3. The grades earned on the writing assignments must reflect student performance in college-level writing and significantly impact the final course grade.
4. All sections of a course must meet all requirements.
5. Instructors provide detailed feedback regarding the content, organization, and use of standard written English for all writing used to satisfy the requirement.
6. Instructors return each evaluated writing assignment to a student before the submission of the next evaluated writing assignment, with the exception of a final exam used to satisfy the requirement.
7. Only individual, original student work counts toward the extensive writing requirement; AI or machine-written content is not accepted.
8. The grading rubrics used for each writing assignment will be shared with students and will be uniformly applied as the assessment instrument in all sections of a course.
