Required Textbooks and Instructional Materials	Introduction to Humanities Zero Textbook Cost (ZTC) The educational materials used in this course, including textbooks and ancillary materials, are intended for educational purposes only. All opinions represent those of the author(s) and not necessarily those of Pensacola State College or the instructor.
Course Learning Outcomes:	1. Students will demonstrate knowledge of arts and ideas and synthesize information from various sources. 2. Students will analyze and interpret selected expressions of arts and ideas. 3. Students will compare and contrast selected expressions of arts and ideas. 4. Students will identify contextual influences on the development of interdisciplinary arts and ideas.
General Education Student Learning Outcomes	1. Critical Thinking: The student analyzes, evaluates, and, if necessary, challenges the validity of ideas, principles, or data in order to develop informed opinions, probable predictions, or defensible conclusions. 2. Communication: The student effectively communicates knowledge and ideas. 3. Cultural Literacy: Demonstrate an understanding of human culture.
General Education Writing Emphasis Course Requirements	1. All writing used to fulfill the writing emphasis requirement must possess the five characteristics of college-level writing: 1) have a clearly identified central idea or thesis; 2. 2) provide adequate support for the idea; 3) be organized clearly and logically; 4) show awareness of the conventions of standard written English; and 5) be formatted in an appropriate fashion for the assignment. 3. A minimum of four (4) evaluated assignments, which may include the final exam, is required. Because an extensive amount of writing is intended by Rule 6A-10.030, F.A.C., additional writing assignments may be used to satisfy this requirement. 4. The grades earned on the writing assignments must reflect student performance in 5. college-level writing and significantly impact the final course grade. 6. All sections of a course must meet all requirements. 7. Instructors provide detailed feedback regarding the content, organization, and use of standard written English for all writing used to satisfy the requirement. 8. Instructors return each evaluated writing assignment to a student before the submission of the next evaluated writing assignment, with the exception of a final exam used to satisfy the requirement. 9. Only individual, original student work counts toward the extensive writing requirement; AI or machine-written content is not accepted. 10. The grading rubrics used for each writing assignment will be shared with students and will be uniformly applied as the assessment instrument in all sections of a course.
