

PROCEDURES FOR REGISTERING FOR AND TAKING THE HESI A2 RN ADMISSION EXAM

All applicants for the RN Program needing to take the HESI A2 Nursing Admissions Exam will be required to set up their own Evolve Account (Creating a Username and Password). Testing will be done on an individual appointment basis at the Pensacola, Milton, or Warrington Campus Test Centers.

Please follow the steps below to set up your Evolve username and password and schedule your testing appointment.

Step 1: You must create an Evolve Account to set up your username and password. This must be done prior to scheduling your testing appointment. (See "To Create an Evolve Account," located on the reverse side of this document.)

You may skip this step if any of the following situations apply to you:

- **If you have taken the HESI A2 test before, bring the username and password you used previously to the test.**
- **If you have taken coursework from Elsevier and used a username and password, bring those with you to the test.**
- ***Please Note:* If you are retaking the HESI A2 test, you do not need to create a new username and password.**

Step 2: The Pensacola and Warrington Campuses are using an appointment scheduling program called RegisterBlast so that you may make appointments for the HESI A2 exam at your convenience. After you have created your username and password, you can make an appointment to take the HESI A2 exam on one of the following websites:

The cost of the exam is \$73.50 (\$70.00 test fee + \$3.50 non-refundable convenience fee). The fee is paid online at the time you make your testing appointment.

Step 3: On the day of your test you **MUST** bring with you:

- **Your user name and password and,**
