### **B. Coverage or Change Being Requested**

Check all coverages or changes being requested and provide full and complete information regarding coverage amount(s)/option(s) being requested, as well as current coverage amount(s)/option(s) in force. Consult your employer for assistance with coverage amounts, class, option numbers, elimination periods, salary multiples, or percentages being requested. Requests for Coverage not offered under the Insurer's contract will not be approved. Coverage can not be less than the minimum or more than the maximum amount allowed under the contract. Payroll deductions or premium payments greater than the amount owed will not result in additional coverage. Payroll deductions prior to the Insurer's approval should be discontinued and will not be a substitute for the Insurer's approval of coverage.

Timely applications for amounts in excess of Guaranteed Issue Amount, as well as late applications and changes in coverage require completion of the Statement of Insurability form. "Coverage Amount Applying for" includes the Current Coverage Amount plus the amount of the desired increase, i.e., if \$100,000 is the Current Coverage Amount and you're asking for \$50,000 additional. "Coverage Amount Applying for" should be shown as \$150,000.

Timely applications are those made at time of first initial enrollment. Late applications or change requests are those made outside of the first initial enrollment.
