURSES

Courses are listed alphabetically and are organized by numerical order within each discipline. Each course is designated as college credit (cc), vocational clock hours (ch), developmental education credit (cp), or institutional credit (ic).

The first number following the course prefix indicates the level of the course. If the first number is a zero (0), for example, BSC 0070, the course is a vocational certificate (clock hour) course (ch) or developmental education credit (cp), such as MAT 0028. A course with a number beginning with a 1 or 2, such as ENC1102 or PHI2070, is a college credit (cc) course. Baccalaureate college credit courses begin with a 3 or 4, such as MAN3303 or NUR4636. In general, vocational certificate (clock hour) courses and developmental education courses are not transferable to baccalaureate programs; college credit courses are usually transferable. College credit courses with the "AS Only" designation in the course description may be transferable to baccalaureate programs at Pensacola State College and schools with which Pensacola State College has developed specific articulation agreements. Questions about these issues should be addressed with

a counselor, the appropriate departmental head, or the Registrar's Office. See also the section entitled Florida's Statewide Course Numbering System.

Selected courses may be offered online by means of distance learning. Not all courses are offered at all campuses or during all terms. A student should consult the current course schedule to determine which courses are available. Course sections may be added or canceled based on enrollment.

Course Section Term Schedule

The term during which a course will be offered is included in the course description with the following indicators

FA	= Fall Term;
SP	= Spring Term;
SU	= Summer Term; and
TBA	= To Be Announced (consult with the appropriate department).

ACG - ACCOUNTING GENERAL

ACG 2001 - Accounting I 3 cc

The study of accounting terminology, concepts, techniques, methods, principles, practices, and procedures as applied to sole proprietorship. Typical financial transactions are analyzed in relation to the basic accounting equation and recorded in the books of the business. Business financial statements are prepared and interpreted.

Offered: FA, SP, SU.

ACG 2002 - Computerized Accounting 3 cc

Introduces computerized integrated accounting procedures found in microcomputer office environments. QuickBooks accounting program is used to record financial transactions. Topics include managing revenue and expenses, payroll setup and processing, bank reconciliation, reports and graphs, inventory, adjustments and year-end procedures, and company file setup and maintenance.

Prerequisite: ACG 2001 and ACG 2011 or ACG 2021. Corequisite: CGS 1570. Offered: FA, SP.

AS only. Lab Fee.

ACG 2011 - Accounting II 3 cc

A continuation of the study of accounting, including long-term assets, partnerships, corporations, long-term liabilities, the statement of cash flows, and financial statement analysis.

Prerequisite: ACG 2001. Offered: FA, SP, SU.

ACG 2021 - Financial Accounting Principles 3 cc

Approaches accounting as an information or decision support system. Emphasis placed on the analysis of business transactions and the evaluation of the effects on the operation of the enterprise. The method of instruction is shifted from "how to do it" to "why it is done and what it means." Addresses basic logic and principles associated with preparation and/or critical evaluation of accounting information.

Offered: FA, SP, SU.

ACG 2071 - Introduction to Managerial Accounting 3 cc

A study of the accounting tools required in the decision making process in a business environment.

Prerequisite: ACG 2011 or ACG 2021. Offered: FA, SP, SU.

ACG 2949 - Accounting Co-op 3 cc

A planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

ACG 3024 - Accounting for Non-Financial Majors 3 cc

Introduces the principles used in measuring organizational performance and reporting the results of organizational activities. For non-business majors only.

Offered: FA, SP, SU.

ACO - ACCOUNTING-OCCUPATIONAL-TECHNICAL-VARIABLE-PACED

ACO 1806 - Payroll Accounting 3 cc

A study of all payroll activities for any business. Topics include payroll and personnel records, federal payroll laws, payroll accounting systems, payroll operations, and preparation of payroll records, such as payroll registers, individual earnings records, and federal, state, and local payroll tax forms.

Prerequisite: ACG 2001 or ACG 2021 or permission required.

Offered: FA, SP.

AS only.

ACO 2943 - Accounting Internship 3 cc

The student gains accounting related work experience in the offices of various employers in the Pensacola area. This course should be taken the last semester of enrollment. Student must have "B" average in accounting courses.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

ACR - HVAC-HEAT-VENTILATION-RERIGERATION-TECH-TRADES

ACR 0640C - Introduction to HVAC Level 1 150 ch

Introduces the field of Heating, Ventilation, and Air Conditioning. Helps prepare the student for Level I certification in the National Center for Construction Education and Research (NCCER) certification program. Content includes an introduction to HVAC, trade mathematics, copper and plastic piping practices, soldering and brazing, and ferrous metal piping practices.

Prerequisite: BCV 0003C or permission required. Offered: TBA.

Lab Fee.

ACR 0641C - Intermediate HVAC Level 1 150 ch

Preparation for Level 1 Certification in the National Center for Construction Education and Research (NCCER) certified Heating, Ventilation, and Air Conditioning (HVAC) Program. Content includes basic electricity, introduction to cooling and heating, and air distribution systems.

Prerequisite: BCV 0003C or permission required. Offered: TBA.

Lab Fee.

ACR 0642C - Introduction to HVAC Level 2 150 ch

Preparation for Level II Certification in the National Center for Construction Education and Research (NCCER) certified Heating, Ventilation, and Air Conditioning (HVAC) Program. Content includes commercial airside systems, chimneys, vents and flues, introduction to hydronic systems, air quality equipment, leak detection - evacuation - recovery and charging, alternating current, and basic electronics.

Prerequisite: BCV 0003C or permission required. Offered: TBA.

Lab Fee.

ACR 0643C - Intermediate HVAC Level 2 150 ch

Preparation for Level III Certification in the National Center for Construction Education and Research (NCCER) certified Heating, Ventilation, and Air Conditioning (HVAC) Program. Content includes refrigerants and oils, compressors, metering devices, retail refrigeration systems, commercial hydronic systems, and steam systems.

Prerequisite: BCV 0003C or permission required. Offered: TBA. Lab Fee.

ACR 0644C - Introduction to HVAC Level 3 150 ch

Preparation for Level III Certification in the National Center for Construction Education and Research (NCCER) certified Heating, Ventilation, and Air Conditioning (HVAC) Program. Content includes planned maintenance, water treatment, troubleshooting electronic controls, troubleshooting oil heating, and troubleshooting accessories.

Prerequisite: BCV 0003C or permission required. Offered: TBA. Lab Fee.

ACR 0645C - Intermediate HVAC Level 3 150 ch

Preparation for Level III Certification in the National Center for Construction Education and Research (NCCER) certified Heating, Ventilation, and Air Conditioning (HVAC) Program. Content includes planned maintenance, water treatment, troubleshooting electronic controls, troubleshooting oil heating, and troubleshooting accessories.

Prerequisite: BCV 0003C or permission required. Offered: TBA. Lab Fee.

ACR 0646C - Introduction to HVAC Level 4 150 ch

Preparation for Level IV Certification in the National Center for Construction Education and Research (NCCER) certified Heating, Ventilation, and Air Conditioning (HVAC) Program. Content includes system startup and shutdown, heating and cooling system design, commercial and industrial refrigeration systems, alternative heating and cooling systems, and introduction to supervisory skills.

Prerequisite: BCV 0003C or permission required. Offered: TBA. Lab Fee.

ACR 0647C - Intermediate HVAC Level 4 150 ch

Preparation for Level IV Certification in the National Center for Construction Education and Research (NCCER) certified Heating, Ventilation, and Air Conditioning (HVAC) Program. Content includes system startup and shutdown, heating and cooling system design, commercial and industrial refrigeration systems, alternative heating and cooling systems, and introduction to supervisory skills.

Prerequisite: BCV 0003C or permission required. Offered: TBA. Lab Fee.

AMH - AMERICAN HISTORY**AMH 2010 - American History to 1877 3 cc**

A survey of the history of the American experience from the Colonial period to 1877. Emphasizes the development and adoption of the Constitution, the major events resulting in the democratization of American society, the sectional struggle over the nature of America's destiny, and the Reconstruction Era.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education, Social Sciences requirement. A writing emphasis course. Offered: FA, SP, SU.

AMH 2020 - American History from 1877 3 cc

A survey of the history of the American experience from 1877 to present. Emphasizes the growth of American industry and business and the social and economic reforms connected with that growth. Also emphasizes the emergence of the United States as a world power during the 20th century and the ramifications that rise has had on foreign and domestic policy.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education Core, Social Sciences requirement. A writing emphasis course. Satisfies the State of Florida civic literacy requirement. Offered: FA, SP, SU.

AMH 2091 - African-American History and Culture 3 cc

A study of the history of the African-American experience from 1619 to the present. Emphasizes the growth of an African-American community from slavery to freedom and examines the socio-political, cultural, and artistic aspects of American life for Blacks in America.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Social Sciences requirement. Offered: FA, SP.

AML - AMERICAN LITERATURE

These courses meet the general education literature requirement. Literature courses further the ability to understand literary devices and language; to appreciate a text and its socio-cultural and historical contexts; to evaluate a text, whether fiction or non-fiction, for its literal and figurative meanings; and to synthesize and communicate the understanding of a text. Further, literature enriches understanding of and appreciation for the diversity of human experience.

AML 2010 - American Literature to 1870 3 cc

Introduces the concepts and methodologies for the study of selected American literature from its beginning to the mid-nineteenth century. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA, SP, SU.

AML 2020 - American Literature from 1870 3 cc

Introduces the concepts and methodologies for the study of selected American literature from the mid-nineteenth century to the present. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA, SP, SU.

AML 2600 - Introduction to African American Literature 3 cc

Introduces the concepts and methodologies for the study of selected African American and related literature from its beginning in the colonial period to the present. The course considers both African and European influences, covers a variety of genres, and relates African American literary works to historical and present-day concerns. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA, SP.

ANT - ANTHROPOLOGY

ANT 2000 - Introduction to Anthropology 3 cc

Surveys the biological and cultural development of the human species, using the research tools of anthropology as both a scientific and humanistic approach. Topics include sub-disciplines of anthropology, human evolution, and the concept of cultural adaptation with examination of past and present cultures in terms of survival, socialization, social systems, communication, subsistence, power, spirituality, and cultural change.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Core, Social Sciences requirement. Offered: FA, SP.

ANT 2410 - Cultural Anthropology 3 cc

A study of anthropology founded on the principle that humans are best understood holistically, by examining the entirety of their biological, environmental, and cultural condition. A comparative, cross-cultural approach used to study the economic, political, religious, and family systems of past and present cultures.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Social Sciences requirement. Offered: SP.

APA - APPLIED ACCOUNTING

APA 2147 - Accounting Software Applications 3 cc

The study of accounting principles, practices, and procedures as applied to a computerized environment. Reinforcement of fundamentals learned in financial accounting course(s). Topics covered include accounting cycles of service and merchandising businesses, bank reconciliations, voucher system and budgeting, accounts payable, accounts receivable, payroll, partnerships, corporations, financial statement analysis, departmentalized accounting, and accounting system setup.

Prerequisite: ACG 2001 or ACG 2021. Corequisite: CGS 1570, ACG 2011. Offered: FA, SP.

AS only. Lab Fee.

ARH - ART HISTORY

ARH 1050 - Art History I 3 cc

The chronological study of art history through the Middle Ages.

Distribution: Meets AA General Education Electives, Humanities requirement. Offered: FA, SP.

ARH 1051 - Art History II 3 cc

A continuation of the chronological study of art history (from the Middle Ages to the present day). May be taken prior to ARH 1050.

Distribution: Meets AA General Education Electives, Humanities requirement. Offered: FA, SP.

ARH 2000 - Humanities Art 3 cc

A survey course covering painting, sculpture, architecture, and the arts of Western Civilization from antiquity to the present.

Distribution: Meets AA General Education Core, Humanities requirement. Offered: FA, SP, SU.

ART - ART

ART 1150C - Jewelry I 3 cc

Involves the fundamentals of jewelry construction. Projects assigned cover fabrication, cutting, soldering, lost wax casting, and stone setting, using silver and non-ferrous metals.

Offered: TBA

Lab Fee.

ART 1151C - Jewelry II 3 cc

Advanced jewelry making techniques building on those learned in Jewelry I. Processes include enameling, raising, and forging.

Prerequisite: ART 1150C. Offered: TBA

Lab Fee.

ART 1201C - Two-Dimensional Design 3 cc

Introduces the elements of design. Line, texture, shape, value, and color are used to give substance to visual expression on the two-dimensional plane.

Offered: FA, SP, SU.

ART 1203C - Three-Dimensional Design 3 cc

Introduces art sculpture with basic problems in integrating line, form, color, and texture with actual space and volume. Various materials are used to construct three-dimensional forms.

Offered: FA, SP.

Lab Fee.

ART 1300C - Drawing I 3 cc

Introduces the drawing process and two-dimensional composition. Basic analytical and expressive approaches are applied to still life, interiors, landscape, and portraits.

Offered: FA, SP, SU.

Lab Fee.

ART 1301C - Drawing II 3 cc

Introduces the student to figure drawing, including a study of the skeletal and muscular compositions of the human form, interspersed with sessions of drawing from the nude model. A variety of media, including color, is also explored during both gesture and extended drawings of the figure. Drawings exhibit the design concepts learned in ART1300C.

Prerequisite: Grade of C or better in ART 1300C. Offered: FA, SP, SU.

Lab Fee.

ART 1400C - Printmaking I 3 cc

Introduces the fundamentals of printmaking. Processes may include relief (linoleum and woodblock), collagraphy, etching, monotypes, solar prints, and screen-printing.

Prerequisite: Grade of C or better in ART 1201C, ART 1300C.

Offered: FA, SP.

Lab Fee.

ART 1401C - Print Making II 3 cc

Continued focus on the fundamentals of printmaking. Processes may include relief (linoleum and woodblock), calligraphy, etching, monotypes, solar prints, and screen printing.

Prerequisite: Grade of C or better in ART 1400C. Offered: TBA.

Lab Fee.

ART 1750C - Ceramics I 3 cc

Introduces the methods and techniques of making pottery using both the potter's wheel and hand-built procedures. Includes lectures on theory and practical experiences using of clay, glazes, and firing techniques.

Offered: FA, SP, SU.

Lab Fee.

ART 1751C - Ceramics II 3 cc

Continued exploration of techniques of pottery making.

Prerequisite: Grade of C or better in ART 1750C. Offered: FA, SP, SU.

Lab Fee.

ART 2183C - Glass Blowing 3 cc

Introduces off-hand glass blowing. Emphasizes preparing, forming, and finishing glass, understanding of glass as an art form, and operation and maintenance of a glass studio.

Offered: TBA

Lab Fee.

ART 2500C - Painting I 3 cc

An introductory course in academic methods of painting and color theory.

Prerequisite: Grade of C or better in ART 1201C and ART 1300C.

Offered: TBA.

Lab Fee.

ART 2501C - Painting II 3 cc

A continuation of Painting I and an exploration of traditional painting methods. Emphasis on mixed media and current development.

Prerequisite: Grade of C or better in ART 2500C. Offered: TBA.

Lab Fee.

ART 2701C - Sculpture I 3 cc

Introduces the fundamentals of sculpture: site, context, process, psychology, and the aesthetics of the object as well as the object's relation to the body. Emphasizes sculpture as an art of the extraordinary as well as the every day. Experimentation, observation, technical usage of materials, verbal articulation, and professional presentation of projects are stressed.

Prerequisite: Grade of C or better in ART 1203C. Offered: FA, SP.

Lab Fee.

ART 2702C - Sculpture II 3 cc

A continuation of ART2701C Sculpture I with investigation of sculptural media. Emphasis on advanced theories and techniques. Individual interests and personalized projects are encouraged.

Prerequisite: Grade of C or better in ART 2701C. Offered: FA, SP.

Lab Fee.

ART 2900 - Independent Study 3 cc

Independent study courses are available for most studio offerings. Contact the department head for information about any required prerequisites or about repeating this course for credit.

Prerequisite: Some sections may require permission. Offered: TBA.

Lab Fee.

ART 2901 - Independent Study 3 cc

Independent study courses are available for most studio offerings. Contact the department head for information about any required prerequisites or about repeating this course for credit.

Prerequisite: Some sections may require permission. Offered: TBA.

Lab Fee.

ART 2943 - Arts Internship 3 cc

Several professional internships are available on a competitive basis in various studio areas. These positions provide on-the-job training for college credit in local art-related businesses. Only advanced students are eligible. Contact your instructor for details on availability as internships vary from semester to semester.

Offered: TBA.

Lab Fee.

ART 2950C - Portfolio and Resume Development 3 cc

Emphasizes the development of a professional portfolio and the skills required to effectively market the student and his or her work.

Prerequisite: GRA 2191C or PGY 2802C. Offered: FA, SP.

ASL - AMERICAN SIGN LANGUAGE

ASL 1140 - American Sign Language I 4 cc

Introduces the syntax and vocabulary of American Sign Language with examination of the differences between American Sign Language and the English language. Describes the history, values, and culture of deaf persons in America. Emphasizes receptive skills rather than expressive skills.

Offered: TBA.

ASL 1150 - American Sign Language II 4 cc

Focuses on the expansion of American Sign Language vocabulary and grammatical structures. Particular emphasis on proficiency in expressive signing, receptive skills, and knowledge of Deaf culture. Meets foreign language requirement.

Prerequisite: Grade of C or better in ASL 1140 within the last 3 years, or permission required. Distribution: General Education, Humanities. Offered: TBA.

AST - ASTRONOMY

AST 1002 - Descriptive Astronomy 3 cc

Introduces the celestial sphere, constellations, time, telescopes, properties of light, the solar system, stars, and galaxies. Requires a working knowledge of arithmetic and simple algebra.

Distribution: Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP, SU.

AST 1002L - Descriptive Astronomy Laboratory 1 cc

Optional laboratory course that illustrates the laws and principles presented in AST 1002. Includes computer simulations, Internet astronomy, and calculations using the latest research. Requires a working knowledge of arithmetic and simple algebra.

Corequisite: AST 1002. Offered: FA, SP, SU.

Lab Fee.

ATE - ANIMAL SCIENCE TECHNOLOGY

ATE 1050 - Canine and Feline Behavior 2 cc

Focuses on common canine and feline behavior issues. Emphasizes the client's role in behavior issues and highlights how common behavior problems can lead to the choice of euthanasia for the patient. Case presentation from the student will satisfy the oral communication requirement.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Offered: FA.

AS only.

ATE 1110 - Animal Anatomy and Physiology 3 cc

An intensive study of the anatomy of domestic animals with emphasis on normal physiology. Topics covered include basic chemistry, cellular function and metabolism, tissue components, organ systems, and special senses.

Prerequisite: Completion of general education requirements as outlined in the program curriculum with a C or better and acceptance into the Veterinary Technology program. Corequisite: ATE 1110L. Offered: FA.

AS only.

ATE 1110L - Animal Anatomy and Physiology Lab 1 cc

Focuses on fundamental techniques in animal dissection and necropsy. Correlates concepts taught in anatomy and physiology and gives the student hands-on experience. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Completion of general education requirements with a C or better and acceptance into the Veterinary Technology program. Corequisite: ATE 1110. Offered: FA.

AS only. Lab Fee.

ATE 1311 - Veterinary Office Procedures and Terminology 3 cc

Covers information related to veterinary technology and clinical practice management, office and hospital procedures, client relations, and communication. Introduces medical terminology and veterinary terminology, including the foundation of medical language such as word roots, prefixes, suffixes and combination of forms. Satisfies the Computer Competency requirement.

Prerequisite: Completion of general education requirements with a grade of C or better and acceptance into the Veterinary Technology program. Offered: FA.

AS only. Lab Fee.

ATE 1612 - Large Animal Medicine 3 cc

Focuses on the common diseases, conditions, and patient care in equines, bovines, swines, camelids and small ruminants.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Corequisite: ATE 1636, ATE 1636L. Offered: SP.

AS only.

ATE 1636 - Large Animal Clinical Procedures 3 cc

Focuses on large animal nursing skills, including farm animal nutrition related to farm animal production. Covers reproduction and lactation in selected farm animal species, with emphasis on herd health and husbandry.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Corequisite: ATE 1612, ATE 1636L. Offered: SP.

AS only.

ATE 1636L - Large Animal Clinical Procedures Lab 1 cc

Focuses on safe handling and restraint techniques used with large animals and production animals. Exposes the student to selected farm animal species and performing various tasks related to husbandry, nutrition, therapy and dentistry procedures. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Corequisite: ATE 1612, ATE 1636. Offered: SP.

AS only. Lab Fee.

ATE 1650C - Introduction to Clinical Procedures 3 cc

Covers entry-level nursing skills and clinical laboratory skills with detailed instruction and development of occupational safety. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Completion of general education requirements with a C or better and acceptance into the Veterinary Technology program. Offered: FA.

AS only. Lab Fee.

ATE 1941L - Clinical Work Experience 1 cc

Offers the student supervised clinical experience in a work place approved by the instructor. Requires a minimum of 64 hours per semester in a full-service veterinary clinic.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Offered: SP.

AS only.

ATE 1942L - Clinical Work Experience II 1 cc

Offers supervised clinical experience in a work place approved by the instructor. Requires a minimum of 64 hours in a full-service veterinary clinic.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one and two core courses, with a C or better. Offered: SP.

AS only.

ATE 2501 - Professional Development 2 cc

Focuses on current credentialing information and testing of veterinary technicians. Emphasizes the pursuit of employment in a professional environment and life-long learning.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, three, and four core courses, with a C or better. Offered: SP.

AS only.

ATE 2511 - The Human Animal Bond 2 cc

Focuses on animal end-of-life issues covering euthanasia, bereavement, and impacts on veterinary healthcare teams, including shelter medicine and the importance of early client education.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, three, and four core courses with a C or better. Offered: SP.

AS only.

ATE 2618 - Small Animal Diseases 3cc

Develops basic knowledge of small animal diseases with emphasis on dogs and cats. Highlights clinical signs, diagnostic tests, and client information.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Offered: SP.

AS only.

ATE 2630 - Pharmacology 4 cc

Focuses on the importance of safety and efficacy when prescribing medication to patients. Covers the federal and state regulations that govern prescription of medications.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, and three core courses, with a C or better. Offered: FA.

AS only.

ATE 2632 - Small Animal Clinical Procedures II 3 cc

Focuses on preventative medicine, diagnostic sampling, and therapeutic techniques performed with small animals. Diagnostic sampling includes pathology, parasitology, and microbiology. Emphasizes safety and OSHA standards.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Corequisite: ATE 2632L. Offered: SP.

AS only.

ATE 2632L - Small Animal Clinical Procedures II Lab 1 cc

Focuses on laboratory procedures regularly performed by veterinary technicians in a clinical setting. Covers clinical pathology and radiology. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a C or better. Corequisite: ATE 2632. Offered: SP.

AS only. Lab Fee.

ATE 2634 - Small Animal Clinical Procedures III 3 cc

Focuses on small animal anesthetic procedures. Provides an understanding of patient assessment and risk status to help determine appropriate perianesthetic and anesthetic protocols to provide effective pain management and maximum safety.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, and three core courses, with a C or better. Corequisite: ATE 2634L. Offered: FA.

AS only.

ATE 2634L - Small Animal Clinical Procedures III Lab 1 cc

Focuses on psychomotor skills required for small animal anesthesia, dental prophylaxis, and radiology. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, and three core courses, with a C or better. Corequisite: ATE 2634. Offered: FA.

AS only. Lab Fee.

ATE 2635 - Small Animal Clinical Procedures IV 3 cc

Focuses on surgical nursing.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, three, and four core courses with a C or better. Corequisite: ATE 2635L. Offered: SP.

AS only.

ATE 2635L - Small Animal Clinical Procedures IV Lab 1 cc

Focuses on surgical nursing with skills gained in ATE 2634. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, three, and four core courses with a C or better. Corequisite: ATE 2635. Offered: SP.

AS only. Lab Fee.

ATE 2648 - Radiography 3 cc

Focuses on the technical skills needed to perform radiological procedures. Alternative imaging techniques included.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one core courses with a grade of C or better. Offered: SP.

AS only.

ATE 2671 - Laboratory Animal Medicine 2 cc

Focuses on the basic principles of animal research, including understanding the utilization of laboratory animals in animal research. Provides a working knowledge of federal, state, and local animal welfare regulations.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one and two core courses with a C or better. Corequisite: ATE 2671L. Offered: SU.

AS only.

ATE 2671L - Laboratory Animal Medicine Lab 1 cc

Focuses on the basic principles of animal research, including understanding the utilization of laboratory animals in animal research. Provides the student with a working knowledge of federal, state, and local animal welfare regulations. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one and two core courses with a C or better. Corequisite: ATE 2671. Offered: SU.

AS only. Lab Fee.

ATE 2710 - Veterinary Emergency Medicine 3 cc

Focuses on the fundamentals of veterinary emergency medicine with an emphasis on nursing skills, triaging, complications, and CPR.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, and three core courses with a C or better. Offered: FA.

AS only.

ATE 2722 - Avian, Exotic, Small Mammals and Fish 2 cc

Focuses on providing safe and effective care for birds, reptiles, amphibians, guinea pigs, hamsters, gerbils, and ferrets. Animal handling, personal safety, and OSHA standards demonstrated and practiced.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one and two core courses with a C or better. Offered: SU.

AS only.

ATE 2943L - Clinical Work Experience III 1 cc

Offers supervised clinical experience in a workplace approved by the instructor. Requires a minimum of 64 hours in a full-service veterinary clinic.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, and three core courses with a C or better. Offered: FA.

AS only.

ATE 2944L - Clinical Work Experience IV 1 cc

Offers supervised clinical experience in a workplace approved by the instructor. Requires a minimum of 64 hours in a full-service veterinary clinic.

Prerequisite: Acceptance into the Veterinary Technology program and completion of the program's semester one, two, three, and four and core courses with a C or better. Offered: SP.

AS only.

BCN - BUILDING CONSTRUCTION**BCN 1001 - Building Construction 3 cc**

Introduces the terminology, methods, procedures, materials, sequences of operations, and types of construction.

Offered: FA, SP.

AS only.

BCN 2405 - Construction Mechanics 3 cc

Introduces design for building construction, drafting and design, and civil engineering technology with an emphasis on problem solving. Includes resultants and equilibrium of force systems—beams, trusses, frames and centroids, shear, and moment diagrams. Rigorous mathematical treatment not required.

Prerequisite: BCN 1001 or permission required. Corequisite: MAT 1033C or MAC 1105 or permission required. Offered: SP.

AS only.

BCN 2948 - Building Construction Technology Co-op 2 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, the student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

BCT - BUILDING CONSTRUCTION TRADES**BCT 2760 - Building Codes 3 cc**

A study of building codes designed to acquaint the student with the requirements for commercial construction based on occupancy classification and construction type.

Prerequisite: BCN 1001 or permission required. Offered: FA.

AS only.

BCT 2770 - Construction Estimating 3 cc

Involves systems of accounting, material inventory, and the critical path method of planning and scheduling. Designed specifically for cost estimating in heavy construction, but upon completion, the student should have no trouble doing light construction or commercial estimating. Completion of, or simultaneous enrollment in, ETD 1399 or the ability to read blueprints will aid the student. Some computer-assisted estimating is used.

Prerequisite: BCN 1001. Corequisite: MAT 1033C or MAC 1105. Offered: FA.

AS only. Lab Fee.

BCV - BUILDING-CONSTRUCTION-VOCATIONAL**BCV 0003C - Introductory to Craft Skills 150 ch**

Introduces the proper use and care of hand and power tools and OSHA-compliant shop and jobsite safety practices. Students are provided training to obtain their 2 year CPR, First Aid and AED certification. Emphasizes rigging, handling, and transport techniques to safely load, move, install, store, and care for building materials and jobsite equipment. Provides useful construction math skills to accurately calculate building material quantities and to measure, cut, and layout building structures, components, and other building projects. Provides practice in reading and interpreting various types of construction drawings and written specifications.

Offered: FA, SP, SU.

Lab Fee.

BCV 0112C - Introduction to Carpentry 150 ch

Learn skills necessary to construct, erect, install, and repair residential and small commercial structures, and building projects, made from wood and other materials. Carpentry tasks involve working from construction drawings, performing construction math and geometry calculations, laying out building components, measuring, cutting and assembling structures or building projects. Learn to identify and select appropriate sustainable building materials, methods of construction, and systems and technologies for durable construction for specific climate zones.

Corequisite: BCV 0003C, BCV 0123C. Offered: FA, SP, SU.

Lab Fee.

BCV 0122C - Carpentry Rough Framing 300 ch

Learn to identify, select, and layout wood and metal, framing members, and construct wood and metal framed structures. Advanced framing techniques will be stressed. Learn to identify, select and install air, moisture, vapor and thermal barriers, and code compliant fasteners and connectors. Knowing how to handle, store and care for framing materials are important skills to learn. Students will perform building material takeoffs and apply appropriate building codes and performance guidelines to construct durable wood frame structures and building projects.

Corequisite: BCV 0126C. Offered: SP.

BCV 0123C - Building Layout and Foundations 150 ch

Teaches techniques to select appropriate building sites, properly orient and layout a building, and choose climate-specific foundation types and construction. Also provides strategies and techniques to select and install foundations, water management systems, vapor barriers, concrete and block assemblies, and other foundation systems. Teaches the student to perform building site and foundation building material takeoffs and apply appropriate building codes and performance guidelines to construct durable foundations.

Corequisite: BCV 0003C, BCV 0112C. Offered: FA, SP, SU.

Lab Fee.

BCV 0126C - Carpentry Exterior Finishes 150 ch

Learn to select appropriate exterior (climate specific) weather resistant barriers and finishes: air barrier materials; drainage plane systems; moisture management systems; cladding types and trim, and techniques to properly install these systems. Learn to identify, select, and install exterior claddings; hardware and trim; windows and doors; flashings; roofing products; decking materials, and stair components. Students will be introduced to renewable energy systems, and installation techniques for fastening these systems to various roofing products, materials, and assemblies. Material take-offs, building code requirements, and third party performance practices are skills learned in this course.

Corequisite: BCV 0122C. Offered: SP.

BCV 0127C - Interior Finish and Trim 300 ch

Learn to select and install thermal barriers, interior finish trim and doors, stair assemblies, paint and sealers, finish flooring, cabinets, door hardware, and plumbing accessories. Learn about testing ductwork and building enclosures for air leakage and building commissioning. Create punch-out lists and learn how to delegate responsibilities to complete items on the list. Perform building material takeoffs, and apply pertinent building codes on a residential building.

Offered: SU.

BCV 0508C - Helper, Plumber, Pipefitter 360 ch

Prepares students to enter the workforce as a plumber helper or pipefitter helper with a basic knowledge of the pipe-trade industry.

Offered: FA, SP, SU.

BCV 0540C - Residential Plumber 240 ch

Prepares students to enter the plumbing industry as an entry level residential plumber.

Prerequisite: BCV 0508C. Offered: FA, SP, SU.

BCV 0562C - Commercial Plumber 240 ch

Prepares students to enter the pipe-trade industry as an entry level commercial plumber.

Prerequisite: BVC 0508C, BCV 0540C. Offered: FA, SP, SU.

BCV 0596C - Plumbing Applications 240 ch

Covers additional skills related to the pipe-trade. Prepares students to repair and service plumbing services. Additional topics covered include medical gas, fuel gas, and solar and pool systems.

Prerequisite: BCV 0508C, BCV 0540C, BCV 0562C. Offered: FA, SP, SU.

BCV 0670C - Introduction to Electricity Level 1 120 ch

Introduces the student to the field of electricians including installation of electrical systems in structures, wiring and other electrical components, such as circuit breaker panels, switches, and light fixtures, and following blueprints, the National Electrical Code(r), and state and local codes. Emphasis on electrical theory. The student will gain proficiency with hands-on lab work. Initial course in Electricity leading to a Florida Vocational Certificate within NCER's 4-level Electrical.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0671C - Intermediate Electricity Level 1 120 ch

Part of a sequence of instruction in Electricity leading to a Florida Vocational Certificate. Emphasis on electrical theory. The student will gain proficiency with hands-on lab work. Prepares the student for NCCER's Level 1 certification.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0672C - Introduction to Electricity Level 2 180 ch

Part of a planned sequence of instruction in Electricity leading to a Florida Vocational Certificate. Emphasis on electrical theory. The student will proficiency with hands-on lab work. Prepares the student for the NCCER's Level 2 certification test.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0673C - Intermediate Electricity Level 2 120 ch

Part of the sequence of courses in Electricity leading to a Florida Vocational Certificate. Continues the study of NCCER Level 2 topics with an emphasis on electrical theory. The student will gain proficiency with hands-on lab work. Prepares the student for the NCCER's Level 2 certification test.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0674C - Introduction to Electricity Level 3 120 ch

Part of the sequence of courses in Electricity leading to a Florida Vocational Certificate. Continues the study of NCCER Level 3 topics. The student will gain proficiency with hands-on lab work. Prepares the student for the NCCER's Level 3 certification test.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0675C - Intermediate Electricity Level 3 120 ch

Part of the sequence of courses in Electricity leading to a Florida Vocational Certificate. Continues the study of NCCER Level 3 topics. The student will gain proficiency with hands-on lab work. Prepares the student for the NCCER's Level 3 certification test.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0676C - Introduction to Electricity Level 4 150 ch

Part of the sequence of courses in Electricity leading to a Florida Vocational Certificate, with an emphasis on electrical theory. The student will gain proficiency with hands-on lab work. Prepares the student for the NCCER's Level 4 certification test.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0677C - Intermediate Electricity Level 4 120 ch

Part of the sequence of courses in Electricity leading to a Florida Vocational Certificate, with an emphasis on electrical theory. The student will gain proficiency with hands-on lab work. Prepares the student for the NCCER's Level 4 certification test.

Prerequisite: BCV 0003C or permission required. Offered: FA, SP, SU.

Lab Fee.

BCV 0931C - Special Topic in Building Construction 30 ch

Designed to allow flexibility to present a wide variety of topics related to the construction field trades to the student.

Prerequisite: Permission required. Offered: FA, SP, SU.

BCV 0932C - Special Topic in Building Construction 60 ch

Designed to allow flexibility to present a wide variety of topics related to the construction field trades to the student.

Prerequisite: Permission required. Offered: FA, SP, SU.

BOT - BOTANY**BOT 2010 - General Botany 3 cc**

Introduces basic concepts applicable to all plants, including cell theory, biosynthetic processes, development and reproduction, systematics, and evolution. Topics include morphological, physiological, and taxonomic aspects of plants and structures and functions of cells, tissues, and organs of plants. Emphasizes the economic and ecological roles of these organisms. Significant plant groups are surveyed to illustrate basic biological principles.

Prerequisite: Placement at the college level or completion of exit-level developmental course(s) with a grade of C or better.

Corequisite: BOT 2010L. Offered: SP.

BOT 2010L - General Botany Laboratory 1 cc

Includes microscopy, experimental exercises, and dissection.

Corequisite: BOT 2010. Offered: SP.

Lab Fee.

BSC - BIOLOGICAL SCIENCES**BSC 1005 - Introduction to Biology 3 cc**

Surveys biological principles as they apply to lifestyle choices, health and nutrition, bioenergetics, environmental impact, heredity, physiology, and organismal change over time as well as the application of these principles to issues of current interest. Not recommended for biology majors.

Distribution: Meets AA General Education Core, Natural Sciences (Biological Sciences) requirement. Offered: FA, SP, SU.

BSC 1005L - Introduction to Biology Laboratory 1 cc

Illustrates the biological principles as they apply to lifestyle choices, health and nutrition, bioenergetics, environmental impact, heredity, physiology, and organismal change over time.

Corequisite: BSC 1005. Offered: FA, SP, SU.

Lab Fee.

BSC 1010 - Principles of Biology 3 cc

A study of the cellular, genetic, and evolutionary principles which form the foundations of biology. Emphasizes biomolecules, cell structure and function, protein synthesis, genetics, and organic evolution. The first course for biology majors.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Corequisite: BSC 1010L. Distribution: Meets AA General Education Core, Natural Sciences (Biological Sciences) requirement. Offered: FA, SP, SU.

BSC 1010L - Principles of Biology Laboratory 1 cc

Provides hands-on exercises to complement the material in lecture course BSC 1010. Required for biology majors.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Corequisite: BSC 1010. Offered: FA, SP, SU.

Lab Fee.

BSC 1011 - Principles of Biological Diversity 3 cc

Explores the diversity of life including bacteria, protists, fungi, plants, and animals at the introductory level, covering the basic functional morphology and physiology at the organismal level. Introduces ecological interactions at the population and community level.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Natural Sciences (Biological Sciences) requirement. Offered: FA, SP.

BSC 1011L - Principles of Biological Diversity Laboratory 1 cc

Provides hands-on exercises to complement the concepts discussed in lecture course BSC1011. Introduces the diversity of life including bacteria, protists, fungi, plants and animals. Introduces basic functional morphology and physiology at the organismal level as well as ecological interactions at the population and community level.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Corequisite: BSC 1011. Offered: FA, SP.

Lab Fee.

BSC 1080 - Essentials of Anatomy and Physiology 3 cc

Survey course consisting of lectures and demonstrations covering the basic structures and functions of the human body. Not recommended for students who intend to major in biology, medicine, or registered nursing.

Distribution: Meets AA General Education, Natural Sciences (Biological Sciences) requirement. Offered: FA, SP.

BSC 1080L - Essentials of Anatomy and Physiology Laboratory 1 cc

Reinforces concepts presented in BSC 1080 using dissected materials, microscopy, models, and other supplemental materials.

Corequisite: BSC 1080. Offered: FA, SP.

Lab Fee.

BSC 1093 - Anatomy and Physiology I 3 cc

An intensive study of human anatomy emphasizing normal physiology and disease states that result when normal homeostatic mechanisms are compromised. Topics covered include basic cellular function; tissue components of the body, cellular metabolism, integumentary, skeletal, muscular, and nervous systems; and special senses.

Prerequisite: Placement at the college level in reading and writing. Corequisite: BSC 1093L. Offered: FA, SP, SU.

BSC 1093L - Anatomy and Physiology I Laboratory 1 cc

Provides laboratory exercises in anatomy and physiology intended to enhance topics covered in lecture course BSC 1093. Models, diagrams, dissection material, and other media will be used to explore the structure of the integumentary, skeletal, muscular, nervous, and sensory systems.

Corequisite: BSC 1093. Offered: FA, SP, SU.

Lab Fee.

BSC 1094 - Anatomy and Physiology II 3 cc

Continuation of BSC 1093. Topics covered include the endocrine, cardiovascular, lymphatic, immune, respiratory, digestive, urinary and reproductive systems, including genetics, general developmental concepts, and pregnancy. Normal and pathological conditions of fluid, acid-base, and electrolyte balance are also surveyed.

Prerequisite: Grade of C or better in BSC 1093 and BSC 1093L.

Corequisite: BSC 1094L. Offered: FA, SP, SU.

BSC 1094L - Anatomy and Physiology II Laboratory 1 cc

Provides laboratory exercises in anatomy and physiology to enhance topics covered in lecture course BSC 1094. Models, diagrams, dissection material, and other media will be used to explore the structure of the endocrine, cardiovascular, respiratory, digestive, urinary and reproductive systems, including genetics.

Prerequisite: BSC 1093L. Corequisite: BSC 1094. Continuation of BSC 1093L. Offered: FA, SP, SU.

Lab Fee.

BSC 1931 - Special Topics in Biological Sciences 1 cc

Designed to allow flexibility for presenting a variety of topics in biological sciences, such as biotechnology, environment, and natural history. The course may be repeated for credit when content varies.

Offered: FA, SP, SU.

Some sections may require Lab Fee.

BSC 2033 - Ethical Issues in Biology 2 cc

Explores the complex interactions occurring at the overlap between ethics and modern biology. In recent years, the life sciences have produced numerous techniques and laboratory devices whose applications have produced challenging ethical dilemmas for modern society. Topics include the use of genetic information, genetic testing, genetic engineering, gene therapy, medical ethics, use of reproductive technologies, abortion, euthanasia, xenotransplantation, and cloning.

Prerequisite: BSC 1005 or BSC 1010 or BSC 1080 or BSC 0070 or BSC 1093 and BSC 1094. Offered: SP, SU.

BUL - BUSINESS LAW**BUL 2241 - Business Law 3 cc**

Introduces business law, including the foundations of legal systems and the role of law in society and fundamental principles of the law of crimes, torts, contracts, sales, and commercial paper. Emphasis on logical reasoning and the application of rules of law to everyday business affairs.

Offered: FA, SP, SU.

BUL 3130 - Legal Environment 3 cc

Covers issues such as contracts, torts, legal/political/economic aspects of ethics and the law, antitrust law, employment law, administrative law, securities law, and international business law.

Offered: FA, SP, SU.

CAP - COMPUTER APPLICATIONS**CAP 2134C - Database Security 3 cc**

Provides the skills and knowledge of information technology security to protect technology infrastructures, intellectual property, and business functions and protect the company's most valuable assets: the databases. Emphasizes proper techniques and methodologies in securing and protecting databases from database installation and testing to auditing and SQL Injection.

Prerequisite: CGS 1061C. Offered: FA, SP.

AS only. Lab Fee.

CAP 2140C - Digital Forensics I 3 cc

Provides information on forensic lab setup, how to acquire tools and software necessary for a forensics investigation, identification of inappropriate uses of information, gathering electronic evidence of wrongdoing, securing corporate systems from further misuse, managing corporate computer forensic operations, and protection from intentional or accidental modification.

Prerequisite: CET 1178C, CET 1179C, CTS 1300C, CTS 1390C, CTS 2106C. Offered: FA.

AS only. Lab Fee.

CAP 2141C - Digital Forensics II 3 cc

Provides the student information on advanced computer forensics, how to prepare and conduct a computer investigation, Windows registry analysis using FTK's registry analyzer, and use of advanced computer forensics software such as Access Data's Forensic Toolkit FTK, Guidance Software's Encase, Forensic Recovery Evidence Device (FRED), Ultimate Tool Kit Write Blocker Suite, and Voom Hardcopy II. The student will learn how to recover forensic data from various digital devices such as cell phones using PARABEN's Cell and PDA Seizure, password recovery tools including Access Data's PRTK, and analysis of Windows and Linux operating systems.

Prerequisite: CAP 2140C. Offered: SP.

AS only. Lab Fee.

CCJ - CRIMINOLOGY AND CRIMINAL JUSTICE**CCJ 1020 - Introduction to the Criminal Justice System 3 cc**

Introduces the student to the criminal justice system with emphasis on the nature, functions, and limits of law. Special attention is given to the criminal justice process from arrest to final disposition.

Distribution: Meets AA General Education, Social Sciences requirement. Offered: FA, SP, SU.

CCJ 2010 - Criminology 3 cc

Introduces the criminal justice system with emphasis on the nature, functions, and limits of law. Special attention is given to the criminal justice process from arrest to final disposition.

Offered: FA, SP, SU.

CCJ 2055 - Ethical Issues 3 cc

Covers various ethical issues common to the field of criminal justice today. Current issues such as lying, moral responsibility, and abuse of force and authority will be covered in detail, including current laws that govern these issues.

Offered: FA, SP.

CCJ 2645 - White Collar Crime 3 cc

Examines a broad range of criminal activities and financial crimes committed by individuals in the course of their legitimate employment, with emphasis on the intersection of white-collar crime and organized/transnational organized crime. Topics include the study of theories advanced to explain such behavior and the widespread nature of the problem.

Offered: FA, SP.

CCJ 2687 - Victimology 3 cc

Introduces victimology, the academic discipline relatively new in the United States, including the continual movement through states to enact laws giving victims of crimes more opportunities to participate in the criminal justice system. Provides the student with an understanding of working with victims covering the legal, psychological, and social aspects of victimology.

Offered: FA, SP.

AS only.

CCJ 2693 - The Study of Sex Crimes 3 cc

Covers the nature and extent of sexual crimes committed in America today, including the prominent theories of causation. Emphasis on the review of current sex offender laws and the legal challenges facing law enforcement and the courts.

Offered: FA, SP.

CCJ 2940C - Cyber Forensics Capstone 3 cc

Provides an integrative experience in a law enforcement and business information security environment incorporating the Certified Digital Forensic Examiner (C)DFE certification exam.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

CCJ 2943 - Criminal Justice Internship 3 cc

Provides practical Criminal Justice experience working in the field of study as a trainee. This is a non-paid position that involves working in a Criminal Justice position 145 hours during the semester. The student will receive a pass/fail grade based upon the employer's evaluation of the student.

Prerequisite: Permission required, forty-five completed credit hours, enrolled in the Criminal Justice AS program, and a 3.0 GPA.

Offered: FA, SP, SU.

AS only.

CCJ 2949 - Criminal Justice Co-op 3 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

CJE 3007 - Law Enforcement Process & Administration 3 cc

A historical and functional analysis of law enforcement in a democratic society. Includes the analysis of comparative police systems; police roles, careers, values and behavior; and police organization, management, and control.

Offered: FA.

CCJ 4664 - White Collar Crime and Economics 3 c.c.

Explores white collar crime and the cost it has on the United States economy. Analyzes the cost factors to businesses and society and means to prevent white collar crime.

Offered: FA, SP, SU.

CET - COMPUTER ENGINEERING TECHNOLOGY**CET 1020C - Introduction to Networks 3 cc**

Introduces the architecture, structure, functions, components, and modules of the Internet and other computer networks. Include the principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations. The first of three courses in the Cisco Certified Network Associate curriculum.

Offered: FA, SP, SU.

AS only. Lab Fee.

CET 1112C - Digital Fundamentals 3 cc

Covers introductory concepts of digital circuits. Material covered in theory and lab includes number systems, digital codes, logic circuits, Boolean algebra, Karnagh mapping, Demorgan's Theorem, arithmetic circuits, code converters, multiplexers, and demultiplexers.

Offered: FA, SP.

AS only. Lab Fee.

CET 1178C - PC Hardware (A+) 3 cc

Prepares the student to take the A+ Certification exam. Teaches the student basic technical skills needed to understand the function and operation of the major elements of personal computer systems and how to localize and correct common hardware and software problems.

Prerequisite: CGS 1061C. Offered: FA, SP, SU.

AS only. Lab Fee.

CET 1179C - PC Operating Systems (A+) 3 cc

Preparation for the A+ Certification exam through proficiency in personal computer operating systems including DOS and Windows 98/2000/XP. Key topics include disk, file, and memory management; system configurations; menu driven processing; graphical user interfaces; boot files; disk caching; virtual memory; device drivers; TSRs; and basic system errors.

Prerequisite: CGS 1061C. Offered: FA, SP, SU.

AS only. Lab Fee.

CET 1588 - Network + 3 cc

Introduces the foundation in current network technologies for local area networks (LANs), wide area networks (WANs), and the Internet. Prepares the student to take the CompTIA Network+ certification exam and provides introduction to the hardware, software, terminology, components, design, and connections of a network as well as the topologies and protocols for LANs. Topics covered include LAN-user concepts and the basic functions of system administration and operation.

Prerequisite: CGS 1061C or permission required. Offered: FA, SP, SU.

AS only. Lab Fee.

CET 1610C - Routing and Switching Essentials 3 cc

The final course of two in the Cisco CCENT curriculum. Key topics include architecture, components, and operations of routers and switchers in a small network. The student will learn how to configure a router and a switch for basic functionality. Completes the Cisco CCENT curriculum and prepares the student for the Cisco CCENT certification exam.

Prerequisite: CET 1020C. Offered: FA, SP, SU.

AS only. Lab Fee.

CET 1634C - Telecommunications Distribution Systems 3 cc

Provides the fundamentals of structured cabling systems, the fundamentals of grounding and protection for telecommunications systems, and an introduction to telecommunications cabling infrastructure for a customer-owned outside plant.

Offered: FA, SP, SU.

AS only. Lab Fee.

CET 2025C - Scaling Networks 3 cc

The first course of two in the Cisco Routing and Switching curriculum. The student will learn about the architecture, components, and operations of routers and switches in a larger and more complex network including how to configure routers and switches for advanced functionality.

Prerequisite: CET 1610C. Offered: FA, SP, SU.

AS only. Lab fee.

CET 2026C - Connecting Networks 3 cc

The final course of two in the Cisco Routing and Switching curriculum. The student will learn about the WAN technologies and network services required by converged applications in a complex network and understand the selection criteria of network devices and WAN technologies to meet network requirements. Prepares the student for the Cisco CCNA Routing and Switching certification exam.

Prerequisite: CET 2025C. Offered: FA, SP, SU.

AS only. Lab Fee.

CET 2113C - Digital Circuits 3 cc

A theory-lab course which covers additional digital electronics circuits and concepts. Circuits included are latches, flip-flops, counters, registers, multivibrators, timers, digital-to-analog converters (DAC), analog to digital converters (ADC), and common memory technologies (R/WR and ROM).

Prerequisite: CET 1112C. Offered: SP.

AS only. Lab Fee.

CET 2172C - Personal Computers Maintenance, Upgrade and Support 3 cc

Introduces maintenance of microcomputers through combination theory and laboratory structure. Prepares the student for the maintenance, upgrading, and support of PCs. Major topics include hardware/software/firmware concepts, troubleshooting, repair, support of the PC, LAN/WAN network applications, and operating systems.

Prerequisite: CET 1178C or departmental waiver based on documented personal experience. Offered: FA, SP.

AS only. Lab Fee.

CET 2614C - Cisco CCNA Security 3 cc

Focuses on the overall security process based on a security policy and its relation to the router IOS firewall. Maps to the Cisco CCNA Security Exam.

Prerequisite: CET 2026C, CTS 2120C. Offered: FA, SP.

AS only. Lab Fee.

CET 2854C - Wireless LANS 3 cc

Focuses on wireless LANS, topology, infrastructure, and site survey techniques. Mathematics and physics are held to a minimum to allow for the broadest possible audience.

Prerequisite: CET 1588C or CET 2620C. Offered: FA, SP.

AS only. Lab Fee.

CET 2890C - Network Defense and Countermeasures 3 cc

Focuses on one of the most important and urgent concepts in protecting computers and networks: intrusion detection.

Prerequisite: CET 2026C, CTS 2120C. Offered: SP, SU.

AS only. Lab Fee.

CET 2934 - CIT Professional Project 3 cc

The culmination of the Computer Information Technology degree program. Presents an opportunity to complete a project and present an integrated summary of what he/she learned. Emphasis on planning and working through the specific details of the project and creating a personal presentation. Suggested projects include, but are not limited to, network design, risk assessment, wiring design, security awareness program, and developing security policies. Recommended to be taken in the last semester.

Prerequisite: CTS 2149. Offered: TBA.

AS only. Lab Fee.

CGS - COMPUTER GENERAL STUDIES**CGS 1061C - Introduction to Computers in Technology 3 cc**

Provides technology a working knowledge of computer hardware and software related to their vocation. Key concepts are basic keyboarding, word processing, computer hardware, operating systems, and basic computer maintenance.

Offered: FA, SP, SU.

AS only. Lab Fee.

CGS 1570 - Computer Concepts and Applications 3 cc

Covers computer and networking concepts, computer applications, and productivity software (word processing, spreadsheet, graphics, and database).

Distribution: Meets AA General Education Electives, Communications requirement. Offered: FA, SP, SU.

Lab Fee.

CGS 1700 - Introduction to Operating Systems 3 cc

Covers concepts concerning hardware design, data representation, and operating systems without regard to any particular type of computer and examines the "what" and "why" of an operating system and its responsibility to hardware applications.

Prerequisite: CGS 1570 or CGS 1061C. Offered: FA, SP.

CGS 2122 - Engineering Technical Spreadsheets 3 cc

An intermediate spreadsheet course using Microsoft Excel software which provides the student with skills necessary to solve engineering problems. Emphasizes a mathematic foundation for engineering calculations including geometry and trigonometry. The student will navigate through the Excel software program in a systematic approach describing intermediate commands and procedures in detail.

Prerequisite: ETD 1310 and appropriate mathematics placement score or completion of MAT 1033C with a grade of C or better.

Offered: FA.

AS only. Lab Fee.

CGS 2510 - Spreadsheet 3 cc

Emphasizes spreadsheet applications through lecture and hands-on experience. Electronic spreadsheet and data management applications covered.

Prerequisite: CGS 1570. Offered: FA, SP, SU.

Lab Fee.

CGS 2820 - HTML 3 cc

Teaches essential webpage development skills. The student will develop websites using Hypertext Markup Language (HTML) and Cascading Style Sheets (CSS), learn to write HTML code manually, use graphical user interface (GUI) authoring tools, create webpages using the HTML structure tags, embed video and audio, and develop cross-browser user-input forms. Teaches the use of CSS to position and format content and to create effects such as transformations, transitions, and animations. The student will use techniques for code validation and testing, inline form field validation, and mobile design for browsers and apps, including Responsive Web Design (RWD).

Offered: FA, SP.

Lab Fee.

CGS 2822 - Scripting for the Web 3 cc

Introduces the basics of writing scripts for use on the World Wide Web. Emphasizes learning to program with JavaScript, with a brief survey of several other scripting languages.

Prerequisite: COP 1510. Offered: SP.

Lab Fee.

CGS 2829 - Web Design Specialist 3 cc

Builds on the skills acquired in the previous two web creation courses while introducing advanced skills for designing and coding responsive web sites. Integration of industry standard software will be utilized. The student will build upon basic Web authoring skills to learn the essentials and best practices of Web design, including design theory, tools, and technologies.

Prerequisite: CGS 2822. Offered: SP.

Lab Fee.

CGS 3812 - Business Continuity and Disaster Recovery 3 cc

A study of disaster recovery and business continuity planning. Emphasizes business critical operations, especially IT infrastructure, focusing on keeping critical operations of the business running. Prepares the student to work with businesses to create and implement disaster recovery and business continuity plans. Prepares the student for the Mile2 Certified Disaster Recovery Engineer (CDRE) certification exam. The National Security Agency has validated the CDRE for the CNSSI-4016: National Information Assurance Training Standards for Risk Analysis.

Prerequisite: CET 2614C. Offered: FA.

Lab fee.

CHM - CHEMISTRY**CHM 1020 - Introduction to College Chemistry 3 cc**

Introduces the field of chemistry. Emphasizes the language, fundamental concepts, and problem solving in chemistry.

Distribution: Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP, SU.

CHM 1020L - Introduction to College Chemistry Laboratory 1 cc

An optional laboratory course to accompany CHM 1020, with emphasis on basic laboratory skills and practical applications of chemistry. Activities performed by the student in CHM 1020L will help reinforce concepts presented in CHM 1020. Lab safety exam is required. (Students taking CHM 1020 concurrently are required to withdraw from CHM 1020L if they withdraw from CHM 1020.)

Corequisite: CHM 1020. Offered: FA, SP, SU.

Lab Fee.

CHM 1045 - General Chemistry I 3 cc

Introduces the basic principles in chemistry with emphasis on scientific measurement, atomic and molecular structure, periodic properties, chemical reactions, stoichiometry, and kinetic molecular theory of gases. Mastery of basic algebra skills is essential for successful completion of this course.

Prerequisite: CHM 1020 or CHM 1025 or one year high school chemistry. Corequisite: MAC 1105, CHM 1045L. Distribution: Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP, SU.

CHM 1045L - General Chemistry I Laboratory 1 cc

A laboratory course to accompany CHM 1045, with emphasis on the development of laboratory skills in chemistry which are fundamental to students of science. Experiments performed by the student in CHM 1045L will both complement and supplement the concepts presented in CHM 1045. Lab safety exam is required. (Students taking CHM 1045 concurrently are required to withdraw from CHM 1045L if they withdraw from CHM 1045.)

Corequisite: CHM 1045. Offered: FA, SP, SU.

Lab Fee.

CHM 1046 - General Chemistry II 3 cc

Key topics include physical states of matter; the nature and physical properties of solutions, acids and bases; kinetics; chemical equilibrium; thermodynamics; electrochemistry; coordination compounds; and nuclear chemistry.

Prerequisite: Grade of C or better in CHM 1045. Corequisite: CHM 1046L. Offered: FA, SP, SU.

CHM 1046L - General Chemistry II Laboratory 1 cc

A laboratory course to accompany CHM 1046, with emphasis on the development of laboratory skills in chemistry which are fundamental to students of science. Experiments performed by the student in CHM 1046L will both complement and supplement the concepts presented in CHM 1046. Lab safety test required. (Students taking CHM 1046 concurrently are required to withdraw from CHM 1046L if they withdraw from CHM 1046.)

Prerequisite: Grade of C or better in CHM 1045L. Corequisite: CHM 1046. Offered: FA, SP, SU.

Lab Fee.

CHM 2210 - Organic Chemistry I 3 cc

A study of carbon compounds with emphasis placed on reaction mechanisms, functional group behavior, synthesis, and structure determination.

Prerequisite: Grade of C or better in CHM 1046. Corequisite: CHM 2210L. Offered: FA, SP.

CHM 2210L - Organic Chemistry I Laboratory 1 cc

Focuses on experiments designed to provide hands-on experience to reinforce topics covered in the lecture course. Lab safety test required. (Students taking CHM 2210 concurrently are required to withdraw from CHM 2210L if they withdraw from CHM 2210.)

Prerequisite: Grade of C or better in CHM 1046L. Corequisite: CHM 2210. Offered: FA, SP.

Lab Fee.

CHM 2211 - Organic Chemistry II 3 cc

A continuation of CHM 2210.

Prerequisite: Grade of C or better in CHM 2210 Corequisite: CHM 2211L. Offered: SP, SU.

CHM 2211L - Organic Chemistry II Laboratory 1 cc

A continuation of CHM 2210L. Lab safety test required. (Students taking CHM 2211 concurrently are required to withdraw from CHM 2211L if they withdraw from CHM 2211.)

Prerequisite: Grade of C or better in CHM 2210L Corequisite: CHM 2211. Offered: SP, SU.

Lab Fee.

CIS - COMPUTER SCIENCE AND INFORMATION SYSTEMS

CIS 1350C - Security Awareness 3 cc

Provides a broad overview of practical computer security for all users.

Offered: TBA.

AS only. Lab Fee.

CIS 2120C - Principles of Information Assurance 3 cc

Focuses on evaluation of information systems, including security, analysis, lifecycle management, computer operations/management, legal and ethical issues, and business applications.

Prerequisite: CIS 1350, CTS 2120C, CTS 1300C and CTS 2106C. Offered: TBA.

AS only.

CIS 3122C - Cybersecurity Analyst 3 cc

Applies behavioral analytics to networks to improve the overall state of security by combating malware and advanced persistent threats (APTs) and provides an enhanced threat visibility across a broad attack surface. Prepares the student for the TestOut Security Analyst Pro exam and the CompTIA CySA+ certification.

Prerequisite: CET 2614C or CTS 2120C. Offered: FA, SP.

CIS 3361 - Security Testing and Auditing 3 cc

A presentation of proven, hands-on, penetration testing methodologies, based on the five key elements of 'Pen Testing': Information Gathering, Scanning, Enumeration, Exploitation and Reporting. Upon completion, the student will have the knowledge to perform penetration tests and be prepared to take the C/PTE certification exam. The course is accredited by the NSA CNSSI-4013: National Information Assurance Training.

Prerequisite: CET 2614C. Offered: FA.

Lab Fee.

CIS 3367C - Operating Systems Security 3 cc

A presentation of the nature of attacks against operating systems and security related issues. Examines various operating systems, including Windows systems and servers, Linux, Netware, Red Hat Linux, and Mac OS X, and tools and techniques for securing those operating systems. The student will acquire knowledge and skills to perform audit assessments and implement enterprise-wide operating system security.

Prerequisite: CTS 1390C. Offered: SP.

Lab Fee.

CIS 3615C - Secure Software Development 3 cc

A study of the perspectives and techniques used to ensure the security of essential software with emphasis on the methodologies and principles that reduce security risk early in the software development life cycle. Implementation-level issues are discussed and applied through code samples. Secure software risk assessment, design, coding, and testing are covered.

Prerequisite: COP 1510. Offered: TBA.

Lab Fee.

CIS 4201 - Laws and Legal Aspects of Information Technology 3 cc

Provides an overview of the rights, responsibilities, and liabilities associated with IT systems today. Key topics include statutes, case histories, and regulations. Research topics will be assigned.

Prerequisite: CTS 2120C. Offered: SP.

CIS 4253 - Ethics in Information Technology 3 cc

Examines the impact of ethical issues on the use of information technology in the modern business world. Topics include Cloud computing, cyberterrorism, social networking Web sites, infringement of intellectual property, security risks, identity theft, employee surveillance, privacy, compliance, and ethics of IT corporations.

Offered: SP.

CIS 4357 - Advanced Security Practitioner 3 cc

Examines critical thinking and problem solving strategies used across a broad spectrum of security disciplines. Emphasizes required knowledge and skills necessary to implement clear solutions in complex environments and supports the growing demand for advanced IT security in the enterprise. Prepares the student for the CompTIA Advanced Security Practitioner (CASP) CAS-002 exam. The CASP certification is approved by the U.S. Department of Defense (DoD) to meet 8570.01-M and 8140 technical and management directives. It is compliant with government regulations under the Federal Information Security Management Act (FISMA).

Prerequisite: CTS 2318. Offered: TBA.

Lab Fee.

CIS 4385 - Computer Forensics and Investigations 3 cc

Analysis of the technical issues used to acquire computer evidence and popular file systems. Topics including reporting issues in the legal system, digital evidence collection and evaluation, and legal issues involved in network forensics are examined. Prepares the student for the Mile2 Certified Digital Forensics Examiner certification C/DFE. The Mile2 C/DFE is an FBI preferred degree and work experience extended certificate.

Prerequisite: CTS 1300C. Offered: FA.

Lab Fee.

CIS 4512 - Information Security and Risk Management 3 cc

In-depth examination on how to manage and reduce IT-associated risks. Provides a thorough overview of risk management and its implications on IT infrastructures.

Prerequisite: CTS 2318. Offered: FA.

CIS 4596 - Cybersecurity Capstone 3 cc

Presents a broad range of industry best practices, knowledge, and skills expected of a security manager/officer. Includes in-depth theory of the practical implementation of core security concepts, practices, monitoring and compliance in the full panorama of IS management. Through the use of a risk-based approach, the Information Systems Security Officer is able to implement and maintain cost-effective security controls that are closely aligned with both business and industry standards. Prepares the student for the Mile2 C)ISSO certification exam. The C)ISSO is an FBI Tier III preferred degree and work experience extended certificate. The C)ISSO certification has been validated by the NSA CNSSI-4012, National Information Assurance as well as the Training Standard for Senior System Managers and NSTISSI - 4011, National Training Standard for Information Systems Security (INFOSEC).

Prerequisite: CIS 4357C. Offered: SP.

Lab Fee.

CJC - CORRECTIONS**CJC 1000 - Theory and Practice of Corrections 3 cc**

A comprehensive view of the history and philosophy of corrections at the federal, state, and local levels. Presents types and classifications of correctional facilities, temporary problems in corrections, and a career orientation.

Offered: FA, SP, SU.

CJC 2162 - Probation and Parole 3 cc

Explores the theories and practices of correcting behavior in the community setting, including discussion on the differences and the range of restrictions that can be placed on the parolee or probationer in attempts to guide his/her behavioral modification.

Offered: FA, SP, SU.

CJE - LAW ENFORCEMENT**CJE 1500 - Police Operations 3 cc**

A study of the principles and purposes of divisional functions of police agencies--line, auxiliary, and administrative--and analysis of the major activities of each division, including communications, record keeping, public relations, selection processes, and specialized units.

Offered: FA, SP, SU.

CJE 1600 - Criminal Investigation 3 cc

A survey of the methods and techniques employed by law enforcement officers in the detection and investigation of crime.

Offered: FA, SU.

AS only.

CJE 1640 - Introduction to Criminalistics 3 cc

Focuses on the application of scientific methods, including the examination of documents, firearms identification, toxicology, pathology, photography, fingerprinting, and the basic capabilities of local, state, and federal crime laboratories.

Offered: FA, SP.

CJE 1642 - Advanced Crime Scene Technology 3 cc

Focuses on advanced principles, theories, and applications in crime scene technology with an overview of specialized collection procedures of weapons, traffic crash evidence, arson, gunshot residue, blood spatter, and recovery of buried bodies and surface skeletons.

Corequisite: CJE 1600, CJE 1640. Offered: FA.

CJE 1673 - Crime Scene Photography I 3 cc

Introduces basic photographic skills including hands-on camera operation and exposure control to build basic proficiency in documenting a crime scene. The student should have personal access to a digital camera and software to process photographs.

Corequisite: CJE 1600, CJE 1640. Offered: FA.

AS only. Lab Fee.

CJE 1772 - Crime Scene Photography II 3 cc

Teaches advanced photographic skills, including hands-on camera operation and exposure control to build proficiency in documenting a crime scene, building on skills and techniques taught in CJE 1673 Crime Scene Photography. The student should have access to a digital camera and software to process the photographs.

Prerequisite: CJE 1673. Offered: SP.

AS only.

CJE 2644 - Crime Scene Safety 2 cc

Introduces the proper protective techniques to minimize risk to self and others in dealing with potential health and safety hazards one will encounter at a crime scene. Emergency procedures and state and federal regulations are included. 32 contact hours.

Corequisite: CJE 1600, CJE 1640. Offered: FA.

CJE 2671 - Latent Fingerprint Development 3 cc

Covers techniques involved in detection, enhancement, and recovery of latent fingerprints from physical evidence. Chemical and mechanical methods taught for use on varying surfaces.

Offered: SP.

AS only.

CJE 2676 - Biological Evidence 2 cc

Introduces forensic value, collection, handling, preservation, testing, and documentation of biological evidence while addressing safety issues in handling biological evidence.

Corequisite: CJE 1600, CJE 1640. Offered: SP.

CJE 2686 - Forensic Cyber Investigation 3 cc

Introduces the field of cyber-crime and evidence recovery. Upon completion of the course, the student will understand what portions of a computer can be used to successfully prosecute an offender in court together with the laws that govern such retrieval.

Offered: FA, SP.

CJE 3310 - Law Enforcement Administration I 3 cc

A study of the organization, management, and administration of law enforcement agencies. Topics include police administration in the political arena, organizational theory, police organizational structure, leadership, organizational communication, police subsystem tasks, decision-making, performance evaluation, and organizational improvement.

Prerequisite: COM 2100, MAN 2021, MNA 1300. Offered: SP.

CJE 3311 - Law Enforcement Administration II 3 cc

Provides methods for dealing with problem personnel through progressive discipline. Topics include the budgeting process for public safety units, disaster planning and response, and various methodologies for training personnel.

Prerequisite: CJE 3310, COM 2100, MAN 2021, MNA 1300
Offered: SP.

CJE 4610 - Crime Detection and Investigation 3 cc

Provides an explanation of lawful gathering and evaluation of information concerning criminal acts, with attention to the fundamentals of investigation, the organization and management of the investigative process, and the knowledge and skills necessary for investigation.

Offered: FA, SP, SU.

CJE 4694 - Cybercrime 3 cc

Explores topics in cybercrime and computer forensics.

Offered: FA, SP, SU.

CJE 4696 - Criminal Justice System Responses to Cyber Crimes 3 cc

Explores the major types of cybercrimes and their criminological motivations. Topics include current law enforcement and prosecutorial responses to cybercrime, protected rights of computer users, procedural law protections of the accused (cyberlaw), current prosecution of cybercrimes, existing punishment mandates, and transnational issues in cybercrime enforcement and prosecution.

Offered: FA, SP, SU.

CJJ - JUVENILE JUSTICE**CJJ 2002 - Juvenile Justice 3 cc**

Presents the political, economic, and environmental factors pertaining to adolescents and treatment of delinquent children. Surveys youth crimes and the police role in programs of prevention and control.

Offered: FA, SP, SU.

CJL - LAW-PROCESS**CJL 1100 - Criminal Law 3 cc**

Introduces the specific rules of criminal law generally in force in the United States and the State of Florida. Topics include fundamentals of criminal law; essential elements of a crime, criminal liability, responsibility and capacity, defenses, and criminal jurisdiction.

Offered: FA, SP, SU.

CJL 2403 - Criminal Procedure and Evidence 3 cc

Emphasizes topics including arrests, search warrants, probable cause, admissions and confessions, stop and frisk, pretrial identification procedures, and preparation of cases for courts.

Offered: FA, SP.

CJL 2500 - Introduction to Courts 3 cc

An introduction to the processes and functions of the U.S. court system. Defines and identifies different aspects of law and crime and examines aspects of federal and state court systems, the trial process, roles of court workers, and the sentencing process.

Offered: FA, SP.

CLT - CLASSICAL CULTURE IN TRANSLATION OR TRANSLATION SKILLS**CLT 1500 - Classical Mythology 3 cc**

Introduces the major deities and heroes of Greco-Roman mythology and to Greco-Roman literature involving these. Follows a chronological examination (beginning with Greece to the present) of how artists and poets thematically used classical mythology in their works and involves lectures, correlated readings, and illustrations or representative works from each period studied.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Electives, Humanities requirement. Offered: FA, SP, SU.

CNT - COMPUTER NETWORKS**CNT 1700C - Switching, Routing, and Wireless Essentials 3 cc**

Introduces the student to the architecture, components, and operations of routers, switches, and wireless networks. Students learn how to configure a router and a switch for basic functionality, implement switching concepts, and manage routing protocols. Students will learn how to implement security concepts for networks.

Prerequisite: CET 1020C. Offered: FA, SP, SU.

AS only. Lab Fee.

CNT 2210C - Enterprise Networking, Security, and Automation 3 cc

Reinforces concepts about the architecture, components, and operations of routers and switches in a larger and more complex enterprise network. Students will learn how to configure routers and switches for advanced functionality in a Wide Area Network and network services required by converged applications in a complex network. The course includes concepts on network troubleshooting, virtualization, and automation.

Prerequisite: CNT 1703C. Offered: FA, SP, SU.

AS only. Lab fee.

CNT 3411 - Security Operations 3 cc

A study of cyber warfare, including the knowledge and skills necessary to prevent it as well as the tools used to minimize its impact. Examines relevant examples of cyber warfare with emphasis on designing an effective Security Operations Center.

Prerequisite: CTS 2318. Offered: SP.

CNT 3421 - Securing the Cloud 3 cc

An analysis of cloud computing from a business and technical perspective. Includes the process of moving to the cloud and governing the cloud. Prepares the student for the CompTIA Cloud+ certification exam (CVO-001).

Prerequisite: CTS 2120C or CompTIA Security+ certification. Offered: FA.

COM - COMMUNICATION**COM 2100 - Business Communications 3 cc**

Improves skills in all aspects of organizational communication. Includes systems, practices, and media as well as some aspects of the behavioral sciences. Emphasis is on composing and arranging effective written communications.

Prerequisite: ENC 1101C. Offered: FA, SP, SU.

COP - COMPUTER PROGRAMMING

COP 1510 - Programming Concepts 3 cc

Provides the beginning programmer with a guide to developing structured program logic and assumes no programming language experience. Emphasis on programming concepts, design solutions, algorithms, pseudocode, flow charts, debugging, and documentation using a high-level language. Successful completion of this course enables the student to enroll in specific programming languages such as Java, C++, C#, Visual Basic.Net, etc.

Prerequisite: MAT 1033C. Distribution: Meets AA General Education Electives, Mathematics requirement. Offered: FA, SP, SU. Lab Fee.

COP 2224 - C++ Programming 3 cc

Covers the features of C++ with emphasis on program design and problem solving using procedural and object oriented programming. Covers structured data, classes, arrays, pointers, abstract data types, binary files, sorting, searching, and the Standard Template Library.

Prerequisite: MAC 1105, COP 1510. Offered: FA, SP, SU. Lab Fee.

COP 2332 - Visual Basic 3 cc

Introduces object-based, event-driven programming in Microsoft Visual Basic. Topics include use of controls, objects, events, methods, procedures, functions, statements, properties, and data types as well as development of business-related applications.

Prerequisite: MAC 1105, COP 1510. Offered: SP. Lab Fee.

COP 2360 - C# Programming 3 cc

Emphasizes basic programming logic, structured and object oriented programming, documentation, and utilization of the unique capabilities of C# to create both console and windowed applications.

Prerequisite: MAC 1105, COP 1510. Offered: FA. Lab Fee.

COP 2420 - Robotics Programming 3 cc

Introduces the hardware/software interaction through the use of robots. The student will use multiple robots to complete various projects that include emphasis on basic programming logic, algorithm analysis and design, program testing and debugging, and hardware management.

Prerequisite: COP 1510. Offered: SP. Lab Fee.

COP 2650 - Mobile Application Programming 3 cc

Covers mobile platform programming with emphasis on basic programming logic, structured and object oriented programming, documentation, and utilization of the unique capabilities of mobile programming languages to create both applications and applets.

Prerequisite: COP 2800. Offered: FA.

COP 2800 - Java Programming 3 cc

Emphasizes basic programming logic, structured and object oriented programming, documentation, and utilization of the unique capabilities of Java to create both applications and applets.

Prerequisite: MAC 1105 or COP 1510. Offered: FA, SP. Lab Fee.

COP 2842 - Programming in PHP 3 cc

Introduces basic to intermediate programming aspects of the server-side, HTML-embedded scripting language PHP. Emphasizes programming techniques required to create web pages using PHP scripting language features and MySQL database. Upon completion, the student should be able to design, code, test, debug, and create a dynamic web site using the PHP scripting language. PHP can be used to create all types of dynamic web interfaces and, because of its open-source robustness, has become one of the most widely used programming languages for the Internet.

Prerequisite: CGS 2820, CTS 2433 or permission required. Offered: FA. Lab Fee.

COP 2933 - Special Topics in Computer Programming 3 cc

Designed to allow flexibility to present a wide variety of topics related to programming applications and languages.

Prerequisite: COP 1510 or permission required. Offered: TBA. Lab Fee.

COS - COSMETOLOGY

COS 0010 - Cosmetology I 300 ch

Focuses on theoretical principles of cosmetology skills and knowledge as required by the Florida State Board of Cosmetology, including proper sanitation procedures; universal precautions; bacteriology; anatomy; physiology; diseases and disorders of the scalp, hair and nails; artificial nail enhancements; chemistry of water and its effects with shampoo and conditioners; chemical texture services; and basic knowledge in electricity as it pertains to salon appliances. Introduces the student to product knowledge for proper usage and prevention of waste. Includes exploration of career opportunities, effective communication skills, development of positive human relations, and portfolio development.

Corequisite: COS 0010L. Offered: FA, SP, SU.

COS 0010L - Cosmetology I Lab 150 ch

Application and technical skills as applied to proper draping, handling of shears (scissors), thinning shears, razors, combs, brushes, clips, clippers, shampooing, conditioning, scalp manipulations, up-do hair arranging, braiding, wet setting, blow dry styling, hair cutting, clipper cutting, creating styles to suit client's facial structures, client consultations, relaxers, and rodding of permanent wave.

Corequisite: COS 0010. Offered: FA, SP, SU. Lab Fee.

COS 0071C - Safety, Sanitation, and Sterilization 270 ch

Provides the student with beginning theoretical and practical procedures relating to Safety, Sanitation, and Sterilization of Barbering. The students utilize the classroom and clinic to develop the basic barbering skills and techniques that prepare them for the clinic.

Offered: FA, SP, SU. Lab fee.

COS 0072C - Florida Laws and Rules 225 ch

Provide the student with a review and compilation of all the theory and practical skills the students have obtained throughout the program. Students continue to master their practical skills under direct supervision and return to the classroom for theory review in preparation for their state board exam. Students also obtain instruction and coaching that assist them with job placement.

Prerequisite: Grade of C or better in COS0071C and COS0161C. Offered: FA, SP, SU.

COS 0088 - Cosmetology II 150 ch

Focuses on theoretical principles in product costs; knowledge of waste; setting service charges; application, proper mixing techniques, and correct product selection for permanent waving; and in-depth study of color theory and chemistry in permanent color, semi-permanent color, temporary color, decolorizing products, high-lift colors, and toners. Topics include hair extensions and the making of wigs and continued development of professional portfolio, resume development, and job interview skills.

Prerequisite: Grade of C or better in COS 0010, COS 0010L.

Corequisite: COS 0088L. Offered: FA, SP, SU.

COS 0088L - Cosmetology II Lab 300 ch

Develops application techniques and proper procedures for mixing in sanitation, draping, permanent waving, permanent color, highlighting, low lighting, and decolorizing, toning, and manicures. Dispensary duties are assigned to the student in preparation for the salon environment. The student develops beginning dispensary awareness, inventory protocols, product rotation, and reception desk skills to include phone etiquette, proper appointment setting procedures, and maintenance of client files. Emphasis on keeping accurate client service records and basic manicuring and pedicuring services. Continuation of hairstyling techniques and introduction to customer service in real world applications of services with clients in a salon setting.

Prerequisite: Grade of C or better in COS 0010, COS 0010L.

Corequisite: COS 0088. Offered: FA, SP, SU.

Lab Fee.

COS 0089 - Cosmetology III 60 ch

Focuses on the business side of cosmetology. The student will research and develop business and marketing components to be implemented in a mock salon presentation applying previous knowledge to salon ownership including sales, management, budgets, advertising, public relations, staff development, and community awareness and involvement. Additionally, the student will be presented with written mock State Board testing and applicable remediation in preparation for the Florida State Board Exam. Complete portfolio and resume for professional review.

Prerequisite: Grade of C or better in COS 0088, COS 0088L.

Corequisite: COS 0089L. Offered: FA, SP, SU.

COS 0089L - Cosmetology III Lab 240 ch

The student will develop advanced techniques in wigs, hair extensions (both glued and sewn in), advanced color and foil placements, specialty perm wraps, and continued practice of all previously learned concepts with attention to detail, quality, and timeliness. The student is required to take a mock practical exam and complete applicable remediation in preparation for the Florida State Board exam.

Prerequisite: Grade of C or better in COS 0088, COS 0088L.

Corequisite: COS 0089. Offered: FA, SP, SU.

Lab Fee.

COS 0161C - Barbering I: Theory of Barbering 180 ch

Provides the student with beginning theoretical and practical procedures of barbering. The basic topics and tasks include history of barbering; tools and implements; and men's hair cutting and shaving. The students utilize the classroom and clinic to develop the basic barbering skills and techniques that prepare them for the clinic.

Offered: FA, SP, SU.

Lab fee.

COS 0162C - Barbering II: Applied Skills and Tactics 225 ch

Provides the student with a continuation of proper barbering techniques as assigned in a supervised clinic. All services are demonstrated and monitored with instruction and approval by the barber instructor. In addition, the students demonstrate their understanding of chemical processes as applied on live patrons in a salon setting. Customer service and professional image are also reiterated and demonstrated in this course.

Prerequisite: Grade of C or better in COS0160C and COS0161C.

Offered: FA, SP, SU.

Lab fee.

COS 0421C - Barbering I 240 ch

Provides beginning theoretical and practical procedures of barbering. Basic topics and tasks performed include history of barbering, professional image and ethics, bacteriology, sterilization and sanitation, safe and efficient work practices, and implements, tools, and equipment. In addition, skin, scalp, and hair structure; disorders and treatments of hair and skin; and manipulations and facial treatments will be addressed in this course. The student is instructed in draping, shampooing/rinsing men's hair, haircutting and hairstyling, shaving, beard and mustache trims, and women's haircutting and hairstyling.

Offered: FA, SP, SU.

Lab Fee.

COS 0422C - Barbering II 240 ch

Provides beginning theoretical and practical procedures of barbering. Basic topics and tasks introduced include non-chemical and chemical hair processing in permanent waving and finish work as the students expand their skill base in both men and women's hair design techniques. Provides the student with a continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approved by the clinic instructor. Covers hair piece and wig fitting and care including thinning hair care.

Prerequisite: Grade of C or better in COS 0421C. Offered: FA, SP, SU.

Lab Fee.

COS 0423C - Barbering III 240 ch

Provides additional theoretical and practical procedures of barbering. Continuation of proper barbering techniques as assigned in the supervised classroom. Covers hair piece and wig fitting and care including thinning hair care.

Prerequisite: Grade of C or better in COS 0422C. Offered: FA, SP, SU.

Lab Fee.

COS 0424C - Barbering IV 240 ch

Provides continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approved by the clinic instructor.

Prerequisite: Grade of C or better in COS 0423C. Offered: FA, SP, SU.

Lab Fee.

COS 0425L - Barbering V 210 ch

Provides continuation of proper barbering techniques as assigned in the supervised clinical classroom. All services will be monitored with individualized instruction and approved by the clinic instructor.

Prerequisite: Grade of C or better in COS 0424C. Offered: FA, SP, SU.

COS 0920 - Barbering-State Board Preparation 30 ch

Focuses on and highlights the learning materials for both theory and practical examinations questions and provides the student with practice in evaluating and answering State Board situational problems. Designed to review pertinent areas in barbering in order to prepare the student for the State Board examination for licensure. Focuses on and highlights the learning materials for both theory and practical examinations questions and provides the student with a practice in evaluating and answering State Board situational problems.

Prerequisite: Grade of C or better in COS 0424C or permission required. Offered: FA, SP, SU.

Lab Fee.

COS 0941 - Internship 30 ch

Provides practical applications in a clinical setting either demonstrating manual proficiency of the principles of cosmetology/barbering or in the workforce setting to observe styling techniques, procedures, and salon operations in industry. Offered at the junior/senior cosmetology/barbering level and is designed to strengthen specific skill development to prepare the student for the Florida Board of Cosmetology/Barbering Examination.

Offered: FA, SP, SU.

COS 0942 - Internship 60 ch

Provides practical applications in a clinical setting either demonstrating manual proficiency of the principles of cosmetology/barbering or in the workforce setting to observe styling techniques, procedures, and salon operations in industry. Offered at the junior/senior cosmetology/barbering level and is designed to strengthen specific skill development to prepare the student for the Florida Board of Cosmetology/Barbering Examination.

Offered: FA, SP, SU.

COS 0943 - Internship 90 ch

Provides practical applications in a clinical setting either demonstrating manual proficiency of the principles of cosmetology/barbering or in the workforce setting to observe styling techniques, procedures, and salon operations in industry. Offered at the junior/senior cosmetology/barbering level and is designed to strengthen specific skill development to prepare the student for the Florida Board of Cosmetology/Barbering Examination.

Offered: FA, SP, SU.

CRW - CREATIVE WRITING**CRW 2100 - Creative Writing: Fiction 3 cc**

Designed to aid the student in the clear, effective expression of ideas with emphasis upon imaginative work in prose. Group discussions of students' papers and selected literary works. Elective only.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA, SP.

CRW 2300 - Creative Writing: Poetry 3 cc

Designed to aid the student in the clear, effective expression of ideas with emphasis upon imaginative work in poetry. Group discussions of students' papers and selected literary works. Elective only.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA, SP.

CSP - COSMETOLOGY-SPECIALIZED**CSP 0005 - Introduction to Facials 30 ch**

Introduces the history of skin care, professionalism, sanitation, and disinfection.

Prerequisite: Permission required. Offered: FA.

Lab Fee.

CSP 0015C - Nail Technology 240 ch

Provides the manicure, pedicure, and nail specialist with techniques and practice in nail care.

Offered: FA, SP, SU.

Lab Fee.

CSP 0016C - Manicure and Pedicure Specialist 180 ch

Provides the manicure, pedicure, nail specialist with techniques and practice in nail care.

Offered: FA, SP, SU.

Lab fees.

CSP 0031 - Anatomy & Physiology for Facial Specialty 30 ch

Provides an overview of the structure and function of the human body systems to provide foundational knowledge for the theory and practice of facial specialty. Includes pathology, contraindications, and anatomical relationships. Prepares the student with the opportunity to learn the skills and techniques of esthetics, information, related technology, and correct terminology necessary to become employed in the field of esthetics.

Prerequisite: Permission required. Offered: FA.

Lab Fee.

CSP 0105C - Advanced Skin Care I 150 ch

Designed for registered Facials/Skin Care Specialists who wish to gain additional knowledge in the field of esthetics. Emphasizes advanced esthetics terminology, procedures, and equipment including contraindications and indications including an overview of the medi-spa industry, which is a multibillion-dollar industry that works with specialized doctors who perform surgical procedures and techniques to improve clients' skin with specific cosmetic procedures. Strong emphasis on universal precautions and safety practices in the techniques of advanced esthetics.

Prerequisite: Permission required. Offered: FA.

Lab Fee.

CSP 0106C - Advanced Skin Care II 150 ch

Re-enforces and expands the foundation of esthetics by giving the Facial/Skin Care Specialist a more comprehensive understanding of the functions of the skin, the skin layers, and the anatomy of the face in order to improve treatment of clients who are in need of advanced treatment protocols and services. Emphasizes advanced working knowledge of various skin treatments such as mask and skin therapy as well as advanced chemical peels such as glycolic and salicylic as well as herbal designed peels. The student will investigate product chemistry and product ingredients and their impact on the skin. Includes aromatherapy, collagen stimulates, the cellular improvement of the skin, and advanced working knowledge of microdermabrasion and treatment protocols to enhance the skill level.

Prerequisite: CSP 0105C. Offered: SP.

Lab Fee.

CSP 0201C - Introduction to Skin Care 30 ch

Provides instruction in safety, rules, and procedures for the classroom and laboratory setting and competencies in facials and facial manipulations, procedures, and techniques.

Prerequisite: Permission required. Offered: FA.

Lab Fee.

CSP 0263C - Facial Specialty Services 60 ch

Instruction in theory and practical procedures for hair removal, massage, and use of facial machines.

Prerequisite: Permission required. Offered: FA.

Lab Fee.

CSP 0264C - Facial Treatments 150 ch

Offers hands-on, step-by-step training to implement specific treatment protocols which are designed to reinforce implementation of advanced techniques involving facial treatments without the use of machines and treatment protocols for all skin types including normal, dry, oily, mature and aging skin, combination skin, multi-culture skin, and acne issues.

Prerequisite: Permission required. Offered: FA.

Lab Fee.

CSP 0266C - Facial Specialist 220 ch

Provides the facials/skin care specialist with techniques and practices in facials specialty.

Prerequisite: Permission required. Offered: FA, SP, SU.

Lab fees.

CSP 0300L - Facials/Make-up Clinic 90 ch

Provides supervised clinical instruction in hands-on application of facials and make-up utilizing consultation, anatomy and physiology, salon management, and proper sanitation.

Corequisite: CSP 0331. Offered: FA.

CSP 0331C - Make-up/Salon Management 30 ch

Provides instruction in proper make-up application and encompassing color analysis, facial balance, and corrective make-up. Emphasis on the successful role of the esthetician in the cosmetology or specialty salon.

Offered: FA.

Lab Fee.

CSP 0370 - Professional Practices in Esthetics 30 ch

Capstone course of the program which ties together the professional principles of the esthetician profession. The student will prepare for the final program examination, emphasizing statutory requirements of the profession.

Prerequisite: Permission required. Offered: FA.

CSP 0931C - Specialty Topics 60 ch

Introduces specialty topics in a variety of areas including Light-Emitting Diodes (LED) Light therapies, Laser Lights, Lymphatic Drainage Techniques, spa applications, permanent makeup applications, and electrolysis with an introduction to advanced make-up artistry. Provides the student with clinical opportunities to learn new skills.

Prerequisite: Permission required. Offered: SP.

Lab Fee.

CSP 0940L - Internship 60 ch

The student will be placed in area businesses which will supply the students with additional professional experience and knowledge in the field of interest: medi-spas, dermatology, or plastic surgery. This course is also designed to impart working knowledge and employability skills for the advanced esthetics industry.

Prerequisite: Permission required. Offered: SP.

Lab Fee.

CTS - COMPUTER TECHNOLOGY AND SKILLS

CTS 1155 - Help Desk Technician 3 cc

A study of the computer user support field which provides the skills, knowledge, and abilities needed to work at a computer Help Desk. The student will utilize knowledge from other courses in the diagnosis and solution of computer problems.

Prerequisite: CET 1178C, CET 1179C. Offered: TBA.

AS only. Lab Fee.

CTS 1300C - Administering Microsoft Windows Workstation 3 cc

Provides the knowledge and skills necessary to install, configure, and troubleshoot Windows 7 and Windows 10 in work group or domain networks and the background to understand Microsoft courses that cover detailed technical support of Windows 7 Professional and Windows Server. Prepares the student for the Microsoft Certification Exams 70-646 (Installing and Configuring Windows 7), 70-697 (Configure Windows Devices), and 70-698 (Installing and Configuring Windows 10).

Prerequisite: CET 1020C or CET 1588C. Offered: FA, SP, SU.

AS only. Lab Fee.

CTS 1390C - Install & Configure Windows Server 3 cc

Provides the conceptual knowledge and hands-on skills necessary to install and configure Windows servers, configure server roles and features, configure Hyper-V, deploy and configure core network services, install and administer Active Directory, and create and manage Group Policy. Prepares the student for the Microsoft MCSA certification exam.

Prerequisite: CGS 1061C. Offered: FA, SP, SU.

AS only. Lab Fee.

CTS 2106C - Linux+ 3 cc

Provides the conceptual knowledge and hands-on skills necessary to work with the Linux operating systems in a network administration environment. Emphasis on updated information pertinent to the latest Linux distributions and new storage technologies such as LVM and ext4.

Prerequisite: GGS 1061C or CGS 1570C. Offered: FA, SP.

Lab Fee.

CTS 2120C - Security + 3 cc

Serves the needs of individuals interested in understanding the field of network-security and how the field relates to other areas of Information Technology. Provides the broad-based knowledge necessary to prepare the student for further study in specialized security fields or may be used as a course for those interested in a general introduction to field network security. Prepares the student for the CompTIA Security + certification exam.

Prerequisite: CIS 1350C and CET 1588 or CNT 1703C. Offered: FA, SP, SU.

AS only. Lab Fee.

CTS 2145C - Cloud Essentials 3 cc

Prepares the student to demonstrate knowledge of what cloud computing means from a business and technical perspective and what is involved in moving to and governing the cloud. Prepares the student for the CompTIA Cloud Essentials specialty certification (Exam CLO-001).

Prerequisite: CGS 1061C, CIS 1350, CTS 1300C, CET1588 or CET 1610C. Offered: TBA.

Lab Fee.

CTS 2149 - Fundamentals of Project Management 3 cc

Introduces the skills needed to initiate, plan, execute, monitor, control, and close a project. Includes business, interpersonal, and technical project management skills required to manage projects and initiatives. Prepares the student for the CompTIA Project+ certification exam upon completion of this course.

Offered: FA, SP, SU.

AS only.

CTS 2318 - Information Security Management 3 cc

Covers processes and technical solutions that implement the information security governance framework, focuses on the tasks necessary for the information security manager to effectively manage information security within an organization, and provides a description of various techniques the information security manager can use. Covers steps and solutions for responding to an incident and loosely follows the ISACA CISM certification.

Prerequisite: CTS 2120C. Offered: SP, SU.

AS only.

CTS 2391C - Manage and Administer Windows Server 2012 3 cc

Provides the conceptual knowledge and hands-on skills necessary to deploy, manage, and maintain Windows 2012 servers; configure file and print services; configure network services and access; configure a Network Policy Server (NPS) infrastructure; configure and manage Active Directory; and configure and manage Group Policy. Prepares the student for the Microsoft MCSA certification exam 70-411.

Prerequisite: CGS 1061C. Offered: TBA.

Lab Fee.

CTS 2392C - Windows Server Pro: Advanced Services 3 cc

Advanced configuration of services necessary to deploy, manage, and maintain a Windows Server 2012 infrastructure, including advanced networking services, Active Directory Domain Services (AD DS), Active Directory Rights Management Services (AD RMS), Active Directory Federation Services (AD FS), Network Load Balancing, Failover Clustering, business continuity and disaster recovery services including access and information provisioning, protection technologies such as Dynamic Access Control (DAC), and Web Application Proxy integration with AD FS and Workplace Join. Prepares the student for the Microsoft MCSA certification exam 70-412.

Prerequisite: CGS 1061C. Offered: TBA.

AS only. Lab Fee.

CTS 2423 - ASP .NET Web Application Development 3 cc

Reviews concepts and skills needed to build professional web applications using C# with ASP.NET. Begins with developing simple multi-page web applications and builds on this with important concepts including using validation controls, URL encoding, securing a web site, using e-mail, error pages, and back-button control. Covers WCF and Web API services and the MVC design pattern.

Prerequisite: COP 1510. Offered: TBA.

Lab Fee.

CTS 2433 - Database Development and Management 3 cc

Covers database development and management using current database systems with emphasis on SQL.

Prerequisite: CGS 1061C or CGS 1570. Offered: FA.

Lab Fee.

DAA - DANCE, EMPHASIS ON ACTIVITY**DAA 1100 - Beginning Modern Dance 1 cc**

Introduces the principles of modern dance technique. Emphasis on correct placement and body alignment, strength and flexibility, movement vocabulary, and rhythmic and creative skills.

Offered: FA, SP.

DAA 1200 - Fundamentals of Ballet 1 cc

Beginning level ballet technique class with a focus on fundamentals of classical ballet, designed to strengthen and develop technique at a beginning level through Barre and Centre practice. Emphasis is on correct body placement and alignment, strength and flexibility, vocabulary, musicality, and movement quality.

Offered: FA, SP.

DAA 1500C - Jazz Dance 1 cc

Introduces the principles of jazz dance technique. Emphasis on correct placement and body alignment, strength and flexibility, vocabulary, movement quality, musicality, and rhythmic skills.

Offered: TBA.

DAN - DANCE**DAN 2100 - Dance Appreciation 3 cc**

Introduces the history and culture of dance as an art form.

Explores various dance elements, forms, and styles from ancient and world dance to ballet, modern, jazz, theatre, and social dance including lectures, video presentations, demonstrations, and discussion.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education Electives, Humanities requirement. A writing emphasis course. Offered: TBA.

DEH - DENTAL HYGIENE**DEH 1002 - Fundamentals of Dental Hygiene 3 cc**

Introduces the basic principles, procedures, and skills required to provide comprehensive preventive dental health services for patients. Topics include infection control, instrument design and utilization, gingival characteristics, tooth deposits, medical history analysis, oral inspection, patient education, and polishing with handpieces and fluorides.

Prerequisite: DES 1000. Corequisite: DEH 1002L. Offered: FA.

AS only.

DEH 1002L - Dental Hygiene Pre-Clinic 3 cc

A clinical practice course that applies principles and concepts developed in DEH 1002. The student will master basic instrumentation skills through practice on mannequin models prior to performing preventive dental hygiene services for clinical patients.

Corequisite: DEH 1002. Offered: FA.

AS only. Lab Fee.

DEH 1130 - Oral Embryology and Histology 1 cc

The study of histologic and embryonic development with emphasis on the face and oral cavity, including instruction in early facial and tooth development.

Prerequisite: DES 1000. Offered: SP.

AS only.

DEH 1400 - Oral Pathology 2 cc

A study of general and oral pathological diseases with emphasis on those related to the oral cavity. The student will apply pathological principles to the clinical practice of dental hygiene. Recognition of normal and abnormal conditions of the oral cavity and surrounding tissues will be cultivated through case presentations and slide series.

Prerequisite: DES 1000. Offered: SP.

AS only.

DEH 1720 - Preventive Dentistry 2 cc

Assists the student in prescribing oral hygiene regimens based on the uniqueness of each patient presented. Emphasizes current disease control techniques and auxiliary plaque control measures with special concern given to products available on the market for dental care including dental appliance care, fluoride therapy, and preventive programs for the dental office.

Prerequisite: DES 1000. Offered: FA.

AS only.

DEH 1800 - Dental Hygiene I 2 cc

Continuation of DEH 1002 with emphasis on health promotion and preventive oral hygiene techniques and procedures. Topics include instrument sharpening, medical and dental emergencies, patient management, communication, and motivation, abuse and neglect, disease prevention strategies, dental hygiene care planning, dental charting, patient anxiety control and an introduction to patient assessment and case building, cultural diversity in patient care, oral malodor, and introduction to ultrasonics.

Prerequisite: DEH 1002. Corequisite: DEH 1800L. Offered: SP.

AS only.

DEH 1800L - Dental Hygiene Clinic I 4 cc

Teaches the initial application of dental hygiene services by providing comprehensive preventive oral health services. Skills include patient assessment, treatment planning, education, instrumentation, and proper documentation for patients with mild to moderate periodontal disease.

Corequisite: DEH 1800. Offered: SP.

AS only. Lab Fee.

DEH 1802 - Dental Hygiene II 1 cc

Didactic instruction presented with focus on further knowledge in the application of dental hygiene procedures including information on treatment planning, periodontal charting, ultrasonic scaling, air polishing, and comprehensive dental hygiene care.

Prerequisite: DEH 1800. Corequisite: DEH 1802L. Offered: SU.

AS only.

DEH 1802L - Dental Hygiene Clinic II 3 cc

Didactic instruction presented with focus on further knowledge in the application of dental hygiene procedures including information on treatment planning, periodontal charting, ultrasonic scaling, air polishing, and comprehensive dental hygiene care.

Corequisite: DEH 1802. Offered: SU.

AS only. Lab Fee.

DEH 1811 - Dental Ethics and Jurisprudence 1 cc

Focuses on the ethical aspects of the dental hygienist profession. Provides the student with a framework for identifying ethical dilemmas and the skills and resources for resolving them. Topics include the laws pertaining to dental hygienists employed in the state of Florida.

Prerequisite: DEH 1002. Offered: FA.

AS only.

DEH 2202 - Nutrition and Dental Health 2 cc

Provides a study of nutrients, including their nature, source, and utilization. Emphasizes the relationship between diet and oral health, as well as oral manifestations of nutritional deficiencies.

Prerequisite: DEH 1800. Offered: SU.

AS only.

DEH 2300 - Pharmacology/Dental Office Emergencies 2 cc

The study of drugs and anesthetics used in dentistry with emphasis on therapeutic and adverse effects including route of administration, absorption, metabolism, and excretion of drugs. Emphasizes proper management of medical emergencies that may occur within a dental office.

Prerequisite: DEH 1802. Offered: FA.

AS only.

DEH 2602 - Periodontics 2 cc

An intensive comprehensive study of chronic inflammatory periodontal disease. Analyzes and correlates etiology, immunology, clinical and radiographic diagnosis, treatment planning, prognosis and oral therapy. Emphasizes the role of the dental hygienist in preventive oral therapy. Clinical experiences are coordinated with DEH 1800. Periodontal procedures included in this study are within the legal scope of practice of the dental hygienist.

Prerequisite: DEH 1130, MCB 1000, MCB 1000L or DEH 1130, MCB 2010, MCB 2010L. Offered: FA.

AS only.

DEH 2702 - Dental Public Health 2 cc

Teaches basic application of statistical concepts, program development, implementation, research, and evaluation. Emphasizes the principles of public and community dental health as they relate to the role of the dental hygienist, through project implementation and evaluation.

Prerequisite: DEH 1802. Offered: FA.

AS only.

DEH 2702L - Dental Public Health Lab 1 cc

Teaches the application of basic statistical concepts, program development, implementation, research, and evaluation. Emphasis on the application of the principles of public and community dental health as they relate to the role of the dental hygienist, through project implementation and evaluation.

Prerequisite: DEH 2702. Offered: TBA.

AS only.

DEH 2804 - Dental Hygiene III 2 cc

A continuation of DEH 1802 progressing to the comprehensive dental hygiene services and treatment of medically compromised patients and patients with special needs.

Prerequisite: DEH 1802. Corequisite: DEH 2804L. Offered: FA. AS only.

DEH 2804L - Dental Hygiene Clinic III 5 cc

Teaches dental hygiene service instruction through an evidenced-based approach to rendering comprehensive, preventive oral health services. Special emphasis is placed on assisting patients with special needs.

Corequisite: DEH 2804. Offered: FA. AS only. Lab Fee.

DEH 2812 - Dental Hygiene IV 2 cc

Prepares for the transition to the work-force with emphasis on practice management, career development, and state dental boards. Provides a forum for discussion of ongoing clinical case studies and oral case presentations.

Prerequisite: DEH 2804L. Corequisite: DEH 2812L. Offered: SP. AS only.

DEH 2812L - Dental Hygiene Clinic IV 5 cc

Applies current clinical concepts mastered in DEH 2804L and progresses to advanced treatment strategies to prepare for clinical practice. Emphasizes proficient clinical competency, effective patient management, and efficient time utilization. Teaches professional judgment and decision-making skills.

Prerequisite: DEH 2804L. Corequisite: DEH 2812. Offered: SP. AS only.

DEH 2902 - Special Topics in Dental Hygiene 1 cc

Enhances and supplements the student's basic dental hygiene knowledge and skills. Provides comprehensive and individualized instruction in clinical patient care and/or review in preparation for dental hygiene board examinations.

Offered: TBA. AS only.

DEH 2906 - Dental Hygiene National Board Review 1 cc

Provides a review in preparation for the dental hygiene national board examination including lecture activities, discussion, and group work.

Prerequisite: DEH 2804. Corequisite: DEH 2806, DEH 2806L, DEH 2702L. Offered: SP. AS only.

DEP - DEVELOPMENTAL PSYCHOLOGY**DEP 2001 - Child Development 3 cc**

Focuses on the physical, cognitive, emotional, and social theories of how children grow and develop from conception through adolescence and examines the role of adults in promoting optimum development of children. Fulfills a portion of the required 120 hours of training for the Florida Child Care Professional Credential (FCCPC) or a National Child Development Associate (CDA).

Offered: FA, SP, SU.

DEP 2004 - Human Growth and Development 3 cc

Teaches a foundational understanding of the life cycle from birth to death. Incorporates a multidisciplinary approach including biological, sociological, anthropological, and psychological perspectives with emphasis on basic psychological principles. Concepts are related to everyday life situations and to current social issues.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Social Sciences requirement. Offered: FA, SP, SU.

DES - DENTAL SUPPORT**DES 1000 - Dental Anatomy 2 cc**

Provides comprehensive instruction in macroscopic anatomy of the human dentition. The teeth are studied individually and collectively in terms of shape, function, and relation to each other. Provides essential dental terminology to facilitate communication among dental professionals and addresses the eruption patterns of both deciduous and permanent dentitions.

Prerequisite: Permission required. Offered: SU. AS only. Lab Fee.

DES 1010 - Head and Neck Anatomy 2 cc

A detailed study of the skeletal, muscular, circulatory, and nervous systems of the head and neck. Special emphasis is placed on the structures associated with oral cavity. Teeth are studied in relationship to the structures that support them and are covered in more detail in DES 1020.

Prerequisite: DES 1000. Offered: FA. AS only.

DES 1051C - Pain Management 1 cc

Training to safely and effectively relieve pain and reduce anxiety in the dental patient. Requires the application of knowledge from pharmacology, biochemistry, physiology, and anatomy.

Prerequisite: DEH 1800. Offered: SU. AS only. Lab Fee.

DES 1100C - Dental Materials 3 cc

A study of the basic chemical, physical, and biological properties of commonly used dental materials. Compositions and proper handling presented.

Prerequisite: DEH 1800. Offered: SP. AS only. Lab Fee.

DES 1200C - Dental Hygiene Radiology I 3 cc

Modularized interpretation and recognition of dental radiography principles, including the techniques of exposing, processing, and mounting dental radiographs and interpreting them to obtain a diagnosis. The history and theory of ionizing radiation, including radiation safety, are crucial components of this study.

Corequisite: DES 1010. Offered: FA. AS only. Lab Fee.

DES 2055C - Administration of Local Anesthetics by Dental Hygienists 3 cc

Training to safely and effectively relieve pain and reduce anxiety in the dental patient. Requires the student to apply knowledge from pharmacology, biochemistry, physiology, and anatomy. Emphasizes competency, and ultimately proficiency, in the administration of local anesthesia, which requires repeated administration and periodic self-improvement. Specifically designed to obtain certification for local anesthesia in the State of Florida.

Prerequisite: Current dental hygiene license, CPR, Malpractice Insurance. Offered: TBA.

AS only. Lab Fee.

ECO - ECONOMICS**ECO 2013 - Macroeconomics 3 cc**

Surveys basic economic principles, concepts, and institutions that comprise the American economic system, examines how well the system operates, demonstrates the development of economic measuring devices, and outlines potential policies to keep the economy operating effectively. Offers some consideration to the development of economic concepts that treat mainly macro theory.

Distribution: Meets AA General Education Core, Social Sciences requirement. Offered: FA, SP, SU.

ECO 2023 - Microeconomics 3 cc

Introduces the field of micro theory. Emphasizes model building and the analysis of product and resource markets and topics, such as the economics of the firm under the four major market conditions, resource allocation, the monopoly problem and associated legislation, agriculture, unionism, international trade and finance, and the institutions of the command economy.

Offered: FA, SP, SU.

EDF - EDUCATION-FOUNDATIONS-AND-POLICY-STUDIES**EDF 1005 - Introduction to the Teaching Profession 3 cc**

A survey course including historical, sociological and philosophical foundations of education, governance and finance of education, educational policies, legal, moral and ethical issues and the professionalism of teaching. Students will be provided information about State of Florida education standards and educator best practices and competencies.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA, SP.

EDF 2085 - Introduction to Diversity for Educators 3 cc

Designed for the prospective educator, this course provides the opportunity to explore issues of diversity, including the influence of exceptionalities, culture, family, gender, sexual orientation, socioeconomic status, religion, language of origin, ethnicity, and age upon the educational experience. Students will also explore personal attitudes toward diversity. A minimum of 15 hours of field experience working with children and youth in schools or similar settings is required.

Offered: FA, SP.

EDG - EDUCATION GENERAL**EDG 2041 - Exploring Inquiry Teaching 3 cc**

Developed for the student to explore teaching careers in math or science. Engages the student in authentic experiences observing, designing, and delivering inquiry-based math and/or science lessons for older children and young adolescent learners (ages 10-14) in formal and informal educational settings.

Offered: FA, SP, SU.

EEC - EDUCATION-EARLY-CHILDHOOD**EEC 1100 - Introduction to Early Childhood 3 cc**

Covers the history, types, and guidelines for pre-school educational programs, including center-based, family home childcare, nursery, and after school programs. The course fulfills a portion of the 120 hours of training required for the Florida Child Care Professional Credential (FCCPC) or a National Child Development Associate (CDA) Credential.

Offered: FA, SP.

EEC 1312 - Creative Experiences for Young Children 3 cc

Emphasizes the importance of creativity and play in the physical, cognitive, language, emotional, and social development of young children. Students will create materials and activities for young children and adapt them to the developmental level of the child.

Offered: SP.

EEC 1601 - Observation and Assessment in Early Childhood 3 cc

Emphasizes the importance of observing and recording the physical, intellectual, language, social, and emotional development of young children and how to use the information in developing a quality environment for them. Explores different methods for documenting young children's behaviors.

Offered: FA.

EEC 2401 - Home and Community 3 cc

Designed to help students recognize the importance of the relationship between family, school, and community. These relationships are crucial in providing appropriate experiences for young children. Emphasizes specific attitudes, philosophies, and practical techniques that help teachers build relationships with families.

Offered: FA.

EEC 2500 - Infant and Toddler Development 3 cc

Emphasizes the care and development of infants and toddlers with special attention given to creating a developmentally appropriate environment. This course is required as part of the Infant/Toddler Specialization Technical Certificate.

Offered: SP.

EEC 2521 - Childcare Management 3 cc

Explores the role of the administrative process in childcare and the laws that affect the operation of a child development center. Emphasizes facility program budgets, schedules, and food management. Students are required to complete 20 hours of observation/service learning experience in an early childhood setting. This course fulfills a portion of the 120 clock hours of training required for the Florida Child Care Professional Credential (FCCPC) or a National Child Development Associate (CDA) Credential.

Offered: FA, SP.

EEC 2523 - Leadership and Management of Child Care Programs 3 cc

Designed to meet the State of Florida's requirements for the Director's Credential renewal. Emphasizes the development of administrators' skills and knowledge related to organizational leadership and management. Content includes staff development, evaluation, and retention; personnel policies and relationships; leadership; ethics; professionalism; and organizational structure and dynamics.

Prerequisite: EEC 2521. Offered: TBA.

EEC 2940C - Early Childhood Practicum 3 cc

Practical application of activities that promote physical, cognitive, language, emotional and social development in young children. Students will be observed in an early childhood setting to evaluate their competencies working with young children. Students are also required to complete 30 hours of observation/service learning experience in an early childhood setting and to complete a professional portfolio. The course fulfills a portion of the 120 hours of training required for the Florida Child Care Professional Credential (FCCPC) or a National Child Development Associate (CDA) Credential.

Offered: FA, SP.

AS only.

EET - ELECTRONIC ENGINEERING TECHNOLOGY**EET 1015C - Direct Current Circuits 3 cc**

Introduces the basic concepts of direct current circuits as applied in electronics, as well as analysis of circuits using OHM's law and various theorems. Lab instruction includes D/C circuit analysis and the use of basic electronic test equipment.

Corequisite: MAC 1105 or MGF 1107. Offered: FA, SP.

AS only. Lab Fee.

EET 1025C - Alternating Current Circuits 3 cc

The study of alternating current circuits as applied in electronics, including the theory and applications of resonant circuits and transformers. Lab instruction includes a practical analysis of A/C circuits and the use of instruments associated with alternating current.

Prerequisite: EET 1015C. Offered: SP, SU.

AS only. Lab Fee.

EET 1084C - Introduction to Electronics 3 cc

Designed for the student in technology and manufacturing fields other than electronics. Topics include the study and performance of basic experiments in electricity, direct current (DC) circuits, alternating current (AC) circuits, diodes and power supply circuits and transistors, op-amps, and electromechanical devices. Prepares the student for the 4th module with content in Maintenance of the Manufacturing Skills Standard Council Certified Production Technician certification exam.

Prerequisite: Test score requirement the same as MAT 1033C or permission required. Offered: FA, SP, SU.

AS only. Lab Fee.

EET 1931 - Special Topics in Electronics Engineering Technology 1 cc

Presents a variety of topics relating to electronic engineering technology and applications. Some topics may require laboratory assignments. The course may be repeated when the content varies.

Offered: TBA.

AS only.

EET 1932 - Special Topics in Electronics Engineering Technology 2 cc

Designed to allow flexibility for presenting a variety of topics relating to electronics engineering principles and applications. Some topics may require laboratory assignments. The course may be repeated for credit when the content varies.

Offered: TBA.

AS only.

EET 1933 - Special Topics in Electronics Engineering Technology 3 cc

Presents a variety of topics relating to electronic engineering technology and applications. Some topics may require laboratory assignments. The course may be repeated when the content varies.

Offered: TBA.

AS only.

EET 2141C - Electronic Devices and Integrated Circuits I 3 cc

A theory-lab course covering electronic semiconductors and basic circuit applications. Topics include the theory and operation of diodes and rectifiers, single-stage amplifiers, transistors, and special devices such as LED's, optocouplers, unijunction transistors, and basic integrated circuits.

Prerequisite: EET 1025C. Offered: FA, SP.

AS only. Lab Fee.

EET 2142C - Linear Circuits 3 cc

The continued study of the principles of semiconductors, special devices, and transistor applications in power supply circuits including AF and RF amplifiers, oscillators, operational amplifier circuits, and special ICs. Power circuits will include switching and amplifying applications. Laboratory experiences include testing instruments to measure and determine various operational characteristics of solid state devices and circuits.

Prerequisite: EET 1141C. Offered: SP.

AS only. Lab Fee.

EET 2215C - Instrumentation Electronics 3 cc

Introduces the theory and application of electronics control circuits and systems used in electronics instrumentation. Emphasizes the function of interfacing devices, test instruments, and sensors which are used in instrumentation measurements.

Prerequisite: EET 1015C. Offered: SP.

AS only. Lab Fee.

EET 2947 - Electronic Technology Co-op 1 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. A background check will be included.

Offered: FA, SP, SU.

AS only.

EET 2948 - Electronic Technology Co-op 2 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. A background check will be included.

Offered: FA, SP, SU.

AS only.

EET 2949 - Electronic Technology Co-op 3 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. A background check will be included.

Offered: FA, SP, SU.

AS only.

EEX - EDUCATION-EXCEPTIONAL-CHILD-CORE-COMPETENCIES**EEX 1600 - Behavior Management 3 cc**

Introduces a variety of approaches that can be effective in classroom situations with students who are exhibiting behavior problems. Examines classroom management routines and procedures for effective teaching.

Offered: FA, SP.

EEX 2010 - Introduction to Exceptional Children 3 cc

Introduces a variety of approaches that can be effective in classroom situations with students who are exhibiting behavior problems. Examines classroom management routines and procedures for effective teaching.

Offered: FA, SP, SU.

EGN - ENGINEERING GENERAL**EGN 1123 - Engineering Graphics 3 cc**

Introduces the fundamentals of engineering graphics and computer-aided drafting (CAD) using AutoCAD. Covers the depiction of objects in a standard multiview drawing on a computer. Uses one, two, three, auxiliary, and section views. Covers dimensioning. Three-dimensional objects are created both in surface and solid models and then depicted in a standard multiview format including pictorial views. Prepares students for the Autodesk AutoCAD® Certified User Exam. Prerequisite for all the computer drafting courses.

Offered: FA, SP, SU.

AS only. Lab Fee.

EGN 2312 - Engineering Statics 3 cc

Covers reduction of force systems, equilibrium of particles, rigid bodies, and vector methods. Includes application of these force systems to structures and mechanisms. Topics include dynamics and mechanics of materials.

Prerequisite: MAC 2312, PHY 2048. Corequisite: MAC 2313, PHY 2049. Offered: FA.

Pre-Engineering elective.

EME - EDUCATION-TECHNOLOGY-AND-MEDIA**EME 2040 - Introduction to Technology for Educators 3 cc**

Introduces the technology integration skills that are essential to professional instruction and communication. Students survey a variety of instructional applications and teaching materials, selecting appropriate tools for the delivery of learning objectives, learning activities, and assessments.

Offered: FA, SP, SU.

Lab Fee.

EMS - EMERGENCY MEDICAL SERVICES

EMS 1119 - Emergency Medical Technician 7 cc

Introduces the fundamental knowledge necessary to be successful in meeting Emergency Medical Technician certification and licensing requirements. Topics include how to assess, treat, and transport the sick and injured. Emphasizes assessment-based learning and complies with the National DOT EMT curriculum.

Prerequisite: Permission required. Corequisite: EMS 1119L, EMS 1411L. Offered: FA, SP, SU.

AS only. Lab Fee.

EMS 1119L - EMT Lab 2 cc

Provides practical experience in applying the material that was learned in Emergency Medical Technician. Topics include assessing, treating, and transporting the sick and injured in the laboratory and simulated field environment. Emphasizes assessment-based learning and complies with National DOT EMT curriculum.

Prerequisite: Permission required. Corequisite: EMS 1411L, EMS 1119. Offered: FA, SP, SU.

AS only. Lab Fee.

EMS 1411L - EMT Clinical Internship 2 cc

Provides practical experience applying material learned in Emergency Medical Technician and EMT Lab, including the assessment, treatment, and transport methods for the sick and injured to area hospitals and advanced life support EMS ambulances. Emphasizes on assessment-based learning and complies with National DOT EMT curriculum.

Prerequisite: Permission required. Corequisite: EMS 1911, EMS 1911L. Offered: FA, SP, SU.

AS only. Lab Fee.

EMS 1521L - EMT Professional 1 cc

Introduces the profession of pre-hospital emergency medicine and the culture of a uniformed public safety profession, including followership, leadership, and critical decision making skills; reinforces critical decision making in the treatment of the sick and injured using team teaching and simulation. Satisfies the state-mandated comprehensive testing requirements.

Corequisite: EMS 1119, EMS 1119L, EMS 1411L. Offered: FA, SP, SU.

AS only.

EMS 1601 - Introduction to Advanced Prehospital Care 1 cc

Introduces paramedic roles and responsibilities, wellness in EMS, primary injury prevention, medical/legal considerations, emergency medical services ethics, EMS communication systems, and proper patient documentation.

Prerequisite: EMT certification, CPR for Health Care Providers. Offered: FA.

AS only.

EMS 1612 - Cardiovascular Emergencies 2 cc

The study of cardiovascular anatomy and physiology, electrocardiographic monitoring, dysrhythmias, assessment and management of the cardiovascular patient and 12-lead ECG monitoring.

Prerequisite: EMT certification, CPR for Health Care Providers. Corequisite: EMS 2232L. Offered: SP.

AS only.

EMS 1654L - Paramedic Field/Clinical Experience I 3 cc

Provides orientation, clinical, and field experience in area hospitals and EMS agencies under supervision. The Student will begin ambulance time in an observational capacity with an assigned preceptor and add skills while progressing through the term.

Prerequisite: EMT certification, CPR for Health Care Providers. Offered: FA.

AS only. Lab Fee.

EMS 1683 - Fundamentals of Advanced Prehospital Care 1 cc

The study of general concepts of pharmacology, administration of medications, venous circulation, effective therapeutic communication, and communication strategies.

Prerequisite: Entry into Paramedic program. Corequisite: EMS 2232L. Offered: FA.

AS only.

EMS 2231L - Paramedic Lab I 3 cc

Presents general patient assessment concepts and initial management of patients. Covers respiratory emergencies and airway management problems today's field paramedic will be faced with.

Corequisite: EMS 2613, EMS 2614. Offered: FA.

AS only. Lab Fee.

EMS 2232L - Paramedic Lab II 2 cc

Provides strategies for general patient assessment and initial management of patients with various cardiovascular emergencies, including the application of foundational pharmacological skills.

Corequisite: EMS 1683, EMS 1612. Offered: SP.

AS only. Lab Fee.

EMS 2236L - Paramedic Lab III 3 cc

Provides opportunities for the practical application of didactic material and the development of associated psychomotor skills and tasks, including medicinal dosages and interventions as well as the rhythm recognition and treatment involved in cardiovascular emergencies.

Corequisite: EMS 2682, EMS 2628. Offered: SU.

AS only. Lab Fee.

EMS 2460L - EMS Field Leadership 1 cc

Provides the instruction on advanced assessment and treatment techniques for sentinel medical and trauma cases that span the geriatric, adult, and pediatric age ranges. Emphasizes the role of the Paramedic as the leader and coordinator of pre-hospital emergency care. Assists the student in the successful transition to assuming a leadership role upon graduation.

Prerequisite: Permission required. Offered: FA.

AS only. Lab Fee.

EMS 2613 - Patient Assessment 1 cc

Focuses on assessing and managing general patients, using proper patient assessment techniques, and applying a process of clinical decision making.

Prerequisite: EMT certification, CPR for Health Care Providers. Corequisite: EMS 2232L. Offered: FA.

AS only.

EMS 2614 - Airway Management and Respiratory Emergencies 3 cc

Reviews respiratory anatomy and physiology, including pathophysiology; assessment of the respiratory system; diagnostic testing; management of specific respiratory disorders; the establishment and maintenance of a patent airway and ventilation, including anatomy, physiology and pathophysiology of the airway; use of equipment for assessment and treatment; and the use of airway adjuncts.

Corequisite: EMS 2232L. Offered: FA.

AS only.

EMS 2627 - Medical Emergencies 4 cc

Focus on teaching the paramedic student how to integrate pathophysiological and assessment findings to formulate a field impression and implement the treatment plan for the patient with a medical emergency.

Prerequisite: EMT certification, CPR for Health Care Providers. Offered: SP.

AS only.

EMS 2628 - OB/GYN/Neonatal/Pediatric Emergencies 2 cc

Teaches proper treatment plan implementation for a patient with a suspected gynecological emergency, obstetrical emergency, or neonatal emergency. Also, provides instruction for treating a pediatric patient with an emergency.

Prerequisite: EMT certification, CPR for Health Care Providers. Corequisite: EMS 2236L. Offered: SP.

AS only.

EMS 2655L - Paramedic Field/Clinical Experience II 3 cc

Focuses on clinical and field experience provided in area hospitals and EMS agencies under supervision.

Prerequisite: EMT certification, CPR for Health Care Providers. Offered: SP.

AS only.

EMS 2656L - Paramedic Field/Clinical Internship 5 cc

Focuses on successful integration of all prehospital skills. The field internship verifies that the student has achieved entry-level competence, and is able to serve as team leader in a variety of prehospital advanced life support emergency medical situations.

Prerequisite: EMT certification, CPR for Health Care Providers. Offered: SU.

AS only.

EMS 2680 - Behavioral Emergencies 1 cc

Focuses on psychiatric and behavioral emergencies, including the pathophysiology of psychiatric disorders; biological, psychosocial, and socio-cultural components; and assessment and management of behavioral emergency patients, such as potentially suicidal patients and violent patients.

Prerequisite: Entry into Paramedic program. Corequisite: EMS 2232L. Offered: SU.

AS only.

EMS 2681 - Special Considerations in Prehospital Care 1 cc

Focuses on implementation of a proper treatment plan for the geriatric patient, the patient who has sustained abuse or assault, the patient with a suspected emergency, the chronic care patient, and the patient with common complaints. Provides procedures to ensure safe and effective ground and air transport, including the integration of the principles of general incident management and Multiple Casualty Incident management (MCI), rescue awareness management, human hazards awareness management, and general incident management of hazardous materials emergencies.

Prerequisite: Entry into Paramedic program. Corequisite: EMS 2236L. Offered: SU.

AS only.

EMS 2682 - Advanced Prehospital Trauma Management 2 cc

Focuses on principles of kinematics to enhance patient assessment, including implementation of a proper treatment plan for a patient with shock or hemorrhage, soft tissue trauma, burn injuries, traumatic head injury, suspected spinal injury, suspected thoracic injury, suspected abdominal trauma, or suspected musculoskeletal injury.

Prerequisite: EMT certification, CPR for Health Care Providers. Offered: SU.

AS only.

ENC - ENGLISH COMPOSITION**ENC 0015 - Developmental Writing I 3 cp**

Designed for students whose basic language skills need improvement, this course includes a review of basic grammar rules, sentence structure, punctuation, and capitalization. The writing component of the course focuses on effective paragraph composition.

Prerequisite: Appropriate score on the Florida entry-level placement exam. Offered: FA, SP, SU.

Lab Fee.

ENC 0025 - Developmental Writing II 3 cp

Designed for students who need to improve their language skills, this course offers a review of grammar rules, language usage, sentence structure, punctuation, and composition of effective paragraphs and short essays.

Prerequisite: Appropriate score on the Florida entry-level placement exam or completion of ENC 0015 with a grade of C or better. Offered: FA, SP, SU.

Lab Fee.

ENC 0055 - Developmental Writing Modules 1 cp

Based on a student's performance on a diagnostic instrument or in a previous attempt of ENC 0025, this course covers up to 33% of the material in ENC 0025, which provides a review of grammar rules, language usage, sentence structure, and punctuation.

Prerequisite: Appropriate score on the Florida entry-level placement exam or accelerated completion of 67% or more of ENC 0025 and permission required. Offered: FA, SP, SU.

Lab Fee.

ENC 0056 - Developmental Writing Modules 2 cp

Based on a student's performance on a diagnostic instrument or in a previous attempt of ENC 0025, this course covers up to 66% of the material in ENC 0025, which provides a review of grammar rules, language usage, sentence structure, and punctuation.

Prerequisite: Appropriate score on the Florida entry-level placement exam or accelerated completion of 34% or more of ENC 0025 and permission required. Offered: FA, SP, SU.

Lab Fee.

ENC 1101C - English Composition I 3 cc

Teaches the fundamentals of effective expression with emphasis on expository writing and logical thinking.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Core, Communications requirement. A writing emphasis course. Offered: FA, SP, SU.

Lab Fee.

ENC 1102 - English Composition II 3 cc

Teaches the fundamentals of effective expression, including composing essays and other academic writing, constructing effective arguments, conducting research, completing at least one research-based essay, and analyzing literature.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education, Communications requirement. A writing emphasis course. Offered: FA, SP, SU.

ENC 1210 - Technical Writing I 3 cc

Applies the principles of expository writing (unity, clarity, coherence, organization, and corrections) to a variety of industry and technical reports, letters, and forms.

Prerequisite: Placement at the college level in English or completion of the appropriate exit-level development course(s) with a grade of C or better. Offered: SU.

ENL - ENGLISH LITERATURE

These courses meet the general education literature requirement. Literature courses further the ability to understand literary devices and language; to appreciate a text and its socio-cultural and historical contexts; to evaluate a text, whether fiction or non-fiction, for its literal and figurative meanings; and to synthesize and communicate the understanding of a text. Further, literature enriches understanding of and appreciation for the diversity of human experience.

ENL 2012 - English Literature to 1800 3 cc

Introduces the concepts and methodologies for the study of selected British literature from the Middle Ages to the end of the eighteenth century. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA.

ENL 2022 - English Literature from 1800 3 cc

Introduces the concepts and methodologies for the study of selected British literature from the late eighteenth century to the present. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: SP.

ENT - ENTREPRENEURSHIP**ENT 1000 - Introduction of Entrepreneurship 3 cc**

Provides the necessary skills to succeed as an entrepreneur. Covers the fundamentals of starting and operating a business, developing a business plan, obtaining financing, marketing a product or service, and developing an effective accounting system.

Offered: FA, SP, SU.

ENT 1012 - Entrepreneurship Management 3 cc

Provides the knowledge, skills and tools for students to successfully plan, design and manage a new business venture. It is intended for those students considering self-employment for the first time or for those who are already committed as entrepreneurs. The processes of launching an entrepreneurial venture and learning the skills and techniques necessary for effective management, growth and exit strategy will be covered in the course. Students will analyze the decision-making models and strategies and apply them in the management of business ventures.

Prerequisite: ENT 1000. Offered: FA, SP, SU.

ENT 1031 - Entrepreneurship Marketing and Sales 3 cc

Provides the knowledge, skills, and tools for students to successfully plan, design, and manage a new business venture. Intended for students considering self-employment for the first time or for those who are already entrepreneurs. Covers launching an entrepreneurial venture, as well as the skills and techniques necessary for effective management, growth, and exit strategy. Analyzes decision-making models and strategies, so as to apply them in the management of business ventures.

Prerequisite: ENT 1000. Offered: FA, SP, SU.

ENT 1411 - Small Business Accounting and Finance 3 cc

Explores accounting concepts and procedures relating to small business. Content includes basic overview of accounting cycle, data entry using manual and computerized systems, analysis, and use of financial statement data.

Offered: FA, SP, SU.

ENT 2942 - Entrepreneurship Practicum 3 cc

Provides a forum for completing supervised experiential learning activities related to entrepreneurship and the entrepreneurial mindset.

Offered: TBD.

ENT 3003 - Principles of Entrepreneurship 3 cc

Introduces the general theories, principles, concepts, and practices of entrepreneurship through lectures, readings, case studies, and group projects. Includes the development of a business plan.

Offered: SU.

ENT 4110 - Advanced Entrepreneurship Practicum 3 cc

Provides a forum for completing supervised experiential learning activities related to entrepreneurship and the entrepreneurial mindset. Through these activities, students enhance their mastery of various entrepreneurial competencies.

Offered: TBD.

ENT 4114 - Business Plan Development 3 cc

This course helps students appreciate the purposes of the business plan and its potential audience. The course also aids students in understanding the structure and content of a business plan, including the reasons for the organization and substance of the work. The course guides participants in preparing their own business plan and aids them in its critical evaluations.

Offered: TBD.

ENT 4124 - Marketing for Entrepreneurs 3 cc

Students will demonstrate the skills to successfully plan and research the marketing and sales aspects of launching a new business venture. Students will analyze marketing opportunities, research target markets, and develop a marketing strategy and brand positioning. Students also will learn how to develop new products and services and develop pricing strategies.

Offered: TBD.

ENT 4412 - Entrepreneurial Finance 3 cc

This course is a study of financial skills and tools specific to entrepreneurial ventures and focuses on real-world applications. Topics include, but are not limited to, turning opportunities into reality, raising capital and financial management, venture operations and organizational administration, and handling growth and adversity.

Offered: TBD.

ENT 4604 - New Product Development 3 cc

This course builds a foundation in new product development. Students create a new consumer brand including name, logo, product features, product package, labeling, recommended retail price and estimated cost of goods.

Offered: TBD.

ESC - EARTH SCIENCE**ESC 1000 - Earth Science 3 cc**

Provides a broad survey of geology (earth materials and processes), oceanography, meteorology, and astronomy. An introductory course primarily designed to give non-science majors a solid background of the interrelated disciplines that make up the "earth sciences."

Distribution: Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP, SU.

ETC - ENGINEERING-TECHNOLOGY-CIVIL**ETC 1250 - Properties of Materials 3 cc**

Introduces the field of construction through classification, physical properties, application, and use of materials used. Covers stone, brick, concrete, wood, and other general building materials.

Offered: FA, SP.

AS only.

ETD - ENGINEERING-TECHNOLOGY-DRAFTING**ETD 1310 - Survey of Computer Aided Drafting 3 cc**

Introduces basic drafting skills and terminology including introductions to AutoCAD, Inventor, and Solidworks. Discussions include common view, line types, and title block features. Builds on the student's existing knowledge of computer use. Emphasizes basic use of .PDF files, printers, plotters, 3D printing, and intermediate computer and file management skills. Students who are unfamiliar with computers should take CGS 1061C.

Offered: FA, SP.

AS only. Lab Fee.

ETD 1399 - Architectural Drafting 3 cc

Focuses on advanced computer drafting, addressing selected topics from architectural plans, as well as mechanical and electrical drafting used in the preparation of working drawings for light and heavy commercial projects. Emphasizes the collection of building components and the creation of a contract document rather than the drafting aspect.

Prerequisite: BCN 1001, ETD 2340 or permission required.

Offered: SP.

AS only. Lab Fee.

ETD 1542 - Structural Drafting 3 cc

Advanced computer drafting consisting of the drafting of steel and reinforced concrete details for commercial buildings. Includes minor connection details.

Prerequisite: BCN 1001, ETD 2340 or permission required.

Corequisite: ETC 1250 Offered: SU.

AS only. Lab Fee.

ETD 1931 - Special Topics in Drafting Design 1 cc

Designed to allow flexibility for presenting a variety of topics relating to drafting and design principles and applications. Some topics require laboratory assignments. The course may be repeated for credit when the content varies.

Offered: TBA.

AS only. Lab Fee.

ETD 1933 - Special Topics in Drafting Design 3 cc

Designed to allow flexibility for presenting a variety of topics relating to drafting and design principles and applications. Some topics may require laboratory assignments. The course may be repeated for credit when the content varies.

Offered: TBA.

AS only. Lab Fee.

ETD 2332 - AutoCAD Customization 2 cc

Basic AutoCAD customization that enables the user to work more efficiently. Oriented towards the user; not for advanced programmers.

Prerequisite: ETD 2340 or permission required. Offered: FA, SU.

AS only. Lab Fee.

ETD 2340 - Computer Drafting 3 cc

Second course in computer drafting emphasizing drafting. Intended for the drafting student and covers the nuances of the computer as a drafting tool. Much of the material in EGS 1111 will be covered but in greater detail while omitting the 3D/design aspect. Hands-on using desktop computers with AutoCAD software.

Prerequisite: EGN 1123 or permission required. Offered: FA, SP, SU.

AS only. Lab Fee.

ETD 2355 - Advanced Computer Drafting 3 cc

Computer drafting covering advanced topics, primarily 3D and technical illustration. Topics include minor customization, surface and solid modeling, and rendering.

Prerequisite: ETD 2340 or permission required. Offered: SP.
AS only. Lab Fee.

ETD 2364C - 3D Parametric Modeling Using SOLIDWORKS I 3 cc

Covers parametric solid design using SOLIDWORKS®; software. Topics include: basic concepts of parametric part sketching, 3D part creation, revolve, sweep and lofted features, shell and coil, surface creation, sheet metal and orthographic drawing creation. Proficiency is obtained by use of self-paced guided tutorials reinforced with individualized instruction in preparation for the Certified SOLIDWORKS®; Associate (CSWA) Exam offered at the end of the course.

Corequisite: EGN 1123 or permission required. Offered: FA, SP.
AS only. Lab Fee.

ETD 2368C - 3D Parametric Modeling Using SOLIDWORKS II 3 cc

Second course in series designed to develop skill and proficiency in parametric solid design. Topics include sheet metal modeling, assembly concepts, assembly modeling, advanced constraints, motion simulation, adaptive technology, and drawing presentation. Proficiency is obtained by use of self-paced guided tutorials reinforced with individualized instruction in preparation for the Certified SOLIDWORKS®; Professional (CSWP) Exams offered as part of the course.

Prerequisite: ETD 2364C or permission required. Offered: FA, SP.
AS only. Lab Fee.

ETD 2372C - Advanced Rapid Prototyping 3 cc

Emphasizes the use of parametric modeling skills with more advanced project applications from within a design community, including receiving feedback from classmates. Through cooperation with local manufacturing facilities, when available, the student will be exposed to current industry practices and the latest technologies. Introduces computer simulation and design analysis of rapid prototyping and the relationships physical prototyping has to the design industry. Students will examine case studies and create their own prototypes, as well as present creativity, design abilities, and scanning and printing skills through problem solving projects utilizing a variety of 3D printers, scanners, and CAD software. Prepares the student for SME's Additive Manufacturing Certification.

Prerequisite: ETD 2364C. Offered: SP.
AS only.

ETD 2397C - Building Information Management I 3 cc

Introduces elements of Building Information Modeling (BIM) utilizing a centralized database methodology through the application of Autodesk Revit Architecture software. Covers the fundamental concepts on which BMI architecture is built and the characteristics of its parametric change engine, including the terminology, the hierarchy of elements, and the application of the basic drawing tools to create a project model.

Prerequisite: EGS 1111. Corequisite: ETD 2340. Offered: FA, SP.
AS only. Lab Fee.

ETD 2398 - Building Information Management II 3 cc

Explores BIM software interface and features, generation of working documents, advanced applications, and student projects.

Prerequisite: ETD 2397C. Offered: FA.
AS only. Lab Fee.

ETD 2550 - Civil 3D 3 cc

Covers a typical residential subdivision design process and all project phases including point importing, surface modeling, subdivision parcel layout, horizontal alignments, vertical alignments, road cross sections, site grading, and volume calculations. Emphasizes the work of corridor modeling and pipe design, which is a three dimensional development tool.

Prerequisite: EGS 1111. Offered: FA, SP, SU.
AS only. Lab Fee.

ETD 2551 - Civil Engineering Drafting 3 cc

Covers fundamentals of civil engineering for computer drafting, including measuring errors, error of closure, coordinate conversion, curve data, contour lines, cut and fill, and profile work. Material will be dealt with both mathematically and graphically. A trig calculator is required.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA.

AS only. Lab Fee.

ETD 2930C - AEC/Mechanical Design Capstone 3 cc

Culminating course for the program in which career acquisition skills are applied through program assessment. Focuses on design projects developed in independently and in consultation with the instructor. When available, the student will partner with local industry for real world projects. Topics may include, but not limited to, parametric modeling, AEC rendering and presentation techniques, electro-mechanical, 3-D Solids, exploration of application software and the integration of CAD/CAM. Reviews resume writing, contacting potential employers, and how to put a professional portfolio of work together for review.

Corequisite: ETD 2398. Offered: SP.

AS only. Lab Fee.

ETD 2948 - Drafting and Design Technology Co-op. 2 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

ETI - ENGINEERING-TECHNOLOGY-INDUSTRIAL**ETI 1110 - Introduction to Quality Assurance 3 cc**

Defines the role of quality in an industrial environment. Topics include the use of quality management techniques and quality philosophies, process development, techniques used for evaluation, approaches used on continuous operations, methods used to control quality, and the International Organization for Standardization (ISO) series of standards. Covers responsibility of quality assurance during the engineering, manufacturing, and marketing of a product.

Offered: SP.

AS only.

ETI 1420 - Manufacturing Processes & Materials 3 cc

Focuses on manufacturing processes, production systems and techniques, mechanisms, materials and their properties, which are used in a modern manufacturing environment. Topics include the benefits, limitations, and applications of different machine tools and the materials for manufacturing processing. Studies the adaptability of machinery to a variety of manufacturing processes to identify selection, design, and planning of manufacturing processes and material. Identifies the characteristics and manufacturing properties of materials, including metal alloys, polymers, ceramics, and composites. Covers metal-casting processes, shaping and forming processes, and the machines needed for manufacturing.

Offered: SU.

AS only.

ETI 1622C - Concepts of LEAN Manufacturing and Six Sigma 3 cc

Introduces the fundamentals of LEAN techniques, based on the concepts in the Toyota Production System model of business function operating systems. A comprehensive overview of the LEAN and Six Sigma methodologies is presented, including the Define, Measure, Analyze, Improve, and Control (DMAIC) process improvement paradigm.

Offered: FA, SP.

AS only. Lab Fee.

ETI 1701 - Industrial Safety 3 cc

The study of principles of safety in a typical industrial environment. Emphasizes OSHA and the analysis and design of safety programs for industry.

Offered: FA.

AS only. Lab Fee.

ETI 1931L - Special Topics in Mechanical Design 1 cc

Designed to allow flexibility for the student by presenting a variety of topics relating to manufacturing principles and applications. Specific course content is set by the program coordinator and faculty.

Corequisite: ETI 2411 or ETI 2414C or ETI 2416C. Offered: TBA.

AS only. Lab Fee.

ETI 1933 - Special Topics in Mechanical Design 3 cc

Designed to allow flexibility for the student by presenting a variety of topics relating to manufacturing principles and applications. Special topics require laboratory assignments. Shop time will be used to work on developing the necessary skills to be proficient as a CNC operator/programmer. The course may be repeated for credit when the content varies.

Prerequisite: ETI 2416, ETI 2411, ETI 2412, ETI 2414, ETI 2415.

Offered: TBA.

AS only. Lab Fee.

ETI 2411C - Manufacturing Processes CNC Machining 4 cc

Provides training in Haas CNC Machining Centers Set-up, CNC Programming and CNC Machining Operational procedures. The student will gain employable technical knowledge and Setup methods used in Haas CNC machining equipment. CNC Machine programming, set-up and operations are taught using computer and hands on applications. Completion of this course offers students technical skills as a CNC Machinist / Operator to be applied in various machining and fabrication industries. Various Haas CNC machining centers such as the VF-2SS, TM-2P Mill, and the ST-10, TL-1 Lathe are used in to give students a working knowledge in CNC Machining Processes. An Introduction to Fusion 360 is used to teach students CAD/CAM and CNC Machining toolpath operations for Mill & Lathe CNC processes. This course is foundational to the CNC Machinist / Fabricator College Credit Certificate (CNC-CT). The Certificate can be completed in one semester, it offers students career opportunities in CNC machining, CNC Programming and Metal Fabrication.

Corequisite: EGN 1123. Offered: FA, SP.

AS only. Lab Fee.

ETI 2412C - CNC Fabrication Processes (Fusion 360) 4 cc

Provides a working knowledge of CNC processes and operations using Haas CNC machining centers. The core learning outcomes for this course are CNC operations & setup procedures, mechanical design, CNC tooling and function, materials, metrology and shop safety. CNC machining processes and operations are taught using lectures and hands-on demonstration to provide students employable skills as a CNC machinist setup /operator technician. In addition, students will learn 3D mechanical design using Autodesk Fusion 360 and complete a mechanical design drawing portfolio. This course is applied to the CNC Composite Fabricator/Programmer college credit certificate (CNCW-CT) and is a core course in the Mechanical Design and Fabrication Associate in Science degree (MECH-AS).

Corequisite: EGN 1123 or permission required. Offered: FA.

AS only. Lab Fee.

ETI 2414C - Computer Aided Manufacturing - Fusion 360 4 cc

Offer students a working knowledge in Computer Aided Design / Computer Aided Manufacturing and CNC programming. This course applies CAD/CAM topics using Fusion 360 to give a student an in-depth application of Parametric Solid Modeling Design, CNC toolpath operations, and CNC set-up procedures using Haas machining centers. The course Lectures, Hands on class assignments and Autodesk Design Academy training offer students technical training in applying CAM toolpath operations to Solid modeled projects produced in the lab. Students will work towards completing the Autodesk Associate Product Design & Manufacturing Certifications. Students will apply machining Feeds and Speeds to toolpath operations on assigned projects and learn extensive setup operations used on Haas CNC Mills and Lathes. This shop contains 7 Haas CNC machining centers, CNC Plasma Cutting and Laser processing. Students performance is based on creating a project portfolio of various CNC projects completed and a Design portfolio. This course offers students career opportunities in CNC machining, CNC Programming and Mechanical Design.

Prerequisite: EGN 1123, ETI 2411C or permission required.

Corequisite: ETI 2412C or ETI 2415C. Offered: SP.

AS only. Lab Fee.

ETI 2415C - Precision CNC Machining & Metrology 4 cc

Offer students a working knowledge in Computer Aided Design / Computer Aided Manufacturing and CNC programming. This course applies CAD/CAM topics using Fusion 360 to give a student an in-depth application of Parametric Solid Modeling Design, CNC toolpath operations, and CNC set-up procedures using Haas machining centers. The course Lectures, Hands on class assignments and Autodesk Design Academy training offer students technical training in applying CAM toolpath operations to Solid modeled projects produced in the lab. Students will work towards completing the Autodesk Associate Product Design & Manufacturing Certifications. Students will apply machining Feeds and Speeds to toolpath operations on assigned projects and learn extensive setup operations used on Haas CNC Mills and Lathes. This shop contains 7 Haas CNC machining centers, CNC Plasma Cutting and Laser processing. Students performance is based on creating a project portfolio of various CNC projects completed and a Design portfolio. This course offers students career opportunities in CNC machining, CNC Programming and Mechanical Design.

Corequisite: EGN 1123 or permission required. Offered: TBA.

AS only. Lab Fee.

ETI 2416C - Metal Working Processes (Welding & Fabrication) 4 cc

A study of the principles, concepts, and applications of metal fabrication methods encountered in the industrial environment. Covers the safe and efficient use of hand tools, machines, mechanical cutting and welding processes, and specialized fabrication equipment. The student will learn production techniques used in gas welding, Plasma Cutting, Brazing, MIG and TIG welding, ARC welding, and CNC Plasma Cutting Operations. Metal fabricating processes include sheet metal layout and aircraft solid riveting. Hands-on training allows the student to obtain skills for entry level job opportunities in the metal fabrication industry.

Offered: FA.

AS only. Lab Fee.

ETI 2419C - Advanced Computer Aided Manufacturing-Fusion 360 4 cc

This is a course in solid modeling design, Computer Aided Manufacturing, CNC programming & CNC machine setup. Students will apply various 2D & 3D toolpath operations to solid model project designs using Fusion 360 and will work towards completing the Autodesk Associate Product Design & Manufacturing Certifications. Core objectives are Mechanical Design, CNC programming, Applying High Speed adaptive CNC machining toolpath operations to mechanical designs, Understand and apply CNC Machining Setup & Operation for Mill & Lathe and Proficient in CNC Laser Processing. Students demonstrate proficiency by completing Mechanical Design and CNC Projects portfolio. The lab utilizes Haas Mill & Lathe CNC machining centers, CNC plasma operations and CNC Laser processes. This course offers students career opportunities for initial employment as a CNC programming Technician and Mechanical Design Technician, or it can provide supplemental training for persons previously or currently employed in these occupations.

Prerequisite: EGN 1123 and approval from program coordinator

Offered: FA, SP.

AS only.

ETI 2947 - Manufacturing Technology Co-op 1 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

ETI 2948 - Manufacturing Technology Co-op 2 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

ETI 2949 - Manufacturing Technology Co-op 3 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

ETM - ENGINEERING TECHNOLOGY**ETM 1010 - Mechanical Measurement & Instrumentation 3 cc**

Provides the basic foundation for both mechanical and electronic measurement techniques used in manufacturing environments. Integrates the concepts, principles, and techniques of mechanical measurement with the use of various types of instruments including micrometers, calipers, gages, and other types of measuring equipment. Introduces the student to the basic measurement techniques employing electronic test equipment, including the operation and usage of digital multimeters, function generators, and oscilloscopes.

Offered: FA.

ETM 2315C - Hydraulics and Pneumatics 3 cc

Introduces skills and techniques required to work with fluid power systems, including principles of fluid power components and flow. Labs will include demonstration and set-up of various pneumatic and hydraulic components, explaining how they are combined and function in their respective circuits.

Offered: FA.

AS only.

ETS - ENGINEERING TECHNOLOGY SPECIALTY

ETS 1603C - Robotics-Mechanics and Controls 3 cc

Presents the theory and application of robot safety, including system power up/down, coordinating systems, motion type path programming, control, arithmetic, I/O instructions, job editing, positioning accuracy tags, speed adjustment, job functions and Tool Control Point (TCP).

Offered: FA.

AS only. Lab Fee.

ETS 1931L - Special Topics in Engineering Technology 1 cc

Addresses special needs of Advanced Manufacturing to address current and changing issues with access to industry standard robotics, electromechanical devices, and measurement and control systems. An accompanying lab course that provides time for instruction and application of the skills. This course will be used in the elective category of the Engineering Technology program.

Offered: FA, SP, SU.

AS only.

ETS 1932C - Special Topics in Engineering Technology 2 cc

Designed to allow flexibility for the student by presenting a variety of topics relating to engineering technology, electromechanical devices, and emerging manufacturing practices. Some topics require laboratory assignments. The course may be repeated for credit when the content varies.

Offered: FA, SP, SU.

AS only.

ETS 1933C - Special Topics in Engineering Technology 3 cc

Addresses special needs of Advanced Manufacturing to address current and changing issues with access to industry standard robotics, electromechanical devices, and measurement and control systems. Designed as a combined lecture and lab course that includes both instruction and the application of skills. An elective in the Engineering Technology program.

Offered: FA, SP, SU.

AS only.

ETS 2406 - Biomedical Equipment 4 cc

The study of electronic systems and equipment that is used in the medical profession. Emphasizes the study of calibration, maintenance, and trouble-shooting procedures for circuits and devices. Background check included.

Prerequisite: EET 2142C. Offered: SP.

AS only. Lab Fee.

ETS 2511C - Motors and Controls 3 cc

Covers operating principles of conventional and solid-state controls and their practical applications. General principles and fundamentals of electrical controls and control components including starters, troubleshooting techniques, various protective devices, schematics, and diagrams will be emphasized. Topics include manual motor control and overload protection, control transformers, control ladder logic, control relays and motor starters, variable speed AC Drives, two and three-wire motor controls and troubleshooting, and basic timer controls. Includes lecture and hands-on lab exercises.

Prerequisite: EET 1025C. Offered: TBA.

As only. Lab Fee.

ETS 2542C - Programmable Logic Controller (PLC) Fundamentals 3 cc

Introduces programmable logic controllers (PLCs) concentrating on programming, debugging, conversion of electrical ladder logic to PLC ladder logic, and troubleshooting of PLC's using the NIDA 5050 trainer, which is based on an Allen Bradley Micrologic 1200 programmable logic controller.

Offered: TBA.

AS only.

EUH - EUROPEAN HISTORY

EUH 1000 - European History I 3 cc

Surveys Western Civilization from Mesopotamia and Egypt to the 17th century. Traces the social, intellectual, political, and cultural forces that flow into the mainstream of Western development and culminate in the rise of Modern Europe.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Social Sciences requirement. Offered: FA, SP.

EUH 1001 - European History II 3 cc

Surveys European history from the 17th century to the present. Focuses on the end of the age of aristocracy, the impact of the Enlightenment, the French Revolution, the Napoleonic wars, and the rise of participatory democracy. Examines the consequences of the Industrial Revolution, Romanticism, and the rise of nationalism in the 19th century, which culminated in the world conflicts of the 20th century. Addresses ideologies such as liberalism, socialism, feminism, Marxism, fascism, and totalitarianism.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education, Social Sciences requirement. A writing emphasis course. Offered: SP.

EUH 2010 - A History of Greece and Rome 3 cc

Introduces cultures of Greece and Rome through an historical examination of each culture's political, military, and social institutions beginning in the late Minoan period and culminating with the fifth century collapse of the western Roman empire.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Social Sciences requirement. Offered: FA, SP.

EVR - ENVIRONMENTAL STUDIES

EVR 2001 - Introduction to Environmental Science 3 cc

Introduces the basic ecological principles and current environment problems.

Distribution: Meets AA General Education Core, Natural Sciences (Biological Sciences) requirement. Offered: FA, SP, SU.

EVR 2001L - Introduction to Environmental Science Laboratory 1 cc

Provides hands-on experience and proper use of tools, equipment, and scientific protocols that are used to analyze environmental conditions. Teaches the use of the scientific method to sample the environment, analyze the data, and interpret the data to make decisions about an appropriate course of action to correct potential environmental problems. This corrective action must take into consideration, scientific, social, political, and economic factors and should attempt to anticipate potential future problems that might arise.

Corequisite: EVR 2001. Offered: SP.

Lab Fee.

FIN - FINANCE**FIN 2100 - Personal Finance and Money Management 3 cc**

Covers personal financial planning, resource management, and economic security. Provides the student with the basic analytical skills and practical working knowledge necessary to set realistic financial goals, prepare a manageable budget, and make the decisions that will protect income, assets, credit rating, and retirement security. Emphasizes objective approaches and strategies in determining needs, designing and managing a budget, coping with income and other taxes, calculating the cost of and wisely using credit, stretching income and assets through the effective use of insurance and investment options, and managing all phases of a financial program to achieve personal financial goals.

Offered: FA, SP, SU.

FIN 3400 - Financial Management 3 cc

Introduces the field of managerial finance offering a clear, basic understanding of the fundamentals of finance and their associations to the decision-making framework faced by a financial manager who is charged with maximizing shareholders' wealth. Topics include financial statement analysis, financial planning and forecasting, time value of money, risk and rates of return, asset valuation, capital budgeting, capital structure, dividend policy, and working capital management.

Prerequisite: ACG 3024 or ACG 2011 or ACG 2021. Offered: FA, SP, SU.

FRE - FRENCH LANGUAGE**FRE 1120 - Beginning French I 4 cc**

Introduces French culture and emphasizes development of basic skills in listening, speaking, reading, and writing. The student with two consecutive years of high school French within the last 3 years with a grade of C or higher should begin in FRE 1121.

Offered: FA.

FRE 1121 - Beginning French II 4 cc

Continued development of basic skills in listening, speaking, reading, and writing with greater emphasis on French culture.

Prerequisite: Grade of C or better in FRE 1120 within the last 3 years, or permission required. Distribution: Meets AA General Education Electives, Humanities requirement. Offered: SP.

FSS - FOOD SERVICE SYSTEMS**FSS 1063C - Professional Baking 3 cc**

Introduces the principles of professional baking. Emphasis on the techniques and equipment used in a bake shop or the baking area of a commercial kitchen. The student will apply the fundamentals of baking science in the production of various products and learn the basic baking skills required in the culinary arts field.

Corequisite: HFT 2212. Offered: FA, SP, SU.

AS only. Lab Fee.

FSS 1220C - Culinary Techniques 3 cc

Emphasis on the basic methods and chemistry of cooking. Covers the study of ingredients, cooking, theories, terminology, equipment, technology, weights and measures, formula conversions, and working on cooking skills and procedures.

Corequisite: HFT 2212. Offered: FA, SP, SU.

AS only. Lab Fee.

FSS 1221C - Introduction to Culinary Production 3 cc

Overview of culinary production for the student pursuing a career in the hospitality industry. Emphasis on basic methods and chemistry of cooking, baking, kitchen operation, and kitchen management. It is recommended the student take HFT 2212 as a prerequisite or corequisite.

Offered: FA, SP.

AS only. Lab Fee.

FSS 1222L - Culinary Production 3 cc

Extensive hands-on experience allowing the student to acquire the skills necessary to plan and prepare various meals utilizing menu planning methods.

Prerequisite: FSS 1220C. Offered: FA, SP.

AS only.

FSS 1308C - Dining Room Management Banquet and Russian Service 3 cc

Introduces the organization and function of the dining room of a commercial food service facility utilizing Banquet and Russian table service. Emphasis on regional and international cuisines. The student will demonstrate a familiarity with the skills and techniques utilized in American table service.

Corequisite: HFT 2212. Offered: FA, SP.

AS only. Lab Fee.

FSS 2052C - Specialty Breads 3 cc

Introduces the student to the principles and techniques of preparing lean breads, multi-grain breads, sourdough breads, rye breads, holiday and seasonal and flat breads. Special emphasis will be placed on regional and ethnic breads; handling grains for specialty breads; mixing, shaping, and finishing specialty breads; and learning innovative baking methods.

Offered: FA, SP.

AS only.

FSS 2055C - Contemporary Cakes and Desserts 3 cc

Introduces an examination and application of cakes, desserts and pastries that are assembled and decorated with a modern approach using the latest technology and equipment.

Offered: FA, SP.

AS only.

FSS 2057C - Individual and Production Pastries 3 cc

Introduces the student to planning and quantity production for banquets and large functions. Students will learn how to scale recipes for large volume production, calculate yield, work brigade line as a pastry cook, and organize the preparation, storage, and delivery of volume production for pastry buffet tables and retail settings. Students will create products such as filled cakes, French pastries, individual plated desserts, and buffet desserts, as well as study basic sauces and plate design for banquet style desserts.

Offered: FA, SP.

AS only.

FSS 2058C - Confectionary Art and Principles of Design 3 cc

Introduces the student to the preparation and decoration of display pieces, classical and contemporary. Topics covered will include chocolate, sugar, and marzipan; use of molds and templates; and the mise en place of transporting and delivering special items. Students will prepare, cost, and price three-dimensional decorations and centerpieces for special events. Students will study the basic design concepts of line, texture, shape, balance, color, scale, movement, contrast, and unity.

Offered: FA, SP.

AS only.

FSS 2059C - Chocolates and Confections 3 cc

Introduces the student to both traditional and contemporary production methods in creating confections by hand and with special equipment. Students will learn the principles involved in tempering chocolate, creating chocolate sculptures, forming simple centerpieces, and preparing chocolates and other confections with soft, hard, and liquid centers. Efficient methods to increase productivity in this highly-specialized field will be highlighted.

Offered: FA, SP.

AS only.

FSS 2224L - Classical Cuisine 3 cc

Allows for practice in advanced culinary skills under operating conditions through preparing and serving meals to the public.

Prerequisite: FSS 1220C. Offered: FA, SP.

AS only.

FSS 2242L - International/Regional Cuisine 3 cc

Covers the unique food styles and preparation techniques used around the world. The student designs and implements banquet style international menus. Meals are prepared for the public.

Prerequisite: FSS 1063C, FSS 1220C. Offered: FA, SP.

AS only.

FSS 2247C - Advanced Baking 3 cc

Builds on the skill and knowledge the student gained in FSS 1063C and familiarizes the student with advanced baking theories and techniques. The student will apply the fundamentals of baking science in the production of various products and learn the basic baking skills required in the culinary arts field.

Prerequisite: FSS 1063C. Offered: SP.

AS only. Lab Fee.

FSS 2248C - Garde Manger 3 cc

Presents the techniques and equipment used in the production of hors d'oeuvres, appetizers, charcuterie, and other products typical to catered events. The student will apply these fundamentals in actual catered events as outlined during the first day in class. Class times vary greatly.

Prerequisite: FSS 1220C, and one of the following: FSS 1222L or FSS 2242L. Offered: SU.

AS only. Lab Fee.

FSS 2284C - Catering, Banquet, and Event Management 3 cc

Introduces the techniques and management principles necessary for the management of a catering and banquet operation. Covers catering functions, special events, and banquets. Topics will include planning and management, preparation and production, and service, with emphasis placed on planning and management of events. The student examines the management process and learns to apply this process to catering functions, banquet operations, and special events. Provides the student interested in event management with practical knowledge in the management of on- and off-premise functions.

Corequisite: HFT 2212. Offered: SU.

AS only.

FSS 2382L - Culinary Management Practical Exam 1 cc

Techniques and knowledge required for a career as a professional chef. Provides knowledge needed to demonstrate artistic and creative abilities in various culinary shows, recipe contests, and exhibitions.

Prerequisite: Completion of all culinary courses and permission required. Offered: FA, SP, SU.

AS only. Lab Fee.

FSS 2942 - Culinary Management Internship 2 cc

Internship is a supervised hands-on training experience in which the student will observe and participate in the operation of a restaurant, food service, dietary or other food production operation. The student will learn firsthand the day-to-day operations of a food production facility. The student will have the opportunity to demonstrate the knowledge and skills learned in the classroom and apply them on the job.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

FSS 2943 - Culinary Management Internship 3 cc

Internship is a supervised hands-on training experience in which the student will observe and participate in the operation of a restaurant, food service, dietary or other food production operation. The student will learn first hand the day-to-day operations of a food production facility. The student will have the opportunity to demonstrate the knowledge and skills learned in the classroom and apply them on the job.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

FSS 2947 - Culinary Management Co-op 1 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. Departmental permission required.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

FSS 2948 - Culinary Management Co-Op 2 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. Departmental permission required.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

GEA - GEOGRAPHY-REGIONAL-AREAS**GEA 2000 - World Regional Geography 3 cc**

A descriptive study of selected countries and regions of the world around such key topics as location, population makeup and distribution, natural environment, type of economy, potentialities, and chief problems, including human activities related to natural environmental conditions of countries, regions, and continents.

Distribution: Meets AA General Education, Social Sciences requirement. Offered: TBA.

GEB - GENERAL BUSINESS**GEB 1011 - Introduction to Business 3 cc**

The study of principles of organization and management, operational aspects, the social and economic environments of a business, fundamentals of management controls, marketing, and financial management. Prerequisite only for the student pursuing a program of study in business administration. Offered in two formats: the conventional classroom, and a special format which reduces formal classroom time but requires more self-study.

Offered: FA, SP, SU.

GEB 2139 - E-Business Management 3 cc

Includes the applications, principles, and concepts of business transactions that take place via electronic communication networks. Specific emphasis will be placed on the process of buying and selling goods and services, and information over computer networks.

Offered: FA, SP.

GEB 2430 - Business Ethics 3 cc

Addresses the issues of what is right, proper, and just when making decisions that affect other people in the business world. Focus on what relationships are and ought to be with employees.

Offered: FA, SP.

GEB 2943 - Business Internship 3 cc

Internship is a supervised hands-on training experience in which the student will observe and participate in a business operation. The student will apply the knowledge and skills learned in the classroom to real world business operations.

Prerequisite: Permission required. Offered: FA, SP, SU.

GEB 2949 - Business Co-op 3 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: FA, SP, SU.

AS only.

GEB 3213 - Professional Communications 3 cc

Focus on communication within organizations with emphasis on organizational theory and structure, systems analysis, and communication networks.

Offered: FA, SP, SU.

GER - GERMAN**GER 1120 - Beginning German I 4 cc**

Introduces German culture with emphasis on development of basic skills in listening, speaking, reading, and writing German. The student with two consecutive years of high school German within the last 3 years with a grade of C or higher should begin in GER 1121.

Offered: FA.

GER 1121 - Beginning German II 4 cc

Continued development of basic skills in listening, speaking, reading, and writing with greater emphasis on German culture.

Prerequisite: Grade of C or better in GER 1120 with in the last 3 years, or permission required. Distribution: General Education, Humanities. Offered: SP.

GIS - GEOGRAPHY-INFORMATION-SCIENCE

GIS 2040C - Geographic Information Systems 3 cc

Introduces Geographic Information Systems (GIS), the combination of data and where that data occurs spatially on a map, used by utility companies, forestry managers, environmental businesses, government planners, market researchers, real estate developers, emergency planners, civil engineers, and a variety of other disciplines. Topics include map projections, database management, collection of data, spatial representation of data, analyzing spatial relations layering data in combinations, and creating presentations. Open to all students with basic computing skills.

Prerequisite: CGS 1570 or permission required. Offered: FA.
AS only. Lab Fee.

GLY - GEOLOGY

GLY 1010 - Physical Geology 3 cc

Introduces the study of the earth, its composition (minerals and rocks), gradational processes (running water, glaciers, winds, and gravity), diastrophism (plate tectonics, folding, faulting), and vulcanism (volcanic and plutonic features).

Corequisite: GLY 1010L. Distribution: Meets AA General Education, Natural Sciences (Physical Sciences) requirement. Offered: FA.

GLY 1010L - Physical Geology Laboratory 1 cc

A study of rocks and minerals, structural features of the earth, and various earth forms as related to certain geologic processes with the aid of rock and mineral samples, topographic maps and aerial photographs.

Corequisite: GLY 1010. Offered: FA.
Lab Fee.

GRA - GRAPHIC ARTS

GRA 1109 - History of Graphic Design 3 cc

Introduces the history of graphic design and cites the major contributions to the development of contemporary graphic design practice and aesthetics.

Offered: FA, SP.
AS only.

GRA 2151C - Computer Graphics I 3 cc

Explores the Mac computer's capabilities as a tool for artists and graphic designers. The student will use a variety of layout and image-processing programs, digital scanning, and video images in assignments that emphasize creativity and technical proficiency.

Offered: FA, SP, SU.
AS only. Lab Fee.

GRA 2152C - Computer Graphics II 3 cc

Introduces the advanced functions and capabilities of the graphic design industry standard software, Adobe Creative Suite: Photoshop, Illustrator, and InDesign. More commonly practiced computer skill sets will be introduced, practiced, and implemented. Various technical applications and techniques to generate similar results will also be explored.

Prerequisite: Grade of C or better in ART 1201C, GRA 2151C, PGY 2401C. Offered: SP.
AS only. Lab Fee.

GRA 2190C - Graphic Design I 3 cc

Provides basic experience in the creative and technical processes of visual communication. Covers concept development, layout skills, uses of type, illustration, and computer-aided design with the Mac computer platform.

Prerequisite: Grade of C or better in ART 1201C, GRA 2151C, PGY 2401C. Offered: SP.
AS only. Lab Fee.

GRA 2191C - Graphic Design II 3 cc

Provides advanced techniques and projects in visual communications with emphasis on developing work suitable for a professional portfolio and market demands. A high degree of professionalism is emphasized along with creativity, craftsmanship, and attention to details.

Prerequisite: Grade of C or better in GRA 2190C. Offered: FA.
AS only. Lab Fee.

GRA 2206C - Typography 3 cc

Introduces typography, including the history of letterforms, recognition and specification of existing typefaces, typographic style, and type design. Emphasizes the expressive power of type usage in design, while also covering technical aspects of fonts, letterforms, measurements, x-height, kerning, leading, tracking, and aesthetic considerations.

Prerequisite: Grade of C or better in GRA 2190C. Offered: FA.
AS only. Lab Fee.

GRA 2210C - Electronic Prepress 3 cc

Emphasizes the specific techniques and practices used in the prepress industry. Commonly encountered issues, such as pagination, imposition, CMYK process, spot color systems, and color separation will be explored. Printer interaction and communication will also be stressed.

Prerequisite: Grade of C or better in GRA 2152C. Offered: FA.
AS only. Lab Fee.

GRA 2721C - Creative Web Design 3 cc

Introduces the fundamental principles, theory, and concepts of web design and creation. The student will learn basic skills needed to implement simple web pages to build a working website and gain a foundational knowledge of website creation to effectively plan, design, and develop a portfolio website.

Prerequisite: Grade of C or better in GRA 2206C, GRA 2152C. Offered: FA, SP.
AS only. Lab Fee.

GRA 3194C - Graphic Design III 3 cc

Advanced level studio with in-depth exploration of two and three dimensional media and the potential creative use of contemporary technology in visual communication. Includes experimentation in multi-page print projects, computer animation, multi-media and environmental signage, lecture, and field trips.

Prerequisite: Grade of C or better in ART 2950C. Offered: FA.
Lab Fee.

GRA 3202C - Advanced Typography 3 cc

Exploration of the expressive potential of the letter form.

Prerequisite: Grade of C or better in GRA 3194C and GRA 3883C.

Offered: SP.

Lab Fee.

GRA 3883C - Motion Graphics 3 cc

Introduces motion graphics as it relates to special effects, animation, visual communications, and advertising. Industry standard software will be used to produce motion graphics.

Prerequisite: Grade of C or better in ART 2950C. Offered: SP.

GRA 4186C - Senior Studio Graphic Design 3 cc

Provides solutions to advanced graphic design problems in advertising campaigns and multi-unit visual communication systems.

Prerequisite: Grade of C or better in GRA 3202C, GRA 4514C.

Offered: FA.

Lab Fee.

GRA 4189C - Portfolio Development 3 cc

Preparation for employment with a well-crafted presentation of skills in the form of a portfolio.

Prerequisite: Grade of C or better in GRA 3202C, GRA 4514C.

Offered: FA.

GRA 4514C - Environmental Design 3 cc

Covers a range of examples of exhibition/environmental design measured against conventions of 2D display/informational systems.

Prerequisite: Grade of C or better in GRA 3194C and GRA 3883C.

Offered: SP.

Lab Fee.

HCP - HEALTH-CARE-PROVIDERS-ASSISTANTS**HCP 0006C - Patient Care Technician 60 ch**

Provides the student with the knowledge and skill set to be a cross trained unlicensed Patient Care Technician.

Prerequisite: HSC 0003C, HCP 0016C, HCP 0020C, HCP 0121C, HCP 0332C. Offered: FA, SP, SU.

HCP 0016C - Allied Health Assistant 150 ch

Builds on previous knowledge and skills achieved in previous courses. Skills performance related to one to three areas of allied health care in the clinical setting. Major areas of allied health defined as physical therapy, emergency care, radiation care, laboratory assessment and respiratory medicine as well as occupational therapy.

Prerequisite: HSC 0003C, HCP 0121C, HCP 0032C. Corequisite: HCP 0020C. Offered: FA, SP, SU.

HCP 0020C - Patient Care Assistant 75 ch

Provides the student with knowledge and skill set necessary to perform in the hospital, providing care to the adult patient.

Prerequisite: HSC 0003C, HCP 0121C. Corequisite: HSC 0032C. Offered: FA, SP, SU.

HCP 0121C - Nursing Aide 75 ch

Provides the student with foundational knowledge and skill set needed to perform as an entry-level Nursing Assistant. Specific to the Nursing Assistant, topics include: verbal and written communications, legal and ethical responsibilities, physical comfort and safety functions, and principles of infection control. The student will learn to provide personal patient care and perform patient care procedures; apply principles of nutrition; care for geriatric patients; provide biological, psychological, and social support; perform supervised organizational functions, following the patient plan of care, and assist with restorative (rehabilitative) activities.

Corequisite: HSC 0003C, HCP 0332C. Offered: FA, SP, SU.

Lab Fee.

HCP 0332C - Advanced Home Health Aide 50 ch

Provides the student with advanced knowledge and skill set necessary to perform physical comfort and safety, infection control and nutrition in the home setting.

Corequisite: HCP 0020C, HCP 0121C, HSC 0003C. Offered: FA, SP, SU.

HFT - HOSPITALITY MANAGEMENT**HFT 1000 - Introduction to the Hospitality Industry 3 cc**

Introduces the student to the many facets of the hotel/lodging, restaurant, travel and tourism, and food service industries. The student will become familiar with the various interrelated professions in these industries and their relationships to each other.

Offered: FA, SP.

AS only.

HFT 1254 - Lodging Operations 3 cc

Introduces the student to the field of guest service operations. Designed for the student interested in managing hotels, motels, resorts, and other related lodging businesses. Provides the student with practical knowledge of the concepts and procedures used in managing commercial lodging operations and introduces the student to the rooming and guest service functions including theories and principles of guest service management used in the lodging industry. Provides the student the opportunity to develop human relations and customer service skills. Covers the operation of the various functions of the rooming department of a lodging operation.

Offered: FA, SP.

AS only.

HFT 1313 - Hospitality Property Management 3 cc

Focuses on three main areas of property management including physical plant management, facilities, systems engineering and management, and utilities and energy management. Covers all phases of property management from operations management to cost analysis and capital investment. The general principles of design, installation, operation, and economical evaluation are applied to hospitality operations.

Offered: SP.

AS only.

HFT 1410 - Hospitality Industry Accounting 3 cc

Introduces the student to the reservation system and the accounting functions of hospitality operations. Focuses on reservations and billing, audit, transient ledger, city ledger, income statement, and of the statistical analysis used in the hospitality industry.

Offered: FA.

AS only.

HFT 1860 - Bar and Beverage Management 3 cc

Provides the student with in depth study into the principles of beverage management and introduction to the production and characteristics of the different types of beers, liqueurs and spirits including the techniques of mixology with an emphasis on the responsible vending of alcoholic beverages.

Offered: SU.

AS only.

HFT 2211 - Hospitality Resource Management 3 cc

Introduces the student to resources available to managers in the hospitality industry including management concepts and practices applicable to the hospitality industry. Covers theories and principles of managing a hospitality entity. The student will examine the management process and learn to apply this process to the hospitality industry. Provides the student interested in lodging, food service, beverage service, and other related fields with practical knowledge in the acquisition, management, and utilization of the resources available to hospitality managers.

Offered: SU.

AS only.

HFT 2212 - Food Service Sanitation and Safety 2 cc

Develops the student's understanding of the basic principles of sanitation and safety in order to maintain a safe and healthy environment for the consumer in the food industry. Includes the laws and regulations related to safety, fire, and sanitation and how to adhere to them in the food service operation.

Offered: FA, SP, SU.

AS only.

HFT 2451 - Cost Control and Purchasing 3 cc

Overview of the management system with an in-depth study of purchasing and the control component of the management cycle. Focus on the principles and practices concerned with the purchase and receipt of food, supplies, and equipment for various food service operations.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA, SP.

AS only.

HFT 2500 - Marketing in the Hospitality Industry 3 cc

Offers the study of principles of marketing and promotion as they relate to the hospitality industry including applying promotional techniques to a hospitality operation. Addresses topics including using a restaurant's menu and service staff to generate word-of-mouth advertising, the organization of a lodging operation's sales department, promotion of special events, etc.

Offered: SP.

AS only.

HFT 2600 - Concepts of Hospitality Law 3 cc

Provides the student with a familiarization of the fundamentals of law and an in-depth study of the legal aspects effecting the hospitality industry. Addresses risk management in the hospitality industry.

Offered: FA.

AS only.

HFT 2840C - Dining Room Management French Service 3 cc

Exposes the student to advanced table service techniques and service styles to include French and Ala Ritz and buffet. Special emphasis is given to wine service, table-side preparation, carving, and service.

Corequisite: HFT 2212. Offered: FA, SP.

AS only. Lab Fee.

HFT 2841C - Dining Room Management American Service 3 cc

Introduces the student to the principles of managing American Table Service in the commercial food-service operation. Covers all aspects of a la carte service including all aspects of dining room service required in the hospitality field. Emphasizes service skills and computer technologies.

Corequisite: HFT 2212. Offered: FA, SP.

AS only. Lab Fee.

HFT 2850C - Management of Dining 3 cc

Provides the student with skills in management of dining room service including the use of various management techniques in the operation of the dining room of a table service restaurant. The student will gain hands-on experience in American, French, and banquet table service. Covers all aspects of dining room service required in the hospitality field. Emphasizes learning and practicing management and customer service skills.

Prerequisite: It is recommended that students take HFT 2212.

Offered: FA, SP.

AS only.

HFT 2941 - Hospitality Management Internship 1 cc

Internship is a supervised hands-on training experience in which the student will observe and participate in the operation and management functions of a food service, lodging, dietary, or other hospitality operation. The student will learn first hand the day-to-day operations of a business in the hospitality industry. The student will have the opportunity to demonstrate the knowledge and skills learned in the classroom and apply them on the job.

Prerequisite: Permission required. Offered: TBA.

AS only.

HFT 2942 - Hospitality Management Internship 2 cc

Internship is a supervised hands-on training experience in which the student will observe and participate in the operation and management functions of a food service, lodging, dietary, or other hospitality operation. The student will learn first-hand the day-to-day operations of a business in the hospitality industry. The student will have the opportunity to demonstrate the knowledge and skills learned in the classroom and apply them on the job.

Prerequisite: Permission required. Offered: TBA.

AS only.

HFT 2943 - Hospitality Management Internship 3 cc

Internship is a supervised hands-on training experience in which the student will observe and participate in the operation and management functions of a food service, lodging, dietary, or other hospitality operation. The student will learn first hand the day-to-day operations of a business in the hospitality industry. The student will have the opportunity to demonstrate the knowledge and skills learned in the classroom and apply them on the job.

Prerequisite: Permission required. Offered: TBA.

AS only.

HFT 2947 - Hospitality Management Co-op 1 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term. Departmental permission required.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

HFT 2948 - Hospitality Management Co-op 2 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

HFT 2949 - Hospitality Management Co-op 3 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

HIM - HEALTH INFORMATION MANAGEMENT

HIM 1000C - Introduction to Health Information Management 3 cc

Introduces the student to medical records, history, professional associations, and ethics; introduction to confidentiality; medical record content, format, evaluation, and use; numbering, filing, indexing, storage, retrieval, and quality control.

Prerequisite: Permission required. Offered: FA.

AS only.

HIM 1442 - Pharmacology 2 cc

Teaches the student the pronunciation, spelling, actions, and side effects of the most commonly prescribed drugs and the interpretation of pharmacological terms, abbreviations, and symbols used in prescription writing.

Offered: FA, SP.

AS only.

HIM 1800 - Health Information Management Professional Practice I 2 cc

Supervised directed experience in hospital or other setting-HIM department. Specific assignments include medical record procedures, assembly and/or analysis of medical records, record and loose document filing, scanning, record controlling, incomplete chart analysis, release of information and medical staff relations. Requires drug screen, background check, and health physical.

Prerequisite: HIM 1000C, HSC 2641. Offered: FA, SU.

AS only. Lab Fee.

HIM 2214C - Health Data Management 3 cc

Expands upon the student's knowledge in health information management to include an introduction to electronic health records, healthcare data sets, clinical vocabularies and nomenclature systems, healthcare reporting and compliance issues, health information, ethical issues in information technology, and data analytics.

Prerequisite: HIM 1000C Offered: SP.

AS only. Lab Fee.

HIM 2229C - Introduction to Coding and Classification 3 cc

Provides the student with an introduction to diagnosis coding using ICD9-CM and ICD 10-CM coding classification systems both manual and computer-based practice. Covers the guidelines, conventions, and all body systems to apply accurate code data for research, indices, registries and reimbursement of health care services.

Prerequisite: BSC 1080, BSC 1080L, HSC 1531, HSC 2550.

Offered: FA, SP.

AS only. Lab Fee.

HIM 2253C - Outpatient Reimbursement Methodologies (CPT Coding) 3 cc

Provides the student with instruction in CPT-4 Coding, HCPCS, and APC's as used in physician's offices and other out-patient settings. Includes principles and practices related to payment by insurance of health or medical expenses by private or government entities.

Prerequisite: HSC 1531, HIM 2229C, HSC 2550. Offered: FA, SP.

AS only.

HIM 2284C - Intermediate Coding and Classification Systems 3 cc

Provides the student with an introduction to procedure coding using ICD-9-PCS and ICD-10-PCS coding classification systems both manual and computer-based practice. Covers the guidelines, conventions, and all body systems to apply accurate code data for research, indices, registries and reimbursement of health care services.

Prerequisite: BSC 1080, BSC 1080L, HIM 2229C, HSC 1531, HSC 2550. Offered: SP, SU.

AS only. Lab Fee.

HIM 2285C - Advanced Coding and Classifications Systems 3 cc

Applies previous learned concepts and application to advanced case studies. Analysis and coding compliance principles will be highly stressed for accuracy of data for research, reimbursement, and referencing the AHA Coding Clinic for in depth coding directives for hospital inpatient reimbursement. Extensive self-tests, coding practice exercises, and case studies are provided to reinforce learning. Resources and activities for additional practice will be provided.

Prerequisite: HIM 2229C, HIM 2284C. Offered: FA, SU.

AS only.

HIM 2500C - Performance Improvement in Healthcare 2 cc

Introduces the student to concepts, techniques, and tools in the process of improving performance in the health care environment. Emphasis on the key processes for identification, resolution of problems in the Health Information Management profession.

Prerequisite: HIM 2620. Offered: SP.

AS only.

HIM 2512 - Health Information Management and Supervision 3 cc

Application of basic principles of management related to office management or medical record department; planning and organizing space, equipment, supplies, and personnel using systems procedures, methods and organization charts.

Offered: FA.

AS only.

HIM 2620 - Medical Statistics and Financial Applications 3 cc

Statistical concepts and procedures in data collection and preparation of statistical reports for hospital administration and accrediting agencies; financial concepts and optimum utilization of resources.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA.

AS only.

HIM 2653C - Medical Informatics and Health Information Technologies 3 cc

Provides the student with an overall scope of computer applications in the health care industry with special emphasis on the electronic health record design, implementation, use, and maintenance. Health information technologies and application of skills learned will be applied.

Prerequisite: CGS 1570, HIM 1000C. Offered: SP.

AS only. Lab Fee.

HIM 2810 - Health Information Management Professional Practice II 2 cc

Supervised learning experience in various health care facilities. Specific assignments: statistical applications, computer applications, coding, performance improvement and risk management.

Prerequisite: HIM 1800. Offered: TBA.

AS only. Lab Fee.

HIM 2820L - Health Information Technology Professional Practice III 2 cc

Provides the student with practical experience in Health Information Management with the emphasis on learned skills in coding and reimbursement, DRG Assignment and APC assignment. Consists of an intense onsite/offsite practicum in reimbursement methodologies, ICD-9, ICD 10 and CPT coding.

Prerequisite: HIM 1800, HIM 2810. Offered: SP.

AS only. Lab Fee.

HIM 2931 - Special Topics in Health Information Management 1 cc

Provides a comprehensive review for Preparation for the Certified Coding Assistant (CCA) examination offered through the American Health Information Management Association (AHIMA).

Offered: FA, SU.

AS only.

HIM 2932 - Special Topics in Health Information Management 2 cc

Provides the student with a comprehensive review for Preparation for the Registered Health Information Technician (RHIT) examination offered through the American Health Information Management Association (AHIMA).

Offered: SP.

AS only.

HLP - HEALTH LEISURE PHYSICAL EDUCATION

HLP 1081 - Concepts of Life Fitness 3 cc

Informs students of the principles, concepts, and values of physical fitness, proper nutrition, stress management, and the dangers attached to negative lifestyle behaviors. Students will learn to evaluate their fitness, nutrition and stress levels, identify their areas of interest, and write their own exercise prescriptions. Informs students of the principles, concepts, and values of physical fitness, proper nutrition, stress management, and the dangers attached to negative lifestyle behaviors. Students will learn to evaluate their fitness, nutrition and stress levels, identify their areas of interest, and write their own exercise prescriptions.

Distribution: Meets AA General Education, Social Sciences requirement. Offered: FA, SP, SU.

Lab Fee.

HLP 2949 - Human Performance and Recreation Co-op 3 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and Co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The Co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Offered: TBA.

AS only.

HSA - HEALTH SERVICES ADMINISTRATION

HSA 1172 - Medical Billing and Third Party Payer 2 cc

Provides the student with a foundation in billing and coding principles and the fundamentals of reimbursement policies and procedures. The students will develop an understanding of the proper use of coding manuals for the reporting of diagnoses, medical procedures, and services performed by the hospital and physician for purposes of reimbursement.

Prerequisite: BSC 1080, BSC 1080L, HSC 1531. Offered: SP.

AS only.

HSA 2001 - Interprofessional Team Based Health Care 2 cc

Introduces the student to interprofessional health care delivery. Best practices are emphasized for team formation, effective communications strategies, and patient care processes. Ethical issues related to team management in health care are discussed.

Offered: FA, SP, SU.

AS only.

HSA 2810L - Health Services Management Practicum 2 cc

Supervised learning experience in various ambulatory healthcare facilities to include shadowing and exposure to the different areas of management learned throughout the program.

Prerequisite: HSC 1000. Corequisite: HSC 2930. Offered: SP, SU, AS only.

HSA 3113 - Healthcare Trends and Issues 3 cc

Presents the student with significant health care issues and developing trends. Content may differ each time in order to be current with changing events of varying importance, such as aging, cultural diversity, the obesity epidemic, and patient privacy issues.

Offered: FA.

HSA 4160 - Healthcare Marketing 3 cc

A comprehensive overview of marketing strategies and emerging technologies that might effectuate productive network systems. Focus is on processes within the health care system from an administrative perspective.

Offered: FA.

HSA 4191 - Health Information Systems 3 cc

Examination of health information systems with focus on analysis of applications for information systems in the health care delivery system. Emphasis on skills necessary to employ the methods used to evaluate a variety of types of information systems applications in a health care setting.

Offered: SP.

HSA 4383 - Quality Management in Healthcare 3 cc

A study of healthcare quality management concepts, tools, and techniques, with an emphasis on the application of management theory to healthcare products and services.

Offered: SP.

HSA 4502 - Healthcare Risk Management 3 cc

Explores risk management and its specific applications to the health services field. Focus is on insurance, quality assurance, dispute resolution, clinical records, and management.

Offered: FA.

HSC - HEALTH SCIENCES**HSC 0003C - Basic Healthcare Worker 90 ch**

Presents the student with foundational information needed to understand the health care industry: planning, management, finance, technical and production skills, the underlying principles of technology, labor issues, community issues, and health, safety, and environmental issues.

Offered: FA, SP, SU.

Lab Fee.

HSC 1000 - Introduction to Healthcare Management 3 cc

Introduces the student to the various health professions. Topics include career and labor market information, healthcare delivery systems, health organization structure, patient rights and responsibilities, workplace behavior and decision making in the healthcare environment, safety and security procedures, and employability skills.

Prerequisite: Acceptance into the program. Offered: FA.

AS only.

HSC 1434C - Central Processing Technology 8 cc

A combination of lecture, lab and clinic. Provides the experience in processing patient care equipment, instrumentation and supplies along with providing a knowledge base that includes general cleaning, decontamination and disinfection, wrapping and packaging linen, folding, testing and selection of instrumentation and supplies, instrument and procedure tray assembly, sterilization techniques, cleaning and sterile storage, preparation of case carts, processing documentation and distribution.

Prerequisite: STS1304C, STS 1304C, STS 1307C, STS 2361.

Offered: TBD.

HSC 1531 - Medical Terminology 3 cc

Introduces the student to medical terminology as the language of medicine including the study of prefixes, suffixes, word roots, with emphasis on spelling, pronunciation, definition, and usage.

Offered: FA, SP, SU.

AS only.

HSC 1590 - AIDS/OSHA for Health Professionals 1 cc

A study of Human Immunodeficiency Virus (HIV), Acquired Immune Deficiency Syndrome (AIDS), and OSHA standards for blood borne pathogens, domestic violence education and medical errors for the health professional. Meets requirements for OSHA standards for universal precautions, PPE, microbiological practices, Hepatitis B vaccination, post exposure evaluation/follow-up, and hazard communication in working with blood borne pathogens. Satisfies the minimum HIV/AIDS education requirements including transmission, infection control, prevention, general treatment, legal aspects, confidentiality, testing, and attitudes.

Offered: FA, SP, SU.

AS only.

HSC 2100 - Personal and Community Health 3 cc

Includes information and principles for protection and promotion of individual and public health. Emphasis is given to mental health, parenthood, nutrition, disease prevention, and community organization for maintaining and improving health in society.

Offered: FA.

HSC 2400 - First Aid and Injuries 3 cc

Covers standards and accepted principles of first aid and includes the American Red Cross first aid course. Upon successful completion of all tests, students will be certified in CPR and Basic First Aid.

Offered: FA, SP.

Lab Fee.

HSC 2550 - Pathophysiology 3 cc

A study of the nature, cause, and treatment of specific disease entities. Basic understanding of the body's defense mechanism and modalities to treat disease.

Prerequisite: BSC 1080, BSC 1080L, HSC 1531. Offered: FA, SP.

AS only.

HSC 2641 - Health Care Law 3 cc

Introduces the student to health-care law. Covers legal aspects of the delivery of health care in various settings including an introduction to the American legal system, the liabilities of health-care organizations and health care professionals, patient rights and responsibilities, labor relations, and insurance, among other topics.

Offered: SP.

HSC 2930 - Special Topics in Healthcare Management 1 cc

A comprehensive review of the student's practicum experience through creation of a detailed portfolio.

Corequisite: HSA 2810L. Offered: SP.

AS only. Lab Fee.

HUM - HUMANITIES

HUM 2020 - Introduction to Humanities 3 cc

An introduction to the study of the humanities, including philosophy, literature, and the arts. Examines cultural achievements from the Ancient World to the Contemporary Era. Meets AA general education, Humanities.

Distribution: Meets AA General Education Core, Humanities requirement. Offered: FA, SP, SU.

HUM 2454 - African-American Humanities 3 cc

Examines the impact of the Atlantic slave trade on the new world. Topics include: tracing Western African culture and how it "re-appears" in the Caribbean, Latin America, and North America and the history, music, literature, and art of these places.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Electives, Humanities requirement. Offered: FA, SP, SU.

HUM 2700 - Humanities Travel Abroad 3 cc

Designed to assist the student in cultivating intercultural knowledge and to promote the student's critical reflection regarding his or her place in the world. Through travel, the student will be exposed to different cultures and experiences that will challenge him or her to explore diverse perspectives. The exact itinerary and experiences vary.

Offered: SU.

HUN - HUMAN NUTRITION

HUN 1201 - Elements of Nutrition 3 cc

A biochemical and physiological approach to the study of nutrition which includes ingestion, digestion, absorption, metabolic pathways, nutrient data bases of foods, and the factors influencing the selection of foods and the good nutritional status.

Distribution: Meets AA General Education, Natural Sciences (Biological Sciences) requirement. Offered: FA, SP, SU.

HUN 1201L - Elements of Nutrition Laboratory 1 cc

A laboratory course to accompany HUN 1201. Covers various topics including measurements in metric and English systems, macromolecules, chemistry of digestion, anatomy of digestive system, and aesthetics.

Corequisite: HUN 1201 Offered: FA, SP.

Lab Fee.

HUS - HUMAN SERVICES

HUS 2400 - Drugs and Behavior 3 cc

An overview of the dynamics of drug addiction and dependence, classification and origins of drugs, short and long term effects, risk of dependence, and medical uses. Drug education, laws, treatment, and rehabilitation are additional areas of focus.

Offered: FA, SP.

IDH - INTERDISCIPLINARY STUDIES AND HONORS

IDH 1022 - Honors College Forum 1 cc

Includes the development of leadership and management skills. Students learn the importance of research, time management, goal setting, and vision as they relate to leadership. This course surveys the qualities of effective leaders from diverse historical periods and assists students in developing their own personal leadership philosophy to become more successful students and leaders.

Offered: FA, SP.

INR - INTERNATIONAL RELATIONS

INR 2002 - Introduction to International Relations 3 cc

By combining the study of historical events of international importance and the study of various theories of international behavior, the student will develop an ability to evaluate and comprehend current world events. Topics include: the structure of the nation-state system; the motivations, interests and interactions of the various actors; the cultural and structural effects on decision-making and crises management; and the various ways in which we can think about international relations. The student will gain a better appreciation for and a deeper comprehension of the variety and complexity of the behavior of states and the system which governs international relations today. The student who successfully completes this course will develop a framework for the logical analysis of international politics.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Social Sciences requirement. Offered: SP.

ISM - INFORMATION SYSTEMS MANAGEMENT

ISM 4013 - Management Information Systems 3 cc

Addresses key technology management issues as they are applied to information resources management (IRM) for information centers and information services. Includes fundamentals of networking and telecommunications covering LAN's to "Information Superhighways" and an introduction to voice, data and video traffic requirements. Covers techniques for management of communication resources and services and information to oversee the network administration and network system management.

Offered: FA.

ISM 4314 - Project and Change Management for Information Technology 3 cc

Provides the student with an overview of fundamental knowledge areas related to successful project management. Topics include project selection and initiation, work breakdown structure and scope management, scheduling, budgeting and cost analysis, quality control, project communication plans, project risk analysis, resource leveling, and procurement issues. Prepares the student for the Project Management Institute's CAPM certification.

Prerequisite: CTS 2149 or CET 2934 or CompTIA Project+ (PKO-003) certification or PMI CAPM certification. Offered: SP.

ITA - ITALIAN LANGUAGE

ITA 1120 - Beginning Italian I 4 cc

Introduces the student to Italian culture with development of basic skills in listening, speaking, reading, and writing. The student with two consecutive years of high school Italian within the last 3 years with a grade of C or higher should begin in ITA 1121.

Offered: FA.

ITA 1121 - Beginning Italian II 4 cc

Continued development of basic skills in listening, speaking, reading, and writing with greater emphasis on culture.

Prerequisite: Grade of C or better in ITA 1120 within the last 3 years, or permission required. Distribution: Meets AA General Education, Humanities. Offered: SP.

JOU - JOURNALISM

JOU 1100 - Reporting I 3 cc

Teaches the student news writing and touches on other kinds of journalistic articles such as feature stories and press releases. With exercises and real assignments for *The Corsair*, the student gains experiences gathering news, interviewing, writing, and editing.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA.

JOU 1400 - College Publications 1 cc

Introduces the student to the practical world of print and online journalism. Surveys news and feature writing, headline writing, and legal concerns (libel, privacy). The student may elect to take the course a second or third time to work on special projects.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: SP.

LAT - LATIN-LANGUAGE-STUDY

LAT 1120 - Beginning Latin I 4 cc

Introduces Roman culture and emphasizes fundamental skills in Latin comprehension, expression, and structure. The student with two consecutive years of high school Latin within the last 3 years with a grade of C or higher should begin in LAT 1121.

Offered: FA.

LAT 1121 - Beginning Latin II 4 cc

Continued development of basic skills with greater emphasis on Roman history and culture.

Prerequisite: Grade of C or better in LAT 1120 within the last 3 years, or permission required. Distribution: Meets AA General Education Electives, Humanities requirement. Offered: SP.

LEI - LEISURE

LEI 1141 - Introduction to Recreation and Leisure Services 3 cc

Provides a foundation for all areas of recreation. Covers organizational skills necessary to provide informal, intramural, extramural, and club sports programs for recreational organizations and agencies serving both youth and adults.

Offered: FA.

LEI 1541 - Outdoor Recreation Management 3 cc

An introduction to outdoor recreation and leisure services including planning and participating in outdoor activities, safety procedures, outdoor facility management, conservation, and historical factors that have led to the establishment of the national and state park systems and local outdoor recreation areas and facilities.

Offered: SU.

LEI 2730 - Adaptive/Therapeutic Recreation 3 cc

Covers the rapidly expanding field of adaptive physical activity in rehabilitative settings and the implementation of sport recreation programs that are inclusive and meet the needs of not only individuals with disabilities, but also people of any gender, age, culture, ethnicity, race or religion.

Offered: FA.

LIS - LIBRARY AND INFORMATION STUDIES

LIS 1004 - Introduction to Internet Research 1 cc

Introduces the student to Internet search concepts and vocabulary. Emphasis on using a variety of search terms and techniques employed in library research to access information sites on the Internet. Topics include: history of the Internet; electronic communication; research strategies covering topic decision making using a variety of search statements, refining searches using Boolean terms, phrase, proximity, truncation and field searching; web search tools; evaluating websites and documentation of websites using Modern Language Association (MLA) standards.

Distribution: Meets AA, AS computer competence requirements. Offered: FA, SP, SU.

Lab Fee.

LIS 2005 - Information and Internet Research 3 cc

Introduces the student to research skills with emphasis on critical thinking. The student will develop skills and techniques necessary to interpret and use information effectively personally, as well as to locate, evaluate, cite, and use relevant online and print resources for class assignments and personal research.

Distribution: Meets AA General Education Electives, Communications requirement. Offered: FA, SP, SU.

Lab Fee.

LIT - LITERATURE

These courses meet the general education literature requirement. Literature courses further the ability to understand literary devices and language; to appreciate a text and its socio-cultural and historical contexts; to evaluate a text, whether fiction or non-fiction, for its literal and figurative meanings; and to synthesize and communicate the understanding of a text. Further, literature enriches understanding of and appreciation for the diversity of human experience.

LIT 2000 - Introduction to Literature 3 cc

An introduction to the concepts and methodologies used to study literature from various genres, cultures, and historical periods. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments. Meets AA General Education Core, Humanities requirement. Satisfies literature requirement. A writing emphasis course.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA, SP, SU.

LIT 2090 - Contemporary Literature 3 cc

Introduces the concepts and methodologies for the study of selected literature of the mid-to-late twentieth and twenty-first centuries. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA, SP, SU.

LIT 2110 - World Literature to 1650 3 cc

Introduces the concepts and methodologies for the study of selected literature from the classical period, the Middle Ages, and the Renaissance. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA, SP.

LIT 2120 - World Literature from 1650 3 cc

Introduces the concepts and methodologies for the study of selected literature from the Age of Enlightenment to the beginning of the twentieth century. Students will learn to use shared language and methods of inquiry to analyze texts, apply literary theories, and construct and communicate their own arguments.

Prerequisite: Grade of C or better in ENC 1102. Distribution: Meets AA General Education, Literature requirement. A writing emphasis course. Offered: FA, SP.

MAC - MATHEMATICS-CALCULUS AND PRECALCULUS**MAC 1105 - College Algebra 3 cc**

Covers the following topics: functions and functional notation; domains and ranges of functions; graphs of functions and relations; operations on functions; inverse functions; linear, quadratic, and rational functions; absolute value and radical functions; exponential and logarithmic properties, functions, and equations; systems of equations and inequalities, applications (such as curve fitting, modeling, optimization, exponential and logarithmic growth and decay.)

Prerequisite: Appropriate placement score or completion of MAT 1033C with a grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAC 1114 - Plane Trigonometry 3 cc

Prepares the student for more advanced mathematics. Treats both circular and trigonometric functions. Topics covered include fundamental concepts, identities, graphs of the functions, the inverse functions and their graphs, application to right and oblique triangles, trigonometric equations, vectors, and complex numbers.

Prerequisite: Appropriate placement score or completion of MAC 1105 with a grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAC 1140 - Precalculus Algebra 3 cc

A study of the following topics: Polynomial, rational, and other algebraic functions, their properties and graphs; polynomial and rational inequalities; exponential and logarithmic functions, their properties; piecewise defined functions; conic sections; matrices and determinants; sequences and series; mathematical induction; binomial theorem; applications.

Prerequisite: Appropriate placement score or completion of MAC 1105 with a grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAC 1147 - Precalculus Algebra/Trigonometry 4 cc

A study of the following topics: Polynomial, rational, and other algebraic functions, their properties and graphs; polynomial and rational inequalities; exponential and logarithmic functions, their matrices and determinants; sequences and series; mathematical induction; binomial theorem; trigonometric functions, their properties and graphs; inverse trigonometric functions, their properties and graphs; trigonometric identities; conditional trigonometric equations; solutions of triangles; vector algebra; parametric equations; polar coordinates; applications of all topics.

Prerequisite: Appropriate placement score or completion of MAC 1105 with a grade of C or better and high school trigonometry; by permission required. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAC 2233 - Calculus with Business Applications I 3 cc

Designed for the business major. Topics include graphing techniques, differential calculus, exponential and logarithmic functions; with applications to supply and demand curves, cost functions, revenue and profit functions, market equilibrium, taxation, and elasticity.

Prerequisite: Appropriate placement score or completion of MAC 1105 with a grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAC 2311 - Analytic Geometry and Calculus I 4 cc

Introduces the student to elements of plane analytic geometry, differentiation of algebraic and transcendental functions, integration techniques of algebraic and trigonometric functions, and related applications.

Prerequisite: Appropriate placement score or completion of MAC 1140 and MAC 1114 or MAC 1147 with a grade of C. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAC 2312 - Analytic Geometry and Calculus II 4 cc

Includes differentiation and integration of the trigonometric, logarithmic, and exponential functions; integration by algebraic and trigonometric substitutions, partial fractions, and parts, vectors, polar coordinates, and an introduction to series and sequences.

Prerequisite: Completion of MAC 2311 with a grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAC 2313 - Analytic Geometry and Calculus III 4 cc

A study of vectors, solid analytic geometry, infinite series, partial differentiation, multiple integrals, and integration in 3-dimensional space.

Prerequisite: Completion of MAC 2312 with a grade of C or better.
Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

MAN - MANAGEMENT**MAN 2021 - Principles of Management 3 cc**

The basic principles of planning, organizing, and controlling operations in the process of management. Emphasis is directed toward the development on the part of the student of soundly coordinated managerial philosophy.

Offered: FA, SP, SU.

MAN 3063 - Professional Ethics and Values 3 cc

Personal, organizational, societal values and ethics in our society. Topics covered include exploration of individual ethics, values, and goals; the study of ethical behavior within organizations as it influences people, products, and work environment; exploration of values, ethics, beliefs upon which a free market system of production exchange is built; exploration of individual roles as well as appropriate roles of organizations; government in society.

Offered: FA, SP.

MAN 3240 - Organizational Behavior 3 cc

Individual group and organizational issues that affect and shape businesses. Topics include: individual differences, motivation, communications, decision making, and leadership.

Offered: FA, SP, SU.

MAN 3303 - Theories of Leadership 3 cc

Presents the basic concepts, principles, and techniques of business leadership. Emphasis on the student developing a solid leadership foundation while centering them in the real themes, demands, and opportunities of an evolving and dynamic business workplace. Incorporates basic leadership skill development as it relates to the core aspects of the management practice.

Offered: FA, SP, SU.

MAN 3350 - Training & Development 3 cc

The study of the various forms of training and development both on and off the job. Major topics include learning theory, the role of personnel, training and development methods and plans, and performance improvement, and current issues in the field.

Offered: FA.

MAN 3353 - Management Theory 3 cc

Covers the management theories which leads to the development of teams, the management of people and equipment as well as the motivation, empowerment and coaching of employees. The development of processes and procedures, negotiating skills, and conflict management are also covered.

Offered: FA, SP, SU.

MAN 3503 - Managerial Risk Analysis and Decision Making 3 cc

Concentrates on practical decision problems for the manager in an organization. Topics include decision-making theory, linear programming and extensions, Markov Chains, queuing, simulation, and decision support systems. Use of computer packages.

Offered: SP, SU.

MAN 3583 - Project Management 3 cc

Provides the student with conceptual material on project management techniques appropriate in system/subsystems management. Topics include project management functions, project manager roles and responsibilities, the project life cycle, and conflict resolution, emphasis will be placed on project oversight issues across the various business units and functions.

Offered: FA, SP.

MAN 3600 - International Business 3 cc

An intensive analysis of the process, practice, and theory of international business; financial accounting, marketing, and legal aspects of multinational business operations; governmental assistance to international business; cultural environmental business to include factors such as language, religion, values and attitudes, law, education, politics, technology, and social organization.

Offered: SP.

MAN 4113 - Managing Diversity 3 cc

Covers questions, dimensions of style and structure, problems and paradigms of solutions that have come out of management experience of a changing workforce during the past twenty years. Emerging styles of leadership among people of diverse cultural backgrounds will be explored as solutions, not as problems.

Offered: FA, SP, SU.

MAN 4162 - Customer Relations in Business 3 cc

Examines relationship building for all customers of an organization. The impact of culture and diversity on business relationships, successful negotiation strategies, and promotion of the organization through media relations are discussed.

Offered: SU.

MAN 4301 - Human Resource Administration 3 cc

A study of personnel management and practices with emphasis on the techniques of recruiting, selecting, transferring, promoting, classifying and training workers.

Offered: FA, SP, SU.

MAN 4320 - Recruitment and Selection 3 cc

In-depth study of the personnel staffing function. Includes an analysis of objectives, techniques, and procedures for forecasting manpower needs, recruiting candidates, and selecting employees.

Prerequisite: MAN 4301. Offered: FA.

MAN 4330 - Compensation Management 3 cc

Teaches the student about the strategic use of compensation and benefits systems for the purposes of attracting, retaining, and motivating a competitive workforce.

Prerequisite: MAN 4301. Offered: SP.

MAN 4335 - Employee Benefit Planning 3 cc

An in-depth study of wage and nonwage related benefits made available to employees by the firm and various related social and governmental programs.

Prerequisite: MAN 4301. Offered: SP.

MAN 4352 - Effective Employee Training 3 cc

Focuses on professional development activities as performed by human resources specialists or organizational specialists. Theory, issues, practice, and problems are discussed.

Prerequisite: MAN 4301 Offered: SU.

MAN 4402 - Employment Law & Regulations 3 cc

Federal and State regulation of the employment relationship, including Wage and Hour Laws; EEO; Affirmative Action Programs; Employee Benefits; Insurance; Workers' Compensation, Safety, Health, Employee's Personal Rights; Collective Bargaining Legislation.

Offered: SU.

MAN 4584 - Process Improvement Methodology 3 cc

Presents the basic principles and techniques used to manage process improvement. Teaches today's managers to understand how to engage people in process improvement as well as how to critically understand and apply the associated methodologies. Process improvement is complicated and dynamic, encompassing a variety of traditionally recognized approaches.

Prerequisite: COM 2100, CTS 2433, MAN 2021. Offered: SP.

MAN 4720 - Strategic Management 3 cc

Presents the student with the view of an organization's general manager. Addresses how firms use their resources (technology, managerial know-how, employees, capital, etc.) to pursue goals and adapt to the environment (competition customers, economic/political/sociological conditions, global, and domestic markets). Strategic management is about setting priorities for where a firm wants to go and how to get there. The student works to develop managerial skills such as leadership, communication, and data analysis.

Prerequisite: Permission required. Offered: FA, SP, SU.

MAN 4741 - Innovation, Change, and Agile Process 3 cc

An overview of concepts and strategies to select optimal options for change, use management and leadership skills to build broad support for change, foster innovation, and successfully execute change through solid project management practices.

Prerequisite: COM 2100, CTS 2433, MAN 2021. Offered: FA.

MAN 4881 - Authority, Influence, and Projects 3 cc

Builds leadership and management skills that facilitate the effective execution of objectives where stakeholders and resources come from multiple areas, locations, budgets, and organizational substructures.

Prerequisite: COM 2100, CTS 2433, MAN 2021. Offered: SU.

MAP - MATHEMATICS APPLIED**MAP 2302 - Differential Equations 3 cc**

Ordinary differential equations including solutions to first and higher order differential equations, series solutions of linear differential equations, graphical and numerical methods, and an introduction to the La Place Transform.

Corequisite: MAC 2313. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: SP.

MAR - MARKETING**MAR 2011 - Marketing 3 cc**

The analysis of the potential target market, the marketing mix in relation to its market, channels of distribution, sales promotion, and marketing management.

Offered: FA, SP, SU.

MAR 3802 - Marketing for Managers 3 cc

Develops the student's marketing skills necessary for the successful technology manager. The student will understand the strategies of marketing and the ways in which one executes a marketing plan. Covers full life-cycle product marketing support and the marketing of services.

Offered: SP.

MAT - MATHEMATICS**MAT 0018 - Developmental Mathematics I 3 cp**

A math course for students who have little or no algebra background. The major topics in the course are operations with signed numbers, fractions, decimals, ratios and proportions, percents, and geometric figures. The prealgebra topics will include properties of signed numbers, simplifying polynomials, and equation solving. Students must earn a grade of C or higher in order to advance to the next higher mathematics course which is MAT 0028.

Prerequisite: Appropriate score on Florida entry-level placement exam. Offered: FA, SP, SU.

Lab Fee.

MAT 0022C - Developmental Mathematics Combined 4 cp

Prepares students for MAT 1033C or MGF 1106 or MGF 1107. Course topics include operations with signed numbers, fractions, decimals, ratios and proportions, percentages, geometric figures, properties of signed numbers, exponents, algebraic expressions, equation solving, simplifying and factoring polynomials, linear and quadratic equations, rational and radical expressions, and an introduction to graphing. Students who earn a "C" or higher are eligible for MAT 1033C or MGF 1106 or MGF 1107.

Prerequisite: Appropriate score on the Florida entry-level placement exam. Offered: FA, SP.

MAT 0028 - Developmental Mathematics II 3 cp

This course is designed for students who have had some previous algebra instruction and will provide the algebra skills needed for success in MAT 1033. The major topics in the course are signed numbers, algebraic expressions, exponents, polynomials, factoring polynomials, linear and quadratic equations, rational and radical expressions, and an introduction to graphing. Students must earn a grade of "C" or higher in order to advance to the next higher mathematics course which is MAT 1033.

Prerequisite: Appropriate score on Florida entry-level placement exam or completion of MAT 0018 with a grade of C or higher.

Offered: FA, SP, SU.

Lab Fee.

MAT 0055 - Developmental Mathematics Modules 1 cp

Based on a student's performance on a diagnostic instrument or in a previous attempt of MAT 0028, this course covers up to 33% of the materials in MAT 0028, which provides algebra skills needed for success in MAT 1033. The major topics in the course may include signed numbers, algebraic expressions, exponents, polynomials, factoring polynomials, linear and quadratic equations, rational and radical expressions, and an introduction to graphing.

Prerequisite: Appropriate score on Florida entry-level placement exam or completion of MAT 0018 with a grade of C or higher.

Offered: TBA.

Lab Fee.

MAT 0056 - Developmental Mathematics Modules 2 cp

Based on a student's performance on a diagnostic instrument or in a previous attempt of MAT 0028, this course covers up to 66% of the material in MAT 0028, which provides algebra skills needed for success in MAT 1033. The major topics in the course may include signed numbers, algebraic expressions, exponents, polynomials, factoring polynomials, linear and quadratic equations, rational and radical expressions, and an introduction to graphing.

Prerequisite: Appropriate score on Florida entry-level placement exam or completion of MAT 0018 with a grade of C or higher.
Offered: TBA.

Lab Fee.

MAT 1033C - Intermediate Algebra 3 cc

Covers the following topics: factoring, algebraic fractions, radicals and rational exponents, complex numbers, quadratic equations, rational equations, linear equations, and inequalities in two variables and their graphs, systems of linear equations and inequalities introduction to functions, and applications of these topics.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Offered: FA, SP, SU.

Lab Fee.

MCB - MICROBIOLOGY**MCB 1000 - Applied Microbiology 3 cc**

Consists of the study of the characteristics and activities of microorganisms; survey of microbial groups with emphasis on pathogenic forms; theories of destruction, removal and inhibition of microorganisms; relationships between infection, immunity, and allergy. Recommended for student nurses and dental hygienists, students in other programs will be admitted.

Corequisite: MCB 1000L. Offered: FA, SP, SU.

MCB 1000L - Applied Microbiology Laboratory 1 cc

Laboratory course to complement MCB 1000. In laboratory, students will learn aseptic techniques, culture of microorganisms, and use a variety of microorganic and metabolic tests to identify organisms.

Corequisite: MCB 1000. Offered: FA, SP, SU.

Lab Fee.

MCB 2010 - General Microbiology 3 cc

A study of the taxonomy, morphology, and physiology of bacteria and related organisms, with a brief introduction to pathology, immunology, and food microbiology. Recommended for majors and students in certain four-year medically related programs.

Prerequisite: Grade of C or better in BSC 1010 and BSC 1010L, CHM 1045, and CHM 1045L or CHM 1045C. Corequisite: MCB 2010L. Offered: SP.

MCB 2010L - General Microbiology Laboratory 1 cc

A laboratory course designed to accompany MCB 2010. Laboratory work includes stains and techniques used to culture and identify microorganisms, techniques in biotechnology and studies in pathogenesis and disease transmission.

Prerequisite: Grade of C or better in BSC 1010 and BSC 1010L, CHM 1045, and CHM 1045L or CHM 1045C. Corequisite: MCB 2010. Offered: TBA.

Lab Fee.

MEA - MEDICAL ASSISTING TECHNOLOGY**MEA 0002C - Introduction to Medical Assisting 250 ch**

Introduces the student to the communication skills and legal responsibilities of the profession. The student will gain a foundational understanding of anatomy and physiology concepts in both illness and wellness states. The student completing this course will receive an Occupational Completion Point certificate for Introduction to Medical Assisting per the Florida Department of Education Framework.

Corequisite: Acceptance to the Medical Assisting program.

Offered: FA.

Lab Fee.

MEA 0501C - Medical Office Procedures 75 ch

Prepares competent entry-level medical assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains in medical office procedures. Introduces the student to basic clerical and medical office duties that Medical Assistants may perform. Topics include: effective communication skills, filing systems, maintenance of medical records, scheduling routine appointments, and government regulations, compliance, and scope of practice for Medical Assistants.

Corequisite: HSC 0003C, MEA 0002, MEA 0521C, MEA 0543C.
Offered: FA.

MEA 0506C - Administrative Office Procedures 90 ch

Prepares competent entry-level Medical Assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains in medical office procedures. Introduces basic clerical and medical office duties that Medical Assistants may perform. Topics include: effective communication skills, filing systems, maintenance of medical records, scheduling routine appointments, and government regulations, compliance, and scope of practice for Medical Assistants.

Prerequisite: Grade of C or better in HSC 0003C, MEA 0002, MEA 0501C, MEA 0521C, MEA 0543C. Corequisite: MEA 0530C, MEA 0573C, MEA 0581C. Offered: SP.

MEA 0520C - Phlebotomist 75 ch

Trains participants in the basic and supporting skills of the phlebotomist. Skills include specimen collection by venipuncture and capillary puncture, basic anatomy and physiology, infection control, safety, and patient relations.

Corequisite: Grade of C or better in HSC 0003C. Offered: FA, SP, SU.

Lab Fee.

MEA 0521C - Phlebotomist, MA 75 ch

Provides Medical Assisting students the theory and clinical skills necessary to perform phlebotomy in a medical setting. Upon successful completion of this course, the student will receive an Occupational completion Point certificate, Phlebotomist, MA (75 hours) as per the Florida Department of Education.

Prerequisite: Grade of C or better in HSC 0003C, MEA 0500, MEA 0543C. Offered: FA.

Lab Fee.

MEA 0530C - Pharmacology for Medical Assisting 90 ch

Introduces the student to the principles of pharmacology, including drug terminology; drug origins, forms, and actions; routes of administration; as well as the use of generic name drugs, trade name drugs, and categories of drugs to treat various body systems.

Prerequisite: Grade of C or better in HSC 0003C, MEA 0002C, MEA 0501C, MEA 0506C. Offered: SP.

Lab Fee.

MEA 0540C - EKG Aide 75 ch

Prepares the student for employment as an ECG Technician, also known as a Cardiovascular Technician, and to take a National Exam. Skills include performing ECGs with appropriate lead placement, preparing patients for Stress Testing and monitoring telemetry units. Graduates of this course receive an Occupational Completion Point Certificate of 75 hours as an EKG Aide as per the Florida Department of Education.

Prerequisite: Admission to a health related program or permission of the Department head. Corequisite: Grade of C or better in HSC 0003C. Offered: FA.

Lab Fee.

MEA 0541C - EKG Technician 300 ch

Provides advanced procedures for performing EKGs, stress testing, and monitoring telemetry. Upon successful completion of this course, the student will receive an Occupational Completion Certificate of 300 hours as an EKG Technician as per Florida Department of Education.

Prerequisite: Grade of C or better in HSC 0003C, MEA 0540C. Offered: SP.

Lab Fee.

MEA 0543C - EKG Aide, MA 75 ch

Provides Medical Assisting students the theory and clinical skills necessary to perform EKGs in a medical setting. Upon satisfactory completion of this course, the student will receive an Occupational Completion Point certificate, EKG Aide, MA (75 hours) as per the Florida Department of Education.

Corequisite: Grade of C or better in HSC 0003C, MEA 0500, MEA 0521C, MEA 0550. Offered: FA.

Lab Fee.

MEA 0567C - Advanced Allied Health Assistant 100 ch

Designed for the student who has completed the Patient Care Assistant and Allied Health Assistant competencies and/or are adding these skills to be a more multi-skilled worker.

Prerequisite: HCP 0020C, HCP 0121C, HCP 0332C, HSC 0003C. Corequisite: HSC 0016C. Offered: FA, SP, SU.

MEA 0573C - Laboratory Procedures 125 ch

Prepares competent entry-level Medical Assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains in medical assisting laboratory procedures. Introduces Medical Assisting students to the foundational understanding emergency preparedness and protective practices, diagnostic laboratory procedures, clinical microscopy techniques and procedures, basic office examination procedures, treatment of minor injuries, and basic diagnostic medical assisting procedures.

Prerequisite: Grade of C or better in HSC 0003C, MEA 0002, MEA 0501C, MEA 0521C, MEA 0543C. Corequisite: MEA 0506C, MEA 00530C, MEA 0581C. Offered: SP.

Lab Fee.

MEA 0581C - Clinical Assisting 230 ch

Prepares competent entry-level Medical Assistants in the cognitive (knowledge), psychomotor (skills), and affective (behavior) learning domains in clinical assisting. Introduces Medical Assisting students to the communication skills and legal responsibilities of the profession. Provides a foundational understanding of anatomy and physiology concepts in both illness and wellness states.

Prerequisite: Grade of C or better in HSC 0003C, MEA 0501C, MEA 0521C, MEA 0543C. Corequisite: MEA 0506C, MEA 0530C, MEA 0573C. Offered: SP.

Lab Fee.

MEA 0942L - Practicum Experience 200 ch

Promotes student transition from student role to graduate professional medical assistant role. The student will integrate and apply knowledge and skills from all previous medical assistant courses in actual ambulatory health care settings. The student will perform medical assistant administrative, clinical, and laboratory duties under the supervision of trained mentors to effectively transition to the role of a medical assistant.

Prerequisite: Grade of C or better in MEA 0506C, MEA 0530C, MEA 0543C, MEA 0573C, MEA 0581C. Offered: SU.

Lab Fee.

MET - METEOROLOGY**MET 1010 - Introduction to Meteorology 3 cc**

Introduces the student to the atmosphere, its structure, composition and processes. Major topics include atmospheric structure and composition, heating and cooling, temperature, pressure and winds, weather systems and climate.

Distribution: Meets AA General Education, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP.

MGF - MATHEMATICS-GENERAL AND FINITE**MGF 1106 - Mathematics for Liberal Arts I 3 cc**

Consists of the following topics: set theory, symbolic logic, introductory counting methods, probability, descriptive statistics, number theory, linear programming and geometries with applications, history of mathematics, and algebra applications.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

Student may take either MGF 1106 or MGF 1107 first.

MGF 1107 - Mathematics for Liberal Arts II 3 cc

Consists of the following topics: financial mathematics, linear and exponential growth, development of number systems, history of mathematics, elementary number theory, voting techniques, graph theory and society.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

Student may take either MGF 1106 or MGF 1107 first.

MKA - MARKETING APPLICATIONS**MKA 2511 - Advertising 3 cc**

A study of the basic promotional objective, advertising markets, the product to be advertised, media, and the composition of the advertisement.

Offered: FA, SP.

AS only.

MMC - MASS MEDIA COMMUNICATIONS

MMC 2000 - Survey of Mass Communication 3 cc

Covers the history and development of mass media and how those media affect society. Media covered include the Internet, newspapers, magazines, radio, television, and film, along with a study of the impact of advertising and public relations.

Distribution: Meets AA General Education Electives, Communications requirement. Offered: SP.

MNA - MANAGEMENT-APPLIED

MNA 1161 - Customer Service 3 cc

Teaches and improves customer service skills and professionalism of the student. Teaches customer relations and customer service skills that are applicable to any job position that has contact with customers. Included topics are the subjects of communication, customer service, handling complaints, and customer relations.

Offered: FA, SP, SU.

MNA 1300 - Human Resource Management 3 cc

Presents the functions of a personnel manager, the philosophy of general management, organizational structure, employee socio-economic climate and career job finding information. Included are job descriptions and specifications, recruiting practices, correspondence for job application, resumes, interviewing, placement, training, performance appraisals, motivational techniques, union-management relations, and wage and salary administration.

Offered: FA, SP, SU.

MNA 2100 - Human Relations 3 cc

Includes the patterns of human behavior that lead to effective work relationships, an analysis of factors that shape the industrial environment and influence the human relations that develop within this environment, and the application of psychological principles of the business problems of leadership and motivation, productivity and morale, personnel and industrial relations policy.

Offered: FA, SP, SU.

MSL - MILITARY SCIENCE AND LEADERSHIP

MSL 1001 - Introduction to the Army 2 cc

Introduce the freshman level student to issues and competencies that are central to a commissioned officer's responsibilities. These initial lessons establish a framework for understanding officer ship, leadership, and Army values. Additionally, "life skills" including fitness and time management are addressed. Designed to give the student accurate insight into the Army profession and the officer's role within the Army.

Offered: FA.

MSL 1002 - Profession of Arms 2 cc

Establishes foundation of basic leadership fundamentals such as problem solving, communications briefings and effective writing, goal setting, techniques for improving listening and speaking skills, and an introduction to counseling.

Offered: SP.

MSL 2101C - Leadership and Decision Making 2 cc

Designed to develop cadets knowledge of self, self-confidence, and individual leadership skills. Cadets develop problem solving and critical thinking skills and apply communication, feedback, and conflict resolution skills through experiential learning activities.

Offered: FA.

MSL 2102 - Army Doctrine and Team Development 2 cc

A study examining how to build successful teams, various methods for influencing action, effective communication in setting and achieving goals, the importance of timing the decision, creativity in the problem solving process, and obtaining team buy-in through immediate feedback.

Offered: SP.

MSS - MESSAGE

MSS 0205C - Massage Therapy I 375 ch

Introduces basic massage therapy skills and knowledge necessary to becoming a massage therapist. Emphasis on the principles and theories of therapeutic massage and the proper techniques of massage manipulations and effective communication skills as a medical therapy professional. The student will acquire the knowledge to develop a self-care strategy by identifying body awareness and movement along with safety and health practices that are conducive to the hygiene of massage therapist and/or client. The student will have a clear understanding of the Florida Massage Practice Act along with the rules of the Florida Board of Massage Therapy (Chapter 480, F.S.; Chapter 64b7.) Additional content includes: structures and functions of human anatomy, and physiology as related to massage therapy and basic information related to business practices and standards. Laboratory and clinical activities are an integral part of this class.

Prerequisite: Permission required. Offered: FA.

Lab Fee.

MSS 0206C - Massage Therapy II 375 ch

Advances the students' knowledge of message principles and techniques and to equip students with an understanding of the Florida massage practice act and the rules of the Florida Board of Massage Therapy (Chapter 480, F.S.; Chapter 64b7.) Additional content includes: allied studies related to massage therapy, human anatomy and physiology as related to massage therapy and basic information related to business practices and standards.

Prerequisite: MSS 0205C or permission required. Offered: SP.

Lab Fee.

MSS 0207C - Massage Therapy A 270 ch

Introduces the principles and theories of therapeutic massage and the proper techniques of massage manipulations. Additional content includes the introduction of principles and theory of hydrotherapy and hydrotherapy modalities. Safety and health practices that are conducive to the hygiene of massage therapist and the client/patient will be stressed. Laboratory and clinical activities are an integral part of this class.

Prerequisite: Permission required. Offered: SP.

Lab Fee.

MSS 0262C - Massage Therapy B 210 ch

Expands the student's knowledge of therapeutic massage, massage manipulations, hydrotherapy and hydrotherapy modalities. Advances the students' knowledge of message principles and techniques and to equip the student with an understanding of the Florida massage practice act and the rules of the Florida Board of Massage Therapy (Chapter 480, F.S.; Chapter 64b7.). Additional content includes: allied studies related to massage therapy, human anatomy and physiology as related to massage therapy and basic information related to business practices and standards. Laboratory and clinical activities are an integral part of this class. Prerequisite: Permission required and MSS 0207C. Offered: SU. Lab Fee.

MSS 0263C - Massage Therapy C 270 ch

Equips the student with the principles and theories of therapeutic massage and the proper techniques of massage manipulations along with effective communication skills as a medical therapy professional. Additional content includes allied studies related to massage therapy. Laboratory and clinical activities are an integral part of this class. Prerequisite: MSS 0262C or permission required. Offered: FA. Lab Fee.

MUH - MUSIC-HISTORY-MUSICOLOGY

MUH 2110 - Introduction to Music History 3 cc

A survey of music literature from the middle ages to the present. Emphasizes musical forms and performance medium from the Western heritage and their development through the ages.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education Electives, Humanities requirement. A writing emphasis course. Offered: FA, SP.

MUL - MUSIC LITERATURE

MUL 2010 - Music Appreciation 3 cc

A survey of music from the Middle Ages to the present, introducing the student to various types of music through the use of recordings. No previous musical experience necessary.

Distribution: Meets AA General Education Core, Humanities requirement. Offered: FA, SP, SU.

MUN - MUSIC-ENSEMBLES

MUN 1120C - Band 1 cc

Provides opportunities to develop music making skills by rehearsing and performing quality wind band music. Membership is open to all PSC students by audition. May be repeated for credit.

Prerequisite: Permission required. Offered: FA, SP.

MUN 1180C - Pensacola Civic Band 1 cc

Provides opportunities to develop music making skills by rehearsing and performing quality wind band music with a community organization. Membership is open by audition. May be repeated for credit.

Prerequisite: Permission required. Offered: FA, SP, SU.

MUN 1310C - Concert Chorale 1 cc

Provides opportunities to develop music making skills by rehearsing and performing various styles of choral music in a mixed voice (SATB) chorus. Membership is open to all PSC students and by audition. May be repeated for credit.

Offered: FA, SP.

MUN 1380C - Choral Society 1 cc

Provides opportunities to develop music making skills by rehearsing and performing various styles of choral music with a community organization. Membership is open by audition. May be repeated for credit.

Offered: FA, SP.

MUN 1410C - String Ensemble 1 cc

An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. This course may be repeated three times for credit.

Offered: FA, SP.

MUN 1420C - Woodwind Ensemble 1 cc

An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. To repeat for credit, see Music department head.

Offered: FA, SP.

MUN 1430C - Brass Ensemble 1 cc

An approach to ensemble signing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. To repeat for credit, see Music department head.

Offered: FA, SP.

MUN 1440C - Percussion 1 cc

An approach to ensemble signing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. To repeat for credit, see Music department head.

Offered: FA, SP.

MUN 1480C - Guitar Ensemble 1 cc

An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. This course may be repeated once for credit.

Prerequisite: Permission required. Offered: FA, SP.

MUN 1710C - Jazz Ensemble 1 cc

An approach to ensemble singing or playing is available in several applied music areas. Course is open to all students with the permission of the instructor. Composition of the organization is dependent upon available talent. To repeat for credit, see the Performing Arts department head.

Prerequisite: Permission required. Offered: FA, SP.

MUN 1720C - Jazz Choir 1 cc

A select ensemble of 12-16 of the finest student singers; open to all student singers in the Capella chamber choir repertoire with an emphasis on jazz "tight-harmony" arrangements, Broadway and doo-wop.

Corequisite: MUN 1310C. Offered: FA, SP.

MUS - MUSIC

MUS 1360 - Music and Computer 3 cc

Introduces the music student to the abilities of the computer and of MIDI with primary emphasis on entering, performing, and printing music through the program FINALE. The student will also be introduced to tutorials, databases, word processing, and the Internet.

Prerequisite: MUT 1001 or student must understand music.
Offered: FA, SP, SU.

Lab Fee.

MUT - MUSIC-THEORY

MUT 1001 - Fundamentals of Music 3 cc

For the student wanting to learn the mechanics of music but has little or no background. Presentation of basic principles of music notation, rhythm, scales, key signatures, and terminology. Also a preparation course for the student wanting to major in music.

Offered: FA, SP, SU.

MUT 1111 - Music Theory I 3 cc

Introduces the fundamentals of musicianship approached through visual and aural analysis, notation, scales and intervals, and formation of triads, leading to a study of harmony and nonharmonicism.

Prerequisite: MUT 1001 or permission required. Offered: FA.

MUT 1112 - Music Theory II 3 cc

A continuation of MUT 1111 Music Theory I. Emphasizes the study of modulation of closely related keys and chords of the seventh, and musical forms.

Prerequisite: MUT 1111 or permission required. Offered: SP.

MUT 1241L - Ear Training and Sightsinging I 1 cc

An introductory course designed to help the student develop abilities to recognize, write, and reproduce music seen and heard. Emphasizes simple major and minor scales, primary chords and their inversions, simple melodic intervals, and simple simple and compound duple meters. Includes reading music using solfege and writing music from aural dictation.

Prerequisite: MUT 1001 or permission required. Offered: FA.

MUT 1242L - Ear Training and Sightsinging II 1 cc

A continuation of MUT 1241L Ear Training and Sightsinging I. Emphasizes aural and vocal recognition of music materials. Includes sightsinging using solfege, rhythmic, melodic and harmonic dictation.

Prerequisite: MUT 1241C or permission required. Offered: SP.

MUT 2116 - Music Theory III 3 cc

A continuation of MUT 1112 Music Theory II. The study of modulation to remote keys, binary and ternary form, and formation and use of diminished and diatonic seventh, dominant and ninth, eleventh and thirteenth, and borrowed chords.

Prerequisite: MUT 1112 or permission required. Offered: FA.

MUT 2117 - Music Theory IV 3 cc

A continuation of MUT 2116 Music Theory III. A brief introduction to two part counterpoint, instrumentation, and modern composition with emphasis on completing the study of composition of the 18th and 19th centuries. Includes analysis of music of the 19th and 20th centuries.

Prerequisite: MUT 2116 or permission required. Offered: SP.

MUT 2246L - Ear Training and Sightsinging III 1 cc

A continuation of MUT 1242L Ear Training and Sightsinging II. Emphasizes reading music at sight using solfege and writing from aural dictation at an advanced level.

Prerequisite: MUT 1242C or permission required. Offered: FA.

MUT 2247L - Ear Training and Sightsinging IV 1 cc

A continuation of MUT 2246L Ear Training and Sightsinging III. Emphasizes advanced problems in chromatics, sight-reading and dictation.

Prerequisite: MUT 2246C or permission required. Offered: SP.

MV - APPLIED MUSIC

MV 121__ - Applied Music (Minor Instrument) One 1/2 hour lesson a week 1 cc

Private instruction in the student's secondary performing medium. Required for most music majors. See schedule for special fees. Open to music majors or minors. Open to general students if faculty load permits. For further information see department head.

Offered: FA, SP, SU.

Lab Fee.

MV 131__ - Applied Music (Principal Instrument) Two 1/2 hour lessons a week 1 cc

Private instruction in the student's principal performing medium required of all music majors.

Offered: FA, SP, SU.

Lab Fee.

MV 141__ - Applied Music (Principal Instrument). Three 1/2 hour lessons a week 3 cc

Applied music for the student who is advanced beyond the normal junior college level of performance.

Offered: FA, SP, SU.

Lab Fee.

MV 222__ - Applied Music (Minor Instrument) One 1/2 hour lesson a week 1 cc

Private instruction in the student's secondary performing medium. Required for most music majors. See schedule for special fees. Open to music majors or minors. Open to general students if faculty load permits. For further information see department head.

Offered: FA, SP, SU.

Lab Fee.

MV 232__ - Applied Music (Principal Instrument) Two 1/2 hour lessons a week 1 cc

Private instruction in the student's principal performing medium required of all music majors.

Offered: FA, SP, SU.

Lab Fee.

MV 242__ - Applied Music (Principal Instrument). Three 1/2 hour lessons a week 3 cc

Applied music for the student who is advanced beyond the normal junior college level of performance.

Offered: FA, SP, SU.

Lab Fee.

MVK - APPLIED-MUSIC-KEYBOARD

MVK 1111C - Beginning Class Piano I 1 cc

For beginners in the respective performance area. For further information, contact the department head.

Offered: FA, SP, SU.

Lab Fee.

MVK 1112C - Beginning Class Piano II 1 cc

Continuation of MVK 1111C.

Prerequisite: MVK 1111C or permission required. Offered: SP.

Lab Fee.

MVK 1800C - Beginning Piano for Non-Music Majors 1 cc

Designed for the non-music major student who has had no previous musical instruction.

Offered: FA, SP.

Lab Fee.

MVS - APPLIED-MUSIC-STRINGS

MVS 1116C - Beginning Guitar Class 1 cc

Designed for the non-music major student who has had no previous musical instruction.

Offered: FA, SP, SU.

Lab Fee.

NSP - NURSING-SPECIAL

NSP 2050L - Special Topics in Nursing 1 cc

Provides instruction and practice in the basic skills needed to help the student who has interrupted the program of study to progress successfully through the associate degree nursing program. Emphasis on concepts and skills needed to provide safe patient care. Specific learning needs will be addressed for each individual student.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only. Lab Fee.

NSP 2270C - Critical Care Nursing 9 cc

Advanced certificate is designed for the registered nurse who has had no previous experience in critical care. At the completion of this course it is expected that the nurse will be able to practice independently at the beginning level in a high acuity setting. Content includes knowledge and skills required to provide nursing care to patients with multi-system disorders.

Prerequisite: Licensure as a Registered Nurse. Offered: SU.

AS only. Lab Fee.

NSP 2290C - Perioperative Nursing 9 cc

Provides Registered Nurses with basic knowledge and clinical skills necessary to function independently in an entry level Perioperative Nursing position. Content includes principles of aseptic technique, patient safety, universal protocol, and the nursing process in the perioperative setting. Addresses ethical, moral, legal issues, and specific considerations for various types of procedures and specialty services in the circulating role.

Prerequisite: Licensure as Registered Nurse. Offered: FA.

AS only. Lab Fee.

NSP 3476 - Infection Control in Healthcare Setting 3 cc

Covers the importance of infection control in healthcare settings, especially in acute care. Issues and trends related to infectious processes in hospitals is a focus. Strategies to contain infection including the role of healthcare professionals are explored.

Prerequisite: NUR 3119, NUR 3955. Offered: SU.

Lab Fee.

NUR - NURSING-GENERIC-UNDERGRADUATE

NUR 1020C - Introduction to Nursing 8 cc

Introduces the student to client care needs: safe effective care environment, health promotion and maintenance, psychosocial integrity, physiological integrity, professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning collaboration, and managing care activities which form the integrated framework for clinical practice. The student will encompass legal and ethical issues of the nurse, including Florida Statutes and the concept of professional boundaries.

Prerequisite: Acceptance to Associate in Science Nursing program. Offered: FA, SP, SU.

AS only. Lab Fee.

NUR 1143C - Nursing Math and Pharmacology 3 cc

Introduces the student to theory and laboratory experiences to allow for mastery of the basic principles of pharmacotherapeutics and the role of the nurse in safe effective administration of medications with emphasis places on dosage calculations.

Prerequisite: Acceptance to the Associate Science in Nursing program. Offered: FA, SP, SU.

AS only.

NUR 1211C - Adult Health Nursing I 8 cc

The first of two adult-health nursing courses that focuses on basic care of adults. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.

Prerequisite: Grade of C or better in NUR 1020C, NUR 1143C. Offered: FA, SP, SU.

AS only. Lab Fee.

NUR 2003C - Career Mobility Nursing Concepts 4 cc

Introduces the student to child, maternal health and adult client care needs: safe effective care environment, health promotion and maintenance, psychosocial integrity, physiological integrity, professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning collaboration, and managing care activities which form the integrated framework for clinical practice. Introduces the student to develop knowledge and skills with concepts such as: therapeutic environment, therapeutic communication, and therapeutic relationships. The student will encompass legal and ethical issues of the nurse, including Florida Statutes and the concept of professional boundaries.

Prerequisite: Acceptance into the Associate Science in Nursing program. Offered: SU.

AS only. Lab Fee.

NUR 2214C - Adult Health Nursing II 8 cc

The second of two adult-health nursing courses that focuses on increasing complex care of adults with altered health states in acute care settings. Client care needs (safe effective care environment, health promotion and maintenance, psychosocial integrity, and physiological integrity) and professional behaviors, communication, clinical decision-making, caring interventions, teaching and learning, collaboration, and managing care activities form the integrated framework for clinical practice.

Prerequisite: Grade of C or better in NUR 1020C, NUR 1143C, NUR 1211C, NUR 2523C. Offered: FA, SP, SU.

AS only. Lab Fee.

NUR 2440C - Maternal-Child Health Nursing 6 cc

Introduces the student to maternal-child health nursing that focuses on care of the child and family group during health and altered health states.

Prerequisite: Grade of C or better in NUR 1211C, NUR 2523C. Offered: FA, SP, SU.

AS only. Lab Fee.

NUR 2523C - Mental Health Nursing 3 cc

Introduces the nursing student to the care of the child, adolescent and adult experiencing acute and chronic psychiatric alterations in health in inpatient and outpatient facilities.

Prerequisite: Grade of C or better NUR 1020C, NUR 1143C. Corequisite: SYG 2000. Offered: FA, SP, SU.

AS only. Lab Fee.

NUR 2810C - Transitional Practice/Preceptorship 6 cc

Transitions the student from the student nurse role to the professional nurse role. The student will manage care for multiple groups of clients, demonstrate leadership functions with other health care team members and prepare for the National Council Licensure Examiners for Registered Nurses exam (NCLEX-RN).

Prerequisite: Grade of C or better in NUR 2212C, NUR 2440C. Offered: FA, SP, SU.

AS only. Lab Fee.

NUR 3065 - Health Assessment and Physical Appraisal 4 cc

Focuses on client assessment, health risks and formation of nursing diagnoses, and health teaching. Emphasis on the process of client interaction and use of appraisal skills in the collection of bio-psychosocial data across the life span. The student will be required to complete a physical assessment component in an on-campus lab setting.

Prerequisite: NUR 3119, NUR 3955. Offered: FA, SP.

Lab Fee.

NUR 3119 - Professional Roles and Dimensions of Nursing Practice 3 cc

Introduces the student to the history, trends, issues, and evolution of the nursing profession including an overview of selected nursing theorists and professional nursing practice in the changing health care delivery system. Opportunities will be presented that provide for the development of further socialization into the professional role of nursing.

Corequisite: NUR 3955. Offered: FA, SP.

Lab Fee.

NUR 3125 - Pathophysiology: A Nursing Perspective 3 cc

Focuses on cellular alterations in organ systems as they relate to selected disease states that impact the health of people as holistic beings. Special emphasis is on critical thinking and decision making related to these alterations in homeostatic dynamics, their presentation, and implications for nursing practice.

Prerequisite: NUR 3119, NUR 3955. Offered: SU.

NUR 3145 - Pharmacology in Nursing Practice 3 cc

Builds on essential concepts and principles of pharmacology as applied in the nursing management of client care. Major concerns in health care include medication errors and medication reconciliation. Improvement in delivery processes to improve safety and quality of care thereby improving client outcomes is the focus of many regulatory agencies. Highlight issues in pharmacology and provide the student with basic knowledge for client care and education and specifically addresses aspects of pharmacology related to the assessment and management of symptoms across the lifespan by providing the student with the in depth knowledge regarding the administration of pharmacologic therapies, the management of physical and psychological symptoms related to disease and treatment, and education related to safe and effective use of pharmacologic agents.

Prerequisite: NUR 3119, NUR 3955. Offered: SU.

NUR 3826 - Legal and Ethical Aspects of Nursing 3 cc

An assessment of ethical and legal issues confronting nurses and other health care providers in a variety of settings. Focuses on identification and analysis of legal and ethical concepts and principles underlying the critical thinking process in nursing and health care.

Prerequisite: NUR 3119, NUR 3955. Offered: FA, SP.

NUR 3955 - Portfolio I 1 cc

Introduces the student to the development of an electronic professional portfolio. Provides the student the opportunity to assume the responsibility for personal and professional growth as a lifelong learner.

Corequisite: NUR 3119. Offered: FA, SP.

NUR 4165 - Evidence-Based Nursing Practice 3 cc

Overview of the skills needed to read, understand, evaluate, and use nursing research. Focuses on research methods and the identification of researchable nursing problems.

Prerequisite: NUR 3119, NUR 3955, STA 2023. Offered: FA, SP, SU.

NUR 4616 - Nursing Across the Lifespan 3 cc

Focuses on the nurse's role in managing the holistic health care of individuals and families with bio-psychosocial disruptions. Emphasis on the nursing process and principles from nursing, physical sciences, and behavioral sciences to enhance knowledge development necessary for the promotion of client/family well-being throughout the life span.

Prerequisite: NUR 3119, NUR 3955. Offered: FA, SP, SU.

NUR 4636 - Nursing in Community Systems 3 cc

Focuses on the holistic nursing role in the community. Emphasis on concepts and theories related to community health nursing. Special attention is given to the community as client with emphasis on health promotion/disease prevention and teaching of groups in community settings.

Prerequisite: NUR 3119, NUR 3955. Corequisite: NUR 4636L. Offered: FA, SP.

NUR 4636L - Community Systems Practicum 1 cc

Offers opportunity to practice the principles and theory of community health nursing in a variety of health care settings. Includes the identification of health care needs of the community as a client, and the nurse's role as a facilitator, teacher, and evaluator in promoting and maintaining health and wellness.

Prerequisite: NUR 3119, NUR 3955. Corequisite: NUR 4636. Offered: FA, SP.

NUR 4827 - Organizational Behavior in the Healthcare Settings 3 cc

Provides a foundational understanding of how nurse leaders apply the principles of management, leadership, and administrative processes in both private and public organizations. Emphasis on organizational change, measuring quality, performance evaluation, effective communication, motivation, relationship development, and collaborative teamwork.

Prerequisite: NUR 3119, NUR 3955. Offered: SU.

NUR 4837 - Healthcare Policy and Economics 3 cc

Provides the student with a foundation for participating in health policy with organizations and for understanding the economic impact of health planning. Content will include a review of the organization of health care systems, health care financing, economic implications and the role of the provider in policy-making. Emphasis on the analysis of health policy from a socioeconomic, ideological, political, historical, and technological perspective while integrating clinical management processes and the use of available community fiscal resources.

Prerequisite: NUR 3119, NUR 3955. Offered: SU.

NUR 4889 - Leadership and Management 3 cc

Focuses on theories, concepts, and principles of leading and managing as well as pertinent legal issues faced by nursing leaders and managers. Emphasis on the methods to become an effective leader/manager including interpersonal skills needed for effective leadership and management, the different types of organizations delivering health care, outcomes management, and analysis of current research findings.

Prerequisite: NUR 3119, NUR 3955. Corequisite: NUR 4889L. Offered: FA, SP.

NUR 4889L - Leadership Practicum 1 cc

Focuses on the application of the theories, concepts, and principles of leading and managing. Emphasis on the development of skills needed for effective leadership and management. Opportunities will be provided to demonstrate appropriate leadership and management ability.

Prerequisite: NUR 3119, NUR 3955. Corequisite: NUR 4889. Offered: FA, SP.

NUR 4956 - Portfolio II 1 cc

A capstone course focusing on the completion, evaluation, and submission of the electronic professional portfolio.

Prerequisite: NUR 3119, NUR 3955. Offered: FA, SP, SU.

OCB - BIOLOGICAL OCEANOGRAPHY**OCB 2000 - Marine Biology 3 cc**

A study of the biology of marine waters, with emphasis on the physical, chemical, geological, and ecological factors that influence biological populations in the sea. Emphasis on the observation and taxonomy of the biota of local marine and estuarine waters.

Distribution: Meets AA General Education, Natural Sciences (Biological Sciences) requirement. Offered: FA, SU.

OCB 2000L - Marine Biology Laboratory 1 cc

Laboratory work and field trips to specific marine habitats will be required.

Corequisite: OCB 2000. Offered: FA, SU.

Lab Fee.

OCE - GENERAL OCEANOGRAPHY**OCE 1001 - Oceanography 3 cc**

An integrated study of the basic principles of chemical, physical, and geological oceanography.

Distribution: Meets AA General Education, Natural Sciences (Physical Sciences) requirement. Offered: TBA.

OCE 1001L - Oceanography Laboratory 1 cc

An optional laboratory course to accompany OCE 1001. Covers the experimental or hands-on aspects of bathymetry, water chemistry, and physical oceanography.

Corequisite: OCE 1001. Offered: SP.

Lab Fee.

PAD - PUBLIC ADMINISTRATION**PAD 3003 - Introduction to Public Administration 3 cc**

Prepares the student to serve as a manager in the executive arm of local, state, and federal government.

Offered: FA.

PAD 4046 - Values, Ethics and Conflict Resolution 3 cc

Examines the various conflict situations in public organizations and how values and ethics influence behavior of administrators in making decisions that affect the philosophy and goals of the organization. Focuses on the role of administrators as conflict managers by examining and providing various conflict resolution mechanisms and strategies that are cost effective to the organization.

Prerequisite: COM 2100, CTS 2433, MAN 2021. Offered: SU.

PAD 4393 - Emergency Management & Disaster Planning 3 cc

Emergency management and disaster planning on events most likely to affect Florida including reviewing the four phases of planning, mitigation, response, and preparedness.

Offered: SP.

PAD 4874 - Community Relations 3 cc

Exposes the student to community relations theory and practice within a broad range of public safety organizations. The student will understand why positive community perception of public safety is critical to funding and operational effectiveness and will gain the insight and skills necessary to be effective in the community relations function of public safety administration.

Offered: SP.

PEL - PHYS-EDU-ACTS-GEN-OBJECT-CENTRD-LAND

PEL 1121 - Beginning Golf 1 cc

Designed to develop skill and give practice in the basic fundamentals of golf. A green fee is required occasionally.

Offered: TBA.

PEL 2122 - Intermediate Golf 1 cc

Enables the student to enhance and practice intermediate-level skills in the sport of golf. Green fee may be required on occasion.

Offered: TBA.

PEM - PHYS-EDU-ACTS-GEN-PERFOMR-CENTRD-LAND-REVISED

PEM 1102 - Exercise and Conditioning 1 cc

Involves instruction in physical conditioning methods and their effects. Content varies based on student interest, and may include aerobic exercise, calisthenics, bench stepping, circuit training, interval training, or weight training.

Offered: TBA.

PEM 1131 - Weight Training and Conditioning I 1 cc

Instruction in physical conditioning methods, resistance training, and isometric, isotonic, and functional exercise techniques.

Offered: TBA.

PEM 1132 - Weight Training and Conditioning II 1 cc

Expansion of strength training techniques to include core strength and Olympic lifts.

Prerequisite: PEM 1131. Offered: TBA.

PEM 1171 - Aerobics 1 cc

Designed to improve agility, balance, coordination, and overall aerobic capacity.

Offered: TBA.

PEM 1181 - Walk, Jog, Run 1 cc

Instruction in the methods of cardiovascular conditioning and their outcomes. Students will perform cardiovascular activities, including walking, jogging, or running to improve and measure aerobic fitness.

Offered: TBA.

PEO - PHYS-EDU-ACTS-PROFNL-OBJECT-CENTRD-LAND

PEO 1011 - Team Sports 3 cc

Covers basic rules, game play, etiquette, key offensive and defensive strategies, techniques for teaching fundamental skills, and safety concerns for a variety of team sports.

Offered: FA.

PEO 1031 - Individual Sports 3 cc

Covers basic rules, game play, etiquette, key offensive and defensive strategies, techniques for teaching fundamental skills, and safety concerns for a variety of individual sports.

Offered: SP.

PEO 2013 - Sports Officiating 3 cc

Covers key practices and basic requirements for officiating selected team sports, including the following: rules, officiating, mechanics, signals, and appropriate behavior and professionalism.

Offered: SP.

PET - PHYSICAL EDUCATION THEORY

PET 2604 - Basic Care and Prevention of Athletic Injuries 3 cc

Covers the principles and techniques involved in the prevention and care of athletic injuries. The student will obtain extensive hands-on practice in taping techniques and other methods for preventing and treating athletic injuries.

Offered: FA, SP.

Lab Fee.

PET 2941 - Recreation Internship 1 cc

Designed for the student preparing for a career in recreation and leisure services. Whether the internship is on or off campus and where it is off campus (city recreation, YMCA, retirement facility, therapeutic recreation, outdoor recreation, etc.) will be determined by the interest of the student and available facilities.

Prerequisite: Completion of all course work for the AS degree in Sports, Fitness, and Recreation. Offered: TBA.

AS only.

PET 2942 - Recreation Internship 2 cc

Designed for the student preparing for a career in recreation and leisure services. Whether the internship is on or off campus and where it is off campus (city recreation, YMCA, retirement facility, therapeutic recreation, outdoor recreation, etc.) will be determined by the interest of the student and available facilities.

Prerequisite: Completion of all course work for the AS degree in Sports, Fitness, and Recreation. Offered: TBA.

AS only.

PET 2943 - Recreation Internship 3 cc

Designed for the student preparing for a career in recreation and leisure services. Whether the internship is on or off campus and where it is off campus (city recreation, YMCA, retirement facility, therapeutic recreation, outdoor recreation, etc.) will be determined by the interest of the student and available facilities.

Prerequisite: Completion of all course work for the AS degree in Sports, Fitness, and Recreation. Offered: TBA.

AS only.

PGY - PHOTOGRAPHY

PGY 1000 - History of Photography 3 cc

A study of the history and the development of photography both as a technology and art form from its inception to current digital and commercial uses. Explores photography from the standpoint of its sociological, cultural, communicative, and economic impacts.

Offered: TBA.

AS only.

PGY 1110C - Color, Materials, and Methods 3 cc

An introductory course that explores basic creative methods of color processes in photographic imagery. Explores the technical, conceptual, and production relationships in contemporary color photography. Emphasis is placed on color theory, effects of lighting techniques, color-correct printing, and aesthetics.

Prerequisite: Grade of C or better in PGY 2401C. Offered: SP.

AS only. Lab Fee.

PGY 2107C - Large Format Camera 3 cc

Introduces the large format 4x5 camera and materials using the view camera for architectural illustration, portraiture, and landscape imagery. Proper control of basic lighting applications is demonstrated. Reinforces the ability to produce a self-expressed creative body of photographic work conveying a specific theme and/or concept.

Prerequisite: Grade of C or better in PGY 2401C. Offered: FA.

AS only. Lab Fee.

PGY 2201C - Photographic Lighting Techniques 3 cc

Introduces the student to artificial and natural lighting techniques utilized in studio, table top, copy work, and portraiture.

Prerequisite: PGY 2801C. Offered: FA, SP, SU.

AS only. Lab fee.

PGY 2220C - Commercial Photography 3 cc

Introduces the student to advanced studio and color photography.

Prerequisite: Grade of C or better in PGY 2201C. Offered: SP, SU.

Lab Fee. A DSLR camera is required for this course.

PGY 2270C - Field Survey of Professional Photography 4 cc

Introduce the student to the field of professional photography. Emphasizes the wide range of skills required to be successful in the field.

Prerequisite: Grade of C or better in PGY 2201C. Offered: SP.

AS only.

PGY 2401C - Photography I 3 cc

Introduces the student to the field of photography with emphasis on the creative use of the camera and dark room. The fundamentals of camera operation, successful black and white film development, and printing are taught. A 35 mm SLR camera with manual controls is required for this class.

Offered: FA, SP, SU.

Lab Fee.

PGY 2404C - Photography II 3 cc

Introduces the student to print manipulation and photo essays with emphasis on the refinement of techniques that are necessary for the use of the camera as a means of individual creative expression.

Prerequisite: Grade of C or better in PGY 2401C. Offered: TBA.

Lab Fee.

PGY 2750C - Introduction to Video 3 cc

Introduces the student to digital video production. Instruction covers pre-production, production, and post-production methods, strategies, and techniques, including story/script developing, interviewing, videography, audio recording, and editing. The student creates a short digital video.

Prerequisite: Grade of C or better in PGY 2801C. Offered: SP.

AS only.

PGY 2801C - Digital Photography I 3 cc

Introduces the student to electronic imaging using computers, scanners, and image manipulation software (Adobe Photoshop, Lightroom). Individual portfolios are created.

Prerequisite: Grade of C or better in PGY 2401C. Offered: FA, SP, SU.

AS only. Lab Fee.

PGY 2802C - Digital Photography II 3 cc

A continuation of work in Adobe Photoshop established in Digital Photography I. The student will work with advanced Photoshop techniques in the application of personal images that may have application in fine art, graphics, and multimedia productions.

Prerequisite: Grade of C or better in PGY 2801C. Offered: SP, SU.

AS only. Lab Fee.

PHI - PHILOSOPHY**PHI 2010 - Introduction to Philosophy 3 cc**

A general survey of the philosophies that have shaped the growth of Western civilization from the ancient Greeks to modern times. Presents a comprehensive view of philosophy and demonstrates the benefits derived from its study.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education Core, Humanities requirement. A writing emphasis course. Offered: FA, SP, SU.

PHI 2100 - Logic and Critical Thinking 3 cc

The study and practice of critical thinking through both formal and informal reasoning. Techniques covered, such as argument reconstruction, identifying fallacies, and inductive reasoning methods, will help the student analyze everyday problems.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Electives, Humanities requirement. Offered: FA, SP, SU.

PHI 2600 - Ethics 3 cc

An inquiry into the moral implications of personal, social, and political commitment. Representative traditional and contemporary ethical concepts will be discussed in light of issues affecting the quality of existence on this planet.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education Electives, Humanities requirement. A writing emphasis course. Offered: FA, SP, SU.

PHI 2701 - Introduction to the Philosophy of World Religions 3 cc

Philosophical, historical, and cultural analysis of selected world religions. Special emphasis on the fundamental philosophy of each tradition and the relationships between social institutions and religious systems.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Electives, Humanities requirement. Offered: FA, SP.

PHT - PHYSICAL THERAPY**PHT 1000 - Introduction to Physical Therapy 3 cc**

Introduces the student to the history, present practice, and future trends of healthcare and the profession of physical therapy. The structure and services of the American Physical Therapy Association (APTA), the team concept of health care including the role and responsibilities of the physical therapist assistant (PTA), and professional behaviors will be introduced along with common disease processes and pertinent medical terminology. The student will learn basic professional documentation and communication skills.

Prerequisite: Acceptance into the program. Offered: FA.

AS only.

PHT 1120 - Functional Anatomy and Kinesiology 3 cc

Provides the student with a basic knowledge and understanding of the biomechanical principles of human motion. The structure and function of the musculoskeletal and nervous systems will be studied and applied in basic analysis of therapeutic exercise and gait.

Prerequisite: Acceptance into the program. Corequisite: PHT 1000, PHT 1120L. Offered: FA.

AS only.

PHT 1120L - Functional Anatomy and Kinesiology Laboratory 2 cc

The student will develop skills in palpation of bony landmarks, goniometry, gross manual muscle testing, basic gait analysis and analysis of muscle function as it relates to the biomechanical principles of human motion.

Prerequisite: Acceptance into the program. Corequisite: PHT 1000, PHT 1120. Offered: FA.

AS only.

PHT 1210C - Therapeutic Modalities 3 cc

Instructs the student in the use and operation of therapeutic modalities used for patient care. Knowledge of the physical principles, physiological effects, indications, and contraindications of heat, cold, light, traction, compression, electricity, and massage on the body will be developed and applied. The student will understand selected tests and evaluation procedures which are related to the safe application of modalities and will be able to select the modality or procedure which would be most appropriate for a specified clinical presentation. Wound management will be addressed.

Prerequisite: PHT 1120. Offered: SP.

AS only. Lab Fee.

PHT 1224 - Musculoskeletal Therapeutic Techniques I 3 cc

Covers a variety of medical and orthopedic conditions commonly treated by physical therapist assistants and emphasizes the effects and types of exercises employed for therapeutic reasons. Included are traditional therapeutic exercise routines such as passive, active-assistive, active and resistive range of motion, PRE programs, manual and mechanical strengthening, and aerobic exercise routines. Non-traditional programs will be introduced. Includes a module with Information about Human Immunodeficiency Virus (HIV) and Acquired Immune Deficiency Syndrome (AIDS), Occupational Safety and Health Administration (OSHA) standards for blood borne pathogens, Domestic Violence (DV), Medical Errors (ME) and the Health Insurance Portability and Accountability Act (HIPAA); satisfying the requirements for education about topics required by the state of Florida for initial licensing.

Prerequisite: PHT 1120. Corequisite: PHT 1224L. Offered: SP.

AS only.

PHT 1224L - Musculoskeletal Therapeutic Techniques I Laboratory 2 cc

Application of therapeutic exercise in the laboratory setting. Emphasis on orthopedic, cardiopulmonary, and vascular disorders, and related therapeutic exercise programs.

Corequisite: PHT 1224. Offered: SP.

AS only. Lab Fee.

PHT 1251 - Basic Skills in Patient Care 2 cc

Introduces the student to basic patient care skills, patient positioning and draping, treatment booth preparation, transfers, gait training with assistive devices, wheelchair measurement and operation, measurement of vital signs, identification of architectural barriers, wound debridement, and aseptic technique. Elements of body composition as a measure of fitness will be discussed and the gait cycle will be introduced.

Prerequisite: Acceptance into the program. Corequisite: PHT 1000, PHT 1251L. Offered: FA.

AS only.

PHT 1251L - Basic Skills in Patient Care Laboratory 2 cc

Application of basic patient care handling techniques including body mechanics and lifting, treatment booth preparation, patient positioning and draping, transfers, gait training with assistive devices, wheelchair measurement and operation, and measurement of vital signs. Students will create and maintain a sterile field and assess body composition as a measure of fitness.

Prerequisite: Acceptance into program. Corequisite: PHT 1000, PHT 1251. Offered: FA.

AS only. Lab Fee.

PHT 1253 - Neuromuscular Therapeutic Techniques I 3 cc

The student physical therapist assistant will learn basic neuroanatomy and physiology principles, motor learning principles and normal motor development. Therapeutic interventions and techniques designed to provide the most effective functional outcome for the neurologically impaired infant, child or adolescent will be discussed. Problem solving for treatment plan implementation, revision and adaptation will be explored. Special concerns related to physical therapy and the pediatric patient will be presented.

Prerequisite: PHT 1120. Corequisite: PHT 1253L. Offered: SP.

AS only.

PHT 1253L - Neuromuscular Therapeutic Techniques I Laboratory 2 cc

Provides the student with observation, participation, and application of motor learning theories and therapeutic interventions for the treatment of neurological conditions. Emphasizes application of therapeutic activities with a variety of treatment approaches.

Prerequisite: PHT 1120L. Corequisite: PHT 1253. Offered: SP.

AS only.

PHT 1801L - PTA Clinic I 1 cc

Observation and participation in a physical therapy outpatient practice setting under supervision. Focuses on developing professionalism. The student may utilize previously learned positioning, draping, transfers, note writing, gait training, vital sign measurements, goniometry, gross strength testing, orthopedic therapeutic exercises, stretching, and modalities. Four to forty hours per week for a total of 40 hours (part-time clinical experience completed in varying time frames to meet both the students and the clinical instructor's schedule).

Prerequisite: PHT 1120. Offered: SP.

AS only. Lab Fee.

PHT 2020 - Trends and Issues in PTA 2 cc

Broadens the scope of the student's understanding of health care. Topics include trends in health care and their influence on physical therapy, administrative procedures utilized in physical therapy, employment techniques including resume writing and interview skills, ethical problem solving, and licensing examination preparation. Case studies reviewing patient handling skills and musculoskeletal and neurological interventions will be utilized to help the student review program materials and improve critical thinking skills in preparation for the final physical therapy clinical experience. The student will be required to prepare and present an individual or group project relevant to a specific aspect of physical therapy practice including communication, cultural diversity, gender bias, or generational issues.

Prerequisite: PHT 2162. Offered: SP.

AS only.

PHT 2162 - Neuromuscular Therapeutic Techniques II 1 cc

Presentation of the pathology of complex neurological disorders and congenital deformities. Specific topics include: cerebrovascular accidents, Parkinsonism, Alzheimer's, and cerebral palsy. Therapeutic exercises and special facilitation techniques will be covered along with basic neuroanatomy. Special concerns related to physical therapy and the geriatric patient will be presented.

Prerequisite: PHT 1224. Corequisite: PHT 2162L. Offered: FA.

AS only.

PHT 2162L - Neuromuscular Therapeutic Techniques II Laboratory 2 cc

Identification of special concerns related to physical therapy and the adult and geriatric patient. The student will participate in individual and group projects to analyze case studies as they design and demonstrate appropriate interventions within a treatment plan that encompasses interventional strategies to assist the patient with neurological impairment.

Prerequisite: PHT 1224. Corequisite: PHT 2162. Offered: FA.

AS only.

PHT 2227C - Musculoskeletal Therapeutic Techniques II 2 cc

Covers a variety of medical and orthopedic conditions commonly treated by physical therapist assistants and emphasizes orthopedic post-surgical patient care through case-study scenarios and protocol development and implementation. Traditional therapeutic exercise routines and non-traditional programs will be reviewed.

Prerequisite: PHT 1224. Offered: FA.

AS only. Lab Fee.

PHT 2301 - Pathological Conditions in Physical Therapy I 3 cc

Discussion of special topics related to the practice of physical therapy. The pathology and medical management of special patient populations including patients with cardiorespiratory dysfunction, diabetic patients, the geriatric population, and arthritic patients. Pediatric experiences will be incorporated into the class.

Prerequisite: PHT 1224. Offered: FA.

AS only.

PHT 2304 - Pathological Conditions in Physical Therapy II 3 cc

Discussion of special topics related to the practice of physical therapy. The pathology and medical management of special patient populations including patients with burns, psychiatric disorders, amputations, patients requiring orthotics or prosthetics, pediatric athletes, obstetric and gynecological patients, and oncology patients will be addressed. Gender-related issues, infectious diseases, lab tests and imaging methods will be presented. Pediatric experiences will be incorporated into the class.

Prerequisite: PHT 2301. Offered: SP.

AS only.

PHT 2401 - Psychosocial Issues of the Disabled 2 cc

Examination of psycho-social aspects of the individual with a disability. Emphasis on how the individual or their family relates to physical and social environments; specifically economic factors, support systems, discrimination, and loss and grief process.

Prerequisite: PHT 1224. Offered: SP.

AS only.

PHT 2810L - PTA Clinic II 6 cc

A full-time supervised and planned learning experience in a physical therapy practice setting under the direction of a clinical instructor (CI) who is either a PT or a PTA. Focuses on application of didactic knowledge and skills gained in the classroom and laboratory settings to the real world of patient care. The student is expected to function near entry-level (80% or greater) by the end of the clinical experience in that specific setting.

Prerequisite: PHT 1801L. Offered: FA.

AS only.

PHT 2820L - PTA Clinic III 6 cc

A full-time supervised and planned learning experience in a physical therapy practice setting under the direction of a clinical instructor (CI) who is either a PT or a PTA. Focuses on application of didactic knowledge and skills gained in the classroom and laboratory settings to the real world of patient care. The student is expected to function near entry-level (90% or greater) by the end of the clinical experience in that specific setting.

Prerequisite: PHT 2810L. Offered: SP.

AS only.

PHY - PHYSICS**PHY 1020 - Introduction to Fundamentals of Physics 3 cc**

Introduces the student to the field of physics. Emphasis on the fundamental concepts, language, and mathematics used in physics. Topics include mechanics, sound, and heat.

Corequisite: MAC 1105. Distribution: Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP.

PHY 1053 - General Physics I 3 cc

General Physics I is the first term of a two term non-calculus based physics course sequence. Topics included are: scalar and vector quantities, Newton's laws of motion, linear and rotational motion, energy, momentum, fluid dynamics, heat, and sound.

Prerequisite: MAC 1114 or MAC 1147 or PHY 1020 or PHY 1025. Corequisite: PHY 1053L. Distribution: Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP, SU.

PHY 1053L - General Physics I Laboratory 1 cc

A laboratory course designed to illustrate the laws and principles presented in PHY 1053.

Corequisite: PHY 1053. Offered: FA, SP, SU.

Lab Fee.

PHY 1054 - General Physics II 3 cc

Major topics include the study of magnetism, electricity, light, and the elements of modern physics.

Prerequisite: Grade of C or better in PHY 1053. Corequisite: PHY 1054L. Offered: SP.

PHY 1054L - General Physics II Laboratory 1 cc

A laboratory course designed to illustrate the laws and principles presented in PHY 1054.

Prerequisite: Grade of C or better in PHY 1053L. Corequisite: PHY 1054. Offered: SP.

Lab Fee.

PHY 2048 - Physics I with Calculus 4 cc

Emphasis on fundamental principles, the quantitative and mathematical aspects of the subject. For engineers and physics majors, optional for chemistry majors. Includes a study of mechanics and thermodynamics. A free use of calculus methods and derivations lay the foundation for basic principles.

Corequisite: MAC 2312, PHY 2048L. Distribution: Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement. Offered: FA, SP.

PHY 2048L - Physics I with Calculus Laboratory 1 cc

A laboratory course designed to illustrate the laws and principles presented in PHY 2048.

Corequisite: PHY 2048. Offered: FA, SP.

Lab Fee.

PHY 2049 - Physics II with Calculus 4 cc

Includes the study of waves, sound, optics, special relativity, electromagnetism, and quantization.

Prerequisite: MAC 2312, Grade of C or better in PHY 2048.

Corequisite: PHY 2049L. Offered: FA, SP.

PHY 2049L - Physics II with Calculus Laboratory 1 cc

A laboratory course designed to illustrate the laws and principles presented in PHY 2049.

Prerequisite: Grade of C or better in PHY 2048L. Corequisite: PHY 2049. Offered: FA, SP.

Lab Fee.

PLA - PARALEGAL LEGAL ASSISTANT LEGAL ADMINISTRATION

PLA 1003 - The Legal Profession 3 cc

Provides the student with an overview of the legal system including ethics, our court system, and the functions of a law office, an introduction to procedural and substantive law, and an introduction to civil trial practice.

Offered: FA, SP, SU.

PLA 1104 - Legal Research and Writing I 3 cc

Emphasizes learning to use the law library, basic research of both common law and statutory sources, tools and techniques for research, and introduces legal writing culminating in the student writing a legal memorandum. This course should be taken during the student's first fall semester.

Offered: FA.

PLA 1203 - Civil Litigation 3 cc

Provides the student with hands-on experience and practical knowledge of civil litigation from the inception of a case through trial of the case, including familiarity with the Florida Rules of Civil Procedure.

Prerequisite: PLA 1003. Corequisite: PLA 1273. Offered: SP.

PLA 1273 - Torts 3 cc

In depth coverage of the law of intentional torts, negligence, strict liability, and related defenses. Other topics covered include malpractice, insurance, and other business torts.

Prerequisite: PLA 1003. Offered: FA.

PLA 1303 - Criminal Law and Procedure 3 cc

Provides an overview of the foundations of the criminal law system, its institutions, substantive offenses, criminal procedures, and criminal trials.

Prerequisite: PLA 1003. Offered: FA.

PLA 1700 - Legal Ethics 3 cc

Introduces the student to the types of ethical dilemmas that they may face in the workforce, to the ethical rules developed by the American Bar Association, to the rules adopted by The Florida Bar for the regulation of attorney and paralegal conduct, and to methods for researching the answers to ethical dilemmas. Includes the model ethical codes and canons of national paralegal organizations.

Offered: SP.

PLA 2114 - Legal Research and Writing II 3 cc

Applies the research principles and techniques learned in prerequisite courses (including the effective use of Westlaw) to develop, refine, and incorporate effective legal research into legal memoranda and other written communications required in a law office.

Prerequisite: ENC 1102, PLA 1104, PLA 2730. Offered: SP.

Lab Fee.

PLA 2260 - Evidence 3 cc

Covers rules regarding the admissibility of evidence in trials presented by a review of the Florida Evidence Code and its application in case law.

Offered: FA.

PLA 2276 - Automobile Insurance, Workers' Compensation, and Administrative Law 3 cc

Includes in-depth study of Florida automobile insurance law, worker's compensation law, and administrative law. Approximately 1/3 of the course is devoted to each separate topic. Although these are 3 diverse topics, each is essential to paralegal work in law offices handling these matters.

Offered: SP.

PLA 2423 - Contracts 3 cc

Covers the fundamentals of contract law including contract formation, the UCC, contract provisions, and drafting of simple contracts.

Offered: SP.

PLA 2433 - Business Organizations 3 cc

A study of the law of business organizations together with its application in the related fields of agency and vicarious liability.

Offered: FA.

PLA 2601 - Probate 3 cc

Covers probate law, wills, intestacy, duties of personal representatives, trusts, and estate administration.

Prerequisite: PLA 1003. Offered: FA.

PLA 2610 - Real Estate Law 3 cc

Reviews the principles of real property transactions including real versus personal property, deeds, concurrent estates, mortgages, liens, easements, and title considerations.

Offered: SP.

PLA 2730 - Computers in Law 3 cc

The student utilizes computer in legal research, drafting, with a primary focus on learning and using Westlaw in research. The student will prepare legal documents customarily prepared in the law office.

Prerequisite: PLA 1104. Offered: FA.

Lab Fee.

PLA 2800 - Domestic Relations 3 cc

Covers research into and drafting of pleadings for dissolution of marriage, separation, custody, legitimacy, adoption, change of name, and support.

Offered: FA.

PLA 2880 - Constitutional Law 3 cc

Gives an overview from a lawyer's perspective of the constitutional articles and amendments. The student will explore the three branches of government, the interpretation of the articles creating each, individual rights in society, changes in constitutional interpretation, and the role of the Supreme Court in this interpretation.

Offered: SP.

PLA 2943 - Law Office Internship 3 cc

Provides the student with practical law office experience working as a paralegal trainee. This is a non-paid position that involves working in a law office 145 hours during the semester. The student will receive a pass/fail grade based upon the employer's evaluation of the student.

Prerequisite: Permission required, forty-five completed credit hours, enrolled in Paralegal Studies program, and a 3.5 GPA.

Offered: FA, SP, SU.

AS only.

PLA 2944 - Paralegal Practicum 3 cc

Simulates through an online program working in a law office. The student is given a virtual office space with files, phone, policy manual, form bank and access to other firm members through video presentations. The student will complete legal tasks including preparation of documents and research that are required in a law office environment.

Prerequisite: PLA 1003, PLA 1104, PLA 1203. Corequisite: PLA 2730 Offered: SP.

AS only. Lab Fee.

PLA 2949 - Paralegal Studies Co-op 3 cc

Cooperative Education (Co-op) is a planned, paid work experience whereby a student is employed in a job directly related to the student's academic field of study. Each student must meet certain academic and co-op departmental requirements before qualifying for job referral and placement. Once enrolled, a student is assigned a Faculty Advisor who, along with the Co-op staff, will monitor student progress. The co-op program offers academic and vocational credit for each term worked, and the Faculty Advisor will assign either a Pass or Fail grade at the end of the work term.

Prerequisite: Permission required. Offered: FA, SP, SU.

AS only.

PMT - PRECISION METALS TECHNOLOGY

PMT 0070C - Welder Assistant I 150 ch

Prepares the student for entry into the welding industry. Explores career opportunities and requirements of a professional welder. Emphasizes beginning skills key to the success of working in the industry. The student studies workplace safety and organization, basic manufacturing processes, metals identification, basic interpretation of welding symbols, and oxyfuel gas cutting practices.

Offered: FA.

Lab Fee.

PMT 0071C - Welder Assistant 2 150 ch

Builds on the skills and knowledge students learned in Welder Assistant 1 for entry into the welding industry. Explores career opportunities and requirements of a professional welder. Emphasizes beginning skills key to success of working in the welding industry. The student studies drawings and welding symbols, intermediate oxyfuel gas cutting practices, plasma arc cutting principles, and basic shielded metal arc welding (SMAW).

Prerequisite: PMT 0070C. Offered: FA.

Lab Fee.

PMT 0072C - Welder, SMAW 1 150 ch

Prepares the student for entry into the welding industry as a basic shielded metal arc welder. Explores career opportunities and requirements of a professional welder. Emphasizes beginning skills key to the success of working in the welding industry. The student studies basic shielded metal arc welding (SMAW), carbon arc gouging (GAC) principles, and visual examination skills.

Prerequisite: PMT 0071C. Offered: FA.

Lab Fee.

PMT 0073C - Welder, SMAW 2 150 ch

Builds on the skills and knowledge the student learned in Welder SMAW 1 for entry into the welding industry as a basic shielded metal arc welder. Explores career opportunities and requirements of a professional welder. Emphasizes beginning skills key to the success of working in the welding industry. The student studies employability and welding careers and intermediate shielded metal arc welding (SMAW).

Prerequisite: PMT 0072C. Offered: SP.

Lab Fee.

PMT 0076C - Advanced Welder II 150 ch

Prepares advanced welders for entry into emerging welding industries. Explores career opportunities and requirements of a professional welder. Emphasizes advance skills key to the success of working in the welding industry. The student studies emerging technologies directly related to geographically relevant welding needs of business and industry.

Prerequisite: PMT 0078C. Offered: FA, SP, SU.

PMT 0077C - Advanced Welder 1A 375 ch

Prepares the student for entry into the welding industry. Explores career opportunities and requirements of a professional welder. Emphasizes advanced skills key to the success of working in the welding industry. Intermediate and advanced Shielded Metal Arc Welding (SMAW) B-Class Welder, pipe fitting fabrication techniques are covered.

Prerequisite: Students must successfully complete Welding Technology or demonstrate mastery of the outcomes in that program prior to enrollment. Offered: FA, SP, SU.

PMT 0078C - Advanced Welder 1B 225 ch

Prepares the student for entry into the welding industry. Explores career opportunities and requirements of a professional welder. Emphasizes advanced skills key to the success of working in the welding industry. The student studies advanced Gas Tungsten Arc Welding (GTAW).

Prerequisite: PMT 0077C. Offered: FA, SP, SU.

PMT 0080C - Welder I 150 ch

Builds on the skills and knowledge students learned in the Welder Assistant and Welder SMAW courses. Explores career opportunities and requirements of a professional welder. Emphasizes skills key to the success of working in the welding industry. The student studies basic and intermediate Gas Metal Arc Welding (GMAW) and basic Flux cored arc welding.

Prerequisite: PMT 0073C. Offered: FA, SP, SU.

Lab Fee.

PMT 0081C - Welder II 150 ch

Builds on the skills and knowledge students learned in previous welding courses. Explores career opportunities and requirements of a professional welder. Emphasizes skills key to the success of working in the welding industry. Students study intermediate Flux-Core Arc Welding (FCAW), Basic and Gas Tungsten Arc Welding (GTAW).

Prerequisite: PMT 0080C. Offered: FA, SP, SU.

Lab Fee.

PMT 0082C - Welder III 150 ch

Builds on the skills and knowledge students learned in previous welding courses. Explores career opportunities and requirements of a professional welder. Emphasizes skills key to the success of working in the welding industry. The student studies intermediate Gas Tungsten Arc Welding (GTAW), and a basic pipe welding.

Prerequisite: PMT 0081C. Offered: FA, SP, SU.

Lab Fee.

POS - POLITICAL SCIENCE**POS 2041 - American National Government 3 cc**

A study of the American federal system of government with emphasis on the constitutional distribution of powers among the legislative, executive, and judicial branches and the states. An analysis of policy formation as related to democratic theory and the role of government in the society.

Prerequisite: ENC 1101C with a grade of C or better. Distribution: Meets AA General Education Core, Social Sciences requirement. A writing emphasis course. Satisfies the State of Florida civic literacy requirement. Offered: FA, SP, SU.

PRN - PRACTICAL NURSING**PRN 0098C - Practical Nursing Foundations I 300 ch**

Introduces the student to health care delivery systems; the practice safety, security, and emergency procedures; description of blood borne disease; performance of patient and personal care; provision of patient-centered care for the geriatric population; provision of restorative activities; description of organizational functions; computer literacy; appropriate verbal and written communication; legal and ethical responsibilities; the principles of infection control; performance of aseptic techniques; the structure and function of the body; and the principles of nutrition.

Offered: SP.

PRN 0099C - Practical Nursing Foundations II 300 ch

Introduces the student to human growth and development across the lifespan; performance of nursing procedures; demonstration of how to administer medication; provision of bio-psycho-social support; demonstration of healthy lifestyle responsibility specific to personal health maintenance; implement education and resources for family wellness; and participation in community health awareness forums.

Prerequisite: PRN 0098C. Offered: SP.

PRN 0290C - Medical Surgical Nursing I 300 ch

Introduces the student on how to care for the surgical patient with a Cardiovascular, Respiratory, Lymphatic, Musculoskeletal, Endocrine or Integumentary disease/disorder; and demonstration of how to care for pre-operative and post-operative patients, utilizing nursing principles.

Prerequisite: PRN 0098C, PRN 0099C. Offered: SU.

PRN 0291C - Medical Surgical Nursing II 300 ch

Introduces the student on how to care for the surgical patient with a Cardiovascular, Respiratory, Lymphatic, Musculoskeletal, Endocrine or Integumentary disease/disorder; and demonstration of how to care for pre-operative and post-operative patients, utilizing nursing principles.

Prerequisite: PRN 0098C, PRN 0099C, PRN 0290C. Offered: FA.

PRN 0690C - Comprehensive Nursing and Transitional Skills 150 ch

Introduces the student on how to care for maternal/newborn patients, utilizing nursing principles; demonstration knowledge of SIDS/ SUIDS as it relates to the practical nursing role; demonstration of how to care for pediatric patients, utilizing nursing principles; development of transitional skills; and demonstration of employability skills specific to practical nursing.

Prerequisite: PRN 0098C, PRN 0099C, PRN 0290C, PRN 0291C. Corequisite: PRN 0291C. Offered: FA.

PSY - PSYCHOLOGY**PSY 2012 - General Psychology 3 cc**

A survey of psychology as a social science incorporating the physiological aspects of personality development and mental health. Focuses on the adaptation of the individual to his or her physical and social environments. Human motives and emotions, learning and memory, attention, thinking, intelligence, personality, and abnormal mental conditions are among the topics covered. Emphasizes the physiological and socio-environmental causes of behavior.

Prerequisite: Grade of C or better in ENC 1101C. Distribution: Meets AA General Education Core, Social Sciences requirement. A writing emphasis course. Offered: FA, SP, SU.

PSY 2932 - Special Topics in Research Methods 3 cc

Introduces the basic principles and elements of research. Provides an opportunity to explore, research, observe and discuss special topics, problems, current and historical issues and emerging trends in psychology and society.

Offered: SP.

PTN - PHARMACY TECHNICIAN**PTN 1001 - Introduction to Pharmacy 3 cc**

Introduces the student to pharmacy practice and the technician's role in a variety of pharmacy settings. Emphasis on the duties and responsibilities of the pharmacy technician, including critical thinking and professional judgment skills. Explores employment opportunities, introduction to interpreting and processing prescriptions, pharmacy law and ethics, standards of practice, and orientation to the skills required for the occupation of a pharmacy technician.

Prerequisite: PTN 1017, PTN 1131, PTN 1131L. Offered: SU.

AS only. Lab Fee.

PTN 1017 - Pharmacy Technician Math 3 cc

Provides a comprehensive overview of math concepts essential to the practice of the pharmacy technician's skill set. Covers the systems of weight, measurement and temperature, and the conversion from one system to another. Other topics include fractions, decimals, ratios, proportions, percentages and allegations. Emphasis on the math skills needed to calculate doses, drug quantity or volume, intravenous flow rates, and percentage concentrations.

Prerequisite: Grade of C or better in MAT 0028. Offered: SU.

AS only.

PTN 1121 - Therapeutic Agents I 3 cc

Introduces the student to pharmaceutical nomenclature and classification. Topics include the evolution and source of medicinal drugs, product identification, storage and dispensing requirements, dosage forms and routes of administration, mechanisms of drug actions, interactions, indications and contraindications. Covers antibiotics, therapy for fungal and viral infections, anesthetics, analgesics, narcotics, psychiatric and related drugs.

Prerequisite: HSC 1531, PTN 1001. Offered: SU.

AS only.

PTN 1122C - Therapeutic Agents II 3 cc

Continues from Therapeutic Agents I with the pharmaceutical nomenclature and classification of drugs for central nervous system disorders, drugs for gastrointestinal and related diseases, renal, respiratory, and cardiovascular system drugs, drugs for muscle and joint disease pain, hormonal disorders and their treatments, and topical, ophthalmic, and otic medications. Special topics include chemotherapy, vitamins, OTC supplements, antidotes and miscellaneous topics.

Prerequisite: PTN 1121. Offered: FA.

AS only.

PTN 1131 - Applied Pharmacy Practice 3 cc

Provides instruction in the technical procedures for preparing and dispensing drugs in the hospital and retail settings under supervision of a registered pharmacist. Topics include drug packaging and labeling, out-patient dispensing, hospital dispensing procedures, controlled substance procedures, inventory control, non-sterile compounding, intravenous admixture, maintaining patient profiles, prescription order entry and label creation. Upon completion, the student will be able to perform basic supervised dispensing techniques in a variety of pharmacy settings.

Prerequisite: PTN 1001. Corequisite: PTN 1131L. Offered: FA.

AS only.

PTN 1131L - Applied Pharmacy Practice Lab 3 cc

Provides practical hands-on instruction of the technical procedures required for preparing and dispensing drugs in the hospital and retail settings in a laboratory environment. The student will practice and perform skills such as drug packaging and labeling, non-sterile compounding, IV admixture using aseptic technique, maintaining patient profiles, and typing and filling drug orders. Upon completion, the student will be able to perform basic supervised dispensing techniques in a variety of pharmacy settings.

Prerequisite: PTN 1001. Corequisite: PTN 1131. Offered: FA.

AS only. Lab Fee.

PTN 1132C - Basic Business Skills for the Pharmacy Technician 1 cc

Combined lecture, lab and clinic course that provides an introduction to professional skills that are critical to the efficient operation of the pharmacy. Topics include customer service, protecting patients' health information, ethics, third-party payers, medication and inventory control, business math applications, managing workflow, staffing and team building. Emphasis is placed on communication skills and professionalism.

Prerequisite: PTN 1001, PTN 1017, PTN 1121C. Corequisite: BSC 1080, CGS 1570, ENC 1101C, HSC 1531. Offered: SU.

AS only.

PTN 1930 - Pharmacy Seminar 1 cc

Provides a discussion forum for topics of special interest or currency to pharmacy or to the role of the pharmacy technician. Topics may include discussion of law and rule pertaining to the role of pharmacy technicians, research and presentation of innovative trends in the field of pharmacy, presentation of current pharmacy issues for discussion, and introduction to national pharmacy technician organizations and certification.

Prerequisite: PTN 1001. Offered: FA.

AS only.

PTN 1940L - Pharmacy Practicum I 2 cc

Facilitates the transition of the student from the classroom environment to the clinical site. Topics include professionalism, productivity, work ethic, handling challenging situations, and problem solving with emphasis on success in the workplace. Additional topics include employment opportunities, resume writing, and interviewing skills. The student will participate in a mock panel interview and complete a virtual pharmacy externship.

Prerequisite: PTN 1121. Corequisite: PTN 1122C. Offered: FA.

AS only. Lab Fee.

PTN 1941L - Pharmacy Practicum II 3 cc

Provides the student with hands-on experience in an inpatient hospital setting. Involves a minimum of 180 hours of on-the-job work experience. The student is required to work under the supervision of a licensed pharmacist (preceptor) who may delegate some supervisory and/or training responsibilities to another licensed pharmacist or certified pharmacy technician. The student is expected to participate in pharmacy practice activities such as dispensing, compounding, inventory handling and control, drug distribution, and the preparation of intravenous (IV) admixture products, chemotherapy products, and total parenteral nutrition (TPN) products.

Prerequisite: PTN 1940L. Offered: SP.

AS only.

PTN 1942L - Pharmacy Practicum III 3 cc

Provides the student with hands-on experience in a community pharmacy setting. Involves a minimum of 180 hours of on-the-job work experience. The student is required to work under the supervision of a licensed pharmacist (preceptor) who may delegate some supervisory and/or training responsibilities to another licensed pharmacist or certified pharmacy technician. The student is expected to participate in pharmacy practice activities such as dispensing, compounding, inventory handling and control, drug distribution, processing of third-party claims, maintenance of patient profiles, and interaction and communication with patients.

Prerequisite: PTN 1941L. Offered: SP.

AS only.

REA - READING**REA 0007 - Developmental Reading I 3 cp**

REA 0007 is a college preparatory reading course that builds basic skills in vocabulary and literal and critical comprehension. This course emphasizes student development of successful reading strategies.

Prerequisite: Appropriate score on the Florida entry-level placement exam. Offered: FA, SP, SU.

Lab Fee.

REA 0017 - Developmental Reading II 3 cp

REA 0017 is a college preparatory reading course that advances college-level skills in vocabulary and literal and critical comprehension. This course emphasizes student development of successful reading strategies.

Prerequisite: Appropriate score on the Florida entry-level placement exam or completion of REA 0007 with grade of C or better. Offered: FA, SP, SU.

Lab Fee.

REA 0055 - Developmental Reading Modules 1 cp

Based on a student's performance on a diagnostic instrument or in a previous attempt of REA 0017, this course covers up to 33% of the material in REA 0017, which advances college-level skills in vocabulary and literal and critical comprehension and emphasizes student development of successful reading strategies.

Prerequisite: Appropriate score on the Florida entry-level placement exam or accelerated completion of 67% or more of REA 0017 and permission required. Offered: FA, SP, SU.

Lab Fee.

REA 0056 - Developmental Reading Modules 2 cp

Based on a student's performance on a diagnostic instrument or in a previous attempt of REA 0017, this course covers up to 66% of the material in REA 0017, which advances college-level skills in vocabulary and literal and critical comprehension and emphasizes student development of successful reading strategies.

Prerequisite: Appropriate score on the Florida entry-level placement exam or accelerated completion of 34% or more of REA 0017 and permission required. Offered: FA, SP, SU.

Lab Fee.

RTE - RADIOLOGIC TECHNOLOGY**RTE 1000C - Introduction to Radiologic Technology 2 cc**

Introduces the student to basic patient care procedures, understanding radiography clinical settings, and common terminology used in the clinical setting. The student will have a basic understanding of the role of the radiographer, the hospital, and regulations of the program. Medical ethics and legal considerations are also emphasized.

Offered: SU.

AS only.

RTE 1111C - Radiographic Nursing Procedures 3 cc

Introduces the student to basic nursing procedures required in the Imaging Department. Body mechanics, lifting, and transferring patients, vital signs, emergency and infection control procedures, pharmacology, drug administration, and contrast media procedures are presented and demonstrated.

Offered: FA.

AS only.

RTE 1418C - Principles of Radiographic Exposure 3 cc

An overview of the production of the radiographic image on film involving both lecture and laboratory exercises. Laboratory experiments will be performed with campus radiographic equipment and phantoms demonstrating the various factors relating to and affecting radiographic images.

Offered: SP.

AS only. Lab Fee.

RTE 1503C - Radiographic Positioning I 3 cc

Introduces the student to instruction in radiographic examinations of the chest, abdomen, and extremities.

Corequisite: RTE 1000C, RTE 1111C, RTE 1418C, RTE 1804L.

Offered: FA.

AS only.

RTE 1513C - Radiographic Positioning II 3 cc

Introduces the student to instruction in positioning of the extremities, spine, and pelvis of the body.

Prerequisite: RTE 1000C, RTE 1111C, RTE 1418C, RTE 1503C, RTE 1804L. Corequisite: RTE 1814L, RTE 2473, RTE 2601. Offered: SP.

AS only.

RTE 1562C - Radiographic Special Procedures 2 cc

Introduces the student to instruction in angiographic procedures, equipment, and fluoroscopic procedures.

Prerequisite: RTE 1503C, RTE 1804L, RTE 1814L, RTE 2473, RTE 2601. Corequisite: RTE 1824L. Offered: SU.

AS only.

RTE 1804L - Radiography Clinic I 4 cc

Introduces the student to the clinical setting and while directly supervised the student will demonstrate radiographic procedures. Corequisite: RTE 1000C, RTE 1418C, RTE 1503C. Offered: FA. AS only. Lab Fee.

RTE 1814L - Radiography Clinic II 5 cc

Introduces the student to the clinical setting and while directly supervised the student will demonstrate radiographic procedures. Prerequisite: RTE 1000C, RTE 1111C, RTE 1418C, RTE 1503C, RTE 1804L. Corequisite: RTE 1513, RTE 2473, RTE 2601. Offered: SP. AS only. Lab Fee.

RTE 1824L - Radiography Clinic III 5 cc

Introduces the student to the clinical setting and while directly supervised the student will demonstrate radiographic procedures. Prerequisite: RTE 1513C, RTE 1804L, RTE 1814L, RTE 2473, RTE 2601. Corequisite: RTE 1562C. Offered: SU. AS only. Lab Fee.

RTE 2061 - ARRT Review 2 cc

Presents the student with instruction on how to prepare for the national certification examination for Radiologic Technologist. Prerequisite: RTE 1824L, RTE 2523C, RTE 2563, RTE 2872, RTE 2844L. Corequisite: RTE 2854L. Offered: SP. AS only.

RTE 2473 - Radiation Biology, Safety and Quality Assurance 2 cc

Introduces the student to instruction of radiation interaction at the cellular level, the effects of acute and chronic exposure to radiation, and introduces the student to the quality of image. Prerequisite: RTE 1000C, RTE 1111C, RTE 1418C, RTE 1503C, RTE 1804L. Corequisite: RTE 1513C, RTE 1814L, RTE 2601. Offered: SP. AS only.

RTE 2523C - Radiographic Positioning III 2 cc

Introduces the student to instruction in special views, mammography, myelography, and special equipment. Prerequisite: RTE 1562C, RTE 1814L, RTE 1824L, RTE 2473, RTE 2601. Corequisite: RTE 2563, RTE 2782, RTE 2844L. Offered: FA. AS only.

RTE 2563 - Advanced Radiographic Procedures II 3 cc

An overview of advanced procedures in various areas, including radiation therapy, cardiac catheterization, magnetic resonant imaging, and computed tomography. Also cross sectional anatomy of the body begins. Offered: FA. AS only.

RTE 2601 - Radiographic Imaging 3 cc

Introduces the student to instruction in radiographic, fluoroscopic, and image recording equipment. Prerequisite: RTE 1000C, RTE 1111C, RTE 1418C, RTE 1503C, RTE 1804L. Corequisite: RTE 1513C, RTE 1814L, RTE 2473. Offered: FA. AS only.

RTE 2782 - Applied Radiographic Pathophysiology 3 cc

Introduces the student to instruction in disease process. Prerequisite: RTE 1562C, RTE 1814L, RTE 1824L, RTE 2473, RTE 2601. Corequisite: RTE 2523C, RTE 2563, RTE 2844L. Offered: SP. AS only.

RTE 2844L - Radiography Clinic IV 5 cc

Introduces the student to the clinical setting and while directly supervised the student will demonstrate radiographic procedures. Prerequisite: RTE 1562C, RTE 1814L, RTE 1824L, RTE 2473, RTE 2601. Corequisite: RTE 2523C, RTE 2562, RTE 2782. Offered: FA. AS only. Lab Fee.

RTE 2854L - Radiography Clinic V 5 cc

Introduces the student to the clinical setting and while directly supervised the student will demonstrate radiographic procedures. Prerequisite: RTE 1824L, RTE 2523C, RTE 2563, RTE 2782, RTE 2844L. Offered: SP. AS only. Lab Fee.

SBM - SMALL BUSINESS MANAGEMENT

SBM 2000 - Small Business Management 3 cc

Examines the various aspects of starting, acquiring, and operating a small business enterprise. It is a comprehensive discussion of problems encountered by small businesses. A study of management principles and procedures provides methods of resolving these problems. Prerequisite: ENT 1000. Offered: FA, SP, SU.

SLS - STUDENT LIFE SKILLS

SLS 0380 - Introduction to Entrepreneurship 60 ch

Introduces the student to entrepreneurship: the formation, planning, management and operation of a small business. Presents a logical sequence of the necessary steps for either starting a new business or strengthening and continuing an existing business. Basic principles of finance, marketing, business law, accounting, management will be presented within the context of the small business. Includes insurance billing and networking. Prerequisite: Permission required. Offered: SP, SU.

SLS 1101 - College Success 3 cc

Teaches the skills necessary for college and career success. Critical thinking, time and financial management, study and test-taking strategies, and effective interpersonal communication are emphasized. Students explore learning styles, career options, and motivation, among other relevant topics. Offered: FA, SP, SU.

SON - SONOGRAPHY

SON 1004C - Basic Procedures 4 cc

Introduces the student to clinical protocols/procedures and the role of the sonographer. Competency in patient care skills required of a sonographer is acquired. Includes common disease processes, medical terminology, and professional issues. Prerequisite: BSC 1080, BSC 1080L, PHY 1025. Offered: SP. AS only.

SON 1100C - Principles and Protocols of Sonography 5 cc

Introduces the student to the basic principles of sonographic scanning and scanning protocols for the abdomen, pelvis, and vascular system with laboratory practice of basic skills and application of basic principles.

Corequisite: SON 1170. Offered: SU.

AS only. Lab Fee.

SON 1111 - Abdominal Sonography I 3 cc

Covers the sonographic appearance of the abdominal cavity, recognition of abnormality sonographically, and optimizing imaging of the abdomen. Includes gross anatomy and physiology of abdomen structures and congenital malformations.

Prerequisite: SON 1100C, SON 1170. Offered: FA.

AS only.

SON 1112 - Abdominal Sonography II 3 cc

Continuation of SON 1111 stressing deviation from normal and customizing the sonographic examination to make a diagnostically optimal study. Covers pathological processes and differential diagnosis of the abdominal organs.

Prerequisite: SON 1111. Offered: SP.

AS only.

SON 1121 - OB/GYN Sonography I 3 cc

Covers the sonographic appearance of the female reproductive system with and without pregnancy, recognition of abnormality sonographically, and optimizing imaging of the female pelvis. Includes gross anatomy and physiology of the female reproductive system and congenital malformations. Covers anatomy and physiology of normal obstetrics from fertilization through the post natal period and obstetrical sonographic imaging.

Prerequisite: SON 1100C, SON 1170. Offered: FA.

AS only.

SON 1122 - OB/GYN Sonography II 3 cc

Continuation of SON 1121 stressing deviation from normal and customizing the sonographic examination to make a diagnostically optimal study. Covers gynecologic pathologic processes, differential diagnosis, and obstetrical abnormalities during all phases of obstetrics and postpartum.

Prerequisite: SON 1121. Offered: SP.

AS only.

SON 1144 - Superficial Structures (Small Parts) 3 cc

Includes anatomy, physiology, and pathophysiology of the superficial structures imaged with sonography. Sonographic recognition of normal and pathologic states and the techniques unique for superficial structure imaging is stressed.

Prerequisite: SON 1112. Offered: SU.

AS only.

SON 1170 - Sonography of the Circulatory System 3 cc

Introduces the student to the hemodynamics of circulatory systems and the sonographic imaging and Doppler assessment of the cardiac and vascular structures.

Corequisite: SON 1100C. Offered: SU.

AS only.

SON 1211 - Medical Sonography Physics I 3 cc

Offers the principles of diagnostic ultrasound and presents the fundamental properties of ultrasound physics. Introduces tissue interactions and interfaces, focusing characteristics and methods and intensity and power considerations, and system resolution considerations.

Prerequisite: SON 1100C, SON 1170. Offered: FA.

AS only.

SON 1212 - Medical Sonography Physics II 3 cc

Offers further consideration of the properties of diagnostic ultrasound stressing the operation of the diagnostic equipment, the display system, biological effects and quality assurance methods. Includes current developments in ultrasound.

Prerequisite: SON 1211. Offered: SP.

AS only.

SON 1214 - Practical Aspects of Sonography I 3 cc

Explores the practical application of sonography techniques, image critique, communication, patient care as related to sonographic examination, and the routine operation of a sonography department. Covers invasive procedures and cleaning and care of equipment care. Legal, ethical, and cultural issues for sonography are discussed. Professionalism and communication are stressed.

Prerequisite: SON 1170. Offered: FA.

AS only.

SON 1215 - Practical Aspects of Sonography II 3 cc

Offers more advanced principles of diagnostic ultrasound, adding knowledge of pathological processes and differential diagnosis. Further presenting the practical aspects of scanning techniques, image critique, communication, patient care as related to sonographic examination, and the routine operation of a sonography department while stressing professionalism. Covers scientific research, professional organizations, credentialing, and electronic communication.

Prerequisite: SON 1214. Offered: SP.

AS only.

SON 1804L - Sonography Clinic I 6 cc

Under professional supervision the student learns and practices in actual clinical settings combining skills learned in previous courses and didactic knowledge. Professionalism and personal interactions are stressed along with technical abilities for obtaining images.

Prerequisite: SON 1170. Offered: FA.

AS only. Lab Fee.

SON 1814L - Sonography Clinic II 6 cc

Continuation of SON 1804L. The student will continue to build skills utilizing clinical facilities. Deviation from normal and adaptation of sonographic studies to obtain optimal data is stressed.

Prerequisite: SON 1804L. Offered: SP.

AS only. Lab Fee.

SON 1824L - Sonography Clinic III 6 cc

Clinical education requiring application of knowledge learned in previous courses. Professionalism and personal interactions are stressed along with technical abilities. The student will be able to explain and demonstrate all procedures learned in prior clinics and didactic courses. The student will be under the supervision of a registered sonographer during all examinations. The student may have an opportunity to explore an area of sonography of special interest.

Prerequisite: SON 1814L. Offered: SU.

AS only. Lab Fee.

SON 1834L - Clinic Skills Maintenance 2 cc

An extension of the Sonography Clinical Experience to bridge a hiatus in the student's program. Under supervision, the student will maintain Sonography skills utilizing clinical facilities.

Offered: FA, SP.

AS only.

SON 2009 - Diagnostic Medical Sonography Review 1 cc

Discussion and presentation course focusing on interpersonal skill refinement, employment issues, and career development; a comprehensive curriculum review of all aspects of Sonography and detailed discussions on applying for licensure, as students prepare for the transition to the work place.

Prerequisite: SON 1215. Offered: SU.

AS only.

SON 2935L - Special Topics Continued Practice 2 cc

Provides the Sonography graduate an opportunity to participate in a clinical experience that will assist the graduate in making the transition from the academic to the work setting.

Prerequisite: Successful completion of Pensacola State College's Sonography program and permission required. Offered: FA, SP, SU.

AS only.

SON 2942L - Internship in Sonography 2 cc

Planned work-based experience that provides the student with an opportunity to fine-tune skill sets learned in course-work and enhance workplace skills through supervised practical experiences related to their career objectives. Each earned credit of internship requires a maximum of 80 clock hours of work. Multiple credit course. May be repeated for credit, but grade forgiveness cannot be applied.

Prerequisite: Successful completion of Pensacola State College's Sonography program and permission required. Offered: FA, SP, SU.

AS only.

SOW - SOCIAL WORK**SOW 2031 - Introduction to Social Work and Social Welfare 3 cc**

Examines the history, practice settings, and career paths of the social work profession. Four components are used to view social work issues: economic and social justice, a supportive environment, human needs and rights, and political access. With an emphasis on advocacy, all levels of practice are studied including the clinical/client level, as well as the organizational, community, national, and international levels.

Offered: FA, SP.

SPC - SPEECH COMMUNICATION**SPC 1006 - Study of Speaking and Listening 1 cc**

Introduces the student to speech communication focusing on the study of speech composition and delivery and on basic listening skills.

Distribution: Serves as an elective for AA and AS students. Offered: SU.

SPC 1608 - Public Speaking 3 cc

Examines the concepts of speech communication via lecture, discussion, and practical experiences in public speaking, small group discussion and problem solving, and comprehensive and critical listening. A speaking-intensive course, participation may include original research, writing, and delivery of several types of formal speeches, panel discussions, and critical analysis and evaluation of other speakers.

Distribution: Meets AA General Education Electives, Communications requirement. Offered: FA, SP, SU.

SPC 2300 - Interpersonal Communication 3 cc

A study of the speech communication principles involved in one-to-one interaction, family, social, and occupational group communication, comprehensive listening, and intrapersonal thought. Discussions and activities focus on application of verbal and nonverbal communication to convey messages about the self, to create and maintain relationships, to improve academic and professional performance, and to manage/resolve conflict, among other concepts. Learning techniques may include formal and informal presentations, role play, simulation, and small group participation.

Distribution: Meets AA General Education Electives, Communications requirement. Offered: FA, SP.

SPN - SPANISH LANGUAGE**SPN 1120 - Beginning Spanish I 4 cc**

Emphasizes the development of basic skills in listening, speaking, reading, and writing Spanish with an introduction to culture. The student with two consecutive years of high school Spanish within the last 3 years with a grade of C or higher should begin in SPN 1121.

Offered: FA, SP, SU.

SPN 1121 - Beginning Spanish II 4 cc

Continued development of basic skills in listening, speaking, reading, and writing with greater emphasis on culture.

Prerequisite: Grade of C or better in SPN 1120 within the last 3 years, or permission required. Distribution: Meets AA General Education Electives, Humanities requirement. Offered: FA, SP, SU.

SPN 2200 - Intermediate Spanish I 3 cc

Development of ability to read with comprehension varied material on literature, culture, or history of Spanish-speaking countries with the emphasis on the oral-aural aspects of the language. The study of grammar is continued on a more advanced level.

Prerequisite: SPN 1121. Offered: TBA.

STA - STATISTICS

STA 2023 - Elementary Statistics 3 cc

A study of fundamental statistical methods including organization, analysis and interpretation of numerical data, measures of central tendency and dispersion, statistical distributions, sampling techniques, hypothesis testing, probability, z-tests, chi-square tests, correlations, and regression equations.

Prerequisite: Appropriate placement score or completion of MAT 1033C with grade of C or better. Distribution: Meets AA General Education Core, Mathematics requirement. Offered: FA, SP, SU.

STS - SURGICAL TECHNOLOGY STUDIES

STS 0010 - Surgical Technologist 1 150 ch

Introduces the student to basic sciences related to surgical technology. Includes an introduction to surgical technology, microbiology for surgical technologists, pharmacology and anesthesia.

Corequisite: Grade of C or better in HSC 0003C, STS 0015C. Offered: TBA.

STS 0011C - Surgical Technologist 2 450 ch

Expands the student's knowledge and understanding of the basic sciences related to surgical technology. Includes anatomy and physiology with pathophysiology relating to surgical interventions; aseptic technique, surgical supplies and surgical case management; and surgical procedures.

Prerequisite: Grade of C or better in STS 0010. Offered: TBA.

STS 0012L - Surgical Technologist 3 435 ch

Supervised experiences in the clinical setting where the student is a member of the surgical team. The student will apply and reinforce concepts of the principles of aseptic technique and the skills required of an entry level surgical technologist.

Prerequisite: Grade of C or better in STS 0011C. Offered: TBA.

STS 0015C - Central Supply Technician 210 ch

Introduces the student to basic medical principles regarding the use and processing of surgical instruments. Includes operations and procedures performed in the sterile processing department, key principles of microbiology as it relates to the surgical environment, instrumentation and lab, central service and lab, and identification of major instrument sets.

Corequisite: Grade of C or better in HSC 0003C. Offered: TBA.

STS 1302 - Fundamentals of Surgical Technology 3 cc

Introduces the student to surgery and the professional roles and responsibilities of the surgical team members, with focus on the surgical technologist in various healthcare setting. Instructional content includes but is not limited to, an introduction to surgical technology science, health care delivery system, communication, legal and ethical issues, concepts of wellness and disease, infection control, and procedural and occupational safety. Course discussion will include the design of the operating room, traffic patterns, physical components and environmental safety.

Prerequisite: Acceptance into the Surgical Technician or Central Supply Technician and completion of the required prerequisite courses. Offered: TBD.

AS only.

STS 1304C - Operating Room Techniques 4 cc

This combined classroom and laboratory course introduces techniques and processes involved in the preoperative, perioperative and postoperative phases of surgical technology. Topics covered will include operating room furniture, equipment, surgical scrub, gowning and gloving, development of the sterile field, patient positioning, surgical skin prep, and draping. The student will be required to simulate a surgical procedure from beginning to end. A satisfactory performance is mandatory for the student to advance in the program.

Prerequisite: Acceptance into the Surgical Technician or Central Supply program and completion of required prerequisite courses. Offered: FA.

AS only.

STS 1307C - Surgical Equipment and Instrumentation 5 cc

This combined classroom and laboratory course introduces the student of basic surgical instrumentation, passing of the instruments, proper care, reprocessing of instruments following a surgical procedure, and utilizing equipment in the operating room. The student will also learn about surgical wound, wound classifications, proper tissue handling techniques, wound closure, wound healing, suture material and stapling devices.

Prerequisite: Acceptance into the Surgical Technician or Central Supply program and completion of the required prerequisite courses. Offered: FA.

AS only.

STS 1340C - Surgical Science and Pharmacology 3 cc

This combined course is designed to introduce students to most commonly used pharmacological agents utilized for surgical patients in each phase of the perioperative area and those utilized in the treatment of complications and emergencies. Emphasis is placed on preoperative medications, anesthetics and medications utilized within the sterile field stressing identification, safe handling, preparation, measurements, management within the sterile field, handling/transfer, and usage. Other topics include pain management, respiratory and airway management, IV fluids and electrolyte replacement therapy.

Prerequisite: STS 1302, STS 1304C, STS 1307C, STS 2361. Offered: TBD.

AS only.

STS 2323C - Surgical Technique and Procedures 3 cc

This combined classroom and laboratory course is designed to prepare students for surgical procedures by providing instruction on diagnostic procedures and relevant equipment, supplies, and techniques. The course will also include the review of surgical anatomy, physiology, pathophysiology, relevant equipment, supplies, and techniques regarding general surgery, endoscopic surgery, gynecological and obstetrical surgery, genitourinary, orthopedic surgery, and ophthalmic surgery.

Prerequisite: HSC 1434C, STS 1340C. Offered: SU.

AS only.

STS 2361 - The Art of Teamwork in Surgery 3 cc

The course will cover professional management, communication skills and teamwork, ethical and moral issues in the healthcare setting, and legal issues and risk management. The student will learn the use of checklist and standard operating procedures.

Prerequisite: Acceptance into the Surgical Technology Program and completion of the required prerequisite courses. Offered: FA.

AS only.

STS 2938 - Surgical Procedure Capstone 1 cc

This course reviews the fundamental, foundations, and principles of the surgical technology training. The course will prepare the student for a position in the operating room which will include employability skills, portfolio preparation and an analysis of current knowledge regarding surgical technology core content. The course will highlight the importance of professional organizations and the credentialing process.

Prerequisite: STS 2323C, STS 2944L. Offered: FA.
AS only.

STS 2944L - Surgical Clinic I 4 cc

The first of two clinical courses designed to prepare the student for preoperative, intra-operative and postoperative surgical procedure experiences. The student will gain experiences in the role of the scrub, assistant circulator and second assistant. Performance evaluation includes surgical techniques, sterile technique, medication administration, prevention of wrong site surgery, prevention of foreign body retention, safe work practices, work ethics, professional ethics, legal requirements, reporting, documentation and efficiency in the work arena. The student will gain hands-on experience in the application of surgical techniques under the supervision of their preceptor and surgeon for the case.

Prerequisite: HSC 1434C, STS 1340C. Offered: TBD.
AS only.

STS 2945L - Surgical Technology Clinical II 4 cc

This course is the second in a series of two clinical courses. In this course the student will concentrate their clinical experience on circulating and scrubbing in on all phases of specialty surgical cases, assisting in the use of special instrument, procedures, and surgical equipment. The student will focus on obtaining the required surgical cases in the appropriate role as a surgical technologist.

Prerequisite: STS 2323C, STS 2944L. Offered: TBD.
AS only.

STS 2947L - Surgical Internship 6 cc

This clinical internship course provides surgical experiences for meeting hours, specified cases, and roles required for program completion. The student will function as surgical technologists in the surgical suites.

Prerequisite: STS 2323C, STS 2944L. Offered: FA.
AS only. Lab fee.

SUR - SURVEYING-RELATED-AREAS**SUR 2002C - Overview of Surveying 3 cc**

Covers advanced land survey with mapping, boundary surveys, photogrammetry, geodetic and contour surveying. Building on a required base of geographic information and basic surveying principles, focuses on the use of modern Photogrammetry, Cartography, Geographic Information Systems (GIS), and Global Positioning System (GPS) as required for use in land sub-division and building construction.

Prerequisite: GIS 2040C and MAC 1105. Offered: SU.
Lab Fee.

SYG - SOCIOLOGY-GENERAL**SYG 2000 - Introduction to Sociology 3 cc**

Introduces the student to the field of sociology as the systematic study of human group dynamics. Covers the theoretical foundations of sociology and their application to modern society. Some topics covered include: race and ethnicity, gender and age inequalities, globalization, education and politics. Invites the student to view and analyze their social world in a new and exciting perspective.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Core, Social Sciences requirement. Offered: FA, SP, SU.

TAX - TAXATION**TAX 2000 - Income Tax Procedures 3 cc**

A study of current Federal Income Tax Laws and rules as they apply to individual income tax returns. Actual tax forms are studied and prepared by the student. Topics include gross income, inclusions, and exclusions, personal itemized deductions, tax credits and pre-payments, capital gains and losses, and rental and self-employment income.

Prerequisite: ACG 2001 or ACG 2021. Offered: FA, SP.
AS only.

THE - THEATRE STUDIES AND GENERAL RESOURCES**THE 2000 - Theatre Appreciation 3 cc**

Designed to instill in the student a curiosity and interest in all areas of the theatre by inspiring him or her to look at this collaborative art form from the point of view of those who create it. This is not an acting class.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education Core, Humanities requirement. Offered: FA, SP, SU.

THE 2300 - Dramatic Literature 3 cc

Explores dramatic literature and develops the student's knowledge and appreciation of the elements of literature through the study of selected scripts, playwrights and dramatic theories. Among these elements are the history of dramatic literature, genre study and the theory and practice of dramatic analysis, and criticism.

Offered: SP.

THE 2925 - Theatre Colloquiums 1 cc

Special sessions centering on a specific topic designed to enhance specific professional skills. Topics will be drawn from the areas of acting, technical theatre, and dance/stage movement. In acting, the focus will be upon improvisational acting skills. In technical theatre, the focus will be on the focus will be on Old Age and basic Theatrical Make-up. In dance/stage movement, the focus will be on a variety of physical skills and movement exercises; safety conscious warm-up techniques; basic stage combat techniques will be introduced.

Prerequisite: DAN 2100, THE 2000. Offered: FA.
Lab Fee.

TPA - THEATRE PRODUCTION AND ADMINISTRATION

TPA 2200 - Introduction to Technical Theatre 3 cc

Basic design practice as applied to stage settings, practical exercises in construction, painting, mounting, and lighting a stage production. The student enrolled in this course will not be permitted to enroll in Stagecraft Workshop during the same semester.

Offered: SP.

TPA 2290C - Technical Laboratory 1 cc

Participation in the backstage technical operation of the current production. This course may be taken three times. Hours to be arranged.

Offered: FA, SP, SU.

TPP - THEATRE PERFORMANCE AND PERFORMANCE TRAINING

TPP 1100 - Introduction to Acting 3 cc

Introduces the student to the basic skills of acting, voice, and dance for the stage. Consists of one hour daily lectures/participation covering various aspects of theatre arts, including costumes, scenery, and make-up to be followed by three hours of rehearsal. The student will participate on stage or back stage in a musical or dramatic production. This course may be repeated as different productions are performed.

Offered: SU.

TPP 1110 - Acting I 3 cc

A practical study of beginning acting. Basic skills will be practiced in pantomime, improvisations, and selected scenes. Participation in current Pensacola State College production is encouraged, as well as studying other actors in performance in area theaters: Pensacola Little Theatre, University of West Florida, and local secondary schools.

Offered: FA.

TPP 1111 - Acting II 3 cc

A study of acting styles with practical application of acting skills in classroom exercises and extra-curricular activities. A study of the advantages and disadvantages of theatre as a vocation and/or an avocation.

Prerequisite: TPP 1110 or permission required. Offered: SP.

TPP 2190 - Rehearsal and Performance (3 times) 3 cc

Provides hands-on experiences in the preparation, rehearsal, and performance of a theatrical production. Production activities may include acting, singing, dancing, stage management, publicity, and stagecraft. May be repeated for credit. Permission only.

Prerequisite: Permission required. Offered: FA, SP, SU.

TPP 2190 - Rehearsal and Performance 1 cc

Provides hands-on experiences in the preparation, rehearsal, and performance of a theatrical production. Production activities may include acting, singing, dancing, stage management, publicity, and stagecraft. May be repeated for credit. Permission only.

Prerequisite: Permission required. Offered: FA, SP, SU.

TPP 2300 - Directing I 3 cc

Introduces the student to the fundamental principles and techniques of play direction to include script selection and analysis, casting, blocking, composition, picturization, interpretation, and staging of plays.

Prerequisite: TPP 1110 or permission required. Offered: FA.

TRA - TRANSPORTATION AND LOGISTICS

TRA 0080C - Tractor Trailer Truck Driver 320 ch

Prepares students for entry into the trucking industry. Students explore opportunities and requirements of a professional tractor-trailer truck driver. Topics include vehicle safety, accident prevention, operating regulations, cargo handling, documentation procedures, pre-trip preparation, vehicle inspection, maintenance, service, control procedures, backing, coupling, uncoupling, maneuvering, road and hazardous driving skills, and licensing requirements.

Offered: FA, SP, SU.

Student must have a valid Florida class E driver license and no violations that would prevent obtainment of the A CDL.

ZOO - ZOOLOGY

ZOO 2010 - General Zoology 3 cc

A zoological laboratory experience that includes microscopy, experimental exercises, and dissection. Morphological, physiological, and taxonomic aspects of animals are studied. Representative animals are used to illustrate significant characteristics of major and animal groups. Variety of form and function in animals is given considerable emphasis throughout the course. Local beach and marine animals are emphasized. Recommended for biology majors.

Prerequisite: Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better. Distribution: Meets AA General Education, Natural Sciences (Biological Sciences) requirement. Offered: FA, SP, SU.

ZOO 2010L - General Zoology Laboratory 1 cc

A zoological laboratory experience that includes microscopy, experimental exercises, and dissection.

Prerequisite: Placement at the college level or completion of the appropriate exit-language developmental course(s) with a grade of C or higher. Offered: FA, SP, SU.

Lab Fee.

G. Thomas Delaino	2002-2008

ALPHABETICAL LISTING OF EMPLOYEES

A

Addison, Sarah

Librarian, Library Services

Agcaoili, Patricia

Instructor, Allied Health

Ahmad, Maryam

Financial Aid Specialist, Financial Aid

Ales, Barbara

Assistant Director, Financial Aid

Alman, Cathy

Senior Administrative Assistant, Facilities, Planning and Construction

Ammann, Alan

Associate Professor, Business

Anderson, Angela

Specialist, Student Services, Educational Opportunity Center

Anderson, Paige

Professor, English and Communications

Anderson-Steele, Tonie

Counselor, Student Services, Milton Campus

Andrae, Chad

Assistant Professor, Mathematics and Computer Science

Andrae, Mollie

Lecturer, Business

Andrews, Brian

Administrative Assistant/Retention Specialist, Veterans Student Support Services

Angus, Lyndsey

Associate Director of Athletics/Intercollegiate Athletics Coach, Athletics

Arnold, Amy

Instructor, Allied Health

Asprer, Frank

Web Administrator, Marketing and College Information

Atkins, John

Professor, Business

Atkins-Harris, Karen

Professor/Counselor, Adult Education

Austin, Erick

Maintenance Specialist (HVAC), Maintenance Services

B

Bailey, Buffi

Instructor, Nursing

Ball, Larry

Professor, Engineering Technology

Barbero, Andrew

Instructor, Humanities and Social Sciences

Barker, Ella

Coordinator, General Accounting, Comptroller

Barnes, Rachel

Assistant Athletics Coach, Women's Basketball, Athletics

Barrett, Lanatta

Senior Administrative Assistant/Accounting Records Specialist, Comptroller

Bartusik, Lisamarie

Department Head, Libraries

Basler, Rhonda

Administrative Assistant, Marketing and College Information

Batson, Nicholas

Maintenance Specialist I, Maintenance Services

Baugus, Lauren

Lecturer, English and Communications

BC, Hikmat

Department Head, Natural Sciences

Beck, Jamie

Systems Support Analyst, Systems Support

Belarmino, Jennifer

Intercollegiate Athletics Coach, Volleyball, Athletics

Belford, Penny

Intercollegiate Athletics Coach, Women's Basketball, Athletics

Bemiss, Scott

Coordinator of Recruiting, Admissions

Bigelow-Jordan, Debra

Administrative Support Specialist, Milton Campus

Bivens, Gary

Financial Aid/Veteran Services Specialist, Financial Aid

Blackwell, James

Academic Advisor/Life Skills Counselor, Student Support Services

Blankenship, Willie

Assistant Director, Payroll

Blessing, Zack

Graphic Artist/Graphic Design Specialist, Marketing and College Information

Bloxom, Gregory

Assistant Professor, Mathematics and Computer Science

Bone, Cheri

Assistant Manager, Program Operations, WSRE

Bott, Abigail

Interim Coordinator, Student Engagement and Leadership, Student Activities

Bracken, Diane

Director, Facilities, Planning and Construction

Bradley, Dewayne

Receiving Specialist, Purchasing and Auxiliary Services

Bradley, Kirk

Dean, Baccalaureate Studies and Academic Support

Bradley, Lecia

Transcript Evaluator, Records

Brahier, Jennifer

Professor, Mathematics and Computer Science

Brake, Maria

Admissions and Records Coordinator, Records

Branch, Jeanne

Assistant Professor, Business

Branch, Michelle

Assistant Director, Financial Aid

Bronson, Anita

Student Services Advisor, Advising Center

Brown, Kayla

Recruitment/Retention Specialist, Educational Talent Search

Brown, Tara

Administrative Assistant, Adult Education

Bryson, Janice

Payroll Specialist, Payroll Services

Buell, Kevin

Assistant Professor, Business

Burger, Julie

Instructor, Allied Health

Burgess, Tracey

Digital Arts and Graphic Design Coordinator, WSRE

Burns, Rachelle

Director, Student Support Services/Crisis Referral, Student Support Services

Burrows, Kimberly

Records Specialist, Records

Burton, Brent

Traffic Manager, WSRE

Butcher, Lynne

Specialist, Student Services, Educational Talent Search

C

Cacace, Richard

Professor, Mathematics and Computer Science

Cain, Micah

Instructor, Visual Arts

Campbell, Robert

Lecturer, Mathematics and Computer Science

Cannon, Michael

Associate Professor, Engineering Technology

Cantrell, David

Maintenance Specialist (HVAC), Maintenance Services, Warrington Campus

Carden, Wendy

Assistant Professor, Mathematics and Computer Science

Carey, Amber

Associate Professor, Humanities and Social Sciences

Carlisle, Donna

Property Specialist, Comptroller

Carr, Jeremy

Instructor, Mathematics and Computer Science

Carr, Richard

Instructor, Humanities and Social Sciences

Carter, Minisha

Lecturer, Applied Technology and Professional Services

Cash, Cody

Systems and Computer Operations Technician, Systems Support

Cavanaugh, Kathryn

Assistant Professor, Natural Sciences

Chaney, Paul

Learning Management System Integration Technologist, eLearning

Churill, Nickolas

College Police Officer, Public Safety

Clapper, Tina

Administrative Assistant/Data Manager, Educational Opportunity Center

Clark, Abe

Coordinator, Veteran Services

Clark, Brittney

Coordinator, Mental Health Services, Institutional Equity and Student Conduct

Clark, Larry

Maintenance Specialist II, Maintenance Services

Clary, Joe

Assistant Director, Engineering and Operations, WSRE

Claypoole, Hillary

Ticket Office Technician, Performing Arts

Clinkenbeard, Crystal

Contact Center Advisor, Admissions

Cockfield, Tamares

Student Services Advisor, Student Services, Warrington Campus

Colbert, Maria

Administrative Support Specialist, Health Sciences, Warrington Campus

Cole, Diane

Professor, English and Communications

Collins, Monique

Assistant Dean, Student Affairs

Colville, Sandra

Senior Student Services Advisor, Advising Center

Cook, Halley

Title III Student Services Advisor, Advising Center

GLOSSARY

GLOSSARY

Academic Year: A school year consisting of the fall, spring, and summer terms.

Accreditation: Certification that the College has met established standards and is nationally recognized by appropriate accrediting agencies. PSC's major accrediting agency is the Southern Association of Colleges and Schools-Commission on Colleges (SACS-COC).

Adult Education: Non-credit classes for adults who want to improve basic academic skills, prepare for the General Education Development (GED) examination, or learn English.

Advanced Technical Certificate (ATC): Designed for the student who has completed an associate degree and wants more specialized knowledge and an additional academic credential. PSC offers several ATDs.

Applied Technology Diploma (ATD): Prepares the student for immediate entry into the workforce. Each ATD requires prescribed technical courses. Credits earned in an ATC may be used towards an Associate in Science degree.

Advisor: A PSC staff member who assists students with career planning, setting and meeting academic goals, course selection, and transfer requirements.

Articulation Agreement for the AA Degree: Agreement between Florida's public colleges and universities assuring junior-level status to students who complete the community college general education and graduation requirements in university parallel (AA degree) programs.

Associate in Arts Degree (AA): Designed to prepare a student for entry into the junior year in an appropriate baccalaureate degree program. The AA degree is a university parallel, college transfer degree comprised of 36 general education credits and 24 college elective credits. The Associate in Arts (AA) degree is a single degree issued by the College. The College has designed several areas of concentration to assist the student in transferring to a baccalaureate program.

Associate in Science Degree (AS): Designed to prepare a student for immediate entry or advancement into employment requiring specialized skills. The programs consist of at least sixty (60) credits in two basic areas. One area will be specialized courses in the career area, and the second will be general education courses.

Audit: A grade option that reflects a student's enrollment in a course but does not carry course credit or count for enrollment verification, cannot be used to meet prerequisite or corequisite requirements, and does not reflect competency in a course.

Bachelor of Applied Science (BAS): Prepares the student for entry or advancement in the workforce. PSC offers 2 BAS degrees. The Marjan Mazza BAS in Business and Management offers concentrations in graphic design management, health care management, human resources management, law enforcement administration, organizational administration, project management, and public safety management. PSC also has the BAS in Cybersecurity with concentrations in information security and cyber forensics.

Bachelor of Science in Nursing (BSN): Prepares the student to succeed and be promoted within the nursing profession. The program is designed for the graduate of an Associate Degree in Nursing (ADN) program who has a Registered Nursing (RN) license. The BSN offers skills in management, leadership, theory, research, and evidence-based practice.

Canvas: PSC's learning management system, which delivers all online and hybrid courses as well as course companion websites.

Career Certificate (CC): The Career Certificate programs, also called vocational certificate programs or clock hour programs, prepare the student for careers and direct entry into the workforce. The programs require prescribed vocational clock hour courses, and the student is required to demonstrate or achieve a specified level of competence in basic skills as evidenced by minimum scores on the Test of Adult Basic Education (TABE) before graduation.

Career Pathways: Groupings of programs of study to assist the student in selecting the appropriate program.

Catalog and Student Handbook: A document published annually. It contains the College calendar, policies, procedures, regulations, programs, and course descriptions. This document may be modified during the academic year.

Civic Literacy Competency: In accordance with the State Board of Education Rule 6A-10.02413, prior to the award of an Associate in Arts or baccalaureate degree, first-time-in-college students entering a Florida College System institution in the 2018-2019 school year and thereafter must demonstrate competency in civic literacy. The civic literacy requirement may be met by one of the following: successfully passing POS 2041, successfully passing AMH 2020, a score of 3 or above on AP Government and Politics: United States, a score of 4 or above on AP United States History, a score of 50 or above on CLEP: American Government, or a score of 60 or above in US Citizenship and Immigration Services Naturalization Test - Civics (U.S. history and government) with supplemental questions.

Clock Hours: The unit of study for technical courses. In these areas, a technical credit equals 30 clock hours in class during the term; two technical credits equal 60 clock hours.

College Credit Certificate (CCC): Prepares the student for immediate employment. Each CCC requires prescribed technical courses. College credit hours earned in a CCC are embedded in an Associate in Science degree, except for hours earned in the Crime Scene Technician College Credit Certificate. Also referred to as a Technical Certificate.

Common Prerequisites: Courses, identified by the State of Florida for all public baccalaureate degree programs, which must be completed by all students entering a specific program of a state college or university.

Commencement: Held twice a year at the close of the fall and spring terms (semesters) for graduates from all campuses to celebrate their academic achievement. There is no cost to participate other than the cost of the required cap and gown, which can be purchased at any PSC bookstore. Please note: participating in the Commencement ceremony does not ensure graduation. Graduation requirements must be satisfied in order for graduation to be completed and a diploma issued.

Companion Websites: Web-based resources, located in Canvas, used to supplement and support traditional on-campus courses.

Concentration: An area of emphasis or specialty within a program of study.

Corequisite: A course that is required to be taken in combination with another course. Often a lab is the corequisite for a lecture, for example. A student who withdraws from one of a pair of corequisite courses may be required to withdraw from the other as well.

Course ID: A designation consisting of a 3-letter discipline abbreviation followed by a 4-digit number. For example, MAC 1105 is College Algebra.

Course Load: The number of credit hours a student is enrolled in each term (semester).

Course Substitution: The process through which a student petitions the College for a replacement of a required course with a course that meets similar learning outcomes. The course must be completed at a regionally-accredited post-secondary institution with evidence of common content and learning outcomes.

Credit Hour: A unit of measurement for courses. The minimum amount of time associated with a credit hour is dependent upon the type of course: lecture, lab, studio, clinical, vocational, etc. At PSC, for example, each hour of credit in a lecture class requires a minimum of 750 minutes of instruction.

Days of the Week: M denotes Monday, T denotes Tuesday, W denotes Wednesday, R denotes Thursday, S denotes Saturday, and U denotes Sunday.

Degree Audit: Formal list of the course requirements a student has completed and still must complete in order to satisfy the course requirements for a specific degree or certificate program. Students can view their degree audit in SpyGlass at any time. Depending upon the program of study, graduation requirements, in addition to course requirements, may appear on the degree audit.

Department Exemption Exam: An examination and credit used to demonstrate proficiency in a particular course.

Developmental Course: A course that is designed to prepare students for college-level work.

Distance Learning: Also referred to as “online,” courses that require no on-campus visits. PSC offers 2 types of online courses: Live Online and Traditional Online. A Live Online class is scheduled like a traditional face-to-face class with the same content and experiences. The difference is that students and professor are not in the same location. Students in a Live Online class must login to the class via the internet during the scheduled day(s) and time(s). Students see and hear the instructor and classmates and participate in the class virtually. Reliable internet access, a webcam, and a microphone are required. Live Online is sometimes called Synchronous Online. A Traditional Online class is not scheduled during specific days and times. Although students may complete the coursework when they desire, they must make certain to meet all deadlines established by the professor. Reliable internet access is required. Traditional Online is sometimes called Asynchronous Online. **Note:** Although no on campus visits are required for a Live Online or Traditional Online class, many instructors do require proctored testing, which the student may complete on a PSC campus or under the supervision of a mutually acceptable proctor living anywhere in the world.

Dropping Courses: Permitted only during Schedule Adjustment (drop/add) periods, which are posted on the Academic Calendar. Students may drop a course in SpyGlass; when they do so, no record of the course appears on the student transcript, and there is no charge for the course. “Dropping” a class is different from “withdrawing” from a class.

Dual Enrollment: A program in which eligible high school and other students can enroll at PSC and earn both high school and college credit.

eLearning: A broad term referring to distance learning, Live Online and Traditional Online courses, hybrid courses, and course companion websites.

Elective: A program credit requirement that allows the student to choose from a variety of approved courses or discipline areas.

Fee Pay Day: The date by which students who have registered for classes must pay for those classes. Students who do not pay all required fees by this date will be removed automatically from all classes for which they have not paid. Fee Pay Day is also referred to as the Purge Date.

Financial Aid: Sources of monetary assistance for students seeking to enroll in a college or university. Typically, financial aid includes such help as grants, loans, and on-campus employment.

FloridaShines.org: The State of Florida’s website about Florida colleges and universities that provides information on institutions and degree programs, admission requirements, financial aid, scholarships, students’ academic records, degree audits, transfer requirements, and being a transient student at a Florida public institution.

Foreign Language Competency: In accordance with Florida Statute 1007.25, students initially entering a Florida College System Institution in 2014-2015 and thereafter must demonstrate competency in foreign language pursuant to guidelines set in Florida Statute 1007.262. The Foreign Language Competency Requirement may be fulfilled by 2 years of the same high school foreign language, or documented foreign language proficiency through testing (for example, CLEP), or 2 semesters of the same college level foreign language (level II proficiency), or level II proficiency; this criterion occurs when a student has completed the second course of a sequence of college foreign language without completing the first course. For example, if a student has successfully completed a college-level Spanish II but not Spanish I, then the student has met the Foreign Language competency requirement.

FTIC: Abbreviation for First Time in College, referring to those students who currently are in their first term as a college student after high school.

Full-Time Status: A schedule of 12 or more credit hours per term (semester). PSC highly recommends enrollment in at least 15 credit hours per term (semester) to help ensure timely program completion.

GED: General Education Development diploma, considered the equivalent of a high school diploma.

General Education Courses: Courses that may be used to satisfy five general education categories mandated by the state of Florida: communications, mathematics, social sciences, natural sciences, and humanities. These categories form the common basis of all associate degrees.

Gordon Rule: State Board of Education Rule 6A-10.030, now named Other Assessment Procedures for College-Level Communication and Computation Skills, requires students to successfully complete 12 credit hours of course work in which they must demonstrate writing skills and 6 credits of mathematics course work at the level of college algebra or higher. Students must earn a grade of C or higher in the course for it to satisfy the requirement. At PSC, the writing requirement is referred to as the Writing Emphasis Requirement, and courses that fulfill this requirement are referred to as writing emphasis courses.

Grade: Letter grade of A, B+, B, C+, C, D+, D or F that represents the level of academic success in course used in calculating the grade point average and recommended for courses in a degree plan.

Grade Point Average (GPA): An educational standard computed by multiplying the number of credit hours of a course by the points assigned to the course grade and then dividing by the total number of hours.

Graduation: Official confirmation of the completion of a certificate or degree program. Graduation is dependent upon the approved completion of all program and institutional graduation requirements and is approved by the Office of the Registrar.

Grade Forgiveness: Refers to one grade in a course replacing another grade in the same course when certain conditions are met.

Hybrid Course: A course that combines face-to-face classroom instruction and online internet-based teaching and learning.

Late Registration: Registration for courses after the fee payment deadline during which a late registration fee may be assessed.

Live Online: A class that has no on campus visits and is scheduled like a traditional face-to-face class with the same content and experiences. The difference is that students and professor are

not in the same location. Students in a Live Online class must login to the class via the internet during the scheduled day(s) and time(s). Students see and hear the instructor and classmates and participate in the class virtually. Reliable internet access, a webcam, and a microphone are required. Live Online is sometimes called Synchronous Online.

Live Video-Conferencing: In sections designated as Live Video-conferencing, the instructor is at a different location from the students and interacts in real-time with students via high quality technology. Course facilitators are available to assist students as needed. These sections are sometimes referred to as Broadcast or Receiving sections.

Major: A specific program of study consisting of a specific group of courses designed to provide intensive education or training in a specialized area and leading to a certificate and/or associate degree.

Meta-Majors: The collections of Associate in Science degree majors that have related courses. Meta-Majors cluster groups of majors that fit within a career area. There are eight Meta-Majors used by colleges in the state of Florida. Within each Meta-Major are degrees and certificates that have related courses. The intent of selecting a Meta-Major is to help you choose a major and degree based on your interests, knowledge, skills, and abilities. Selecting a Meta-Major will also help you select classes that relate to a specific degree. The eight Meta-Majors are Arts, Humanities, Communication and Design; Business; Education; Health Sciences; Industry/Manufacturing and Construction; Public Safety; Science, Technology, Engineering, and Mathematics; and Social and Behavioral Sciences and Human Services. With a Meta-Major, you can narrow down your major choice and begin developing an educational plan that will help lead you to degree completion.

Non-Degree Student: A student who does not wish to earn a certificate or degree.

Orientation: A recommendation for all students and a requirement for FTIC students, the Online Orientation introduces students to the College's programs, resources, and policies.

Part-Time Status: A schedule of fewer than 12 credit hours per term (semester).

PERT (Postsecondary Education Readiness Test): Primary entry testing used for placement in English, reading, and mathematics.

PIN: A student's personal identification number used to access PSC's secure online systems.

PirateMail: PSC's official student email system. All students are given a PirateMail account when they apply and are accepted. In addition to email, PirateMail allows students to make appointments, organize tasks, and send files. PirateMail should be checked often.

Plagiarism: Presenting someone else's work (whether it consists of words, research, images or other work) as your own without proper acknowledgment of the true author. Plagiarism is a serious violation of academic rules and carries consequences ranging from failure to expulsion from a course.

Prerequisite: A specific requirement that must be successfully completed before a student may enroll in a course.

Prior Learning Assessment (PLA): A process by which students may demonstrate proficiency in a particular course, whether or not that proficiency has been gained in an academic setting.

Purge Date: The date by which students who have registered for classes must pay for those classes. Students who do not pay all required fees by this date will be removed automatically from all classes for which they have not paid. The Purge Date is also referred to as Fee Pay Day.

Registration: The process of selecting courses and class times for an academic term (semester).

Registration Fee: A processing fee assessed to each student for the semester.

Schedule: A published list of classes to be offered in the upcoming term that includes course number, day/time and location, and information about admission, payments, and registration.

Scholarships: A form of financial assistance that does not have to be repaid. Scholarships may be awarded on the basis of merit and/or need.

Section: Refers to a specific offering of a course.

Section Number: A four-digit course reference number, assigned to each course offering in the schedule of classes and used in registration. The section number designates the specific day(s) and time(s) and location where a class will meet. In addition, each online class section is designated its own section number.

Session: The shorter segments within each term (semester). For example, each fall and spring term has within it an A session (16 weeks), B session (the first 8 weeks of the term), C session (a 12 week segment), and D session (the last 8 weeks of the term).

Suspension: Student status under which a student is not permitted to attend college for a specific period of time.

SpyGlass: The PSC student records system. All PSC students use SpyGlass to register, drop/add courses, pay fees, request transcripts, download schedules, and apply for graduation.

Term: The academic year at PSC is divided into segments called terms, which are also known as semesters. The fall and spring terms last 16 weeks. The summer term lasts 12 weeks. Within each term are shorter segments called sessions. PSC is on a semester system, though we usually speak of the fall term, spring term, and summer term.

Traditional Online: A class that has no on campus visits and is not scheduled during specific day(s) and time(s). Although students may complete the coursework when they desire, they must make certain to meet all deadlines established by the professor. Reliable internet access is required. Traditional Online is sometimes called Asynchronous Online.

Transcript: An official educational record of a student's enrollment at a college, showing courses attempted, completed, final grades, and GPA.

Transfer Credits: Credits for courses taken at another institution and counted toward a PSC certificate or degree.

Transfer Student: Student who attended a college or university before coming to PSC.

Transient Student: Student who takes one or more courses at PSC to apply to academic requirements at another institution, or a PSC student who takes one or more courses at another institution to apply to degree requirements at PSC. Information for students who wish to attend a Florida public institution as a transient student is available at floridashines.org.

Tuition: Cost of courses based on the number of credit hours attempted plus any special course fees. Tuition is classified as in-state tuition or out-of-state tuition.

Veteran Benefits: Financial and other assistance from the government to certain qualifying veterans and dependents of veterans to provide for educational training toward a career.

Virtual Tutoring: Live online tutoring offered in multiple disciplines. Virtual tutoring is fully interactive and, depending on the discipline, offered during day, evening, late night, and weekend hours.

Vocational Certificate (VC): See Career Certificate.

Waiver: An approved exemption from a PSC requirement.

Withdrawal: Removal from a course(s) at the student's request, by a faculty member, or by the College. Withdrawals are represented by a "W" on the student transcript. No credit is

awarded for the course. Tuition and fees are not refunded except in certain specific circumstances.

Writing Emphasis Requirement: See Gordon Rule.
