General Education Writing Emphasis Course Requirements:

1. All writing used to fulfill the writing emphasis requirement must possess the five characteristics of college-level writing: 1) have a clearly identified central idea or thesis; 2) provide adequate support for the idea; 3) be organized clearly and logically; 4) show awareness of the conventions of standard written English; and 5) be formatted in an appropriate fashion for the assignment.
2. A minimum of four (4) evaluated assignments, which may include the final exam, is required. Because an extensive amount of writing is intended by Rule 6A-10.030, F.A.C., additional writing assignments may be used to satisfy this requirement.

3. The grades earned on the writing assignments must reflect student performance in college-level writing and significantly impact the final course grade.
4. All sections of a course must meet all requirements.
5. Instructors provide detailed feedback regarding the content, organization, and use of standard written English for all writing used to satisfy the requirement.
6. Instructors return each evaluated writing assignment to a student before the submission of the next evaluated writing assignment, with the exception of a final exam used to satisfy the requirement.
7. Only individual, original student work counts toward the extensive writing requirement; AI or machine-written content is not accepted.
8. The grading rubrics used for each writing assignment will be shared with students and will be uniformly applied as the assessment instrument in all sections of a course.

Methods of Evaluation:

At minimum, the instructor will cover content which aligns with statewide and institutional learning outcomes for the course. The instructor will measure student performance using the following:

| Grading Scale: | |
|----------------|----|
| 90% - 100% | A |
| 87% - 89% | B+ |
| 80% - 86% | B |
