THIS AGREEMENT is entered into by and between the District Board of Trustees of Pensacola State College, Florida, hereinafter referred to as the “College,” and “WEST FLORIDA BAPTIST ACADEMY.”

WHEREAS, the Florida Legislature has promulgated 1007.235(1), F.S., providing for the WEST FLORIDA BAPTIST ACADEMY and the College to jointly develop and implement a comprehensive articulated acceleration program for the students enrolled in WEST FLORIDA BAPTIST ACADEMY, and;

WHEREAS, the parties hereto believe that the adoption of an articulation plan will provide enhanced learning opportunities for qualified students attending WEST FLORIDA BAPTIST ACADEMY, Florida, during and after normal class hours through the effective use of the College’s programs and resources,

Now therefore, the College and WEST FLORIDA BAPTIST ACADEMY, do hereby agree with each other as follows:

1. Term of the Agreement

This Articulation Agreement shall commence on the Effective Date set forth below and will terminate on June 30, 2023, whereupon, this Articulation Agreement shall automatically renew annually for four (4) consecutive years, unless either Party gives written notice at least sixty (60) days prior to the commencement of any renewal term that it does not intend to renew the Agreement. If neither Party gives notice of its intent not to renew, it shall be deemed by both Parties that no modification was needed and that this Articulation Agreement has been ratified by the College and WEST FLORIDA BAPTIST ACADEMY as required by 1007.235(2)(a), F.S. If a party to this Agreement does give notice of its intent not to renew because some modification is needed, then the Parties will jointly consider the proposed modifications and, upon reaching an agreement, they will enter into a new Articulation Agreement which shall include such modifications and which shall be executed prior to high school registration for the fall semester of the following school year as required by 1007.235(2), F.S.

2. A delineation of courses and programs available to the private school student. The postsecondary institution may add, revise, or delete courses and programs at any time.

College-level courses, including college credit and vocational credit, may be offered by the College for secondary students participating in the Dual Enrollment Program. Course offerings include courses shown on the *Dual Enrollment Course-High School Subject Area Equivalency List* which may be accessed through <http://www.fldoe.org/core/fileparse.php/7744/urlt/ACCAgenda-Feb2021-AppA.pdf>. Eligible secondary students shall be permitted to enroll in postsecondary courses conducted during school hours, after school hours, and during summer semesters. Developmental education instruction, other forms of pre-collegiate instruction, and physical education skills-based courses shall be ineligible for inclusion in the dual enrollment program. In addition, courses which are not graded, such as courses taken for audit, are not eligible for dual enrollment. Repeatable courses, such as music ensembles and applied lessons, are eligible for dual

enrollment only for the number of credit hours specified in the Common Prerequisite Manual, which may be accessed through [Common Prerequisites Manuals \(flvc.org\)](http://www.flvc.org/CommonPrerequisitesManuals). Courses and programs may be added, revised, or deleted at any time, 1007.271(13), F.S.

Career dual enrollment courses (A.S. only courses and vocational courses) must lead to certifications that are included on the Postsecondary Industry Certification List <http://www.fl DOE.org/core/fileparse.php/9946/urlt/2021icfl-ps.pdf> to be eligible for dual enrollment. Clock hour dual enrollment courses must be included on the *Clock Hour Dual Enrollment Course List for Inclusion in School and District Accountability* <http://www.fl DOE.org/core/fileparse.php/5421/urlt/ClockHour-DualEnroll.pdf>. Eligible programs and associated courses are available to dual enrollment students via the Workday student application. High School students must meet all entry requirements as indicated in the *College Catalog* for a listed program to enroll in program courses as dual enrollment students. Career dual enrollment shall be available for students seeking a degree or certificate from a complete job-preparatory program but shall not support student enrollment in isolated career and technical courses, 1007.271(7), F.S.

Students who wish to enroll in ineligible courses may be permitted to pay tuition and fees and participate in college coursework at the discretion of the College. Ineligible courses are not considered part of Florida's dual enrollment program.

3. The initial and continued eligibility requirements for private school student participation, not to exceed those required of other dual enrollment students.

All Dual Enrollment Program eligibility rules and requirements stated herein pertain to WEST FLORIDA BAPTIST ACADEMY secondary students that meet the requirements of 1002.41(6), F.S. Students who achieve appropriate placement scores on a state-approved placement examination in reading, writing, and mathematics, who are in good standing with the WEST FLORIDA BAPTIST ACADEMY, and who are enrolled in any grades six (6) through twelve (12) with WEST FLORIDA BAPTIST ACADEMY are admissible to the Dual Enrollment Program for instruction delivered on the College campus. Pursuant to Section 1008.30, F.S., the College may use alternative methods in lieu of the common placement tests to assess student readiness for college-level work in communication and computation. In addition to the placement examination requirement, a student must have earned a minimum of three (3) high school credits to be eligible for the Dual Enrollment Program. A student must have a 3.0 or higher unweighted high school GPA to qualify for college courses within the A.A or A.S., or a 2.0 or higher unweighted high school GPA to qualify for vocational (clock hour) Dual Enrollment courses, 1007.271(3), F.S. The student must maintain a 3.0 or higher unweighted high school GPA and a 2.5 or higher college GPA to remain eligible for Dual Enrollment courses. A student whose college GPA drops below the minimum required GPA will have one (1) probationary semester to meet the GPA requirement. A student who fails to achieve a 2.5 or higher college GPA after the probationary semester will lose all Dual Enrollment eligibility. It is recommended that a dual enrollment student's first experience with college-level coursework be in the traditional face-to-face classroom environment when available. Before requesting approval for online coursework the student will take the online learning assessment and student orientation course at <http://elearning.pensacolastate.edu/>. Students seeking the Associate in Arts or an Associate in Science degree must complete the core General Education Communications requirement (ENC 1101) and the core General Education Mathematics requirement prior to completion of the second term of dual enrollment. Exceptions may be granted to students who are seeking advanced placement credits in English and Mathematics. Students are

required to follow the academic requirements outlined for the degree pursued. Students will use Workday to view their degree requirements. Each semester, the high school counselor in collaboration with the appropriate Pensacola State College personnel will review the dual enrollment student schedules. The College will approve or disapprove course requests as appropriate.

The total courses that can be taken by a dual enrollment student on the College campus are dependent on student grade level and college semester as indicated in the following table.

The high school counselor and assistant principal will be notified by the College within two working days of a drop for non-attendance or student withdrawal for any student participating in dual enrollment. The high school administrator or designee will determine the semester in which the course can be repeated.
