

RN to BSN Program Outcomes

Completion Rate

At least 50% of the RN to BSN program students will earn the baccalaureate degree in nursing within five years of initial enrollment.

Calendar Year	Admission Cohort	Number of Students	Number of Completers within 5 years of Beginning Program	Completion Rate
2020	Spring 2015	15	15	51.75%
	Summer 2015	Did not admit a cohort		
	Fall 2015	14		

Calendar Year	Admission Cohort	Number of Students	Number of Completers within 5 years of Beginning Program	Completion Rate
2019	Spring 2014	25	32	66%
	Summer 2014	Did not admit a cohort		
	Fall 2014	25		

Calendar Year	Admission Cohort	Number of Students	Number of Completers within 5 years of Beginning Program	Completion Rate
2018	Spring 2013	24	25	46.9%
	Summer 2013	Did not admit a cohort		
	Fall 2013	22		

Completion Rate

At least 70% of the RN to BSN program students, who are not excluded from initial cohort, will earn the baccalaureate degree in nursing within five years of initial enrollment.

Calendar Year	Admission Cohort	Number of Students	Number of students removed from calculations	Adjusted number of students in cohort	Number of Completers within 5 years of Beginning Program	Completion Rate
2020	Spring 2015	15	4	11	15	68%
	Summer 2015	Did not admit a cohort				
	Fall 2015	14	3	11		

Calendar Year	Admission Cohort	Number of Students	Number of students removed from calculations	Adjusted number of students in cohort	Number of Completers within 5 years of Beginning Program	Completion Rate
2019	Spring 2014	25	2	23	32	74%
	Summer 2014	Did not admit a cohort				
	Fall 2014	25	5	20		

Calendar Year	Admission Cohort	Number of Students	Number of students removed from calculations	Adjusted number of students in cohort	Number of Completers within 5 years of Beginning Program	Completion Rate
2018	Spring 2013	24	Unknown	24	25	54%
	Summer 2013	Did not admit a cohort				
	Fall 2013	22	Unknown	22		

Employment, Promotion, and/or High Education Success Rate

At program completion, 70% of RN to BSN prepared graduates will report they are employed in an appropriate nursing position, have received a promotion or increase in salary, or are enrolled in further nursing education.

Academic Year	Number of Graduates	Number of Responses	Number Employed within Nursing Field or Promotion or Increase in Salary	Employment Rate
2020 YTD	47	16	13	81%
2019	49	42	42	100%
2018	25	24	20	83%
