ADDENDUM #1

Page 4, paragraph 6 should read:

The College may choose to use the elevator company for repairs not included in this agreement. Should the College choose to have the elevator company make the repairs, the provider will make the repairs based upon an established hourly rate, which does not include travel time to and from the site, plus materials at a cost based upon the defined percentage markup from the service company's cost. Prior to any repairs not included in this agreement, the elevator company must provide a total estimated cost for the repairs to the College and obtain written approval from the College for the elevator company to make the repairs.

Question: Is there a set date/time to view all the Elevators?

Response: The onsite inspection will be held on May 9th at 10 am, Building 9 on the Pensacola Main Campus.
