

**Request for Information
Interior Design Services
9-2016/2017**

PENSACOLA
S T A T E C O L L E G E

ADDENDUM #1

Please note Section 2.02 correction: (Label: Experience Providing Interior Design Services)

Question: It shows "Request for Information", will you be placing this out for bid or are you seeking input? Any information would be of great benefit.

Response: At this time the College is seeking input, any determination to move forward with the project will be at the sole discretion of the College.

Question: Is there a floor plan?

Response: Yes

Question: Will there be any walls moved?

Response: No

Question: The ceiling in some of the areas seemed a bit low & dated, will the expectation to create higher ceiling or different ceiling tiles be a part of the budget?

Response: Would consider higher ceilings if possible. Replacing tiles could be part of the design.

Question: If the tiles will be replaced will it be just the tiles or the tiles AND the grid?

Response: That would need to be decided by the designer and the college.

Question: It was my understanding that there will be no selection or purchase of furniture for this phase. Is this correct? If not, please clarify.

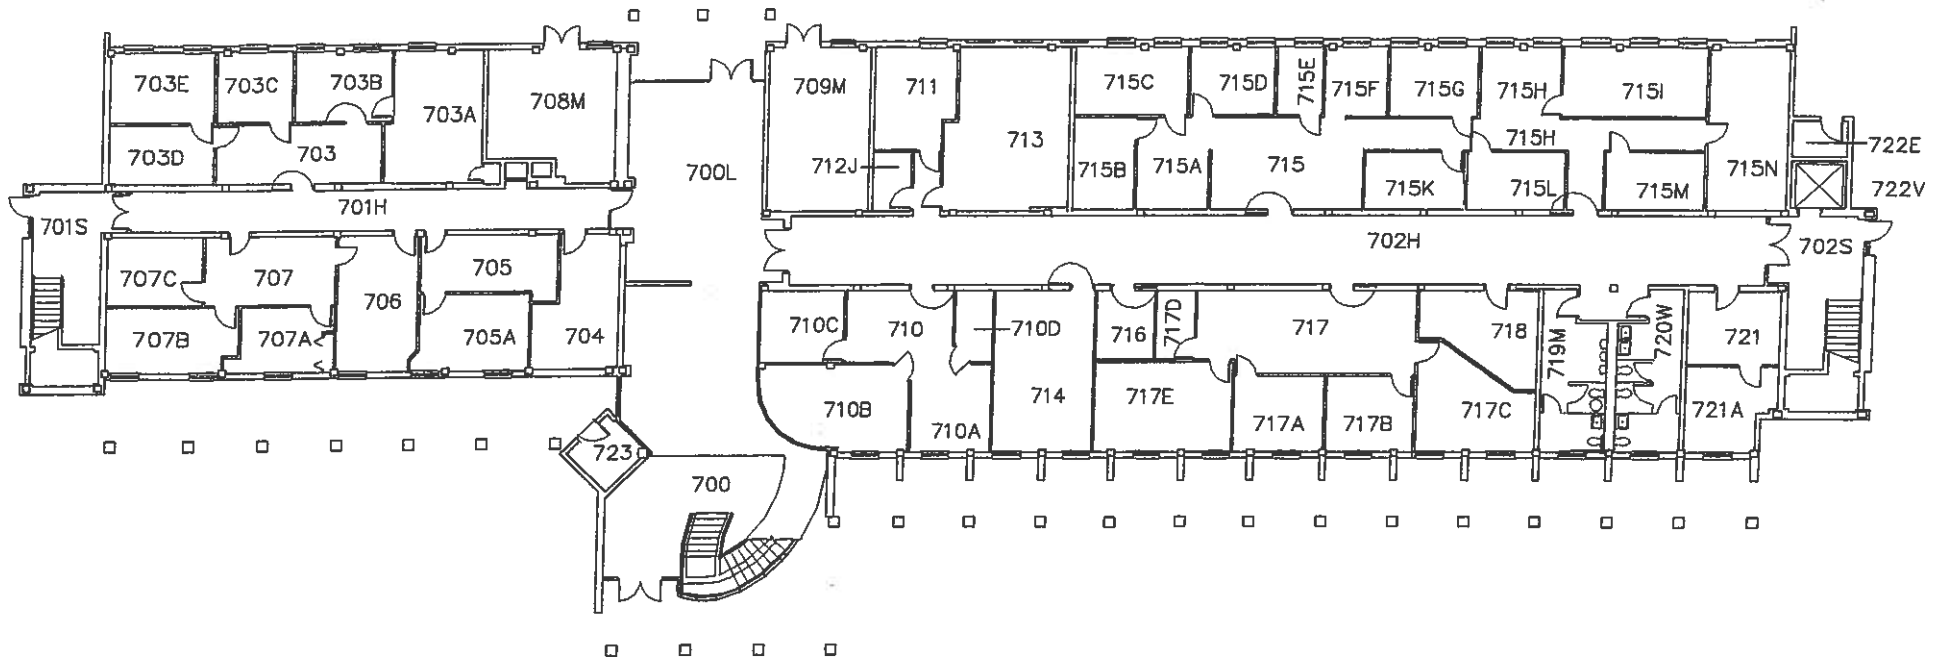

Response: Furniture selection could be part of this project for the Vice-President of Academic Affairs Office and the lobby area.

Question: How many copies, and in what format, should the qualification submissions be submitted?

Response: Responses should be submitted as an original, two copies, and a digital copy.

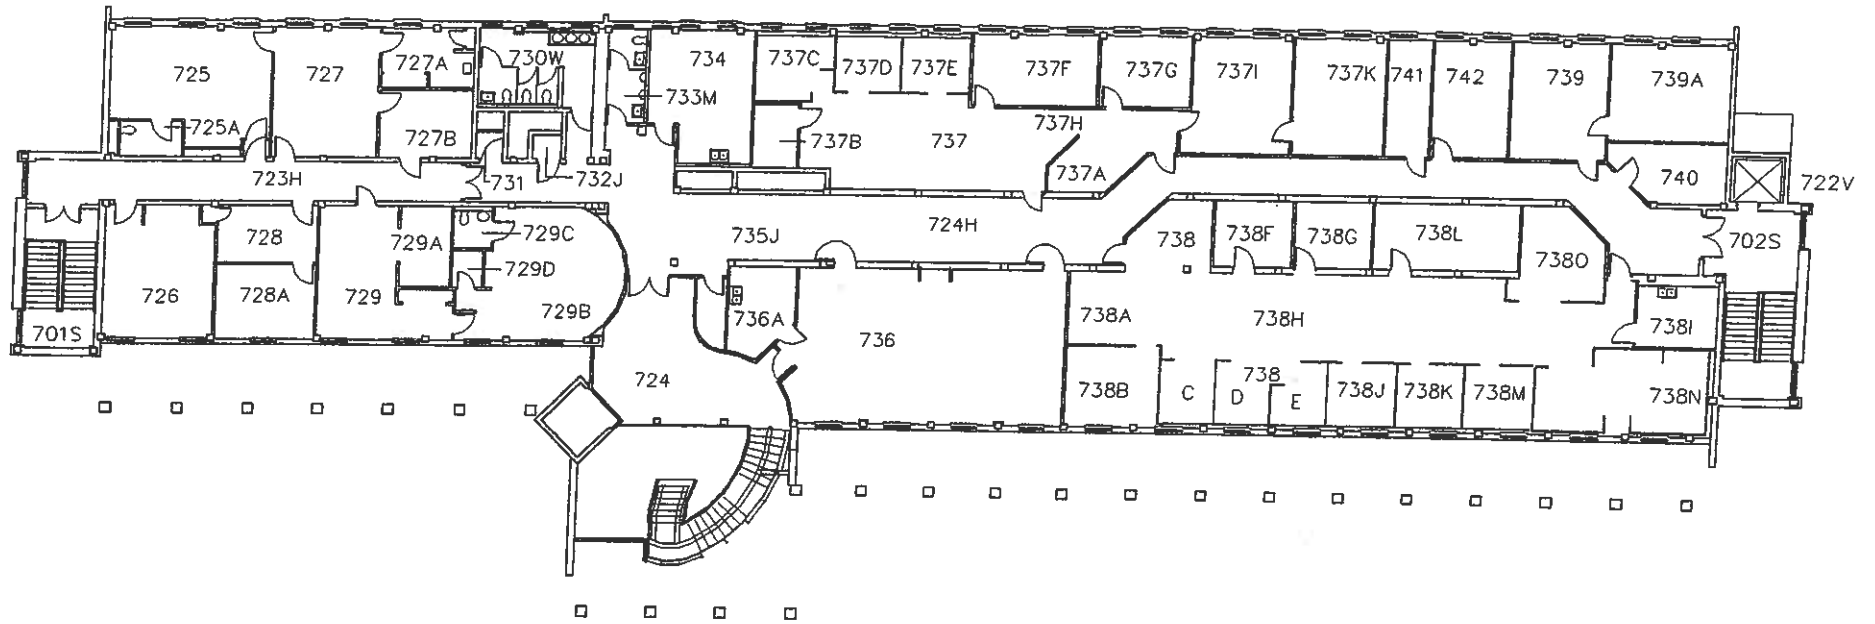

Question: In Paragraph 2.02, "Relevant Experience Providing Services", I'm assuming the tab for this section should read Interior Design, not Advertising.

Response: Yes.
