**ADDENDUM #1
Previous Bid Tabulation is attached**

Question: Your Scope on this RFQ indicates you expect the pest control provider to control squirrels “inside and outside.” We perform Wildlife Exclusion and control work as a company but have never seen it included as a required pest in a normal pest control quote request. Will this remain part of the scope?

Response: No

Question: We would like to request the previous award tabulation information for the current contract about to be rebid.

Response: See below.
