Citing Print Sources (Books and Articles from Journals, Magazines and Newspapers)

The citation formats shown here are based on the 6th edition of *A Manual for Writers of Term Papers, Theses, and Dissertations* by Kate L. Turabian, Chicago, University of Chicago Press, 1996.

For the *bibliography*, use a **hanging indent format**, that is, set the first line flush left and indent subsequent lines. The bibliography appears at the end of the paper.

For the *footnote/endnote*, use a superscript number and **indent the first line**. Notes should be placed in numerical order at the foot of the page (footnotes), below a short rule, or separator, or at the end of the paper if endnotes are used instead.
