Course Policies:

1. This class will be conducted under the regulations defined in the Code of Student Conduct in the Pensacola State College Catalog.

2. Attendance:

Regular attendance is required. In an online class, you are expected to “show up” by logging on at least twice a week to access course material, interact with classmates, and submit assignments. Students may withdraw themselves until the withdrawal date, July 14, 2023. After that date, students must be assigned a grade (A, B, C, D, or F). If a student stops attending/participating after the withdrawal date, the instructor may assign an F.

3. Makeup or late work:

Because this is an online course, your assignments have very specific deadlines. Any discussion forum postings are a requirement, so you must post a minimum of two different days during the week (once for your initial posting, which should be done by

11:59 PM on Thursday, then once more for your response to a classmate by 11:59 Monday). Not all weeks have a discussion posting. If you are consistently late with postings or you consistently complete only half of the weekly post, your grade will be negatively affected.

Quizzes, discussions, and exams will not be accessible after the deadline has passed. Papers must be submitted on time. If a paper is late, five points will be deducted for each day it is late. If a paper is not submitted within one week of the due date, you will receive a zero.

4. EXTRA CREDIT is not available. Please keep up with the assignments and due dates.

5. Online conduct (Netiquette)

- Communications in this class should be academic and professional, like any other writing or communicating you do in college.
- In an educational setting, people in the same class may have different belief systems. Please be respectful of each other's beliefs.
- Always use appropriate language because your comments, especially humorous ones, may not come across to others as you intended.
- Show enthusiasm! You add to the energy when you share your ideas, ask questions, and offer feedback.

6. All assignments and quizzes will be returned within one week of being turned in.

Turnitin: Your writing assignments will be submitted via Turnitin. Some of you might be familiar with this program. Turnitin is used as a plagiarism checker. Although it is often used to catch plagiarism after the fact, I prefer to use Turnitin as a teaching tool. If you submit drafts of your papers BEFORE they are due, you will have the opportunity to revise areas of your paper where you might be unintentionally plagiarizing sources and/or not citing them correctly.

Cheating and Plagiarism Policy: Plagiarism is the use of anyone else’s ideas or words without giving proper credit. Cheating includes, among other things, copying someone else’s work, turning in work done by someone else, or turning in work that has been submitted in another class by you or anyone else. The consequences of either plagiarism or cheating are an automatic zero (0) on the work in question and possible failure of the course or discipline by the college. Please refer to the College Catalog for the college policy regarding cheating and plagiarism.

Maximum Attempts: Any student still on the official class roll after the drop period will be counted as having attempted the course whether or not he or she finishes the class. The third attempt to take a college course will cost three (3) times the cost of the first two (2) attempts.

Student Perception Surveys – EvaluationKit: During the term, you will receive a notification in PirateMail with a link to EvaluationKit, the online evaluation system used by Pensacola State College. Please take advantage of this opportunity to provide anonymous feedback to your instructors about their courses. Your opinions are valuable, and your evaluations enable instructors to assess their teaching style and help them decide what changes to consider in curriculum, textbooks, or assignments.
