Important Reminder

Publish 2018 OAE Results by September 7, 2018

As summer draws to a close, the ARC/STSA reminds you to update your program's published Outcomes with its most current 2018 Annual Report data.

Standard V.A.4. requires that the sponsoring institution [school] publish programmatic outcomes in a readily accessible place.

Effective January 1, 2016, the ARC/STSA requires that all CAAHEP-accredited surgical technology programs publish, at a minimum, the program's approved Outcomes Assessment Examination [CST™ Exam] pass rate results. The data should be published on the program's website and consistent with the most recent Annual Report filed with the ARC/STSA.

If you have any questions regarding the requirement to publish program Outcomes, please contact the ARC/STSA at *info@arcstsa.org*.
