

Pensacola State College District Syllabus  
MAC 1105\_M1002  
College Algebra

**Instructor:** Chris Turner

**Office:** Milton 4234

**Email:** [cturner@pensacolastate.edu](mailto:cturner@pensacolastate.edu)

**Semester Hours:** 3 credit hours

**Prerequisites :** Appropriate placement score or completion of MAT 1033 with a grade of C or better.

**Course Description :** In this course, students will develop problem solving skills, critical thinking, computational proficiency and contextual fluency through the study of equations, functions, and their graphs. Emphasis will be placed on quadratic, exponential, and logarithmic functions. Topics will include solving equations and inequalities, definition and properties of a function, domain and range, transformations of graphs, operations on functions, composite and inverse functions, basic polynomial and rational functions, exponential and logarithmic functions, and applications.

**Semester Offered :** Fall, Spring, Summer.

**Course Designations:** Meets AA General Education Core, Mathematics requirement.

**General Education Core Course Standard:** Per Florida Statute 1007.25, "Mathematics courses must afford students a mastery of foundational mathematical and computation models and methods by applying such models and methods in problem solving."

**Textbooks:**

College Algebra ( ALEKS 360 for College Algebra) Access Code; Miller and Gerken;  
9781266688515; 3rd; McGraw-Hill; 2023

College Algebra ( ALEKS 360 for College Algebra) Access Code; Miller and Gerken;  
9781266692246; 3rd; McGraw-Hill; 2023

**Special Requirements:**

There is a \$24.99 Lab Fee for Distance Learning courses and NO Lab Fee for Hybrid courses.

Distance Learning and Hybrid Sections require a CONNECT Math access code. Use of CONNECT Math in face-to-face sections is at the discretion of the instructor. Contact your instructor to determine if CONNECT Math is required. For sections NOT requiring CONNECT Math the textbook listed is required.

## Course Learning Outcomes:

1. Solve linear, quadratic, rational, absolute value, and radical equations and inequalities, algebraically and graphically.
2. Use exponential and logarithmic properties to analyze functions and solve equations.
3. Analyze relations and functions.
4. Sketch and interpret graphs of linear, quadratic, rational, absolute value, radical, exponential and logarithmic functions.
5. Solve systems of equations and inequalities.
6. Setup and solve application problems related to the above concepts.

## Methods of Evaluation

Prior to each chapter test, we will have a homework check. You will work it at home and turn it in on the day of the chapter test. These problems typically come from the chapter tests at the end of each chapter in the textbook. They also serve as an excellent basis of review for each in-class test. All work should be done thoroughly, neatly, and in pencil in order to receive full credit. Sloppy or incomplete work will be penalized.

There will be a cumulative homework grade (4 x 25 points each = 100 points), 4 regular tests (100 points each), and one comprehensive final exam (100 points). Your lowest regular test score will be dropped.

The final exam is mandatory for all students and will not count as a drop grade. The total number of points to be earned in the course is 500. Therefore, to calculate your final grade I will sum your points and divide by 5.

NO make-up exams will be given. There is NO make-up homework. There is NO extra credit. Late assignments will NOT be accepted. A missed regular exam will count as your drop grade. However, if you know you will miss an exam for a legitimate reason it may be possible to take the exam early. You must be proactive and communicate with me before the exam occurs in order to pursue this option.

Anyone caught cheating will receive an F for the course.

Homework	100 points
Tests (top 3)	300 points
Final Exam	100 points
Total	500 points

90-100	87-89	80-86	77-79	70-76	67-69	60-66	0-59
A	B+	B	C+	C	D+	D	F

## **General Education Student Learning Outcomes:**

**Critical Thinking:** The student analyzes, evaluates, and, if necessary, challenges the validity of ideas, principles, or data in order to develop informed opinions, probable predictions, or defensible conclusions.

**Scientific and Mathematical Literacy:** The student properly identifies and applies scientific or mathematical principles and methods.

**Information Literacy:** The student effectively locates, evaluates, and applies information from a variety of sources.

**Academic Dishonesty Statement:** Pensacola State College is committed to upholding the highest standards of academic conduct. All forms of academic dishonesty, to include plagiarism and cheating, are prohibited. Penalties for academic dishonesty include but are not limited to one or more of the following: the awarding of no credit on the assignment, a reduction in the course grade, or the assignment of a final course grade of F and removal from the course. See the *College Catalog* for more details:

<https://catalog.pensacolastate.edu/content.php?catoid=2&navoid=47#academic-honesty>

**Student Email Accounts:** Pensacola State College provides an institutional email account to all students enrolled in courses for credit. This institutional email account is the official method of communication, and students must use this account when communicating with the College. In cases where companion software is used for a particular class, email may be exchanged between instructor and student using the companion software.

**Flexibility:** It is the intention of the instructor to accomplish the objectives specified in the course syllabus. However, circumstances may arise which prohibit the fulfilling of this endeavor. Therefore, this syllabus is subject to change. When possible, students will be notified of any change in advance of its occurrence.

**ADA Statement:** Students with a disability that qualifies under the American with Disabilities Act Amendments Act of 2008 (ADAAA) must self-identify with the Student Resource Center for ADA Services (SRC/ADA). Disabilities covered by the ADAAA may include learning, psychiatric, physical disabilities, or chronic health disorders. Students can contact SRC/ADA if they are not certain whether a medical condition/disability qualifies. SRC/ADA is located on the Pensacola campus in building 6, room 603, [ADA-services@pensacolastate.edu](mailto:ADA-services@pensacolastate.edu), 850-484-1637. Students may also complete the online intake form in the ADA Services app within the PSC apps dashboard.

**Equity Statement:** Pensacola State College does not discriminate against any person on the basis of race, ethnicity, national origin, color, gender/sex, age, religion, marital status, pregnancy, disability, sexual orientation, gender identity, or genetic information in its educational programs, activities, or employment. For inquiries regarding Title IX and the College's nondiscrimination policies, contact the Dean of Students at (850) 484-1759, Pensacola State College, 1000 College Blvd., Pensacola, Florida 32504.

**Security Statement:** Pensacola State College is committed to encouraging all members of the College community to be proactive in personal safety measures. In case of emergency, students should ensure that they are aware of the building exit closest to each of their classrooms, as well as all alternative building exits in case circumstances require using a different route.

**Emergency Statement:** In the case of severe weather or other emergency, the College administration maintains communication with appropriate state and local agencies and makes a determination regarding the cancellation of classes. Notices of cancellation will be made through the College's PSC Alert system and on the College's website.
